N.B.—The minimum wharfage shall be 6d. and the minimum handling charge shall be 3d. per consignment.

Notes:—

(1.) Cargo landed on wharves or jetties from a ship in distress or for convenience of a ship and reshipped by same ship, 1s. per ton wharfage. (This rate includes 24 ordinary working hours' storage in the wharf shed.) Handling charges will be made according as the said cargo is dealt with, on the same scale as other cargo.

(2.) Transshipment cargo is cargo appearing as such upon a ship's manifest or declared in writing to the Trust before being transhipped direct ship to ship or being landed as being intended to be transhipped into a ship when landed is not removed from the premises of the Trust, but does not include cargo landed for land transport to another port.

(3.) No wharfage dues will be charged in respect of ballast, in the shape of stone, sand, shingle, or such like material, transhipped overside vessel to ship.

(4.) The Trust will not supply labour to handle cargo transhipped overside ship to ship.

(5.) Cargo is allowed 16 ordinary working hours free storage in wharf sheds, except transshipment cargo, which is allowed 24 ordinary working hours.

(6.) Wharfage dues on bulk kerosene and other like oils will be 5s. per ton of 250 gallons. Handling charges will be subject to arrangements according as the oils are dealt with.

(7.) Where consignees or owners of motor cars or their agents desire to open, adjust, and set up for removal such cars, permission may be given by the Wharf Manager for this to be done if it will not, in the opinion of the Wharf Manager, interfere with the convenient working of the wharf, and a charge of Ten shillings (10s.) per car shall be made for the use of the premises of the Commissioners in effecting the operation.

(8.) For the purpose of computing charges on specified rates, see Regulation No. 107.

(9.) *Special note re Handling Charges.*—The scale of handling charges set out in the above schedule are intended to include only normal handling and stacking and delivery of cargo, but occasions arise when the Commissioners are called upon, in order to find storage space or to deal with heavy or special cargoes, to stack cargo higher than under normal conditions. It is, therefore, enacted that in the case of wool, skins, gunnies, or other baled goods of like or heavy or cumbersome character, as well as cased or general goods of a heavy or awkward character, the schedule charge shall apply only to a stacking of one tier high, and if it is desired by the owners or is necessary in the opinion of the Wharf Manager to stack the goods higher than one tier, there shall be paid, in addition to the schedule charge, an extra handling charge of one shilling and eight pence per ton for each tier above the first.

(10.) *Harbour Improvement Rate.*—Attention is drawn to Regulation No. 113, which provides for a Harbour Improvement Rate on goods discharged in the port of Fremantle additional to wharfage dues and handling charges. This Harbour Improvement Rate is not levied on transshipment cargo, nor on coal discharged in the port of Fremantle for bunkering ships in the port only.

6. By repealing Regulation No. 114 and enacting the following new Regulation in lieu thereof:—

No. 114.—*Outwards Cargo.*

All goods shipped outwards over wharves or out of ships or lighters shall pay wharfage dues and handling charges at the same rate as inwards cargo of similar character, with the following exceptions:—

Goods wholly manufactured within the State, also products of the soil of the State, such as grain, flour, agricultural, horticultural, and farm produce, and coal (the product of the State) shall be free of wharfage dues on shipment to any port.

All other goods shipped to ports within the State of Western Australia shall pay wharfage dues at the rate of 1s. 6d. per ton.

Timber.—Wharfage 1s. 6d. per ton of 40 cubic feet, handling charges for lots of 500 tons and over, 1s. per ton for railway sleepers, and 1s. 6d. for all other classes of timber except paving and other blocks, in respect of each of the following services:—

- (d) Any other distinct labour services rendered.

Where consignments are less than 500 tons, general cargo rates will apply.

Paving and other blocks, 3s. per ton.

Frozen or Chilled Meat.—Wharfage free; handling charges, as on inwards cargo of like nature.

Fruit in cases.—Wharfage, free; handling charges:—

- (a) Where delivered to ship's slings through shed, 3s. per ton.
- (b) Where worked direct from railway wagons into ship's slings, 2s. per ton.

Sandalwood.—Wharfage (same as inward rates); handling charges if loose, 3d., or if crated, cased, bagged or bundled, 2s. per ton weight for each service incurred.

Firewood.—On rough timber exported as firewood: Wharfage, 1s. per ton weight; handling charges, same as paving blocks.

Flour.—Wharfage, nil; handling charges:—

1. Where shipped in lines of 500 tons or over—
 - (a) If stacked prior to shipment, 2s. per ton.
 - (b) If handled direct from railway wagons or other vehicles to ship's slings, 1s. per ton.
2. Where shipped in lines of less than 500 tons, same as on inwards general cargo similarly handled.

Discharging from Vehicles.—In all cases where the Trust provides labour to discharge cargo from vehicles into sheds or stacks for subsequent shipment, a charge of 6d. per ton will be made on goods handled additional to all other charges applicable at schedule rates.

General Minimum.—The minimum wharfage due shall be 6d., and the minimum handling charge 6d. per consignment.

7. By repealing Regulation No. 115 and enacting the following new regulation in lieu thereof, viz.:—

No. 115.

Charges on Coal bunkered or shipped:—The handling charges on bunker coal worked off wharves into ship's bunkers shall be as follows:—

- (a) Coal loaded into boxes or other similar receptacles, prior to being brought on to the premises of the Trust for tipping in to ship's bunkers, and arriving alongside a ship in railway wagons, being tipped by the ship's labour, shall be 4d. per ton of coal handled.
- (b) Where the above-mentioned boxes or receptacles are tipped by Trust labour, 8d. per ton of coal handled.
(Note.—The rates charged under (a) and (b) include the shovelling of a reasonable quantity of loose coal which may be in the wagons containing the boxes or other receptacles.)
- (c) Coal arriving alongside a ship loose in railway wagons requiring to be shovelled into shoots leading direct from the wagons into ship's bunkers, or into baskets or other receptacles on the wharf, 2s. 3d. per ton of coal handled.
- (d) Where the loose coal dealt with in sub-paragraph (c) has been shovelled into baskets or other receptacles on the wharf, and is then tipped by Trust labour into ship's bunkers, or shoots, 2s. 7d. per ton of coal handled.
- (e) Coal arriving at the wharf loose in railway wagons, and permitted by the Trust to be stacked prior to being handled into ship's bunkers, the following handling charges shall apply:—

- (1) Shovelling out of wagons into stack, and building stack within a radius of 10 feet of side of wagon, 2s. 6d. per ton.
- (2) For each additional 10 feet or portion thereof increase in distance from side of wagon, 1s. 3d. per ton.
- (3) Shovelling from stack into baskets or other receptacles, to be tipped into bunkers by ship's labour, 2s. 3d. per ton.
- (4) Where the baskets or other receptacles mentioned in sub-paragraph (3) above are tipped by Trust labour, 2s. 7d. per ton.

Coal landed from a vessel and intended for bunkering purposes shall pay the same wharfage charge as though discharged into hulk and, in addition, the same handling charges as would apply in similar circumstances to coal landed for any other purpose. In like manner, such coal when taken out again shall pay the same handling charges as are specified in this regulation according as it is handled.

None of the above-mentioned services include the cost of any crane or other appliances hired from the Trust to do the work.

Where the Commissioners are required to work small quantities of coal into ship's bunkers, the schedule rate of handling charge shall be increased by 50 per cent. in all cases where the quantity being worked into any one ship does not exceed 50 tons.

8. By repealing Clause 12 of that portion of Regulation No. 114 dealing with "*Wheat for Export*," and re-enacting the following new clause in lieu thereof, viz.:—

12. *Use of Elevators and Conveyors loading Ships.*—In all cases where the gantry loaders on the North Quay are available for use at a ship, and also where one or more of the portable elevators are available for use at a ship, at either the North Quay or any other berth, the ship must use such as are available, and, in the opinion of the Wharf Manager, applicable to her loading, and the Harbour Trust charges to be paid by the ship owner for the use of such appliances will be for continuous work between the hours of 8 a.m. to 5 p.m. Monday to Friday, and 8 a.m. to 12 noon Saturday, in loading vessels, for each gantry loader or conveyor, per hour, or portion of an hour, 10s.; this charge to include the use and rigging of all shoots used both ashore and aboard.

The cost over and above the ordinary cost of day work of all labour and supervision employed by the Trust in connection with the working of these appliances, or any of them, during hours other than the ordinary working hours of the port shall also be paid to the Trust by the shipowner, in addition to the hire rate already stated herein above.

Continuous work shall be deemed to be the continuous time during which these appliances, or any of them, are retained at a ship, and not the time during which they are actually working.

The ship that is first ready to use these appliances, or any of them, shall be deemed to have priority of claim to same, and in the event of any such appliances being, in the opinion of the Wharf Manager, available for use, and not used by a ship, the same rates will become chargeable against the ship as though the said appliances had been used by her.

9. By increasing from 1s. to 1s. 6d. per ton the handling charge provided for in Regulation No. 117 which the Master or Owner of a vessel permitted by the Commissioners to handle cargo from or to such vessel shall be entitled to charge the owners of such cargo for each distinct service rendered.

10. By repealing Regulation No. 137 and enacting the following new regulation in lieu thereof, viz.:—

No. 137.

Goods requiring to be moved.—Where a vessel is not ready to receive goods which have been brought down for direct shipment, and such goods have consequently to be stored on the wharf or in a shed at the berth where the vessel is lying, or if, for the convenience of the ship, or on account of doubtful weather or other cause, such goods are placed in such shed, a charge of 2s. per ton shall be made to the ship to cover the cost of the additional labour involved; and where such or any goods

have to be conveyed by the Trust to a ship, shed, or berth beyond the shed or berth where such goods have been deposited or stored, the cost of so conveying such goods shall be paid by the ship or owner of the goods, depending upon which the work is done for. The amount of the charge shall in each case be determined by the Wharf Manager, the minimum charge being 2s. per ton for removal to the next adjoining shed or berth, and 8d. per ton for each additional berth traversed thereafter. The Wharf Manager shall also have the option of refusing to do the work.

The usual storage rates will also be charged against such ship or owner of the goods, as the case may be.

11. By repealing Regulation No. 184 and enacting the following new regulation in lieu thereof:—

No. 184.

Scale of Charges for Hire of Cranes, including Driver and Power.

1. Continuous work between the hours 8 a.m. to 5 p.m., Monday to Friday, and 8 a.m. to noon, Saturday:—

There shall be an interval of at least three days between the closing of the date for applications and the date on which the Board sits. All applicants will be advised of the date fixed for the meeting of the Board. He may then, if he wishes, apply to Head Office for a Certificate to the Railway Department, which on presentation at the nearest Railway Station will entitle him to a Return Ticket at Excursion Rates to the place where the Board will sit, available for seven days from date of issue.
