24. Any person or persons requiring a water service to any non-rated property may be supplied, on payment of a minimum charge, which shall be fixed by the Minister in each case. The minimum charge shall then take the place of a water rate, and the general provisions of these By-laws, as applying to ratepaying consumers, shall apply to minimum-charge-paying consumers.

##### Supply of Water not Compulsory.

25. It shall be at the discretion of the Minister to supply water to any individual consumer or to any land, whether rated or not.

##### Separate Services Required.

26. Except with the written permission of the Minister, not more than one house or tenement shall be supplied from a single water service. The Minister may, in special cases, consent to two or more tenements being supplied from one water service, but in such cases the subservices shall be so arranged that the supply to each house shall be independent of the supply to the remaining houses and controlled by a stopcock on such subservice.

##### Sizes of Service Pipes.

27. The size of the service pipe shall in each case be fixed at the discretion of the Minister.

##### Notice of intention to Build.

##### Locking of Taps, etc.

29. The occupier of any premises to which the water has been laid on or, in the event of there being no occupier, the owner, shall cause proper means to be taken, by locks or otherwise, subject to the approval of the Minister, to prevent the use of the water from the main by persons not connected with the said premises.

30. No service pipe shall communicate directly with any cistern, tank, or vessel intended or used for the reception of water other than water obtained from the Minister's mains.

##### Misuse of Water.

31. Any person entitled to a supply of water for domestic purposes only, or entitled only to a supply of water for any other specified purposes, shall not use such water for any other purposes, except that specified.

##### Illegal taking or selling of Water.

32. Any person, whether entitled to receive water from the Minister or not, shall not, without the written permission of the Minister, take, carry away, or allow to be taken or carried away, such water from his premises, or sell the same to any other person.

33. The Minister may, from time to time, when necessary for the purpose of tapping and repairing the main or otherwise, cut off the supply of water from any part or parts of a water area.

36. Any person supplied with water through a meter belonging to the Minister shall pay the cost of making good all damages to such meter whilst on his land and his charge. Any repairs required shall be done by the officers of the Minister, and the expense incurred by the Minister in so doing shall on demand be paid by the owner or occupier of the land, and if not paid on demand shall be recoverable in the same manner as water rates.

No person shall break or in any way interfere with the seal fixed on the meter through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to such meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into such meter, or in any way interfere with any portion of such meter or any pipes or fittings attached thereto.

##### Period for Reading.

39. The quantity registered by a meter at any time between ten days before and ten days after any stated date may be taken as the reading of the meter at such stated date.

##### Averaging of Consumptions.

40. During the time any meter is undergoing repairs, or should it cease to properly register the consumption of water, the Minister, or any officer appointed by the Minister, may at his option estimate the quantity of water consumed by taking an average of the quantity used during such previous period as the Minister may determine, and the quantity so ascertained shall be paid for by the consumer.

##### Testing of Meters.

41. If any consumer shall at any time be dissatisfied with any particular reading of a meter, and be desirous of having the meter tested, he shall give written notice thereof to the Minister or his officer, within seven days of such reading, and thereupon the said meter shall be tested by passing through it a predetermined quantity of water, and if upon such testing of water it shall appear to the satisfaction of the Minister or his officer that the meter registered more than five per cent. in excess of the quantity that shall actually pass through

it at such testing, then the Minister shall bear the expense of and incidental to such testing, and shall also adjust the charge to the said consumer; but if the meter upon such testing shall not register more than five per cent. in excess of the quantity that shall actually pass through it, then the consumer shall pay to the Minister all the expenses of and incidental to such testing; providing that the expense of every test shall be fixed by the Minister, subject to a minimum charge of ten shillings for each test: provided, also, that the consumer shall not be at liberty to avail himself of the right to test the registration of the meter for any period other than the period of registration next preceding the date of reading in respect of which he shall have given notice as aforesaid.

#### Authority to enter Premises.

42. Any officer acting under the Minister's authority may at all reasonable times enter any house or premises connected or intended to be connected with the water mains, in order to examine whether the water pipes and fittings in such house or premises are in proper order. Any person refusing such admission or in any way hindering such officer in the execution of his duty shall be liable to a penalty as hereinafter prescribed.

In return for such fee an equivalent quantity of water will be given in each year, in the same way as water is given in return for water rates.

## THE MUNICIPAL CORPORATIONS ACT, 1906.

The Municipality of Albany.

WE, the undersigned, Auditors of the Municipality of Albany, hereby given notice, pursuant to Section 488 of the above Act, that we have found the Municipal accounts erroneous and deficient in the following respects:—

- (1) Invoices from H. Wiley, dated 1st November, 1935, to the Municipality for £27 9s. 0d. and £63 14s. 9d., are deficient, as they do not give sufficient detail and information to enable us to audit them.
- (2) Invoice from H. Wiley, dated 1st November, 1935, to the Municipality for £63 14s. 9d., is erroneous inasmuch as it is partly for the purchase of goods which were obtained from another firm and paid for by the Council, and omits credit for a cheque for £28 which was paid to H.
