LAND OPEN FOR SELECTION.

Department of Lands and Surveys,
Perth, 25th September, 1914.

IT is hereby notified, for general information, that His Excellency the Governor in Executive Council has been pleased to approve of the areas scheduled hereunder being made available for selection under "The Land Act, 1898," and its amendments. The selector of a Homestead Farm from any location available under Part VIII. must take the balance thereof under Conditional Purchase, and a selector of a portion of any location available under Part VI. must take the balance of same under Grazing Lease Conditions.

The areas which are open under Part V. are open under Section 55 (Residential Conditions), and only under Section 56 (Non-residential Conditions) to those persons already holding their full complement under Section 55 in the immediate vicinity.

The lands marked with an asterisk are available under Part VI.

Applications must be lodged at the Local Land Office for the District in which the land is situated.

Any application may be lodged before the fixed date, but will be treated as having been received on that day; if there are more applicants than one for any lot, the application to be granted will be determined by the Land Board, and should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, after the closing of the date for receiving applications, notice will be given in the *Government Gazette* and at least one newspaper advising the applicants for the blocks of the date, time, and place of the meeting of the Board, to deal with the matter; but it shall not be obligatory on the Department to give any other notice.

If an applicant wishes to appear before the Land Board in person, he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

Land specified as carrying an Agricultural Bank advance which is situated within 15 miles of a railway or authorised railway is available subject to the special conditions that an expenditure of not less than one-fourth of the amount set out shall be made on prescribed improvements in each of the first four years of the lease; but this shall not release the holder from any covenant in the Agricultural Bank Mortgage requiring the improvements to be made at an earlier date. Such advance is subject to the usual condition governing a loan from the Agricultural Bank, particulars of which may be had on application to the Managing Trustee. Applications for advance must be accompanied by a fee of one per cent.

NAVIGATION ACT, 1904.

Harbour and Light Department,
Fremantle, 4th September, 1914.

2905/14.

THE following is the decision of the Court of Marine Inquiry, held at Fremantle before the Resident Magistrate (Mr. E. P. Dowley), Captain J. Foxworthy, and Thos. E. Cutler, Assessors, into the circumstances attending charge of negligence in the navigation of the s.s. "Bullarra," on the 24th August, 1914.

G. J. SINCLAIR,
Secretary Navigation Act.

Finding of the Court.

The Court, having carefully inquired into the circumstances attending above-mentioned negligence, finds that the Master of the s.s. "Bullarra" (Captain W. F. Lewis) was guilty of negligence in the navigation of the ship in approaching Bedout Island, on the night of the 24th August, 1914, and that such negligent navigation caused the ship to strike on a reef close to the island.

For such negligent navigation he is severely reprimanded, and is ordered to pay the costs of this inquiry, which are allowed at three guineas sterling.

Dated this 4th day of September, 1914.

E. P. DOWLEY,
Magistrate of the Local Court, Fremantle.
We concur in the above finding:

THOS. E. CUTLER,
JOHN FOXWORTHY,
Nautical Assessors.

THE NAVIGATION ACT, 1904.

Harbour and Light Department,
Fremantle, 14th September, 1914.

2728/14.

THE following Report and Finding of the Deputy Chief Harbour Master into the circumstances attending the stranding of the s.s. "Kwinana" on Fathom Rock, at the entrance of Cambridge Gulf, in the afternoon of the 25th August, 1914, has been approved by the Hon. the Colonial Secretary.

G. J. SINCLAIR,
Secretary Navigation Act.

I beg to report, for the information and approval of the Hon. the Minister, having this day held a Preliminary Inquiry into the circumstances attending the stranding of the s.s. "Kwinana" on the rocks to the Westward of Fathom Rock, Cambridge Gulf, at 12.15 p.m. on the 25th August, 1914.

The s.s. "Kwinana" is a single screw steamer, 3,295 tons gross and 2,130 tons nett register, Official No. 101707, owned by the Western Australian Government, and engaged in the cattle trade from Wyndham to Fremantle.

After careful consideration of the evidence given by the Master, Frank Dalrymple Lewis, Robert Griffiths, 2nd Officer, watch officer at the time the vessel struck, and the helmsman, at the above Inquiry,—

(a.) I find the s.s. "Kwinana" left Wyndham Jetty at 6.30 a.m. on the morning of the 25th August, and steered the usual course to pass to the Westward of Fathom Rock, on the usual track used by all vessels on this trade for reasons supplied by the Master in his evidence.

(b.) That on approaching the passage it was found that the tide had taken charge of the vessel, thereby sweeping her bodily on to the rocks, notwithstanding she had been hauled to the Westward to avoid same.

(c.) When it was found the vessel would not clear the rocks the engines were reversed from full speed ahead to full speed astern, but the vessel unfortunately took the bottom on the rocks to the West of the Fathom Rock, and remained fast until the tide again rose.

There is nothing in the evidence to support a charge of misconduct, incompetency, drunkenness, neglect, or carelessness on the part of the Master, Officers, or Crew; on the contrary, everything possible appears to have been done to avoid the stranding, and to save the vessel after she had stranded.

(d.) That the mishap was caused by the exceptionally strong tide taking the vessel and bodily setting her on the rocks.

(Sgd.) J. F. MORRISON,
Deputy Chief Harbour Master.
