WEST KIMBERLEY MINERAL FIELD.

Mineral Claim.

26—Peninsula Copper Mining Company, Limited; 641-3 Wellington street, Perth; non-payment of rent and no Miner's Right.

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

(No. 173 of 1941; File 10,890.)

In the matter of the Industrial Arbitration Act, 1912-1935, and in the matter of a dispute between the Metropolitan Superphosphate and Chemical Works Industrial Union of Workers, Applicant, and Cum-ling Smith and Mt. Lyell Farmers' Fertilisers, Limited, and Cresco Fertilisers (W.A.), Limited, Respondents.

A DISPUTE has arisen between the abovenamed parties as to payment of a special disability allowance to workers engaged in connection with the actual handling of the new type of rock now being imported for the purpose of the manufacture of chemical manures. The union claims, on behalf of its workers, the sum of five shillings (5s.) per day whilst engaged in this class of work. This special allowance appears to be founded upon an allowance recently awarded by an Industrial Board to waterside workers on the Fremantle wharves when handling this rock from the ship into trucks. There is, however, a very great difference between waterside workers and workers in this industry. The former may be termed "permanent casual workers," whilst the workers in the Chemical Works may be looked upon, for purposes of industrial regulation, as permanent employees. Then, again, the waterside workers are engaged under a Federal Award, the basic wage for which is considerably less than the basic wage ruling under the Awards of this Court. It must also be specially noted that every worker in this industry has as a commencement, no matter what department he is employed in, a disability allowance peculiar to the industry of ninepence (9d.) per day or four shillings and sixpence (4s. 6d.) per week, which is included as part of the margin for his work. This special allowance was granted prior to the reduction of hours from 48 to 44, but has been retained in view of the disagreeable nature associated with the work generally. In addition to this special allowance there are some further special allowances granted in the Award in force, and amongst these is an allowance of two shillings and sixpence (2s. 6d.) extra per day for cleaning sulphur burners and other work of an extra specially disagreeable nature. I have seen these men at work, and whilst I have no doubt whatsoever as to the disagreeable nature of the work being performed, on the evidence before me I am of opinion that an amount of two shillings and sixpence (2s. 6d.) per day whilst engaged in this class of work will be sufficient addition to the ordinary wage. This allowance will apply to the men in the trucks, the men on the crane, men on the winch, or the men on the belt, who are all actually engaged working in the dust created by the rock.

Cherry and Company (hereinafter called "the employers"), and in the matter of an Application by the Union for the cancellation of the said Industrial Agreement.

UPON hearing Mr. T. McNee, on behalf of the union, and Mr. G. F. Gill, on behalf of the employers, and by consent, and being satisfied that the requirements of the Act and the regulations made thereunder have been complied with, the Court doth hereby order that Industrial Agreement dated the 12th day of October, 1920, and registered No. 55 of 1920, which Agreement was declared to be a Common Rule on the 6th day of December, 1920, be and the same is hereby cancelled.
