6. The election of all officers shall be conducted by a show of hands, unless a ballot be demanded.

7. The salary or allowance attached to the office under consideration of the Board shall be fixed in all cases preceding the appointment, and the salary of any officer when fixed shall not at any time be considered with a view to its increase or reduction, unless specially authorised by a meeting of the Board, at which at least a quorum is present.

Meetings and Proceedings.

9. Notice shall be given in writing by the Chairman or Secretary of ordinary or regular meeting adjourned.

10. Meetings of the Board shall be of two kinds—"Ordinary" and "Special." Ordinary meetings are the regular meetings held in pursuance of these By-laws for the transaction of the general business of the Board, including meetings adjourned for the purpose of any incomplete business, but an adjourned meeting would not exclude any business which was considered necessary to transact. Special meetings are those called under Section 130 of the Act, and shall include those called by the Chairman in response to a requisition signed by three members, and the notices for such special meetings shall have such special business notified therein for which the meeting was called and for which each member shall receive seven days' notice. No business shall be transacted at a special meeting other than that for which the special meeting was called for: Provided that any matter of emergency can be discussed, with the ruling of the Chairman and the consent of those present. The ratepayers' meeting shall consist of one called under Section 143 of the Act, and the Standing Orders shall, so far as the Act allows, apply to the proceedings, but the provisions of the Act shall be first complied with.

11. Ordinary meetings shall be held at the office of the Board, once in each month, on the day and at the hour appointed from time to time by resolution of the Board.

12. A special meeting may, on the requisition of three members of the Board, be called at any time in the manner prescribed by the Act, but the Chairman may call a special meeting of the Board as often as he may think proper. No business will be transacted at any ordinary or special meeting unless a quorum is present.

13. At any meeting of the Board it shall rest with the majority of the members of the Board present to exclude the public from such meeting when, in their opinion, it is expedient to do so.

14. At all meetings of the Board, when there is not a quorum present, or when the Board is counted out (which counting shall take place whenever there shall be less than a quorum present, or within 30 minutes after time for which the meeting is called); such circumstances, together with the names of the members then present, shall be recorded in the Minute Book.

15. The first business of all ordinary meetings of the Board shall be the reading of the minutes of the preceding meeting aloud, with a view to their confirmation.

Voting.

16. Each member (including the Chairman) shall have one vote, and such Chairman shall, in case of equality of votes, have a casting vote in addition to his ordinary vote, and all questions at such meetings shall be decided by a majority of the votes of the members present. All motions and amendments shall be decided by a show of hands, unless a division is demanded, before the next business is proceeded with,

Minutes of Meetings.

17. The Minute Book prescribed by the Act shall be kept, in which any item of business transacted by the Board at a meeting shall be entered by the Secretary. Minutes of special or ordinary meetings shall be confirmed at the next ordinary meeting. No discussion shall take place upon the minutes of proceedings, except as to their accuracy, or for the ratification of a clerical error.

Standing Orders.

18. The order of business at all ordinary meetings of the Board shall be as follows, that is to say:—

- (a) reading and confirmation of minutes of last ordinary, also special meetings (if any);
- (b) consideration of business arising out of minutes;
- (c) questions of which due notice has been given by members or officers of the Board;

- (e) reports of sub-committees and officers;
- (f) depositions and presentation of petitions or memorials, and consideration thereof;
- (g) reading of correspondence received and, at the option of the Board, despatched, and taking action as may be deemed expedient in regard thereto;
- (h) consideration of tenders and ratification of contracts;
- (i) presentation of monthly statement and passing of accounts for payment;
- (j) motions of which previous notice has been given;
- (k) motions without notice (by leave of the Board under By-law 19);
- (l) general business;
- (m) notice of motions.

19. In the event of any member having urgent business to place before the meeting, he may move the suspension of the Standing Orders, and, if agreed to by the Board, such business shall take precedence of all other.

Petitions.

20. Every petition or memorial shall be respectful and temperate in its language, and shall be presented to the Board by a member only, and any member presenting a petition or memorial to the Board shall affix his name to the beginning thereof, with the number of signatures, and any member presenting a petition or memorial shall acquaint himself with the contents thereof and ascertain that it does not contain language disrespectful to the Board. The nature or prayer of every petition or memorial shall be stated to the Board by the member presenting the same.

Tenders.

21. Tenders for work shall be opened and dealt with when the subject-matter of the tenders comes on to be considered at the meeting of the Board, or by a Committee appointed for the purpose. The Board may require a deposit of 5 per cent. of the amount of the tender to accompany such tender, or two satisfactory sureties.

22. A member, when speaking, shall not digress from the subject of debate.

Correspondence.

23. All correspondence with the Board shall be addressed to the Secretary and submitted to the Board. No letter addressed to the Board shall be presented or read by a member.

(b) Any report of a Committee, or any portion thereof, may be amended by the Board in any matter, if it may think fit, or may be referred back to the Committee for further consideration.

(c) The recommendations of any Committee, when adopted by the Board, shall be resolutions of the Board.

Precedence of Chairman.

25. When the Chairman rises in his place during the progress of a debate, any member when speaking, or offering to speak, shall immediately resume his seat, and every member shall preserve strict silence, so that the Chairman may be heard, without interruption, but the member who was speaking may resume when the Chairman takes his seat.

Notice of Motion—Absence of Mover.

26. In the absence of a member who has placed a notice of motion on the business paper for any meeting, any other member may at such meeting move the same, or such motion may be deferred until next ordinary meeting of the Board.

Motions and Amendments to be in Writing.

31. No motion or amendment shall be debated unless or until it has been reduced to writing, if the Chairman so directs.

32. A motion or amendment not seconded cannot be discussed by any member except the mover, nor put by the Chairman.

33. In submitting a motion or amendment the Chairman shall put the question first in the affirmative and then in the negative.

Further Amendment may be moved on amended Question.

34. If an amendment has been carried, the question as amended thereby shall become itself the question before the Board, whereupon any further amendment upon such question may be moved.

How subsequent Amendments may be moved.

35. If an amendment, whether upon an original question or amended as aforesaid, has been negatived, then a further amendment may be moved to the question to which such first-mentioned amendment was moved, and so on until there are no further amendments, and the question is decided by the final vote in the affirmative or negative: Provided that not more than one question and one proposed amendment thereof shall be before the Board at any one time.

Motions for Adjournment.

36. No discussion shall be permitted upon any motion for adjournment of the Board. If upon the question being put on any such motion the same is negatived, the subject then under consideration or next on the business paper shall be discussed, and it shall not be competent for any member to again move a motion for adjournment until half an hour has elapsed from the time of moving the one that has been negatived.

Mover of Adjournment, when entitled to Priority.

37. On resuming any discussion which has been adjourned, the mover of such adjournment shall be entitled, if he has not already spoken on the subject under discussion, to speak first.

Notice of Question to be given.

38. Sufficient notice of every question shall be given to the Chairman or member expected to reply, and, if necessary, reference to other persons or to documents.

Every member, other than the mover of an original motion, shall have the right to speak once upon such motion and once upon every amendment moved thereon. No member shall, without the consent of the Board, speak more than once upon any one question, or for longer than ten minutes at any one time, unless when misrepresented or misunderstood, in which case he may be permitted to explain, without adding further observations than may be necessary for the purpose of such explanation.

Determination of Questions.

44. (a) All questions shall, if not otherwise decided by law, be determined thus: Upon a question being put the Chairman shall call for a show of hands for and against the question, and shall declare whether the question has been affirmed by the majority of members present or otherwise. The decision of the Chairman shall be final, unless such decision be immediately challenged and any member rise and demand a division.

(b) Where any member dissents he may request that his name be recorded in the minutes as opposed to the motion, and it shall be so recorded.

In pursuance of the powers conferred on it by the Second Schedule to "The Road Districts Act, 1919," Building Regulations 36 and 37, the Denmark Road Board doth make and publish the following By-laws, and doth order that such By-laws shall apply to the Townsite of Denmark:—

1. No person shall erect any building or alter or add to an existing building, or shall permit any person to erect any building, or alter or add to an existing building, on land of which he is the owner or of which he has the control, except such building, alteration, or addition is erected in conformity with these By-laws.

2. No person shall build any structure intended to be used for human habitation or occupation, or capable of being used as such, or shall alter or add to any such existing structure, without having obtained a Building License from the Board and paying the fees prescribed herein, namely:—

- (a) The fee for Building License;
- (b) The fee for the use of the portion of the street abutting on the building during building operations, and deposit as security for the reinstatement and repair of such portion of such street;
- (c) The charge of the Local Health Authority for providing the necessary pans and lids for the privy.

3. Before such Building License is issued plans and specifications, in the form prescribed herein, shall be submitted to the Surveyor, and a license will not be granted before seven days after the submission of such plans and specifications, unless in special circumstances, of which special circumstances the Surveyor shall be the sole judge.

4. Plans shall be in ink, on tracing linen or on paper sufficiently strong to stand the erasure of "H" pencil marks without injury to the paper; and specifications shall be in typewriting or in ink manuscript clearly written and on strong paper.

5. Plans shall clearly show ground plans, elevations, and sections as are sufficient to make plain the construction and the dimensions of the proposed structure. The size of the rooms and thickness of walls shall be written on in figures.

Specifications shall show clearly both as to materials and size of same, the construction of the foundations, floors, internal and external walls, ceilings, and roof; also the ventilation of the structure, the number of privies and the construction of same, and shall provide for at least one privy of the prescribed construction, provided with the pan supplied by the Local Health Authority.

The ground floor level of any building to be erected abutting on any footpath shall not be less than ten inches above the level of the kerbing of the footpath upon which the building abuts, nor greater than ten inches above such kerbing, unless provision is made in the plan and specifications for safe ingress and egress at all doorways by means of either a suitable ramp or steps.

A block plan, signed by the builder or owner, shall be supplied, showing clearly the position of the intended structure on the block of land on which it is to be erected, and the position of the privy. Such plan will be retained by the Board.

6. If the plans and specifications submitted are in accordance with these By-laws and the prescribed fees are paid, the Surveyor shall sign them on behalf of the Board, and issue a Building License in the form prescribed herein, and for the period set forth in such license; but if the plans and specifications contain any matter which, in the opinion of the Surveyor, is contrary to the principles of sound or sanitary construction, and such matter is not covered by these By-laws, the Surveyor shall refer such matter to the Board at its next meeting, and the Board shall have power to decide any matter referred to in Clauses A to K of Section 37 of the Building Regulations, when such matter is not defined in these By-laws, and a Building License will not be granted until the Board decides on such matter; provided that such decision will not be unreasonably delayed.

7. No external wall shall be erected on the building line of any street or nearer than eight feet to such building line, unless constructed of brick, stone, or concrete. Where any building is to be used wholly or in part as a shop or warehouse, the Surveyor may authorise, on behalf of the Board, the external walls of such building to be constructed of wood or iron, with wooden framing, except the walls referred to before in this clause; but if any such building is to be erected nearer than six feet to an existing building, the external wall facing such existing building shall be constructed of brick, stone, or concrete.

8. No building shall be erected nearer than ten feet to the boundary of the block of land on which it stands, unless such boundary is a street or lane, or unless the external walls facing such boundary are constructed of brick, stone, or concrete, and the Surveyor may authorise on behalf of the Board, the construction of any dwelling whereof the external walls are constructed of wood or of iron with wood framing, except any walls coming within the distance of ten feet referred to before in this clause.

9. On behalf of the Board the Surveyor may authorise the internal linings, partitions, and ceiling of any dwelling, if such building is not nearer than ten feet to any boundary of the block of land on which it stands, to be constructed wholly or partly of inflammable material. Such authority shall hold good for not more than twelve months after the date fixed for the expiration of the Building License, but may be extended by the Board from time to time on the application of the then owner. If no such extension of time is granted, such inflammable material shall then have become erected contrary to the provision of Section 14 of the Building Regulation, within the meaning of the said section, and the Board may at any time proceed in the manner set forth in the said Section 14.

10. No brick, stone, or concrete wall shall be erected nearer than two feet to the boundary of the block of land on which it stands, unless it is a parapet wall rising to a height of not less than one foot above the roof gutter, and the Board will not approve of the subdivision of land which would have the effect of leaving an existing wall in conflict with this provision.

11. No structure of any kind shall be erected upon, over, or under any street, footpath, or public way unless the plans and specifications have been first submitted to and approved by the Board, and no verandah or signboard will be allowed over any footpath unless a clear way of not less than eight feet above such footpath is provided.

12. No street verandah shall be erected, except in accordance with a plan submitted to and approved by the Board, and every such verandah shall be provided with a suitable gutter to carry the water falling on such verandah. If the water from such gutter discharges into the street, it shall be carried into the street gutter by a cast or wrought iron downpipe, of such size as the Board may direct, and such downpipe shall discharge into the street gutter in such manner as the Board may direct.

Any such street verandah, gutter, and downpipe shall at all times be kept in repair by the owner of the building in front of which it is built, to the satisfaction of the Board, and the owner shall carry out any repairs in such manner as may be ordered by the Board.
