The Explosives Act, 1895.

ORDER IN COUNCIL.

At the Executive Council Chamber, at Perth, this 12th day of October, 1911.

Present:

His Excellency the Governor.

The Honourables—The Minister for Lands.
The Minister for Justice.
The Colonial Secretary.
W. C. Angwin, M.L.A.

WHEREAS it is, by "The Explosives Act, 1895," amongst other things enacted that the Governor in Council may from time to time make, alter, or repeal By-laws or Regulations dealing, amongst other matters, with the carriage of Explosives: And whereas the Governor in Council, under the powers of the said Act, on the 20th day of July, 1904, made certain regulations dealing with Rackarock, which it is desirable to amend: Now, therefore, the said Governor in Council does hereby repeal Regulations 24 to 33 in Part V. of the said Regulations, and does hereby make the following Regulations in lieu thereof:—

Part 5.—Rackarock and Lithyte.

24. The manufacture of the explosives known as "Rackarock" and "Lithyte," except under the conditions and restrictions hereinafter specified, is hereby prohibited.

25. The Minister may issue to such persons as he may think fit licenses authorising the manufacture by such persons of the explosives known as "Rackarock" and "Lithyte."

26. The names of the ingredients to be used in the manufacture of the said explosives shall be mentioned in each license.

27. The manufacture of the said explosives shall not be carried on underground in any mine.

28. No persons shall carry on the manufacture of the said explosives other than the person to whom the license is issued, or some person in his employ duly authorised in writing by him.

29. The quantity of Rackarock and Lithyte to be manufactured at any one time shall not exceed such a quantity as would be required for the purposes of a mine for six working days, and, in the event of any quantity of the said explosives being stored or kept for a period of more than seven days from the date of the manufacture thereof, the license will be liable to immediate forfeiture by the Minister.

30. If in any matter which is not provided for by any express condition or proviso in any license, a Government Inspector find any store for the said explosives for the ingredients which when combined constitute the said explosives or any part thereof, or any practice therein or connected therewith, to be unnecessarily dangerous or defective, so as, in his opinion, to tend to endanger the public safety of any person, such Inspector may require the person to whom the license is issued to remedy the same at once and without delay; and if any such person neglect to do so, such neglect shall be deemed a breach of these Regulations.

31. The Minister may, either with or without notice, at any time stop the manufacture of the said explosives by any licensed person, provided he deems such stoppage necessary in the interest of public safety, or may, in the said interest, direct the licensee or his agent to alter or amend the process of manufacture in such manner as he, or any person duly authorised by him in that behalf, may direct.

32. The Minister may, by notice in writing, declare any such license void upon being satisfied that the manufacture of the said explosives is not being conducted in accordance with the conditions of the license or in accordance with the directions given in pursuance of the last preceding clause, and that the further continuance of their manufacture will imperil the public safety.

33. The conveyance of Rackarock and Lithyte in any vehicle or boat, in or upon any public thoroughfare, river, harbour, or public place is hereby prohibited.

The component parts of Rackarock and Lithyte used in the manufacture of the said explosives shall be stored or conveyed in such manner that it shall not be possible for them to become accidentally mixed.

LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 20th October, 1911.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas schedules hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged with the Government Land Agent for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.
