Amendment of Regulations.

Signals at Arthur Head Signal Station to avoid danger of collision between vessels in entrance channel or inner harbour.

The Fremantle Harbour Trust Commissioners hereby amend their Regulations made the 9th day of November, 1923, by repealing Regulation No. 53, and enacting in lieu thereof the following new Regulation, viz.:—

Regulation No. 53.

In order to avoid any risk of danger from incoming and outgoing vessels meeting in the Entrance Channel or Inner Harbour, the following signals will be displayed in daylight and at night, respectively, from the mast-head of the signal staff at the Arthur Head Signal Station, viz.:—

1. Two square blue flags shown one beneath the other in daylight, and two white lights shown one beneath the

other three feet apart at night, will indicate to an incoming vessel that movements are taking place in the Inner Harbour and Entrance Channel, and that the incoming vessel must wait in Gage Roads clear of the mouth of the channel until the flags are lowered.

2. One blue flag in daylight and one white light at night will indicate that a vessel is entering the Entrance Channel, and this must be taken as a warning to any vessel about to move in the Inner Harbour that she is to remain in her berth until the incoming vessel has entered the harbour and passed clear of the vessel about to move, so as not to involve any risk of danger.

3. International Code Flag "A" will be the signal for a vessel to come into the Inner Harbour.

4. The master or other person in charge of any small craft, whether self-propelled or being towed, and in the event of the latter also the person in charge of the vessel towing, shall take special precautions, while navigating the Inner Harbour and Entrance Channel, to prevent collisions with shipping entering or leaving the harbour. Persons in charge of such small craft must make certain before entering the Entrance Channel that no vessels are in or approaching the channel, and if there should be any vessel in or approaching the channel the small craft must wait out of the channel till such vessel has passed clear. If, however, they should meet a vessel in the channel, the small craft shall keep as far as possible to that side of the channel which lies on their own starboard hand, taking care at the same time not to foul the mark beacons placed at the sides of the channel.

Made, adopted, and passed by the Fremantle Harbour Trust Commissioners, at a meeting of the said Commissioners held this 12th day of September, 1924.
