HAVING heard Mr. S. F. Schnaars on behalf of the abovenamed union, and Mr. H. C. Rudderham on behalf of the respondents, and by consent, the Court doth hereby order and declare that Award numbered 30 of 1941 made between the abovenamed parties is hereby amended so as to read as follows:—

(b) The hours per week may be worked on any day of the week at the discretion of the employers, and during the continuance of the present system of shifts shall be worked as under:—

Coxswains, engineers and drivers:—Day shift, 7 a.m. to 3 p.m.; afternoon shift, 3 p.m. to 11 p.m.; night shift, 11 p.m. to 7 a.m.

Signalman:—Day shift, 8 a.m. to 4 p.m.; afternoon shift, 4 p.m. to midnight; night shift, midnight to 8 a.m.

(c) For the purpose of this Award, the week's work will be deemed to commence at 3 p.m. each Sunday for the coxswains, engineers and drivers and 4 p.m. each Sunday for the signalmen and to conclude at 3 p.m. and 4 p.m. respectively on the following Sunday. The weekly change of shifts shall take place at the completion of the day shift on Sundays when the watch which finished night shift that morning shall resume on the afternoon shift that day and shall, in turn, be relieved by the watch which performed the day shift that day: Provided that the extra shift thus worked on Sundays to enable the rotation of shifts shall not be regarded as overtime but as part of the ensuing week's ordinary work; provided further that the present arrangement of shifts to which this paragraph is solely related may be altered by agreement between the parties.

(d) Employees shall be allowed to relieve one another to suit their convenience to catch trains or trams, so long as the full shift is maintained at all times.

#### 9.—Long Service Leave.

Employees shall be granted three months' long service leave after each seven years' service, but periods of absence on long service leave shall not count as service qualifying towards the next grant of such leave.

#### 10.—Sick Leave.

(a) An employee who is incapacitated through sickness or injury other than that arising out of or in the course of his employment may be granted sick leave with pay for a period of or periods not exceeding in the aggregate one month in any year, upon production within 48 hours of the commencement of any such period of absence of a medical certificate as to his incapacity.

(b) Where such incapacity arises through the wilful act or misconduct of the employee, or where a medical certificate is not furnished as required, or where the employee has already had sick leave with pay for a period of or periods aggregating one month during the preceding 12 months, the employee shall not be entitled to any pay for the period he is absent from duty.

(c) Upon the period of absence in any instance exceeding one month, or in the case of paragraph (b) hereof, immediately an employee absents himself, the contract of service shall be deemed to have been terminated without requiring further notice by the employers, who shall thereby be relieved of any further obligation to the employee: Provided that any such period of incapacity may at the discretion of the employers be regarded as leave without pay.

(a) Margin over basic wage—£2 5s. 1d. per week.

(b) Wages shall be payable weekly.

#### 14.—Overtime.

Overtime shall mean and include all time worked in excess of eight (8) hours on any week day or four (4) hours on Saturday, and shall be paid for at the rate of time and a-half per hour.

#### 15.—Contract of Service.

Engagement shall be on a weekly basis, and one week's notice shall be given on either side to terminate the engagement: Provided that an employee may be instantly suspended or dismissed without notice for insobriety, misconduct, or neglect of duty.

17.—Sickness or Accident arising out of duty.

(a) An employee who, while on duty or acting under the instructions of the employer, receives an injury arising out of, or in the course of his employment, or contracts an illness due to the nature of and attributable to such employment and is thereby incapacitated from duty in circumstances which entitle him to the benefits prescribed under the Workers' Compensation Act, 1912-1941, shall be entitled to receive in addition to such benefits, a weekly sum equal to the difference between the compensation provided for under that Act and the wages prescribed in this Award, from the date of the commencement of his said incapacity up to and including the date of his recovery as certified by his medical attendant: Provided that the employers' liability hereunder shall in no case exceed three calendar months in respect of each separate injury or illness.

(b) All amounts payable under this clause shall be paid in the manner provided for the payment of wages.

18.—Uniforms.

The employers shall provide all employees with uniforms, free of cost, after each eight months' continuous service, an oilskin coat and sou'wester each year, and to coxswains and signahnen only a great coat every four years. Uniforms shall belong to the employers and shall be worn by employees when on duty. Should the service of any employee terminate within one month from the date of issue of uniforms or any portion of them, all the issue last made to that employee shall be returned to the employers before the employee shall be entitled to be paid any moneys which may be due to him.

19.—Board of Reference.

Should any dispute arise between an employee and the employers, the service concerned shall be continued without any cessation and the matter referred to a Board of Reference, consisting of two representatives each of the employees and employers and a chairman, to be mutually agreed upon by those representatives; failing their agreement the Registrar of the Court of Arbitration shall act as Chairman.

## IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

(No. 91 of 1944.)

Between Hospital Employees Industrial Union of Workers, W.A., Coastal Branch, Applicant, and The Perth Hospital, Respondent.

Matter referred into Court by the Hon. President following upon compulsory conference.

Thursday, the 13th day of July, 1944.

*Reserved Decision.*

The PRESIDENT: This is a matter referred into Court for decision following a compulsory conference between the parties. The point in dispute was whether the head orderly and the deputy head orderlies employed at the Perth Public Hospital should receive any, and if so what, remuneration because of certain clerical work included in their duties and in particular in the duties of the deputy head orderlies. From the evidence it is clear that the head orderly is occupied for a short period of his time in filling in application forms for admission and associated particulars and the deputy head orderlies for a much greater portion of their time are occupied in doing similar work. During the ordinary times of day work these duties are usually carried out by an officer now termed a "casualty clerk" and this officer also checks over all the admission particulars filled in on the forms by the head orderlies and completes the forms, thus acting in a supervisory capacity so far as this clerical work is concerned.

In consequence of regulations made under the National Security Act, before there may be any change in remuneration it is necessary for the Court to arrive at the conclusion that an anomaly exists. After a full consideration the Court is satisfied that though this clerical work is not of very great importance and is supervised, nevertheless it is of such a nature as, when the remuneration of the head orderlies and clerical workers is compared, to be sufficient to constitute an anomaly. The question then remains of what additional remuneration should be paid to the orderly officers for the purpose of ironing out this anomaly. After a full consideration of all the evidence it has been decided that an allowance of 5s. per week to the head orderly and to each of the deputy head orderlies would be sufficient for this purpose.

The following clause will therefore be added as an amendment to the agreement now in existence (No. 21 of 1936)—

(a) The head orderly and the deputy head orderlies at the Perth Hospital whilst required as part of the duties of his or their office to fill in particulars in admission cards and other associated clerical work connected with admissions shall be entitled to an allowance in each case of 5s. per week.

(b) The above provision shall be read as part of and be co-terminous with Industrial Agreement No. 21 of 1936.

This decision will be forwarded to the Minister of State for Labour and National Service for approval as required by National Security Regulations.

Mr. TRAINER: I agree.

Mr. THOMAS: I agree.

Decision accordingly.

The approval of the Honourable the Minister of State for Labour and National Service under regulation 17 (1) (b) of the National Security (Economic Organization) Regulations was given to the above determination, on the 24th day of July, 1944.

## IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

(No. 92 of 1944.)

Between Federated Moulders (Metals) Union of Workers, Perth, Applicant, and Tomlinson & Company, Ltd., Respondent.

Matter referred into Court by the Hon. President following upon compulsory conference.

Monday, the 7th day of August, 1944.

*Reserved Decision.*

The PRESIDENT: This is a matter that has been referred into Court following on a compulsory conference between the parties. There was one matter in dispute, and that was whether the use of a "Horn" runner in connection with plate moulding was such as to bring that moulding within the definition of jobbing moulding as contained in the Award so that the worker, or workers, engaged in that act of moulding would be entitled to the margin paid to the jobbing moulder. Another question was introduced, that of the use of the loose "risers," but in order that there may be no mistake in regard to that, I want to say here and now that the union representative agreed that the use of "risers" was not such as would entitle his men to be paid under the jobbing moulders' margin.

The question of the "Horn" runner, however, is of a different nature and I thought at the time, and as a fact still think, that it would be a rather difficult matter to bring the use of that particular aid to moulding within the definition of jobbing moulding, nevertheless it was conceded between the parties that the matter should be left to be decided on what was the practice in the Eastern States. That is not surprising in these days when so much is made of the question of anomaly in other matters referred to the Court.

There is really no difference between the parties that, generally speaking, when these "Horn" runners are used the moulders making use of them as an aid are in the Eastern States paid the wage rates for jobbing moulding, and that being the case I am of opinion that the men engaged at Tomlinson's making use of the same assistance, that is the "Horn" runner, should also be paid as jobbing moulders. I want, however, to add this limitation, that whilst that is the decision of the Court on the Award as it now stands, and on the work as it is now being done, I do not say it should be looked upon as a precedent or should be regarded as a binding permanent decision. In case the Award comes for a full review before the Court of Arbitration at any future time the whole matter should be argued out from the beginning from the standpoint that the use of the "Horn" runner, or similar aid may occupy, perhaps, some intermediate position between jobbing moulding and plate machine moulding.

Mr. TRAINER: In view of the fact that the parties before the Court agree that the jobbing moulders' rate is being paid in the Eastern States in regard to this class of work, I agree with the decision.

Mr. THOMAS: I agree with the remarks of the President in this case. I certainly do not think that the "Horn" runner comes within the definition of jobbing moulding as specified in the Award, but we are faced with the fact on the information supplied with regard to the practice in the Eastern States, that in a large number of cases this work is being done by jobbing moulders or paid for at their rate.

Decision accordingly.
