F. D. NORTH,
Under Secretary.

Conditions for the Prize-Competition opened by the Chamber of Commerce of Turin.

1. The Chamber of Commerce of Turin has instituted a prize of Two thousand pounds (£2,000), to be assigned on the occasion of the International Exhibition of work, which will take place in Turin in 1911, to any invention, discovery or contrivance of whatever nature, or applied to whatever activity, which in practice will prove advantageous to the national economy.

2. The prize of Two thousand pounds is constituted of contributions by instalments, made by the Chamber with sums allotted for that purpose in their own balance-account.

3. The prize will be awarded by the Chamber of Commerce of Turin on the basis of the designation of a special Jury appointed by the aforesaid Chamber of Commerce.

4. The Jury shall be composed of an odd number of members. They will elect their own President, and the Secretary of the Chamber of Commerce, with a right of vote, will act as Secretary to the Jury.

10. The application, to be written in Italian or French, must have the competitor's signature duly authenticated by a competent authority. In the case of a manufacturer or a merchant dwelling in Italy, the authentication by the Chamber of Commerce of the district will be sufficient.

11. The term for the application to be made in is, without prorogation, due on the 31st of March, 1911. This term having expired, neither documents nor projects will be accepted, nor any addition permitted in any form to be made by the competitors to that which they will have sent to the Commission.

12. The applications to be sent with return-receipt and any other communication relative to the aforesaid Competition must be addressed to the *Chamber of Commerce of Turin—Commission for the Prize-Competition.*

Colonial Secretary's Office,

757/09.

Perth, 15th October, 1909.

HIS Excellency the Governor in Council has been pleased to approve the following amended Regulation made by the Commissioners of the Fremantle Harbour Trust.

F. D. NORTH,
Under Secretary.

FREMANTLE HARBOUR TRUST.

Amendment of Regulation No. 118.

The Regulations made by the Fremantle Harbour Trust Commissioners, and dated the 6th day of Sep-

tember, 1907, are hereby amended as follows; such amendments to come into force on the 1st day of October, 1909:—

Regulation No. 118 amended.

Wheat for Export.

Regulation No. 118 is hereby amended by adding thereto the following:—

Wheat in bags brought to the Port of Fremantle for export will be handled by the Commissioners on the following terms:—

1. *Weighing, Marking, etc.*—All weighing which is required to be done on the premises of the Trust will be carried out by the Trust, as requested from time to time. Where desired, also, the weights will be marked on the bags.

Where requested the Trust will supply a list or note of the weights, for record purposes, but this list or note of weights will in no sense constitute a receipt, nor be deemed as qualifying or embodying any condition of any receipt.

2. *Receipts.*—The Trust will give receipts for all bags received for storage purposes only on a special "Fremantle Harbour Trust Wheat Receipt" form only.

Where requested the Trust will give a receipt for rejected bags on a Fremantle Harbour Trust "Rejected Wheat Receipt" form only.

3. *Rejected Wheat.*—As regards bags rejected at ship, or shed, or other spot where handling is done, these will be allowed to remain on the premises of the Trust at the place where they are discharged, for the period of forty-eight hours, after which they will be loaded into railway wagons and sent to the Railway Yard at Fremantle, consigned to the merchants on whose account they were originally discharged, and at the entire risk and expense of the said merchants.

4. *Open Air Stacks.*—The Trust will not cover the bags stored in the open air, but will, as requested, place over such stacks such coverings as the owners see fit to provide, without responsibility on the part of the Trust, and the charge for such service shall be the actual labour cost of the men employed to do this work.

For dunnage, the Trust will, where requested, permit the use, free of rent, of any material which they may have on hand suitable for dunnage, but the merchant must pay all costs of collecting, laying, and returning such material.

5. *Wheat received from Coastal Ports by Water.*—Where wheat is brought to the port by water for export, and has to be landed before shipment, the same conditions and charges as are herein set out for wheat brought down by land will apply, and so long as the wheat is exported there will be no wharfage charges.

Where such wheat is transhipped to the export vessel, overside direct vessel to vessel, and not landed, the Trust will not handle it, nor will there be any Harbour Trust charges upon it beyond the ordinary port dues on the vessels conveying it to and from the port.

6. *Responsibility.*—In no circumstances will the Trust accept responsibility for weight, condition, value, or character of bags or contents, nor will it accept responsibility for loss or damage to bags or contents while on its premises by reason of the ravages of vermin, or from fire, or natural deterioration of bags or contents in the case of shed stored bags, or for loss or damage to bags or contents from vermin, fire, robbery, natural deterioration, or weather in the case of open air stored bags.

In regard to all rejected bags, as these will be allowed to remain on the premises of the Trust for a limited time (as set out herein) for the convenience of owners, the Trust will accept no responsibility regarding them for shortage or damage of any sort from any cause whatsoever.

7. *Handling Charges.*—The handling charges on wheat for shipment will be as follows:—

(a.) Full service, i.e., receiving and delivering, including stacking where required, Trust giving a receipt for number of bags only, per bag—1½d.

(b.) For each, or any additional or special handling service required—such as turning over or sorting bags for resampling, reweighing, or otherwise, or stacking, trucking, etc., etc., as requested, or as necessary, per bag—¾d.

(c.) Slings bags from railway wagons under ship's slings, per bag—¾d.

(d.) Conveying bags from one berth to any other berth, or from one shed to any other shed, all on South, or all on North side of harbour, per bag—1d.

(e.) Weighing and (or) marking of weights on bags, including a list of weights (but not a receipt for weights) for each time such service is performed, per bag— $\frac{1}{4}$ d.

On Rejected Wheat:

(f.) For each service performed such as—

- (1.) Handling from wagons;
- (2.) Loading wagons, or other vehicles;
- (3.) Turning over, or sorting;

per bag— $\frac{3}{4}$ d.

(g.) Weighing, and (or) marking, same as (e) above, per bag— $\frac{1}{4}$ d.

(h.) Conveying from berth to berth, or shed to shed, as in (d) above, for each such service, per bag—1d.

Work in Overtime Hours:

(j.) Where performance of any service causes the work to be done in, or to extend into hours other than the regular working hours of the Port, the particular charge laid down for such service will be increased by the additional amount payable to the men as overtime rate of pay.

8. *Storage Charges on Wheat Shipped.*—The storage charges on wheat shipped will be as follows:—

(a.) For shed storage, but not to involve responsibility for damage by vermin, fire, or deterioration, per week, per bag— $\frac{1}{3}$ d.

(b.) For open air storage space, but not to involve responsibility for damage by vermin, fire, robbery, deterioration, or weather, per week, per bag— $\frac{1}{2}$ d.

Storage Charges on Wheat not Shipped:

(c.) In the case of wheat being stored on the premises of the Trust, ostensibly for shipment, but eventually not shipped, but taken away by the owners for other purposes, the storage charges will be the same as set out in Harbour Trust Regulation No. 163 for ordinary general cargo.

Adopted and passed by the Fremantle Harbour Trust Commissioners at a meeting of the said Commissioners held this 21st day of September, 1909.

(a.) Posts shall not be less than 5 inches by 3 inches in sectional measurement, nor less than 6 feet in length. They shall be erected true to line and level, at a distance of not more than 9 feet from centre to centre. They shall be in height above ground or above the level given by the Council not less than four feet, and shall be sunk into the ground not less than two feet. (Part IV. of "The Land Act, 1898.")

Department of Lands and Surveys,
Perth, 15th October, 1909.

HIS Excellency the Governor in Executive Council has been pleased to approve of the following Regulations under Section 161 of "The Land Act, 1898," for the sale of Suburban Lands for Cultivation within approved areas, and to repeal those published in the *Government Gazette* of 22nd September, 1909:—

REGULATIONS.

Conditions of Sale of Suburban Lands advertised to be sold by auction at on the day of 190 .

1. The land offered for sale is particularised in the notice headed "Land Sales," published in the *Government Gazette* of the day of 190 , and will be sold subject to the terms and conditions of "The Land Act, 1898," and of these Regulations, and to a depth of feet below the natural surface.

2. The lots will be offered separately, and in such order as the auctioneer shall at the time determine.

3. The highest bidder shall be the purchaser, and if any dispute arise, the lot in dispute shall be put up again and resold.

4. Each lot offered shall be at the upset price, and, if no advance be made, the applicant for the same shall be declared the purchaser at that price; but if any advance be made, the highest bidder shall be the purchaser as aforesaid. Biddings shall advance at the rate of not less than Ten shillings when the upset price of the lot is £10 or under, or £1 if the upset price exceeds £10. Should the applicant not be the purchaser, his deposit will be refunded in due course.

5. The purchaser, shall, immediately upon the fall of the hammer, pay to the Minister for Lands or his agent a deposit in cash at the rate of 10 per cent. upon the total amount of the purchase money, unless he has already paid a sufficient deposit on application; and any such deposit shall be considered as payment of the purchase money so far as the same will extend. Should the purchaser fail to pay the deposit in cash as required, the purchase shall be void, and the lot may be offered again immediately for sale.

6. The balance of purchase money shall be paid to the Minister for Lands or his agent within ten years from the date of sale, by equal half-yearly instalments, on the first day of March and the first day of September in each year, as prescribed in Section 136 of "The Land Act, 1898," the Crown Grant fees being payable with the last instalment of purchase money: Provided that in no case shall any half-yearly instalment of purchase

money be less than one pound: Provided also that nothing shall prevent the balance of the purchase money being paid at an earlier date should the purchaser so desire, but no Crown Grant shall issue until the Minister for Lands is satisfied that the prescribed conditions have been fulfilled.

7. In any case where the value of improvements on a lot is added to the upset price, and the lot is knocked down to any other person than the owner of such improvements, the value of the same shall be paid to the Minister for Lands or his agent immediately after the sale: Provided that if the improvements belong to the Crown, the value thereof, to be fixed by the Minister for Lands, will be added to the purchase money, and payment therefor may be made by instalments as aforesaid. Provided always that such improvements shall continue the property of the Crown until paid for, and shall not in the meantime be removed from the land: Provided also that until the purchase money has been paid in full, all improvements, including clearing, shall be efficiently maintained, and all buildings insured against fire with an approved company by the purchaser to the satisfaction of the Minister for Lands.

8. The purchaser shall, within two years from the date of sale, substantially fence in the whole of his land with a fence of the description prescribed by the said Act, and within three years shall plant in a *bona fide* manner as an orchard, vineyard, or vegetable garden, at least one-twentieth of the area, or otherwise clear and cultivate one-eighth of the said area and within six years shall similarly plant as aforesaid one-eighth of the whole area, or otherwise cultivate as aforesaid one-quarter of the whole area: Provided that the Minister for Lands may, if he think fit, dispense with the division fences between two or more adjoining lots purchased by one person, or may, if he think fit, accept other substantial improvements in lieu of fencing.

9. In default of payment of any one of the several instalments of purchase money within the times and with the fines prescribed by Section 136 of "The Land Act, 1898," or if the conditions as to fencing and cultivation have not been complied with within the times prescribed, the land shall be absolutely forfeited, together with all purchase money and fees that may have been paid.

10. Immediately after the sale the purchaser shall declare the full name, address, and calling of the person in whose name he requires the Crown Grant to issue, and the same shall be inserted in the form of application to purchase.

11. On payment of the final instalment of the purchase money, provided that all the conditions of fencing and cultivation have been complied with, and the said fencing and cultivation maintained, a Crown Grant shall be issued on application and payment of the prescribed fee of Thirty shillings.
