IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 6a of 1929.

Between West Australian Timber Workers' Industrial Union of Workers (South-West Land Division); The West Australian Coach, Car, and Rolling Stock Builders' Industrial Union of Workers, Perth; Perth City Amalgamated Society of Carpenters and Joiners of Australia Industrial Union of Workers, Applicants, and Millars' Timber and Trading Co., Ltd.; Bunning Bros., Ltd.; Kauri Timber Co., Ltd.; Whittaker Bros.; Port and Co., Ltd.; The Minister for Trading Concerns; The Commissioner of Railways for Western Australia, Respondents.

THE Court of Arbitration of Western Australia doth hereby make the following Award in connection with the industrial dispute between the abovenamed parties:—

Award.

1.—Area.

This Award shall apply to the Timber Industry as carried on in the South-West Land Division of Western Australia: Provided, that nothing herein contained shall apply to the area covered by Award No. 4 of 1926 and delivered by this Court on 29th September, 1926.

2.—Interpretation.

“Casual worker”: Every worker shall be deemed to be a casual worker for the first week of his employment, and during this period his engagement shall be from day to day, at the weekly rate prescribed for his class of work: Provided that, after a mill has closed down or temporarily ceased operations and there still remains upon the mill site a quantity of stocks, plant, or materials to be removed from the site by workers engaged upon the removal, re-stacking, loading, or in any manner of handling of that stock, plant or material, shall be deemed to be employed under contract of daily hiring and shall not come within the scope or provisions of Clause 27 of the Award, but this proviso shall not apply to locomotive crews or to workers engaged elsewhere under the weekly hiring provisions of this Award.

“Leading hand” means a worker who, while he is working, has under his charge or control any adult person or persons not apprentices or improvers who are performing the same class of work as himself, and who has been appointed by the employer to take such charge or control.

“Main dockers” means the dockers at which most timber is docked in a mill where there are two or more dockers. In mills where the breaking down bench feeds two benches with approximately equal quantities of timber, the two dockers shall be rated as main dockers.

“Pullers-out and/or assistants”: Wherever the words “pullers-out and/or assistants” or “puller-out and/or assistant” appear in the Award, the word “assistant” means a worker who is assisting in the actual operation of passing timber over a saw-bench for the purpose of cutting the timber with the saw.

“Stacker” means a person who stacks timber for seasoning by the process of stripping.

“Tallyman or measurer” is a worker who by measuring and/or calculating quantities keeps an account of timber, and does not include one who merely measures lengths of timber, or merely counts timber by pieces.

3.—Rates of Pay.

Workers shall be paid in accordance with the provisions of Schedule I. hereto.

4.—Piece-work.

(1) (a) An employer may make a contract with any worker or group of workers for payment by results, by piece-work.

(b) The rate of payment shall be fixed on the basis that it shall be sufficient to yield to a worker of average capacity for a full week's work of the ordinary hours at least ten per cent. above the minimum time rate of pay as prescribed herein for such week's work: Provided that, where a worker works part of a full week at piece-work rates and part at time rates, he shall be paid so much as he is entitled to receive under such piece-work rates, plus the proportionate amount which he is entitled to receive under this Award at time rates of pay.

(c) A worker working under any system of payment by results shall receive at least the time rate of pay as prescribed herein.

(d) All disputes between employers and workers, or groups of workers, or between the employers and the Union concerned, as to any matters relating to payment by results, including any question as to whether the rates or prices are properly based on the capacity of an average workman, and as to the reduction of rates, and as to the extension of any system of payment by results by an employer to any other workers shall, in default of agreement between the employer and his workers or the employer and the Union, be referred to the Board of Reference for determination.

(2) The rates now being paid shall continue until altered or revised, pursuant to Subclause (1).

5.—Junior Labour.

(1) The employer may employ juniors in any position which they are capable of filling, but excluding the position of carpenter or wheelwright or wagon-builder in the Towns of Northam, Bunbury, Geraldton, Albany, Yarloop, Jarrahdale, and Pemberton; sawyer, dovetailing machinist in box-making, and machinist to any machines other than those heretofore allowed or those to be allowed by the Court: Provided, that the number of such boys employed in any bush mill does not exceed the proportion of one in eight of the total adult workers there employed. The employer within one week of the engagement of a boy under this clause shall inform the Union by registered letter of such employment and of the total number of such adult workers.

(2) In any case in which it is claimed that by reason of any special circumstances it is desirable that a greater or less number of juniors should be employed, an application, setting out such special circumstances, may be made to the Court for a special order thereon, and the Court may thereupon make such order as it thinks proper under such circumstances.

(3) Nothing in this clause shall prevent the instruction and tuition in sawing or machining of any boy employed under this clause.

(4) When any boy is engaged he shall, if the employer requires it, furnish a certificate or statutory declaration as to his age, and the employer may rely on such certificate or declaration until or unless he has notice of its inaccuracy.

(5) The minimum rates of weekly wage to be paid to juniors shall be as prescribed in Schedule I.

6.—Apprentices.

(a) The employment of apprentices shall be governed by the provisions of Schedule II. attached hereto.

(b) Apprentices shall be allowed to the following trades, namely:—1, machinist; 2, saw doctor; 3, carpenter; 4, wheelwright or wagon-builder or coachbuilder.

(c) The proportion of apprentices to journeymen shall be one apprentice to two or any fraction of two journeymen, not being less than one.

(d) The rates of pay for apprentices shall be as prescribed in Schedule I.

7.—Royalties to be paid by Employer.

Where timber is obtained from Crown lands or private property, the employer shall pay any royalty charges on the timber; or, where the worker obtaining the timber pays royalty, such royalty shall be paid by the employer in addition to the rates set out herein.

8.—Shifting Haulers.

Piecedworkers shall be paid at ordinary rates for time occupied shifting haulers from one landing to another, except in cases where the piece-work rates are arranged to include time occupied in shifting haulers.

9.—Measuring Logs.

All logs felled or hauled at piecework rates shall be measured at the mill landing. Particulars of the logs so measured shall be given to the piece-worker at least once a fortnight, unless otherwise agreed upon by the employer and worker, and such particulars shall set out the name of the mill supplied, the name or names of the workers, the date, the brand, the length, the girth and the cubic feet of such logs.

10.—Shifting or Erecting Camps.

Any worker employed in shifting or erecting camp, or assisting therein, or in clearing site for camp, shall be paid at his ordinary rates for the time he is so employed.

11.—Rents for Houses and Huts.

(1) The employer may charge such rents for the use and occupation of the huts or houses owned or controlled by him, as may be agreed upon by the employer and worker and the Union, and, in default of agreement, such rent (not exceeding the amount ascertained by the application of the Commonwealth Statistician's figures as the average rental for four and five-roomed houses in the four-country-towns statistics for the State) as the Board of Reference may think fit and reasonable.

(2) In determining what is a reasonable and fair rental the Board of Reference shall—

- (a) First ascertain the capital value of the building. Such capital value shall be the actual cost to the employer of the building: Provided that, where the building has been erected prior to the 30th day of June, 1921, there shall be added twenty (20) per cent. to the cost of the building;
- (b) From the capital value so assessed there shall be deducted such amount as shall be estimated to equal the depreciation in actual value of the building, in so far as such depreciation diminishes the letting value: Provided, that the depreciation shall not be assessed as an amount exceeding three (3) per centum per annum.
- (3) The reasonable and fair rental shall be deemed to be not more than the total for the following items:—
 - (i) The percentage on the capital value at the rate of nine (9) per cent. per annum;
 - (ii) The amount of the rates and taxes;
 - (iii) The amount estimated to be required annually for repairs, including painting, maintenance and renewal (not exceeding the average amount expended for repairs during the last preceding five years where the house has been so long erected);
 - (iv.) The cost of insurance;
 - (v.) Any other cost, charge, or outgoing considered by the Board of Reference to be fair and/or reasonable.
- (4) The amounts ascertained above shall be reduced to a weekly basis.

12.—Sleeping Accommodation.

Where the employer provides houses or huts for the use and occupation of his workers at a bush mill or camp, or in the bush, the following provisions shall apply:—

- (1) No room shall have a floor space less than ten (10) feet by twelve (12) feet. This requirement shall not apply to existing buildings having a floor space of not less than ten (10) feet by eight (8) feet which have been approved by the Union, or which, in cases where there has been no approval by the Union, have been or are approved by the Board of Reference.
- (2) No room shall have a height of less than eight (8) feet, but this shall not apply to existing buildings the rooms of which have a height of not less than seven (7) feet.

13.—Turning and Loading Sleepers.

When sleepers are being inspected whilst they are being loaded into trucks by pieceworkers, and at the request of the employer or of Government Inspector, or of the buyer, the sleepers are turned for inspection or re-inspection, the loaders shall receive turning rates whilst turning such sleepers and loading rates whilst loading such sleepers.

14.—Holidays.

(a) All workers other than pieceworkers, grooms, feeders and watchmen shall be entitled to a full week's holiday at Christmas and to one half week's holiday at Easter, upon full pay, the half week's holiday at Easter to be Good Friday, Easter Saturday, and Easter Monday.

(b) Provided that, where any holiday other than those specified in Subclause (a) hereof has been lawfully taken during the year on full pay, such days shall be deducted from the days herein specified as holidays.

(c) Where employment of a worker entitled to holidays under Subclause (a) is terminated during the course of a calendar year, his employer shall pay to him three-quarters of a day's wages for each calendar

month of his services in lieu of the holidays to which he would have been entitled under this clause and has not received. In the event of such a worker being employed by an employer for portion only, he shall only be entitled at Christmas or Easter to such holidays on full pay as are proportionate to his length of service during that period with such employer, and if such holidays are not equal to the holidays given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on holiday on full pay.

(d) Each groom, feeder, and watchman shall be entitled to two weeks' annual holiday, provided he shall have been in the employer's service a period of twelve calendar months prior to the date of the holidays, and if he shall have been employed for a lesser period than twelve calendar months prior to the date of such holidays, then he shall be entitled to holidays as above provided in proportion to the period of his service during such year. Each worker who shall not actually have received the holidays in any one year as herein provided on full pay, shall be entitled to be paid wages in proportion to the length of service he shall have rendered. The holiday shall be taken at such time as may be mutually agreed upon between the employer and the worker.

15.—Hours.

(a) The ordinary working hours of workers (except night watchmen) shall be forty-eight hours per week.

(b) The daily spread of hours shall be such as may be agreed upon by a majority of the workers and employer concerned in any business and approved of by the Union. In default of such agreement and approval, such hours shall be worked within 9½ consecutive hours between 7.15 a.m. and 5.30 p.m., standard time, on Mondays to Fridays—one hour or such other time as may be agreed upon being allowed for luncheon between 12 noon and 2 p.m.—and between 7.15 a.m. and 12 noon, standard time, on Saturdays.

(c) Subclause (b) hereof shall not apply to grooms, feeders, watchmen, guards, hookmen, log yardmen, log loaders and log haulers, farriers, bush blacksmiths, and sanitary men.

(d) The hours for shiftmen shall be as prescribed by Clause 29 hereof.

16.—Overtime.

(1) Subject to the following, all time worked outside the spread of hours prescribed in Clause 15 hereof, or in excess of the ordinary daily or shift number of hours prescribed therein or elsewhere, shall be paid for as overtime at the rate of time and a half for the first two hours, and double time thereafter. Work performed during the meal hours shall be paid for at double time rates, but where the total hours worked, including such meal time, do not exceed the prescribed number of hours, then such double time shall be deemed to mean an additional ordinary rate only.

(2) All time worked by the bush blacksmiths and/or farriers and floormen outside the spread of hours prescribed in Clause 15 hereof, or in excess of forty-eight hours in any week, shall be paid for as overtime at the rate of time and a half for the first four hours and double time thereafter.

(3) All time worked by grooms and feeders in excess of forty-eight hours in any week shall be paid for as overtime, at the rate of time and a half for the first twelve hours and double time thereafter.

4. All work performed by a piece-worker before or after ordinary hours of work on the instruction of his employer, shall be paid as overtime at the rate of time and a half for the first two hours and double time thereafter.

(5) Except where it is otherwise prescribed, all time worked by workers other than grooms or feeders or night watchmen on the holidays to which they are entitled under this Award shall be paid for proportionately, in addition to the indirect payment or to the payment by written agreement for holidays prescribed in Clause 14 at the ordinary rates; and on Sundays shall be paid for at proportionately double rates. Provided that, in the case of work done on either a Sunday or holiday, payment shall be made for two hours at the least at such double rates.

(6) All work performed by a pieceworker on Sundays on the instructions of his employer shall be paid for at double rates.

(7) All time worked by workers on Sundays or holidays prescribed herein in maintaining or effecting repairs or renewals to plant or machinery, including the

washout of boilers, which it is necessary to effect to enable work to proceed on the next working day, shall be paid for, in the case of Sundays, at the rate of time and a half, and, in the case of such holidays, at ordinary rates in addition to the indirect pay, or to the pay under written agreement for such holidays allowed in Clause 14 hereof.

(8) All time worked by night watchmen in excess of sixty hours per week shall be deemed to be overtime and paid for at time and a half rates per hour.

17.—Tools to be supplied.

Workers other than carpenters and joiners, wheelwrights, wagon-builders, whim repairers, millwrights, bush carpenters and pieceworkers shall be supplied by the employer with all necessary tools, implements and plant.

18.—Lower Grade Work.

Where a worker is transferred, without seven days' written notice, to a grade of work carrying a lower minimum rate of wage than that at which he is usually employed, he shall be paid during such seven days, or any less time so employed, the rate of wage he was receiving for the work usually performed by him.

19.—Higher Grade Work—Mixed Functions.

Subject to the following, where a worker is engaged on higher grade work, he shall be paid the rate prescribed for such higher grade work during the time he is so engaged.

Where a worker is engaged to do work ordinarily consisting of mixed functions coming under varying rates as prescribed herein, he shall be paid at a rate not less than the minimum of the smallest of such rates, plus half the difference at least between the minimum of the smallest and the largest of such rates for such function.

20.—Travelling Time.

(1) Subject to the following a weekly worker shall, when he is directed or required to work at a place other than his usual place of work, be paid at ordinary rates for all time occupied in travelling to and from the place at which he is so directed or required to work in excess of the time ordinarily occupied in travelling to and from his usual place of work.

(2) Each worker in the bush, except a pieceworker, shall have a fixed starting place, which shall be the existing starting place.

(3) New starting places in the bush shall be fixed by agreement between the employer and the Union and, in default of agreement, by the Board of Reference.

(4) When a worker has a fixed starting point in the bush, he shall be paid for all time occupied in travelling between the starting point and the work, and for all time in excess of half an hour back from the work to the starting point.

21.—Payment of Wages.

(1) All wages due and payable to workers in the bush and at bush saw mills, shall be paid in such manner as may be agreed upon between the employer, the worker, and the Union; or in default of such agreement—

- (a) where a Bank exists within five (5) miles of the mill or place where the work is performed, weekly in cash at the mill or such place;
- (b) where no Bank exists within five (5) miles of such mill or place, fortnightly or bi-monthly in cash at such mill or place.

Over and above that becoming due on each such period as the case may be, not more than six days' pay shall be kept in hand by the employer.

(2) If any worker be kept waiting for payment of his wages after working hours for more than fifteen minutes, he shall be paid at ordinary rates for all time he is kept waiting from the termination of his working hours until he is paid.

(3) Should any worker wherever employed be dismissed during the course of a week, he shall be paid at the usual place of payment, on demand there by him, any wages which are legally due to him, within fifteen minutes of dismissal: Provided that, if the usual place of payment be on the work in the bush, then such place of payment shall be deemed to be the nearest office of such employer thereto.

22.—Classification of Benches.

(1) The following provisions apply to bush saw mills:—

- (a) The present *de facto* classification of saw benches shall continue;
- (b) When a classification of any new, or a reclassification of any existing bench or benches is required by the claimant Union or any employer, the Union or employer shall give a week's notice thereof to the Union or employer concerned, as the case may be, and such classification shall be as may be agreed upon, and in default of agreement, as determined by an expert benchman, who shall be appointed as umpire by the representative of the Union and the representative of such employer.

The decision of such umpire shall be final, and shall be reduced to writing and signed by him, and shall forthwith be forwarded to the Registrar of the State Arbitration Court.

In default of appointment of such umpire, the matter shall be determined by the Board of Reference.

23.—Time Book.

(1) The employer shall keep a time book or sheets or cards, showing the names of his workers, the number of hours worked by each, the rates of pay and the wages payable and paid to each worker, and the nature of the work done.

(2) The Secretary or Branch Secretary of the Union or any official of the Union thereunto authorised in writing by the Union, on production of such authority to the employer or his local manager, shall be allowed at all reasonable times to inspect such time book, sheets or cards, and to make a copy of the same. Such time books, sheets, or cards, for the last preceding twelve months shall be kept available for this purpose.

(3) The Secretary or Branch Secretary of the Union, or any official thereunto authorised in writing by the Union, shall, on production of such authority to the employer or his local manager, be allowed at all reasonable times to inspect any part of an employer's works where it is suspected that a breach of this Award has occurred, or is occurring, but such inspection shall be carried out in the company of the employer or some one on his behalf. The employer shall provide the necessary facilities for the investigation of the breach, or the supposed breach of the Award, including access to the time books, sheets, or cards referred to above. The Union officials shall not interfere with or inconvenience the work and duties of the men more than is absolutely necessary for the proper investigation of the breach, or supposed breach of the Award.

24.—Sawyer to have Puller-out.

No sawyer shall work a running-out saw bench cutting six foot in length or over without having a puller-out engaged.

25.—Aged and Infirm Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum rate prescribed by this Award may be paid such lesser rate as may from time to time be agreed upon in writing between the employer and the Secretary of the Union, or, failing such agreement within twenty-four hours after such worker shall have applied in writing to the Secretary of the Union stating his desire that such wage should be agreed upon, such wage as shall be fixed by the most convenient Resident or Police Magistrate upon the application of such worker after twenty-four hours' notice in writing shall have been given by him to the said Secretary, who shall, if he so desires, be heard by the Magistrate upon such application. After having given notice to the Secretary, and after lodging the application mentioned, and pending the Magistrate's decision thereon, the worker shall be entitled to work for and be employed at the proposed lesser rate. The determination of the Magistrate shall have effect for the period of six calendar months from the date thereof, and after the expiration of the said period, until the wage shall have again been fixed at the instance of the said Secretary in the manner prescribed. The Secretary of the Union may by writing under his hand appoint an agent or substitute to represent the Union at the hearing of the application before the Magistrate.

26.—Posting of Award.

A copy of this Award shall be posted or exhibited by the employer in a conspicuous place easily accessible to his workers on each of his works.

27.—Contract of Service.

All workers, except those engaged on piecework or on casual work, shall be employed on a weekly engagement, subject to the following terms:—

- (1) A worker shall perform such work as the employer shall from time to time require, on the usual days and within the prescribed hours: Provided that, until the seven days' notice of transfer to a lower grade prescribed by Clause 18 hereof expires, such work shall, in the case of towns, be of or be paid for as of a similar class to that usually performed by such worker;
- (2) Employment during the first week of such engagement shall be from day to day, at the weekly rate prescribed, except in the case of a re-engagement within one month after the termination of a previous service of the worker under the employer;
- (3) A worker, to become entitled to payment of the weekly wage, must be ready and willing to work on the days and during the hours usually worked by the class of worker affected. A worker shall not be entitled to payment for any time during which he is absent from his employment;
- (4) Subject to the provisions of the two next succeeding paragraphs, a week's notice of the termination of such engagement shall be given on either side. Such notice may be given on any day during the week to terminate such engagement on the corresponding day of the following week or on any later day thereof: Provided that, in the case of work in the bush and at bush mills, such notice may be dispensed with by the consent in writing of the employer and worker;
- (5) The employer may dismiss any worker peremptorily, without notice, for malingering, inefficiency, otherwise than through temporary illness, neglect of duty or misconduct, and pay the worker's wages up to the time of such dismissal only;
- (6) The employer may deduct payment for any day the worker cannot be usefully employed because of any strike by or participation in any strike by the Union, by any branch of the Union, or by any members or member of the Union employed by the employer, or because of any strike by or participation in any strike by any other Union, branch of any other Union, or members or member of any other Union employed by the employer, or because of any breakdown of machinery, or because of any other stoppage of work for any other cause for which the employer cannot be held responsible.

28.—Transport of Workers.

Where means of transport to the bush or bush saw mills are provided by the employer, on the termination of service of a worker, that worker, his family, and his goods and chattels shall be transported free of charge within forty-eight hours of receipt by the employer of notice that such transport is required. But a worker shall not be entitled to free transport on a route along which the public is regularly transported for payment; on the other hand, he shall not be charged a rate on such route in excess of that regularly charged to the public.

29.—Shift Work.

In the event of two shifts being worked, then the second shift shall be worked in five equal periods during the week between Monday at 5 p.m. and Saturday at 3 a.m., at such hours as may be agreed upon between the employer and the workers concerned and assented to in writing by the Union, and in default of such assent, as approved by the Board of Reference: Provided that the total hours worked in any week on such second shift shall not exceed ninety (90) per cent. of the ordinary weekly hours prescribed for the industry.

30.—Part-time Employment.

The employer shall have the right, after having served written notice upon the Union or Unions covered by this Award, at the expiration of seven days, to apply to the

Court for an order to vary Clause 15 (hours), so as to provide for a shorter working week at the rate of wages specified in this Award, but proportioned to the time so to be worked. If such order is made all workers affected after the delivery thereof shall cease, while so affected, to come within the scope of Clause 27 as to weekly hiring, but shall be deemed to be employed under a contract of daily hiring for the period mentioned in such order or agreement.

31.—Board of Reference.

The Court appoints for the purpose of the Award—

- (a) A Board of Reference to consider and deal with matters mentioned in Clause 11 (Rents of Houses);
- (b) A Board of Reference to consider and deal with the matters mentioned in Clause 22 (Classification of Benches);
- (c) A Board or Boards of Reference for the following purposes:—
 - (i) To settle disputes or matters under this Award, except such as involve interpretations of the provisions of the Award;
 - (ii) Classifying and fixing wages of any designation, occupation, or calling not specifically provided for in the Award;
 - (iii) Deciding any other matters that the Court may refer to the Board from time to time.

Each Board shall consist of a Chairman and two representatives, one representative to be nominated by each party.

Separate Boards may be appointed where deemed necessary or advisable for different branches of the Industry or for different localities.

32.—Term.

The currency of this Award shall be three years from the 15th day of June, 1930.

In witness whereof this Award has been signed by the President of the Court, and the Seal of the Court has been hereto affixed this 18th day of June, 1930.

12. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice, he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

13. (a) Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

(b) If the apprentice shall at any time during the said term be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful, or negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

(c) The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement abrogate or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Clerk of the Court, and the cause thereof.

17. Subject to Regulation 23, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement.

18. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the

agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

19. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial award for the trade, calling, or industry.

20. Where in any case the Court is of opinion that the number of apprentices being trained is insufficient to meet the requirements of the industry in the matter of skilled artisans, the Court may make such investigation and order as it may be deemed necessary to permit or require any employer to employ such further number of apprentices as may be directed. Notice of such order shall be given to the parties to this award.

21. (a) Every apprentice shall attend a Government technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given. Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes shall be four hours per week.

(d) Every apprentice shall be bound to submit himself to examination at the places and times prescribed by the Court.

(e) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(f) The clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(g) The employer shall provide such necessary material and machinery as may be required by the examiners, and shall in all ways facilitate the conduct of the examination.

(h) The Board of Examiners shall consist of persons skilled in the industry. It shall comprise equal numbers of representatives nominated by the employers and workers in the particular trade. Failing such nomination or nominations the Court may appoint such persons or persons as it may deem fit. In the event of a disagreement between the examiners the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(i) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(j) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

(k) The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

(l) Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

(m) The examiners shall each be entitled to the following fees, namely:—

For every five, or fraction of five, apprentices examined—One guinea, with a minimum fee of two guineas.

In addition to the foregoing fees, where examiners, in the performance of their duties as such, are required to travel, they will be entitled to reimbursement of all fares and necessary expenses actually incurred.

(n) Whenever it is possible so to do, the examiners, before entering upon the examination following the issue of these Regulations, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

22. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;

(c) An apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

23. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso, shall count as part of the apprenticeship.

24. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

25. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

26. (1.) The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

(2) Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

27. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

28. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect.

29. The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a complete record of all applications to become apprentices;
- (b) a record of all apprentices and probationers placed with employers;
- (c) a record of all employers with whom apprentices are placed;
- (d) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (e) any other particulars the Court may direct.

30. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed.

31. Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1925," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employe, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

32. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the employees engaged therein.

33. "Apprentice" means any person of either sex of any age who is apprenticed to learn or to be taught any industry, trade, craft, or calling to which these Regulations apply, and includes an apprentice on probation.

(b) Provided that, where any holiday other than those specified herein has been lawfully taken during the year on full pay, such days shall be deducted from the days herein specified as holidays.

(c) Provided also, that where a worker's employment is terminated during the course of a calendar year, his employer shall pay to him three-quarters of a day's wages for each calendar month of his service in lieu of the holidays to which he would have been entitled under this clause and has not received. In the event of a worker being employed by an employer for portion only, he shall only be entitled at Christmas or Easter to such holidays on full pay as are proportionate to his length of service during that period with such employer, and if such holidays are not equal to the holidays given to the other workers, shall not be entitled to work or pay whilst the other workers of such employer are on holiday on full pay.

6.—Hours.

(a) A week's work shall consist of forty-eight hours, except in the area comprised within a radius of fourteen miles from the General Post Office, Perth, where the week's work shall consist of forty-four hours.

(b) Except as hereinafter provided, all such hours shall be worked within 9¼ consecutive hours between the hours of 7.15 a.m. and 5.30 p.m. on Mondays to Fridays inclusive, with not less than three-quarters of an hour for luncheon, and between the hours of 7.15 a.m. and noon on Saturdays.

(c) Provided that different hours may be agreed to between the Association and the employer, or, in default of such agreement, approved by the Board of Reference.

(d) Subclause (b) hereof shall not apply to locomotive engine-drivers, locomotive firemen, and cleaners, greasers, log hauling engine-drivers, bush winch-drivers, and traction engine-drivers, and steam cross-cut drivers.

(e) In the event of two shifts being worked, then the second shift shall be ten (10) per cent. less in length of time than the working week fixed for workers generally in the industry, and shall be worked in five consecutive shifts on Monday evening to Saturday morning inclusive, at such times as may be agreed between the employer and the worker concerned, assented to by the Association in writing, and, in default of such assent, as approved of by the Board of Reference. Any time worked on such shift outside the times of work so agreed upon shall be overtime.

(f) In all cases in reckoning the time of duty, any time necessarily occupied in raising steam, in starting up or closing down engines, or in banking fires, shall be included.

7.—Overtime.

(1) All work performed outside the ordinary hours, whether on the first or second shift, or in excess of the hours agreed upon or approved under the preceding clause, shall be overtime. Such overtime shall be paid for at the rate of time and a half for the first two hours daily and double time thereafter. During meal hours double rates shall be paid for all time worked.

(2) All work performed by workers on the holidays to which they are entitled shall be paid for at ordinary rates in addition to the weekly pay, and all work done on Sundays shall be paid for at the rate of double time, and for both holiday work and Sunday work payment shall be made for two hours at the least at such double rates.

8.—Mixed Functions.

Where a worker is engaged on higher grade work in any day, he shall be paid for the whole day at the higher rate: Provided he works in such higher grade for a period of four hours at the least, and in cases where he is employed on higher grade work for more than twenty-four hours in any one week, he shall be paid for the full week at the higher rate.

9.—Time Book.

Each employer shall keep a time book, showing the names of the workers, the number of hours worked, the rates of pay, and the wages paid to each worker from week to week; and the Secretary of the Association, or any official thereunto authorised by the Association, shall be allowed at all reasonable times to inspect the time book, so far as it relates to any member or members of his organisation. Such time books shall be kept available for the last preceding twelve months.

10.—Weekly Engagement.

The employment of all workers under this Award shall be a weekly one.

(a) Employment for the first week shall be from day to day, at the weekly rate fixed, but this provision shall not apply in respect of a worker re-entering the service of an employer within one month of the termination of a previous employment.

(b) A worker, to become entitled to payment of the weekly wage, must be ready and willing to work on the days and during the hours usually worked by the class of worker affected, and must on such days and during such hours perform such work as he is required by the employer to perform. A worker shall not be entitled to payment for any time during which he is absent from his employment.

(c) The employment to be terminated only by a week's notice on either side, and such notice may be given at any time during the week unless such notice (or portion of such notice) is dispensed with by mutual consent. This shall not affect the right of the employer to dismiss any worker without notice for malingering, inefficiency, neglect of duty, or misconduct; and in such cases wages will be paid up to the time of dismissal only, or to deduct payment for any day the worker cannot usefully be employed because of any strike of the said Union, or any other Union, or through any breakdown of machinery or any stoppage of work for any cause the employer cannot be held responsible for.

11.—Definitions.

For the purpose of this Award—

(a) "Engine-driver" shall mean and include any person who operates or drives any engine or engines, the motive power of which is either steam, gas, oil, water, compressed air, or electricity.

(b) "Engine-driver in charge": When a driver, being the only person of his class employed on the plant, does the general repair work of the plant in addition to the work of engine-driving, but not when he merely assists the fitter or engineer to do such work.

(c) "Leading fireman": Where two or more firemen are employed on the same shift, one shall be classed as a leading fireman.

12.—Rents of Houses and Huts.

1. The employer may charge such rents for the use and occupation of the huts or houses owned or controlled by him as may be agreed upon by the employer and worker and the Union, and in default of agreement such rent (not exceeding the amount ascertained by the application of the Commonwealth Statistician's figures as the average rental for four and five roomed houses in the four-country-town statistics for the State) as the Board of Reference may think fair and reasonable.

(2) In determining what is a reasonable and fair rental the Board of Reference shall—

(a) First ascertain the capital value of the building. Such capital value shall be the actual cost to the employer of the building: Provided that,

where the building has been erected prior to the 30th day of June, 1921, there shall be added 20 per cent. to the cost of the building;

- (b) From the capital value so assessed there shall be deducted such amount as shall be estimated to equal the depreciation in actual value of the building, insofar as such depreciation diminishes the letting value: Provided, that the depreciation shall not be assessed as an amount exceeding three (3) per centum per annum.
- (3) The reasonable and fair rental shall be deemed to be not more than the total for the following items:—
 - (1) The percentage on the capital value at the rate of nine (9) per cent. per annum;
 - (2) The amount of the rates and taxes;
 - (3) The amount estimated to be required annually for repairs, including painting, maintenance, and renewal (not exceeding the average amount expended for repairs during the last succeeding five years);
 - (4) The cost of insurance;
 - (5) Any other cost, charge, or out-going considered by the Board of Reference to be fair and/or reasonable.
- (4) The amounts ascertained above shall be reduced to a weekly basis.

13.—Sleeping Accommodation.

Where the employer provides houses or huts for the use and occupation of his workers at a bush mill or camp, or in the bush, the following provisions shall apply:—

- (1) No room shall have a floor space less than ten (10) feet by twelve (12) feet. This requirement shall not apply to existing buildings having a floor space of not less than ten (10) feet by eight (8) feet, which have been approved by the Union, or which, in cases where there has been no approval by the Union, have been or are approved by the Board of Reference;
- (2) No room shall have a height of less than eight (8) feet, but this shall not apply to existing buildings the rooms of which have a height of not less than seven (7) feet.

14.—Payment of Wages.

- (1) All wages due and payable to workers in the bush and at bush saw mills shall be paid in such manner as may be agreed upon between the employer, the worker, and the Union; or in default of such agreement—
 - (a) where a Bank exists within five (5) miles of the mill or place where the work is performed, weekly, in cash, at the mill or such place;
 - (b) where no Bank exists within five (5) miles of such mill or place, fortnightly or bi-monthly, in cash, at such mill or place.

Over and above that becoming due on each such period, as the case may be, not more than six days' pay shall be kept in hand by the employer.

(2) If any worker be kept waiting for payment of his wages after working hours for more than fifteen minutes, he shall be paid at ordinary rates for all time he is kept waiting from the termination of his working hours until he is paid.

(3) Should any worker, wherever employed, be dismissed during the course of a week, he shall be paid at the usual place of payment, on demand there by him, any wages which are legally due to him within fifteen minutes of dismissal: Provided that, if the usual place of payment be on the work in the bush, then such place of payment shall be deemed to be the nearest office of such employer thereto.

15.—Aged and Infirm Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum rate prescribed by this Award may be paid such lesser rate as may from time to time be agreed upon in writing between the employer and the Secretary of the Union, or failing such agreement within twenty-four hours after such worker shall have applied in writing to the Secretary of the Union stating his desire that such wage should be agreed upon, such wage as shall be fixed by the most convenient Resident or Police Magistrate, upon the application of such worker after twenty-four hours' notice in writing shall have been given by him to the said Secretary, who shall,

if he so desires, be heard by the Magistrate upon such application. After having given notice to the Secretary, and after lodging the application mentioned, and pending the Magistrate's decision thereon, the worker shall be entitled to work for and be employed at the proposed lesser rate. The determination of the Magistrate shall have effect for the period of six calendar months from the date thereof and after the expiration of the said period, until the wage shall have again been fixed at the instance of the said Secretary in the manner prescribed. The Secretary of the Union may by writing under his hand appoint an agent or substitute to represent the Union at the hearing of the application before the Magistrate.

16.—Transport of Workers.

Where means of transport to the bush or bush saw mills are provided by the employer, on the termination of service of a worker, that worker, his family, and his goods and chattels shall be transported free of charge within forty-eight hours of receipt by the employer of notice that such transport is required. But a worker shall not be entitled to free transport on a route along which the public is regularly transported for payment; on the other hand, he shall not be charged a rate on such route in excess of that regularly charged to the public.

17.—Board of Reference.

The Court appoints, for the purpose of the Award—

- (a) A Board of Reference to consider and deal with matters mentioned in Clause 12 (Rents of Houses);
- (b) A Board or Boards of Reference for the following purposes:—
 - (i) to settle disputes or matters under this Award, except such as involve interpretations of the provisions of the Award;
 - (ii) classifying and fixing wages of any designation, occupation, or calling not specifically provided for in the Award;
 - (iii) deciding any other matters that the Court may refer to the Board from time to time.

Each Board shall consist of a Chairman and two representatives, one representative to be nominated by each party.

Separate Boards may be appointed, where deemed necessary or advisable, for different branches of the Industry or for different localities.

In witness whereof this Award has been signed by the President of the Court, and the Seal of the Court has been hereto affixed this 18th day of June, 1930.
