4. *Classification of Benches.*—Any bench fed directly from a vertical saw or twin saws shall be classed as a big bench. Any bench fed directly from a big bench shall be classed as a No. 2 bench: Provided, however, that on this point the Court reserves to itself power to amend the clause by classifying benches according to the sizes of saws, should either party make application in that respect.

5. *Time Sheets.*—Time sheets shall be provided for firemen and guards to enable them to sign on and off duty daily.

6. *Sanitary.*—No rate shall be charged by the employer for the use of c.c.s. now provided at the mills for the convenience of workers during working hours. Where sanitary service or removal of rubbish or both is or are being carried out by the employer no increase in the charge at present imposed upon the workers shall be made, other than is reasonably sufficient to make such service or services self-supporting.

7. A saw-filer who has more than eight saws to sharpen shall be supplied with an assistant.

8. *Swamper's Work.*—Swamper's work shall consist of attending to one team only.

9. *Shovels to be supplied.*—Navvies and fettlers shall be entitled to be supplied by the employer with shovels.

10. *Travelling Time.*—(a.) Navvies shall be entitled to full pay for time occupied in travelling from their camp to work.

(b.) A worker called upon to work away from his home station shall be entitled to payment at ordinary rates for the time necessarily occupied in travelling to and from his work.

11. (a.) *Piecework Fallers: Fortnightly Settlement, etc.*—If any faller has twenty-five loads, or in the case of two fallers working together, if any such two fallers have more than fifty loads cut in the bush at the end of any pay fortnight and not paid for, he or they shall be entitled to have the same measured by the employer's bush foreman or representative, and the employer shall, through such foreman or representative, issue to the faller a certificate of the result of such measurement. Upon presentation of such certificate to the paying officer the worker shall be entitled to payment forthwith to the extent of ninety per centum of the amount disclosed to be due by such certificate.

All logs hauled shall be measured at the mill or the bush landing. Should any log be docked such records shall be kept as will enable the faller to identify the log. The reason for such docking and the measurement of the log before and after docking shall be posted at the bush landing within three days after the next pay day.

All trees felled by order of the bush boss shall be paid for in full.

(b.) *Hewers.*—On each pay day each sleeper hewer shall be entitled to receive payment for ninety per centum of the sleepers cut whether same have or have not been passed, on presentation of the bush foreman's certificate, which shall be obtainable in manner similar to that provided in the case of fallers in the preceding subclause.

12. *Camps.*—Where portable tents such as those used at Mornington bush camps are provided for bush workers other than hewers the labour necessary to shift camp shall be supplied by the employer.

In other cases the bush worker other than hewers shall be entitled to payment at his ordinary rate of pay for the time he is occupied in shifting camp; with a minimum of four hours' pay. The amount due to a pieceworker under this provision shall in the absence of mutual agreement be calculated on the average of amounts earned by such pieceworker during the three pay periods immediately preceding.

13. *Timber Cutter, Carter, Hower—Notice.*—In the event of a timber cutter, carter, or hower desiring to leave his employment he shall be paid in full for his work on giving three days' notice.

14. *Hours of Labour.*—(a.) The week's work except in the case of watchmen, firemen on locomotives, guards, grooms, and feeders, shall consist of forty-eight hours, which may be so arranged as to permit of more than eight hours being worked on each of the first five working days of the week in order to provide for a short day being worked on Saturday.

The hours of work for feed-mixers shall be forty-eight per week of six days and may be specially arranged for.

(b.) Each day's work shall stand by itself.

(c.) The hours of duty for watchmen shall be during seven days per week:—

Night watchmen, from 6 p.m. to 6 a.m.

Day watchmen, from 6 a.m. to 6 p.m.

(d.) The hours of labour for guards and firemen on locomotives shall be eight consecutive hours per day, exclusive of time absent for meals. Such workers shall, if the employer so desires, work for a further two hours per day at ordinary time rate.

A minimum fortnightly wage equivalent to ninety-six hours per fortnight, exclusive of Sundays, at the minimum rate hereinbefore prescribed shall be guaranteed and paid by the employer to each such guard and fireman ready and available for work.

This sub-clause shall not be deemed to create a right on either side to fourteen days' notice to terminate the service.

Firemen on locomotives shall be allowed and paid for one hour extra per day for early and late attendance.

(e.) All work required to be performed beyond the hours hereinbefore prescribed shall be considered overtime.

15. *Overtime.*—(a.) Overtime required to be performed by any worker, other than a guard or locomotive fireman, shall be paid for at the following rates:—

For the first four hours, time and a-quarter; thereafter time and a-half.

(b.) A guard or locomotive fireman required to work beyond ten consecutive hours exclusive of time absent for meals in any one day shall be entitled to payment at the rate of time and a-half for all such work.

(c.) Hookmen required to unload logs from rakes during the times indicated hereunder shall be entitled, in addition to their ordinary wage, to the following per rake:—

(i.) Payment as for half an hour's work if the said work is performed during dinner time, or between knock-off time for the day and 6 p.m.;

(ii.) Payment as for one hour's work if performed after 6 p.m. and before darkness;

(iii.) Payment as for two hours work if performed after darkness has set in, or on Sunday, or the holidays hereinafter mentioned.

16. *Holidays.*—(i.) The following days, or the days which may be observed in lieu thereof, shall, except in the cases of grooms, feeders and watchmen, be observed as holidays:—

Christmas Day, Boxing Day, New Year's Day, Proclamation Day, Good Friday, Easter Monday and Eight Hours' Day.

(ii.) Work required to be performed by workers other than grooms feeders, and watchmen on any of the said days, or on Sunday, shall be calculated and paid for at the rate of time and a-half, and in the case of a guard or fireman with a minimum time allowance of four hours.

(iii.) Each groom, feeder, and watchman, shall be entitled to an annual holiday of two weeks' duration on full pay; provided, however, that should the service be brought to a termination before the expiration of twelve months from the date upon which this award commences to have effect, the said two weeks' holiday shall be commuted to a holiday of one day for each calendar month's service.

Provided further that in case the worker is dismissed for serious and wilful misconduct the provisions of this subclause shall not apply.

The annual holiday shall be granted at such time during the year as may be mutually agreed upon between the employer and the worker concerned.

17. *Under-rate Workers.*—Any worker who by reason of old age or infirmity is unable to earn the minimum rate of wage hereby prescribed may be employed at a lesser rate of wage to be agreed upon in writing between the worker and the secretary of the applicant union, and in default of such agreement within twenty-four hours after such worker shall have applied in writing to such secretary stating his desire that such wage should be agreed upon, such wage as shall be fixed by the most convenient resident or police magistrate upon the application of such worker after twenty-four hours' notice in writing shall have been given by him to the said secretary, who shall if he so desires be heard by the magistrate upon such application.

After having made application to the secretary and after lodging the application to the magistrate and pending the decision thereon in either case, the worker shall be entitled to work for and be employed by the employer at the proposed reduced wage.

The determination of the magistrate shall have effect for six calendar months from the date thereof, and after the expiration of the said period until the wage shall be again fixed, in the manner prescribed at the instance of the said secretary.

The secretary may by writing under his hand appoint an agent or substitute to represent the union at the hearing of any such application before a magistrate.

18. *Boys.*—The employer may employ boys under the age of nineteen years in any position, except that of sawyer, they are capable of filling at rates of pay commensurate with their age, abilities, and usefulness to the employer. Provided that any boy desiring such employment shall deliver to the employer or to his local manager a letter from the secretary of the local or nearest branch of the union, intimating that the union desires employment be given such boy whose name and age shall be stated.

19. *Stoppages.*—All saws shall be changed in the employer's time, and any delay or stoppage occasioned by changing saws, repairing belts, breakage of machinery, or other cause shall be counted as working time and paid for: Provided that if any delay or stoppage occurs and a signal be given allowing workers to leave their work for at least half an hour the worker shall not be entitled to payment for time lost, and in that event the men shall resume work on the signal being given for the purpose.

20. *Night Shifts.*—When a mill is worked by night as well as by day the employer shall as far as possible, arrange that the worker shall be required to work by night only on alternate weeks. Work performed on night shift shall entitle the worker to payment at the rate of one shilling per shift in addition to the minimum rate hereinbefore prescribed, except where such night shift work is rendered necessary in consequence of fire or other unforeseen disaster.

21. *Rents not to be increased, etc.*—The employer shall not during the currency of the award either directly or indirectly increase the rents of the huts or houses now occupied by the workers in or about the mills, nor shall he deprive the worker of any privilege hitherto enjoyed by him.

22. *Stores.*—Where the employer supplies the workers with stores and supplies the prices charged shall not on the average be more than ten per centum above the prices generally current in Perth for articles of a similar description and quality sold in like quantities.

A current price list of the stores, groceries, ironmongery, and standard lines of drapery on sale shall be kept available for the use of customers in a conspicuous place in each store setting forth the price of each such article on sale therein.

23. *Recognition of Union.*—(a.) The employers shall officially recognise the applicant union.

(b.) The employers in the employment of their workers shall not discriminate against members of the union, nor in the conduct of their business do anything with a view of directly or indirectly injuring the union.

All workers shall work together in harmony.

24. *Payment of Wages.*—The workers shall be entitled to payment of wages twice during each month.

25. *Lower Duties.*—Should a worker to meet the convenience of the employer be temporarily transferred to perform a class of work carrying a lesser minimum rate of wage than that at which he is usually employed he shall not, during such temporary transfer, suffer any reduction in his usual wage.

IN WITNESS WHEREOF this award has been signed by the President of the Court, and the seal of the Court has been hereto affixed this 18th day of February, One thousand nine hundred and fourteen, the time for making this award having been extended up to and inclusive of the present instant.
