The above wages shall apply to any operation where oil or water paints, including their substitutes or refrigerating compounds of all kinds or like manner, are applied by spray or brush.

(b) Glaziers and signwriters usually employed in or about the employer's business premises shall not be entitled to lost time allowance when employed therein or when sent out from there to outside work.

(c) The margins and allowances above mentioned shall be decreased by fifteen (15) per centum until the 31st day of December, 1932, and thereafter until otherwise ordered by the Court on the application of any party interested.

(d) The foregoing rates are stated weekly for the sake of convenience, but the contract of hiring shall be an hourly one, terminable on either side by one (1) hour's notice, and the worker shall, in the event of such notice, be entitled to payment up to the time when such notice terminates.

5.—Definition.

(a) "Painter" shall mean any worker engaged in any manner whatsoever in connection with the painting of dwelling-houses or other buildings of any nature, fences, petrol or oil containers (of over fifty (50) gallons capacity), bridges (whether constructed of iron or wood, or partly of iron and partly of wood), or in connection with paperhanging, decorating, graining, marbling, gilding, signwriting, glazing, glasscutting (except when done by shop salesmen, picture-frame or furniture makers), kalsomining, distempering, colour-washing, staining, varnishing, stripping off old paper, removing old paint or varnish; and the preparing and the getting ready of all work connected with any of the abovenamed

branches of the trade, and the preparation of all materials required for any of the said branches of the trade.

(b) This Award shall not apply to the painting of ships or to lime-washing.

(c) Lime-washing consists of slacking down of lime by the addition of water and common binders and the application of same by spray or brush, but when colouring matter is introduced into the mixture it becomes painters' work.

6.—Overtime.

(a) All time not in excess of eight (8) hours' work between the hours of 7 a.m. and 6 p.m. shall be paid for at usual time rates: provided that a shift shall not be broken, except for the duration of the luncheon hour.

Payment shall be made within fifteen (15) minutes of knock-off time. If this is not done the worker shall be entitled to overtime rates for the time lost in waiting. When a worker is discharged before the usual time he shall be paid on ceasing work the wages then due to him.

8.—Termination of Employment.

One (1) hour's notice of intention to terminate the employment shall be given on either side.

(a) A worker employed on country work shall be paid an allowance of five shillings (5s.) per day for each day under a week during the currency of the job, including Saturday and Sunday, or thirty shillings (30s.) per week, or suitable accommodation mutually approved of. Time occupied in travelling to and from country work shall be paid for at ordinary rates, and no worker shall receive more than an ordinary day's wage for any day spent in travelling, though the hours so spent on such day exceed eight (8) unless the worker is on the same day occupied in working for his employer.

(b) If on country work any employer wishes to work overtime, the parties may agree that he shall do so at time and a quarter rates, except on the day a job finishes or the last working day preceding a public holiday; but not more than ten hours in any one week.

12.—Under-rate Workers.

A worker who by reason of old age or infirmity is unable to earn the minimum rate hereby prescribed may be employed at a lesser rate, which shall be agreed upon in writing between the worker and the Secretary of the

worker's Union. If within seven (7) days after being notified in writing of the worker's desire to work at a lower rate of wage than that prescribed, the said Secretary and the worker are unable to agree upon a lower rate, then the worker may apply in writing to the nearest Resident or Police Magistrate to fix such lower rate of wage. The worker shall give such Secretary two (2) days' notice in writing of his intention to apply to the Magistrate, and the said Secretary or his agent may attend and oppose the application. The Magistrate may fix the rate of wage, and his decision shall be final. Any worker whose wage shall be so fixed may work for and be employed by any employer for such wage for the period of six (6) months thereafter, and, after the expiration of the said period, until fourteen (14) days' notice in writing shall have been given him by the said Secretary of the Union requiring his wage to be again fixed in the manner prescribed by the Award.

(3) Every apprentice shall be employed on probation for a period of three months to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as may be prescribed by the Award. In the event of his becoming an apprentice, such probationary period shall be counted as part of the term of apprenticeship.

4. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

In any proceeding for any contravention of this Regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any employee proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this Regulation.

7. (a) Any employer taking an apprentice on probation shall within 14 days thereafter register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these Regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

(b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.

(c) The Court may in any case, where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.

(d) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(e) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. (f) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(g) The Court shall have power to transfer an apprentice from one employer to another, either temporarily or permanently—

- (i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or
- (ii) upon the application of the employer or the apprentice, for good cause shown.

(h) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate, and shall, unless the Court otherwise directs, be signed by the late employer or his assign, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(i) There shall be four copies of the form of transfer, of which one copy shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

(j) Every agreement of apprenticeship shall be subject to the provisions of the Award in force for the time being applicable to apprenticeship in the industry.

8. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in

addition to the teaching that may be provided by his employer.

9. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years.

10. Every agreement of apprenticeship entered into shall contain—

- (a) the names and addresses of the parties to the agreement;
- (b) the date of birth of the apprentice;
- (c) a description of the industry, craft, occupation, or calling or combination thereof to which the apprentice is to be bound;
- (d) the date at which the apprenticeship is to commence and the period of apprenticeship;
- (e) a condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial Award so far as they concern the apprentice;
- (f) a condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours;
- (g) a condition that, in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard;
- (h) the general conditions of apprenticeship.

11. Where in any case it is reported to the Court that any employer or group of employers has not in his or their employ the number of apprentices in proportion to the journeymen employed equal to the proportion allowed or required by the Award, the Court may make such investigation and order as it may deem necessary to ensure that each employer or group of employers shall employ and train a specified minimum number of apprentices.

12. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may, with the consent of the apprentice and guardian, transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its Award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

13. (a) Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

(b) If the apprentice shall at any time during the said term be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful, or negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

(c) The Court may in its discretion for any cause which it may deem sufficient, on the application of any party to an apprenticeship agreement, abrogate or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the clerk of the Court, and the cause thereof.

15. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of

apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and, in the event of the Court refusing same, the wages of the apprentice, or such portion thereof as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

16. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

17. Subject to Regulation 23, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement.

18. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

19. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial Award for the trade, calling, or industry.

20. Where in any case the Court is of opinion that the number of apprentices being trained is insufficient to meet the requirements of the industry in the matter of skilled artisans, the Court may make such investigation and order as it may be deemed necessary to permit or require any employer to employ such further number of apprentices as may be directed. Notice of such order shall be given to the parties to this Award.

21. (a) Every apprentice shall attend a Government technical school, vocational classes, or classes of instruction, for instruction in such subjects as are provided for his trade: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given. Provided also, that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes shall be four hours per week.

(d) Every apprentice shall be bound to submit himself to examination at the places and times prescribed by the Court.

(e) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction, unless he is exempted from such attendance for good cause.

(f) The Clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(g) The employer shall provide such necessary material and machinery as may be required by the examiners, and shall in all ways facilitate the conduct of the examination.

(h) The Board of Examiners shall consist of persons skilled in the industry. It shall comprise equal numbers of representatives nominated by the employers and workers in the particular trade. Failing such nomination or nominations the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners, the matter in dispute shall be referred to a third person agreed to by them or

nominated by the Court or the President, at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(i) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(j) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

(k) The Registrar shall, after each examination, issue a certificate to each apprentice, indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the Secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

(l) Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

(m) The examiners shall each be entitled to the following fees, namely:—

For every five, or fraction of five, apprentices examined—One guinea, with a minimum fee of two guineas.

In addition to the foregoing fees, where examiners, in the performance of their duties as such, are required to travel, they will be entitled to reimbursement of all fares and necessary expenses actually incurred.

(n) Whenever it is possible so to do, the examiners, before entering upon the examination following the issue of these Regulations, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Clerk of the Court thereof.

22. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost, if any, of such certificate or certificates, not exceeding 5s., to be borne by the employer;

(c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

23. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial Award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training, other than the additional training mentioned in the above proviso, shall count as part of the apprenticeship.

24. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

25. If the examiners or the industrial Union or employer concerned make representations to the Court that the facilities provided by the Technical School or other place of vocational training for the teaching of apprentices are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School or such other place as it deems necessary.

26. (1.) The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

(2.) Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court, with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (*i.e.*, increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

27. When an apprentice is absent from work for any cause other than sickness, or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

28. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect.

29. The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a complete record of all applications to become apprentices;
- (b) a record of all apprentices and probationers placed with employers;
- (c) a record of all employers with whom apprentices are placed;
- (d) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (e) any other particulars the Court may direct.

30. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade, he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed.

31. Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1925," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

32. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer

to furnish him with any specified information relating to the said industry, or relating to the employees engaged therein.

33. "Apprentice" means any person of either sex of any age who is apprenticed to learn or to be taught any industry, trade, craft, or calling to which these Regulations apply, and includes an apprentice on probation.
