2.—Area and Scope of Agreement.

This Agreement shall apply only to workers employed by the Company in and about the working and maintenance of the Midland Railway, and shall be binding upon the abovenamed parties and shall operate over the whole of the Midland Railway and the workshops used in connection therewith.

This shall include a van used to supplement the building accommodation, when such is not sufficient to accommodate the workers.

“Unattended barracks” means any van used as a barracks provided with the accommodation mentioned in the previous definition, and any building which, whilst provided with the accommodation mentioned therein, is wholly unattended.

“Wireman” is a worker engaged in installing electric light, meters, bells or telephones, or running wires for heating or power purposes, or repairing them.

4.—Workers Performing Higher Duties.

(a) A worker engaged for more than one-half ($\frac{1}{2}$) of one (1) day or shift on duties carrying a higher rate than his ordinary classification shall be paid the higher rate for such day or shift; if employed for one-half ($\frac{1}{2}$) or less than half ($\frac{1}{2}$) of one (1) day of shift, he shall be paid the higher rate for the time actually worked: Provided, however, that acting time of less than twenty (20) minutes in any one (1) day or shift shall not be counted.

(b) Should any worker be required to perform work in a lower grade, his wage shall not be reduced whilst employed in such capacity.

5.—Promotion.

(a) A worker promoted to a higher position, the minimum pay for which is less than he received in the position vacated, shall be paid his former rate.

(b) A junior worker, on attaining the age of twenty-one (21) years, provided he has passed the prescribed examinations, if any, shall be entitled to preference of employment as a senior in the branch in which he has been working, should a vacancy exist in such branch.

(c) Before any promotion to a vacancy is made other than by selection of the senior man, application for the vacancy shall, in the case of vacancies in the Workshops, be invited by notices posted on the recognised notice boards, and in respect of other vacancies, by notification by wire or circular: Provided that this sub-clause shall not apply in any case where it is necessary to fill a position without the delay involved by the calling of applications.

(d) In the case of promotion, the selection of a worker for the higher position shall be governed by the relative ability, suitability, record and experience. All other qualifications being equal, the senior man shall be selected. Where the senior man is not selected for the position, an appeal may be made by the worker aggrieved to the Company within seven (7) days of the time when such aggrieved worker shall receive notice of his application having been refused. Pending the hearing and determination of this appeal to the Company, the appointment made shall be considered as purely temporary, so that, in the event of the appeal succeeding, the senior worker may be appointed to the position.

(e) In the case of a married worker refusing promotion owing to lack of accommodation at the place where the vacancy exists, he shall not be penalised because of his refusal to accept such promotion. For the purpose of this clause “accommodation” shall be deemed to include the provision of a house which may be rented by such worker.

(f) After six (6) months' continuous service in a higher grade, a vacancy shall be deemed to exist in such grade, and it shall be filled subject to subclauses (c), (d), and (e): Provided, however, that this sub-clause shall not apply where the position filled was caused by sickness, accident, long service leave, or leave without pay, or holidays of any worker.

6.—Retirement.

(a) No worker after six (6) months' continuous service shall leave the Company until the expiration of fourteen (14) days' written notice of his intention so to do without the approval of the Company.

(b) Except in the case of summary dismissal for misconduct, fourteen (14) days' written notice shall be given by the Company to any such worker whose services are no longer required, and the reason for dismissal shall be stated in such notice.

7.—Absence from Duty.

(a) Any worker losing time through sickness or injury shall, as soon as possible, notify his foreman, or other officer in charge, in sufficient time to permit of arrangements being made for the performance of his duties. Any such worker who fails to do so shall be treated as absent without leave.

(b) Subject to the provisions of clause 8 (Payment for Sickness), any worker losing time through sickness or special leave shall be reduced in wages only to the extent of the time actually lost through sickness or granted as special leave.

8.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance, on the ground of personal ill-health, for one half ($\frac{1}{2}$) day for each completed month of service: Provided that payment for such absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) No worker shall be entitled to the benefit of this clause unless he produces proof to the satisfaction of the Company, or its representative, of sickness, but the Company shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(c) No payment will be made for any absence due to a worker's own fault, neglect, or misconduct.

9.—Holidays.

(a) Every worker shall, after twelve (12) months' continuous service, be entitled to two (2) weeks' leave on full pay each year, the whole of which shall, except by agreement between the Company and the Union to the contrary, be taken at one (1) time in each year; provided always that, with the consent of the Company, holidays may be allowed to accumulate for two (2) years.

(b) Workers shall be paid for holidays at their graded rates of pay when such holidays are taken: Provided that, if immediately before such holidays are taken, the worker is acting in higher capacity, and has been so acting for a period of not less than two (2) months continuously, the holidays shall be paid for at the rate applicable to such higher capacity position.

(c) Every worker, after one (1) month's continuous service, shall be entitled to the foregoing two (2) weeks' holiday in proportion as the length of service is to the full number of holidays for the twelve (12) months.

(d) No deduction shall be made from annual holidays for the period any worker is off duty through sickness, unless the absence exceeds three (3) calendar months.

(e) At depots and stations where it can be conveniently done, a roster shall be posted, showing the approximate dates on which each worker will go on his annual leave and resume duty. Such roster will be subject to alteration to meet the exigencies of the service: Provided always that, with the approval of the Head of the branch, any worker may change dates with another.

(f) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any holidays which may have been due up to the time of leaving the service: Provided always, that if the worker has been dismissed for peculation or theft, no claim for holidays shall be recognised. Misconduct herein referred to shall not affect accumulated holidays or payment therefor.

(g) Unless at his own request, no worker shall be booked off for a holiday at a foreign or at his temporary home station.

(h) If a worker is booked off for annual leave when away from his permanent home station, he shall be allowed travelling time to and from the place he is working at and such home station, the leave to count as starting and finishing at his permanent home station.

(i) When work is closed down over Christmas and New Year for the purpose of annual holidays, workers with less than a full year's holidays due will only be entitled to payment during such period for the number of days' holidays due to them.

(j) Workers in Midland Junction Workshops required for duty during Christmas holidays shall be given at least one (1) month's notice in writing of their services being required, unless such notice is waived by the worker.

(b) Apprentices shall be allowed to the following trades:—Blacksmith, coppersmith, electro-plater, electrical fitter, mechanical fitter, iron machinist, pattern-maker, turner, boilermaking, moulding and coremaking.

(c) After eighteen (18) months' service, all apprentice-blacksmiths shall be continuously employed at a fire, and be supplied with a striker.

(d) Notwithstanding anything elsewhere contained in this Agreement to the contrary, an apprentice required to live away from his home shall be paid a minimum of twenty-five shillings (25/-) per week. This provision shall not be affected by any district allowance provided for in this Agreement.

11.—No New Designation.

No new designation shall be introduced during the currency of this Agreement so as to reduce the status of any worker covered thereby.

12.—Under-rate Workers.

A worker who is unable to earn the minimum rate hereby prescribed may be employed at a lower rate, which shall be agreed upon in writing between the worker and the secretary of the worker's Union.

If within seven (7) days after being notified of the worker's desire to work at a lower rate of wage than that prescribed, the said secretary and the worker are unable to agree upon a lower rate, then the worker may apply in writing to the nearest Resident or Police Magistrate to fix such lower rate of wage. The worker shall give such secretary two (2) days' notice in writing of his intention to apply to the Magistrate, and the said secretary or his agent may attend and oppose the application. The Magistrate may fix the rate of wage, and his decision shall be final.

Any worker whose wage shall have been so fixed may work for and be employed by the Company for such wage for the period of six (6) calendar months thereafter, and, after the expiration of the said period, until fourteen (14) days' notice in writing shall have been given him by the secretary of the Union requiring his wage to be again fixed in the manner prescribed by this clause.

13.—Shop Stewards.

Subject to the recognition of properly constituted authority, shop stewards, to be appointed by the Union, shall be recognised by the Company.

14.—Hours of Duty.

(a) Forty-four (44) hours, exclusive of Sunday work, shall constitute a week's work. No day's work shall exceed eight (8) hours forty-eight (48) minutes. The week's work may extend over five (5) or six (6) days, at the option of the Company.

(b) Any worker brought on duty for any purpose outside his ordinary working hours shall be paid a minimum of two (2) hours, or at overtime rates, whichever is the greater: Provided such work, exclusive of meal time, is not continuous with his shift: And provided that the worker shall not be obliged to work for the two (2) hours, if the job for which he has been brought on has been completed in less time.

15.—Guaranteed Week.

(a) The Company shall guarantee to each worker, other than a casual, a full week's work, exclusive of Sunday work, except during such period as by reason of any action on the part of any section of its workers, or for any other cause beyond its control, it is unable wholly or partially to carry on the running of the trains or workshops; each week shall stand by itself.

(b) The guaranteed period may be reduced as follows:—

(i) In respect of any worker under suspension: Provided that any worker suspended on a charge which is not sustained shall be entitled to the benefit of the guarantee during the period of his suspension:

(ii) In respect of any day when, as a result of a vote taken by the workers concerned, with the consent of the Company, or by agreement between the Company and the Union, a holiday is taken:

17.—Shift Work.

(a) When shift work is required, all shifts, except day shift, shall be paid for at the rate of time and a quarter.

(c) Overtime on night shift shall be calculated on the basis of the rate paid for night shift.

(d) For the purpose of this clause, day shift shall be construed to mean the ordinary working shift ending at or before 6 p.m. on Mondays to Fridays and 1 p.m. on Saturdays.

18.—Away-from-home and Meal Allowances.

20.—Workers in Breakdown Gangs.

Workers in breakdown gangs shall, in lieu of away-from-home allowance and travelling time, be provided with board and sleeping accommodation, and shall be paid from the time they leave until they return to

(d) The following provisions shall apply to the Boards referred to in subclauses (a) and (b) hereof:—

- (i) Each of the Boards shall be deemed to be a Board of Reference appointed pursuant to section 87 of the Act;
- (ii) The same person may be appointed to act as chairman or member of any one (1) or more or all of the Boards;
- (iii) Should any dispute arise as to the right of any person to act as a member of the Board, it shall be determined by the Court;
- (iv) If the Company or Union or group of Unions entitled to appoint a representative on the Board neglects or refuses, on being notified by the Court so to do, the Court may appoint some person to act as such representative;

- (vi) The presence of the chairman and at least one (1) member shall be necessary for the transaction of business;

- (viii) The chairman shall call all meetings of the Board and fix the time and place for each meeting;
- (ix) The Board shall determine its own procedure from time to time;
- (x) The Company has agreed to direct some of its staff to perform any clerical work necessary.

(e) The Board shall orally examine each applicant who appears before it, but, if required by the Board, the candidate shall submit himself to a written examination.

The Board shall select the required number from those whom it considers the most suitable, and place them in order for engagement.

(f) As vacancies for apprentices occur, the selected applicants shall be called up in the order in which they have been placed by the Board.

(g) The employment of any selected candidate will be subject to his furnishing satisfactory proof of age and passing the Company's medical examination, the cost of which, not to exceed five shillings (5s.), shall be borne by the applicant.

2. (a) An apprentice shall serve a probationary period of three (3) months. At the end of the first and third months, the foreman in charge shall report as to the probationer's suitability or otherwise, and at the end of the third month, if mutually agreed upon by the Company and the legal guardian of the boy, he shall be indentured for five (5) years, the probationary period to form part of the term of apprenticeship: provided, however, that this term may be reduced in special circumstances, with the approval of the Court.

(b) An apprentice taken on probation shall, within fourteen (14) days thereafter, be registered by the Company by means of notice thereof to the Registrar in the form prescribed.

(c) The Court may, in any case where it seems expedient to do so, order that the probationary period be extended for a further term not exceeding three (3) months.

(d) A probationer shall work for such hours per day and for such remuneration as is prescribed by the Agreement applicable to the trade or calling to which he is to be apprenticed.

3. Every agreement of apprenticeship shall be subject to the provisions of the Agreement in force for the time being applicable to apprenticeship in the industry.

4. (a) :—

(i) Every apprentice shall attend regularly and punctually a Government or other approved technical school, vocational classes, or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: provided, however, that attendance shall not be compulsory when the apprentice is stationed outside a radius of twelve (12) miles from the place where the instruction is given, or, in the case of illness of the apprentice, the proof whereof lies on him.

(ii) The fees for the classes attended by the apprentice, or the cost of providing same, shall be paid by the Company.

(iii) The period during which apprentices are to attend such technical school or classes shall be:—as to apprentices in their first, second and third years—three (3) hours per week: and as to apprentices in their fourth and fifth years—four (4) hours per week.

(b) The Company shall request the Director of Education at the beginning of each year to draw up a syllabus showing the course for the various classes for the year. Such syllabus shall, where possible, include theory as applied to the trade, craft, occupation, or calling to which the apprentices are indentured. A copy of such syllabus shall be furnished to each Union concerned, and shall be subject to review by the Court of Arbitration.

(c) Once in each year a report shall be furnished by the foreman and the teacher of the apprentice at the technical school, to the Company in which the apprentice is employed, on the attendance, conduct, attention, aptitude, and progress of each apprentice, and upon any other matter calling for attention.

(d) An apprentice joining after the third term has commenced shall not sit for that year's annual examination, but shall commence his technical education when the school reopens after the Christmas vacation.

(e) Every apprentice shall be bound to submit himself to examination at the place and time fixed by the Director of Technical Education.

(f) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certi-

ficate that he has made at least seventy per centum (70%) of attendances at the technical school or other place of instruction, unless he is exempted from such attendance under the provisions hereof, or for other good cause.

(g) If the Company or the Industrial Union concerned make representations to the Court that the facilities provided by the technical school or other place of vocational training for the teaching of apprentices are inadequate, the Court may make such investigations and such report to the Minister controlling such technical school, or such other place, as it deems necessary.

(h) The Company shall, when necessary, notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(i) The Company shall place at the disposal of the examiners such material and machinery on its premises as may be required by them and shall in all ways facilitate the conduct of the examination.

(j) For the purpose of the examination in the practical work of the trade, the examiners shall be persons skilled in the trade. There shall be two examiners for each trade, one to be appointed by the Company and the other by the Union or Unions concerned. Failing provision for appointment as aforesaid, the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners, the matters in dispute shall be referred to a third person, agreed to by them or nominated by the Court or the President, at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(k) It shall be the duty of the examiners to examine the work, require the production of the Certificate of Attendance, inquire into the diligence of each apprentice, and submit a report to the Company in writing as to the result of the examination within one (1) month from the date of the holding of the examination, but this period may be extended by the Court.

(l) Such examination shall, where necessary, include theory and practice as applied to the trade, industry, craft, occupation or calling to which the apprentice is indentured: provided, however, that separate examinations conducted by different examiners may be held in—
(i) practical work, and (ii) theory.

(m) The Company shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. When the final examination has been passed, the certificate shall also be signed by the examiners, and the apprenticeship agreement duly endorsed.

(n) Whenever it is possible so to do, the examiners shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court, and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Clerk of the Court thereof.

(o) Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work, or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these provisions as relate to attendance at a technical school, or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

(p) The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiner or examiners to make any necessary recommendation to the Court and the Company. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

(q) Upon the failure of an apprentice to pass two (2) consecutive examinations, it shall be the duty of the examiner or examiners to report same to the Court and the Company, with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (e.g., increased time for technical instruction) as he may deem advisable. The Court,

after notice to all parties concerned, may cancel the agreement, or make such other order as it may deem necessary.

(r) A certificate shall be issued to each apprentice, showing the percentage of marks obtained in each subject for which he sat at the annual technical examination, with remarks from the Head of the Branch as to the manner in which he has carried out his practical work during the preceding year.

(s) The Company shall submit a report to the Court in writing, accompanied by the examiners' reports, as to the result of the annual examination or examinations, within three (3) months of the date thereof.

(t) Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and, upon passing this test, shall be provided with a certificate to that effect.

5. The apprentice shall be placed under the supervision of some tradesman, or leading hand, who will teach and instruct or cause the apprentice to be taught and instructed, in his trade or craft.

6. Time lost in any one (1) year, except as hereinafter provided, shall be without pay, and shall be made up at the conclusion of each separate period of twelve (12) months at the rate fixed for the period during which such time was lost, and the increased rate of wages shall not apply until such lost time (if any) has been fully made up: provided that this clause shall not apply to—

(i) time absent attending compulsory naval or military training, other than time imposed through failure to become efficient, or while undergoing confinement for an offence under the Defence Act;

(ii) time lost due to accidents on duty up to a maximum of four (4) weeks in any one year;

(iii) time lost through holidays prescribed by this Agreement;

(iv) time lost by duly certified sickness not due to the apprentice's own misconduct, or wilful default, up to a maximum of four (4) weeks in any one year;

(v) time occupied attending technical classes as prescribed during ordinary working hours.

7. When work is closed down over Christmas and New Year for the purpose of annual holidays, apprentices in their first year, with less than a full year's holidays due, will only be entitled to payment during such period of absence for the number of days holidays due to them, calculated under the provisions of the Industrial Agreement applicable.

8. The Company shall pay the apprentice in respect of time lost through compulsory naval or military training (other than the additional training mentioned in clause 6, subclause (i) above), the amount by which the wages prescribed by this Agreement exceeds the amount received by the apprentice from the Department of Defence.

9. Where time lost through sickness exceeds four (4) consecutive working days, the Company may demand from the apprentice the production of a medical certificate, and a further such certificate or certificates may be required, if any time is lost through sickness, within seven (7) days from the date of resumption of duty, the cost, if any, of such certificate or certificates, not exceeding five shillings (5s.), to be borne by the Company.

10. No minor shall (except as a junior worker under the provisions of this Agreement) be employed or engaged in the industry, except subject to the conditions of apprenticeship or probationership herein contained.

11. The Company shall be deemed to undertake the duty which it agrees to perform as a duty enforceable under this Agreement.

12. (a) The apprenticeship agreement shall be completed within one (1) month of the end of the probationary period.

(b) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the Head of the Branch, on behalf of the Company, the legal guardian of the apprentice, the apprentice and the Registrar. The Company, guardian or apprentice

shall not enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(c) There shall be three (3) copies of each agreement, of which one (1) shall be held by the Company, the legal guardian of the apprentice, and the Registrar.

13. Every agreement of apprenticeship entered into shall contain:—

- (i) the names and addresses of the parties to the Agreement;
- (ii) the date of birth of the apprentice;
- (iii) a description of the trade, industry, craft, occupation or calling, or combination thereof, to which the apprentice is to be bound;
- (iv) the date at which the apprenticeship is to commence, and the period thereof;
- (v) a condition requiring the apprentice to obey all reasonable directions of the employer, and requiring the employer and apprentice to comply with the terms of the relative industrial Agreement or Award, so far as they concern the apprentice;
- (vi) a condition that technical instruction of the apprentice when available shall be at the employer's expense, and in the employer's time, except in places where such instruction is given after the ordinary working hours;
- (vii) a condition that in the event of the apprentice in the opinion of the examiners not progressing satisfactorily, increased time for technical instruction shall be allowed, at the employer's expense, to enable such apprentice to reach the necessary standard;
- (viii) the general conditions of apprenticeship;
- (ix) a provision that it may be cancelled by mutual consent by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

14. The Court shall have power to transfer an apprentice from one employer to another, either temporarily or permanently.

15. (a) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate, and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two (2) months of the date on which the transfer is effected.

(b) One (1) copy each of the form of transfer shall be held by the late employer, the new employer, the legal guardian of the apprentice, and the Registrar.

16. Should the Company at any time before the termination of the period of apprenticeship wish to dispense with the services of the apprentice, it may, with the consent of the apprentice and guardian, transfer him to another employer carrying on business within a reasonable distance of the home station of the apprentice, who is willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its agreement, or otherwise, according to the total length of time served, and generally to perform the obligations of the Company.

17. In the event of the Company being unable to provide work for the apprentice, or to agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer, or to have such agreement cancelled.

18. The Company shall be relieved of its obligation under the apprenticeship Agreement during such period as by reason of any action on the part of any section of its workers, or for any other cause beyond its control, it is unable wholly or partially to carry on the running of the trains or workshops.

19. The Company shall keep every apprentice constantly at work, and teach or cause him to be taught the industries, crafts, occupations, or callings in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give him a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade and general instruction and train-

ing as may be necessary, and every apprentice shall, during the period of his apprenticeship, faithfully serve the Company for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to teaching that may be provided by the Company.

20. The number of apprentices shall not exceed the proportion of one (1) to every two (2) or fraction of the first two (2) journeymen employed: provided, however, that this provision shall not be applied so as to permit of such proportion being exceeded in any particular place.

21. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve (12) months immediately preceding such time shall be deemed to be the number of journeymen employed.

22. On the transfer or termination of any apprenticeship agreement from whatever cause, the Company shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Clerk of the Court and the cause thereof.

23. No apprentice employed under a registered agreement shall be discharged by the Company for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court, on the application of the Company: provided, however, that an apprentice may be suspended for misconduct by the Company with loss of pay during such suspension. If, however, the Company is of the opinion that the misconduct is such as to warrant dismissal, it shall forthwith make an application for cancellation of the agreement of apprenticeship, and, in the event of the Court refusing same, the wages of the apprentice, or such portion thereof as the Court may order, shall be paid as from the date of such suspension, and in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

24. The word "apprentice," wherever used herein, means any male of any age who is apprenticed to learn, or to be taught, any industry, craft, trade, or calling to which this agreement applies and includes an apprentice on probation.

25. (a) The Company shall not refuse employment to any person, or dismiss any worker from its employment, or injure him in his employment, or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee or Board, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(b) In any proceeding for any contravention of this regulation, it shall lie upon the Company to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment, or prejudiced whilst acting as such member, was refused employment or dismissed, or injured in his employment, or prejudiced for some reason other than that mentioned in this regulation.

26. The Registrar shall prepare and keep a roll of apprentices containing:—

- (a) a record of all apprentices and probationers placed with the Company;
- (b) a record of the progress of each apprentice recording the result of the examiners' reports.

27. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1935, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed, or could be employed, interview any apprentice or worker, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the abovementioned matters,
