Acting Under Secretary for Lands,

LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 3rd January, 1913.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI., must take the balance of same under Grazing Lease conditions.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper, advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation, at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

C. G. MORRIS,

Acting Under Secretary for Lands.

LAND OPEN FOR SELECTION.

Department of Lands and Surveys.

IT is hereby notified, for general information, that the lands described hereunder will be available for selection on the days as hereinafter shown, under Parts V. and VIII. of the Land Act and its amendments, and the Regulations framed thereunder.

The lands marked with an asterisk are also available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date but will be treated as having been received on that day; if there are more applicants than one for any lot the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance is available subject to the special condition that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of

the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

The areas which are open under Part V. are open under Section 55 (Residential Conditions) and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

Pages 11 and 12—Demurrage charges:

Delete Section (a) of Regulation No. 29, on pages 11 and 12, and insert the following in lieu thereof:—

(a) When loading or unloading of trucks has to be performed by the sender, consignee, or owner, a demurrage charge of 4s. per truck for every day or part of a day of eight working hours will be made for trucks not loaded up within eight working hours after supply, or unloaded within eight working hours after arrival at destination, exclusive of Sundays or proclaimed holidays. Should the loading or unloading of trucks be delayed beyond the prescribed time, when the goods have to be handled by the sender, consignee, or owner, as the case may be, the Commissioner may, instead of continuing to charge demurrage, do the loading or unloading by his own servants, or men specially employed for the purpose, charging one shilling per ton, minimum one shilling per consignor or consignee, or the actual cost of the work. The Commissioner does not, however, guarantee to undertake the loading or unloading of any trucks, it being optional with him to handle the goods or not.

Division 1.—By-laws for Preventing Pollution of the Waters of the Catchment Area.

1. The by-laws in this Division apply to all Water Reserves and Catchment Areas constituted for the purposes of "The Water Boards Act, 1904."

2. All existing cesspools within the catchment area shall be cleansed and filled up to the satisfaction of the Inspector within one calendar month after notice, in writing, to that effect shall have been given to the occupier or owner of the premises concerned.

3. The owner or occupier of every house within the catchment area shall provide, for the use of the occupants of such house, an earth closet, with a sufficient number of pans approved by the Inspector.

4. Every closet within the catchment area shall be of stone, iron, wood, brick, or combination of two or more of such materials. Each closet shall be supplied with a sufficient number of receptacles, which shall be interchangeable with others in the same district, and which shall be of approved size, shape, and style, and every pan shall be emptied and cleansed once every week, or as often as may be required by the Inspector.

5. Each dwelling on the Catchment Area shall be provided with a closet and urinal erected in such position as directed by the Inspector.

Closets or urinals already in existence shall, wherever considered necessary by the Inspector, be removed where directed by the Inspector, and such removal or re-erection

The floor and seat of every closet shall be so constructed that the top of the receptacle shall not be more than one inch below the surface of the seat.

6. No owner or occupier of any house within the catchment area shall permit the contents of any pan used in any closet or urinal to overflow from any cause whatever.

Such work shall be done by and at the expense of the owner or occupier of such premises.

11. No building of any description situated within three hundred yards of high-water mark, or in such position that storm waters may wash any manure or other refuse therefrom into any feeder, shall be used for housing animals or birds, and any such building shall, on receipt of written notice to that effect, be taken down and removed by and at the expense of the owner or occupier.

12. The owner or occupier of any stable, cow-shed, goat-shed, sheep-pen, or fowl-house, situated within the catchment area, shall not allow any dung, manure, or other refuse to accumulate in or near such premises, but shall periodically remove or dispose of the same in such manner that it cannot pollute any water flowing, or which may flow, into any watercourse, and generally to the satisfaction of the Inspector.

13. The Inspector may, by written notice to the owner or occupier of any stable, cow-shed, goat-shed, sheep-pen or fowl-house within the catchment area, order the removal and disposal of any dung, manure, or other refuse from such premises, and fix the periods within which such dung, manure, or other refuse shall be removed and disposed of; and any person omitting to comply with such notice to the satisfaction of the Inspector within three days after such notice shall have been issued shall be guilty of an offence against these By-laws, and liable to penalties imposed for breach thereof.

18. In the event of the death, or of any accident necessitating the slaughter of any horse, cattle, sheep, or other animal, the carcase of such animal shall be removed by the owner thereof to a safe distance from high-water mark, or any feeder, or to such place as the Inspector may direct, and the owner shall immediately thereafter dispose of same, by burning, to the satisfaction of the Inspector.

19. No person shall deposit, or cause or permit to be deposited, any rubbish, filth, blood, offal, or manure, or any slops, soap-suds, urine, water containing urine or other refuse, noisome thing, or matter in any part of the catchment area, whence it may, in the opinion of the Inspector, be carried by storm water into any feeder.

20. No person shall allow any filth, rubbish, blood, offal, manure, or any slops, soap-suds, urine, water containing urine or other refuse, noisome thing, or matter to flow or escape from any house or premises within the catchment area owned or occupied by him.

21. No person shall bathe or wash clothes or other articles in any stream, reservoir, aqueduct, or other waterworks within the catchment area, or wash, throw, or cause to enter therein any dog or other animal; or throw or convey, or permit to be conveyed or thrown therein any rubbish, dirt, filth, dead animal, or other noisome thing.

22. It shall be lawful for the Inspector, or any assistants acting under the directions of the Inspector, or other authorised officer, at his discretion, at any reasonable hour, with or without notice, to enter any land, house, or premises for the purpose of ascertaining whether any act or thing is being done or permitted within such land, house, or premises in breach of these By-laws; and to remove, or cause to be removed, anything therein or thereon in breach of these By-laws, or to take such steps as he may deem necessary for carrying out these provisions. The cost of such removal or such other necessary act shall be borne by the owner or occupier of the premises upon which such breach shall occur.

23. Unless otherwise provided for, the time which may elapse between the giving of a notice and the doing of a thing required to be done by any Inspector or other authorised officer shall be determined by the Minister for Works, according to the nature of each case.

34. Every applicant for a plumber's license shall satisfy the Minister that he is a competent plumber, and may be required to submit to an examination in the theory and practice of plumbing work.

35. Every license shall be granted by the Minister; and the granting and cancellation of any license shall be in the absolute discretion of the Minister.

36. Every license shall be annual, expiring on the 10th day of January next following the granting thereof, and may be in the Form A in the Schedule hereto.

37. A fee of ten shillings shall be payable for every license, except when a license is granted after the 10th day of July in any year, in which case the fee shall be five shillings.

39. The Minister may deduct from such deposit the expense of making good any bad work of the licensed plumber or his workmen, and as often as any expense is so deducted the licensed plumber shall make good the deposit to the sum of five pounds, and in default his license will be cancelled.

40. Every licensed plumber shall, within forty-eight hours of any change of his address, give notice, in writing, thereof to the Minister.

41. The mains shall be tapped only by the workmen of the Minister.

42. No licensed plumber shall interfere with any pipe or fitting belonging to the waterworks without the permission, in writing, of a local officer first obtained.

43. No ground shall be opened, nor shall any work be undertaken for the purpose of laying and fixing a new service or fittings, or in the extension or alteration of an existing service or fittings until notice shall have been given by the responsible licensed plumber to a local officer. Such notice shall be in writing, in the Form B in the Schedule, and shall describe the nature and extent of the proposed work, and shall be given forty-eight hours at least before the work is intended to be commenced, unless the officer expressly accepts shorter notice.

44. On the completion or extension of any service the responsible plumber shall report the work to a local officer as ready for inspection.

47. Water rates shall become due and payable yearly, in advance, on each first day of January: Provided that in all cases where a water rate is made after the first day of January in any year, the notice of the order for the making and levying of such rate, published in the Government Gazette and a newspaper, as provided by Section 94 of the said Act, shall specify the minimum sum payable as rate as aforesaid, and the date or dates when the rate shall be due and payable, and such rate shall be and become due and payable in accordance with the terms of such notice.

48. Every ratepayer will be entitled to consume on each separately assessed property for which he is rated that quantity of water which, if calculated at a price not exceeding five shillings per thousand gallons, would amount to the equivalent of the water rate paid on such property, provided that such water be taken during the period for which the rate is struck.

49. Every ratepaying-consumer taking water in excess of the quantity to which he is entitled in respect of the rate will be charged for the excess at a price not exceeding two shillings and sixpence per thousand gallons.

50. It shall be at the discretion of the Minister to supply water to any individual consumer, whether rated or not, at such price or prices as may be mutually agreed upon.

51. Where water is supplied by measure to the owner or occupier of land, whether rated under the Act or otherwise, payment for the same shall be made at such times and in such manner as may be agreed upon between the Minister and the consumer.

52. Any person or persons requiring a water service to town or suburban premises in respect of which, for the time being, a water rate may not be made, may be supplied on payment of a minimum charge, which shall be fixed by the Minister in each case. The minimum charge shall then take the place of a water rate, and the general provisions of these By-laws, as applying to rate-paying consumers, shall apply to minimum-charge paying consumers.

53. Application for services shall be made on the printed form procurable at the Local Water Supply Office, and shall be lodged not less than one week before the service is required.

54. Applications will not be entertained unless full information, as indicated on the printed form, is supplied, and the full amount of rates due on the premises to which a service is required is paid.

55. The Minister may, by notice to a consumer, from time to time restrict the quantity of water that may be supplied to him in any one week.

56. The Minister may, from time to time, when necessary for the purpose of tapping or repairing the main, or otherwise, cut off the supply of water from any part or parts of the Water Area.

57. It shall be at the discretion of the Local Officer as to whether or not a meter shall be affixed to any service, and such officer will also determine the size and class of meter in each case.

59. The quantity registered by a meter at any time between ten days before and ten days after any stated date may be taken as the reading of the meter at such stated date.

60. During the time any meter is undergoing repairs, or should it cease to properly register the consumption of water, the Minister may, at his option, estimate the quantity of water consumed by taking an average of the quantity used during the previous month or quarter, or during the corresponding period of the previous year, and shall charge for the consumption so ascertained.

61. If the consumer shall at any time be dissatisfied with any particular reading of a meter, and shall be desirous of having same tested, he shall give written notice thereof to the Local Officer within seven days of such reading, and thereupon the said meter shall be tested by passing through it a predetermined quantity of water; and if, upon such testing, it shall appear to the satisfaction of the Local Officer that the said meter registered above five per cent. more than was actually passed through it at such testing, then the said Minister will bear the expense of and incidental to such testing, and will also adjust the charge to the said consumer, but if the said meter, upon such testing, shall not register above five per cent. more than the quantity that shall actually have passed through it, then the said consumer shall pay to the said Minister all the expenses of and incidental to such testing; provided that the amount representing the expense of each and every test shall be fixed by the Minister, and shall in no case exceed the sum of Forty shillings: Provided, also, that the said consumer shall not be at liberty to avail himself of the right to test the registration of the said meter for any period other than one month next preceding the date of reading in respect of which he shall have given notice as aforesaid: Provided further that for testing meters of sizes 3/4 in. and under a uniform fee of 10s. shall be charged.

62. No person shall break or in any way interfere with the seal fixed on a meter through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to such meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into such meter, or in any way interfere with any portion of such meter or of any pipes or fittings attached thereto.

63. No licensed plumber, or holder of an operative plumber's certificate, or other person shall, under any circumstances, disconnect the flange from a meter, or shall, after a meter has once been fixed on a service

and water has been turned on, disconnect or interfere with any piping within twelve feet of such meter. Such work shall be done by the servants of the Minister only.

64. Any person supplied with water through a meter belonging to the Minister shall pay the cost of making good all damages to such meter whilst on his land and in his charge, and shall deliver such meter up in good order on ceasing to hire same. Any repairs required shall be done by the officers of the Minister, and the expense incurred by the Minister in so doing shall, on demand, be paid by the owner or occupier of the land, and if not paid on demand, shall be recoverable in the same manner as water rates.

65. Any person supplied by the Minister with water through a meter shall, on finding that meter is damaged or not registering, immediately give notice of the fact to the local Water Supply Office.

66. No person knowing that a meter is damaged or does not register properly shall draw water through such meter from a service pipe which is supplied with water by the Minister.

67. In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges or by reason of a defective service, or by request of the occupier or owner, or when, in the opinion of the Minister or local officer necessary to prevent waste of water, or for other reason, a fee of five shillings shall be charged for reconnection, and shall be payable by the owner or occupier for the time being on demand. The service shall not be restored until such fee shall have been paid.

68. No person to whom water is supplied by the Minister shall, without written permission, sell or supply water to any person who may not reside on the premises of which he is the occupier.

69. The occupier of any premises to which the water has been laid on, or, in the event of there being no occupier, the owner shall cause proper means to be taken by locks or otherwise, subject to the approval of the Local Officer, to prevent the use of the water from the main by persons not connected with the premises supplied.

70. The owner or occupier of any allotment of land within the Water Area who shall erect or make, or cause to be erected or made, any building or addition to an existing building on such land shall, within one calendar month thereafter, give notice in writing thereof to the Minister.

71. Officers or workmen employed by the Minister shall not solicit or receive from the public any fee, gratuity, or reward.

Division 5.—Penalties.

72. Any person contravening any of these By-laws, whether by act or omission, shall be liable on summary conviction to a penalty not exceeding Twenty pounds.
