LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 5th June, 1914.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease conditions.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease, but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

KARRAKATTA PUBLIC CEMETERY. (Reserve 745.)

Department of Lands and Surveys,
Perth, 5th June, 1914.

HIS Excellency the Governor in Executive Council has been pleased, under the provisions of "The Cemeteries Act, 1897," and its amendments, to approve of the cancellation of all By-laws for the Management of Karrakatta Public Cemetery (Reserve 745) previously published in the *Government Gazette*, and to approve, in lieu thereof, of the amended By-laws as set out hereunder.

R. CECIL CLIFTON,
Under Secretary for Lands.

By virtue of all powers in that behalf vested in the Trustees of the Karrakatta Public Cemetery, the said Trustees make the following By-laws:—

1. All fees and charges payable to the Trustees, as set forth in Schedule A, shall be paid at the times and manner therein mentioned, unless otherwise ordered.

2. Any person desiring to inter any dead body in the Cemetery shall make an application in the form contained in Schedule B. Upon such application being approved by the Trustees, and upon payment of the prescribed fees, they shall cause to be issued to the person so applying an "Order for Burial," in the form contained in the Schedule C.

3. All applications for interment shall be made at the office of the Trustees in such time as to allow at least five working hours' notice being given to the Superintendent at the Cemetery prior to the time fixed for burial. An extra charge shall be made for applications within such time. No free interment shall be allowed unless the application, together with the Magistrate's order therefor, be handed in at the office in such time as to allow of at least six working hours' notice being given as above.

4. The Trustees shall cause all graves to be dug, and vaults, brick graves, or graves to be re-opened as and when required.

5. Before any interment is allowed, the "Order for Burial" shall be handed to and retained by the Superintendent.

6. Every coffin shall have upon the lid an approved metal plate bearing the name of the deceased stamped or otherwise indelibly inscribed in legible characters thereon. No coffin not complying with this By-law shall be admitted to or be interred in the Cemetery.

7. Every grave shall be at least 7ft. deep at the first interment, and no interment shall be allowed in any grave with a less depth than 3ft. from the top of the coffin to the original surface of the surrounding ground.

8. In the case of an application for interment in any private grave or vault to which the deceased had no claim during life, the written and verified consent of the grantee shall be handed in with the application.

9. No burial shall be allowed to take place in the Cemetery, nor shall any coffin be allowed to enter the Cemetery, unless a certificate from a District Registrar of Deaths that the death has been registered, or a Coroner's order for burial is handed to the Superintendent, at the latest, upon the funeral entering the Cemetery. Should the undertaker or his representatives

be unable to produce the said certificate from the Registrar, he shall give a written guarantee to produce same within three days, and satisfactory reasons must be given for the non-production of such certificate in the first instance. In default of the production of the said certificate within three days, the undertaker's license may be suspended until such certificate is produced. The certificate will be retained, but the Coroner's order shall be returned to the person delivering the same.

10. Unless otherwise ordered the principal entrance to the Cemetery shall be open daily between the hours of 7 a.m. and 6 p.m. from 1st September to 30th April, and between 7 a.m. and 5 p.m. during the remaining months of the year.

11. The hours for burial shall be as follows:—

1st September to 30th April—Week days, from 8 a.m. to 5 p.m.; Sundays, from 2 p.m. to 5 p.m.

1st May to 31st August—Week days, from 8 a.m. to 4.30 p.m.; Sundays, from 2 p.m. to 4.30 p.m.

and no burial shall be allowed to take place, nor any coffin allowed to enter the Cemetery at any other hour except by written permission of the Trustees.

12. The time fixed for any burial shall be the time at which the funeral is to arrive at the Cemetery gates, and, if not punctually observed, the undertaker responsible shall be liable to a fine of 10s. 6d.

13. Every funeral shall enter by the principal entrance, and no vehicle, except the hearse and mourning coaches, shall be permitted to enter the Cemetery, or stand opposite the entrance gates. Horses shall not be allowed to proceed faster than at a walking pace within the Cemetery, and shall proceed at and by such roads as directed by the Superintendent or other officer of the Trustees from time to time. Any driver or other person failing or neglecting to observe such directions may be forthwith expelled from the Cemetery. No bicycle shall be ridden within the Cemetery.

14. Children under the age of ten years entering the Cemetery must be in charge of some responsible person.

15. Smoking shall not be allowed within the Cemetery, nor any fireworks discharged therein.

16. No dogs shall be admitted into the Cemetery, and any found there shall be liable to be destroyed.

17. Any person violating the rules of propriety and decorum, or committing any nuisance or trespass, or injuring any tree, shrub, flower, border, grave, or any erection, or in any way infringing these By-laws, shall be expelled from the Cemetery.

18. No person shall remove any plant, tree, shrub, flower (other than withered flowers, which are to be placed in the receptacles provided by the Trustees for same), or any article from any grave without first obtaining a permit from the Trustees or their representatives.

19. No person shall pluck any tree, plant, shrub, or flower growing in any portion of the Cemetery.

20. No person shall remove or carry out of or attempt to carry out of the Cemetery any tree, plant, shrub, or flower without the written authority of the Trustees or their representative.

21. No person shall promote or advertise, or carry on within the Cemetery any trade, business, or calling, either by solicitation, distribution of circulars, by cards or otherwise, or by any other system of advertisement whatsoever, without the written consent of the Trustees, and any person infringing this By-law shall be expelled from the Cemetery.

22. No person employed by or under the Trustees shall be permitted to accept any gratuity whatever, nor shall he be pecuniarily interested in any work in the Cemetery, other than the remuneration he receives from the Trustees, and any such person proved guilty of accepting any gratuity, or being pecuniarily interested in any such work, shall be liable to summary dismissal.

23. Subject to the By-laws, and to the directions of the Trustees, the Superintendent shall exercise a general supervision and control over all matters pertaining to the Cemetery, including the conduct of all funerals and interments within the Cemetery.

24. Any person requiring an "Exclusive Right of Burial" in any part of the Cemetery shall apply to the Trustees, in writing, specifying the location of the grave, and whether it is proposed to erect a brick grave or vault, and in such case submitting plans and specifications of the proposed work. Such application shall also state the names of any already deceased person whose remains it is proposed to inter therein.

25. Upon being satisfied of the matters aforesaid, and of the suitability of the said work, plans, and specifications, the Trustees may authorise the construction and erection thereof, or, if no work is to be done, may issue a "Grant" in the Form "E" in the Schedule.

26. Upon the completion of the work aforesaid, the Trustees may, if and when such work is done to their complete satisfaction, issue a "Grant" in the Form "E" in the Schedule.

27. Every such Grant shall be subject to the By-laws for the time being, and no interment in any such grave or vault shall be allowed unless upon production of the "Order for Burial" aforesaid, nor shall any such grave or vault be opened, unless with the written consent of the Trustees.

28. Every coffin placed in any such bricked grave or vault shall be bricked in, cemented, and any space surrounding such coffin to be filled in with charcoal, dry earth, or other suitable material, and covered with a slab of stone, slate, or iron, unless special written exemption be obtained from the Trustees.

29. In the event of such exemption being obtained from the Trustees, each coffin placed in any brick grave or vault shall be properly lead lined and hermetically sealed.

30. If application be made for an "Order for Burial" in any grave or vault of the remains of any person other than the person to whom the grant was issued, or his registered assign, the written and verified consent of such grantee or assignee shall be produced, together with the "Grant of Right of Burial."

31. Should the grantee be unable to produce the "Grant of Right of Burial" on making application for a grave to be reopened, for the purpose of interment, through having lost same, the said grantee shall make a sworn declaration to this effect, and shall pay the fee for a copy of such "Grant of Right of Burial," as prescribed in Schedule A, before an "Order for Burial" will be issued by the Trustees.

32. Any person desiring to place or erect, or to alter or add to any monument, tombstone, or enclosure in any part of the Cemetery must first obtain the written consent and approval of the Trustees, and otherwise comply with Section 23 of the principal Act (61 Vict., No. 23).

33. Every tombstone, monument, or enclosure shall be placed on proper and substantial foundations, which, if required by the Trustees or their officers, shall extend to the bottom of the grave.

34. The materials used in every such erection shall be subject to the approval of the Superintendent or other officer appointed by the Trustees, and any material rejected shall be immediately removed from the Cemetery by the contractor for the erection. All refuse and other rubbish remaining after any work is completed shall be immediately removed from the Cemetery by the person causing the same.

35. Should any work by masons or others be not completed before a Sunday, they shall be required to leave the work in a neat and safe condition, to the satisfaction of the Superintendent.

36. Monumental masons and other tradesmen shall, before commencing any work within the Cemetery, deposit with the Secretary to the Trustees the sum of 10s., which shall be forfeited if the provisions of either of the two preceding By-laws be not complied with to the satisfaction of the Superintendent.

37. All material required in the erection and completion of any work shall, as far as possible, be prepared before being taken to the Cemetery: and all materials required by tradesmen shall be admitted at such entrance as the Superintendent shall direct, and no vehicle conveying any such materials with wheels less than 4in. broad shall be permitted to enter the Cemetery.

Every grave, vault, monument, tombstone, kerbing, or any other erection, shall be maintained and kept in thorough repair and proper condition by, and at the expense of the grantee. Should the grantee's residence not be known, or be out of the State, the Trustees to have power to do the work and keep an account against the grantee. No mounds shall be allowed.

40. No wooden fence, railing, cross, or other wooden erection shall be allowed on or around any grave or vault.

41. No trees or shrubs shall be planted on any grave except such as shall be approved by the Superintendent.

42. All workmen, whether employed by the Trustees or by any other person, shall at all times, whilst within the boundaries of the Cemetery, be subject to the supervision of the Superintendent, and shall obey such directions as that officer may find it necessary to give; and any workman permitting any breach of these Regulations and By-laws, or refusing or neglecting to comply with any directions of the said Superintendent, shall be removable from the Cemetery.

(b.) No sand, soil, or loam shall be taken from any portion of the Cemetery for the purpose of dressing any grave, except with the permission of the Superintendent.

(c.) The dressing of all graves, and the wheeling and carting of any material shall be subject to the supervision of the Superintendent.

(d.) Work in all cases to be carried on with due despatch, and only during regulation hours.

45. In every case where the funeral train from Roe Street platform, Perth, is availed of, the coffin shall be placed in the Funeral Car provided for that purpose by the undertaker, and all railway charges shall be paid by him.

The train will be met at Karrakatta Station by the Board's Coffin Car and employés, and the coffin will be borne to the assigned grave by them, at the expense of the applicant for burial.

46. The undertaker or any one of his assistants shall be allowed to accompany the Funeral Train, and enter the Cemetery with the funeral for the purpose of discharging the usual duties of an undertaker.

47. Save as otherwise provided in the last preceding regulation, no undertaker, nor any assistant or servant of any undertaker, shall be allowed in the said train, or to enter the said Cemetery, or in any other manner be connected with the funeral after the coffin has been deposited in the Funeral Car at the Roe Street platform as aforesaid.

48. Prior to conducting any interment within the Cemetery or making use of the Cemetery for any purpose connected with interments every undertaker shall pay to the Trustees an annual fee of £2 2s., and shall at the time of making such payment give his assent in writing to such conditions as the Trustees may deem fit to impose. Upon such assent being given, and payment of the fee made, he shall receive a "Permit," to hold good during good behaviour and until the first day of July following, and unless in the possession of such a "Permit" no undertaker shall be allowed to engage in or carry out any duty or work within the Cemetery.

49. The Trustees may decorate graves from time to time, when desired by the grantees so to do. If the grantees do not desire the Trustees to carry out this work, the grantees may either do it themselves or employ any person licensed by the Trustees for that purpose.

50. No person, except the relatives of the deceased, the Trustees, or those licensed by the Trustees, shall be permitted to decorate any grave.

51.
