(h) The provisions of this clause shall not apply to office cleaners (female), whose hours of duty and conditions shall remain as they are at present.

## 26.—Guaranteed Week.

(a) The General Manager shall guarantee to each worker, other than a casual, a full week's work, exclusive of Sunday work, except during such period as by reason of any action on the part of any section of his employees, or for any other cause beyond his control, he is unable, wholly or partially to carry on the running of the trains or Workshops. Each week shall stand by itself.

(b) The guaranteed period may be reduced as follows:—

(i) In respect of Christmas Day, Good Friday, and Labour Day, one day for each in the weekly period in which the holiday occurs;

(ii) In respect of workers in or about a goods shed, one day for each goods shed holiday, not to exceed three days in any period of twelve months, in addition to Christmas Day, Good Friday, and Labour Day, in the weekly period in which the holiday occurs;

(iv) In respect to office cleaners (female), the guarantee period may be reduced by such time as is necessary to maintain the hours of work as at present.

## 27.—Overtime, Sunday Time, and Holiday Time.

(a) All time, exclusive of Sunday time, worked over the hours fixed for a week's work shall be paid for at the rate of time and a-quarter.

(b) (i) All time worked in excess of ten hours (and in the case of special class signalmen eight hours) in any one shift shall be paid for at the rate of time and a-half for the first two hours, and thereafter double time. This paragraph shall not apply to conductors.

(ii) The time on which the penalty rate has been paid for on a daily basis will not be subject to the penalty rate on a weekly basis.

(iii) The overtime rate shall be computed on the rate applicable to the day on which the time is worked.

(iv) This subclause shall not apply to conductors, whose overtime shall remain as at present.

(c) Subject to Subclause (b) (iii) the time worked on Sundays, Christmas Day, Good Friday, and Labour Day shall be paid for at the rate of time and a-half.

(d) The provisions of this clause shall not apply to office cleaners (female) whose hours of duty and conditions shall remain as they are at present.

(e) Any worker brought on to work outside his ordinary hours shall, except when such work, exclusive of meal times, is continuous with his ordinary shift, be paid a minimum of two hours' pay at ordinary rates, provided that the worker shall not be obliged to work for the two hours if the job for which he has been brought on has been completed in less time.

(f) An employee brought on duty on Sunday shall be paid a minimum of four hours' pay at the rate applicable to that day.

(g) Goods shed employees, when called on to do duty on any holiday shall be paid for not less than four hours, provided that the worker shall not be obliged to work for the four hours if the job for which he was brought on has been completed in less time; provided further, that in the case of Good Friday, Christmas Day, and Labour Day the said employee shall be paid when called on for duty, for not less than eight hours, at ordinary rates, and shall not be obliged to work for such hours if the work has been completed in less time.

(h) The provisions of Subclauses (b) to (g), both inclusive, shall not apply to watchmen or waiting-room attendants, who shall be paid at the rate of time and a-quarter for all time worked in excess of ten hours in any one shift and for all time worked on Sundays.

## 28.—Allowances and Arrangements for Guards.

(a) Any guard rostered for duty and being informed that he is not required shall, unless he has been notified as provided in Subclause (e), be paid two hours' pay at ordinary rates, but may be called for further duty without any further period of rest.

(b) Any guard going out on traffic shall be paid not less than four hours' pay at ordinary rates, and no guard shall be called to work more than twice in one day.

(c) A guard attending at a depot with a hamper for a trip for which he is booked and which is cancelled, or who shall have received less than two hours'

notice of the cancellation of a trip requiring a hamper, shall be allowed five shillings in respect of such hamper.

(d) Any guard having to proceed on any away-from-home job with less than four hours' notice shall be paid an amount of five shillings in addition to ordinary expenses. A guard notified between 6 p.m. and 8 a.m. of a "book-off" job requiring him to come on duty between these hours shall receive an allowance of five shillings in addition to ordinary expenses.

(e) No guard rostered for duty shall be entitled to any pay or allowance when notice that he is not required has been left at his place of residence at least two hours before his rostered time.

(f) Guards of goods and mixed trains shall be allowed thirty minutes before departure time to prepare for their trip, and where the distance between the place where they sign on and where they commence duty exceeds a quarter of a mile, they shall be allowed an extra five minutes for each quarter of a mile in excess thereof.

Other guards shall be allowed fifteen minutes to prepare before starting on a trip.

All guards shall be allowed fifteen minutes at the close of each shift.

In cases where guards take over trains en route, fifteen minutes allowance only will be made.

The time under this subclause may be increased where the work to be performed warrants such increase.

Save as herein provided nothing in this subclause shall operate to reduce the time at present allowed to any guard so long as present conditions remain unaltered.

(g) Any guard booked off shall come on duty at such time as he may be directed before leaving the station by the responsible person in charge or by the roster posted at the station. Except in cases of emergency, or unless in special cases by agreement between the Union and the General Manager, the minimum time a guard shall be off duty at home station shall be twelve hours, and at foreign stations eight hours for the first time he is booked off after leaving the home station, and ten hours for every subsequent time that he is booked off before returning to the home station. In cases of emergency, unless for good reason to the contrary, the guard who has been off duty the longest shall be the first to be called on. In this subclause the word "emergency" shall not be construed to cover a mere increase of traffic which could have been foreseen and might reasonably have been provided for without encroaching on the twelve-hour rule.

(h) The present practice in regard to the calling of guards shall be continued.

(i) At home stations, should a guard not be able to ascertain when booking off, from the responsible person in charge or from the roster, when he will be required for further work, he shall be free to assume that he will not be required for twelve hours, but at the expiration of that time shall make personal inquiries at the depot as to when he will be required. If not then informed when he will be required, written notice shall be left at his place of residence at least two hours before he is required to go on duty: provided that, if the twelve hours expire after 5 p.m. and before 7 a.m. he shall not be required to make such inquiries until 8 a.m. following.

(j) Any guard standing by at a foreign station shall be allowed full time when not booked off and half time when booked off, up to five hours, if not required for active duty until the expiration of five hours, he shall be booked off.

(k) Where practicable all guards shall be worked on a weekly roster. When there is no weekly roster a roster shall, when practicable, be posted daily not later than 2 p.m., except on Saturdays, when it shall be posted not later than 12 noon. The roster posted on Saturday shall show both Sunday's and Monday's working.

(l) Six shifts will constitute a week's work, except in special cases of unavoidable short runs, such special cases to be arranged between the General Manager and the Union.

(m) If less than forty-four hours have been worked in the six shifts, the time for the six shifts will be made up to forty-four hours, and the seventh shift will be paid for at—

- (i) ordinary rate for time equivalent to time made up;
- (ii) overtime rate for balance.

#### 29.—Time-table Conferences.

An employee of the General Manager (such employee to be a member of and to be nominated by the Union) shall be permitted to attend the half-yearly time-table

Conferences as representative of the Union, and may take part in any discussion as to whether any particular piece of night work involved in the proposed time-table could be avoided. The employee so acting shall be paid by the General Manager his ordinary wages, travelling time, and expenses as provided in this agreement.

#### 30.—Knowledge of Roads.

Except in the case of new lines opened for traffic, and so far as the requirements of the service will permit, a guard, before being required to take a train over a road with which he is not acquainted, shall be allowed to travel over it at least twice with a guard familiar with the road, without loss of pay. Should the exigencies of the service require a guard to be sent over a road with which he is not acquainted, the Station-master shall report the circumstances to the Head of the Branch.

#### 31.—Away from Home and Meal Allowances.

(a) The following allowances shall be granted to workers specified in this section of the agreement who are booked off or temporarily lodging away from their home station:—

No such deduction shall be made if the worker returns to his home station within forty-four hours.

(b) The allowance shall be calculated from the time of booking on to the time of booking off at home station.

(c) In addition to the allowance provided for in Subclause (a), a worker booked off or temporarily lodging in a district carrying an allowance shall be granted such allowance, or, if already in receipt of a district allowance, shall be granted the difference between such allowance and any higher allowance applicable to the district in which he is booked off or lodging. A day's allowance to be granted for the first thirty hours or any part thereof and each subsequent twenty-four hours or part thereof; time to be calculated from time of departure from home station to time of departure from foreign station.

(d) The General Manager may in his discretion make any allowance in addition to those provided in the foregoing subclauses, and the Head of the Branch shall also have discretion to make any such additional allowance as may under the circumstances be justified.

(e) Any worker other than a guard who is not temporarily lodging away from his home station, and who is absent from his home station on duty, shall be paid two shillings (2s.) for his second and each succeeding meal: Provided that any worker who in fact incurs expense in procuring his first meal shall be entitled to be paid two shillings (2s.) in respect thereof.

(f) Workers shall not be booked off away from their home station for two Sundays in succession where it can be avoided by any reasonable arrangement.

(g) Married workers temporarily transferred for a period exceeding three months, but which is not expected to exceed six months, for the purpose of meeting seasonal or exceptional or temporary traffic, and not moving their permanent homes will be paid a weekly allowance of twenty-five shillings (25s.) in lieu of transfer or lodging allowance to cover the excess cost of living away from their homes.

Provided that, should any other lodging allowance become due to a worker whilst transferred, such allowance together with the allowance provided for in the foregoing paragraph, shall in no case exceed the allowance payable under subclause (a).

(h) Where workers are employed on a series of works up and down the line, and are provided with sleeping accommodation in tents or vans, the removal

of tents or vans from one place to another will not for the purpose of subclause (g) be deemed to have altered their headquarters.

(i) The foregoing allowances will not be paid:—

(i) during any period of absence from duty without pay unless such absence is due to sickness of the worker and does not exceed one week;

(ii) during any period of annual leave.

### Part III.—Way and Works Section.

Provided that until otherwise mutually agreed between the parties the gangs attending to the present lengths embracing Bullsbrook and Bookara shall not be entitled to any away-from-home allowance when camped at those two stations.

Midland Railway Employees' Industrial Union of Workers (hereinafter referred to as the "Union"), of the one part, and the Midland Railway Company of Western Australia, Limited (hereinafter referred to as the "Company"), of the other part, whereby it is mutually agreed by and between the parties hereto as follows:—

#### 4.—Promotion.

Promotion from cleaner to fireman and from fireman to driver shall be made—

- (a) automatically by reason of acting work in accordance with the next succeeding clause; and
- (b) independently of acting work, as vacancies arise, according to seniority combined with proficiency and good conduct, provided that the necessary examinations have been passed.

#### 5.—Acting Work.

(i.) A fireman or cleaner who has acted in the capacity of a driver or fireman respectively, for 312 days, shall be appointed to the higher grade, and the date of such appointment shall, notwithstanding subsequent regression, be taken for the purpose of determining when advancements from class to class become due. To ascertain the number of days' acting work performed by a worker all acting work heretofore or hereafter shall be counted, and the total number of hours worked by him in the higher capacity shall be divided by seven and one-third.

(ii.) For the purpose of maintaining the present order of seniority amongst the workers, the following provisions shall obtain:—

- (a) The General Manager shall, so far as practicable, arrange that firemen and cleaners shall have the benefit of acting work according to seniority, and to that end shall transfer them from one depot to another as may be necessary.

- (b) Subject as hereinafter provided, when a fireman or cleaner has qualified by acting work and is appointed to the higher grade under the subclause (i) of this clause, each fireman or cleaner, as the case may be, above him on the classification shall be deemed to have similarly qualified, and shall also be appointed to the higher grade: Provided, however, that the foregoing provision shall not apply to any fireman or cleaner who, during the preceding twelve months, has lost the opportunity of himself getting the benefit of acting work by reason of his failure to accept a transfer from one depot to another.

(iii.) A driver or fireman may, when traffic conditions so require, be temporarily employed as a fireman or cleaner respectively, but whilst acting in the lower grade shall be paid the rate which he was receiving as driver or fireman respectively.

(iv.) (a) A review of work performed in the advanced capacity during the previous three months will be held at the close of March, June, September, and December in each year. Any adjustment of the staff as provided for hereunder to date from the eighth day after the close of each review period.

(b) The margin of acting time permissible in any quarter without involving the question of promotion for the next quarter shall be:—

- (1) Half full time, viz: 312 hours per quarter for one fireman acting as driver.
- (2) Full time, viz: 624 hours per quarter for one cleaner acting as fireman.

(c) The promotion of firemen to drivers and cleaners to fireman respectively, when the permissible margin of acting time for the previous quarter has been exceeded, shall be made at the rate of one man for every unit of 624 hours (i.e., full time) over the margin in each class: Fifty (50) per cent. or over of a broken unit to be reckoned as 624 hours; under 50 per cent. to be dropped.

(d) Regression of drivers to firemen and firemen to cleaners respectively, when the permissible margin of acting work for the previous quarter has not been reached, shall be made on the basis of—

- One driver to fireman when acting time is less than 312 hours per quarter;
- One fireman to cleaner when acting time is less than 624 hours per quarter.

(e) In the event of an abnormal decrease in the traffic to be handled in any one year, the margins provided for in paragraph (iv) (b), (1) and (2), and (c) and (d), may be referred to a Board of Reference for review, and the Board shall have power to amend those margins as it may deem fit.

(f) Each fortnight a return showing the acting work performed during the previous two weeks shall be supplied to the Secretary of the Union.

(v.) Workers appointed under subclause (i) and (ii) hereof may be regressed, provided the total amount of advanced capacity work performed during the two weeks preceding that in which such appointments become due is less than the margin stipulated in subclause (iv); should the advanced capacity work performed for the same period be in excess of the margin provided in subclause (iv), appointments equal to such excess shall be retained: Regressions under this subclause to be made within a fortnight of such appointments becoming due.

(vi.) No driver or fireman in any class shall be regressed until all the drivers and firemen respectively in the classes (if any) below him shall have been similarly regressed. After such regression, and whilst doing work in the lower grade, the drivers and firemen so regressed shall be paid the maximum rates provided for firemen and cleaners respectively: Notice of intention to regress to be served on the Union.

#### 6.—Retirement and Dismissal.

(a.) No worker after six months' continuous service shall leave the service of the General Manager until the expiration of fourteen days' written notice of his intention to do so, without the approval of the General Manager.

(b.) Except in the case of summary dismissal for misconduct, fourteen days' written notice shall be given by the General Manager to any worker whose services are no longer required, and the reason for his dismissal shall be included in such notice.

(a) No candidate for the position of cleaner shall be admitted under the age of seventeen years. Retrenched Midland Railways cleaners, firemen and drivers, whose previous service has been satisfactory to the General Manager, shall on application be given preference for employment, but this condition shall not debar

The annual leave for such worker shall be calculated up to the 30th June each year, and only leave up to that date shall be granted each year, except in cases where leave has been allowed to accumulate.

(f) Workers are not to be booked on holidays for more than one year in succession between 30th April and 1st September, except at the request of the worker. (i) Unless at his own request, no worker shall be booked off for a holiday at a foreign or at his temporary home station.

(j) No deduction shall be made from annual holidays for the period a worker is off duty, through sickness, unless the absence exceeds three calendar months.

(k) Any worker who may resign or be dismissed from the service for any cause other than for peculation shall be entitled to receive payment for any holidays which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation, no claim for holidays shall be recognised. Misconduct herein referred to shall not affect accumulated holidays or payment therefor.

(e) A worker who resigns or is retired from the service and has leave due shall be granted a free pass, station to station, for the term of such holidays: Provided that, should a worker not have given the requisite notice or obtained the consent of the General Manager to leave the service as provided for in Clause 6, he shall forfeit all claims to any passes he would otherwise have been entitled to under the provisions of this clause.

- (i.) The price of ordinary household commodities, including clothing, ruling in the town as compared with other places conveniently situated;
- (ii.) The number of storekeepers operating in the town or district and the competition amongst them;
- (iii.) The district allowances, if any, of the workers concerned;
- (iv.) Any other fact or circumstance to be specifically set forth in the decision, which, in the opinion of the Board, renders an alteration desirable or necessary.

Such pilotman shall be either a district Locomotive Superintendent (provided he has been a driver in the Company's service), a Locomotive Inspector, Driver, or Fireman authorised to drive. (f) At Sheds where less than six engines are stabled the duties of the drivers will be to turn engines, examine engines over pits, put engines in position to take coal and water, and stable engines.

(g) In addition to the foregoing, drivers and firemen, when stabling engines may, provided they have not been on duty in excess of eight hours, be called upon to perform any other duty appertaining to their respective grades, and time allowance shall be made for so much of work as cannot be performed in the period allowed for stabling.

(h) The work of cleaning fires and ash-pans of engines going into locomotive depots shall be done by the shed staff where such labour is now available.

writing, such worker shall either be furnished with a copy of such statement or be allowed to take a copy of it.

(c) If in the opinion of the foreman the action of any worker should be reported to the Head of the Branch, it shall be done:

(i.) where a worker is stationed at a main depot, within seven days of the foreman's first knowledge of the occurrence;

(ii.) where the worker is stationed at a sub-depot, within ten days of the person's in charge first knowledge of the occurrence.

The worker shall at the same time be notified by the foreman that he is reported, otherwise such report shall be null and void: Provided that when a worker reports on his daily running sheet an irregularity or other occurrence in which he is concerned to the Department, it shall not be necessary for the foreman to notify such worker that he has been reported to the Head of the Branch. When a charge has been made against any worker he shall be supplied with a copy of such charge and any reports upon which it is based.

(d) If a final decision in any case in which a charge has been made against a worker being not given within three calendar months of the occurrence first coming to the knowledge of the Head of the Branch, the charge in question shall lapse.

## 32.—Secretary's Leave and Pass.

The General Manager shall grant leave, without pay, for a continuous period or otherwise of thirty days in each year to the Secretary of the Union (should such Secretary be a railway worker) to enable him to attend exclusively to the Union work, and a free pass will be issued to the said Secretary, whether he be an employee or not, for that period, but the pass may be withdrawn at the General Manager's discretion. Such pass shall be used exclusively for Railway Union work and not for political purposes.

If during the currency of an Award or Agreement between the Company and the Union or Unions representing its employees any alteration or addition to an existing Award or Agreement between the Commissioner of Railways and a Union or Unions representing his employees is agreed upon, the Union shall notify the Company within ten days after any alteration or addition has been agreed to, and such alterations or ad-

ditions shall automatically apply to the employees of the Company from the same date as it applies to the employees of the Commissioner, provided, that should the Company, within twenty-one days of any such alteration or addition being made, notify in writing the Union or Unions concerned that the Company objects to being bound by such alteration or addition, and within the same period of twenty-one days submits the question or questions involved for the decision of the Court of Arbitration, the question of whether the Company shall be bound by the said alteration or addition shall be subject to the determination of the Court, whose decision, if in the affirmative, shall operate as from the date the alteration or addition became operative in the Government service.
