F. J. HUELIN,
Under Secretary.

SCHEDULE.

The rules and regulations and by-laws of the Fremantle Hospital Board hereinbefore mentioned are amended by the addition thereto after rule, regulation, or by-law 206, of further rules, regulations, or by-laws, as follows:—

Private or Intermediate Ward.

207. The regulations hereinafter contained and numbered 208 to 235, both inclusive, shall apply only to the management and conduct of the private or intermediate ward of the Fremantle Public Hospital and to private or intermediate patients admitted to the said Hospital as such under the said regulations.

208. For the purposes of the regulations mentioned in regulation 207 hereof—

“A private or intermediate patient” means a patient who has the means or ability, whether direct or through some person or corporation responsible for the patient's assets or maintenance, to pay—

(a) to the Hospital Board the prescribed fees for maintenance in the private or intermediate ward, including accommodation and nursing; and

(b) to medical practitioners' fees for services rendered to the patient in the Hospital.

“The private or intermediate ward” means the ward or portion of the Fremantle Public Hospital especially used or set apart by the Fremantle Hospital Board for the reception and accommodation of private or intermediate patients.

209. All maintenance costs payable by or on behalf of a private or intermediate patient to the Hospital shall be paid weekly, or an acceptable guarantee given. In addition thereto, the said patient or the person or corporation liable for the patient shall pay to the Hospital such charge as shall be made for any special services rendered by the Hospital at the request of the patient or his or her medical attendant.

210. Separate accommodation shall be made for the reception and treatment of private and intermediate patients. Where special accommodation is not yet provided, indigent patients shall have first claim for bed accommodation in the general wards.

211. Except in emergency no patient will be admitted unless on the written recommendation of a medical practitioner on the forms provided. Doctors sending in patients for this ward shall ascertain beforehand whether accommodation is available.

(a) Where a patient is admitted, the admitting officer shall insure that the next of kin or person accompanying the patient has made or will make appropriate arrangements with the patient's usual medical attendant to afford the necessary medical attention or arrange therefor.

(b) Where a patient admitted in emergency has no usual medical attendant and he or the next of kin, or person accompanying the patient asks for advice in selection, the admitting officer will place before the person concerned a typewritten list of all medical practitioners in the district. The patient shall choose his attendant from this list.

(c) Any duly qualified practitioner will be permitted to send patients into the private or intermediate ward and treat them there: Provided always that such practitioner is approved by the Board.

(d) The names of practitioners will be recorded on the list in alphabetical order, and the admitting officer shall not influence the selection of a practitioner.

(e) Where a patient is admitted in emergency, the application form shall be suitably indorsed with details supplied by the next of kin or person accompanying the patient, and the patient's signature, where necessary, shall be obtained at the earliest possible moment.

(f) The Hospital secretary or his deputy shall be the final authority to determine whether recommended patients are eligible for admission to the private or intermediate ward.

212. No private or intermediate patient will be admitted into any ward if the Medical Superintendent or his deputy certifies that in his opinion the case is not medically suitable therefor.

213. The Hospital shall not be required to make any further provision for the reception and maintenance of private or intermediate patients beyond such as the Hospital Board may from time to time allot.

214. (1) Should any patient be admitted into the Hospital under circumstances whereunder the financial position of such patient or of the person or corporation legally responsible for the maintenance of such patient cannot be determined at the time of such admission, such patient, if qualified to become a private or intermediate patient, shall, subject to the conditions of these regulations, become a private or intermediate patient, upon the completing and lodging with the secretary of the form provided for by regulation 211 hereof, or upon written certification of the said secretary or resolution by the Hospital Board that the patient is qualified to be treated as a private or intermediate patient.

(2) Any patient transferred to the private or intermediate ward of the Hospital under this regulation shall be deemed to have been admitted, and shall be liable to the Hospital and the medical attendant for fees as if he or she had been admitted to that ward on the date whereon he or she was admitted into the Hospital.

215. Where the Hospital secretary representing the Board decides that any patient admitted to a bed in the private or intermediate ward is incorrectly classified and unable to meet the Hospital and medical fees entailed, the patient will be transferred to a bed in the general ward and his medical attendant advised accordingly: Provided that no such transfers may be made until the Hospital Board or its representative has consulted with the medical attendant concerned.

216. The private or intermediate patient or the person or corporation responsible for his or her maintenance shall pay direct to the medical attendants engaged by or on behalf of the patient such fees as may be arranged between the patient or the person or corporation responsible for the patient and his or her medical attendants.

217. The Medical Superintendent will have the right, after discussion with the doctor concerned, to refuse admission to or discharge from the private or intermediate ward.

(a) Resident Medical Officers will see daily, without fee, such paying patients as are accommodated in the general wards. They shall not attend patients in the private or intermediate ward, except in cases of emergency, and then only after communication with the doctor in charge of such cases.

218. The Hospital will supply to private and intermediate patients only such drugs and dressings as are used in the General Hospital Wards. All special prescriptions, proprietary products and drugs, extraordinary sutures, dressings and splints shall be supplied by the patient or corporation responsible for the patient.

219. (1) X-ray and pathological examinations for the private or intermediate ward may be done in the Hospital by recognized specialists: fees to be recovered by the pathologist or radiologist concerned, who will be responsible for paying the Hospital Board according to schedule laid down.

(2) Where specimens are sent from the Institution elsewhere for examination and a charge is made, the Hospital authorities will not accept responsibility for payment, the service being one for arrangement between the patient and pathologist concerned.

220. Private or intermediate patients shall not be entitled to the use of special Hospital apparatus such as diathermy, X-ray and radium, unless the Medical Superintendent shall consent thereto. Such special apparatus shall be used only by persons competent to use same. Any damage done to Hospital apparatus by a private medical practitioner must be paid for by him.

221. Any qualified masseur or masseuse or dentist recommended by the practitioner concerned and approved by the Board may treat patients in the private or intermediate ward, but will not be entitled to the use of special apparatus.

222. The Medical Superintendent or his deputy shall decide and regulate the order wherein operations shall be performed in the operating theatre, subject to the following provisions:—

(a) He will give priority and preference to the Honorary Medical Officers of the Hospital in the use of the theatre for Public Hospital cases.

(b) Private or intermediate patients will be subject to a theatre fee, which will entitle their doctors to the use of ordinary instruments, suture, and anaesthetic materials.

(c) Doctors desiring to operate on private or intermediate cases shall arrange a convenient time with the Medical Superintendent or his deputy.

(d) It shall be permissible for doctors to make cystoscopic examinations of private or intermediate patients in the minor theatre—without admission of such patients to the private or intermediate ward: provided always, that paragraphs (b) and (c) are observed.

(e) No operation shall be performed on a weekend or public holiday unless the case be urgent.

223. All complaints and requests, whether concerning patients, staff, accommodation, or treatment must be made in writing to the secretary.

224. (1) If the medical attendant of any private or intermediate patient certifies that such patient requires the attention of a special nurse, such nurse shall be engaged by the Hospital authorities.

(2) The patient or the person or corporation responsible for the patient shall pay direct to the special nurse all fees to which she may be entitled and shall, in addition thereto, pay to the Hospital authorities the sum of 3s. per day for the board of such special nurse.

(3) Such nurse shall be subject to the general supervision by Matron or Ward Sister.

225. Medical attendants are required to give to the Sister in charge detailed written instructions in reference to the diagnosis and treatment of their cases. They will give written instructions to the Sister in charge as to which doctor will act in their absence.

226. No maternity, mental, or infectious case shall be admitted to the private or intermediate ward—and children under twelve years of age will not be admitted to this section without the approval of the Medical Superintendent having first been obtained.

227. (1) The secretary shall open a separate account (card or in book) in respect to each patient admitted.

(2) The charge for all services rendered to the patient shall be debited therein at the prescribed rates.

(3) The secretary shall obtain and record full particulars of all services rendered to patients and chargeable by the Hospital.

(4) All payments made by or on behalf of the patient for service rendered by the Hospital Board shall be posted as credits to the accounts.

(5) No Hospital fees unpaid may be written off without the consent of a majority of the Hospital Board present at any ordinary meeting.

228. A statement showing the number of patients admitted during the month, the total amount of the fees involved, the amount paid, and details of all unpaid accounts in respect to any period shall be submitted to the Hospital Board at each monthly meeting.

229. Any special service, such as X-ray (the cost of which should be assessed), special foods, wines, or any other items not usually provided in the treatment of public patients, special or new equipment for private or intermediate patients, shall be debited to the account at cost.

230. Visitors will be admitted to the private or intermediate ward daily between 12.30 and 9 p.m., always subject to the permission or veto of the Sister or Staff Nurse in charge. All visitors must note that these times must be strictly adhered to.

231. Patients must provide their own personal clothing and necessary toilet requisites. No personal clothing will be laundered by the Hospital.

232. The Hospital will not be held responsible for any loss of patients' money or valuables, unless deposited with the secretary of the Hospital, and a receipt obtained therefor.

233. Visitors shall not bring stimulants of any kind into the private or intermediate ward without the approval of the Medical Superintendent. All parcels intended for patients, howsoever introduced, shall be delivered to the Nurse in charge of the ward, who will write the name of the patient thereon and take charge until same has been passed by the Medical Officer.

THE Industrial Board for the Industry of Engine-Driving, in pursuance of the powers and duties conferred upon it by section 107 of the Industrial Arbitration Act, 1912-1935, and in pursuance of a remission to it by the Court of Arbitration, doth hereby make the following Award in connection with the industrial dispute between the abovenamed parties:—

AWARD.

1.—Scope and Area.

This Award shall operate over the Coal Mining Industry in the South-West Land Division of Western Australia.

2.—Term.

The term of this Award shall be three (3) years from the commencement of the first pay period next following the date hereof.

3.—Rates of Wages.

The following shall be the minimum rates of wages payable to workers employed in the occupations set out hereunder:—

(a) Basic Wage:—Adult males—£4 2s. 2d. per week, equivalent to 13s. 8d. per shift.

(b) Occupation:	Margin per Shift.	
	s.	d.

Fireman	3	9

(c) In addition to the above rates sixpence (6d.) extra shall be paid for afternoon shift and one shilling (1s.) extra for midnight shift.

4.—Hours of Duty.

Forty (40) hours shall constitute a week's work on pay week and forty-two (42) hours in the back week. No day's work shall exceed seven (7) hours, but on pay Saturday five (5) hours shall be worked and paid for as seven (7) hours.

5.—Overtime.

For all work done beyond the hours of duty on any week day other than a holiday, payment shall be made at the rate of time and a half during the first four (4) hours and double time thereafter.

6.—Duties of Engine-Drivers.

It shall be part of the duties of haulage engine-drivers to look after generators and dynamos, but no reduction shall be made in the wages of haulage engine-drivers if during any shift they are not called upon to do any haulage.

7.—Minimum Time.

Haulage engine-drivers and firemen shall be guaranteed a minimum of eleven (11) shifts per fortnight, except in such fortnights when the public holidays (other than Sundays) referred to in clause 9 hereof, occur.

Provided that this guarantee shall not operate if its application should result in the displacement of any other worker in the Coal Mining Industry.

8.—Crib time for Firemen.

On day shift (Sundays, Pay Saturdays, and specified holidays excepted) the companies shall provide relief for firemen during crib time; the limit of such crib time shall be in conformity with the approved custom of the Collie Coalfields District. The period specified for such crib time shall be immediately after the other workers at the mine's specified crib time. The firemen relieved shall be responsible for the proper firing of the boilers.

9.—Sundays and Holidays.

(a) All work performed on Anniversary Day, Christmas Day, Good Friday, and Labour Day shall be paid for at the rate of double time, and all work performed on Sundays, Anzac Day, Easter Monday, Boxing Day, and New Year's Day shall be paid for at the rate of time and a half. (b) Any worker called upon to work on Sundays or holidays shall be paid a minimum of four (4) hours at overtime rates.

10.—Annual Holiday.

(a) Each worker shall be entitled to twelve (12) days' annual leave each year on full pay; or, should the period of continuous employment be less than one year, the worker shall be paid in proportion as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer, but shall in any event be taken within six (6) months after becoming due.

(b) The undermentioned days are to be observed as holidays—New Year's Day, Anniversary Day (26th January), Good Friday, Easter Monday, Anzac Day, Labour Day, Christmas Day, and Boxing Day.

(c) Holiday pay shall not accrue during a worker's absence from his employment for any cause, except when workers are stood down through shortage of work.

11.—Reduction of Hands.

In the event of a reduction of hands at a particular mine, the last worker employed in the particular class of work shall be the first to be dismissed, but this provision shall not apply to any worker dismissed for gross misconduct or refusal to obey lawful orders, or for incapacity, the proof of which, if disputed, shall lie upon the employer. If a worker has been shifted from one class of work to another, then his length of service for the purpose of determining seniority shall be deemed to date from the last time he signed on at the mine during his current period of employment.

12.—No Discrimination.

All workers engaged by the employer shall make application to become members of the applicant Union within three (3) weeks of their engagement.

The Union shall accept them as members: Provided that they are persons of good character and tender the entrance fees and subscriptions in accordance with the rules of the Union.

15.—Pay Day.

The wages shall be paid to all workers on every alternate Friday.

In witness whereof this Award has been signed by the Chairman of the Industrial Board this 26th day of May, 1939.
