The areas marked "A" shall be open for selection by the special classes of selectors hereinafter named in the following order of preference:—

- (1) Under "The Discharged Soldiers' Settlement Act, 1918," by "Discharged Soldiers" within the meaning of paragraphs (a), (b), and (c) of the interpretation of the term in Section 3 of that Act, and "Dependants" within the meaning of that term in the said section.

- (3) Under "The Land Act, 1898," by Munition Workers in the late war.
- (4) Under "The Land Act, 1898," by ordinary selectors.

(In the event of an applicant other than a Discharged Soldier under subparagraph (1) obtaining a block within a Repurchased Estate, the term of the lease and conditions of payment will be subject to re-adjustment in accordance with the provisions of "The Agricultural Lands Purchase Act, 1909.")

The areas marked "B" are not subject to such order of preference.

Applications must be lodged at the Local Land Office for the district in which the land is situated, not later than the date specified, but may be lodged before such date if so desired.

All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board, except in cases where it is already determined by the order of preference set out above under "A." Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board, and there shall be an interval of at least three days between the closing date and the sitting of the Board.

If an applicant wishes to appear before the Land Board in person he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department, which, on presentation at the nearest Railway Station, will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

6.—Overtime.

Overtime shall be paid for work done before the recognised time for starting work and after the recognised time for ceasing work in each factory. Each day shall be reckoned by itself. This clause shall not apply to men working on shifts. Overtime for work done by men (other than those working fifty-six hours per week on continuous shifts) on any day other than specified holidays and Sundays, shall be paid at the rate of time and a-half, except as provided hereunder. Overtime for work done by men working fifty-six hours per week on continuous shifts shall be paid for at the rate of double time (i.e., time in addition to ordinary time) for all time worked in excess of eight hours in any one day of twenty-four hours, except so far as the excess is owing to arrangements between the employees themselves, or is necessary for effecting periodical rotation of shifts, or is owing to the relieving man not coming on duty and relieving at the appointed time, in which latter case the overtime rate shall be paid when the period exceeds one hour. Overtime shall be limited to twelve hours in any one week, unless the overtime is necessitated through a breakdown of the plant. Overtime for the first eight hours shall be paid at the rate prescribed above, but all overtime worked over eight hours in any one week shall be paid at the rate of double time.

7.—Holidays.

(a) Continuous shiftmen and watchmen :

(i.) Shiftmen working on roasters, burners, or chambers, or other acid plants, and also watchmen, shall be granted a holiday of twelve working days on full pay on completion of each year of service. A shiftman or watchman who does not complete one year's service shall be entitled to one day's pay in lieu of holidays for every month of service. These holidays shall be taken at a time mutually convenient. Failing agreement the holidays shall be taken at a time suitable to the convenience of the employer between the 10th day of September and the 10th day of the January following.

(ii.) All work done on specified holidays except Christmas Day, Good Friday, and Labour Day, by shiftmen working fifty-six hours per week on continuous shifts, and by watchmen, shall be paid for at the rate of double time.

(iii.) All work done on Christmas Day, Good Friday, or Labour Day by shiftmen and watchmen as aforesaid shall be paid for at the rate of treble time.

(v.) "Specified holidays" shall mean New Year's Day, Anniversary Day, Good Friday, Easter Monday, Labour Day, King's Birthday, Christmas Day, and Boxing Day.

(vi.) The holidays, if any, accrued due prior to this Award coming into force shall be taken before the 10th day of January, 1931.

(b) Other workers :

(i.) Twelve days' holiday on full pay shall be granted to each worker upon completion of twelve months' service, of which nine days shall be taken consecutively, at a time mutually convenient. Failing agreement, the holidays shall be taken at a time suitable to the convenience of the employer, between the 10th day of September and the 10th day of the January following. The other three days shall be Christmas Day, Good Friday, and Labour Day. If Christmas Day falls on a Sunday the following Monday shall be given in lieu thereof.

(ii.) An employee who does not complete one year's service shall be entitled to one day's pay in lieu of holidays for every month of service in proportion as is his length of service to the full year's employment.

(iii.) All work done on any of the specified holidays (except Christmas Day, Good Friday, or Labour Day) and on Sundays, shall be paid for at the rate of double time.

(iv.) Any work done on Christmas Day, Good Friday, or Labour Day shall be paid for at the rate of treble time.

(c) Holidays without deduction of pay shall be limited to twelve days per annum as aforesaid.

8.—No Discrimination.

No employer shall, in the employment or dismissal of his employees, discriminate in any way against the members of the Union, nor shall they, in the conduct of their business, do anything with a view to directly or indirectly injuring the Union.

9.—Under-rate Workers.

A worker who by reason of old age or infirmity is unable to earn the minimum rate of wage herein prescribed may be employed at a lower rate which shall be agreed upon in writing between the worker and the Secretary of the Union. If within seven days after being notified in writing of the worker's desire to work at a lower rate of wages than the prescribed rate, the said Secretary and worker are unable to agree upon a lower rate, then the worker may apply in writing to the Resident or Police Magistrate within whose Magisterial District the proposed employment will take place, to fix such lower rate of wages. The worker shall give such Secretary two days' notice in writing of his intention to apply to the Magistrate, and the said Secretary or his agent may attend and oppose the application. The Magistrate may fix the rate of wage, and his decision shall be final. Any worker whose wage shall have been so fixed may work for and be employed by any employer within the district to which this Award applies, for such lower wage for the period of six calendar months thereafter, and, after the expiration of the said period, until fourteen days' notice in writing shall have been given him by the Secretary of the Union requiring his wage to be again fixed in the manner prescribed by this clause.

10.—Contract of Hiring.

The contract of hiring of every worker, excepting juniors, watchmen, despatch clerks, tally clerks, and storemen, shall be deemed to be a contract of hiring by the day.

11.—Time and Wages Book.

Each employer shall keep or cause to be kept at his usual place of business, or at each of them if more than one, a book containing a record of the names of all workers employed by him at the particular factory, the class of work performed by each worker, the wages paid to each such worker, the starting and finishing time of each day and the amount of overtime, if any. Such book shall be open to inspection by the Secretary, or such person as may be appointed by the Union, on any day during working hours.

In witness whereof this Award has been signed by the President of the Court, and the seal of the Court has been hereto affixed this Eleventh day of September, 1930.

(Sgd.) WALTER DWYER,
President.

(SEAL.)

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

Nos. 4 & 8 of 1929.

Between the Coastal District Committee Amalgamated Engineering Union Association of Workers and State Executive Australasian Society of Engineers' Industrial Association of Workers, Applicants, and McBolt & Nelson and others, as per Schedule "B" annexed hereto, Respondents.

The Court of Arbitration of Western Australia doth hereby make the following Award in connection with the Industrial Dispute between the abovenamed parties:—

AWARD.

1.—Area.

This Award shall have effect over that portion of the State of Western Australia comprised within the South-West Land Division thereof, except such portion of the said Division as is comprised within a radius of twenty-five miles of the General Post Office, Perth; provided, however, that nothing herein contained shall prejudice or affect the rights and responsibilities of employers and workers whose conditions of employment are already regulated by any other existing Award or Industrial Agreement, and this Award shall not apply to the places in which such workers are for the time being employed.

2.—Term.

The currency of this Award shall be three years from the date hereof; provided that, at any time after the expiration of twelve months from the date hereof, the Court may alter or amend same on the application of any party or person affected by its provisions.

3.—Hours of Duty.

Forty-eight hours shall constitute a week's work, to be worked on six days, between the hours of 7 a.m. and 6 p.m. for five days and 7 a.m. and 1 p.m. on the day upon which the half-holiday is observed in any town or district. The ordinary day's work for any day shall not exceed eight hours forty-five minutes on any of the five days of the week on which the spread of hours is between 7 a.m. and 6 p.m., such working hours to be consecutive, except for an interval not exceeding one hour for lunch; and shall not exceed four hours fifteen minutes, to be worked consecutively, on the day on which the spread of hours is between 7 a.m. and 1 p.m.

4.—Overtime.

(a) All time worked in excess of forty-eight hours per week or before and after the times set out in Clause 3, shall be deemed to be overtime, and shall be paid for at the rate of time and a half for the first two hours and double time thereafter.

(b) Work done on a Sunday or Christmas Day or Good Friday or Easter Monday or Labour Day shall be paid at double time rate, except in the case of workers effecting repairs to or renewals to plant and/or the employer's machinery necessary to enable work to be safely resumed on Monday, or the earliest working day, in which case payment shall be made at the rate of time and a half. This exception shall not apply to the installing of new machinery.

(c) When a worker is recalled to work after leaving the job, he shall be paid for at least two hours at overtime rate.

(d) When a worker is required to hold himself in readiness for a call to work after ordinary hours, he shall be paid at ordinary rates for the time he so holds himself in readiness.

(e) When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one hour, he shall be provided with any meal required, or shall be paid 2s. (two shillings) in lieu thereof.

(f) All time worked during the usual meal time shall be paid at overtime rates, and such rates shall continue until the worker knocks off for his meal.

5.—Holidays.

(a) Each worker, other than a casual worker, shall be entitled to twelve days' annual leave each year on full pay; or, should the period of continuous employment be less than one year, the worker shall be paid

holiday pay in proportion as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer. Holidays without deduction of pay shall be limited to twelve days per annum as aforesaid.

(b) Payment for any day upon which the employer and Association agree that the establishment of the employer shall be closed may be deducted from the weekly wage; any worker employed on any such day shall be paid in accordance with Clause 4 (b). Failing agreement between the employer and the Association, the following days shall be days upon which, if the employer's establishment be closed, payment may be deducted, namely:—New Year's Day, Good Friday, Easter Eve, Easter Monday, Christmas Day, 26th December (Boxing Day), Anzac Day, King's Birthday, Labour Day (1st May), and Foundation Day (1st June). If Christmas Day falls on a Sunday, the following Monday shall be kept.

(c) If the establishment remains open on those days, the ordinary rates shall apply, except in the case of Christmas Day, Good Friday, Easter Monday, and Labour Day, which days are provided for in Clause 4 (b).

(d) Workers dismissed for serious and wilful misconduct shall not be entitled to the benefits of this clause.

6.—Shift Work.

(a) Whenever shift work is worked, all shifts except the day shift shall be paid at the rate of time and a quarter.

(b) Work other than day shift shall not be recognised as night shift, unless five consecutive nights are worked, but shall be deemed to be overtime; on the completion of the fifth consecutive night's work, the worker shall be deemed to have been employed on night shift during that and the preceding four nights and thereafter during any subsequent consecutive nights he is so employed. The intervention of a Sunday or a holiday on which work is not performed shall not be deemed to break the sequence.

(c) When night shift is to be paid at time and a quarter rate, as prescribed in the preceding subclause, overtime shall be based on the time and a quarter rate and calculated under Clause 4 (a).

7.—Contract of Service.

(a) The contract of service shall be by the day, and shall be terminable by one day's notice on either side, except in the case of a casual worker.

(b) If a worker absents himself from duty without reasonable cause, the proof of which lies on him, a sum proportionate to his time of absence may be deducted from his pay.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

(d) No worker shall be entitled to payment for non-attendance on the ground of personal ill-health for more than six days during each year of service.

The employer shall keep a copy of this Award posted up in a convenient place in the workshop.

16.—Higher Duties.

A worker engaged for more than two hours in any one day on duties carrying a higher rate than his ordinary classification shall be paid the higher rate for such day.

(d) The provisions of this clause and the rates of wages hereinbefore set out shall not apply to any apprentices now working under a contract of apprenticeship in writing and duly executed, whose conditions of employment shall be as provided therein. Schedule A.

APPRENTICESHIP REGULATIONS.

1. No person between the ages of fourteen and eighteen years shall be employed in the above-mentioned trades, except as a junior worker or an apprentice, including an apprentice on probation.

2. Every apprentice shall be employed on probation for a period of three months, to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as is herein prescribed. In the event of his becoming an apprentice, such probationary period shall be counted as part of the term of apprenticeship. No apprenticeship agreement shall be entered into until the termination of the probationary period, but in the meantime all conditions as to terms and conditions of employment shall apply as if the apprentice were a duly registered apprentice.

3. (a) Any employer taking an apprentice on probation shall, within fourteen days thereafter, register such probationer by giving notice thereof to the Registrar in the prescribed form.

(b) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

4. When an apprentice cannot be usefully employed because of a strike, the employer shall be relieved of his obligation under the apprenticeship agreement during the period of the strike.

5. Subject to Regulation (6), time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court, on the application of any party, be added to the original term in the apprenticeship agreement.

6. The employer shall pay the apprentice for all time lost through sickness, or the holidays prescribed by this Award; provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost, if any, of such certificate or certificates, not exceeding five shillings, to be borne by the employer.

(c) An apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

7. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training the amount by which the wages prescribed by the industrial Award for the trade, calling, craft, occupation, or industry, exceeds the amount received by the apprentice from the Department of Defence. Provided that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades. All time lost by reason of compulsory military or naval training, other than the additional training mentioned in the above proviso, shall count as part of the apprenticeship.

8. When an apprentice is absent from work for any cause other than sickness, or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

9. An apprentice shall be entitled to such holidays as are provided for in this Award.

10. If the apprentice shall at any time during the term of apprenticeship be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful, or negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

(SEAL.)

(Sgd.) WALTER DWYER,
President.

11. The Court may in its discretion for any cause which it may deem sufficient, on the application of any party to an apprenticeship agreement, abrogate or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

12. In the event of an employer being unable to provide work for the apprentice, or to mutually agree with the legal guardian of the apprentice to cancel the agreement, or to arrange a transfer, application may be made to the Court to arrange for such transfer, or to have such agreement cancelled.

13. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial Award for the trade, calling, or industry.

14. An apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of his agreement, and in the event of the Court refusing same, the wages of the apprentice, or such portion thereof as the Court may order, shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

15. (a) Every apprentice shall attend a Government Technical School, vocational classes, or classes of instruction, for instruction in such subjects as are provided for his trade. Provided, however, that attendance shall not be compulsory, when the apprentice is resident outside a radius of twelve miles from the place where instruction is given. Provided also, that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost, to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes shall be four hours in each week the classes are held, if instruction is available.

16. The maximum number of apprentices allowed to any employer shall be in the proportion of one apprentice to every three or fraction of three journeymen employed, provided that the fraction of three shall not be less than one.

17. For the purpose of ascertaining the number of apprentices to be taken at any time, the average number of journeymen employed on all working days of the six months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade, he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed.

18. Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1925," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, and interrogate the employer in regard to any of the above-mentioned matters.

19. The breach of any of the terms of a contract of apprenticeship shall be deemed to be a breach of these Regulations, but this shall not prejudice or affect the right of any party to proceed for damages or penalties in any Court of competent jurisdiction.

20. Non-compliance by any person with the provisions of these Regulations shall be deemed to be a breach thereof.

21. Any person convicted of a breach of these Regulations shall be liable to a penalty not exceeding Twenty pounds.

22. Proceedings in respect of breaches of these Regulations shall be instituted and conducted and fines and penalties recovered in the same manner as proceedings in respect of enforcement of an Award, and the forms prescribed for such enforcement, modified or altered where necessary, may be used in the proceedings.

23. "Apprentice" means any person of any age who is apprenticed to learn or to be taught any of the industries, crafts, or callings to which these Regulations apply, and, where the context so admits, includes an apprentice on probation.
