ELECTRIC LAMPS FOR MINERS.

The Secretary of State for the Home Department announces that, in order to encourage the production of safe and efficient types of electric lamps for miners, a colliery proprietor has placed at his disposal the sum of £1,000 to be offered as a prize for the best lamp or lamps fulfilling the requirements specified below:—

Mr. Charles Rhodes (a former President of the Institute of Mining Engineers), and Mr. Charles H. Merz (a member of the Departmental Committee on the Use of Electricity in Mines) have consented to act as judges.

The conditions of the competition are as follows:—

(1.) The Competition will be open to persons of any nationality.

(2.) It will be in the discretion of the judges to award the whole of the prize for the lamp which they consider to be the best or to divide the prize; or to make no award if no lamp appears to them to be of sufficient merit.

(3.) Lamps must be addressed care of C. Rhodes, Esq., at the Home Office Testing Station, Rotherham, and must reach the Testing Station not later than the 31st December next; a spare globe should accompany each lamp.

The Requirements which should be fulfilled by any lamps submitted for competition are as follows:—

(1.) The lamp should be of sound mechanical construction so as to withstand rough usage.

(2.) The lamp should be of simple construction and easy to maintain in good order and repair.

(3.) The lamp should be so constructed as to render impossible the ignition of inflammable gas either within or without the lamp.

(4.) The lamp battery should be so constructed that any liquid which it may contain cannot be spilled when the lamp is in use, and means should be provided for dealing with any gas which may be generated by the battery.

(5.) The materials used and the construction should be such that metals and other parts will not be liable to deterioration by corrosion as a result of the action of the "electrolyte," etc., used in the battery.

(6.) The lamp should be effectively locked so that it cannot be opened without detection.

(7.) The lamp should be capable of giving an amount of light not less than two-candle power continuously for a period of not less than 10 hours.

(8.) The light should be well distributed outside the lamp. A movable reflector to concentrate or to shield the light may be provided.

In addition to the above requirements, regard will be paid to (a) the first cost of the lamp; (b) the cost of maintenance; (c) convenience in handling; and (d) the weight of the lamp when charged and ready for use.

LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 21st July, 1911.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas schedules hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged with the Government Land Agent for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

HIS Excellency the Governor in Executive Council, under Section 161 of "The Land Act, 1898," has been pleased to alter Regulations Nos. 168 to 172 inclusive, for the guidance of Surveyors, to the following:—

168. The fees payable to contract Surveyors for surveys carried out under the Regulations will be at the following rates:—

(*a.*) Six shillings for each complete set of observations for the true meridian (including latitude, if necessary), where not more than one complete set is taken on an isolated block, at intervals of about five miles on a continuous survey, or for checking patent discrepancies.

(*b.*) Eight shillings per mile for the obliteration of permanently-marked boundary lines or road lines.

(*c.*) Three shillings and sixpence for each permanent "reference mark" referred to in Clause 47 of the General Regulations.

(*d.*) For the actual length of all new boundaries surveyed and marked, 10d. per chain; and 1s. 2d. for each tree referred to in Clause 107.

(*e.*) For the actual length of all old boundaries or portions of old boundaries ranged and chained, 7d. per chain, when in the opinion of the Surveyor General it is considered necessary to range and chain these lines. Where, in the opinion of the Surveyor General, it is necessary to completely re-mark old boundaries, they may be paid for at the same rate as new ones.

(*f.*) For each new angle post or peg, or old post or peg renewed and trenched on rural surveys and on suburban lots over five acres:—
4 inches square and 30 inches long—2s. 9d.
3 inches square and 15 inches long—1s. 9d.
2 inches square and 15 inches long—1s. 2d.
2½ inches square and 12 inches long—1s. 2d.

No payments to be made for reference marks on rural lands or new intermediate (ten chain) pegs.

(*g.*) For tie lines, feature surveys, river, and all other traverses, 7d. per chain. For each marked tree on such surveys only, 2s. 9d., and for each post and cairn in lieu of a tree (*see* Clause 99), 6s.

(*h.*) For trial lines run with theodolite and chain, 7d. per chain may be allowed when, in the opinion of the Surveyor General, it has been necessary to clear both the trial line and the permanent boundary; and 2d. per chain for the verification chainage referred to in Clause 50.

(*i.*) For travelling from Perth, or the Surveyor's headquarters, to the first block marked, and from block to block, if more than four miles apart, 2s. 4d. per mile. The distance in a direct line only will in each case be allowed. If a survey is in any way continuous or connected, no travelling allowance will be allowed.

(*j.*) For roads, 11d. per chain when marked on one side only, and 1s. 9d. per chain when marked on both sides in the same manner as other boundaries. No charge will be allowed for secant or other distances necessary in setting off the posts and pegs on the opposite side of a road; payments for angle and mile posts will be made in accordance with Subclause (f).

(*k.*) The sum of £5 will be allowed for clearing a hill, marking, erecting a cairn and pole, and taking a round of angles therefrom, when, in the opinion of the Surveyor General, such work was necessary (*see* Clause 100).

(*l.*) For a Surveyor and party, including three axemen and outfit, when employed at daily rates, for each full working day in the field, £5; and for each full working day the Surveyor is employed in office work, £1 10s.

(*m.*) For preliminary traverse surveys of timber areas, roads, natural or other features effected with the chain and prismatic compass, 3d. per chain may be allowed when, in the opinion of the Surveyor General, such traverses were necessary and field notes of same are lodged.

On blocks that have been applied for before survey, a further increase of 10 per cent. may be allowed at the discretion of the Surveyor General.

170. When a Surveyor, after consulting the applicant, on arriving on the ground for the purpose of effecting the survey of a selection, shall be unable to proceed with the survey because the boundaries as applied for do not include the land required, and when it is impracticable to amend the selection to include the desired area, such Surveyor may be paid for the loss of time entailed, at the rate of £5 per diem, or *pro rata* for any portion of a day.

171. The sum of £5 per diem, or *pro rata* for any portion of a day, may be allowed to a Surveyor for surveying short lines, etc., which, if paid for at schedule rates, will not recompense him for actual outlay and loss of time.

PUBLIC CEMETERY, PORT HEDLAND.

By virtue of all powers in that behalf vested in the Board of Trustees of the Public Cemetery, Port Hedland, the said Board of Trustees make the following By-laws:—

1. All fees and charges payable to the Trustees, as set forth in the Schedule A, shall be paid at the times and manner therein mentioned.

2. Any person desiring to inter any dead body in the cemetery shall make an application to the Trustees. Upon such application being approved by the Trustees, and upon payment of the prescribed fees, they shall cause to be issued to the person so applying an order for burial.

3. All applications for interment shall be made at least five working hours prior to the time fixed for burial. An extra charge shall be made for applications within such time. No free interment shall be allowed unless the application, together with the Justice's order therefor, be handed in in such time as to allow of at least five working hours as above.

4. The Trustees shall cause all graves to be dug, and vaults, brick graves, or graves to be re-opened as and when required.

5. Before any interment is allowed the "Order for burial" shall be handed to and retained by the grave-digger.

6. Every grave shall be at least 6 feet deep, and no interment shall be allowed in any grave with a less depth than 4 feet 6 inches from the top of the coffin to the original surface of the surrounding ground.

7. In the case of an application for interment in any private grave or vault to which the deceased had no claim during life, the written and verified consent of the grantee shall be handed in with the application.

8. No burial shall be allowed to take place in the cemetery unless a certificate from a District Registrar of Deaths that the death has been registered, or a Coroner's order for burial is handed to the Trustees.

9. The time fixed for any burial shall be the time at which the funeral is to arrive at the cemetery gates, and such time shall be rigidly and punctually observed.

10. No hearse, mourning coach, or other vehicle shall enter the cemetery, or proceed except at and by such roads as directed by the officer of the Trustees from time to time. Any driver or other person failing or neglecting to observe such directions commits an offence against these By-laws.

11. Children under the age of ten years entering the cemetery must be in charge of some responsible person.

12. No dogs shall be allowed within the cemetery, and any person taking a dog into the cemetery commits an offence against these By-laws.

15. No person employed by or under the Trustees shall accept any gratuity whatever, nor shall he be pecuniarily interested in any work in the cemetery other than the remuneration he receives from the Trustees; and any such person proved guilty of accepting any gratuity or being pecuniarily interested in any such work shall be liable to summary dismissal.

16. Any person requiring an "Exclusive right of burial" in any part of the cemetery shall apply to the Trustees, in writing, specifying the location of the grave and whether it is proposed to erect a brick grave or vault, and in such case submitting plans and specifications of the proposed work. Such application shall also state the names of any already deceased persons whose remains it is proposed to inter therein.

17. Subject to the By-laws, the Chairman shall exercise a general supervision and control over all matters pertaining to the cemetery, including the conduct of all funerals and interments within the cemetery.

18. Upon being satisfied of the matters aforesaid, and of the suitability of the said work, plans and specifications, the Trustees may authorise the construction and erection thereof; or, if no work is to be done, may issue a "Grant" in the Form "E" in the Schedule.

19. Upon the completion of the work aforesaid, the Trustees may, if and when such work is done to their complete satisfaction, issue a "Grant" in the Form "E" in the Schedule.

20. Every "Grant" shall be subject to the By-laws for the time being, and no interment in any such grave or vault shall be allowed unless upon production of the "Order for burial" aforesaid, nor shall any such grave or vault be opened, unless with the written consent of the Trustees.

21. Every coffin placed in any such bricked grave or vault shall be bricked in, cemented, and covered with a slab of stone, slate, or iron, unless special written exemption be obtained from the Trustees.

22. If application be made for an "Order for burial" in any grave or vault of the remains of any person other than the person to whom grant was issued, or his registered assign, the written and verified consent of such grantee or assignee shall be produced.

26. All refuse and other rubbish remaining after any work is completed shall be immediately removed from the cemetery by the person causing the same.

27. Monumental masons and other tradesmen shall, before commencing any work within the cemetery, deposit with the Secretary to the Trustees the sum of ten shillings, which shall be forfeited if either of the two last preceding By-laws are not complied with to the satisfaction of the Trustees.

28. All material required in the erection and completion of any work shall, as far as possible, be prepared before being taken to the cemetery, and all materials required by tradesmen shall be admitted at such entrance as the Trustees shall direct; and no vehicle conveying any such material with wheels less than 4in. broad shall be permitted to enter the cemetery.

30. All workmen, whether employed by the Trustees or by any other person, shall at all times, whilst within the boundaries of the cemetery, be subject to the supervision of the Trustees, and shall obey such directions as they may find it necessary to give; and any workmen permitting any breach of these Regulations and By-laws or refusing or neglecting to comply with any directions of the Trustees commits an offence against these By-laws.

31. Any person taking part in dressing or attending to any grave shall comply with the following rules:—

(a.) No rubbish, soil, sand, or other material removed in dressing a grave shall be placed on any other grave, and, if placed on any adjoining ground, shall be removed immediately the work is completed.

(c.) The dressing of all graves and the wheeling and carting of all material shall be subject to the supervision of the Trustees.

In order to qualify for this Exhibition a candidate must take pure mathematics and two science subjects; any two of the remaining subjects prescribed may be taken as well.

(c) The Minister reserves to himself the right to withhold all or any of the above Exhibitions in the event of candidates not showing sufficient merit.

5.
