[1927.

PART III.

DIRECTORY

OF

SHEEP EARMARKS AND
BRANDS

TO

31st DECEMBER, 1925.

DIRECTORY OF SHEEP EARMARKS AND BRANDS.

Explanatory Remarks.

This Directory contains a list, arranged alphabetically, of all the owners of sheep earmarks and brands registered under "The Brands Act, 1904," up to the 31st December, 1925.

Part 1 comprises all those earmarks registered prior to dividing the State into districts, consequently they consist mostly of only two characters.

Part 2 gives the owners of all sheep brands registered in District 1. They are registered solely for use in that portion of the State bounded on the North by the Eastern Railway, on the East by the Great Southern Railway, and the West and South by the sea coast, including Rottnest and islands adjacent.

In addition to the earmark given, the district mark *must* also be used, making three characters in all. The district mark for the No. 1 district is symbol No. 13 placed on the front or top of the ear nearest the tip.

Part 3 is a list of all owners of sheep brands and earmarks registered for use in District No. 2, being that portion of the State bounded on the Northward by the Eastern Goldfields and Great Western Railways; on the West by the Great Southern Railway, from Spencer's Brook Southwards; on the East by the 129 Meridian of East Longitude; and on the Southward by the seashore, including islands adjacent.

In addition to the earmarks shown, the district mark *must* also be used, making three characters in all. The No. 2 district mark is the symbol No. 2 placed in the front or top of ear nearest the tip.

Part 4 consists of all owners of registered sheep earmarks and brands issued solely for use in District No. 3, being that portion of the State bounded on the Northward by the Geraldton-Magnet-Sandstone Railway; on the Eastward by the No. 1 Rabbit-proof Fence; on the Southward by the Eastern Goldfields Railway; and on the Westward by the seashore, including adjacent islands, but excluding Rottnest.

In addition to the earmarks shown, the district mark *must* also be used, making three characters in all. The No. 3 district mark is the symbol No. 29 placed on the top or part of the ear nearest the tip.

Part 5 comprises all registrations of sheep brands registered solely for use in District No. 4, being that portion of the State bounded on the North by parallel of latitude 22 degrees South; on the East by the 129 Meridian of East Longitude; on the Westward by the seashore, including the islands adjacent; and on the Southward by the Geraldton-Magnet-Sandstone Railway Eastward from Geraldton to the No. 1 Rabbit-proof Fence, the said fence Southwards to the Eastern Railway, and the said railway and the Great Western Railway Eastwards to the 129 Meridian.

In addition to the earmarks shown, the district mark *must* also be used, making three characters in all. The No. 4 District mark is the symbol No. 5 placed on the front or top of ear nearest the tip.

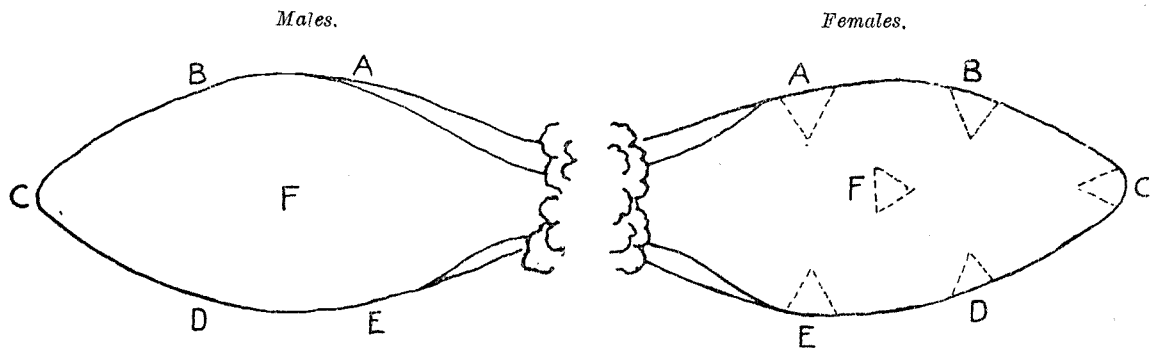

Part 6 gives a list of all owners of sheep brands registered solely for use in District No. 5, being all that portion of the State lying North of Latitude 22 degrees South.

In addition to the earmarks shown, the district mark *must* also be used, making three characters in all. The district mark for use in No. 5 District is symbol No. 6 placed on the front or top of ear nearest the tip.

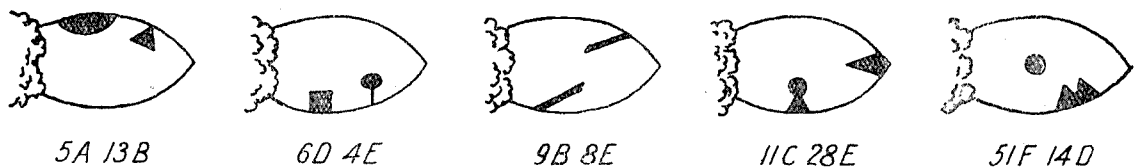

Earmarks for sheep are registered for use on one ear only, i.e., the near ear (left) for ewes, and in the off ear (right) for wethers or male sheep. The certificate of registration clearly shows the position in which such marks are placed in the ear.

All marks must be made by pliers; cutting or slicing the ear being illegal.

The earmarks shown herein are coded, each symbol or pliers is numbered, and these will be found in the index of registered earmarks. The position of each mark is indicated by letter, and when placed in the ear should correspond to the positions shown on the undermentioned diagram:—

A few examples of the combinations registered are shown hereunder:—

The combination A and D, also C and B and C D, are never registered. Some of the marks are right- and left-hand marks. Take the mark **L** for example: whether on the front or back of the ear, in either case the right-hand mark is placed in the ear so that the base or angled portion points towards the tip of either ear; and in the left-hand the same portion would point in the opposite direction, i.e., towards the root of the ear, as shown hereunder:—

Left.

Right.

This principle applies to all right- and left-hand marks.

DISTRICT I.

District No. 1 is that portion of the State bounded on the North by the Eastern Railway, on the East by the Great Southern Railway, and the West and South by the sea-coast, including Rottnest and islands adjacent.

All holders of marks shown hereunder must use, in addition, the District Mark, which for this district is No. 13, on top or front of ear nearest the tip, making three marks in all.

DISTRICT 2.

District No. 2 is that portion of the State bounded on the Northward by the Eastern Goldfields and Great Western Railways; on the West by the Great Southern Railway, from Spencer's Brook Southwards; on the East by the 129 meridian of East Longitude; and on the Southward by the sea-shore, including islands adjacent.

All holders of marks shown hereunder must use, in addition, the District Mark, which for this district is No. 11, on top or front of ear nearest the tip, making three marks in all.

DISTRICT 3.

District No. 3 is that portion of the State bounded on the Northward by the Geraldton-Magnet-Sandstone Railway; on the Eastward by the No. 1 Rabbit-proof Fence; on the Southward by the Eastern Goldfields Railway; and on the Westward by the sea-shore, including adjacent islands, but excluding Rottnest.

All holders of marks shown hereunder must use, in addition, the District Mark, which for this district is No. 29, on top or front of ear nearest the tip, making three marks in all.

DISTRICT 4.

District No. 4 is that portion of the State bounded on the North by parallel of latitude 22deg. South; on the East by the 129 meridian of East Longitude; on the Westward by the sea-shore, including the islands adjacent; and on the Southward by the Geraldton-Magnet-Sandstone Railway, Eastward from Geraldton to the No. 1 Rabbit-proof Fence, the said fence Southwards to the Eastern Railway, and the said Railway and the Great Western Railway Eastwards to the 129 meridian.

All holders of marks shown hereunder must use, in addition, the District Mark, which for this district is No. 5, on top or front of ear nearest the tip, making three marks in all.
