LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 13th March, 1914.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

Applications must be lodged at the Local Land Office for the District in which the land is situated

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or the Clerk in Charge of any of the District or Branch

Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance is available subject to the special condition that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

Education Department,
Perth, 12th March, 1914.

HIS Excellency the Governor in Executive Council has been pleased to approve of the regulations for Secondary School Scholarships being amended to read as under.

CECIL ANDREWS,
Director of Education.

Secondary School Scholarships.

1. Scholarships, not exceeding fifty in each year, are annually offered for boys and girls attending Government or other efficient schools. Ten of these Scholarships will be of the value of £20 per annum. The remainder will entitle the holders to receive a grant to defray the necessary expenses incurred in the provision of books, provided that no such extra grant shall exceed £3 per annum, and to have their entrance fees paid by the Department on sitting for the Junior Examination in the second year, and for the Leaving Certificate Examination in the fourth year of their Scholarship. Scholarship holders living at home may also receive a grant to defray their necessary travelling expenses, provided their homes are at a greater distance than two miles from the school. The winners of these Scholarships must attend Secondary Schools approved by the Department. If the winner of a Scholarship resides at such a distance from an approved school that it is necessary for him to become a boarder or to live away from home, an additional allowance of £30 per annum will be given.

2. The Scholarships will be tenable for four years.

3. A candidate for these Scholarships must—

- Be over twelve and not more than thirteen and a half years old on the last day of the year in which the examination for the Scholarship is held.
- Have attended one or more of the Government or other efficient schools of the State continuously for at least two years immediately preceding the day mentioned in (a), and have made not less than three hundred half-day attendances (unless prevented by illness) in such school or schools during his last year.
- Produce a certificate of industry and good conduct from the Head Teacher of the school last attended.
- Forward a statutory declaration from his parent or guardian showing either (i) that the total income of the parent or guardian does not exceed a quota of £50 per annum for each member of the family, including the parents or guardians, and excluding children earning a wage of 10s. or more weekly, or (ii.) that the total income of the parent or guardian is less than £250 per annum.

4. The Scholarships are awarded upon a competitive examination conducted by the Education Department.

5. A number of Scholarships, not exceeding one-fifth of the total number offered, will be reserved for pupils from country schools, provided that candidates of sufficient merit present themselves. A school with an average attendance of over 200 shall not be deemed a country school for the purposes of this section.

6. The conditions upon which the Scholarships are tenable are:—

- That the successful scholar shall, at the commencement of the first term following the award of the Scholarship, become a pupil at a Secondary School approved by the Minister. The Minister may require that the school be inspected.
- That he shall continue to attend such school, and at the end of each term obtain from the authorities of the school, and forward to the Education Department, a certificate stating that his conduct and attendance have been satisfactory. Full particulars of attendance, of success in study, and of promotion, if any, must be given. If an unfavourable report is received, or if at any time his conduct be disorderly or immoral, the Scholarship may, at the discretion of the Minister, be forthwith cancelled.

84. (a.) The license of any driver, owner, or conductor may, for any misconduct, be revoked, cancelled, or suspended by the Licensing Officer, as he shall deem right, after notice given to such owner, driver, or conductor to show cause why the same should not be revoked, cancelled, or suspended, and opportunity thereupon given to him to show such cause.

(b.) The Licensing Officer may refuse to issue a license to any person he shall think disqualified therefor; and he shall refuse to issue a license to any person against whom several complaints may have been made to him as the Licensing Officer, or to the Council, or in consequence of information laid before a Justice.
