WHEREAS by "The Road Districts Act, 1919-1934," the Road Board of any District is empowered to make By-laws for all or any of the purposes mentioned in the said Act; and whereas the Murray Road Board, in pursuance of the powers vested in the said Board, under and by virtue of the said Act and of every other authority enabling it in that behalf, doth hereby make and publish the following By-laws:—

Buildings.

The Building By-laws adopted by the Board on the 13th day of July, 1935, and published in the *Government Gazette* of the 18th day of October, 1935, are hereby amended as follows:—

(1) Interpretation—Add:—

"Flat" means a room or suite of rooms occupied or designed, intended, or adapted to be occupied as a separate domicile, or rented or let as such.

"Residential flat building" means a building containing two or more flats, but does not include a row of two or more dwellings attached to each other, such as are commonly known as semi-detached or terrace buildings.

(2) Schedules A and B are adopted and to be inserted following Clause 34.

(3) Clauses 1, 2, 3, 4, 5, 11, 12, 15, 17, 24, and 34 are repealed and the following inserted in lieu thereof:—

Clause 1.—Applications, Plans, and Notices.

(a) Every person intending to erect any building, or alter or add to any building within the Murray Road District shall, before commencing to erect, alter, or add to the same, make application in the form prescribed in Schedule A of these By-laws and deposit with the Board two copies of the plans and specifications of such proposed building, addition, or alteration. One copy of such plans and specifications shall remain in the office of the Board as a permanent record:

Provided that the Board may, if it sees fit, dispense with the necessity for the submission of plans and specifications, and reduce or dispense with the payment of a fee with an application for approval to make minor alterations in an existing building:

Provided also, that any building (other than a verandah or aviary) used or intended to be used for the keeping of domestic animals shall be wholly detached from any dwelling-house:

Provided also, that where it is desired to make some minor alterations to a building not materially affecting its stability, lighting, ventilation, or the size of rooms, the application may, in the first place, be made without submitting plans or specifications, which shall, however, be submitted, if the Board so requires.

(b) All plans shall be in ink on drawing paper, tracing cloth, or sunprint of at least 15in. x 22in. in size, and specifications shall be in type-writing or ink manuscript, clearly written, and on strong paper.

The Board will accept plans, properly drawn on paper obtainable at the office of the Board or, alternatively, an architect's plan, subject to the provisions of these By-laws.

(c) The plans shall consist of a general plan and elevation and a locality plan.

(d) The general plan shall be drawn to a scale of 8 feet to 1 inch (or any larger scale).

(e) The locality plan shall be drawn to a scale of 20 feet to 1 inch (or any larger scale) on the same sheet as the general plan or on a separate sheet.

(f) The locality plan shall show the relation of the buildings to the boundary of the site, and to other buildings or structures thereon.

(g) The specifications shall describe the construction and materials of which the building is to be built, and the method of drainage, sewerage, and water supply, and state whether the material will be new or second-hand, and, if second-hand materials are to be used, shall give particulars.

(h) All plans and specifications must be signed by the building owner or his duly authorised agent.

(i) When giving approval, the Board shall impose a condition that forty-eight hours' notice shall be given prior to the covering of any or all of the following works, in order that they may be inspected, that is to say:—trenches before foundations are laid; foundations before trenches are filled in, and drains before they are filled in.

Clause 2.—Fees and Permits.

No person shall commence any building, erection, or structure, or any alteration or addition to any building, erection, or structure, without first having obtained from the surveyor a Building Permit in the form prescribed in Schedule B of these By-laws, and without first having paid to the Board the fees set forth herein.

Each building, erection, or structure must be completed within the undermentioned specified time from the date of issue by the Board of the permit therefor:—

(a) Brick, stone, or concrete—six months.

(b) All other buildings—three months.

Fees calculated according to the following scale shall be paid by the owner or builder to the Board in respect of all buildings to be erected or altered, or any matter required or permitted under these By-laws, Health Act, or Road Districts Act:—

Where the building with its appurtenances has a total floor area not exceeding 400 square feet	5/-
For every additional 200 square feet or part thereof	2/6

(2) For alterations or additions to an existing building:

Where the cost of alteration does not exceed £50	2/6

(3) For the provision of the necessary pans, lid, and ring for each privy £1.

Clause 3.—General Provisions.

(a) Each building in a terrace of buildings, or in a pair of semi-detached buildings, shall be deemed to be a separate building for the purpose of this By-law.

(b) Every building shall be provided with one or more proper manholes in the ceiling, so as to give access for electrical or other fittings.

(c) The Board may reject any plans or specifications which in their opinion are not in keeping with the size and character of the adjacent buildings.

(d) Every dwelling-house shall be provided with a water storage capacity of at least 1,000 gallons, properly connected up with gutters of roof or a suitable water supply approved by the Board.

(b) If the Board so direct in any particular case, the whole part of the ground surface or site of the dwelling shall be covered with a layer of good cement concrete or tarred metal, rammed solid, and at least four inches thick.

(c) The Board may refuse or postpone approval to build upon a site which is unhealthy, by reason of its liability to dampness, unless and until the site has been rendered dry, sound, and well drained to the satisfaction of the Board.

Clause 5.—Position of Building on Site.

(a) No building which is intended to be used, or which shall be used as a dwelling-house, and no addition to any such building, shall be built, constructed, or erected within a distance of 25 feet, measured horizontally, from the building line of the street or road the building is intended to or shall front.

Except as hereinafter provided, no building which is intended to be used, or which shall be used as a dwelling-house, and no addition to any building which is intended to be used or which shall be used as a dwelling-house, shall be built, constructed, or erected:—if of wood, within a distance of four feet six inches; if of brick, stone, concrete, or cement blocks, within a distance of three feet, measured horizontally, off any street, road land, or right-of-way and the side of any such building.

(b) No two buildings which are intended to be used or which shall be used as dwelling-houses or residential flats shall be built or erected or constructed on the one

allotment, if of wood, within a distance of 12 feet; if of brick, stone, or concrete, within a distance of six feet of each other: provided that this does not prohibit the erection of semi-detached buildings.

(c) The Board may at any time by resolution waive any of the provisions or restrictions of this clause, where the levels of the allotment or other exceptional conditions of the site make it necessary or expedient to do so in respect of any building or part of a building.

Clause 11.—Timber Construction.

All timbers used in any buildings are to be perfectly sound, free from rot, shakes, large or loose knots, or any other imperfection whereby the strength of the material may be impaired.

(d) Bottoms of all cavities shall be carefully raked out before the completion of the building, and all ties kept free from mortar droppings.

(e) Where cavity walls are used, weep-holes shall be left at the foot of cavity not more than six feet apart and over all damp-proof courses inserted to protect walls; weep-holes shall be left not more than three feet apart.

(f) Notwithstanding anything to the contrary in this clause, the Board may permit the erection of dwellings not more than two storeys in height on concrete with walls of less than the prescribed thickness, if satisfied that such proposed dwellings will be hygienic and structurally sound.

THE MUNICIPAL CORPORATIONS ACT, 1906.

The City of Perth.

By-law No. 39—Buildings.—Amendment.

P.W. 357/34.

IN pursuance of the powers in that behalf contained in
"The Municipal Corporations Act, 1906," the Lord
Mayor and Councillors of The City of Perth do order
that By-law No. 39 be amended as follows:—

1. A new Part, to be Numbered 10, shall be inserted
immediately after the end of Part 9, as follows:—

Part 10.—Light Courts.

140. In this Part, unless inconsistent with the con-
text or subject-matter:—

"Light court" means a court wholly open at the
top constructed or adapted for admitting light to a
building, and includes such parts of light courts of an

adjoining building abutting on the common boundary
of such buildings as will when combined form a com-
mon court: Provided that reciprocal light easements
thereover have been permanently created to the satis-
faction of the Council and includes also a street or
lane over which such building is permanently entitled
to access of light.

"A wall of a light court" includes the wall or
walls enclosing one side of a light court, notwith-
standing that at the level of upper storeys any of
such walls is set back from the vertical plane of the
lowest walls.

"The basic light level" of a wall of a light court
means the level of the lowest horizontal line on the
lowest window or windows in such wall which permits
light to be admitted through such window or windows
into the room or floor lighted thereby.

"Basic height of a light court" with reference to
any wall of a light court means the vertical distance
from the basic light level of such wall to the level of
the top of the parapet or eaves of the opposite wall
of such light court.

"Width of a light court" means the shortest dis-
tance from the face of a wall of a light court at any
given level to the face of the opposite wall, if any,
at the same level, or, if none, to the vertical plane of
the opposite boundary of the light court.

"Basic width of a light court" with reference to
any wall of a light court means the shortest horizontal
distance from the face of such wall at the basic light
level to the vertical plane of the face of the wall or
parapet of the topmost storey on the opposite bound-
ary of the light court, or, if none, to the vertical
plane of the opposite boundary of the light court.

"Angle of light" with reference to any window in
a wall of a light court means the angle formed by
the vertical plane of the face of such wall and a line
drawn from a point in such vertical plane and on the
basic light level of such wall bisecting diagonally a
rectangle having for two of its sides the basic height
and the basic width of such light court.

141. Every window abutting on a light court other
than windows lighting corridors, lavatories, and sani-
tary conveniences shall have an angle of light not less
than the angle of light resultant from the ratio of
basic height to basic width of light court in the
Schedule hereunder applicable to such window, and
shall receive at such angle of light unobstructed light
from the sky. Provided that, where the opposite
boundary of the light court on which such window
abuts is also the boundary of or within the boundary
of an adjoining property, such window need not re-
ceive such unobstructed light, but shall be deemed to
have the required angle of light, if a window at the
same basic light level erected on such opposite bound-
ary of the light court would have the angle of light
resultant from the ratio applicable according to the
class of building under Division 2 of the said
Schedule:

Education Department,
Perth, 14th January, 1937.

THE following reclassification by the Minister of Education of the Teaching Staff of the Education Department is gazetted in accordance with the provisions of "The Public Service Appeal Board Act, 1920."

J. A. KLEIN,
Director of Education.

RECLASSIFICATION BY THE MINISTER OF EDUCATION OF THE TEACHING STAFF OF THE EDUCATION DEPARTMENT.

THIS Classification of Teachers has retrospective effect from the First day of July, 1936, and replaces the old salary scales. The old salary scales are shown on the left hand side and the new salary scales on the right hand side of each page.

This classification is made under the provisions of Section 13 of the Public Service Appeal Board Act, 1920, which reads as follows:—

"The classification of the teaching staff of the Education Department, and the fixing of the salaries and other remuneration to be paid to teachers, shall be vested, and as from the thirtieth day of June, one thousand nine hundred and twenty, shall be deemed to have been vested in the Minister of Education, subject to appeal to the Board under this Act."

The classification differs from that of officers under the Public Service Act in that it is almost entirely a classification of groups, not of individual officers.

There is a dual basis for the computation of the salaries of classified teachers in the Primary Schools—

- (1) The position held by the teacher.
- (2) The personal classification of the teacher, based upon examinations passed and practical efficiency in teaching.

The portion of salary allotted on the former basis is termed the "Position Quota." The portion allotted on the latter basis is termed the "Qualification Quota."

This classification represents an approximate increase of three per cent. per annum on the position quota, the classification quota, and on all allowances previously paid. Salaries shall be payable to the nearest £1.

Cost of Living Allowance.

The allowance shall be payable to teachers located in any area outside the South-West Land Division of the State, should the male basic wage for such area as declared by the State Arbitration Court be greater by at least £5 per annum than the male basic wage for the metropolitan area.

The allowance shall be determined as under:—

- (a) In the case of adult male teachers, the allowance shall be the difference (to the nearest £1) between the two rates of basic wage referred to in paragraph 1 above, but shall be subject to adjustment at the rate of £5 per annum for every variation of 1s. 11d. per week in the difference between such two rates of basic wage.
- (b) In the case of adult female teachers, the allowance shall be equal to 75 per cent. (to the nearest £1) of the allowance payable to adult male teachers.
- (c) In the case of monitors, the allowance shall be calculated on a pro rata basis.

The allowance payable to adult male teachers as at the first day of July, 1936, shall be £40 per annum, as representing the difference (to the nearest £1), at an annual rate, between the male basic wage rates of £4 6s. per week, operative in areas outside the South-West Land Division of the State and £3 10s. 6d. per week operative in the metropolitan area.

This classification takes the place of the reclassification published in the *Government Gazette* of the 18th December, 1931.

SALARIES UNDER RECLASSIFICATION FROM 1st JULY, 1931.

1.—Primary Schools. *Salaries and Allowances.*

(b) Where employment of a worker entitled to holidays under Subclause (a) is terminated during the course of a calendar year, his employer shall pay to him a day's wages for each calendar month of his services, in lieu of the holidays to which he would have been entitled under this clause and has not received. Such worker shall only be entitled, when the holidays are taken, to such holidays on full pay as are proportionate to his length of service during that period with such employer, and, if such holidays are not equal to the holidays given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on holiday on full pay.

any year: Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer in the event of the worker being entitled by service subsequent to the sickness to a greater amount than that made at the time the sickness occurred. This clause shall not apply where a worker is entitled to compensation under the Workers' Compensation Act.

Personal ill-health does not include ill-health which is the result of an accident sustained away from the place of employment or ill-health the result of the worker's own misconduct, but the onus of proof in such cases shall rest upon the employer.

(b) Holiday pay shall not accrue during a worker's absence from duty except on account of sickness in accordance with Subclause (a) hereof.

(c) The onus of proof of sickness entitling the worker to the leave mentioned in Subclause (a) hereof shall lie on the worker, and, if necessary, may require to be supported by a certificate from a qualified medical practitioner.

11.—Time Book.

Each employer shall keep a time book, or sheets, or cards, showing the names of the workers, the number of hours worked, the rates of pay and the wages paid to each worker from week to week, and the secretary of the Association or any official thereunto authorised by the Association shall be allowed at all reasonable times to inspect such records so far as it relates to any member or members of his organisation. Such time book shall be kept available for the last preceding twelve (12) months.

12.—Contract of Service.

All workers, except those engaged on piecework or on casual work, shall be employed on a weekly engagement subject to the following terms:—

(a) A worker shall perform such work as the employer shall from time to time require on the usual days and within the prescribed hours.

(b) Employment during the first week of such engagement shall be from day to day, at the weekly rate prescribed, except in the case of re-engagement within one month after the termination of a previous service of the worker under the employer.

(c) A worker, to become entitled to payment of the weekly wage, must be ready and willing to work on the days and during the hours usually worked by the class of worker affected. A worker shall not be entitled to payment for any time during which he is absent from his employment, except as provided for in Clause 8.

(d) Subject to the provisions of the two next succeeding paragraphs, a week's notice of the termination of such engagement shall be given on either side. Such notice may be given on any day during the week to terminate such engagement on the corresponding day of the following week or on any later day thereof: Provided that, in the case of work in the bush and at bush mills, such notice may be dispensed with by the consent in writing of the employer and worker.

(e) The employer may dismiss any worker peremptorily without notice for malingering, inefficiency, otherwise than through temporary illness, neglect of duty or misconduct, and pay the worker's wages up to the time of such dismissal only.

(f) The employer may deduct payment for any day or portion of a day the worker cannot be usefully employed because of any strike by or participation in any strike by the Union, by any branch of the Union, or by any members or member of the Union, employed by the employer, or because of any strike by or participation in any strike by any other Union, branch of any other Union, or members or member of any other Union employed by the employer, or because of any breakdown of machinery, or because of any other stoppage of work for any other cause for which the employer cannot be held responsible: Provided that no deduction shall be made unless such stoppage exceeds two (2) hours.

For the purpose of this Award:—

(a) "Engine-driver" shall mean and include any person who operates or drives any engine or engines the motive power of which is either steam, gas, oil, water, compressed air, or electricity.

(b) "Engine-driver in charge": when a driver, being the only person of his class employed on the plant, does the general repair work of the plant in addition to the work of engine-driving, but not when he merely assists the fitter or engineer to do such work.

(c) "Leading fireman": where two (2) or more firemen are employed on the same shift, one shall be classed as a leading fireman.

14.—Rents of Houses and Huts.

(a) The employer may charge such rents for the use and occupation of the huts or houses owned or controlled by him as may be agreed upon by the employer and worker and the Union, and, in default of agreement, such rent (not exceeding the amount ascertained by the application of the Commonwealth Statistician's figures as the average rental for four and five-roomed houses in the four-country-town statistics for the State) as the Board of Reference may think fair and reasonable.

(b) In determining what is a reasonable and fair rental the Board of Reference shall:—

(i) First ascertain the capital value of the building. Such capital value shall be the actual cost to the employer of the building: Provided that, where the building has been erected prior to the 30th day of June, 1921, there shall be added twenty per cent (20%) to the cost of the building.

(ii) From the capital value so assessed there shall be deducted such amount as shall be estimated to equal the depreciation in actual value of the building, in so far as such depreciation diminishes the letting value: Provided that the depreciation shall not be assessed as an amount exceeding three per centum (3%) per annum.

(c) The reasonable and fair rental shall be deemed to be not more than the total for the following items:—

(i) The percentage on the capital value at the rate of nine per cent. (9%) per annum;

(ii) The amount of the rates and taxes;

(iii) The amount estimated to be required annually for repairs, including painting, maintenance and renewal (not exceeding the average amount expended for repairs during the last succeeding five (5) years);

(iv) The cost of insurance;

(v) Any other cost, charge, or outgoing considered by the Board of Reference to be fair and/or reasonable.

(d) The amounts ascertained above shall be reduced to a weekly basis.

15.—Sleeping Accommodation.

Where the employer provides houses or huts for the use and occupation of his workers at a bush mill or camp, or in the bush, the following provisions shall apply:—

(a) No room shall have a floor space less than ten (10) feet by twelve (12) feet. This requirement shall not apply to existing buildings having a floor space of not less than ten (10) feet by eight (8) feet, which have been approved by the Union, or which, in cases where there has been no approval by the Union, have been or are approved by the Board of Reference.

(b) No room shall have a height of less than eight (8) feet, but this shall not apply to existing buildings the rooms of which have a height of not less than seven (7) feet.

16.—Payment of Wages.

(a) All wages due and payable to workers in the bush and at bush saw mills shall be paid in such manner as may be agreed upon between the employer, the worker, and the Union, or, in default of such agreement:—

- (i) where a bank exists within five (5) miles of the mill or place where the work is performed weekly, in cash, at the mill or such place;
- (ii) where no bank exists within five (5) miles of such mill or place, fortnightly or bi-monthly, in cash, at such mill or place.

Over and above that becoming due on each such period, as the case may be, not more than six (6) days' pay shall be kept in hand by the employer.

(b) If any worker be kept waiting for payment of his wages after working hours for more than fifteen (15) minutes, he shall be paid at ordinary rates for all time he is kept waiting from the termination of his working hours until he is paid.

(c) Should any worker, wherever employed, be dismissed during the course of a week, he shall be paid at the usual place of payment on demand there by him any wages which are legally due to him within fifteen (15) minutes of dismissal: Provided that, if the usual place of payment be on the work in the bush, then such place of payment shall be deemed to be the nearest office of such employer thereto.

17.—Aged and Infirm Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum rate prescribed by this Award may be paid such lesser rate as may from time to time be agreed upon in writing between the employer and the secretary of the Union, or failing such agreement within twenty-four (24) hours after such worker shall have applied in writing to the secretary of the Union stating his desire that such wage should be agreed upon, such wage as shall be fixed by the most convenient Resident or Police Magistrate upon the application of such worker after twenty-four (24) hours' notice in writing shall have been given by him to the said secretary, who shall, if he so desires, be heard by the Magistrate upon such application. After having given notice to the secretary, and after lodging the application mentioned, and pending the Magistrate's decision thereon, the worker shall be entitled to work for and be employed at the proposed lesser rate. The determination of the Magistrate shall have effect for the period of six (6) calendar months from the date thereof, and after the expiration of the said period until the wage shall have again been fixed at the instance of the said secretary in the manner prescribed. The secretary of the Union may by writing under his hand appoint an agent or substitute to represent the Union at the hearing of the application before the Magistrate.

18.—Transport of Workers.

Where means of transport to the bush or bush saw mills are provided by the employer, on the termination of service of a worker, that worker, his family, and his goods and chattels shall be transported free of charge within forty-eight (48) hours of receipt by the employer of notice that such transport is required. But a worker shall not be entitled to free transport on a route along which the public is regularly transported for payment; on the other hand, he shall not be charged a rate on such route in excess of that regularly charged to the public.

19.—Board of Reference.

The Court appoints for the purpose of the Award:—

- (a) A Board of Reference to consider and deal with matters mentioned in Clause 14 (Rents of Houses).
- (b) A Board or Boards of Reference for the purpose of:—
 - (i) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award or any of them;
 - (ii) classifying and fixing wages of any designation, occupation, or calling not specifically provided for in the Award;
 - (iii) deciding any other matters that the Court hereby refers or may from time to time refer for decision to the Board.

(c) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Regulations to "The Industrial Arbitration Act, 1912-1935," which for this purpose are embodied in this Award.

(d) Each Board shall consist of a Chairman and two (2) representatives, one representative to be nominated by each party.

(e) Separate Boards may be appointed where deemed necessary or advisable for different branches of the industry and/or for different localities.

In witness whereof this Award has been signed by the President of the Court, and the Seal of the Court has been hereto affixed this 23rd day of December, 1936.

(SEAL.)

WALTER DWYER,
President.

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 25 of 1935.

Between West Australian Sawmilling and Sleeper Cutters' Industrial Union of Workers, South-West Land Division, Applicant, and Millars' Timber & Trading Company, Limited; Bunning Bros., Limited; Kauri Timber Company, Limited; Whittaker Bros. and others, Respondents.

THE Court of Arbitration of Western Australia doth hereby make the following Award in connection with the industrial dispute between the abovenamed parties:—

Award.

1.—Area.

This Award shall apply to the Timber Industry as carried on in the South-West Land Division of Western Australia: Provided that nothing herein contained shall apply to the area covered by Award, No. 4 of 1926, and delivered by this Court on 29th September, 1926.

2.—Interpretations.

"Casual worker": Every worker shall be deemed to be a casual worker for the first week of his employment, and during this period his engagement shall be from day to day, at the weekly rate prescribed for his class of work: Provided that, after a mill has closed down or temporarily ceased operations and there still remains upon the mill site a quantity of stocks, plant, or materials to be removed from the site by workers engaged upon the removal, restacking, loading, or in any manner of handling of that stock, plant, or material, he shall be deemed to be employed under contract of daily hiring, and shall not come within the scope or provisions of Clause 26 of the Award, but this proviso shall not apply to locomotive crews or to workers engaged elsewhere under the weekly hiring provisions of this Award.

"Leading hand" means a worker who, while he is working, has under his charge or control any adult person or persons not apprentices or improvers who are performing the same class of work as himself, and who has been appointed by the employer to take such charge or control.

"Main dock" means the dock at which most timber is docked in a mill where there are two or more docks. In mills where the breaking down bench feeds two benches with approximately equal quantities of timber, the two docks shall be rated as main docks.

"Pullers-out and/or assistants": Wherever the words "pullers-out and/or assistants" or "puller-out and/or assistant" appear in the Award, the word "assistant" means a worker who is assisting in the actual operation of passing timber over a saw-bench, for the purpose of cutting the timber with the saw.

"Stackers who stack timber for seasoning by the process of stripping" include workers making the foundations for the stacks (except stacks of fruit-case boards) that are to be used for the purpose of seasoning of such timber.

"Tallyman or measurer" is a worker who by measuring and/or calculating quantities keeps an account of timber, and does not include one who merely measures lengths of timber, or merely counts timber by pieces.

3.—Rates of Pay.

Workers shall be paid in accordance with the provisions of Schedule I. hereto.

4.—Piecework.

(i) (a) An employer may make a contract with a worker or group of workers for payment by results by piecework.

(b) All disputes between employers and workers or groups of workers, or between the employers and the Union concerned, as to any matters relating to payment by results, including any question as to whether the rates or prices are properly based on the capacity of an average workman, and as to the reduction of rates, and as to the extension of any system of payment by results by an employer to any other workers, shall, in default of agreement between the employer and his workers, or the employer and the Union, be referred to the Board of Reference for determination.

(c) The rate of payment shall be fixed on the basis that it shall be sufficient to yield to a worker of average capacity over a period of six (6) months for a full week's work of the ordinary hours as prescribed herein for day workers at least ten per cent. (10%) above the minimum time rate of pay as prescribed herein for such week's work, plus allowances, as shown in the following example applicable to the fallor:—

Time rate of Pay:	£	s.	d.
Basic wage (at present)	3	14	8
Margin	0	15	0
Total	4	9	8
Ten per cent.	0	9	0
Tool allowance	0	6	0
Pay in lieu of holidays	0	3	7
Total	£5	8	3.

Provided that, where a worker works part of a full week at piecework rates and part at time rates, he shall be paid so much as he is entitled to receive under such piecework rates, plus the proportionate amount which he is entitled to receive under this Award at time rates of pay.

Provided further, that in lieu of the holiday allowance mentioned in the above calculation, an employer may at his option grant to any pieceworker in the bush, after twelve (12) months' continuous service, payment equivalent to two (2) weeks' wages at the day-work rates prevailing when the holidays may be taken, and *pro rata* payment where the term is for less than twelve (12) months' service.

(d) A worker working under any system of payment by results shall receive at least the time rate of pay as prescribed herein.

(ii) The rates now being paid shall be continued until altered or revised pursuant to Subclause (i).

(iii) The foregoing shall not apply to piecework sleeper-hewing, the minimum rates and conditions of employment for which class of work shall be governed by the following:—

(a) The minimum rate for hewn jarrah sleepers duly passed by the Government Inspector from the date of delivery of this Award to September 30th, 1937, shall be £2 7s. 6d. (Two pounds seven shillings and sixpence) per load of fifty (50) cubic feet. From and after October 1st, 1937, the minimum rate shall be as may be agreed upon between the Union and the employer(s) or, in default of agreement, two pounds ten shillings (£2 10s.) per load of fifty (50) cubic feet.

(b) The minimum rate for hewn wandoo sleepers duly passed by the Government Inspector from the date of delivery of this Award to September 30th, 1937, shall be two pounds fifteen shillings and sixpence (£2 15s. 6d.) per load of fifty (50) cubic feet. From and after October 1st, 1937, the minimum rate shall be as may be agreed upon between the Union and the employer(s) or, in default of agreement, two pounds eighteen shillings (£2 18s.) per load of fifty (50) cubic feet.

(c) Payment of wages shall be made within two (2) weeks of every official inspection. If the official inspection be delayed beyond one month, a worker shall be entitled to be paid ninety per cent. (90 per cent.) of the work value of sleepers carted to the stacking site.

(d) No clause of this Award other than Clause 29 (Board of Reference) shall apply to piecework sleeper-hewers.

5.—Junior Labour.

(a) The employer may employ juniors in any position which they are capable of filling, but excluding the position of carpenter or wheelwright or wagon-builder in the towns of Northam, Bunbury, Geraldton, Albany, Yarloop, Jarrahdale, and Pemberton; sawyer, dovetailing machinist in box-making, and machinist to any machines other than those hereinbefore allowed or those to be allowed by the Court: Provided that the number of such boys employed in any bush mill does not exceed the proportion of one in eight (8) of the total adult workers employed. The employer within one week of the engagement of a boy under this clause shall inform the Union by registered letter of such employment and of the total number of such adult workers.

(b) In any case in which it is claimed that by reason of any special circumstances it is desirable that a greater or less number of juniors should be employed, an application, setting out such special circumstances, may be made to the Court for a special order thereon, and the Court may thereupon make such order as it thinks proper under such circumstances.

(c) Nothing in this clause shall prevent the instruction and tuition in sawing or machining of any boy employed under this clause.

(d) When any boy is engaged he shall, if the employer requires it, furnish a certificate or statutory declaration as to his age, and the employer may rely on such certificate or declaration until or unless he has notice in writing of its inaccuracy.

(e) The minimum rates of weekly wage to be paid to juniors shall be as prescribed in Schedule I.

6.—Apprentices.

(a) The employment of apprentices shall be governed by the provisions of Schedule II. attached hereto.

(b) Apprentices shall be allowed to the following trades, namely:—(i) Machinist; (ii) saw doctor; (iii) carpenter; (iv) wheelwright or wagon-builder or coach-builder.

(c) The proportion of apprentices to journeymen shall be one apprentice to two (2) or any fraction of two (2) journeymen, not being less than one.

(d) The rates of pay for apprentices shall be as prescribed in Schedule I.

7.—Shifting Haulers.

Pieceworkers shall be paid at ordinary rates for time occupied shifting haulers from one landing to another, except in cases where the piecework rates are arranged to include time occupied in shifting haulers.

8.—Measuring Logs.

All logs felled or hauled at piecework rates shall be measured at the mill landing. Particulars of the logs so measured shall be given to the pieceworker at least once a fortnight, unless otherwise agreed upon by the employer and worker, and such particulars shall set out the name of the mill supplied, the name or names of the workers, the date, the brand, the length, the girth and the cubic feet of such logs.

9.—Shifting or Erecting Camps.

Any worker employed in shifting or erecting camp or assisting therein, or in clearing site for camp, shall be paid at his ordinary rates for the time he is so employed.

10.—Rents for Houses and Huts.

(i) The employer may charge such rents for the use and occupation of the huts or houses owned or controlled by him as may be agreed upon by the employer and worker and the Union, and, in default of agreement, such rent (not exceeding the amount ascertained by the application of the Commonwealth Statistician's figures as the average rental for four and five-roomed houses in the four-country-towns statistics for the State) as the Board of Reference may think fit and reasonable.

(ii) In determining what is a reasonable and fair rental the Board of Reference shall:—

(a) first ascertain the capital value of the building. Such capital value shall be the actual cost to the employer of the building: Provided that, where the building has been erected prior to the 30th day of June, 1921, there shall be added twenty per cent. (20 per cent.) to the cost of the building.

(b) from the capital value so assessed there shall be deducted such amount as shall be estimated to equal the depreciation in actual value of the

building, in so far as such depreciation diminishes the letting value: Provided that the depreciation shall not be assessed as an amount exceeding three per centum (3 per cent.) per annum.

- (iii) The reasonable and fair rental shall be deemed to be not more than the total for the following items:—
 - (a) The percentage on the capital value, at the rate of nine per centum (9%) per annum.
 - (b) The amount of the rates and taxes.
 - (c) The amount estimated to be required annually for repairs, including painting, maintenance, and renewal (not exceeding the average amount expended for repairs during the last preceding five (5) years) where the house has been so long erected.
 - (d) The cost of insurance.
 - (e) Any other cost, charge, or outgoing considered by the Board of Reference to be fair and/or reasonable.
 - (f) The amounts ascertained above shall be reduced to a weekly basis.

11.—Sleeping Accommodation.

Where the employer provides houses or huts for the use and occupation of his workers at a bush mill or camp, or in the bush, the following provisions shall apply:—

- (a) No room shall have a floor space less than ten (10) feet by twelve (12) feet. This requirement shall not apply to existing buildings having a floor space of not less than ten (10) feet by eight (8) feet which have been approved by the Union, or which, in cases where there has been no approval by the Union, have been or are approved by the Board of Reference.
- (b) No room shall have a height of less than eight (8) feet, but this shall not apply to existing buildings the rooms of which have a height of not less than seven feet.

12.—Turning and Loading Sleepers.

When sleepers are being inspected whilst they are being loaded into trucks by pieceworkers and at the request of the employer or of the Government Inspector, or of the buyer, the sleepers are turned for inspection or re-inspection, the loaders shall receive turning rates whilst turning such sleepers and loading rates whilst loading such sleepers.

13.—Holidays.

(a) All workers, after twelve (12) months' continuous service, other than pieceworkers (who are provided for under Clause 4 (c)), shall be entitled to fortnight's holiday per annum on full pay, as prescribed herein. Such holidays may be taken all at one time, or partly at Christmas time and partly at Easter time, as may be mutually arranged between the Union or the local branch of the Union and the employer: Provided that, where any day has been kept as a holiday outside the said holidays during the year and paid for, such day shall be deducted from the days herein specified as holidays, or, if included, shall not be paid for.

(b) Where employment of a worker entitled to holidays under Subclause (a) is terminated during the course of a calendar year, his employer shall pay to him a day's wages for each calendar month of his services in lieu of the holidays to which he would have been entitled under this clause and has not received. Such worker shall only be entitled, when the holidays are taken, to such holidays on full pay as are proportionate to his length of service during that period with such employer, and, if such holidays are not equal to the holidays given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on holiday on full pay.

(c) A watchman, whose ordinary hours of duty are fifty-six (56) per week, shall be entitled to three (3) weeks' annual holiday: provided he shall have been in the employer's service as a watchman a period of twelve (12) calendar months prior to the date of such holidays, and if he shall have been employed as a watchman for a lesser period than twelve (12) calendar months prior to the date of such holidays, then he shall be entitled to holidays as provided in proportion to the period of his service during such year. Each worker who shall not actually have received the holidays in any one year as herein provided on full pay shall be entitled to be paid wages in proportion to the length of service he shall have rendered.

(d) The holidays for watchmen, feeders, and grooms shall be taken at such time as may be mutually agreed upon between the employer and the worker.

(e) This clause does not apply to casual workers.

14.—Hours.

(a) The ordinary working hours of workers (except night watchmen) shall be forty-four (44) per week.

(b) The daily spread of hours shall be such as may be agreed upon by a majority of the workers and employer concerned in any business and approved of by the Union. In default of such agreement and approval, such hours shall be worked within nine (9) consecutive hours between 7.30 a.m. and 5.30 p.m. on Mondays to Fridays—one hour or such other time as may be agreed upon being allowed for luncheon between 12 noon and 2 p.m.—and between 7.30 a.m. and noon, standard time, on Saturdays.

(c) Subclause (b) hereof shall not apply to grooms, feeders, watchmen, guards, hookmen, log yardmen, bush landing hookmen, log loaders and log haulers, farriers, bush blacksmiths and sanitarymen, tractor drivers, motor lorry drivers and mill greasers.

(d) The hours for shiftmen shall be as prescribed by Clause 28 hereof.

(e) Every worker who ordinarily works seven (7) shifts per week shall be allowed one Sunday off duty in every four (4) weeks.

15.—Overtime.

(a) Subject to the following, all time worked outside the spread of hours prescribed in Clause 14 hereof, or in excess of the ordinary daily or shift number of hours prescribed therein or elsewhere, shall be paid for as overtime, at the rate of time and a half for the first two (2) hours, and double time thereafter. Work performed during the meal hours shall be paid for at double time rates, but where the total hours worked, including such meal time, do not exceed the prescribed number of hours, then such double time shall be deemed to mean an additional ordinary rate only.

(b) All time worked by the bush blacksmiths and/or farriers and floormen outside the spread of hours prescribed in Clause 14 hereof, or in excess of forty-four (44) hours in any week, shall be paid for as overtime at the rate of time and a half for the first four (4) hours and double time thereafter.

(c) All time worked by grooms and feeders in excess of forty-four (44) hours in any week shall be paid for as overtime, at the rate of time and a half for the first twelve (12) hours and double time thereafter.

(d) All work performed by a pieceworker before or after ordinary hours of work on the instruction of his employer, shall be paid as overtime at the rate of time and a half for the first two (2) hours and double time thereafter.

(e) Except where it is otherwise prescribed, all time worked by workers other than grooms or feeders or night watchmen on the holidays to which they are entitled under this Award shall be paid for proportionately, in addition to the indirect payment, or to the payment by written agreement for holidays prescribed in Clause 13 at the ordinary rates; and on Sundays shall be paid for at proportionately double rates: Provided that, in the case of work done on either a Sunday or holiday, payment shall be made for two (2) hours at the least at such double rates.

(f) All time worked by watchmen in excess of fifty-six (56) hours per week shall be deemed to be overtime and paid for at time and a half rates per hour.

(g) All time worked by workers on Sundays or holidays prescribed herein in maintaining or effecting repairs or renewals to plant or machinery, including the washout of boilers, which it is necessary to effect to enable work to proceed on the next working day, shall be paid for, in the case of Sundays, at the rate of time and a half, and, in the case of such holidays, at ordinary rates in addition to the indirect pay, or to the pay under written agreement for such holidays allowed in Clause 13 hereof.

(h) All work performed by a pieceworker on Sundays on the instructions of his employer shall be paid for at double rates.

16.—Tools to be Supplied.

Workers other than carpenters and joiners, wheelwrights, wagon-builders, whim repairers, millwrights, bush carpenters, and pieceworkers shall be supplied by the employer with all necessary tools, implements, and plant.

17.—Lower Grade Work.

Where a worker is transferred, without seven (7) days' written notice, to a grade of work carrying a lower minimum rate of wage than that at which he is usually employed, he shall be paid during such seven (7) days, or any less time so employed, the rate of wage he was receiving for the work usually performed by him.

18.—Higher Grade Work—Mixed Functions.

Subject to the following, where a worker is engaged on higher grade work, he shall be paid the rate prescribed for such higher grade work during the time he is so engaged: Provided that, if engaged at such higher grade work for more than half a day, he shall be paid at the higher rate for the day.

Where a worker is engaged to do work ordinarily consisting of mixed functions coming under varying rates as prescribed herein, he shall be paid at a rate not less than the minimum of the smallest of such rates, plus half the difference at least between the minimum of the smallest and the largest of such rates for such function.

19.—Travelling Time.

(a) Subject to the following, a weekly worker shall, when he is directed or required to work at a place other than his usual place of work, be paid at ordinary rates for all time occupied in travelling to and from the place at which he is so directed or required to work in excess of the time ordinarily occupied in travelling to and from his usual place of work.

(b) Each worker in the bush, except a pieceworker, shall have a fixed starting place, which shall be the existing starting place.

(c) When a worker has a fixed starting point in the bush, he shall be paid for all time occupied in travelling between the starting point and the work, and for all time in excess of half an hour back from the work to the starting point.

(d) New starting places in the bush shall be fixed by agreement between the employer and the Union, and, in default of agreement, by the Board of Reference.

20.—Payment of Wages.

(a) All wages due and payable to workers in the bush and at bush saw mills shall be paid in such manner as may be agreed upon between the employer, the worker, and the Union; or, in default of such agreement—

(i) Where a Bank exists within five (5) miles of the mill or place where the work is performed, weekly in cash at the mill or such place;

(ii) Where no Bank exists within five (5) miles of such mill or place, fortnightly or bi-monthly in cash at such mill or place.

Over and above that becoming due on each such period, as the case may be, not more than six (6) days' pay shall be kept in hand by the employer.

(b) If any worker be kept waiting for payment of his wages after working hours for more than fifteen (15) minutes, he shall be paid at ordinary rates for all time he is kept waiting from the termination of his working hours until he is paid.

(c) Should any worker wherever employed be dismissed during the course of a week, he shall be paid at the usual place of payment on demand there by him any wages which are legally due to him within fifteen (15) minutes of dismissal: Provided that, if the usual place of payment be on the work in the bush, then such place of payment shall be deemed to be the nearest office of such employer thereto.

21.—Classification of Benches.

The following provisions apply to bush saw mills:—

(a) The present *de facto* classification of saw benches shall continue.

(b) When a classification of any new, or reclassification of any existing bench or benches is required by the claimant Union or any employer, the Union or employer shall give a week's notice thereof to the Union or employer concerned, as the case may be, and such classification shall be as may be agreed upon, and, in default of agreement, as determined by an expert benchman, who shall be appointed as umpire by the representative of the Union and the representative of such employer.

The decision of such umpire shall be final, and shall be reduced to writing and signed by him, and shall forthwith be forwarded to the Registrar of the State Arbitration Court.

In default of appointment of such umpire, the matter shall be determined by a Board of Reference.

(c) Each mill shall have exhibited in some prominent place on its premises where it may be conveniently inspected a notice showing the name, designation, or description of each saw bench, and opposite thereto in a separate column the classification of same for the time being, and in a third column the number of the item in the Wages Schedule under which payment is made.

22.—Sawyer to have Puller-out.

No sawyer shall work a running-out saw bench cutting six (6) feet in length or over without having a puller-out engaged; and no sawyer shall be employed to work any bench when cutting over eighteen (18) feet in length unless two (2) pullers-out are engaged. The foregoing shall not apply in cases where special appliances are provided on small benches for taking timber away from the saw after it is cut.

23.—Time Book.

(a) The employer shall keep a time book or sheets or cards, showing the names of his workers, the number of hours worked by each (except as to pieceworkers), the rates of pay, and the wages payable and paid to each worker and the nature of the work done.

(b) The secretary or Branch secretary of the Union, or any official of the Union thereunto authorised in writing by the Union, on production of such authority to the employer or his local manager, shall be allowed at all reasonable times to inspect such time book, sheets, or cards, and to make a copy of same. Such time books, sheets, or cards, for the last preceding twelve (12) months shall be kept available for this purpose.

(c) The secretary or Branch secretary of the Union, or any official thereunto authorised in writing by the Union shall, on production of such authority to the employer or his local manager, be allowed at all reasonable times to inspect any part of an employer's works where it is suspected that a breach of this Award has occurred, or is occurring, but such inspection shall be carried out in the company of the employer or someone on his behalf. The employer shall provide the necessary facilities for the investigation of the breach, or the supposed breach, of the Award, including access to the time books, sheets, or cards referred to above. The Union officials shall not interfere with or inconvenience the work and duties of the men more than is absolutely necessary for the proper investigation of the breach, or supposed breach of the Award.

24.—Aged and Infirm Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum rate prescribed by this Award may be paid such lesser rate as may from time to time be agreed upon in writing between the employer and the secretary of the Union, or, failing such agreement within twenty-four (24) hours after such worker shall have applied in writing to the secretary of the Union stating his desire that such wage should be agreed upon, such wage as shall be fixed by the most convenient Resident or Police Magistrate upon the application of such worker after twenty-four (24) hours' notice in writing shall have been given by him to the said secretary, who shall, if he so desires, be heard by the Magistrate upon such application. After having given notice to the secretary, and after lodging the application mentioned, and pending the Magistrate's decision thereon, the worker shall be entitled to work for and be employed at the proposed lesser rate. The determination of the Magistrate shall have effect for the period of six (6) calendar months from the date thereof, and, after the expiration of the said period, until the wage shall have again been fixed at the instance of the said secretary in the manner prescribed. The secretary of the Union may by writing under his hand appoint an agent or substitute to represent the Union at the hearing of the application before the Magistrate.

25.—Posting of Award.

A copy of this Award shall be posted or exhibited by the employer in a conspicuous place, easily accessible to his workers on each of his works.

26.—Contract of Service.

All workers, except those engaged on piecework or on casual work, shall be employed on a weekly engagement, subject to the following terms:—

(a) A worker shall perform such work as the employer shall from time to time require, on the usual days and within the prescribed hours: Provided that, until

the seven (7) days' notice of transfer to a lower grade prescribed by Clause 17 hereof expires, such work shall, in the case of towns, be of or be paid for as of a similar class to that usually performed by such worker.

(b) Employment during the first week of such engagement shall be from day to day, at the weekly rate prescribed, except in the case of re-engagement within one month after the termination of a previous service of the worker under the employer.

(c) A worker, to become entitled to payment of the weekly wage, must be ready and willing to work on the days and during the hours usually worked by the class of worker affected. A worker shall not be entitled to payment for any time during which he is absent from his employment, except as provided for in Clause 30.

(d) Subject to the provisions of the two (2) next succeeding paragraphs, a week's notice of the termination of such engagement shall be given on either side. Such notice may be given on any day during the week to terminate such engagement on the corresponding day of the following week or on any later day thereof: Provided that, in the case of work in the bush and at bush mills, such notice may be dispensed with by the consent in writing of the employer and worker.

(e) The employer may dismiss any worker peremptorily without notice for malingering, inefficiency, otherwise than through temporary illness, neglect of duty or misconduct, and pay the worker's wages up to the time of such dismissal only.

(f) The employer may deduct payment for any day or portion of a day the worker cannot be usefully employed because of any strike by or participation in any strike by the Union, by any Branch of the Union or by any members or member of the Union, employed by the employer, or because of any strike by or participation in any strike by any other Union, branch of any other Union, or members or member of any other Union employed by the employer, or because of any breakdown of machinery, or because of any other stoppage of work for any other cause for which the employer cannot be held responsible: Provided that no deduction shall be made unless such stoppage exceeds two (2) hours.

27.—Transport of Workers.

Where means of transport to the bush or bush saw-mills are provided by the employer, on the termination of service of a worker, that worker, his family, and his goods and chattels shall be transported free of charge within forty-eight (48) hours of receipt by the employer of notice that such transport is required. But a worker shall not be entitled to free transport on a route along which the public is regularly transported for payment; on the other hand, he shall not be charged a rate on such route in excess of that regularly charged to the public.

28.—Shift Work.

In the event of two (2) shifts being worked then the second shift shall be worked in five (5) equal periods during the week between Monday and Saturday, at such hours as may be agreed upon between the employer and the workers concerned and assented to in writing by the Union, and, in default of such assent, as approved by the Board of Reference: Provided that the total hours worked in any week on such second shift shall not exceed ninety per cent. (90 per cent.) of the ordinary weekly hours prescribed for the industry.

29.—Board of Reference.

The Court appoints for the purpose of the Award—

(a) A Board of Reference to consider and deal with matters mentioned in Clause 10. (Rents of houses.)

(b) A Board of Reference to consider and deal with the matters mentioned in Clause 21. (Classification of benches.)

(c) A Board or Boards of Reference for the purpose of—

- (i) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award or any of them;
- (ii) classifying and fixing wages of any designation, occupation, or calling not specifically provided for in the Award;
- (iii) deciding any other matters that the Court hereby refers or may from time to time refer for decision to the Board.

(d) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Regulations to "The Industrial Arbitration Act, 1912-1935," which for this purpose are embodied in this Award.

(e) Each Board shall consist of a Chairman and two (2) representatives, one representative to be nominated by each party.

(f) Separate Boards may be appointed where deemed necessary or advisable for different branches of the industry and/or for different localities.

30.—Absence from Sickness.

(a) A worker (except a worker on piecework or a casual worker) shall be entitled to payment for non-attendance on the ground of personal ill-health for one half day for each completed month of service during any year: Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater amount than that made at the time the sickness occurred. This clause shall not apply where a worker is entitled to compensation under the Workers' Compensation Act. Personal ill-health does not include ill-health which is the result of an accident sustained away from the place of employment or ill-health the result of the worker's own misconduct, but the onus of proof in such cases shall rest upon the employer.

(b) Holiday pay shall not accrue during a worker's absence from duty, except on account of sickness in accordance with Subclause (a) hereof.

(c) The onus of proof of sickness entitling the worker to the leave mentioned in Subclause (a) hereof shall be on the worker, and, if necessary, may require to be supported by a certificate from a qualified medical practitioner.

31.—Allowances, etc.

(a) On all dockers where more than one man is employed, the responsible man shall be paid at the rate of three shillings (3s.) per week in addition to the rates specified.

(b) Horsedriver grooming and feeding one or two (2) horses outside ordinary hours shall be paid one shilling (1s.) per day extra and one shilling (1s.) for Sunday. If more than two (2) horses the rate shall be two shillings (2s.) per day extra and two shillings (2s.) for Sunday.

(c) The following workers supplying their own tools (except dogs and cramps of all descriptions, augers of all sizes, bits not ordinarily used in a brace, and all hammers except claw hammers, all of which shall be supplied by the employer) shall receive the following tool allowances:—

(i) Carpenters and joiners and mill-wrights two shillings and sixpence (2s. 6d.) per week.

(ii) Wheelwrights and wagon builders and whim repairers and bush carpenters, one shilling (1s.) per week.

(d) A faller engaged on day work and using his own tools and implements shall receive an allowance of one shilling (1s.) per day while so engaged.

(e) A leading hand shall receive one shilling (1s.) per day in addition to his ordinary pay.

(f) Casual labourers shall be paid one shilling (1s.) per day in addition to the ordinary rates. For the purpose of this allowance "casual labourer" shall mean a worker who does not come within the purview of "casual workers" as defined in the Interpretation Clause, and who is employed for less than one week.

(g) Workers handling timber that has been through the powellising or fluorising solution shall be entitled to an allowance of two shillings (2s.) per day whilst so engaged. This shall not apply to the workers who place the timber in trucks for the purpose of being taken to the place of treatment, and are brought into contact merely with strips or chains or trucks that have been previously used in the process: Provided that stranded or frayed wire ropes shall not be used in connection with this process, where it is likely that they may come into contact with the exposed skin of the worker.

(h) In mills where only one man is employed at the ducker, the margin for the dockerman and/or tallyman shall be six shillings (6s.) per week.

(i) Should the wet sawing process be brought into operation in any mill, such allowance, if any, shall be paid to the benchman and assistants or other workers affected by the process as may be agreed upon or, in default of agreement, determined by a Board of Reference.

32.—Part-time Employment.

Notwithstanding anything contained in this Award to the contrary, the employer and the Union are hereby empowered, in the case of emergency or for other cause, which to them may seem sufficient, to provide for a shorter working week at the rate of wages specified in this Award, but proportioned to the time to be worked. If such agreement is arrived at, the workers affected shall cease to come within the scope of Clause 26 as to weekly hiring, and shall be deemed to be employed under a contract of daily hiring for the period mentioned in the agreement. Any agreement hereunder shall be in writing and signed both by the employer and the secretary or other authorised officer of the Union.

33.—Term.

The currency of this Award shall be three (3) years from the 23rd day of December, 1936.

In witness whereof this Award has been signed by the President of the Court and the Seal of the Court has been hereto affixed this 23rd day of December 1936.

SCHEDULE II.

Apprenticeship Regulations.

Definitions.

1. (1) "Act" means "The Industrial Arbitration Act, 1912-1925," and any alteration or amendment thereof for the time being in force.

(2) "Apprentice" means any person of either sex of any age who is apprenticed to learn or to be taught any industry, trade, craft, or calling to which these Regulations apply, and includes an apprentice on probation.

(3) "Award" includes Industrial Agreement.

(4) "Court" means the Court of Arbitration.

(5) "Employer" includes any firm, company or corporation.

(6) "Minor" means a person not less than fourteen years of age and not more than eighteen years of age who customarily works under the direction of or in association with an employer, master, or journeyman upon the material and with the tools or implements used in the industry.

(7) "Registrar" means the Registrar of the Court.

Employment—Probation.

2. No minor shall (except where provision is otherwise made in this Award) be employed or engaged in the industry, except subject to the conditions of apprenticeship or probationership herein contained.

3. (1) Every apprentice shall be employed on probation for a period of three months to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as may be prescribed by the Award. In the event of his becoming an apprentice such probationary period shall be counted as part of the term of apprenticeship.

(2) The Court may in any case where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.

4. (a) Any employer taking an apprentice on probation shall within 14 days thereafter register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these Regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

(b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.

5. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

Advisory Committee.

7. A Board to be called "the Advisory Committee" may be appointed by the Court to advise in regard to any apprenticeship matter. Such committee shall consist of the following:—

(a) Some person appointed by the Court who shall act as Chairman.

(b) Two representatives appointed by the employers.

(c) Two representatives appointed by the industrial union or unions of workers in the trade.

The Advisory Committee shall have such powers and duties as the Court in each case may determine.

8. (i) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(ii) In any proceeding for any contravention of this Regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this Regulation.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

(a) The names and addresses of the parties to the agreement.

(b) The date of birth of the apprentice.

(c) A description of the industry, craft, occupation, or calling or combination thereof to which the apprentice is to be bound.

(d) The date at which the apprenticeship is to commence and the period of apprenticeship.

(e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial award so far as they concern the apprentice.

(f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.

(g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.

(h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from one employer to another either temporarily or permanently—

(i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or

(ii) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate, and shall, unless the Court otherwise

directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Clerk of the Court, and the cause thereof.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, or negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

(a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated

from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.

(b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him: Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations, and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The Clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (*i.e.*, increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this award: Provided—

- (a) payment for such sickness shall not exceed a total of one month in each year;
- (b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost of any of such certificate or certificates not exceeding 5s. to be borne by the employer;
- (c) An apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial Award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the award, or, if no agreement arrived at, as determined by the Court.

43. Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1925," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

45. In every application under Clauses 15, 18, 19, 20, 22, 23, 33 and 40 of this Schedule the Union of Workers registered may intervene and make such representations at the hearing as it may deem necessary. The representative shall be appointed in the manner prescribed by Section 65 of the Act.

The following are the particulars so forwarded:

Issue of 1,500,000 Ordinary Shares of 1s. each at the Price of 2s. 6d. per share sterling.

The resolution for the increase of the capital of the Company to £225,000 by the creation of 1,500,000 additional Ordinary Shares of 1s. each was duly passed at

the extraordinary general meeting of the Company on the 6th January, 1937. The reasons for the increase of the capital were stated in the circular letter dated the 28th December, 1936. The 1,500,000 New Ordinary Shares are now being offered in the first instance for subscription at 2s. 6d. per Share to the holders of the existing Ordinary Shares on the English and Adelaide Dominion Registers of the Company on the 18th January, 1937, and on the Finiston Dominion Register, to or from which no shares will be transferred between the Fourteenth and Eighteenth January, 1937, inclusive, on the 14th January, 1937, in the proportion of one New Share for every two Shares held, fractions being ignored.

The New Ordinary Shares, when fully paid, will rank *pari passu* with the existing Ordinary Shares of the Company in all respects, with the exception that they will not be entitled to participate in any dividend declared in respect of any period prior to the 1st January, 1937. They will, however, rank *pari passu* with the existing Ordinary Shares in regard to any dividend declared in respect of any period subsequent to the 31st December, 1936.

You are accordingly offered.....Ordinary Shares of this new issue.

The issue price of 2s. 6d. per Ordinary Share will be payable to the Company's Bankers or to the Company, as below mentioned, as follows:—

On Acceptance—1s. (including 6d. premium per Share).

On Allotment—1s. 6d. (including 1s. premium per Share).

If you desire to accept all or any of the Shares offered to you, you should complete and sign the annexed Form of Acceptance "A" and return it to the Company's Bankers, National Provincial Bank, Ltd., 15 Bishopsgate, London, E.C. 2, together with a remittance of 1s. per Share accepted on or before the 2nd February, 1937, or, in case of Shareholders whose names appeared on the 14th January, 1937, in the Finiston Dominion Register, to the Company's Office at Finiston, Western Australia, and, in the case of Shareholders whose names appeared on the 18th January, 1937, in the Adelaide Dominion Register, to T. S. Wilson, Brookman's Building, Adelaide, Southern Australia, together in each case with a remittance in English currency of 1s. per share on the number of shares accepted, or together with an equivalent remittance in Australian currency calculated at the rate of exchange for the purchase on demand of English pounds at the date of acceptance. Such latter acceptances must be returned to the offices at Finiston, Western Australia, or to T. S. Wilson, Brookman's Building, Adelaide, Southern Australia, as the case may be, in manner mentioned on or before the 16th March, 1937. Shareholders whose names appeared on the 18th January, 1937, in the English Register of Members, but whose registered addresses were in Australia, may complete the Form of Application and return it with the remittance referred to at the Company's Office at Finiston, Western Australia, or to T. S. Wilson, Brookman's Building, Adelaide, Southern Australia, on or before the 16th March, 1937.

No receipt for the above-mentioned payment will be given, but an acknowledgment will be forwarded in due course by the issue of an Allotment Letter as soon as possible after the 2nd February, 1937, or, in the case of acceptances by Shareholders whose names appear in the Dominion Registers, or whose addresses are in Australia, after the 16th March, 1937.

In the event of the instalment due on Allotment not being then paid, interest will be charged at the rate of 10 per cent. per annum from the date of allotment until payment, and the shares and any amount previously paid in respect thereof will be rendered liable to forfeiture.

If you desire to renounce your "Rights" in respect of the shares offered to you in favour of some other person or persons, you must sign the Form of Renunciation "B" printed on the back of the annexed Form of Acceptance "A," and the person or persons in whose favour you have renounced must fill up and sign the Form of Acceptance "C" printed below the Form of Renunciation and lodge the entire sheet with the necessary remittance with the Company's Bankers in London, or at its Office in Finiston, Western Australia, or to T. Arrangements have been made whereby the issue of 1,500,000 New Ordinary Shares have been underwritten

at an underwriting commission at the rate of 1¼d. per share and an overriding commission of ¼d. per share.

A number of the 1,500,000 New Shares offered proportioned to the shareholdings of the Shareholders whose names appear in the Dominion Registers of Members, or whose registered addresses are in Australia, is reserved for the benefit of such shareholders.

If you desire to apply for any of the Shares offered to the shareholders which may not be accepted by them in the proportion mentioned above, you may do so on the Blue Form sent herewith, payment for such excess shares applied for being on the same terms as those to which you are entitled by reason of your present holding of Ordinary Shares. If allotment of such excess Shares is not made in full, the amount overpaid on application will be applied in payment of the amount due on allotment, and any balance then remaining will be returned. No undertaking, however, can be given that all or any of such excess Shares applied for will be allotted, and no application will be considered or allotment will be made in respect of any application for such excess Shares until after the 16th March, 1937, as it will not be known until after that date what number of Shares will be available.

It is intended in due course to apply to the Committee of the Stock Exchange, London, for permission to deal in the New Ordinary Shares.
