THE ELECTORAL ACT, 1907.

Attorney General's Department,
Perth, 9th October, 1908.

THE following Rules, made by the Judges of the Supreme Court, are published for general information.

NORBERT KEENAN,
Attorney General.

THE COURT OF DISPUTED RETURNS.

RULES OF COURT.

It is ordered as follows:—

Short Title.

1. These rules may be cited as "The Electoral Rules of 1908."

Title of Petition.

2. A Petition under Part V. of "The Electoral Act, 1907," shall be entitled "The Electoral Act, 1907. In the Court of Disputed Returns." and shall

also be entitled "In the matter of the Election" in question, describing it as an election of a member of the Legislative Council for the Province in question, or as an election of a member of the Legislative Assembly for the District in question, or as the case may be.

It shall be divided into paragraphs, each of which, as nearly as may be, shall be confined to a distinct portion of the subject, and each paragraph shall be numbered consecutively.

It shall conclude with a prayer, as for instance that a candidate who was not returned as elected be declared duly elected, or that the election may be declared absolutely void.

It may be in the form set out in the First Schedule, or to the like effect.

Filing.

3. The Petition shall be filed in the Central Office of the Supreme Court, and the petitioner shall lodge with the petition a copy thereof, and a form of notice thereof for publication as hereinafter provided, and shall deposit with the Master in addition to the sum of £50 as security for costs a sum sufficient to defray the cost of publication of the petition and notice thereof.

Publication.

4. The Master shall forthwith, after the filing of a petition, publish a copy thereof in the Government Gazette, and he shall also forthwith publish in some newspaper circulating in the Province or District for which the election was held a notice setting forth the fact of the presentation of the petition, the date of presentation, the name of the petitioner, the nature of the relief claimed, and, as concisely as may be, the grounds on which the election is disputed.

Service of Petition.

5. The petitioner shall, within fourteen days of the filing of the petition, or within such further time as a Judge may allow, cause an office copy of the petition to be served upon the person whose election or return is disputed by the petition.

Service upon a person returned as elected may be made either personally or by post by prepaid registered letter, addressed to him at his address, as stated in his nomination paper.

Service at an Address for Service.

6. Any person who has been returned as a member may send to the Master, at the Central Office of the Supreme Court in Perth, a writing signed by him giving an address, not more than one mile from the Central Office, at which a petition may be served upon him, and may by the same or another like writing appoint some person entitled to practise in the Supreme Court as a legal practitioner to act as his solicitor in respect of such petition.

When such writing has been sent to the Master, service of a petition upon the person by whom it was sent may be made by leaving the office copy of the petition with some person at the address specified in the writing.

Particulars.

7. (a.) The Court or a Judge may order any party to the proceedings upon a petition to deliver to any other party particulars, or further and better particulars, of any matter alleged by such party.

(b.) When the petition, not being a petition merely claiming a fresh count of the votes actually counted at the election, claims the seat for a person who has not been returned as a member, alleging that such person had a majority of valid votes cast at the election, each of the parties shall, within seven days after service of the petition, or within such further time as a Judge may allow, deliver to the Master and to the opposite party a list of the ballot-papers or classes of ballot-papers intended to be claimed or objected to, specifying in the case of ballot-papers claimed the grounds on which the claim is based, and in the case of ballot-papers objected to the grounds of objection on which he intends to rely; and no claim or objection shall be entertained in favour of or against the validity of any ballot-paper upon any ground not specified in the lists so delivered, except by leave of the Court or a Judge, and upon such terms as to amendment of the list, adjournment of the trial, and payment of costs, as the Court or a Judge may order.

(c.) When the petition claims that the election may be declared void on the ground that certain persons who were not qualified to vote voted at the election, the petitioner shall, within seven days after service of the petition, or within such further time as a Judge may allow, deliver to the Master and to the respondent a list containing the names of all persons alleged to have voted who were not qualified to vote at the election, and no objection shall be entertained against the vote of any person whose name does not appear in such list, except by leave of the Court or a Judge upon such terms as to amendment of the list, adjournment of the trial, and payment of costs, as the Court or a Judge may order.

Counter Charges.

8. When a petition claims a seat for a person who has not been returned as a member, and the respondent desires to set up that the person for whom the seat is claimed was not duly elected upon some ground other than those mentioned in the last preceding rule, he shall within seven days after service of the petition, or within such further time as the Court or a Judge may allow, deliver to the Master and to the petitioner, at his address for service, a statement of the grounds on which he intends to rely. The statement shall set forth the grounds in the same manner in which facts relied on to invalidate an election or return are required to be set forth in a petition.

Interlocutory Questions.

9. All interlocutory questions and matters may be heard and disposed of by a Judge at Chambers, who shall have the same control over the proceedings as a Judge at Chambers in the ordinary proceedings of the Supreme Court.

Respondent may give notice that he does not oppose Petition.

10. The respondent may, at any time, give notice that he does not intend to oppose or further oppose the petition by serving notice thereof, in writing, signed by the respondent or his solicitor, on the Master at the Central Office, and on the petitioner or his solicitor.

On such notice being served, the Court or a Judge may make an order in the terms of the prayer of the petition on the *ex parte* application of the petitioner.

The respondent shall not be liable for any costs incurred subsequent to such notice unless the Court or a Judge shall otherwise order.

Trial.

11. The trial of the petition shall be held at a time and place to be appointed by the order of a Judge on the application of a party to the petition. Ten days' notice of trial, or such other notice thereof as the Judge may direct, shall be given by the party obtaining the order to the other party to the petition, and, unless the Judge otherwise orders, shall be advertised in some paper or papers circulating in the Province or District for which the election was held.

An order appointing the time and place of trial may be varied from time to time.

Withdrawal of Petition.

12. A petition may be withdrawn by leave of the Court or a Judge upon such terms as the Court or a Judge may think fit. Unless the Court or a Judge shall otherwise order, ten days' notice of the intention to apply for leave shall be given to the respondent, and by advertisement in some newspaper or newspapers circulating in the Province or District for which the election was held, and at the hearing of the application the Court or a Judge may allow any other person who was competent to present a petition on the like grounds to be substituted for the petitioner. The proceedings upon the petition shall thereupon be continued as if the person so substituted had been the original petitioner.

Abatement by death of Petitioner.

13. When a sole petitioner dies before the trial of the petition, a Judge may, in his discretion, allow some other person to be substituted as petitioner. The proceedings upon the petition shall thereupon be continued as if the person so substituted had been the original petitioner.

Substitution of Parties.

14. If the Court or a Judge has reason to believe that the parties to a petition are acting in collusion with each other, or with any third person for the purpose of defeating the true intent of the Electoral Act, 1907, the Court or a Judge may direct some other person to be substituted for the petitioner or respondent, and the proceedings upon the petition shall be continued as if the person so substituted had been an original party to the petition: Provided that the original party and not the substituted party shall be liable to pay such costs of the proceedings as the Court may order to be paid.

Forms and Fees.

15. The forms prescribed by the First Schedule may be used, and the fees prescribed by the Second Schedule shall be paid in proceedings in the Court of Disputed Returns.

Application of General Rules of Court.

16. The General Rules of the Supreme Court, and the Orders of the Supreme Court relating to fees shall, so far as the same are applicable, and are not inconsistent with these rules extend and apply to proceedings in the Court of Disputed Returns.

THE GOVERNMENT RAILWAYS ACT, 1904.

Appeal Board Regulations.

Railway Department,

Perth, 9th October, 1908.

HIS Excellency the Lieutenant-Governor in Executive Council has been pleased to approve of the following Regulations.

H. GREGORY,

Minister for Railways.

THE GOVERNMENT RAILWAYS ACT, 1904, AND GOVERNMENT RAILWAYS AMENDMENT ACT, 1907.

*The Appeal Board.**Regulations.*

1. Four weeks at least before the day fixed for any election the Commissioner of Railways shall cause to be prepared and kept at his office, in Perth, three alphabetically arranged voting lists, namely:—

- (a.) One of the employees upon the Salaried Staff;
- (b.) One of the employees upon the Wages Staff; and
- (c.) One of the employees of the Locomotive Branch;

and such lists shall contain, as nearly as possible, the names of all employees of the respective branches to which they refer, who are employed on the twenty-eighth day before the election day.

2. Such lists shall be available for inspection at the Commissioner's office, in Perth, by any employee of the Department at any reasonable time between the twenty-eighth and fourteenth days before any election. If any employee wishes to take any objection to any list, particulars of such objection must be communicated through his immediately superior officer to the Returning Officer, and the Commissioner of Railways shall decide the same, whose decision shall be final.

3. No objection shall be entertained unless it reaches the Returning Officer not later than the third day before the lists are closed. The lists shall be closed on the fourteenth day before the day fixed for the election, and shall continue closed until the election is completed; and any employee whose name does not appear on such lists on such day shall not be entitled to vote.

4. Special elections of the elective member of the Board to fill any casual vacancies shall be held on dates to be fixed by the Commissioner of Railways, being in no case later than three months after the vacancy occurs; and not less than one month's notice of the date so fixed shall be published in the *Government Gazette*.

5. Separate nominations, in writing, shall be made for the positions of Member and Deputy respectively, by not less than three employees of the Salaried, or Wages Staff, or Locomotive Branch (as the case may be), and the candidate must belong to the same Staff or branch as the nominators.

Such nominations must reach the Returning Officer at Perth not later than noon on the seventeenth day before the date fixed for the election.

6. All employees registered in the respective lists shall be entitled to vote for one duly nominated member of their staff or branch, to be a Member of the Appeal Board, or his Deputy.

7. Should there be only one nomination for the position of Member or Deputy respectively, the person nominated shall be declared duly elected as Member or Deputy, as the case may be.

8. Should there be more than one nomination for the position of Member or Deputy, a ballot shall be taken as may be necessary.

9. The Commissioner of Railways shall appoint a Returning Officer and two scrutineers for each election, and one of such scrutineers shall be a salaried officer, and the other a wages employee. Notice of such appointments shall be published in the *Government Gazette*.

10. Forthwith after the date for receiving nominations the Returning Officer shall cause ballot papers in the form "A" in the schedule to be printed and supplied to every employee of the branch.

11. The voter's name must not be written on the ballot paper.

12. The ballot paper shall contain a list of all the persons validly nominated for the branch to which the voter belongs, arranged alphabetically in the order of their surnames.

13. All ballot papers shall be delivered or transmitted by post prepaid, or by train, to the Returning Officer, Commissioner of Railways' Office, Perth, in envelopes which will be provided for the purpose, and must reach the Returning Officer on or before the day fixed for the election.

14. No employee shall be compelled to record his vote, and no employee or union of employees, and no other person whomsoever shall canvass for votes or attempt in any way to influence voters by circular or otherwise; and on any breach of this regulation the election of any candidate in whose interest the canvass was made shall be void.

15. On the day next following the day fixed for the election the Returning Officer shall, in the presence of the scrutineers, proceed to ascertain the total number of votes recorded for each candidate; and the Returning Officer shall declare the candidate obtaining the majority of votes for the position of Member or Deputy from the Salaried or Wages Staffs or Locomotive Branch respectively to be duly elected, and shall cause the result to be published in the *Government Gazette*. Provided that should an employee be nominated for both the position of Member and Deputy, and receive the majority of votes as Member and Deputy, then the candidate obtaining the next largest number of votes as Deputy shall be deemed duly elected as Deputy.

The ballot papers shall, after being counted, be enclosed in a sealed packet, and be retained by the Returning Officer. They shall not be opened unless a scrutiny is demanded, when such scrutiny shall be conducted by the Returning Officer and the two scrutineers. The ballot papers will remain in the Returning Officer's custody for twenty-eight days, and will then be destroyed. If a scrutiny is demanded, application therefor must be made in writing to the Returning Officer by not less than seven voters, within fourteen (14) days after the publication of the results aforesaid.

16. Whenever there is an equality of votes at the election, and the addition of one vote will allow any of the candidates to be elected, the Returning Officer shall himself record such additional vote. Any candidate may, before such casting vote is given, withdraw from the election.

17. Every notice of appeal to the Appeal Board shall be in writing in the form "B" in the schedule, and shall be addressed to and lodged with the Commissioner of Railways within fourteen days of the date of the decision appealed from.

18. The Commissioner shall forward such notice to the Chairman of the Appeal Board, who, if the notice discloses a ground of appeal within Section 69 of the principal Act, shall thereupon fix a time and place for the hearing, and communicate the same to the Commissioner.

19. The Commissioner shall cause notice of the time and place of the hearing to be given to the other members of the Board and to the appellant, and shall direct that arrangements be made for the appellant to attend before the Appeal Board.

20. The attendance of the appellant and of witnesses for the appellant shall, in the first instance, and until otherwise directed by the Board, be at the expense of the appellant.

21. Employees wishing to attend before the Board as witnesses for an appellant must give to their immediately superior officer three clear days' notice in writing thereof, and leave for such purpose will thereupon be arranged, and will be entered as without pay, or in debit against any leave which, under the Departmental regulations, may be due to such employee, as he may desire. The Department will issue passes to

the appellant and his witnesses, but in the event of a decision against the appellant the value of such passes, at ordinary fares for Departmental privilege tickets, may, unless the Board otherwise directs, be charged against the appellant, or with the concurrence of the holders thereof may be treated as privilege free passes under the Departmental Regulations.

22. The allowances to witnesses for their expenses shall be as follows:—

(a.) To those employed in the Railway Department, ordinary wages and travelling expenses in force from time to time.

(b.) To those not employed in the Railway Department, such witnesses' expenses as are allowed in Local Courts.

23. In the event of any dispute or question arising as to the meaning of these Regulations or any portion thereof, or as to anything done or alleged to have been done thereunder or contrary thereto, the same shall be referred to the Commissioner of Railways, and his decision shall be final.

24. The Regulations made under Section 76 of "The Government Railways Act, 1904," and published in the *Government Gazette* on the 15th day of April, 1904, and all Departmental Regulations and instructions or agreements in regard to Appeal Boards in force at the coming into operation of these Regulations are hereby revoked or modified in so far as they are in conflict with these Regulations.

25. These Regulations shall come into force on the 16th day of October, 1908.
