41. Rates shall become due and payable yearly in advance on the first day of July. Provided that, in all cases where a rate is made after the first day of July in any year, the notice of the order for making and levying of such rate, published in the *Government Gazette* and a newspaper, as provided by Section 94 of the said Act, shall specify the minimum sum payable as rate as aforesaid, and the date or dates when the rates shall be due and payable, and such rate shall be and become due and payable in accordance with the terms of such notice.

Allowance for Rate.

42. Subject to the provisions of these By-laws every ratepayer will be entitled to consume on each separately assessed piece of land of which he is the owner or occupier which, if calculated at the price specified in the

Schedule I. hereto as being that at which water is supplied in return for the rate in the area in which such property is situated would amount to the equivalent of the water rate paid on each property; provided that such water is taken during the period for which the rate is struck.

Payment for Excess Water.

43. Every rate-paying consumer taking water in excess of the quantity to which he is entitled in respect of the rate shall pay for the excess in accordance with prices set forth in the Schedule I. hereto.

(c) The daily hours of work may be divided into three (3) periods of work.

(d) Subject to Clause 6, the minimum period of work to be paid for shall not be less than two hours.

(e) On two days in any one week the employer shall be entitled to work the worker up to but not exceeding twelve (12) hours on each of these two days, and if the provisions of this subclause are availed of by working the worker for more than ten hours on one or both of the two days, such worker shall be allowed one full day off during that week on full pay.

8.—Overtime.

Except as provided in Clause 7 (e), all work performed beyond nine (9) hours on any one day, or beyond forty-eight (48) hours in any one week, shall be paid for at the rate of time and a quarter for the first two hours and time and a half thereafter.

Should overtime become payable on account of a relieving worker coming on duty late, the employer shall be entitled to make a deduction from the relieving worker's pay for the time that such worker was absent from duty.

9.—Roster.

A roster of the working hours shall be exhibited in each establishment, in such a place as it may be conveniently and readily seen by each worker concerned. Such roster shall denote the hours to be worked by each worker, and shall be open for inspection on the premises of the employer by a duly accredited representative of the Union at any reasonable time during working hours. Such roster shall be drawn up in such a manner as to show the hours of each worker for one day in advance, and may only be altered on account of the sickness or absence of a worker, or on account of any contingency that the employer could not reasonably foresee.

10.—Holidays.

(a) All workers shall be given two (2) weeks' leave of absence on full pay, after the expiration of each twelve (12) months' service. Such leave shall be given to and taken by the worker within three (3) months of becoming due. Where the engagement of any worker to which this subclause applies is terminated after one (1) month's continuous service, or after any period of continuous service from the date on which the previous annual holidays became due, he shall be paid, in lieu of holidays, in proportion to the length of his service.

(b) Alternatively, at the option of the employer, the following days, or the days observed in lieu, may be granted as paid holidays, namely, New Year's Day, Good Friday, Easter Monday, Labour Day, Christmas Day, and Boxing Day, and, if such days are granted, they shall be deducted from the two weeks' annual leave above referred to.

(c) Holiday pay shall not accrue during a worker's absence from his employment for any cause whatsoever.

(d) A worker who is dismissed for misconduct, or who illegally severs his contract of service, shall lose all rights under this clause.

11.—Time and Wages Book.

Each employer shall provide a time and wages book, to be kept in a place where it is easily accessible to both the employer and the worker. Such book shall show the name of the worker, his occupation, and age, if under 21 years of age, the times he starts and finishes each period of work each day, the number of hours worked by and the wages and overtime paid to each worker, and the worker's signature for same. The employer and the worker shall be severally responsible for the proper

posting of such book daily. Such book shall be open for inspection by the secretary-treasurer or any other person authorised by him between 9 a.m. and 5 p.m., Monday to Friday, inclusive, and 9 a.m. and 12 noon on Saturday: Provided that, an employer may at his option, in lieu of a time book, provide a mechanical clock for the purpose of recording the starting and finishing times of workers, in which case a record of the number of hours worked each day by each worker, and the wages and overtime paid to such worker, shall be entered on a card or check (used in connection with such clock), which shall be signed by the worker on receipt of wages each week.

The employer and the worker shall be severally responsible for the correct keeping of such card or check, which shall be open for inspection in the same manner as the time and wages book before mentioned.

12.—General.

(a) A copy of this Agreement shall be kept by each employer where the industry is carried on, where it is easily accessible to the workers.

(b) The employment of females is hereby prohibited.

(c) The employer shall provide a wash-basin and towels for employees' use, free of charge.

(d) All wages shall be paid at least weekly, and no employer shall hold more than two (2) days' wages in hand.

(e) Three (3) junior workers may be employed before an adult is employed. Thereafter two (2) additional junior workers may be employed to each adult worker employed under this Agreement.

(f) Notices:—The secretary-treasurer of the Union may post notices relating to Union business at the place where the copy of the Agreement is posted.

(g) The contract of service shall be on a weekly basis; provided that one day's notice of the termination of service may be given on either side. Such day's notice cannot be continued from day to day.

(h) A worker other than a casual worker shall be entitled to payment for non-attendance, on the ground of personal ill-health, for one half day for each completed month of service: Provided that payment for absence through such ill-health shall be limited to six days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(i) Time allowed for meals shall be mutually arranged between the employer and the worker: Provided that no deduction from the daily hours of work shall be made for the time occupied by any worker in having his meal.

13.—Junior Worker's Certificate.

Junior workers shall furnish the employer with a certificate, showing the following particulars:—

(1) Name in full.

(2) Age and date of birth.

(a) The certificate shall be signed by the worker.

(b) No worker shall have any claim upon the employer for additional wages, in the event of his age being wrongly stated on this certificate: Provided that this subclause shall operate only for the first three (3) months from the date of the worker's first engagement, thereby enabling the employer, if he so desires, to obtain proof of the junior worker's age.

14.—Under-rate Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum adult wage prescribed by this Agreement may be employed at such lesser wage (if any) as may be agreed upon in writing between the worker and the secretary of the applicant Union. If within twenty-four hours after the worker has notified the secretary of his desire to work at a lesser wage than the said minimum, the secretary and the worker do not agree as aforesaid, then the worker may apply to the most convenient Resident or Police Magistrate for a permit to work at such lesser wage. The worker shall

give to the said secretary at least twenty-four hours' notice in writing of his intention to make such application to the Magistrate, and the secretary or his agent shall be entitled to attend before the Magistrate and, pending the decision thereon in either case, the worker shall be entitled to work and be employed by an employer at the proposed lesser rate. The Magistrate may grant such worker a permit to work for such wage, and for such period not exceeding six calendar months, as he thinks fit, and his decision in the matter shall be final. The permit shall entitle the worker to work at the wage therein mentioned, for such period as may be therein stated, until such wage shall have again been settled by the Magistrate on the application of the said secretary.

15.—Board of Reference.

The Court appoints, for the purpose of this Agreement, a Board of Reference.

The Board shall consist of a Chairman and two other representatives, one to be nominated by each of the parties.

There are assigned to the Board, in the event of no agreement being arrived at between the parties to this Agreement, the functions of:—

(a) Adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of this Agreement;

(b) Deciding any other matter that the Court may refer to the Board from time to time.

In witness whereof the parties hereto have hereunto executed these presents the day and year first hereinbefore written.
