#### LAND OPEN FOR SELECTION.

Department of Lands and Surveys,  
Perth, 15th May, 1914.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease, but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance is available subject to the special condition that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual conditions governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

#### AWARD.

The Court of Arbitration of Western Australia (hereinafter called "the Court"), having taken into consideration the matter of an industrial dispute between the above-named parties, and having heard the union and such of the employers as appeared by their respective representatives duly appointed, and having considered the evidence adduced on behalf of the union and the employers respectively, doth hereby order and award that, as between the union and the members thereof and the employers and each of them, the terms, conditions, and provisions contained in the schedule hereto shall be binding upon the union and the members thereof and upon the employers and each of them, and that the said terms, conditions, and provisions shall be deemed to be and they are hereby incorporated into and declared to form part of this award; and further that the union and the members thereof and the employers and each of them shall respectively, do, observe, and perform every matter and thing by the said terms, conditions, and provisions required to be done, observed, and performed, and shall do nothing in contravention thereof, but shall in all respects abide by and observe and perform the same.

## THE SCHEDULE HEREINBEFORE REFERRED TO.

1. *Locality*.—This award shall have effect over the area comprised within a radius of fourteen miles from the General Post Office in the City of Perth.

2. *Term of Award*.—This award shall come into force on the 2nd day of May, 1914, and shall continue in operation for the period of twelve calendar months from the said date.

3. *Hours of Labour*.—The hours of labour shall be:—In the case of retail grocers' carters or drivers, fifty hours per week; in the case of all other carters or drivers to whom this award applies, forty-eight hours per week, exclusive in all cases of the time, not exceeding half-an-hour on any one day, during which a carter or driver may be required to groom, harness, or unharness his horse or horses.

Provided always that the time occupied by the carter or driver in travelling with his vehicle and horse or horses from the employer's stable to the place where the work commences, or the first mile of such journey, whichever shall be the lesser distance, or in returning to the said stable with a similar limit of one mile after completion of the day's work, shall not be deemed portion of the said working time.

4. *Overtime and Holiday Rates*.—A carter or driver required to perform duty after he shall have completed,—

(a.) In the case of a carter or driver employed in charge of a parcels express wagon or cart, nine hours work on any one day except Saturday;

(b.) In the case of a retail grocer's carter or driver after the usual closing hour of the shop, or after he shall have completed fifty hours in any one week;

(c.) In all other cases after forty-eight hours in any one week, or eight hours forty minutes in any one day, except Saturday;

(d.) On Saturday, four hours forty minutes,

shall be entitled to payment in respect of such duty at the following rates:—

For the first two hours, time and a-quarter;

Thereafter, time and a-half.

If required to work on Sunday or on any of the holidays hereinafter specified, the carter or driver shall be entitled to be paid at double time rate for all time during which he is engaged, with a minimum time allowance of two hours at such double time rate.

5. *Record Book*.—The employer shall keep a record showing the name of each carter or driver employed by him, the time he starts and finishes work each day, the total number of hours worked each day, the amount of overtime worked by, and the wages paid to each such carter or driver. Such record shall, at the employer's option, which shall be intimated to the secretary of the union, be kept either at the office of the employer or at his stable, and shall be open to inspection by the representative of the union during working hours. The employer and worker shall be severally responsible for the proper posting of the book.

6. *Holidays*.—The following days shall be recognised and paid for as holidays:—New Year's Day; January 26th; Good Friday; Easter Monday; Anniversary of the Foundation of the State (June 1st); Eight Hours' Day (October 21st); Christmas Day, and Boxing Day.

7. *Engagement*.—The term of the engagement shall be a weekly or hourly one as heretofore.

8. *No Deduction*.—No employer shall be entitled in consequence of this award to reduce the rate of wage being paid by him to any carter or driver at the date of issue of this award.

9. *Juniors: Number*.—An employer who employs no adult carter or driver shall be entitled to employ not more than two junior carters or drivers at rates hereinafter prescribed; but no employer shall employ three such juniors until he shall have in his employ four carters or drivers in receipt of the minimum adult wage hereinafter prescribed, and thereafter the number of juniors employed (always excluding the first two as hereinbefore provided for) shall not be such as to exceed the proportion of one junior to three carters or drivers employed at the prescribed minimum adult rate.

This clause shall not apply to general carriers or produce merchants.

10. *Dry Pay*.—No deduction from the worker's wage shall be made in respect of meals or housing provided by the employer.

11. *Store Work*.—It shall be portion of the carter's or driver's duty to load or unload or assist in loading or unloading goods on or off his vehicle from or to shops, stores, or warehouses: Provided always that when not employed with his vehicle the carter or driver may be employed in any other work, but if under any current industrial agreement or award such other work entitles the worker engaged thereat to a remuneration greater than that herein provided for the carter or driver, then the latter shall be entitled whilst so engaged to the higher remuneration.

12. *Under Rate Workers*.—Any worker who by reason of old age or infirmity is unable to earn the minimum adult wage prescribed by this award, may be employed at such lesser wage (if any) as may be agreed upon in writing between the worker and the secretary of the applicant union. If within twenty-four hours after the worker has notified the said secretary of his desire to work at a lesser wage than the said minimum, the secretary and worker do not agree as aforesaid, then the worker may apply to the most convenient resident or police magistrate for a permit to work at such lesser wage. The worker shall give to the said secretary at least twenty-four hours' notice of his intention to make such application to the magistrate, and the secretary or his agent shall be entitled to attend before the magistrate and be heard on any such application. After having made application to the secretary, and after lodging the application to the magistrate and pending the decision thereon in either case, the worker shall be entitled to work for and be employed by an employer at the proposed lesser rate. The magistrate may grant to such a worker a permit to work for such wage and for such period not exceeding six calendar months, as he thinks fit, and his decision in the matter shall be final. The permit shall entitle the worker to work at the wage therein mentioned for such period as may be therein stated, and thereafter until the wage shall have again been settled by the magistrate on the application of the said secretary.

The number of workers employed by any one employer or firm at a wage less than the prescribed adult minimum rate by virtue of such agreements or permits shall not be such as to exceed the proportion of one such under rate worker to every four or portion of four workers in receipt of the prescribed adult minimum rate in the employ of the said employer or firm.

CONTINUATION CLASSES.

Education Department,  
Perth, 7th May, 1914.

2537/14.  
HIS Excellency the Governor in Executive Council has been pleased to approve of the following Regulations for Continuation Classes under the Education Department.

CECIL ANDREWS,  
Director of Education.

CONTINUATION CLASSES REGULATIONS.

- 1 (a.) Instruction in these classes will be given to male and female students between the ages of 14 and 18 years, who are not attending Day Schools.
- (b.) Day School scholars over 14 years of age in the VII. or VIII. class may attend the Commercial course in Shorthand and Bookkeeping, or the Domestic course in Millinery and Dresscutting, provided that no facilities for the teaching of these subjects are afforded in the State school during the daytime.
- (c.) Children under 14 who have obtained exemption from attendance at Day Schools are eligible for instruction.

*Conditions of Instruction.*

- 2. (a.) Each class term will consist of twelve lessons of two hours each.
  - (b.) Each student must take a group of three subjects, except as hereafter provided (Section (e)).
  - (c.) English will, as a rule, be a compulsory subject in any of the groups that may be taken.
  - (d.) Students will be required to be present at 75 per cent. of the lessons in each class of the courses they attend. More than three absences in one term in any subject, unless a valid excuse can be given, will disqualify a student from further attendance in that subject and also in the other subjects of his course.
- Absences may be excused if a written note from the student's parent or guardian is presented to the Head Teacher or Secretary, and if, in the opinion of the Head Teacher or Secretary, the excuse given is a reasonable one.
- (e.) Each student will be expected to confine his subjects to one of the following groups:—Preliminary, Commercial, Industrial, Domestic, Science, provided that the Director of Education shall have power to allow a relaxation of this rule where special circumstances have to be considered.

*Scale of Remuneration.*

- 3. The remuneration of the Instructor will, as a rule, be 12s. 6d. per lesson of two hours for each class in which the average attendance of students is at least equal to the number set down as the minimum average attendance for the class, and will be calculated proportionately if the average attendance of students falls below this number.

At the end of the year an adjustment will be made whereby the excess of students during one term will be allowed to make up for any deficiency in another term.

The remuneration for Headmasters shall be 12s. 6d. per night for one to three nights per week, for 39 weeks per annum. Where the enrolment exceeds 400, the salary of the Headmaster shall be determined by the Minister.

The remuneration of Secretaries shall be calculated on the following basis:—

- (a.) In centres with an enrolment up to 25 individual students, 7s. 6d. per week for 39 weeks per annum.
- (b.) In centres with an enrolment of from 26 to 50 individual students, 10s. per week for 39 weeks per annum.

#### Examinations.

4. Terminal and annual examinations will be held on the work of each class, and a record of each student's success will be kept by the Headmaster or Secretary.

#### Courses of Instruction.

5. The various courses of instruction shall be those outlined in the Department's syllabus for each year. Instruction should not be given to a higher standard than is prescribed in the courses as outlined, without permission having first been obtained from the Department.

#### Conduct of Classes.

6. (a.) Students must, as a rule, confine their work to one of the courses specified, but permission may be granted by the Department, on application, to vary the courses according to local requirements.

(b.) Students will be required to select three subjects from any course. Permission may be granted, on application to the Department, to vary this rule.

(c.) Students who have not reached a standard of education equal to that prescribed for Class VI. in the State schools should take the Preliminary Course in their first year.

(d.) Students who have reached a standard equal to that of Class VI. in the State schools will be eligible to attend the first year's classes in any course. Those who have reached a Standard equal to Class VII. or VIII. in the State schools will be eligible to attend the second year classes in any course.

(e.) Students who complete any full course and pass the examinations set by the Department thereon may receive a certificate entitling them to further instruction in certain courses at the Technical School.

(f.) No class that does not reach the minimum number specified by the syllabus may be commenced without permission of the Department.

(g.) Each Headmaster and Secretary will be required to keep the following books and registers:—

- (b.) Attendance Registers.
- (c.) Free Entry Book.
- (d.) Postage Stamp Book.
- (e.) Admission Cards.
- (f.) Record of Absentee Notices and Explanations of Absence.

(h.) In small centres where no Technical Schools are established, students over 18 years of age may be admitted to vacancies in any Continuation School Class. Permission must in each case be first obtained from the Department.

(i.) In small centres where no Technical Schools are established, students who complete the Second Year Course and gain a certificate at the Annual Examination may be permitted to continue their attendance and receive further instruction of a more advanced nature.
