NOTICES TO MARINERS.

Colonial Secretary's Office,
Perth, 24th May, 1907.

$\frac{2306}{1907}$

THE following Notices to Mariners are published for general information.

F. D. NORTH,
Under Secretary.

THREE KINGS ISLANDS.—NON-EXISTENCE OF CHARTED ISLETS, ETC.

Marine Department,
Wellington, N.Z., 18th April, 1907.

CAPTAIN BOLLONS, of the Government steamer "Hinemoa," reports that the undermentioned islands shown on the Admiralty Chart No. 1512 do not exist:—

1. The island North of Princes Islets: The "Hinemoa," steamed over the charted position of this island, and there is nothing North of the line of S. 60° W. between the West King (600ft. island) and the continuous line of small (Princes) islets.

2. The island shown next North-East of West Island (350ft.): There is a passage a quarter of a mile wide between West Island and the first Princes Islet.

3. The islet and rocks on North side of Tasman Bay: The North point of this bay is a high bluff, with nothing off it, nor is there any outlier between Tasman and S. E. bays. The bottom between the different islands, and for a distance of a mile outside of them, is composed of rock, small coral, and small patches of coral sand. There is a smooth water anchorage in strong N.E. weather on the S.W. side of the Great Island in from 25 to 28 fathoms. It is necessary to have a stout buoy-rope, as the bottom is very foul.

Charts, &c., affected: Admiralty Chart No. 1512; "New Zealand Pilot," seventh edition, 1901, chap. ii, page 44.

J. A. MILLAR.

PROVISION DEPOT ON THE THREE KINGS GREAT ISLAND.

Marine Department,
Wellington, N.Z., 18th April, 1907.

NOTICE is hereby given that a provision depôt has been established on the Three Kings Great Island. It is situated on the narrow neck of the Great Island, and at the head of N.W. and S.E. bays. The house is painted white, and is plainly visible from the latter bay. A finger post is erected on the ridge overlooking the two bays, and is visible from the anchorage in each bay. A notice is nailed up inside the house giving instructions where to find water, and also how to attract the attention of the lightkeepers at Cape Maria—viz., by making a fire on the hill to the West of the house—and that the lighthouse-keepers will be instructed to keep a constant lookout in that direction. Finger-posts will be erected when the vessel calls again at the group should the sea be smooth enough to permit landing at the other islands.

Charts, &c., affected: Admiralty Chart No. 1512: "New Zealand Pilot," seventh edition, 1901, chap. ii, page 44.

J. A. MILLAR.

ERROR IN RELATIVE POSITION OF COAST-LINE BETWEEN NAPIER AND CAPE KIDNAPPERS.

Marine Department,
Wellington, N.Z., 18th April, 1907.

CAPTAIN MCDONALD, of the s.s. "Waikare," reports that from careful bearings taken from a position N.W. of Napier Breakwater the correct magnetic bearing from Eastern side of breakwater to outer rock on Cape Kidnappers is S. 51½° E. and that the correct magnetic bearing by latest Admiralty chart allowing for the increased variation is S. 55½° E., a difference of 4°. Masters are therefore cautioned that when making Napier from Cape Kidnappers in thick weather it will be advisable to steer an outside course to the extent of 4°.

Charts, etc., affected: Admiralty Chart No. 2528; "New Zealand Pilot," seventh edition, 1901, chap. iv., page 160.

UNCHARTED ROCKS IN HAURAKI GULF OFF KAWAU ISLAND AND LITTLE BARRIER ISLAND.

Marine Department,
Wellington, N.Z., 19th April, 1907.

CAPTAIN BOLLONS, of the Government steamer "Hinemoa," reports the existence of the undermentioned uncharted rocks in the Hauraki Gulf:—

1. A sunken rock, with 10ft. of water over it at L.W.O.S., lies 2 cables S. 37° W. of Flat Rock off Kawau Island.

2. A rock, which dries 3ft. at L.W.S., lies 1·8 cables off shore on the Eastern side of Little Barrier Island, the S.E. point of the island bearing South, and Pohutukawa Flat N. 15° W., 1⅛ miles distant.

Charts, etc., affected: Admiralty Chart No. 2543; "New Zealand Pilot," seventh edition, 1901, chap. ii, pages 47 and 102.

7. *Outwards Wharfage Dues—where free.*—All goods shipped over wharves or out of lighters to ports within the State shall be free of wharfage dues. If handled by labour supplied by the Commissioner, ordinary cargo labour rates will be charged. In all cases the gross weight or measurement is required, and the Commissioner reserves the right to at any time demand that goods shall be reweighed or remeasured in the presence of an officer of the Commissioner.

GENERAL REGULATIONS.

12. Wharfage and other charges on all goods must be prepaid to the Pier Master or officer in charge, unless the consignee or consignor has a duly authorised ledger account with the Railway Department.

13. Before commencing to discharge or tranship inward cargoes, or prior to the clearance of any ship in the case of outward cargoes, ship masters or their agents shall hand to the Pier Master or officer in charge a freight-list of the cargo, which shall include mark-number, shipper, consignee, weight, or measurement.

14. Inward cargoes shall be delivered into railway trucks or trollies, and, as far as it is practicable, ship masters shall deliver cargoes according to the entries on bills of lading or manifests.

15. To insure prompt and correct deliveries to consignees, special efforts shall be made by ship masters to deliver goods of the same nature and brand together, *i.e.*, where bag stuffs are available they shall be delivered together, where cases are available they shall be delivered together, etc.

16. Outward cargoes to be delivered in the same order as inward cargoes. Goods for different ports to be kept separately.

17. No goods shall be landed or placed on the jetties without the written authority of the Pier Master or officer in charge.

18. If it shall appear that goods are being landed, and cannot, in the opinion of the Pier Master or officer in charge, be removed in time to prevent a "block," the Pier Master or officer in charge may give notice, in writing, to the masters or persons in charge of vessels or lighters from which goods are being discharged to stop discharging cargo, and, upon such notice being given, no further cargo shall be discharged until such time as the Pier Master or officer in charge may direct.

19. The official hours for trucking will be from 8 a.m. to 6 p.m. from the 1st of October to the 30th of April, with an interval of one hour for dinner. On all goods trucked after hours, on holidays, or on Sundays, at the request of shipping agents or others, the Pier Master or officer in charge will levy, in addition to the ordinary rates, 3d. per ton on all goods landed or shipped, and the amount of overtime charges incurred. The charge of 3d. per ton will not be levied in cases where the shipping agents, or other persons wishing to work after hours, indemnify the Commissioner against all claims arising from such working. The indemnity must be signed before the work begins, otherwise the 3d. per ton will be charged.

21. Cargoes which are partly free and partly for bond shall be taken to the receiving warehouses, where they will be tallied by officers representing respectively the Customs and Railway Departments.

22. If free goods are not removed from the receiving warehouses within 48 hours from the time they are placed therein, a storage charge of 1s. per ton or 2d. per package per day will be made.

23. Goods not cleared at the Customs House will be kept in the receiving warehouses for 24 consecutive hours after delivery *ex* ship, to enable the consignees to clear same or enter them for bond. If at the end of 24 hours goods are uncleared they will be delivered to Customs, and a charge of 1s. per ton (minimum 3d.) per consignment will be made for haulage from the receiving warehouses to Customs.

24. Cargoes going direct into bond shall be tallied by railway and ship's officers. The railway officer shall, if requested, give receipts for all deliveries *ex* ship during official working hours.

25. The Railway Department will deliver bonded goods to Customs between 8 a.m. and 6 p.m. from 1st October to 30th April, and from 8 a.m. to 5 p.m. from 1st May to 30th September. On Saturday, work shall cease at 1 p.m.

Application for the use of cranes must be made on the prescribed forms.

27. SPRINGS AND WINCHES—STORAGE, ETC.—Springs and winches may be allowed on the wharves and jetties at owner's risk, but a charge of 1s. 8d. per day or part of a day will be made in the case of winches whilst working, and 1s. per day when not in use. If a truck is required to move them from one place to another, the usual haulage charges will be enforced.

28. No person shall fish from any jetty.

29. Stones, bricks, clay, sand, lime, coals, coke, or other fuel shall not be landed or placed on the floor of the jetties. Firewood for the use of passenger steamers and other vessels or boats shall be taken direct from the truck to the vessel. No goods shall be handed over the rails of the jetties.

30. No person shall make fast any tackle, purchase, or other gear to any part of the crane, or place, or use any private derrick, crane, or other lifting machine without special permission obtained from the Pier Master or officer in charge.

31. No person shall drive, ride, or impel a machine upon any jetty: provided, however, that a machine may be taken across any such jetty to or from any steamer, vessel, or boat moored thereto, for the purpose of being loaded or unloaded thereat.

34. Live stock in limited quantities may be landed on the jetties by permission being obtained from the Commissioner of Railways, and under the terms and conditions imposed by such authority.
