HIS Excellency the Governor in Council has been pleased to confirm the following amendment to the Building By-laws, made by the Council of the Municipality of the City of Perth on the 3rd October, 1910.

F. D. NORTH,
Under Secretary.

CITY OF PERTH.

Building By-law Amendment.

In pursuance of the powers in that behalf conferred by Part VIII. of "The Municipal Corporations Act, 1906," the Mayor and Councillors of the City of Perth do hereby order as follows:—

1. Section 56 of the City of Perth Building By-law and Schedules IV. and V. to the said by-law are hereby repealed.

2. No person shall erect any verandah over any public footway, within the limits of the City of Perth, without having first obtained the consent of the Council, to be signified by the issue of a license in the form of Schedule "A" hereto.

3. Any person desiring to obtain the consent of the Council to the erection of such a verandah shall deposit with the Building Surveyor a plan, elevation, section, and specification showing in detail the proposed construction of such verandah and the manner in which it is proposed to secure it to the building to which it is proposed to be attached.

4. No such verandah shall hereafter be erected except in accordance with the standard plan settled and approved by the Council and deposited in the office of the Building Surveyor. Provided that the strength of the materials to be used in the construction thereof may, subject to the approval of the Building Surveyor, be varied according to circumstances.

5. The minimum height of any verandah hereafter erected shall be eleven feet from the top of the kerb to the underside of the signboard. In the case of sloping ground, the height shall be measured at the centre of the frontage; provided that if the frontage shall exceed 20 feet, a break shall be made if so directed by the Building Surveyor.

6. All verandahs in a street shall be erected of a uniform height and width. Subject to the last preceding section, the standard height and width of verandahs in each street shall be fixed by the Council.

7. The roof of every such verandah shall be covered with 24 gauge galvanised corrugated iron. Gutters shall be not lighter than 24 gauge galvanized iron, and of sufficient capacity and with proper fall to outlets. Down pipes shall be of 24 gauge galvanized iron with elbows, bends, connections, and fittings to the satisfaction of the Surveyor; provided that the lower length of down pipe (6 feet) and the pipe under footpath shall be of cast or wrought iron.

8. The signboard shall be constructed of such materials, sections, and workmanship as in the opinion of the Surveyor are of sufficient strength in the particular case, and shall be covered with 24 gauge galvanised flat iron, rivetted and soldered at all joints, and properly secured to the frame-work, and surrounded with a suitable margin.

9. Whenever a proposed verandah will abut on to an existing verandah, it shall be so finished as to prevent rain from falling between such verandahs; provided that when the existing verandah is shorter than the frontage of the building to which it is attached, the person erecting the new verandah shall make the necessary extensions to the existing one.

10. Whenever the end of a verandah abuts on to a right-of-way, street, or public place, the signboard shall be returned along such end, and the space between the signboard and the roof of the verandah shall be filled to the satisfaction of the Building Surveyor.

11. No writing, printing, or trade notice of any description shall be exhibited on any portion of the verandah except on the outer face of the signboard.

12. The footway under every verandah shall be kerbed and paved, and the owner shall pay to the Council one-third of the cost of such kerbing and paving, and the whole of the cost of paving any door approaches.

LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 27th January, 1911.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The locations available under Part VI. are marked with an asterisk.

Applications must be lodged at the Office of the Government Land Agent for the District.

The date fixed as showing when subdivisions are available denotes that applications may be lodged before such date, but will be treated as having been received on the appointed day, and should there be any locations not applied for after the date specified, such will continue available until applied for or otherwise dealt with.

The locations with amounts set against them in the fourth column are available subject to the special condition that an expenditure of not less than one-fourth of the amount set out in such column shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. The advance mentioned is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application from the Managing Trustee.

Applications for advance must be accompanied by a fee of one per cent. on the amount applied for.

There shall be an interval of at least seven days between the closing of the date for applications and the date on which the Board sits. Immediately after the closing of the date, notice will be given in the *Government Gazette*, and at least one newspaper, advising the applicants for the blocks in any subdivision (for which there is more than one applicant) of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

He may then, if he wishes, apply to Head Office for a Certificate to the Railway Department, which on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates to the place where the Board will sit, available for seven days from date of issue.
