The Fisheries Act, 1905.

Closed Waters.

PROCLAMATION

WESTERN AUSTRALIA, TO WIT. } By His Excellency Sir Gerald Strickland, Count della Catena, Knight Commander of the Most Distinguished Order of St. Michael and St. George, Governor in and over the State of Western Australia and its Dependencies, etc., etc., etc.

G. STRICKLAND, Governor.

[L.S.]

5842/10.

WHEREAS by "The Fisheries Act, 1905," it is provided that the Governor may, by Proclamation, declare, *inter alia,* that any West Australian waters shall be closed against the taking of any prescribed species of fish by any means whatever, or against fishing generally, by any method of capture, during any specified time in any year: And for the more effectual conservation of the fish supply, and for the protection of the spawning and feeding grounds for immature fish, that the whole or any defined portion of any West Australian waters shall be closed against the use of fishing nets or fishing lines, or of either such methods of catching fish, for such term as the Governor shall think fit: And whereas it is desirable that the waters known as Nornalup Inlet and Frankland River, with its tributaries, shall be declared closed as hereinafter provided: Now therefore I, the said Governor, with the advice and consent of the Executive Council, do hereby declare as follows:—That the waters of the Nornalup Inlet and the Frankland River, with its tributaries, shall be closed against fishing generally, and by every method of capture (except by fishing lines not being long lines or bultows), from the date of this Proclamation.

Given under my hand and the Public Seal of the said State, at Perth, this 21st day of March, 1911.

By His Excellency's Command,

J. D. CONNOLLY,

The Water Boards Act, 1904.

ORDER IN COUNCIL.

At the Executive Council Chamber, at Perth, this 21st day of March, 1911.

Present:
His Excellency the Governor.
The Honourables—The Premier.
The Attorney General.

WHEREAS by "The Water Boards Act, 1904," it is provided that the Governor may, from time to time, by Order in Council, place under the temporary management and control of a Water Board, or absolutely vest in a Water Board, any water reserve or catchment area, or

any waterworks or reservoir being constructed, or provided for out of moneys appropriated by Parliament: Now, therefore, His Excellency the Governor, with the advice of the Executive Council, does hereby until further order place under the temporary management and control of the Armadale Water Board the waterworks constructed out of moneys appropriated by Parliament for the supply of water to the Armadale Water Area.

This Order in Council shall take effect from the 25th day of March, 1911.

BERNARD PARKER,

License to occupy Town or Suburban Lands

(Under Section 52 of "The Land Act, 1898."

Lot, No.

License No. /47.

Whereas of has applied to purchase from the Crown an estate in fee simple in the natural surface and so much of the land as is below the natural surface to a depth of feet of all that piece or parcel of land, that is to say Lot, number , the boundaries of which are as shown in the authenticated map of the said in the Department of Lands and Surveys in the State of Western Australia, and containing , or thereabouts, and has paid the sum of being the instalment of purchase money prescribed by "The Land Act, 1898": Now know all men, and these Presents witness, that I, in pursuance of the powers in me vested as Minister for Lands for the said State, do hereby authorise, empower, and license the said at any time after the date hereof, to enter upon the said section of land, and to hold the same subject to the conditions hereunder specified; and subject also to the terms and conditions of the said Act, and to the provisos contained in the form of Crown grant for town and suburban lands in the Second Scedule to the said Act.

Conditions.

Payment of Balance of Purchase Money.

The balance of purchase money shall be paid within twelve months from the day of sale, by four equal quarterly instalments on the first days of January, April, July, and October, the first instalment being payable on the first day of the quarter next following the day of sale; the fees for Crown grant and registration being payable with the last instalment of purchase money; but nothing shall prevent the balance of purchase money and fees being paid at an earlier date should the purchaser so desire.

Suburban Lands must be Fenced.

Each Suburban Lot must be fenced on the surveyed boundaries within two years from the date of sale, with a substantial fence, not being a brush fence, proved to the satisfaction of the Minister for Lands to be sufficient to resist the trespass of great and small stock, including sheep but not including pigs or goats; and in default thereof the land shall be forfeited, together with all purchase money and fees which may have been paid. The Minister may dispense with the division fences between two or more adjoining lots purchased by one person, or accept substantial improvements in lieu of fencing No Crown grant shall issue until the Minister is satisfied that the fencing or improvements have been completed.

Forfeiture.

In default of payment of any one of the several instalments of purchase money within 30 days after the date mentioned, or if the required fencing on a Suburban Lot is not completed within two years from date of sale, the land shall be absolutely forfeited, together with all purchase money and fees that may have been paid.

That the purchaser, his transferees, or lessees, shall not at any time obtain or hold a license for the sale of any intoxicating liquor on the land, and the Crown grant thereof shall contain and be subject to such condition, and shall be absolutely forfeited on breach of such condition.

THE LAND ACT, 1898.

Amendment of Regulations.

Department of Lands and Surveys,
112/07. Perth, 24th March, 1911.

HIS Excellency the Governor in Executive Council has been pleased to amend the Regulations under "The Land Act, 1898," prescribing Fees in connection with Leases and Caveats, and published in the *Government Gazette* on the 22nd day of March, 1907, by omitting the words "For the preparation of every lease, ten shillings," and by inserting in lieu thereof "For the preparation of every lease, five shillings."

R. CECIL CLIFTON,
Under Secretary for Lands.

LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 24th March, 1911.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The locations available under Part VI. are marked with an asterisk.

Applications must be lodged at the Office of the Government Land Agent for the District.

The date fixed as showing when subdivisions are available denotes that applications may be lodged before such date, but will be treated as having been received on the appointed day, and should there be any locations not applied for after the date specified, such will continue available until applied for or otherwise dealt with.

The locations with amounts set against them in the fourth column are available subject to the special condition that an expenditure of not less than one-fourth of the amount set out in such column shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. The advance mentioned is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application from the Managing Trustee.

Applications for advance must be accompanied by a fee of one per cent. on the amount applied for.

There shall be an interval of at least seven days between the closing of the date for applications and the date on which the Board sits. Immediately after the closing of the date, notice will be given in the *Government Gazette*, and at least one newspaper, advising the applicants for the blocks in any subdivision (for which there is more than one applicant) of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

He may then, if he wishes, apply to Head Office for a Certificate to the Railway Department, which on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates to the place where the Board will sit, available for seven days from date of issue.

By order of the Hon. the Minister for Works,

F. L. STRONACH,
Under Secretary for Public Works.

THE WATER BOARDS ACT, 1904.

Public Works Department,
Perth, 15th February, 1911.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the following By-laws for the Armadale Water Board under Section 141 of "The Water Boards Act, 1904."

F. L. STRONACH,
Under Secretary for Public Works.

BY-LAWS OF THE ARMADALE WATER BOARD.

WHEREAS by "The Water Boards Act, 1904," the Water Board of any District is empowered to make By-laws for all or any purposes in the said Act mentioned, the Armadale Water Board, in pursuance of the powers vested in the said Board under and by virtue of the said Act, and of every other authority enabling it in that behalf, doth hereby make and publish the following By-laws:—

1. No unauthorised person shall trespass upon any water reserve or other lands or premises vested in the Board.

2. No person shall bathe or wash clothes or other articles in any reservoir or other waterworks within the water area, or wash, throw, or cause to enter therein any dog or other animal; or throw or convey, or permit to be conveyed or thrown therein any rubbish, dirt, filth, dead animal, or other noisome thing or otherwise cause any pollution of water within the water area.

3. Application for services shall be made on the printed form procurable at the Board's office, and shall be lodged not less than three days before the service is required.

4. Applications will not be entertained unless full information, as indicated on the printed form, is supplied, and the full amount of rates due on the premises to which a service is required is paid.

5. Except when the supply is paid for by meter, the supply of water will be through separate service pipes of diameters approved by the Water Board, not being less than ¾in.

6. No part of a private service shall be laid, fixed, or used (temporarily or otherwise), or be permitted to be laid, fixed, or used (temporarily or otherwise), or be permitted to remain, laid, fixed, or used (temporarily or otherwise), except in accordance with the provisions of the last preceding By-law unless by special permission of the Board.

7. All notices and applications to the Board required by these By-laws are to be made upon printed forms, to be obtained at the Board's office free of charge. Notices sent by post must be prepaid. All sums paid by the Board on account of notices sent by post and not prepaid will be charged against and recovered from the sender. All notices required to be given by the Board or any officer thereof may be left on the premises of the occupier or owner to whom they are addressed, or may be sent by post addressed to such premises.

8. The Board may, from time to time, when necessary for the purpose of tapping or repairing the main, or otherwise, cut off the supply of water from any part or parts of the water area.

9. No person, other than a servant of the Board, shall tap or interfere with any main in any street or elsewhere, or attach service pipes thereto, or extend the same to the boundary of any premises to be supplied or otherwise, unless specially authorised by the Board to do so.

10. The owner or occupier for the time being of any premises must, at his own risk and expense, lay down his private service in accordance with the By-laws for the time being.

11. Where the lands or premises for which a supply is required, are rated, the Board may be required to lay a service pipe from the water main to the nearest street boundary of such lands or premises; but the said Board shall not be required to lay a service pipe to any other lands or premises.

12. Except with the written permission of the Board not more than one house or tenement shall be supplied from a single water service. The Board may, in special cases, consent to two or more tenements being supplied from one water service, but in such cases the sub-services shall be so arranged that the supply to each house shall be independent of the supply to the remaining houses, and controlled by a stop-cock on such sub-service.

13. Upon receipt of a written application on the prescribed form accompanied by rates and fees payable from the owner or occupier of any premises in any street in which a main has been laid (but situate within 300 feet from such main) for a supply of water for domestic purposes the Board may, subject to these By-laws, within fourteen days, connect such premises with the main free of cost. In any case where a supply is desired to premises outside the above limits, or for other than domestic purposes, the Board will require a special agreement on such terms as the Board may determine.

14. All pipes must be of lead or galvanised wrought iron, and where lead pipes are used they must be of equal thickness throughout, and of at least the respective weights following, viz.:—

⅜ inch	.. ..	5lbs. per yard.
½ inch	.. ..	6lbs. per yard.
¾ inch	.. ..	9lbs. per yard.
1 inch	.. ..	12lbs. per yard.
1¼ inch	.. ..	16lbs. per yard.
1½ inch	.. ..	20lbs. per yard.

Where wrought iron tubes are used they must be of the kind known as wrought iron steam tubes.

15. The whole of the iron pipes, tees, thimbles, bends, reducing couplets, plugs, etc., to be of the best manufacture, true in section, straight, and of equal thickness, properly and truly cut with the Whitworth's standard gas thread, perfectly sound and new, and free from all defects. The tees, bends, tubes, etc., are to be capable of withstanding a hydrostatic pressure equal to a column of water 400 feet in height.

16. All taps, stop-cocks, ball-cocks, valves, closet cisterns, service boxes, waste-not regulators, bath taps or valves, or other fittings used in connection with a supply of water, must be first approved by the duly authorised officer of the Board before being fixed.

17. All stop and bib-cocks shall be loose valve, screw-down, high-pressure cocks, made of hard brass or gun metal, and be in every respect of best quality and workmanship.

18. A set of standard fittings, such as are at present approved, is exhibited at the Board's office; but the Board will give due consideration to the claims of any other fittings which may be presented for approval, and if considered satisfactory the same will be purchased and placed among, and become one of the standard approved fittings.

19. No underground service pipe on private property shall be laid at a less depth than 12in.

20. The location of all service pipes and fittings shall be subject to the approval of the Board.

21. No pipe or other apparatus shall be laid through any sewer, drain, ashpit, cistern, or manure tank or trough, in or into any place where, in the event of the pipe becoming unsound, the water conveyed through such pipe may be liable to be fouled or to escape without observation—unless such pipe or apparatus be laid through an exterior cast iron pipe or box of sufficient length and strength to afford due protection to same, and to bring any leakage or waste within easy detection.

22. All joints between tees, bends, thimbles, couplings, elbows, and cocks, etc., shall be made with red lead and flax. All joints on lead pipes must be of the kind known as "wiped joints."

23. Every cistern and tank must be provided with an equilibrium ball-valve, and the overflow pipe must be laid and fixed in a suitable manner, so as to discharge in some conspicuous place open to inspection, and in a position approved by the Board.

24. No service pipe will be allowed to communicate direct with any cistern, tank, or vessel intended or used for the reception of water.

25. Every water-closet fitting used must be of such construction as shall be approved by the Board, and must be supplied from the service pertaining to the tenement through a proper closet cistern or service box, fitted with approved waste-preventing apparatus. No service pipe will be suffered, under any pretence whatever, to communicate, directly or indirectly, with a basin or trap, or otherwise than with the cistern of a water-closet.

26. In every bath the outlet shall be distinct from and unconnected with the inlet or inlets; and the inlet or inlets must be placed above the highest water-level of the bath. The outlet of every bath must be provided with a perfectly water-tight plug, valve, or cock. No bath shall have any overflow waste-pipe, nor exceed in dimensions 6 feet 6 inches long by 3 feet wide by 2 feet 6 inches deep, unless the water is supplied through meter. The Board will not supply any bath unless the same shall be so constructed as to prevent a waste of water.

27. Every urinal shall be supplied only through a cistern, or service box, fitted with approved waste-preventing apparatus. No service pipe shall be suffered to communicate directly with any urinal.

28. No part of any service shall communicate directly with the water in any steam boiler or other apparatus used for the generation of steam, but the feed water shall be supplied in such a manner that none of the water in the boiler, or such other apparatus, can return into the main or service pipe.

29. No boiler or other apparatus shall be used or connected in which the feed water is supplied below the water level.

Removal of Defective Fittings.

30. Any consumer's pipe, cock, cistern, or other fitting laid, fixed, or used otherwise than in accordance with these By-laws and with the provisions of the Act, or which shall, in the opinion of the Board, be or become of bad or defective quality, or shall conduce to the waste, nuisance, or contamination of the water, shall upon the Board giving notice in writing, be discontinued and disused; and the Board may require the same to be removed, replaced, or repaired, and may, if it think fit, stop the supply of water to the said consumer until such pipe, cock, cistern, or other fitting shall have been removed, replaced, or repaired to the satisfaction of the Board by a plumber licensed by the Board, or by the workmen of the Board, to execute water supply plumbing work within the water area.

31. Whenever the Board, by reason of an infraction of these By-laws, is put to any expense, it may recover the costs of all repairs, shutting off, disconnecting, reconnecting, or other work, from the consumer, who is, according to the Act and By-laws regulating the water supply within the water area, primarily responsible for said infraction of the By-laws; and the said Board may, without prejudice to its right to levy and collect water rates for any period from the consumer, refuse to continue the supply to the premises occupied by the consumer, at the time the aforesaid expense may have been incurred, until the consumer has paid the said costs.

32. The supply and use of water, whether by meter or otherwise, shall be open to inspection and admeasurement whenever required; and such information must from time to time be afforded as will be sufficient to enable the Board to obtain a satisfactory account of the quantity of water actually consumed, and of the pipes, taps, cisterns, and other apparatus and conveniences for receiving and delivering such water.

33. A supply of water for domestic purposes shall include a supply for one water closet and one bath, but shall not include a supply for cattle or for horses, or for any steam engine, or for washing carriages where such horses or carriages are kept for hire or are the property of any dealer, or for any hotel, inn, factory, trade, or business whatever, or for watering gardens or for fountains or for any ornamental purpose.

34. Any person supplied with water by the Board, whether by meter or otherwise, who shall allow the same to run to waste, shall be liable for each offence to a penalty not exceeding Twenty pounds; and in the event of continuing the offence, to a further penalty of Five pounds for each day after notice of the offence from the Board.

35. The Board may, by notice to a consumer, from time to time restrict the quantity of water that may be supplied to him in any one week.

36. Any person entitled to receive water from the Board, who, without the written permission of the Board, shall take or carry away or allow to be taken and carried away any such water from his premises, or shall sell the same to any other person, shall be liable to a penalty not exceeding Twenty pounds.

37. Any person or persons found taking water from or interfering with any part of a main or fittings of same belonging to the Board on any wharf, pier, jetty, or other public thoroughfare within the water area without the permission of the Board, shall, on conviction, be liable to a penalty not exceeding Twenty pounds for every such offence without prejudice to the right of the Board to recover from the said person or persons the value of the water taken, and the costs of repairing any damage done to the aforesaid main or fittings by the said person or persons.

38. Any person who (1) not being entitled to a supply of water for other than domestic purposes, uses for other than domestic purposes any water supplied to him by the Board, or (2) being entitled to a supply of water for any other than domestic purposes, uses for any purposes other than those for which he is entitled to use the same any water supplied to him by the Board, shall, upon conviction, be liable to a penalty not exceeding Twenty pounds without prejudice to the right of the Board to recover from him the value of the water misused.

39. In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges, or by reason of a defective service, a reconnection fee of Five shillings shall be charged, and shall be payable by the consumer on demand.

40. The prescribed quantity of water which any consumer is entitled to receive in any given period in consideration of the amount of water rate payable by such consumer is that quantity the total cost of which, if paid for at the rate of 2s. 6d. per thousand gallons, would amount to a sum equal to the amount of water rate paid for such period, provided always that such period shall not exceed twelve calendar months.

41. Any excess of water consumed in any one year over and above such prescribed quantity shall be charged for at the rate of 2s. per 1,000 gallons.

42. Within the water area the water rate shall be at the rate of one shilling in the £ per annum upon the net annual value of all rateable land.

43. The minimum rate to be levied on any property within the prescribed distance from a main shall be as follows:—

For vacant land the rateable value of which does not exceed £2 10s. per annum, the sum of two shillings and sixpence per annum.

For any tenement, garden, or other property connected with the Board's main, the rateable value of which does not exceed £20 per annum, the sum of twenty shillings per annum.

44. The minimum charge for water supplied by measure within the water area shall be as follows:—

(*a.*) Minimum charge for water supplied by measure to private consumers shall be 2s. 6d. per 1,000 gallons, exclusive of rent of meter.

(*b.*) Minimum charge for water supplied by measure to Railway Department shall be 1s. 3d. per 1,000 gallons.

(*c.*) Minimum charge for water supplied by measure to municipalities, Road Boards, or Government departments shall be 2s. 6d. per 1,000 gallons.

45. For each water service for purposes of any State or Commonwealth Department there shall be payable as a minimum annual fee in lieu of water rate, the sum of £1 when the service is metered, and of One pound ten shillings (£1 10s.) when the service is non-metered.

It shall be at the discretion of the Board as to whether or not a meter shall be fixed in each case. This By-law shall not apply to water services of the Railway Department.

46. Rates shall become due and payable half-yearly, in advance, on the first day of January and the first day of July: Provided that in all cases where a water rate is made after the first day of January or the first day of July in any year, the notice of the order for the making and levying of such rate, published in the *Government Gazette* and a newspaper, as provided by Section 94 of the said Act, shall specify the minimum sum payable as rate as aforesaid, and the date or dates when the rate shall be due and payable, and such rate shall be and become due and payable in accordance with the terms of such notice.

When water is turned or cut off under the conditions set forth in Section 60 of the said Act, the sum of 5s. shall be charged against the owner or occupier of the lands or premises concerned.

47. In lodging and boarding houses where no meters are fixed, the Board may charge at the rate of Five shillings per annum, payable in advance, for each lodger or boarder up to five, but if more than five lodgers or

boarders are taken the supply of water must be obtained by meter in the usual way.

48. The Board may agree with any consumer using water for all or any of the purposes hereinafter mentioned to pay the same at the following rates, namely:—

Horses, 10s. each per annum.
Vehicles, 10s. each per annum.
Cows, 5s. each per annum.

The Board may permit water to be supplied for building purposes on the following terms:—

Water for building ordinary dwelling with brick and plaster, 5s. per room.
Water for building ordinary dwelling with lath and plaster only, 2s. 6d. per room.
Brick chimneys in wooden houses, 2s. 6d. each.
Water supplied for building other than ordinary dwellings, such as hotels, halls, warehouses, stores, etc., will be charged for by arrangement.
Plans and specifications to be submitted in all cases.
All fees to be paid in advance.
Applications for water under this By-law must be made on the prescribed form.

The Board reserves the right to cancel the agreement and terminate the supply on 48 hours' notice, and shall in such case return, on a written demand, a proportionate amount of the charges paid for the then current year. All agreements hereunder shall terminate on the 31st December next following the date thereof, but may be renewed by the Board as required.

49. Within the Water District, water services to non-rated premises will be given at the rate of 2s. 6d. per 1,000, with a minimum of £1; provided that, in accordance with the provisions of "The Water Boards Act, 1904," other terms and conditions may be agreed upon as occasion may arise.

50. Any person or persons requiring a water service to town or suburban premises in respect of which for the time being a water rate may not be made, may be supplied on payment of a minimum charge, which shall be fixed by the Board in each case. The minimum charge shall then take the place of a water rate, and the general provisions of these By-laws, as applying to rate-paying consumers, shall apply to minimum charge paying consumers.

51. The Board may require any person or persons desiring, or already supplied with, a supply of water, by agreement or otherwise, to pay in advance a deposit of such amount as the Board may require to secure the due payment of all water to be supplied.

Unless all water supplied is paid for as and when due or demanded, such deposit shall be absolutely forfeited to the Board, and the agreement for the supply shall cease, and the Board may cut off the supply of water forthwith.

52. The Board may call upon the Minister to value for rating purposes any public or other building vested in any Government department, but the question of rating such premises shall be at the sole discretion of the Minister.

53. It shall be at the discretion of the Board as to whether or not a meter shall be fixed to any service, and the Board will also determine the size and class of meter in each case.

54. When, in the opinion of the Board, any consumer is using a quantity of water in excess of the prescribed quantity he is entitled to receive in consideration of the amount of water rate payable by the said consumer in accordance with By-law No. 40, or when, in the opinion of the Board, any consumer is using water for other than domestic purposes, a notice will be issued to such consumer by the Board, calling on him to have a meter affixed to his service pipe within seven days; and should such consumer, within seven days from date of such notice, not take the necessary steps, in accordance with the By-laws, towards having a meter affixed to his service pipe so as to control the whole of his supply, then the supply of water to him shall be discontinued, and such discontinuance of supply shall not release him from payment of the water rate for any preceding or subsequent period.

55. Any person requiring a meter to be affixed to his service pipe shall make application therefor on the prescribed form, and shall pay to the Board all fees chargeable in accordance with these By-laws.

56. No meter shall be affixed or disconnected from the service pipes, or in any way interfered with, except by the workmen of the Board.

57. If necessary in the opinion of the Board, water-troughs shall be supplied through meter.

58. At any time after the meter registering the quantity supplied has been read by the officer of the Board, the amount charged for water supplied by measure shall be payable by the consumer on his receiving a notice that such amount is due. The Board may require a deposit to be lodged of such an amount as will in its opinion be sufficient security for the due payment of all charges in connection with water supplied, and such deposit shall be refunded after the agreement in respect of the supply of water shall have terminated, and after all charges in connection with such supply of water shall have been paid. The rent of meters shall be paid in advance.

59. The rate to be charged for water supplied by measure to consumers, other than municipalities, Government departments, or shipping, shall not exceed 2s. 6d. per thousand gallons; provided that, if the consumer be subject to the water rate, the amount of such charge shall be not less than the amount of the water rate.

60. The quantity registered by the meter at any date between 30 days before the end of the half-year and 30 days after the end of the half-year may be taken by the Board as the reading of the meter at the end of such half-year.

61. During the time any meter is undergoing repairs, or should it cease to properly register the consumption of water, the Board may, at its option, estimate the quantity of water consumed by taking an average of the quantity used during the previous month or quarter, or during the corresponding period of the previous year, and shall charge for the consumption so ascertained.

62. If the consumer shall at any time be dissatisfied with any particular reading of a meter, and shall be desirous of having same tested, he shall give written notice thereof to the Board within seven days of such reading, and deposit the sum of £1, and thereupon the said meter shall be tested by passing through it a predetermined quantity of water; and if, upon such testing, it shall appear to the satisfaction of the Board that the said meter registered above five per cent. more than was actually passed through it at such testing, then the said Board will bear the expense of and incidental to such testing, and will also adjust the charge to the said consumer; but if the said meter, upon such testing, shall not register above five per cent. more than the quantity that shall actually have passed through it, then the said consumer shall pay to the said Board all the expenses of and incidental to such testing; providing that the amount representing the expense of each and every test shall be fixed by the Board, and shall in no case exceed the sum of ten shillings, which shall be deducted from the deposit lodged: Provided also, that the said consumer shall not be at liberty to avail himself of the right to test the registration of the said meter for any period other than one month next preceding the date of reading in respect of which he shall have given notice as aforesaid.

63. The Board may supply water by measure to any person requiring the same, on terms and conditions set out in Schedule "A." The expense of fixing and removing meters will be charged to the consumers having the use of same. The rent of meters, which is payable half-yearly in advance, and includes charges for fair wear and tear, will be 6s. per annum for ½in. and ¾in. meters; 10s. for 1in. and 1½in. meters; and for larger sizes according to agreement. Meters will be provided by the Board. Before being hired out by the Board all meters shall be tested in regard to accuracy of measurement, and no meter which registers inaccurately to the extent of more than 2 per cent. will be hired out for measuring water from the mains within the water area.

64. The occupier of any premises to which the water has been laid on, or, in the event of there being no occupier, the owner, shall cause proper means to be taken, by locks or otherwise, subject to the approval of the Board, or its authorised officer, to prevent the use of the water from the mains by persons not connected with the premises supplied.

65. No meter shall be disconnected from the service pipes, or in any way interfered with, except by the workmen of the Board, but immediate attention will be given to applications for any required alterations.

66. All alterations to private services rendered necessary by the affixing of the meter shall be paid by the consumer before such meter is so fixed.

67. It shall not be lawful for the owner or occupier of any premises supplied with water by the Board, or any consumer of the water of the Board, or any other person to affix, or cause, or permit to be affixed, any pipe

or apparatus to a pipe, belonging to the Board, or to a communication or service-pipe belonging to, or used by such owner, occupier, consumer, or any other person; or to make any alteration in any such communication or service-pipe, or in any apparatus connected therewith, without the consent in every such case of the Board.

68. No person other than a workman of the Board shall affix, alter, or repair any service pipe or fitting to be used in connection with any main or other pipe belonging to the waterworks, or interfere in any way therewith, unless licensed as a plumber or holding an operative plumber's certificate under these By-laws.

69. An application for a plumber's license or an operative plumber's certificate shall be on the prescribed form, signed by the applicant, and addressed to the Chairman.

70. Every applicant for a plumber's license or an operative certificate shall satisfy the Chairman that he is a competent plumber, and may be required to submit to an examination in the theory and practice of plumbing work.

71. Every license or certificate shall be granted by the Board; and the granting and cancellation of any license or certificate shall be in the absolute discretion of the Board.

72. Every license or certificate shall be annual, expiring on the 10th day of January next following the granting thereof, and may be in the prescribed forms as set forth in the Schedule hereto.

73. A fee of 10s. shall be payable for every license or certificate, except when a license or certificate is granted after the 10th day of July in any year, in which case the fee shall be 5s.

74. Every applicant for a plumber's license shall, before receiving a license, deposit with the Board the sum of Five pounds, to be held by the Board during the currency of the license as security for the proper performance of all work undertaken by the licensee.

75. The Board may deduct from such deposit the expense of making good any bad work of the licensed plumber or his workmen (notwithstanding that such workmen are holders of operative plumbers' certificates), and as often as any expense is so deducted the licensed plumber shall make good the deposit to the sum of Five pounds, and in default his license will be cancelled.

76. Every licensed plumber shall, within forty-eight hours of any change in his address, give notice in writing thereof to the Board.

77. The mains shall be tapped only by the workmen of the Board.

78. No licensed plumber or operative plumber shall interfere with any pipe or fitting belonging to the waterworks, without the permission, in writing, of an officer appointed by the Board under these By-laws first obtained.

79. The owner or occupier of any allotment of land within the water area who shall erect or make, or cause to be erected or made, any building or addition to an existing building on such land shall, within one calendar month thereafter, give notice in writing thereof to the Board.

80. Any person committing a breach of, or failing to observe any of the foregoing By-laws, shall, except where otherwise provided, be liable to a penalty not exceeding £20.

SCHEDULE A.

The Water Boards Act, 1904.

Armadale Water Board.

Meter Agreement.

An Agreement made this day of , 19 , between the Armadale Water Board (hereinafter called the Board), of the one part, and , of (hereinafter styled the consumer), of the other part. The said Board agrees to supply water to the said consumer at his premises situated at upon the terms hereinafter contained:—

1. All water supplied to the said consumer shall be supplied through a previously tested and registered meter, which shall be provided by the Board. The said consumer hereby agrees to pay all fees and charges as provided in the By-laws, and the said Board hereby agrees to have the said meter read at least once in every six months, and as near the end of each year as is practicable, during the currency of this Agreement.

2. The said consumer hereby agrees with the Board that he, the said consumer, will pay to the Board the sum of for each and every one thousand gallons of water, and so on in proportion for less than one thousand gallons, which, according to the said meter, shall be supplied to the said consumer, provided that the said consumer shall pay a minimum charge of exclusive of rent of meter. The consumer shall be entitled to have supplied to him every half-year, during the continuation of this agreement, the quantity of one thousand gallons of water for every paid on account of the water rate levied by the Board, and so on in proportion for any less period than one half-year.

3. The said Board and all officers, workmen, and servants employed by it shall have full right and liberty to enter upon the said premises from time to time, at all reasonable hours, for the purpose of fixing the said meter and keeping the same in repair and proper working order and of taking the register thereof, and the Board shall also have the right of removing the same at the termination of this Agreement. In the event of the meter reader not being able to take the register of the meter in any month, or for a succession of months, in consequence of the ordinary means of ingress to the premises being fastened or otherwise, the consumption during such period shall be taken and deemed to have been equal to that of the corresponding period of the preceding year, or if there be no such corresponding period the charge made will be based on the average consumption of water per head within the District at the time, and on the number of people resident and working on the premises of which the consumer is the occupier or owner.

4. The said consumer hereby agrees to keep the said meter properly protected from all accident or damage, and in the event of any repairs being required the said consumer will immediately give notice to the said Board.

5. Except as hereinbefore provided, the quantity of water which shall be registered by the said meter as having been supplied shall be taken as the quantity actually supplied. If the said consumer shall at any time be dissatisfied with any particular reading of the said meter, and shall be desirous to have the same tested, he shall give written notice to the officer in charge within seven days from receiving written notice of such reading, and thereupon the said meter shall be tested by passing through it into a vessel of known capacity sufficient water to fill such vessel; and if, upon such testing, it shall appear that the said meter registered more than was actually passed through it at such testing, then the said Board will bear the expense of and incidental to such testing, and will also allow to the said consumer a proportionate rebate upon the quantity of water which shall be objected to as registered to have passed through the said meter as aforesaid; but if the meter, upon such testing, shall not register more than the quantity that shall have actually passed through it, then the consumer shall pay to the said Board, in addition to the sums hereinbefore agreed to be paid by him, all expenses of and incidental to such testing; provided that the cost of each and every test shall be fixed by the said Board, and shall in no case exceed the sum of shillings; provided, also, that the said consumer shall not be at liberty to avail himself of the said right to test the said meter for any three months other than those next preceding his giving written notice to the said Board of his dissatisfaction and desire to have the said meter tested as aforesaid.

6. The said Board shall not be responsible for any stoppage of the water supply for any purpose whatever or for any accident, inconvenience, or damage which may be occasioned thereby, and no claim shall be made on the Board on such account, nor shall this agreement in any respect be invalidated thereby.

7. The said Board may, at its discretion, at any time terminate this agreement, signifying such termination by notice, in writing, to the consumer.

8. In addition to the liabilities of the said consumer under the preceding clauses, he shall continue to pay the said Board at the rate aforesaid for water used upon the said premises after the said consumer shall have ceased to occupy the same, unless on his so ceasing to occupy he has given written notice to the Board of a desire to be released from this agreement.

9. All the powers, rights, and remedies which are vested in the Board by the said Act and the By-laws thereunder shall remain in full force and virtue, unpreju-

diced and unaffected by this agreement, or any clause, matter, or thing herein contained.

Application for Plumber's License.

To the Secretary Armadale Water Board.

Sir,

I hereby apply to you for a License called "Licensed Plumber's License," entitling me to do all those things and acts which a "Licensed Plumber" may lawfully do under the provisions of any existing By-laws, or any amendment or enlargement thereof as may come into force from time to time. And I hereby agree, in consideration of the granting of the said License, to hold the same at the disposal of the Board, and to produce to and hand over the same when and as often as I may be called on so to do by the said Board or the agent for demanding or receiving the same, as the case may be, and any withdrawing or withholding the same from me by the said Board at any time shall not at Law or Equity be, or deemed to be, a cause of action for damages. I further agree to deposit with the said Board the sum of £5 as a guarantee or deposit for the faithfully carrying out my obligations under the said License, and I hereby authorise the Board to deduct therefrom, so far as the said deposit will go, any sum required to make good any bad work done by me under the said License which, in the opinion of the said Board, I should replace or re-do under the provisions of the said Act; and so often as moneys be withdrawn from the said sum of £5 on that account I undertake to make up the amount so withdrawn, and so keep the said deposit at the sum of £5.

I have the honour to be,

REGISTRATION OF MARRIAGES.

IT is hereby notified that all Ministers of Religion, ordinarily officiating as such, and whose names are registered in the Office of the Registrar General for the celebration of marriages, are allowed to send unstamped through the post certificates of marriages celebrated by them, when forwarding them for record to the District Registrar.

The packets, or envelopes, in which they are enclosed must in every instance be headed O.H.M.S., and each Minister must affix his signature in the left hand lower corner of the packet, or envelope, *over the words "Marriage certificates,"* or *"return of marriages,"* as the case may be.

Each packet, or envelope, *must be registered and closed,* that is, not left open for inspection.

It is desirable, however, in every case where possible, that the Minister should attend at the Office of the District Registrar, and register the marriages in person.
