#### 3.—Meetings and Proceedings.

1. Seven days' notice in writing shall be given by the Chairman or secretary of ordinary or regular meetings, and also of every meeting adjourned for a term exceeding six days.

2. Meetings of the Board shall be of two kinds, "Ordinary" and "Special." Ordinary meetings are those regular meetings held in pursuance of these By-laws for the transaction of the general business of the Board, including adjourned meetings, at which uncompleted business may be completed, together with other business considered necessary.

Special meetings are those called under Section 131 of the Act, and shall include those called by the Chairman in response to a requisition signed by three members, or on his own behalf, and the notices for such special meetings shall have such special business specified thereon, and nothing shall be discussed at any special meeting other than the special business specified on the notice of the meeting; provided, however, that any matter of emergency may be discussed, on the ruling of the Chairman and with the consent of those present.

The ratepayers' meeting shall consist of one called under Section 144 of the Act, and the Standing Orders, so far as the Act allows, shall apply to the proceedings, but the provisions of the Act shall be first observed.

The Chairman, if present, shall preside at all meetings of the ratepayers and of the Board, and, in his absence, the Vice-Chairman, or another member of the Board, and the person to preside at the meeting of the Board in the absence of the Chairman shall be the Vice-Chairman, or, in his absence, a member chosen by a majority of the Board.

3. Ordinary meetings shall be held at the Office of the Board once in each month, on the day and at the hour appointed from time to time by resolution of the Board.

4. A special meeting may, on the requisition of three members of the Board, be called at any time, in the manner prescribed by the Act, but the Chairman may call a special meeting of the Board as often as he deems proper.

5. No business shall be transacted at any ordinary or special meeting, unless a quorum, as specified by the Act, shall be present.

6. At any meeting of the Board, when the numbers present fall below a quorum, the meeting shall be adjourned to a time to be fixed by the members present, or by the Chairman, if he is present alone, or by the secretary, if neither members or Chairman are present.

7. At any meeting of the Board, it shall rest with the majority of the members of the Board present to exclude the public from such meeting, when in their opinion it is expedient to do so.

8. The Board may by resolution of the majority of those present resolve that the Board go into Committee for the consideration of any matter specified in the resolution. No person shall in any way publish or make public any of the discussion taking place on such matter after the passing of such resolution, but this prohibition shall not extend to the actual resolution or resolutions carried as a result of such discussion and recorded in the Minute Book.

9. The first business at all ordinary meetings of the Board shall be the consideration of the minutes of the preceding meeting, with a view to their confirmation. Reading the minutes may be dispensed with, if members have been supplied with copies thereof, at least three days prior to the meeting at which such are to be confirmed. No discussion shall take place upon the minutes of proceedings, except as to their accuracy, or for the rectification of a clerical error.

10. The Minute Book prescribed by the Act shall be kept, in which any item of business transacted by the Board at a meeting shall be entered by the secretary: Provided, that pasting or otherwise permanently affixing the minutes of the meetings of the Board to the leaves of a book shall be equivalent to entry therein. Minutes of both special and ordinary meetings shall be confirmed at the next succeeding ordinary meeting of the Board.

11. Upon a vote being taken, all members present within the Board Room, unless disqualified from voting shall, and the Chairman, unless so disqualified may, upon the question being put, record their votes in the affirmative or negative, as each shall deem desirable, but if a member other than the Chairman neglects or refuses to vote, his vote shall be counted for the negative.

#### 4.—Standing Orders.

The order of business at all ordinary meetings of the Board shall be as follows, that is to say:—

1. Reading and/or consideration of minutes of last ordinary, also special meetings, and confirmation thereof.

2. Consideration of business arising out of the minutes.

3. Questions of which due notice has been given by members or officers of the Board.

4. The Chairman shall have the right of directing attention at any meeting to any matter or subject within the jurisdiction or official cognisance of the Board, by a minute signed by himself, and such minute shall when introduced, take precedence over all business before or to come before the Board, and the adoption thereof may be put by him from the Chair as a motion, without being seconded, but he shall confine himself to the questions contained therein.

5. Reports of Subcommittees, officers, or members.

6. Presentation of monthly statement and passing accounts for payment.

7. Deputations and presentations of petitions or memorials, and consideration thereof.

8. Reading of correspondence received and despatched, and taking action as may be deemed expedient in regard thereto.

9. Consideration of tenders, and ratification of contracts.

10. Motions of which previous notice has been given.

11. Motions without notice, by leave of the Board.

12. General business.

13. Notice of motions.

14. In the event of any member having urgent business to place before the meeting, he may move the suspension of the Standing Orders, and, if agreed to by the Board, such business shall take precedence of all other business.

15. Every petition or memorial shall be respectful and temperate in its language, and shall be presented to the Board by a member or by post, and each deputation shall be introduced by a member, who shall make himself conversant with the matter for which the deputation is waiting on the Board before introducing such deputation.

16. A member, when speaking, shall not digress from the subject of debate.

17. All correspondence with the Board shall be addressed to the secretary and submitted to the Board; no letter addressed to the Board shall be presented or read by a member.

18. (a) If, in a report of a Committee, distinct recommendations are made, the decision of the Board may be taken separately on each recommendation.

(b) Any report of a Committee, or any portion of such report, may be amended by the Board in a manner it may think fit, or may be referred back to the Committee for further consideration.

(c) The recommendations of any Committee, when adopted by the Board, shall be resolutions of the Board.

19. When the Chairman rises in his place during the progress of a debate, any member then speaking or offering to speak, shall immediately resume his seat, and every member shall preserve strict silence, so that the Chairman may be heard without interruption, but the member who was speaking may resume when the Chairman takes his seat.

20. In the absence of any member who has placed a notice of motion on the business paper for any meeting any other member approved of by the mover may at such meeting move the same, or request that such motion be deferred until the next ordinary meeting of the Board.

21. If any member has been granted leave of absence, and any matter comes before the Board for discussion the subject-matter of which is of particular interest to the absent member, unless in the opinion of the Chairman it is a matter of urgency, such matter shall be held over until the absent member is again present; provided that, if he is not again present at the meeting at which the matter first came before the Board, no discussion shall take place until the next meeting of the Board, when such matter shall be dealt with.

22. Except as otherwise provided, no motion, after being placed on the business paper, shall be withdrawn without the consent of the Board.

23. No motion shall be debated unless or until it has been seconded.

24. When a motion has been proposed and seconded it shall become subject to the control of the Board, and shall not be withdrawn without the consent of the Board.

25. When a motion has been proposed and seconded any member shall be at liberty to move an amendment thereon, but no such amendment shall be debated unless or until it has been seconded. After an amendment has been moved and seconded, any member desirous of moving a further amendment may give notice of his intention to do so, and may briefly state his proposed amendment and the effect thereof.

26. No motion or amendment shall be debated unless or until it has been reduced to writing, if the Chairman so directs.

27. In submitting a motion or amendment, the Chairman shall put the question first in the affirmative and then in the negative.

28. If an amendment has been carried, the question as amended shall become itself the question before the Board, whereupon any further amendment upon such question may be moved.

If an amendment, whether upon an original question or amended as aforesaid, has been negatived, then a further amendment may be moved to the question to which such first-mentioned amendment was moved, and so on until there are no further amendments, and the question is decided by the final vote in the affirmative or in the negative; provided, that not more than one question and one proposed amendment thereof shall be before the Board at any one time.

29. No discussion shall be permitted upon any motion for the adjournment of the Board. If, upon the question being put on any such motion the same is negatived, the subject then under consideration or next on the business shall be discussed, and it shall not be competent for any member to again move a motion for adjournment until half an hour has elapsed from the time of moving the one that has been negatived.

30. On resuming any discussion which has been adjourned, the mover of such adjournment shall be entitled, if he has not already spoken on the subject under discussion, to speak first.

31. Every such question shall be put categorically and without any argument.

32. No discussion shall be permitted respecting any reply or refusal to reply to any question.

33. Members shall on all occasions, when at a meeting, address and speak to each other by their official designations, as Chairman or secretary, as the case may be, and, with the exception of the Chairman, shall rise in their places and stand while speaking (except when prevented from doing so by bodily infirmity).

34. No member shall be interrupted while speaking, except for the purpose of calling him to order, as hereinafter provided, or in pursuance of By-law 19.

35. The mover of an original motion shall have the right of general reply to all observations which have been made in reference to such motion, and to any amendment moved thereon, as well as the right to speak upon every such amendment. Every member, other than the mover of an original motion, shall have the right to speak once upon such motion, and once upon every amendment moved thereon. No member shall, without the consent of the Board, speak more than once upon any one question, or for a period longer than ten minutes at any one time, unless when misrepresented or misunderstood, in which case he may be permitted to explain, without adding any further observations than may be necessary for the purpose of such explanation.

36. (a) All questions shall, if not otherwise decided by law, be determined thus:—Upon a question being put those in favour shall say "Aye" and those against "No," and the Chairman shall declare whether the "Ayes" or the "Noes" have determined the question; or, if the Chairman prefer, he may call for a show of hands for and against the question. The decision of the Chairman shall be final and conclusive, unless such decision be immediately challenged and two members rise and demand a division.

37. Where any member dissents his name shall be recorded in the minutes as opposed to the motion.

38. Upon a division being called for, the question shall be first put in the affirmative, and the Chairman and all members present shall vote by a show of hands, and the names and votes of the Chairman and members present shall be recorded in the minutes by the secretary. Any member of the Board present when a division is called for who does not in the manner above indicated vote on such motion, not being disqualified by law from so voting, shall have his vote counted in the negative.

39. The Chairman shall be at liberty to put any question as often as may be necessary, to enable him to form his opinion as to the result of the voting, and declare the same.

40. Any member, who at any meeting of the Board or any Committee, commits a breach of any By-law, or who moves or attempts to move any motion or amendment embodying any matter beyond the legal jurisdiction of the Board or Committee, or who in any other way raises or attempts to raise any question, or addresses or attempts to address the Board or Committee upon any subject which the Board or Committee has no legal right to entertain or discuss, or who uses any language which according to the common usage of gentlemen would be held to be disorderly, or makes use of any expression inconsistent with good order or decorum, or who says or does anything calculated to bring the Board or Committee into contempt, shall be guilty of an act of disorder.

41. The Chairman, when called upon to decide a point of order or practice, shall state the rule or precedent applicable to the case, without further argument or comment, and his decision shall be final in that particular case. If the ruling of the Chairman be disagreed with, then the usual Parliamentary procedure may be adopted.

42. Any member having been called to order more than once by the Chairman for any infringement of any of the provisions of these By-laws, or for any breach of decorum, shall, upon the request of the Chairman, withdraw from the Board Room for the remainder of the meeting.

In the event of a member declining to withdraw from the Board Room, on being requested so to do by the Chairman, the Chairman may order his retirement until the termination of the sitting, and, should such member disobey such order, he shall be deemed guilty of an offence and shall be liable to a penalty not exceeding Two pounds.

43. If disorder arises at any meeting, the Chairman may adjourn the meeting for a period of fifteen minutes, and quit the Chair. Then on resuming shall, on question put from the Chair, decide without debate whether the business be proceeded with or not.

44. The Board may at any time appoint one or more members as a Committee to inquire into any matter and make a report and recommendation thereon, but no Committee shall incur any financial liability, or in any way commit the Board to any responsibility whatever, without express and specific authority conferred by the By-laws or by a resolution of the Board.

45. At the annual meeting of the Board in each year a Finance and Works Committee shall be appointed. The Finance Committee shall meet at such time and place as is arranged by resolution of the Board.

46. The Works Committee shall meet at such times and such places as the Chairman or the Committee by resolution shall appoint. The Works Committee shall receive all requests and correspondence relating to works, and, considering the report of the Finance Committee, shall recommend to the Board the necessary works required in the District.

47. All accounts, bills, and vouchers, except as hereinafter provided, shall be submitted to the Finance Committee meeting and the ordinary Board meeting, and, after being certified as correct, shall be paid by cheque. Provided that the Board may by resolution authorise the payment of wages, emergency accounts, and progress contract payments to be made by cheque between meetings; all such accounts to be placed before the Finance Committee at its next meeting, who shall review same, and, if satisfied with the necessity of the action taken, include same in their report.

48. An account shall be opened with such Bank as the Board may from time to time direct, and all moneys received, from whatever source, with the exception of the moneys granted by the Government, shall be paid into such Bank to the credit of the Board, and no account shall be paid by other than cheque signed by the Chairman and one member of the Board, and countersigned by the secretary. Provided that payments of less than two pounds may be made in cash from a petty cash account kept for that purpose. Such petty cash account shall be kept on the imprest system, and the amount thereof shall be decided by the Board from time to time.

49. All moneys belonging to the Board shall, within 24 hours, or such a time as specified by the Board, after they come into the hands of any officer, servant, or clerk, be paid to the secretary or responsible officer directed by the Board to receive the same.

50. In cases of emergency the following amounts may be expended by the persons mentioned:—Chairman alone up to £5; one member alone up to £2 10s.; Chairman and one member up to £7 10s.; two members, up to £5, which expenditure shall be confirmed at the next ordinary meeting.

51. Every item of expenditure, and every liability incurred by any Committee or member of the Board, otherwise than under the authority of the Act or of these By-laws, shall be deemed unlawful expenditure and breach of this By-law by that person.

52. The Common Seal of the Board shall be kept in the Board's safe. The Common Seal shall not be affixed to any deed or to any other instrument without the consent of a resolution of the Board.

The Board shall appoint one of its officers (hereinafter called the surveyor) to be its building surveyor, who, subject to the directions of the Board, shall be entrusted with the carrying out of these Building By-laws.

No person shall erect any building, or alter or add to an existing building, or shall permit any person to erect any building, or alter or add to an existing building, on land of which he is the owner or of which he has the control, except such building, alteration, or addition is erected in conformity with these By-laws.

No person shall build any structure, intended to be used for human habitation or occupation, or capable of being used as such, or shall alter or add to any such existing structure, without having obtained a Building License from the Board and paying the fees prescribed herein, namely:—

- (a) The fee for Building License;
- (b) The fee for the use of a portion of the street abutting on the building during building operations, and deposit as security for the reinstatement and repair of such portion of such street;
- (c) The charge of the Local Health Authority for providing the necessary pan and lids for the privy.

Before such building license is issued, plans and specifications, in the form prescribed herein, shall be submitted to the surveyor, and a license will not be granted before seven days after the submission of such plans and specifications, unless in special circumstances, of which special circumstances the surveyor shall be the sole judge.

Plans shall be in ink, on tracing linen, or on paper sufficiently strong to stand the erasure of "H" pencil marks without injury to the paper, and specifications shall be in typewriting, or in ink manuscript clearly written and on strong paper.

Plans shall clearly show ground plans, elevations, and sections as are sufficient to make plain the construction and the dimensions of the proposed structure. The size of the rooms and thickness of walls shall be written on in figures.

Specifications shall show clearly, both as to materials and size of same, the construction of the foundations, floors, internal and external walls, ceilings and roof, also the ventilation of the structure, the number of privies and the construction of same, and shall provide for at least one privy of the prescribed construction provided with the pan supplied by the Local Health Authority.

The ground floor level of any building to be erected abutting on any footpath shall not be less than ten inches above the level of the kerb of the footpath upon which the building abuts, nor greater than ten inches above such kerbing, unless provision is made in the plan and specifications for safe ingress and egress at all doorways by means of either a suitable ramp or steps.

A block plan, signed by the builder or owner, shall be supplied, showing clearly the position of the intended structure on the block of land on which it is to be erected, and the position of the privy. Such plan shall be retained by the Board.

If the plans and specifications submitted are in accordance with these By-laws, and the prescribed fees are paid, the surveyor shall sign them on behalf of the Board, and issue a Building License in the form prescribed herein, and for the period set forth in such license, but if the plans and specifications contain any matter which in the opinion of the surveyor is contrary to the principles of sound or sanitary construction, and such matter is not covered by these By-laws, the surveyor shall refer such matters to the Board at its next meeting, and the Board shall have power to decide any matter referred to in Clauses A to K of Section 37 of the Building Regulations, when such matter is not defined by these By-laws, and a Building License will not be granted until the Board decides on such matter, provided that such decision will not be unreasonably delayed.

No external wall shall be erected on the building line of any street, or nearer than five feet to such building line, unless constructed of brick, stone, or concrete.

Where any building is to be used wholly or in part as a shop or warehouse, the surveyor may authorise, on behalf of the Board, the external walls of such building to be constructed of wood or iron, with wooden framing, except the walls referred to before in this clause, but if any such building is to be erected nearer than five feet to an existing building, the external wall facing such existing building, shall be constructed of brick, stone, or concrete.

No building which is to be used as a dwelling shall be erected unless the floor level is at least 18 inches clear of the ground at the highest point of the building site.

No building shall be erected as a dwelling unless rain-water storage tanks of a capacity not less than two thousand gallons are provided for the storage of rain-water for such dwelling, and no person shall, after the erection of such dwelling, remove therefrom any storage tank so provided so that the capacity is at any time below two thousand gallons.

No building shall be erected nearer than five feet to the boundary of the block of land on which it stands, unless such boundary is a street or lane, or unless the external walls facing such boundary are constructed of brick, stone, or concrete, and the surveyor shall authorise on behalf of the Board the construction of any dwelling whereof the external walls are constructed of wood, or of iron with wood framing, except any walls coming within the distance of five feet referred to before in this clause.

No brick, stone, or concrete wall shall be erected nearer than two feet to the boundary of the block of land on which it stands, unless it is a parapet wall rising

to a height of not less than one foot above the roof gutter, and the Board will not approve of the subdivision of land which would have the effect of leaving an existing wall in conflict with this provision.

On behalf of the Board the surveyor may authorise the internal linings, partitions, and ceiling of any dwelling, if such building is not nearer than five feet to any boundary of the block of land on which it stands, to be constructed wholly or partly of inflammable material. Such authority shall hold good for not more than twelve months after the date fixed for the expiration of the Building License, but may be extended by the Board from time to time on the application of the then owner. If no such extension of time is granted, such inflammable material shall then have become erected contrary to the provisions of Section 14 of the Building Regulation, within the meaning of the said section, and the Board may at any time proceed in the manner set forth in the said Section 14.

No structure of any kind shall be erected upon, over, or under any street, footpath, or public way, unless the plans and specifications have been first submitted to and approved by the Board, and no verandah or sign-board will be allowed over any footpath, unless a clear way of not less than nine feet above such footpath is provided.

No street verandah shall be erected, except in accordance with a plan submitted to and approved by the Board, and every such verandah shall be provided with a suitable gutter to carry the water falling on such verandah. If the water from such gutter discharges into the street, it shall be carried into the street gutter by a cast or wrought iron down pipe, of such size as the Board may direct, and such downpipe shall discharge into the street gutter in such manner as the Board may direct.

Any such street verandah, gutter, and downpipe shall at all times be kept in repair by the owner of the building in front of which it is built, to the satisfaction of the Board, and the owner shall carry out any repairs in such manner as may be ordered by the Board.

No privy shall be erected nearer than six feet to the boundary of any adjoining block of land.

Every privy shall be erected at the rear of the dwelling place or building to which it belongs, in such place as the surveyor may direct.

Before the construction of any building is commenced, a privy shall be provided on the land for the use of the workmen.

The fee for a Building License shall be as follows:—Where the declared value of the building does not exceed £100, two shillings and sixpence.

Where the declared value of the building exceeds £100, for any £100 or fraction thereof greater than £25, two shillings and sixpence.

For permission during the erection of a building to occupy any part of a street abutting on such building, for the first three months 10s., for every subsequent three months £1.

Deposit for the repair of such part occupied, one pound, and the Board may at any time require the amount of such deposit increased to such amount as may be ordered, on giving notice to the builder by post or leaving the notice at the building, and the Building License shall be suspended until the order of the Board is complied with.

No plan of any new building or part of a building intended to be used as a shop shall be approved by the Board unless each such shop designed or intended to be let as a separate tenement has at least a width of twelve feet internal measurement of frontage to a street, and no alteration of any existing building shall be approved unless the provisions of this By-law are complied with.

Application for a Building License shall be made in the form of Schedule A hereto annexed.

A Building License shall be in the form of Schedule B hereto annexed.

Any person who contravenes or does not comply with any of the provisions of these By-laws shall be guilty of an offence against any such By-law, and for every such offence shall be liable to a penalty not exceeding Twenty pounds and not less than Ten shillings.
