- if the excess rates (if any) payable under these conditions in respect of the passenger's luggage or any portion thereof have not been previously paid; or

Pages 82 to 84—(Amend.): "Commercial Travellers."—Delete present Regulations and insert the following in lieu thereof, to operate from 1st April, 1925:—

"1. Commercial Travellers' Samples shall mean articles of merchandise for exhibition as samples and not for sale or disposal, consigned by—

- Commercial travellers representing wholesale firms who hold a permit issued by the Chief Traffic Manager, or a certificate issued by the Commercial Travellers' Association, endorsed by the Chief Traffic Manager.
- Commercial travellers representing combined wholesale and retail firms and who hold a permit from the Chief Traffic Manager, or a certificate issued by the Commercial Travellers' Association, endorsed by the Chief Traffic Manager.

2. The samples must be contained in approved tins, hampers or leather sample trunks, each weighing not more than 2 cwt. nor measuring more than 30 cubic feet.

3. Each tin, hamper or leather trunk shall have the name of the firm legibly printed thereon in 2-inch letters, and the name of the traveller in 1-inch letters, at each end.

In the case of tins and leather trunks a painted space, measuring not less than 5 inches square, or a space of similar dimensions enclosed by painted lines, shall be provided at one end to accommodate the railway parcels label to be placed at the right-hand corner under the firm's and traveller's names.

For the same purpose hampers must be provided with a tin or leather plate of the above dimensions, to be attached in the position indicated in the preceding paragraph.

If samples be contained in paper or fabric coverings or suit cases or other receptacles usually used for personal luggage, or in containers in which the articles of merchandise are generally packed, ordinary parcels rates will be charged, except that commercial travellers holding the permit or certificate specified in Clause 1 may carry not more than two suit cases of samples. If both suit cases be used for the carriage of samples the name of the firm and home station and name of traveller must be legibly painted on the side or end of each suit case. If one of the suit cases be used for the carriage of personal luggage the information regarding name of the firm, etc., is not necessary on the case so used.

Only one suit case containing samples can be taken by the traveller in the compartment in which he is travelling; the second suit case, if used for the carriage of samples, must be placed in the Guard's van.

4. Upon production of an authority from the firm or company concerned, the Chief Traffic manager will issue sample permits, which will be available for the duration of the traveller's tickets, to commercial travellers who are not members of the Commercial Travellers' Association engaged in (a) the wholesale trade, and (b) the wholesale and retail trade, on the approved form of application being signed by the principals of the firms and companies which the travellers represent. A deposit of 5s. will be collected on each permit, and will be refunded if the permit be surrendered at any station during its currency, or to the Chief Traffic Manager during its currency or within seven (7) days of its expiry.

5. Commercial travellers who are in possession of permits or certificates (as prescribed in Clause 1) holding first class tickets will be allowed 2 cwt. of samples free; those who hold second class tickets will be allowed 1½ cwt. free. Such allowance includes personal luggage.

The same allowance shall be made to assistants travelling with commercial travellers on production of a permit from the Chief Traffic Manager.

6. *Excess Samples.*—Commercial travellers holding periodical tickets may pay for excess samples at the following rates, for the period and system or section covered by their tickets, viz.:—

Yearly ticket-holders—£9 per cwt. per annum.

Half-yearly ticket-holders—£6 14s. per cwt. per half-year.

Quarterly ticket-holders—£3 18s. per cwt. per quarter.

Any portion of 1 cwt. shall be charged for as 1 cwt.

The maximum weight for any travellers shall be 17 cwt., inclusive of free luggage allowance. Any excess of this weight to be charged for at ordinary parcels rates and conditions on outwards and homeward journey.

All samples in excess of the free allowance or in excess of the weight paid for at the periodical rates, as the case may be, will be charged for at full parcels rates on the bulk weight on the outward journey, and returned

free on the corresponding homeward journey over the identical route to which they were sent on the forward journey. In cases where the homeward journey is made by an alternate route, full parcels rates on bulk weight shall be charged for the whole of such homeward journey.

7. The free allowance of samples will be carried by any passenger train, and, provided there is room in the brakevan, and the train will not be delayed thereby, excess samples may also be forwarded by the same train; otherwise they will be forwarded by a following train. The Commissioner reserves the right to limit the quantity of samples which may be carried by any passenger train if the conditions render it necessary.

8. Samples must be consigned on the prescribed consignment note at the Parcels Office at least forty-five (45) minutes before the time fixed for the departure of the passenger train by which the samples are to be conveyed, every information being given as to whether the traveller accompanies them or not.

The Commissioner has two rates for the carriage of commercial travellers' samples, at either of which rates such samples may be consigned at the sender's option: one, the ordinary rate, termed the Commissioner's Risk rate, when the Commissioner takes the ordinary liability of a common carrier; the other a lower rate, termed the Owner's Risk rate, which is adopted when the sender undertakes or agrees to relieve the Commissioner from all liability in the case of detention, loss, injury, delay or damage, except upon proof that such detention, loss, injury, delay, or damage arose through the wilful misconduct of the Commissioner's servants.

The rates chargeable for the carriage by passenger train of commercial travellers' samples consigned at the Commissioner's Risk rate are the ordinary parcels rates specified in the Coaching Rates Book, and the rates chargeable for the carriage of such samples consigned at the Owner's Risk rate are the free and excess rates specified in these regulations. A consignment note must be tendered for all samples whether carried free or otherwise.

9. Commercial travellers holding periodical tickets for the journey may book their excess samples through on a straight "Up" or "Down" route (but not for circular journeys), and the journey may be broken for a period not exceeding fourteen (14) days. A receipt (on prescribed receipt form) for the charges, which must be prepaid, and on which shall be shown the first station at which the journey will be broken, shall be issued the traveller at the original despatching station. The prescribed Break Journey Note will, at the same time, be prepared in duplicate, and the original handed to the traveller who will require to present it at each station where the journey is broken. At stations where the journey is broken the samples shall be carefully reweighed. They will be waybilled through to the final destination by the station of the original departure, the remark "journey broken" being made on the waybill and signed by the waybilling clerk. The samples shall also be waybilled to the first station at which the journey is broken and the traveller shall sign for his samples at each station where he breaks his journey when taking delivery, and on presenting the samples again for transmission shall hand the consignment note and break of journey note to the Station-master, who will issue a separate parcels waybill for the next stage of the journey, and endorse particulars on break of journey note before handing it back to the traveller.

The break of journey note is to be collected from the traveller by the station waybilling the samples to final destination on the return journey, and attached to the waybill.

Charges will be computed separately for branch lines, except in those cases in which samples are booked for a straight "Up" or "Down" journey from a starting point to a station on a branch line, e.g., from Perth to Gnowangerup.

Samples cannot be booked from one main line to another.

Commercial travellers, when booking samples from stations west of Spencer's Brook to stations on Great Southern line may be permitted to take such samples to and from Northam on the outward trip, and the mileage Spencer's Brook to Northam will be added when originally booking. If it is desired to again take the samples to Northam, this additional mileage must be paid for.

Commercial travellers visiting Geraldton, when making the Northam trip, will be permitted to have their samples carried between Narngulu and Geraldton, and commercial

travellers visiting the South-West District may have their samples carried between Picton Junction and Bunbury, and the mileage between these places will be added when originally booking. If it is again desired to take samples to Geraldton or Bunbury the additional mileage Narngulu to Geraldton or Picton Junction to Bunbury, as the case may be, must be paid for.

Section Boyanup to Busselton to be charged as for 25-mile zone.

10. Unless otherwise provided, commercial travellers must travel by the train by which their samples are carried.

11. Where any samples are deposited in any cloak-room the ordinary cloak-room charges and conditions specified in the regulations relating to cloak-room charges will apply, provided that no charge will be imposed on any samples deposited by yearly or half-yearly ticket-holders if such samples are removed within twenty-four hours from the time when the same are deposited as aforesaid.

12. Bicycles, typewriters, cash registers, bacon slicers, and other similar machines are not considered as ordinarily coming under the heading of commercial travellers' samples; but, in *bona fide* cases, where the machines are provided for exhibition as samples, a special permit may, at discretion, be issued at the office of the Chief Traffic Manager entitling Commercial travellers to carry not more than two machines. This permit must be presented on each occasion the articles are consigned. The weight of the articles shall be included in the recognised luggage allowance, and the machines must be contained in cases of suitable size.

13. These regulations apply only to goods used *bona fide* as samples. If the goods, or any portion of them, be sold, ordinary parcels rate will be charged on the weight originally consigned; and if any samples be not booked in accordance with these regulations they shall be charged full parcels rates.

In the event of samples delivered for carriage on the return journey not being precisely the same samples as were carried on the forward journey, free return will not be allowed.

14. The benefit of these regulations shall not apply to holders of holiday excursions, cheap excursion, or any other form of concession tickets, but shall apply to the holders of full fare tickets, which must be produced with the consignment note.

15. The opening of samples by commercial travellers in Railway Luggage or Parcels Rooms or Goods Sheds for the purpose of repacking samples or abstracting or adding to the contents of receptacles, shall not be allowed.

16. Travellers must claim their samples on arrival at destination or station at which they break their journey; and if they do not wish to take immediate delivery, must properly book them in the cloak room, otherwise they will remain on hand at the owner's risk.

17. Samples booked to or from stations on the Northern Railway *via* Midland Railway Company's line, or *via* the Wongan Hills-Mullewa line, must be returned by the same route as forwarded to obtain a free return."

ATHEL J. H. SAW,

University Office, 21st May, 1925.

UNIVERSITY OF WESTERN AUSTRALIA.

THE following Statute, which has received the approval of the Governor, is published in the *Government Gazette* in accordance with Section 33 (1) of "The University of Western Australia Act, 1911":—

Statute No. 19—Discipline.

1. There shall be a Committee of Discipline, consisting of the Vice-Chancellor and three Professors or Associate Professors elected annually by the Professorial Board, to control the discipline of the students of the University. At any meeting of this committee three members shall be a quorum.

2. For the purposes of this Statute all persons enrolled as entitled to attend any lecture or class or who are entered for any examination in the University, and also all persons attending any University ceremonial, being undergraduates or graduates not of the rank of Doctor or Master, shall be deemed to be students of the University.

3. Subject to the approval of the Professorial Board, the Committee of Discipline may make rules for the conduct of students on the premises of the University or while attending lectures or classes or examinations or any University ceremonial, whether such lectures, classes, examinations, or ceremonial be held on the premises of the University or elsewhere.

Any breach of or failure to observe any such rule shall be deemed a breach of discipline.

4. Any student who is guilty of behaviour on or off the premises of the University which tends to cause offence or annoyance to the general body of students or to the students attending any lecture or class or examination, or to bring discredit upon the University, shall be guilty of a grave breach of discipline hereinafter called misconduct.

A student is also guilty of misconduct if he is persistently guilty of breaches of discipline, or in the opinion of the Committee of Discipline is flouting its authority or that of the teaching staff or any member of the teaching staff of the University.

The decision of the Committee of Discipline, or on appeal the decision of the Professorial Board, whether the behaviour of a student is or is not misconduct, shall be final and conclusive.

5. The Vice-Chancellor at his own discretion may convene meetings of the Committee of Discipline, and he shall convene a meeting of the Committee upon the written request of two of the members thereof.

6. The Committee of Discipline may, on its own motion or on complaint made to it, inquire into any alleged breach of discipline by or alleged misconduct of a student, and subject to an appeal to the Professorial Board, shall have power—

(a) to administer a reprimand, either in private or in the presence of a class attended by the student;

- (b) to inflict a fine on the student not exceeding two pounds;
- (c) to suspend the student temporarily from attending on any course of instruction in the University.
- (d) to exclude the student from any place of recreation or study in the University for any period not extending beyond the current academic year; or
- (e) to make a recommendation under Section 7, and pending the decision of the Professorial Board, to make an order excluding the student from the University and its precincts.

Every such decision of the Committee shall be operative forthwith, and be at once reported to the Professorial Board, which may confirm, vary, or set aside the same.

7. The Committee of Discipline may recommend to the Professorial Board the expulsion of any student for misconduct, and the Professorial Board shall have the power to expel that student from the University. Such expulsion shall involve exclusion from all lectures and classes, from all examinations, from the use of the University Library, from the premises and precincts of the University, from the right to attend University ceremonials, and from all other privileges and amenities that the University extends to its members.

8. The Vice-Chancellor on complaint, or of his own motion, may punish a student for any breach of discipline by fine not exceeding twenty shillings, or by exclusion of any student from the University and its precincts, or any part thereof for twenty-four hours, or until the matter has been dealt with by the Committee of Discipline.

9. If a complaint is made that a student has been guilty of misconduct, the Vice-Chancellor may exclude such student from the premises and precincts of the University until the matter has been dealt with by the Committee of Discipline.

10. Every Professor or Lecturer may inflict punishment by fine not exceeding twenty shillings, or by exclusion from a class for not more than twenty-four hours, for any breach of discipline in his department that he does not consider sufficiently important to bring before the Committee of Discipline.

11. If, in the opinion of a Professor or Lecturer, any student has been guilty of any breach of discipline which the Professor or Lecturer thinks should be reported to and dealt with by the Committee of Discipline, he may exclude such student from his department until the matter has been dealt with by the Committee of Discipline.

12. Every fine shall be paid to the University Office within forty-eight hours from the time of its imposition.

Addendum.—The adoption and approval of the foregoing Statute shall involve the repeal of Section 7 of Statute No. 9 and of Section 1 (c) of Statute No. 11.
