## LAND OPEN FOR SELECTION.

Department of Lands and Surveys,

Perth, 19th December, 1913.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

## LAND OPEN FOR SELECTION.

## Department of Lands and Surveys,

IT is hereby notified, for general information, that the lands described hereunder will be available for selection on the days as hereinafter shown, under Parts V. and VIII. of the Land Act and its amendments, and the Regulations framed thereunder.

The lands marked with an asterisk are also available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance is available subject to the special condition that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

27. Within the Leonora Water Area the water rate shall be at a rate not exceeding two shillings in the pound per annum upon the net annual value of all rateable land, provided that a minimum rate of not exceeding one pound per annum shall be payable on each separately assessed piece of land.

27a. The Minister may in his discretion allow a discount of not exceeding 20 per centum upon any rates paid within three months of the date upon which such rates become payable, but such discount shall not apply to minimum rates or fees which shall be paid in full.

28. Water rates shall become due and payable yearly, in advance, on each first day of January: Provided that in all cases where a water rate is made after the first day of January in any year, the notice of the order for the making and levying of such rate, published in the *Government Gazette* and a newspaper, as provided by Section 94 of the said Act, shall specify the minimum sum payable as rate as aforesaid, and the date or dates when the rate shall be due and payable, and such rate shall be and become due and payable in accordance with the terms of such notice.

29. Every ratepayer will be entitled to consume on each separately assessed property for which he is rated that quantity of water which, if calculated at the price specified in Schedule 1 hereto would amount to the equivalent of the water rate paid on such property, provided that such water be taken during the period for which the rate is struck.

30. Every ratepaying-consumer taking water in excess of the quantity to which he is entitled in respect of the rate will be charged for the excess at the prices set forth in Schedule 1 hereto.

31. It shall be at the discretion of the Minister to supply water to any individual consumer, whether rated or not, at such price or prices as may be mutually agreed upon.

32. Where water is supplied by measure to the owner or occupier of land, whether rated under the Act or otherwise, payment for the same shall be made at such times and in such manner as may be agreed upon between the Minister and the consumer.

33. Any person or persons requiring a water service to premises in respect of which, for the time being, a water rate may not be made, may be supplied on payment of an annual minimum charge, which shall be fixed by the Minister in each case. The minimum charge shall then take the place of a water rate, and the general provisions of these By-laws, as applying to rate-paying consumers, shall apply to minimum-charge paying consumers.

34. Application for services shall be made on the printed form procurable at the Local Water Supply Office, and shall be lodged not less than one week before the service is required.

35. Applications will not be entertained unless full information, as indicated on the printed form, is supplied, and the full amount of rates due on the premises to which a service is required is paid.

36. The Minister may, by notice to a consumer, from time to time restrict the quantity of water that may be supplied to him in any one week.

37. The Minister may, from time to time, when necessary for the purpose of tapping or repairing the main, or otherwise, cut off the supply of water from any part or parts of the Water Area.

38. It shall be at the discretion of the Local Officer as to whether or not a meter shall be affixed to any service, and such officer will also determine the size and class of meter in each case.

40. The quantity registered by a meter at any time between ten days before and ten days after any stated date may be taken as the reading of the meter at such stated date.

41. During the time any meter is undergoing repairs, or should it cease to properly register the consumption of water, the Minister may, at his option, estimate the quantity of water consumed by taking an average of the quantity used during such previous period as the Minister may determine, and the quantity so ascertained shall be paid for by the consumer.

42. If the consumer shall at any time be dissatisfied with any particular reading of a meter, and shall be desirous of having same tested, he shall give written notice thereof to the Local Officer within seven days of such reading, and thereupon the said meter shall be tested by passing through it a predetermined quantity of water, and if, upon such testing, it shall appear to the satisfaction of the Local Officer that the said meter registered above five per cent. more than was actually passed through it at such testing, then the said Minister will bear the expense of and incidental to such testing, and will also adjust the charge to the said consumer, but if the said meter, upon such testing, shall not register above five per cent. more than the quantity that shall actually have passed through it, then the said consumer shall pay to the said Minister all the expenses of and incidental to such testing; provided that the amount representing the expense of each and every test shall be fixed by the Minister, subject to a minimum charge of Ten shillings for each test: Provided, also, that the said consumer shall not be at liberty to avail himself of the right to test the registration of the said meter for any period other than the period of registration next preceeding the date of reading in respect of which he shall have given notice as aforesaid.

43. No person shall break or in any way interfere with the seal fixed on a meter through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to such meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into such meter, or in any way interfere with any portion of such meter or of any pipes or fittings attached thereto.

44. Any repairs required shall be done by the officers of the Minister, and the expense incurred the Minister in so doing shall, on demand, be paid by the owner or occupier of the land, and if not paid on demand, shall be recoverable in the same manner as water rates.

46. Any person supplied by the Minister with water through a meter shall, on finding that meter is damaged or not registering, immediately give notice of the fact to the local Water Supply Office.

47. No person knowing that a meter is damaged or does not register properly shall draw water through such meter from a service pipe which is supplied with water by the Minister.

48. In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges, or by reason of a defective service, or by request of the occupier or owner, or when, in the opinion of the Minister or local officer necessary to prevent waste of water, or for other reason, a fee of five shillings shall be charged for reconnection, and shall be payable by the owner or occupier for the time being on demand. The service shall not be restored until such fee shall have been paid.

49. No person to whom water is supplied by the Minister shall, without written permission, sell or supply water to any person who may not reside on the premises of which he is the occupier.

50. The occupier of any premises to which the water has been laid on, or in the event of there being no occupier, the owner shall cause proper means to be taken by locks or otherwise, subject to the approval of the Local Officer, to prevent the use of the water from the main by persons not connected with the premises supplied.

51. The owner or occupier of any allotment of land within the Water Area who shall erect or make, or cause to be erected or made, any building or addition to an existing building on such land shall, within one calendar month thereafter, give notice in writing thereof to the Minister.
