Director of Education.

#### APPENDIX 1.

*Secondary School Scholarships and Admission to Perth Modern School and other Government High Schools.*

##### Secondary School Scholarships.

1. Scholarships not exceeding 50 in each year are annually offered for boys or girls attending Government or other efficient schools. The scholarships will entitle the holders to receive a grant to defray the necessary expenses incurred in the provision of books, provided that no such grants shall exceed £3 per annum, and to have their entrance fees paid by the Department on sitting for the "Junior" examination in the third year and for the "Leaving" examination in the fifth year of their scholarships. Scholarship-holders living at home may also receive a grant to defray their necessary travelling expenses, provided that their homes are at a greater distance than two miles from the school. The winners of these scholarships must attend Secondary Schools approved by the Department. If the winner of a scholarship resides at such a distance from all the approved schools that it is necessary for him to become a boarder, or to live away from home, an additional allowance of £24 per annum will be given; provided that his parents are in receipt of an income not exceeding £300 per annum, or, alternatively, £50 for each dependent member of the family. (For the purpose of this calculation, the parents will be included in computing the number in the family.) The continuance of this allowance will come up for review at the beginning of each year. Proportionate payments are made at the end of each school term. In necessitous cases a month's payment in advance will be granted, if application in writing is made to the Hon. the Minister for Education and the parent or guardian enters into a bond, on the prescribed form, to refund such advance should the scholarship-holder not satisfactorily complete the term for which the payment has been advanced.

2. The Scholarships will be tenable for three years in the first instance, but may be renewed for a further period of two years, if the industry and success of the scholar are considered to warrant such an extension. Scholars are expected to pass the "Junior" examination by the end of their third year.

Those who have passed the "Junior" examination and who wish to take up agricultural pursuits may have their scholarships renewed at the Muresk Agricultural College.

3. A candidate for these scholarships must—
  - (a) sit for the examination held in the year in which he or she attains his or her twelfth birthday. (This clause of the Regulations will take effect as from the first day of January, 1938.)
  - (b) produce a certificate of industry and good conduct from the head teacher of the school now being attended.
4. The scholarships are awarded upon a competitive examination conducted by the Education Department.
5. A number of scholarships, not exceeding one-fifth of the total number offered, will be reserved for pupils from country schools, provided that candidates of sufficient merit present themselves. A school with more than four teachers shall be deemed a country school for the purposes of this section.
6. The conditions upon which the scholarships are tenable are:—
  - (a) that the successful scholar shall, at the commencement of the first term following the award of the scholarships, become a pupil at a Secondary School approved by the Minister. The Minister may require that the school be inspected.
  - (b) that he shall continue to attend such school, and at the end of each term obtain from the authorities of the school and forward to the Education Department, a certificate stating that his conduct, progress, and attendance have been satisfactory. Full particulars of attendance, of success in study, and of promotion, if any, must be given. If an unfavourable report is received, or, if at any time his conduct be disorderly or immoral, the scholarship may at the discretion of the Minister, be forthwith cancelled.
  - (c) payment will be made to the parent or guardian. The cost of the necessary books, up to £3, may be deducted and paid to the Principal of the School.
7. The examination will be on the following subjects:—
  1. *English* (300 marks).—The papers will be designed to test the candidate's powers of understanding the language and of using it freely and correctly.
  2. *Arithmetic* (200 marks).—The ordinary course of Arithmetic as prescribed for classes not higher than the sixth in State schools.

Candidates will be admitted only from schools which satisfy the Minister that they have provided a sufficiently full course of instruction in English, Arithmetic, History, Geography, Elementary Science, Drawing, and Physical Training. Schools which are not under the Department must submit in April of each year the curriculum and time-table for the class in which the candidates are included.
8. The examination will be held in such centres as shall be fixed annually by the Department.
9. Schools desiring to be included on the list of approved Secondary Schools at which these scholarships are tenable must apply to the Department for inclusion. The Minister must be satisfied that the school possesses suitable premises and equipment, and is adequately staffed, and that it provides a five years' course of instruction beyond the primary stage, leading up to a standard not lower than that of the Leaving Certificate in such a number and range of subjects as the Minister may deem adequate.

#### Admission to Perth Modern School and other Government High Schools.

The examination for admission to the Perth Modern School and other Government High Schools will be identical with that for Secondary School scholarships. Candidates must sit for the examination held in the year in which they attain their twelfth birthday. (This clause of the Regulations will take effect as from the first day of January, 1938.)

The full course at these schools is for five years. Admission is for three years in the first instance, and may be renewed for a further period of two years, if the industry and success of the scholar are considered to warrant such an extension. Students are expected to pass the "Junior" examination by the end of their third year.

"Entrance" holders who have passed the "Junior" examination and who wish to take up Agricultural pursuits may have their "Entrances" renewed at the Muresk Agricultural College.

A candidate who succeeds in gaining admission by this examination may, if he resides at such a distance from an approved school that it is necessary for him to become a boarder, or live away from home, receive an allowance of £24 per annum; provided that his parents are in receipt of an income not exceeding £300 per annum, or, alternatively £50 for each dependent member of the family. (For the purpose of this calculation, the parents will be included in computing the number in the family.) The continuance of this allowance will come up for review at the beginning of each year.

Proportionate payments are made at the end of each school term. In necessitous cases a month's payment in advance will be granted if application in writing is made to the Hon. the Minister for Education, and the parent or guardian enters into a bond, on the prescribed form, to refund such advance should the scholar not satisfactorily complete the term for which the payment has been advanced.

#### APPENDIX II.

##### *Scholarships tenable at District High Schools and at Narrogin School of Agriculture, or at any Government Technical School.*

A number of scholarships, not less than 50, will be offered each year to enable children from country schools to attend at District High Schools, or at the Narrogin School of Agriculture, or any Government Technical School. The scholarships will each be of the value of £24 per annum, and are intended to assist in defraying the cost of boarding, and only those children are eligible whose homes are at such a distance from a High School or any Government Technical School that it is necessary for them to live away from home in order to attend and whose parents are in receipt of an income not exceeding £300 per annum, or alternatively, £50 for each dependent member of the family. (For the purpose of this calculation the parents will be included in computing the number in the family.) The continuance of this allowance will come up for review at the beginning of each year. Proportionate payments are made at the end of each school term. In necessitous cases a month's payment in advance will be granted if application in writing is made to the Hon. the Minister for Education and the parent or guardian enters into a bond, on the prescribed form, to refund such advance should the scholarship-holder not satisfactorily complete the term for which the payment has been advanced.

The scholarships held at District High Schools or at any Government Technical School will be tenable for three years in the first instance, but may be renewed for a further period of two years, if the industry and success of the scholar are considered to warrant such an extension. Scholars are expected to pass the "Junior" examination by the end of their third year. Scholarship-holders who have passed the "Junior" examination and who wish to take up Agricultural pursuits may have their scholarships renewed at the Muresk Agricultural College.

The candidates will be selected on the recommendations of the District Inspectors from children who will be over 12 years of age at the end of the year in which the scholarships are awarded, and who have satisfactorily completed the work of Class VI. If a boy thus selected is of good physique and is over 13½ years of age, he may elect to go to the Narrogin School of Agriculture instead of to a District High School.

Five scholarships at the Narrogin School of Agriculture will be offered annually for boys attending schools of classes not higher than Class VI. The boys must be of good physique and over 13½ years of age at the end of the year, and must have satisfactorily completed the work of Class VI.

The scholarships held at the Narrogin School of Agriculture will be of the value of £24 per annum; provided that the candidate's parents are in receipt of an income not exceeding £300 per annum, or, alternatively, £50 per annum for each dependent member of the family. (For the purpose of this calculation the parents will be included in computing the number in the family.) The continuance of this allowance will come up for review at the beginning of each year. The scholarships will be tenable in the first instance for two years. They may be renewed subsequently for those who take the course for the Diploma in Agriculture at the Muresk Agricultural College.

The awards will be made on the recommendations of the District Inspectors.

If an unfavourable report is received upon the work and progress of a scholarship-holder, or if at any time his conduct is disorderly or immoral, the scholarship may, at the discretion of the Minister, be forthwith cancelled.

### APPENDIX III.

#### *Scholarships for Children of Fallen or Disabled Soldiers.*

1. Six places will be reserved annually in the Perth Modern School for children of fallen or disabled soldiers, provided that candidates of sufficient merit present themselves.

2. Four places will be reserved annually in the Eastern Goldfields High School for such children, provided that candidates of sufficient merit present themselves.

3. Ten scholarships will be given annually, tenable at any of the District High Schools, the Narrogin School of Agriculture, or at any Secondary School approved by the Department.

The children selected for any of these positions will, if they are obliged to live away from home in order to attend an approved school, receive an allowance of £24 per annum; provided that their parents are in receipt of an income not exceeding £300 per annum, or, alternatively, £50 per annum for each dependent member of the family. (For the purpose of this calculation, the parents will be included in computing the number in the family.) The continuance of this allowance will come up for review at the beginning of each year. Proportionate payments are made at the end of each school term. In necessitous cases a month's payment in advance will be granted if application in writing is made to the Hon. the Minister for Education and the parent or guardian enters into a bond, on the prescribed form, to refund such advance should the scholarship-holder not satisfactorily complete the term for which the payment has been advanced. If scholarship-holders are not obliged to live away from home they will receive an allowance to cover the cost of books (not exceeding £3 per annum), and any necessary travelling expenses, if their homes are more than two miles from the school.

The scholarships, excepting those held at the Narrogin School of Agriculture, will be tenable for three years in the first instance, but may be renewed for a further period of two years if the industry and success of the scholar are considered to warrant such an extension. Scholars are expected to pass the "Junior" examination by the end of their third year. Their entrance fees on sitting for the "Junior" examination in their third year and for the "Leaving" examination in their fifth year, will be paid by the Department. Scholarship-holders who have passed the "Junior" examination and who wish to take up Agricultural pursuits may have their scholarships renewed at the Muresk Agricultural College.

Candidates for any of these scholarships must have passed the sixth class in a State school or an equivalent standard in any other efficient school. For the High Schools, candidates should sit for the examination held in the year in which they attain their twelfth birthday. (This clause of the Regulation will take effect as from the first day of January, 1938.) The candidates for the Narrogin School of Agriculture should not be less than 13½ nor more than 15 years of age. Scholarships at the Narrogin School of Agriculture will be of the value of £24 per annum, and only those candidates are eligible whose parents are in receipt of an income not exceeding £300 per annum, or, alternatively, £50 per annum for each dependent member of the family. (For the purpose of this calculation the parents will be included in computing the number in the family.) The scholarships at the Narrogin School of Agriculture are tenable in the first instance for two years. They may be renewed subsequently for those who take the course for the Diploma in Agriculture at the Muresk Agricultural College.

Candidates for the scholarships mentioned in sections one and two should sit for the examination for Secondary School Scholarships. Candidates for the scholarships mentioned in section three, if they are at a school in a town, should also sit for this examination. If they are in small country schools they should apply to the Department as early as possible, so that arrangements may be made for a special report upon them when an inspector visits the district.

University, Technical College, and School of Mines, and Teachers' College.

4. Six scholarships are offered to children of fallen or disabled soldiers, tenable at the University of Western Australia, or at the Technical College, Perth, or at the School of Mines, Kalgoorlie, or at the Teachers' College, Claremont. The conditions governing these scholarships are as follows:—

#### University.

The scholarships at the University are offered on the result of the "Leaving" certificate examination.

The scholarships are each of the value of £24 per annum and are tenable for three years. Payment of the scholarship will only be made where the income of the parents is less than £300 per annum, or, alternatively, £50 per annum for each dependent member of the family. (For the purpose of this calculation the parents will be included in computing the number in the family.) The continuance of this allowance will come up for review at the beginning of each year; proportionate payments are made at the end of each term. In necessitous cases a month's payment in advance will be granted if application in writing is made to the Hon. the Minister for Education and the parent or guardian enters into a bond, on the prescribed form, to refund such advance should the scholarship-holder not satisfactorily complete the term for which the payment has been advanced.

Applications should be made before the end of October through the Soldiers' Children's Scholarship Trust.

#### Technical College and School of Mines.

Candidates should be over 14 years and under 17 years of age on the 1st February of the year in which the winners will enter the schools.

The scholarships are each of the value of £24 per annum and are tenable for three years. Payment of the scholarships will only be made where the income of the parents is less than £300 per annum, or, alternatively, £50 per annum for each dependent member of the family. (For the purpose of this calculation the parents will be included in computing the number in the family.) The continuance of the allowance will come up for review at the beginning of each year. Proportionate payments are made at the end of each school term. In necessitous cases a month's payment in advance will be granted, if application in writing is made to the Hon. the Minister for Education and the parent or guardian enters into a bond, on the prescribed form, to refund such advance should the scholarship-holder not satisfactorily complete the term for which the payment has been advanced.

An examination will be held in English, Mathematics, History and Geography as prescribed for Class III. in Central schools. Candidates will also be required to submit evidence from their schools showing that they have satisfactorily completed a course in Science and in Drawing.

Holders of scholarships at the Perth Technical College will have the option of taking a course in Engineering or a course in Industrial Chemistry.

Applications should be made, before the end of October, through the Soldiers' Children's Scholarship Trust.

#### Teachers' College.

The scholarships at the Teachers' College are each of the value of £24 per annum, and are tenable for six months or twelve months, according to the course being taken by the scholarship-holder. Payment of the scholarship will only be made where the income of the parents is less than £300 per annum, or, alternatively, £50 per annum for each dependent member of the family. (For the purpose of this calculation the parents will be included in computing the number in the family.) Only candidates who have been selected in the usual way for admission to the College are eligible for these scholarships. Proportionate payments are made at the end of each term. In necessitous cases a month's payment in advance will be granted if application in writing is made to the Hon. the Minister for Education and the parent or guardian enters into a bond, on the prescribed form, to refund such advance should the scholarship-holder not satisfactorily complete the term for which the payment has been advanced.

Applications should be made, before the end of October, through the Soldiers' Children's Scholarship Trust.
