27. When the Chairman rises in his place during the progress of a debate, any member then speaking or offering to speak shall immediately resume his seat, and every member present shall preserve strict silence so that the Chairman shall be heard without interruption, but the member who was speaking may resume when the Chairman takes his seat.

Motions for Adjournment.

36. No discussion shall be permitted upon any motion for adjournment of the Board. If upon the question being put on any such motion the same is negatived, the subject then under consideration or next on the business paper shall be discussed, and it shall not be competent for any member to again move a motion for adjournment until half-an-hour has elapsed from the time of moving the one that has been negatived.

H. B. JONES, Chairman.

THE ELECTRIC LIGHTING ACT, 1892, AND AMENDMENT.

Regulations Nos. 21-34.

WHEREAS it is enacted by "The Electric Lighting Act, 1892," that the Governor may make regulations for giving effect to the said Act: Now, therefore, His Excellency Colonel Sir William Robert Campion, Governor of the State of Western Australia, acting with the advice of the Executive Council, doth hereby, in exercise of the powers conferred in Section 7 of the said Act and of all other powers him in this behalf enabling, make the Regulations.

21. These Regulations may be cited as the "Licenses of Electric Installers' Regulations."

22. The several words, terms, and expressions to which meanings are assigned in "The Electric Lighting Act of 1892" or in "The Electric Lighting Amendment Act, 1905," have the same respective meanings in these Regulations.

"Electric Installers" shall mean any person over the age of 21 years or who has served five years' apprenticeship, who for gain or reward carries on or is engaged in the work of installation of wires and other apparatus for electric light, heat, or power in buildings, supplied or to be supplied with electric current at a pressure exceeding 110 volts.

"Board of Examiners."—The Board shall consist of three members, one nominee appointed by the Minister as Chairman, one nominee of the Fire Underwriters' Association, the Contractors' Association, and the Suppliers' Association, and one nominee of the Installers; the latter two nominations shall be submitted to the Minister for approval.

"Secretary" means any person appointed by the Minister under these Regulations.

"Undertakers (or Suppliers)" means any person, company, corporation, or public body who generate and/or distribute electric current for light, heat, or power purposes.

23. "Examinations" will be conducted by the Board of Examiners at such times and places as may from time to time be notified by the Secretary in the *Government Gazette*, and in a newspaper or newspapers published or circulated in the locality, and candidates will be examined according to priority of receipt of notice required by Clause 4.

(a.) "Scope of Examinations."—The scope of the examinations for licenses may include tests in such theoretical and/or practical works and in knowledge of such Rules and Regulations as may be prescribed by the Board. The Board shall determine the manner of the examination, and may determine that oral, written, or practical tests, or any or all of these, shall be employed. The examination shall be based on the syllabus of examinations as set out hereunder.

(b.) The Board may exempt an applicant from examination upon receiving satisfactory proof that he has passed an equivalent examination held by an approved body prior to the passing of these Regulations.

(c.) The Board may grant a license to installers holding licenses in another State, provided that the Board are satisfied with the system of licensing in that State.

24. "Requirements."—(a.) Each applicant for a license must forward to the Secretary of the Board of Examiners notice in writing of his intention to present himself for examination; such notice to be given not less than 14 clear days prior to the date of examination.

(b.) The notice must be accompanied by cash, Post Office order, or postal note to the amount or value of 10s. Should the applicant pass the prescribed examina-

tion the deposit shall in such instance go towards payment for the fee for license; in the event, however, of the failure of the candidate to pass the examination, such deposit shall be forfeited and be paid to the consolidated revenue.

(c.) If a candidate fails to pass the examination prescribed, he shall not again present himself until a period of not less than three months shall have elapsed from the date of his last examination.

(d.) Every candidate for a license shall make a statutory declaration that the testimonials he produces are genuine, and true and correct in every particular; such declaration to be presented to and retained by the Board.

25. "Licenses."—(a.) There shall be two grades of licenses issued: (1) General License; (2) Provisional License.

(b.) The fees to be paid shall be:—

	£	s.	d.
For a General License	1	10	0
For a Provisional License	1	10	0
For a copy of either License	0	10	0
For a transfer from a Provisional to a General License	0	10	0

(c.) No license shall be issued until full payment of the fee required shall have been made to the Secretary of the Board of Examiners.

26. "General License."—A general license may be issued to any person who has been engaged as installer for a period of five years prior to the date of his application, and who has passed the prescribed examination. The licensee in charge of the work shall be responsible for all notices that may be required to be given to suppliers, and shall also be responsible for good workmanship and shall see that all work is carried out in accordance with the Regulations.

27. "Provisional License."—Provisional licenses will be issued to all those who at the date of these Regulations shall satisfy the Board that they are engaged on work as installers, but all holders of such provisional licenses must, if required by the Board, submit themselves for examination within 12 months of the date of the issue of the provisional license.

This license shall carry the same obligations as set out under General License.

28. (a.) The Board of Examiners may cancel or suspend the license of an installer who has not complied with these Regulations or who has carried out work not in accordance with the wiring rules of the Institution of Engineers, Australia.

(b.) In the event of any person having his license cancelled the license shall be handed to the Board, and no re-issue of such license shall be considered by the Board until a period of six months of such cancellation has elapsed.

(c.) Applications for re-instatement must follow the same procedure and pay the same fees as if an original application were being made.

(d.) In the event of any person having his license suspended, the license shall be handed to and held by the Board for the period of suspension.

29. The Board may, if it thinks fit, hold an inquiry into the conduct of a licensee, and with respect to such inquiry the following provisions shall have effect:—

(a.) The inquiry shall be held at such time and place as the Board may appoint, the person charged to have the right to engage counsel to defend him at such inquiry. He shall receive fourteen days' notice of the Board's intention to hold an inquiry, and if the person charged intends to employ counsel he shall give seven days' notice of such intention to the Secretary of the Board.

(b.) The Secretary of the Board shall furnish to the person charged a statement of the case on which the inquiry is instituted.

(c.) The person charged shall attend such inquiry and may produce such evidence as may be considered necessary.

(d.) The Board shall, upon the conclusion of the inquiry, give its decision—such decision to be absolutely final.

30. Whenever a person proves to the satisfaction of the Board of Examiners that he has, without fault on his part, lost or been deprived of any license previously granted him under these Regulations, such Board shall, upon payment of the prescribed fee, cause a copy of the license to which the applicant is entitled to be made out and certified by the Secretary of the Board, and delivered to the applicant; any copy so made out and certified as aforesaid having the effect of the original license.

31. Notification to Suppliers.—Notice in writing shall be given by the licensed installer in charge of the work to the supplier concerned of the date when it is proposed to commence any work.

In regard to new installations, except when a special exemption has been received, such notification shall be received 48 hours prior to the commencement of the work.

32. It shall be incumbent on the suppliers, before connecting up to any class of electrical installation, to satisfy themselves that the work has been or is being carried out by a licensed installer or a registered apprentice working under the supervision of a licensed installer.

33. All electrical work as provided for under these Regulations shall be carried out by no other person than a licensed installer or a registered apprentice working under the supervision of a licensed installer.

34. Penalties.—Any person committing a breach of these Regulations shall be liable, upon conviction, to a penalty not exceeding £25 for each offence.
