12. Inward cargoes shall be delivered into railway trucks or trollies, and, as far as it is practicable, ship masters shall deliver cargoes according to the entries on bills of lading or manifests.

13. To insure prompt and correct deliveries to consignees, special efforts shall be made by ship masters to deliver goods of the same nature and branded together, *i.e.*, where bag stuffs are available they shall be delivered together, where cases are available they shall be delivered together, etc.

14. Outward cargoes to be delivered in the same order as inward cargoes. Goods for different ports to be kept separately.

15. No goods shall be landed or placed on the jetties without the written authority of the Pier Master or officer in charge.

16. If it shall appear that goods are being landed and cannot, in the opinion of the Pier Master or officer in charge, be removed in time to prevent a "block," the Pier Master or officer in charge may give notice, in writing, to the masters or persons in charge of vessels or lighters from which goods are being discharged to stop discharging cargo, and, upon such notice being given, no further cargo shall be discharged until such time as the Pier Master or officer in charge may direct.

17. The official hours for trucking will be from 8 a.m. to 5 p.m., with an interval of one hour for dinner. On Saturday the hours will be from 8 a.m. to 12 noon.

18. On all goods trucked after hours, on holidays, or on Sundays, at the request of shipping agents or others, the Pier Master or officer in charge will levy, in addition to the ordinary rate, 4d. per ton on all goods landed or shipped, and the amount of overtime charges incurred. The charge of 4d. per ton will not be levied in cases where the shipping agents, or other persons wishing to work after hours, indemnify the Commissioner against all claims arising from such working. The indemnity must be signed before the work begins, otherwise the 4d. per ton will be charged. A charge of 10s. per hour (min. 5s.) will be levied in all cases for use of engine after hours, on holidays, or on Sundays, and, in addition, on Sundays, the shipping agents or others are to be debited with the actual wages of enginemen and shunters engaged. When only one ship is working, that ship must bear the actual cost of engine hire incurred. When two or more ships are working, the engine hire incurred is to be borne proportionately by each ship, according to the work done for each. At Port Hedland the charge for use of engine will be 15s. per hour, minimum 7s. 6d., but when a horse is used in place of an engine for shunting purposes during overtime a charge of 2s. 6d. per hour will be levied.

20. Cargoes which are partly free and partly for bond shall be taken to the receiving warehouses, where they will be tallied by officers representing respectively the Customs and Railway Departments.

21. If free goods are not removed from the receiving warehouses within 48 hours from the time they are placed therein, a storage charge of 6d. per ton or 2d. per package per day will be made.

22. Storage charges on goods waiting shipment will be 6d. per ton per week or part of a week.

23. *Storage Charges on overlanded Cargo.*—Overlanded cargo stored at ports until picked up by the next boat is to be charged at 6d. per ton per week, calculated at dead weight or measurement, at the option of the Commissioner.

24. Goods not cleared at the Customs House will be kept in the receiving warehouses for 48 consecutive hours after delivery *ex* ship, to enable the consignees to clear same or enter them for bond. If at the end of 48 hours goods are uncleared they will be delivered to Customs, and a charge of 1s. per ton (minimum 3d.) per consignment will be made for haulage from the receiving warehouses to Customs. When cargo is placed in bond shed direct from ship's side, haulage charge will not be raised.

25. The railway officer shall, if requested, give receipts for all deliveries *ex* ship during official working hours.

26. The Railway Department will deliver bonded goods to Customs between 8 a.m. and 5 p.m.. On Saturdays, work shall cease at noon.

27. *Hire of Cranes.*—10-ton steam cranes, 10s. per hour, minimum £2; 5-ton steam cranes, winch, or elevator, 5s. per hour, minimum £1; donkey engines, 4s. per hour, minimum £1; hand cranes, 2s. 6d. per hour. The foregoing charges are for the use of cranes at hirer's risk only, but the Commissioner of Railways will take the risk on payment of 5 per cent. on value of goods to be lifted, in addition to ordinary crane charges. Application for the use of cranes, etc., must be made on the prescribed forms.

28. *Springs and Winches—Storage, etc.*—Springs and winches may be allowed on the wharves and jetties at owner's risk, but a charge of 1s. 8d. per day or part of a day will be made in the case of winches whilst working, and 1s. per day when not in use. If a truck is required to move them from one place to another, the usual haulage charges will be enforced.

29. No person shall fish from any jetty.

30. Stones, bricks, clay, sand, lime, coals, coke or other fuel shall not be landed or placed on the floor of the jetties. Firewood for the use of passenger steamers and other vessels or boats shall be taken direct from the truck to the vessel. No goods shall be handed over the rails of the jetties.

31. No person shall make fast any tackle, purchase, or other gear to any part of the crane, or place, or use any private derrick, crane, or other lifting machine without special permission obtained from the Pier Master or officer in charge.

32. No person shall drive, ride, or impel a machine upon any jetty; provided however, that a machine may be taken across any such jetty to or from any steamer, vessel, or boat moored thereto, for the purpose of being loaded or unloaded thereat.

The term "machine" shall include a bicycle, tricycle, velocipede, perambulator, or any motor car.

33. No bullock or horse teams, or any wheeled vehicle, other than a railway truck, drawn by any quadruped or quadrupeds, shall be driven on to, or permitted to go on, the jetties, and no riding on horseback will be permitted thereon.

34. No person shall land, or place, or cause to be landed or placed upon any jetty, or upon the approach to any jetty, any decaying or decayed vegetables, or other thing whatsoever likely to become a nuisance.

35. Live stock in limited quantities may be landed on the jetties by permission being obtained from the Commissioner of Railways, and under the terms and conditions imposed by such authority.

36. No person shall stack or bring or cause to be stacked or brought any timber whatsoever on or on to any jetty without the written permission of the Pier Master or officer in charge.

37. Every person by or on whose behalf any timber shall be stacked or remain on any such jetty as aforesaid shall, unless he has the right to retain it thereon, forthwith after demand made by or on behalf of the Commissioner, remove such timber from the place on which the same is so stacked or remains as aforesaid.

To operate from 1st July, 1921.

COURT OF ARBITRATION, WESTERN AUSTRALIA.

No. 11 of 1920.

Between Painters and Paperhangers' Industrial Union of Workers, Applicant, and Coastal Painters and Signwriters' Industrial Union of Employers, Respondents.

THE Court of Arbitration of Western Australia doth hereby make the following award in connection with the dispute between the above-mentioned parties:—

AWARD.

1. *Scope.*—This award shall apply to the industry or trades of painting, glazing, decorating, paper-hanging, signwriting, and graining, and any other branch of the trade where oil or water paints (including their substitutes and refrigerating compounds of all kinds) or like matter is applied with a spray or brush.

2. *Area.*—This award shall operate over an area comprised within a radius of 20 miles from the General Post Office, Perth.

3. *Term.*—This award shall have effect for a period of six months commencing on Saturday, the 25th day of June, 1921.

4. *Hours.*—The week's work shall consist of 48 hours, which shall be worked during the first five working days of the week between 7.30 a.m. and 5 p.m., with 45 minutes off for meal-time, and on Saturdays between 7.30 a.m. and 11.45 a.m.

5. *Rates of Pay.*—The minimum rate of pay for all workers shall be 2s. 1½d. per hour.

6. *Overtime.*—All work done outside the hours hereinbefore prescribed shall be considered overtime. It shall be performed when considered necessary by the employer, and shall be paid for at the following rates:—

- (a.) On the first five working days of the week, between 5 p.m. and 7 p.m., time and a-quarter;
- (b.) Between 7 p.m. and midnight, time and a-half;
- (c.) Between midnight and 7.30 a.m., double time.
- (d.) On Saturday between 11.45 a.m. and midnight, time and a-half;
- (e.) Thereafter, until 7.30 a.m. the next following Monday, double time.

7. *Mode of Payment of Wages.*—Wages shall be paid not later than Friday in each week at leaving off time on the job or at the shop of the employer, or, where he has no recognised place of business, at his residence. Payment shall be made within 15 minutes of leaving off

time. If this is not done the employee shall be entitled to overtime rates for the time lost in waiting. When an employee is discharged before the usual paytime he shall be paid on ceasing work the wages then due to him.

8. *Notice of Termination of Employment.*—(a.) An employee leaving his employment shall give his employer one hour's notice thereof, and any employer discharging an employee shall give such employee one hour's notice thereof.

(b.) When an employee comes to his work in the morning and is then for the first time informed that he is not wanted on the job, he shall be paid one hour's wages and all fares.

(c.) When an employee comes to the shop for his pay and is then told that he will not be wanted any further on the job and has to return to the job for his tools or his clothes, he shall be paid one hour's extra wages and all fares necessarily incurred in connection therewith.

9. *Meal Money.*—Meal money of two shillings (2s.) shall be paid to all workers who are required to work overtime for more than one hour after leaving-off time, unless they have been notified the day before.

10. *Hourly Engagement.*—Workers shall be employed by the hour only.

11. *Travelling Expenses.*—(a.) Employers shall in all cases pay all travelling expenses actually and reasonably incurred by their employees in going from the shop of their employer, or if he has no recognised place of business, his residence, to the job, or from one job to another.

(b.) In all cases where an employee is not required to attend at the shop or residence as above, of his employer, but goes direct to the job, all expenses actually and reasonably incurred which are in excess of what the employee would have incurred in going to such shop or residence shall be paid by the employer. Under this clause employees using their own bicycles shall be paid the travelling expenses they would have been entitled to if they had used the ordinary means of transit.

12. *Country Work.*—On country work an additional allowance of 5d. per hour shall be paid; but this amount shall not be taken into consideration when calculating overtime payment. Time occupied travelling to and from country work shall be paid for at ordinary rates, and no workman shall receive more than an ordinary day's wage for any day spent in travelling, though the hours so spent on such day exceed eight, unless the workman is on the same day occupied in working for his employer. If on country work any employee states that he wishes to work overtime, the parties may agree that he shall do so at ordinary country rates. "Country work" means work that is inconvenient for daily travelling, or situated more than twenty (20) miles by the nearest formed public road or railway from the General Post Office, Perth.

13. *Under-rate Workers.*—(a.) A worker who by reason of old age or infirmity is unable to earn the minimum rate hereby prescribed may be employed at a lesser rate which shall be agreed upon in writing between the worker and the secretary of the worker's union. If within seven days after being notified in writing of the worker's desire to work at a lower rate of wage than that prescribed, the said secretary and the worker are unable to agree upon a lower rate, then the worker may apply in writing to the nearest resident or police magistrate to fix such lower rate of wage. The worker shall give such secretary two days' notice of his intention to apply to the magistrate, and the said secretary or his agent may attend and oppose the application. The magistrate may fix the rate of wage, and his decision shall be final.

(b.) Any worker whose wage shall have been so fixed may work for and be employed by an employer for such wage for the period of six months thereafter, and after the expiration of the said period until fourteen days' notice in writing shall have been given him by the secretary of the union requiring his wage to be again fixed in the manner prescribed by this clause: Provided always that the employer shall not employ more than one such incompetent worker to every four fully paid workers, or fraction of the first four.

14. *Apprentices.*—(i.) In this award a "duly registered apprentice" means an apprentice of whose apprenticeship notice has been given to the clerk of the Court in accordance with the provisions of this clause; and a

"duly registered probationer" means a person working as an apprentice on probation, of whose probationary period notice has been given to the clerk of the Court in accordance with the provisions of this clause. Provided that an apprentice or probationer shall be deemed to be duly registered during the period of fourteen days allowed for registration.

(ii.) Any employer hereafter taking an apprentice or probationer shall, within fourteen days thereafter, register such apprentice or probationer, by giving notice to the clerk of the Court in the prescribed form.

(iii.) If at the date of this award any employer is employing any person as an apprentice or a probationer who has not been duly registered as such, he shall register such apprentice or probationer within fourteen days thereafter.

(iv.) The maximum number of apprentices allowed to any employer in any branch shall be in the proportion of one apprentice to every four or fraction of four journeymen employed by him in that branch. Provided that an employer who has only one apprentice to the branch of signwriting may be allowed to take another apprentice to such branch after his first apprentice has for three years duly passed the examinations prescribed by this award. Provided also that the fraction of four shall not be less than one.

(v.) For the purpose of ascertaining the number of apprentices allowed to be taken at any time the average number of journeymen employed on all working days of the 12 months immediately preceding such time shall be deemed to be the number of journeymen employed.

(vi.) Apprentices shall not be allowed except to one of the following branches of the painting trade:—

1. Painting, decorating, glazing, paperhanging, and graining;
2. Signwriting.

(vii.) The term of apprenticeship shall be five years. A probationary period of three months previous to being bound shall be lawful, such probationary period to be deemed portion of the term of apprenticeship.

(viii.) Should any employer from unforeseen circumstances be unable to carry out his obligations to his apprentice, he shall be allowed to transfer the apprentice to complete his term with another employer, but it shall be incumbent upon such former employer to notify the clerk of the Court of the date of such transfer and when such apprenticeship commenced. (Form 2 in the Appendix hereto.)

(ix.) The following provisions shall apply in respect of all apprenticeships:—

1. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under this award, and shall, subject to the provisions of Subclause (xv.), pay the apprentice the rate of wages herein provided.
2. At the end of the period of apprenticeship the employer shall give the apprentice a certificate (Form 5 in Appendix hereto) to show that he has served his apprenticeship. Should the employer at any time before the termination of the term of apprenticeship desire to dispense with the services of the apprentice, he may, with the consent of the apprentice, transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and to pay the rate of wages prescribed by this award, according to the total length of time served, and generally to perform the obligations of the original employer. He shall also give to the apprentice a certificate of the time served and of the rate of wages paid and shall give notice to the clerk of the Court of such transfer in the form provided. (Form 2 in Appendix hereto.) It shall not be obligatory upon the employer to find the apprentice another employer if he shall so misconduct himself as to entitle the employer to discharge him, but he shall nevertheless give him a certificate for the time actually served.
3. An employer shall be deemed to fail in his duty towards his apprentice if he neglects to keep him constantly at work, but slackness of work may form a proper ground for transferring him to a master willing to undertake the responsibility of teaching him.

4. When an apprentice is discharged for cause the employer shall send notice in writing of the discharge, and the cause thereof, to the said clerk of the Court. (Form 3 in the Appendix hereto.)

(x.) The minimum wage payable to an apprentice shall be:—

- During the first year, 17s. 6d. per week.
- During the second year, 22s. 6d. per week.
- During the third year, 27s. 6d. per week.
- During the fourth year, 37s. 6d. per week.
- During the fifth year, 47s. 6d. per week.

The wages of any apprentice engaged under the terms of this award shall be subject to alteration at such time as the Court may determine. Provided that no such alteration shall be made except when the wages of tradesmen under this award are being reviewed.

(xi.) Every apprentice shall be bound to submit himself to examination by a board of examiners hereinafter constituted once in each year of his service when called upon by the clerk of the Court so to do.

(xii.) The clerk of the Court shall notify the board of examiners of the names and addresses of all candidates required to submit themselves to examination. The examination will be held at the place where the apprentice is employed, and it shall be the duty of each employer to provide such necessary material and machinery as may be required and in all ways to facilitate the conduct of the examination.

(xiii.) The examination shall be held in the month of September in each year, on a date to be fixed by the board of examiners. The board of examiners will consist of persons skilled in the trade to be nominated by the union and by the employers carrying on business within the area to which this award applies; or failing such nomination, or nominations, such person or persons, as may be appointed for that purpose by the Court. In the event of a disagreement between the examiners, the matter in dispute shall be referred to a third person agreed to by them, or nominated by the Court, or the President at the request of either member, and the decision of such third person shall be final and conclusive. The examiners shall examine the work of and inquire into the diligence of each apprentice and as to the opportunities provided by the employer to each apprentice to learn.

(xiv.) The examiners shall report to the Court in writing as to the result of the examination.

(xv.) The clerk of the Court shall supply to each candidate a certificate showing the result of his examination, and it shall be lawful for any employer to withhold the increase in wages accruing in accordance with the scale set forth in Subclause (x.) hereof, from any apprentice who fails to satisfy the examiners.

(xvi.) If the examiners report to the Court that any employer has not provided sufficient opportunity for the apprentice to learn, the employer shall be deemed *prima facie* guilty of a breach of this award and may be summoned before the Court. Upon any such proceeding the report may be received in evidence.

(xvii.) Such fees shall be paid by the Clerk to the examiners as the Court shall allow.

(xviii.) If classes for any of the trades governed by this award exist or are established by the Technical School, it shall be the duty of the apprentice to attend such class with reasonable regularity and diligence. Should he fail to obtain from the Technical School a certificate that he has so attended, it shall be lawful for any employer to withhold the increase in wages accruing in accordance with the scale set forth in Subclause (x.). The fees for the classes attended by the apprentice shall be paid by the employer.

15. *Double Rates.*—Double time rates shall be paid for work performed on the following days:—Good Friday, Easter Saturday, Easter Monday, Eight Hours' Day, Christmas Day, Boxing Day, New Year's Day, Sundays, and Picnic Day (provided sufficient notice has been given of picnic).

16. *Tools of Trade.*—The workers shall be required to provide themselves with the following tools:—putty knives, strippers, scissors, duster, paperhanging brush, roller, two lining fitches, and a two-foot rule. A sign-writer shall provide himself with a full set of pencils and fitches.

17. *Washing Hands.*—Five minutes shall be allowed before leaving work at 5 p.m. on week days for washing hands, etc.

18. *Preparation.*—All preparatory work of any kind shall be painters' work.

19. *Width of Brushes.*—Oil paint brushes shall not exceed four and a-half inches in width or eight ounces in weight. No calsumo brush to be more than seven inches in width.

20. *Record Book.*—Each employer shall make and keep a record showing the name of each worker, ordinary time worked each day, overtime worked each day, and different rates, amount paid, including fares, together with the worker's signature for the same. Such records shall be open for inspection by the secretary or other duly authorised officer of the union during working hours.

21. *Leading Hand.*—Employees who have charge of the job that carries four or more employees for at least one week shall be paid one penny half-penny per hour extra.

In witness whereof this award has been signed by the President of the Court and the seal of the Court has been hereto affixed this twenty-seventh day of June, One thousand nine hundred and twenty-one.
