Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

Any application may be lodged before the fixed date but will be treated as having been received on that day; if there are more applicants than one for any lot the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

HIS Excellency the Governor in Executive Council, under the powers conferred upon him by Section 29 of "The Mining Development Act, 1902," has been pleased to make the following Regulations relative to subsidies given in connection with the production of merchantable Mica, and manufactured Mica goods.

HENRY GREGORY,
Minister for Mines.

DEVELOPMENT OF MINING.

Production of Merchantable Mica and Manufactured Mica Goods.

It is hereby notified, for public information, that for two years from this date subsidies will be granted in encouragement of the establishment of a local industry in the production of dressed mica and manufactured mica goods from crude mica produced in the State of Western Australia, on the following conditions:—

(1.) The sums payable to any one person, party, or firm shall not exceed a total of £250 per annum.

(2.) Subsidies shall be payable by way of refund of one-half the cost of transport of the crude mica, or mica as hand-dressed and sorted at the mine, to the point at which it is manufactured in the State or exported or prepared for export; but if the cost of transport exceeds Six shillings per hundredweight, the subsidy shall not exceed Three shillings per hundredweight.

(3.) Claimants for transport subsidies shall render accounts on the Treasury account forms, and shall attach thereto receipts for all the expenditure on which the claim is made.

(4.) No subsidy shall be payable unless the parcel of mineral is of merchantable quality to the satisfaction of the officer appointed by the Government to supervise all subsidised transactions under this notice.

(5.) Subsidies shall also be payable at the rate of 10 per cent. of the selling price realised for mica bringing in a price of not less than Two shillings per pound avoirdupois, and 15 per cent. of the sale price of such as sells for less than Two shillings per pound.

(6.) Claimants for subsidies for mica and mica goods sold shall render accounts on the Treasury account forms, and shall attach thereto full account sales to the satisfaction of the Supervising Officer. The subsidies shall be reckoned *ad valorem* on the actual net selling price of the dressed mica or manufactured goods in Western Australia.

(7.) Claimants for subsidies either for transport or for dressed mica shall supply the Supervising Officer with all information which he may require in order to check the transactions throughout their whole course, and shall, if required by him, verify such information by making a statutory declaration that it is all true and correct.

(8.) No subsidy shall be payable on any resale of mica or goods, after subsidy has once been paid or become payable.
