(Registered 19th January, 1928.)

No. 3 of 1928.

THIS Agreement, made in pursuance of "The Industrial Arbitration Act, 1912-1925," this fifteenth day of December, One thousand nine hundred and twenty-seven, between the Western Australian Barmaids and Barmen's Union of Workers (hereinafter called the "Union"), of the one part, and Thomas Lalor, James Noonan, Bartholemew Cornelius O'Brien, Lewis John Harris, and William Lightly, carrying on business in the State of Western Australia (hereinafter called "the Employers"), of the other part, witnesseth that for the consideration hereinafter appearing, the parties hereto mutually covenant and agree the one with the other as follows:—

Definitions.

1. In this Schedule, and unless the context otherwise indicates, and without limiting the ordinary meaning of the term, "Barmaid" or "Barman" means any person over the age of twenty-one (21) years employed for more than two (2) hours in any day in the sale of liquor by retail in any hotel licensed under a publican's general license, hotel license, or wine and beer license.

Wages.

2. (i) This Agreement is based on a basic wage of £4 5s. per week for males and £2 5s. 11d. per week for females.

(ii) The wages of a barmaid or barman shall be five pounds five shillings (£5 5s.) per week, without board and lodging, and shall be paid weekly.

(iii) Where the Board of Reference or the Union grants a permit for the employee to lodge and/or board on the premises of the employer, the sum of one pound five shillings (£1 5s.) may be deducted from the hereinbefore stipulated wages for board and lodging charges.

(iv) The Board of Reference shall consist of the Secretary of the Licensed Victuallers' Association, the Secretary of the Western Australian Barmaids' and Barmen's Union, with the Clerk of the Arbitration Court as Chairman.

Residence.

3. (i) Except as hereinafter provided, no barmaid or barman shall board and/or reside upon the licensed premises of the employer by whom she or he is employed.

(ii) The above shall not apply to—

- (a) any barmaid or barman who is the son or daughter of the licensee of the hotel in which she or he is working;
- (b) any hotel to which, in the opinion of the Board of Reference, or the Union, it is inexpedient that it should apply.

Hours.

4. All work done in excess of forty-eight (48) hours in any one week, or of nine (9) hours in any one day, shall be paid for at the rate of time and a third, such overtime rates to stand alone and be paid for separately and apart from the ordinary week's wages.

Christmas Day, Good Friday, Sunday, Labour Day, and Anzac Day.

All work done on Anzac Day and Labour Day shall be paid for at the rate of time and a third: Provided that Anzac Day remains as at present—virtually a Sunday in the trade. Should the present conditions under which it is honoured be altered, then the provision for payment of time and a third for that day be discharged automatically from this Agreement. Any overtime worked on Labour Day shall stand alone and be paid for separately and apart from the ordinary week's wages.

Race, Show, Sports, and Casual Hands.

6. (i) A barmaid or barman employed in booths on racecourses or at the Royal Show Ground, or as extra hand at hotels for football matches, shall be paid twenty-two shillings and sixpence (22s. 6d.) per shift.

(v) In cases not otherwise expressly provided for in this Agreement, a casual barmaid or barman may be employed for not less than eight (8) hours per day at twenty-two shillings and sixpence (22s. 6d.) per day.

Uniform.

7. Where the employers insist upon a barmaid or barman wearing a uniform whilst at work, the employer shall provide and maintain the same in a reasonable state of cleanliness. Should the washing of white coats be done by arrangement at the cost of the employee, the sum of two shillings and sixpence (2s. 6d.) shall be provided by the employer per week to defray this cost.

Meal Time.

8. A barmaid or barman shall be allowed one (1) hour between the hours of twelve (12) noon and three (3) o'clock in the afternoon for dinner, and on every evening when required to work after half-past six (6.30) o'clock, one (1) hour between the hours of five (5) and eight (8) o'clock for tea.

A barmaid or barman whose services have been terminated before twelve (12) months have expired shall be entitled to payment for one (1) day for each calendar month worked.

Notice.

11. Twenty-four hours' notice of termination of employment shall be given by either side.

Term.

12. This Agreement shall operate for a period of three (3) years from its date, there to be no alterations within that period excepting only in wages, which may be revised from time to time, at the request of either party, to bring them into conformity with periodic declarations of the basic wage (if any) made by the Arbitration Court.

Record Book.

13. (i) Each employer shall keep or cause to be kept at his business premises Record Books in which shall be entered the name of each worker, the time each worker commences and ceases work each day, the total number of hours, and the amount of overtime worked, the time worked on a Christmas Day, Good Friday, Anzac Day, Labour Day, and on any Sunday, and the amount of wages and overtime paid, and the worker's signature for the same.

4. Allowances.—In addition to the wages prescribed in Clause 3 of this Award, an allowance of threepence per shift above the rate provided for the nearest town shall be paid for six days a week to workers employed at mines situated five miles from a Government railway line.

5. Hours:

(a) Forty-eight hours, exclusive of crib time, shall constitute a week's work for surface workers. If more than one shift is worked on the surface the forty-eight hours shall then be inclusive of crib time.

(b) Forty-four hours shall constitute a week's work underground, including crib time.

(c) On Mondays to Fridays inclusive eight hours, including crib time, and on Saturdays four hours, excluding crib time, shall comprise a week's work for underground workers.

(d) A day's work on the surface shall be deemed to be satisfied if time of duty be eight and three-quarter hours on five days in each week and four and a quarter hours on one day.

(e) Six hours shall constitute a shift's work in all rises, or in sinking specially wet shafts and winzes, and for men engaged inside the gas or water spaces of any boiler or flue in cleaning or scraping work, and for men engaged in cleaning dustbins or dust flues. In case of boiler cleaners working broken shifts, one hour on the above description of work shall count as one hour and twenty minutes. In the case of Lancashire and Cornish boilers all time necessary for boiler cleaner to come out for a spell shall count as time worked in the boiler.

(f) For all men employed the hours of labour shall commence on the surface with the whistle, and shall end on the surface with the whistle.

6. Overtime:

(a) For work done beyond the hours of duty on any ordinary day, payment shall be at the rate of time and a half for the first two hours and double time thereafter.

(b) Work done on holidays shall be paid at double time, except work in connection with repairs to machinery which has broken down and caused a stoppage of operations.

(c) All work done on Sundays shall be paid for at the rate of time and a third, and any work done in excess of eight hours shall be paid for at the rate of time and a half for the first two hours and double time thereafter, based on ordinary day rates.

(d) These overtime rates shall not apply to excess time due to private arrangement between the employees themselves, or which is necessary for effecting periodical rotation of shifts, or which is owing to a relieving man not coming on at the appointed time. The time for which any worker may be paid at ordinary rates instead of overtime, due to a relieving man not coming on at the proper time, shall not exceed two hours, after the expiration of which overtime rates shall apply for the whole shift.

7. Wet Places.—In all wet or hot places eighteenth-pence extra per shift shall be paid in addition to the rates set out. This extra payment shall not apply to Subclause (e) of Clause 5.

8. Dry Crushing Plants.—No dry crushing plants shall be operated unless under such conditions as obviate dust as far as is reasonably practicable. It shall be the duty of the Inspector of Mines to make an exam-

ination of all dry crushing plants in his district, once in each month, and at such other times as he may be requested so to do by the secretary of the Union. He shall examine and report to the State Court of Arbitration, and such report shall be *prima facie* evidence of the facts stated therein.

9. Piece-Workers.—There shall be implied in every contract in which a worker is engaged to perform any kind of work at or for a remuneration other than the rates fixed by this Award:—

(a) Where the engagement is for a period of time, such period shall not be determined before the expiration thereof without the written consent of the worker.

(b) Where the engagement is to perform a specified quantity of work, the amount of work to be performed shall not be curtailed by a greater amount than five per cent.

(c) The rate of remuneration agreed upon shall not be decreased during the engagement.

(d) The actual remuneration paid for the work done shall not be less than the amount which the worker would have received for the period of his work if he had been working for that period at the rate of wages fixed by this Award for the work done.

(e) The price of any article supplied by the employer for the use of the worker during the period of his engagement shall not be increased during the period.

(f) Where the work is to be carried out by a body of workers acting together, the number of workers to be employed shall be specified in the contract. In the event of the specified number of workers not being present during any shift, the employer may provide a substitute in the place of any worker absent, and shall pay such substitute wages at the rate fixed by this Award, or by the contract, whichever shall be the greater, for the work done by him during the time he is so employed as a substitute, and may charge such payment against any money found due under the contract.

(g) Where any workers are employed to work by or with the contractors at a wages remuneration, the employer shall be entitled to pay the amount due to such wage workers for the period of their several employment by the rate fixed by this Award, or the rate fixed by the contract, whichever shall be the greater, and to charge the payment so made against the amount found due to the contractors.

(h) A copy of these conditions shall be kept exhibited in the Change Room on the mine.

10. Holidays.—The following shall be holidays:—Christmas Day, Easter Monday, and Labour Day. If Christmas Day falls on a Sunday the following Monday shall be kept.

11. Casual Workers.—Men employed for less than one week shall be considered casual, and shall receive one shilling per shift above the rates specified for the work. This shall not apply to a worker who is employed as a substitute for a regular worker who has failed to give his employer notice, when knocking off his previous shift, that he will be unable to work.

12. Drinking Water.—Good drinking water shall be supplied on all levels where men are working, and kept cool and free from dust.

13. Free Water.—In all districts where free water is supplied by the employer, single men shall get three gallons and married men six gallons per day.

14. No Reduction.—Any worker who may be at the date of the signing of this Award in receipt of a higher rate of pay for his particular class of work than is herein prescribed shall not suffer by reason of this Award any reduction in the amount which such worker was receiving above the rate prescribed herein.

15. Mixed Functions.—Any worker carrying out work classified at a higher minimum than his ordinary rate for two hours in any shift shall be paid at the minimum rate for such work for the whole of that shift: Provided that such minimum is not lower than such worker's regular rate of pay. If he be employed for less than two hours at work classified at a higher minimum than his ordinary rate, he shall be paid his ordinary rate for the whole of the shift.

16. Change Rooms.—If more than four persons are employed underground in any mine in one shift, sufficient accommodation shall be provided above ground near the principal entrance to the mine, and not in the engine room or boiler house, for enabling the persons employed in the mine to conveniently dry and change their clothes, and in no case shall men change their clothes upon a boiler.

Hot and cold water for wash bowls and showers shall be provided.

17. Reduction of Hands.—Should occasion arise to reduce the number of men employed the management, in selecting those to be retained, shall give full weight to the consideration of length of service, and, all things being equal, shall retain those who have been longest in the employ of the Company.

18. Accident Pay.—In the event of an employee meeting with an accident during the shift, or being required to attend to one who has met with an accident, he shall be deemed to have rendered duty during the whole of the shift, and be paid accordingly.

19. Full Payment for Shift.—(a) After beginning a shift, workers shall not be paid less than for a full shift, unless they leave of their own accord, or are dismissed for misconduct. This shall not apply in matters beyond the control of the management.

(b) If before an employee leaves the works at the end of his shift, and because he is not so informed, he attends at the next shift willing to work it, and there is no suitable work which he is allowed to perform, he shall be paid the wages he would have been entitled to if he had worked the shift he was ready and willing to work. This shall not apply in matters beyond the control of the management.

20. Payment of Wages.—Pay day shall be in accordance with Section 55 of "The Mines Regulation Act, 1906." Any worker leaving or being discharged shall be paid the full amount of wages due to him within one hour of ceasing work, or within one hour of the opening of the mine office, or, if such office was closed at the time of his ceasing work, or if the work done requires to be measured or assessed, within two hours of ceasing work, wherever same be practicable.

21. Hours in Hot Places.—No person shall be allowed to work for a longer period than six hours in any part of the underground working of a mine when the temperature in that part, ascertained by the reading of the wet bulb thermometer, exceeds 76 degrees Fahrenheit, for a period of four consecutive hours. The reading of the thermometer shall be ascertained at intervals of one half-hour, over four hours, and the average of such readings shall be taken as the temperature during that period. The Inspector of Mines shall take readings when required so to do by any worker, or by the secretary of the Union. A Workmen's Inspector may be present when readings are taken. The manager of the mine shall provide a wet bulb thermometer.

22. Annual Holiday.—A fortnight's holiday, including twelve working days, on full pay shall be granted once in each year to every worker, provided he has worked 298 shifts at ordinary rates of pay, and, should he have worked less than 298 such shifts when the said holiday is taken, or at the termination of his employment, he shall be paid for a proportionate number of holidays. Payment for the said holiday shall be at the rate of pay the worker is receiving immediately before the holiday is taken or employment terminated. Provided further, that where the worker is dismissed for wilful misconduct he shall not be entitled to the benefits of the provisions of this clause. A piece-worker shall be entitled to be paid, when on holiday, the minimum rate for his grade. Annual holidays shall be taken and at a time suitable to the convenience of the employer.

23. Underground Workers.—All men who have to go underground to work, and the braccemen, shall work the same hours as miners.

24. Explosives.—Any person using explosives where boring is necessary shall be classed as a miner.

25. Lime.—Lime used in the reduction of ore shall not be mixed in battery bins.

26. Provision of Oilers.—When employees are ordered to sink a wet shaft, the management shall provide an oilskin coat and hat when required. One such outfit per year, when necessary, shall be provided.

27. Collecting Union Fees.—A duly accredited official of the Union shall be allowed to collect Union fees at the offices of the mine on pay days, and shall be allowed to inspect time and pay sheets relating to any worker affected by this Award, and make extracts therefrom.

28. Definitions:—

"Wet places"—Should any dispute arise as to whether any place is wet, or especially wet, within the meaning of Clause 5, Subclause (e), such dispute shall be referred to a Board constituted of a representative appointed by the employer and a representative appointed by the Miners' Union of which the worker con-

cerned is a member, with the Warden of the Goldfield in which such mine is situated as Chairman. The decision of the majority of the Board shall be final.

"Timberman" (ordinary).—Timberman shall mean a worker engaged in underground timber work, but a miner timbering his own workings shall not be classed as a timberman.
