ROYAL COMMISSION

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, over the State of Western Australia
Lieutenant-Governor. and its Dependencies in the Common-
[L.S.] wealth of Australia.

To Leslie William Stotter, Esquire,
Resident Magistrate,
Kalgoorlie.

GREETING:

KNOW Ye that I the said Lieutenant-Governor acting with the advice and consent of the Executive Council do hereby appoint you Leslie William Stotter, Resident Magistrate of Kalgoorlie, to be a Commissioner generally to inquire into and report upon the following, that is to say—To inquire into and ascertain the names, addresses and descriptions of the next-of-kin of Leslie Adamson formerly of 42 Park street, Kalgoorlie, but late of the s.s. "Meropi," Fireman, deceased, who died through enemy action on 15th February, 1942.

And I declare that you shall, by virtue of this Commission, be a Royal Commission within the Royal Commissioners' Powers Act, 1902, as reprinted in the Appendix to the Sessional Volume of the Statutes for the year 1928 and that you shall have the powers of a Royal Commission or the Chairman thereof under that Act.

And I hereby request you as soon as reasonably may be to report to me in writing the result of this your Commission.

Given under my hand and the Public Seal of the said State at Perth, this 7th day of June, One thousand nine hundred and forty-five.

By His Excellency's Command.

(Sgd.) J. WILLCOCK, Premier.

The Fisheries Act, 1905-1940.

PROCLAMATION

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, over the State of Western Australia
Lieutenant-Governor. and its Dependencies in the Common-
[L.S.] wealth of Australia.

File No. 658/39.

WHEREAS by section 10 of the Fisheries Act, 1905-1940, it is provided that the Governor may, by Proclamation, prohibit all persons from taking any fish

whatsoever in every or any specified portion of Western Australian waters, by means of fishing nets and fishing lines, or either of such means of capture, or by any other specified means of capture, for any specified term: Now, therefore I, the said Lieutenant-Governor, by and with the advice and consent of the Executive Council, do hereby, in exercise of the powers aforesaid and of every other power enabling me in this behalf, proclaim and declare as follows:—That all those portions of Western Australian waters defined in the Schedule hereto shall be closed against the use of fishing nets as from June 1, 1945, until May 31, 1948, inclusive.

Schedule.

That portion of the waters of King George Sound, Albany, extending from the shore end of Middleton Beach jetty to a point on the foreshore at the intersection of the elongation of Beach street and enclosed by a line extending seawards for a quarter of a mile and thence in a southerly direction to the northern extremity of Middleton Beach jetty.

Given under my hand and the Public Seal of the said State, at Perth, this 7th day of June, 1945.

By His Excellency's Command,

W. H. KITSON, for Minister for the North-West.

GOD SAVE THE KING ! ! !

PROCLAMATION

(under 60 Vict., No. 22, Sec. 6)

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, over the State of Western Australia
Lieutenant-Governor. and its Dependencies in the Common-
[L.S.] wealth of Australia.

Corr. No. 904/43.

WHEREAS by the Transfer of Land Act, 1893, Amendment Act, 1896, (60 Vict., No. 22), the Governor is empowered by Proclamation in the *Government Gazette* to vest in His Majesty as of his former estate all or any lands, whereof His Majesty may become the registered proprietor; and whereas His Majesty is now the registered proprietor of part of Canning Location 382 and being part of lot 5, registered in the Office of Titles in Volume 1082, Folio 352: Now, therefore I, the said

Lieutenant-Governor, with the advice and consent of the Executive Council, do by this Proclamation revest in His Majesty, his heirs and successors, part of Canning Location 382 and being part of Lot 5 aforesaid as of his former estate. The Proclamation in respect to the said land appearing on page 435 of the *Government Gazette* of 2nd June, 1944, is hereby cancelled.

Given under my hand and the Public Seal of the said State, at Perth, this 7th day of June, 1945.

Lieutenant-Governor. } and its Dependencies in the Common-
[L.S.] } wealth of Australia.

File No. 41/45.

WHEREAS it is provided by the Game Act, 1912-1913, that the Governor may, by Proclamation, declare from time to time that any bird or animal indigenous to Western Australia shall be at all times strictly preserved either generally throughout the State or in any one or more portions thereof: Now, therefore I, the said Lieutenant-Governor, with the advice and consent of the Executive Council, in exercise of the power aforesaid, do hereby declare that the Silver Gull (*Larus novaehollandiae*) shall be at all times strictly preserved generally throughout the State from the date of publication of this Proclamation in the *Government Gazette*.

Given under my hand and the Public Seal of the said State, at Perth, this 7th day of June, 1945.

By His Excellency's Command,

W. H. KITSON, for Minister for the North-West.

GOD SAVE THE KING !!!

AT a meeting of the Executive Council held in the Executive Council Chambers at Perth this 7th day of June, 1945, the following Orders in Council were authorised to be issued:—

Workers' Compensation Act, 1912-1944.

ORDER IN COUNCIL.

WHEREAS it is enacted by section 10 of the Workers' Compensation Act, 1912-1944, that it shall be obligatory for every employer or group of employers to obtain from an incorporated insurance office, approved by the Minister, a policy of insurance for the full amount of the liability to pay compensation under this Act to all workers employed by him or them, but that if an employer or group of employers proves to the satisfaction of the Minister that such employer or group of employers has established a fund for insurance against such liability and has deposited at the Treasury securities charged with all payments to become due under such liability, the Governor may by Order in Council exempt such employer or group of employers from the operation of this section; and whereas Ernest Alexander Buckingham, of Claisebrook road, East

Perth, and James Thomas Buckingham, of Serpentine, carrying on business together in partnership under the registered firm name of "Buckingham Brothers" at Claisebrook road, East Perth, and at Serpentine, in this State, as sawmillers and timber merchants, are an employer or a group of employers within the meaning of the said Act, and as such are subject to the provisions of section 10 of the said Act, and have, in accordance with the regulations, made application for exemption from the operation of the said section; and whereas they have proved to the satisfaction of the Minister that as such employer or group of employers they have established a fund for insurance against the liability mentioned in the said section and have deposited securities, to wit, a certificate of fixed deposit account for five thousand pounds (£5,000) at the Union Bank of Australia, Limited, at Perth, in the name of the Honourable the Treasurer, Government of Western Australia, at the Treasury, charged with all payments to become due by them under the liability aforesaid: Now, therefore, His Excellency the Lieutenant-Governor, acting with the advice and consent of the Executive Council and in exercise of the power conferred upon him by the said Act, doth hereby exempt the said Ernest Alexander Buckingham and the said James Thomas Buckingham, carrying on business as aforesaid under the registered firm name of Buckingham Brothers, from the operation of section 10 of the Workers' Compensation Act, 1912-1944, for the period commencing as from the 1st day of June, 1945, and ending on the 1st day of June, 1947.

R. H. DOIG, Acting Clerk of the Executive Council.

Water Boards Act, 1904-1942.

Moora Water Area.

ORDER IN COUNCIL.

WHEREAS by the Water Boards Act, 1904-1942, the Governor is empowered by Order in Council to alter or extend the boundaries of a Water Area: Now, therefore, His Excellency the Lieutenant-Governor by and with the advice and consent of the Executive Council doth hereby extend the boundaries of the Moora Water Area in accordance with the Schedule hereto.

This Order in Council shall take effect on the 7th day of June, 1945.

Schedule.

All that area of land bounded by a line commencing at a point on the existing water area boundary on the western corner of lot 16 of Melbourne Location 908 and proceeding in a south-easterly direction along the south-western boundary of the said lot 16 to its most southern corner; thence north-easterly along the south-eastern boundary of the said lot 16 and easterly and northerly along the south and east boundaries of lot 18 of Melbourne Location 908, respectively; thence, crossing a road, to and along the east boundary of lot 26 to the south boundary of Berkshire Valley road; thence south-westerly along the northern boundaries of lots 26 and 27 of Melbourne Location 908 and across Barber street to the north-eastern corner of lot 242 of Melbourne Location 908; thence, following the existing boundary of the water area in a general southerly direction to the point of commencement, all as shown bordered red on Plan P.W.D., W.A. 30321, portion of the existing water area being shown thereon bordered blue.

R. H. DOIG, Acting Clerk of the Council.

The Road Districts Act, 1919-1943.

Wyndham Road District—Election of Members.

ORDER IN COUNCIL.

P.W. 831/44.

WHEREAS the Lieutenant-Governor, acting under the power conferred by section 30 of The Road Districts Act, 1919-1943 by an order in council published in the *Government Gazette* of the 29th September, 1944, appointed a Commissioner of the Wyndham Road District; and whereas it is enacted by section 32 of the said Act that, whilst a Commissioner is in office for any District, the Governor may, whenever he thinks fit, by Order in Council, appoint a

day for holding an election of members for the return of the whole number of members assigned to the District; and whereas it is deemed expedient to hold an election for the return of the whole number of members as already assigned to the said Wyndham Road District: Now, therefore, His Excellency the Lieutenant-Governor, acting by and with the advice and consent of the Executive Council and in exercise of the power conferred by the said Act, doth hereby appoint the 14th day of July, 1945, for holding an election for the return of the whole number of members assigned to the said Wyndham Road District.

Approved by His Excellency the Lieutenant-Governor in Executive Council this 7th day of June, 1945.

R. H. DOIG, Acting Clerk of the Council.

Stock Diseases Act, 1895.

ORDER IN COUNCIL.

WHEREAS it is enacted by section 5 of the Stock Diseases Act, 1895, that the Governor may from time to time by Order in Council to be published in the *Government Gazette* inter alia prohibit the introduction or importation into the State either by sea or land of any stock from any country or place; and whereas the Governor acting pursuant to the said section made and issued an Order in Council which was published in the *Government Gazette* on the 22nd January, 1943, whereby the introduction or importation into the State of Western Australia either by land or sea or air and either directly or indirectly through any other State of any live swine or any portion of the carcase of any swine from the State of New South Wales was prohibited until such time as the said Order in Council shall be revoked by a subsequent Order in Council; And whereas it is now deemed desirable and expedient to revoke such Order in Council aforesaid: Now therefore His Excellency the Lieutenant-Governor acting with the advice and consent of the Executive Council and in exercise of the powers conferred by the said Act doth hereby revoke as from the date of the publication of this present Order in Council in the *Government Gazette* the first hereinbefore mentioned Order in Council as made and issued under section 5 of the Stock Diseases Act, 1895, and published in the *Government Gazette* on the 22nd day of January, 1943, as aforesaid.

1. Rules 93 to 115, both inclusive, are deleted and new Rules to stand as Rules 93 to 112, both inclusive, are inserted in lieu thereof as follows:—

93. The wife being the petitioner in the cause may apply for alimony pending suit at any time after the citation has been duly served on the husband, or after an order has been made dispensing with such service provided the fact of the marriage between the parties is established by affidavit previously filed.

94. The wife being the respondent in the cause, after having entered an appearance may make application for alimony pending suit,

95. Applications for alimony pending suit shall be made to the Registrar on summons supported by affidavit and a copy of the summons and of all affidavits shall be served on the husband or his solicitor.

96. The affidavit in support of the summons shall state the facts on which the applicant relies and the applicant's property and income.

97. The husband shall within seven days after the service of the summons for alimony pending suit file his affidavit in answer setting out his property and income and other matter relied upon and shall on the day of filing the same serve a copy thereof on the wife or her solicitor.

98. It shall not be necessary for a husband being the respondent in a cause to enter an appearance before filing an affidavit in answer to an application for alimony pending suit.

99. No further affidavits shall be filed by either party without the leave of the Registrar: Provided however that if the wife is alleged by the husband's affidavit in answer to have separate property or income of her own she may within four days from the day of service thereof file an affidavit in reply.

100. When the affidavits are complete or if no affidavit in answer is filed by the husband, at the expiration of the time allowed for filing the same, the wife may bring the matter on for hearing before the Registrar who on application shall fix an appointment for that purpose.

101. A wife who has obtained a decree of judicial separation may apply for an allotment of permanent alimony though no alimony shall have been allotted to her pending suit.

102. Applications to the Court to exercise the powers conferred by subsections (1), (2) and (3) of section 96 and by sections 97 and 98 of the Supreme Court Act, 1935, and for permanent alimony or for the maintenance and education of the children of the marriage and including applications for modification, suspension, discharge or increase may be made by summons supported by affidavit and the Rules from 95 to 100 both inclusive of these Rules shall apply *mutatis mutandis* upon such application.

103. In applications under sub-sections (1) and (2) of section 96 of the Supreme Court Act, 1935 (other than applications under the proviso to subsection (2) of such section), the summons may be issued as soon as the decree nisi has been pronounced and not before, but except by leave of a Judge shall not be issued later than one month after the date of the final decree.

104. The summons in applications under section 96 (3) of the Supreme Court Act, 1935, unless the time is extended by a Judge, shall be issued within one month after the date of the decree for restitution of conjugal rights or judicial separation,

105. At the appointment fixed for the hearing of any application the Registrar shall in the presence of the parties or their solicitors or such as attend investigate the allegations made in support of and in answer to the application and may order the attendance of the spouses and any other person for the purpose of being examined or cross-examined and such attendance may be enforced by subpoena. The Registrar may take the oral evidence of witnesses and at any stage of the proceedings may order the discovery and production of any document or call for further affidavits.

106. In the case of an application for alimony pending suit or of any application under subsections (2) and (3) of section 96 of the Supreme Court Act, 1935, or for provision to be made for the maintenance and education of children and including applications for modification, suspension, discharge, or increase the Registrar shall after conducting his investigation make such order as he thinks fit, or refer the application or any question arising therefrom to the Judge for his decision, and pending the final determination of any application, he may on or after the first day of the hearing of the application make an interim order upon such terms as he thinks just and notwithstanding that no evidence has been given by or on behalf of the husband. The Registrar may, from time to time, vary an interim order.

107. On any application the Registrar may act upon the evidence given on any previous application in the cause.

108. If on any application the Registrar makes an order under Rule 106 he may also make such order as to costs as to him seems just.

109. (1) On any application to the Court to exercise its jurisdiction under subsection (1) of section 96 or under section 97 or 98 of the Supreme Court Act, 1935, the Registrar shall after conducting his investigations report in writing to the Judge the result of his investigations and adjourn the application to a Judge in Chambers and file his report.

(2) The Judge upon hearing the application may confirm or vary the report or make such other order as he thinks fit.

110. All orders made by the Registrar in pursuance of Rules 106 and 108 shall be deemed to be orders made by the Court and shall be enforceable accordingly.

111. (1) A party may appeal from an order or decision of the Registrar to a Judge in Chambers.

(2) Such appeal shall be by summons to attend before the Judge within eight days after the order or decision complained of or such further time as may be allowed by a Judge or by the Registrar.

(3) Two days notice of the hearing of the appeal shall be given to the other party.

(4) An appeal from the order or decision of the Registrar shall not, unless otherwise ordered by a Judge, act as a stay of the order or decision complained of.

112. (1) If any witness fails to observe the requirements of a subpoena to attend before the Registrar which has been served upon him or if any witness attending before the Registrar refuses to be sworn or to answer any question which the Registrar may allow to be put, or is guilty of contumacious conduct, or if any person fails to obey an order for discovery or production of documents, the Registrar shall report such failure, refusal or conduct to a Judge, and thereupon the witness shall be in the same position and be dealt with in the same manner as if he had disobeyed a subpoena to attend before the Judge or had been guilty of such refusal or conduct before the Judge or had disobeyed a like order of the Judge.

(2) The report shall be in writing but without affidavit, and the Registrar shall inform the witness or person to whom the report relates of the time when and the place where the matter therein mentioned will be reported to the Judge.

(3) Upon receiving the report the Judge may take such action thereon as he thinks fit.

This Order shall come into operation forthwith upon publication thereof in the *Government Gazette*.

FREMANTLE HARBOUR TRUST.

Amendment of Regulations.

THE Fremantle Harbour Trust Commissioners hereby amend the regulations made under the Fremantle Harbour Trust Act, 1902, and as reprinted by the Government Printer with all amendments up to the 31st day of May, 1944, as follows:—

New Regulation 100a.

The following new regulation to stand as Regulation 100a is inserted after regulation 100:—

100a. The Harbour Master is hereby authorised and required whenever in his opinion it is essential to take emergency measures for the safety of the Port and of the vessels therein and for the preservation of life and property:—

- (i) To order the Master of any vessel in the Port to scuttle such vessel forthwith, and
- (ii) to give all necessary directions in relation thereto.

If the master of any vessel neglects or refuses to obey any such order or direction the Harbour Master is hereby authorised and required to scuttle such vessel forthwith, and for that purpose the Harbour Master may call upon any officer or member of the crew of such vessel, any officer or other person employed by the Commissioners, any constable, peace officer, or other authority, or any other person to assist him in scuttling such vessel.

Made by the Fremantle Harbour Trust Commissioners at the meeting of the said Commissioners held on the 25th day of May, 1945.

The Common Seal of the Fremantle Harbour Trust was at the same time affixed hereto and impressed hereon by order and in the presence of the Commissioners by:—

L. L. BATEMAN, Chairman.
K. D. WILSON, Commissioner.
L. A. HANCOCK,
Acting Secretary and Accountant.

THE ROAD DISTRICTS ACT.

Sussex Road District—Building By-laws.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1943, the Sussex Road Board makes the following by-law relating to buildings.

Part 1.—Operation and Definition.

Application.

1. This by-law shall apply to all lands and buildings within the area of the Sussex Road District.

Commencement.

2. This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

Repeal.

3. From the date of coming into operation of this by-law, all previous by-laws made by the Board relating to building are repealed.

Definitions.

4. In this by-law subject to the context:—

“Act” means the Road Districts Act, 1919-1943, and amendments.

“Alteration” means any work made or done for any purpose, in, to, or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which the building or erection, or any part thereof shall be used.

“Approved” means approved by the Board in writing or (in case where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls, and such portions of the party walls as belong to the building.

“Board” means the Sussex Road Board.

“Build” means and includes erect, build, or construct, or cause to be erected, built, or constructed.

“Building” means and includes erection, structure, detached room, outbuilding, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed, or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure, and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder, or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling-house” means a building used or adapted to be used wholly or principally for human habitation.

“District” means Sussex Road District.

“Fire-resisting” used with reference to any materials, includes:—(a) Brickwork constructed of good bricks well burnt hard and sound, properly bonded and solidly put together with good lime or cement mortar; (b) Any stone suitable for building purposes by reason of its solidity or durability; (c) Sheet metals or other similar materials which are in the opinion of the Board fire-resisting; (d) Iron and steel (when used for columns, girders, or wall framing) incased in cement, concrete, or other incombustible or non-conducting external coating; (e) Slate, tiles, brick, and terra-cotta, when used for covering or corbels; (f) Concrete when composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

“External Wall” means an outer wall of a building, not being a party wall, even though it adjoins a wall of another building.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

“Height” in relation to any building means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or when there is no such footway, from the level of the ground before excavation, to the level of the ceiling or tie of the topmost storey.

“Height” in relation to storeys means:—(a) in the case of the topmost storey, the measurement between the floor and the ceiling thereof, or between the floor and the undersurface of the tie of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof; (b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

“Hoardings” includes any erection or structure, erected, built, constructed, or used or that may be used for the purpose of writing, painting, pasting, or posting thereon notices, advertisements, placards, or other printed, painted, or written matter, or any erection or structure, being of a height greater than 6 feet from the level of the adjoining street.

“Main Rooms” means and includes all rooms used or intended to be used as bed rooms, dining rooms, lounges, ordinary living rooms, or kitchens.

“New Buildings” includes:—(a) any building erected or commenced to be erected after the date of this by-law coming into operation; (b) any building of which more than half its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected, or commenced to be re-erected wholly or partially on the same site after the date of this by-law coming into operation; (c) any buildings removed or transported wholly or in sections into the district, or to another part of the district after the date of this by-law coming into operation.

“Outbuildings” means any building or the curtilage of any dwelling, shop, or combined shop and dwelling used as a workshop or store-room not being a building for the storage of inflammable materials, nor for the housing of animals, including birds.

“Party Wall” means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

“Person” includes corporation.

“Prescribed” means prescribed by this by-law.

“Public place” has the same meaning as in the Act.

“Reinforced concrete” means a form of construction in which cement concrete is re-inforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

“Right-of-way” means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

“Road” has the same meaning as in the Act.

“Surveyor” means the building surveyor or acting building surveyor appointed by the Sussex Road Board, having for the time being the administration of this by-law.

“Shop” means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes saloons of barbers and hairdressers, and offices of agents, auctioneers, and all other businesses and trades. A *bona fide* boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

“Square” applied to the measurement of any area means the space of one hundred square feet.

“Surface or ground level” means the level of the ground as determined by the surveyor.

“Wooden Building” means buildings constructed of wood, or buildings having wooden frames.

Part 2.—Classes of Buildings.

5. For the purpose of this by-law buildings shall be divided into three classes:—

Class A.—“Domestic class” which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses, and studios.

Class B.—“Warehouse class” which includes all buildings subject to vibration and heavy loading of floors such as warehouses, factories, mills, and places for storage and manufacture of goods.

Class C.—“Public Building class” which includes all buildings designed to accommodate an assemblage of people, such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In case of doubt the surveyor shall finally determine to which class any particular building belongs.

Part 3.—Notice of Intention to Build or Demolish and Lodging of Plans.

Notice to be given.

6. No builder shall commence any building, or any addition, or alteration to any building without first delivering at the office of the Board a written application in the form of the First Schedule hereto before so commencing and delivering to the Surveyor:—

Plans and Specifications.

(a) Properly prepared plans and specifications of such building, addition, or alteration, together with a tracing or copy of the plans of such building, addition, or alteration, and also details and dimensions, sizes and qualities of all materials, and enumerating any old materials proposed to be used in the construction of the same. Plans shall be drawn in ink and specifications typed or legibly written.

Block Plan.

(b) A block plan showing relation of the building to adjoining buildings and boundaries.

Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

Drainage.

(d) Particulars of the proposed method of drainage.

Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of this by-law applicable thereto are being complied with.

Tracing retained.

7. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications when approved shall be returned to the owner or his agent. Such approval shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

Plans etc., to be kept at Building.

8. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or accredited officer of the Board at all reasonable times, on demand, during the construction, or erection, or alteration, or addition, as the case may be, and for fourteen days after the completion thereof.

Permits and Fees.

9. No person shall commence a building of any kind, or addition, or alteration to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of the same without having first paid to the Board fees in accordance with the scale set out in the second schedule hereto having regard to the class of building.

Area of New Building.

10. The decision of the surveyor as to the area of a new building, or value of an addition shall be final and conclusive.

Permits shall lapse after six months.

11. A permit obtained pursuant to this by-law shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within twelve months from the date of such permit.

Surveyor may enter and inspect.

12. The surveyor at all reasonable times during the progress, and after the completion of any building, or addition, or alteration to any building affected by this by-law, may enter and inspect such building, or addition, or alteration.

Surveyor may stop Work if contrary to By-law.

13. The surveyor may at any time stop the progress of any building and withdraw, or suspend any permission given by the Board under this by-law, in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who continues to build, or erect, or works on the site after notice from the surveyor to desist, shall be guilty of an offence against this by-law.

Demolition or Removal of Building.

14. When a building is to be demolished or removed, the owner or contractor shall give 24 hours notice to the surveyor of such intended demolition or removal.

Sanitary Conveniences for Workmen.

15. Before commencing any building operations upon any building site, the Contractor, or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all men working upon the site, such sanitary conveniences shall be in accordance with the requirements of the Health Act.

Low-lying Land.

16. Where land upon which a building is to be erected, is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that having regard to the water level during winter months, filling is required, such filling shall be carried out by the owner, or contractor before the commencement of building operations. In the event of there being no made road from which to take a level for any building, the surveyor shall determine the level at which any building shall be commenced, and if he considers it to be necessary shall require the owner or contractor to fill in to a given level.

Provision of Bathroom, Bath, Washtroughs, Copper, etc.

16A. Provision shall be made in all new, or re-erected dwellings for a bathroom fitted with bath and wash-basin, also laundry facilities consisting of washtroughs and copper, properly fitted and housed in accordance with the provisions of Health By-law 4A and amendments thereto.

Occupation of Dwelling.

17. No person or persons shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any new or re-erected dwelling until a certificate has been issued by the surveyor in writing stating that the dwelling has been completed in accordance with the plans approved by the Board, Building By-laws, and the Health Act.

Stables, Outbuildings, and Garages.

18. Stables may be erected with walls of brick, stone, or concrete, provided that in stables of more than two squares in area, the distance of any wall of such stable from land not in the same occupation or possession shall not be less than the vertical height of such wall including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

Distance of Stables from Boundaries.

19. No stable may be erected nearer than 30 feet to any dwelling, nor than 10 feet to the boundary of land not in the same occupation.

Material for Garages.

20. Every garage shall be constructed of fire-resisting material unless otherwise approved by the Board.

Part 4.—Building Materials.

21. All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn any material which in his opinion is not suitable for use in such building, alteration, or addition.

Secondhand Material.

22. No old or secondhand material may be used in any building unless approved in writing by the surveyor.

Bricks.

23. Bricks used in any building must be good, hard, and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used.

Sand.

24. Sand used for mortar or concrete in any building shall be clean and sharp and free from loam, dirt, salt and organic matter.

Lime Mortar.

25. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime, and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

Cement Mortar.

26. Cement mortar shall be composed of good Portland cement or other cement of equal quality, mixed with clean, sharp sand, in the proportion of at least one part by measure of cement, and not more than four parts by measure of sand.

Timber.

27. All timbers and wooden beams used in any building shall be of good sound material, free from rot, large loose knots, shakes, or other imperfections whereby the strength may be impaired, and shall be of such sizes, dimensions, and spaces as set forth in clause 51 of this by-law.

Lintels.

28. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specifications of materials to be used, such designs to be approved at the same time as the plan of the building. Lintels up to six feet span shall be three courses in depth, lintels from six to eight feet span shall be four courses in depth. All such lintels shall be reinforced with at least 1/2 inch steel rods, not less than three rods per lintel and a proper bearing shall be given at each end of lintel.

Part 5.—Construction.

Excavation and Inspection of Trenches.

29. All excavation for footings shall be not less than 12 inches below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours notice has been given to the surveyor that the trenches are ready for inspection.

Walls to have Footings.

30. Unless with the consent of the surveyor, every external wall, and every party wall not carried on a bressummer and every pier and storey post shall have footings.

Dimensions of Footings.

31. The width of the bottom of the footing of every such wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16 inches wide unless approved by the surveyor, and the height of such footing shall be at least equal to the thickness of the wall at its ground floor level, but in no case less than 9 inches.

External Walls.

32. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting material approved by the Board: Provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos-cement sheets subject to the conditions set out in this by-law for buildings wholly or partly of wood.

Construction of External Walls.

33. Every wall constructed of brick, stone, or other similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it except to the extent of nine inches and as approved by the surveyor, and provided that the projection is well and

solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

Damp-course.

34. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand, or other approved material at least six inches above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall be not less than half an inch in thickness.

Hollow Walls.

35. External walls may be constructed as hollow walls if constructed in accordance with the following rules:—(a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch; (b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised iron, glazed stoneware, or other material approved. Such ties shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically; (c) The thickness of each part of the wall shall throughout be not less than four and one-half inches; (d) The aggregate thickness of the two parts, excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length; (e) No hollow wall of not more than eleven inches in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace, or projecting pier to the satisfaction of the surveyor.

Concrete Blocks.

35a. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate and shall be kept damp for a period of not less than four days and shall not be used green. The blocks shall be bedded and jointed in cement mortar.

Thickness of Walls, Domestic Class.

36. No external wall in brick, stone, concrete, or cement block shall have less than the thickness prescribed in the following Table A.

Table A.

Buildings of Domestic Class.

Length of Wall.	No. of Storeys.	Thickness of Walls in Inches.
Walls built with Lime Mortar.		
Not exceeding 30 ft. . .	1	9

37. If any storey exceeds in height 18 times the thickness prescribed for walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

38. The height of any storey may be 20 times the thickness of walls prescribed for such storey if built with cement mortar.

Thickness of Walls Warehouse Class.

39. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table B:—

Table B.

Buildings of the Warehouse Class.

Length of Walls.	No. of Storeys.	Thickness of Walls in Inches.	
Walls built in Lime Mortar.			
Not exceeding 75 ft. .	1	13½

	3	18	18

Thickness of Walls under Certain Conditions.

40. Walls under 75ft. in length may be constructed 9 inches thick, provided they are strengthened with four and a-half inch piers equally spaced of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12 feet when built of lime mortar, or 13 feet 6 inches when built of cement mortar.

41. The thickness of walls under 20 feet in length may be two-thirds the thickness required for external or party walls as stated in tables A and B, but in no case less than 9 inches.

42. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of this by-law is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fifth part of the length of the wall. No increase in the thickness of brick walls shall be less than 4½ inches. The height of any storey built in cement mortar may be 18 times the thickness prescribed for such storey.

Lengths—How measured.

43. Walls are deemed to be divided into distinct lengths by return wall, and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party, or cross walls of the thickness required by this part of this by-law and bonded into the wall so deemed to be divided.

Cross-walls.

44. The thickness of a cross-wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building but never less than nine inches, and no wall subdividing shall be deemed to be a cross wall unless it is carried up to the plate level of the topmost storey, and unless in each storey the aggregate extent of the vertical faces or elevation of all recesses, and that of all the openings therein taken together does not exceed one half of the whole extent of the vertical face or elevation of the wall. If a cross-wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross-wall in accordance with this regulation; but in one storey buildings of the domestic class, four and a half inch cross-walls will be permitted provided the unsupported length of any wall does not exceed 25 feet.

Cross-wall becomes External Wall.

45. Whenever a cross-wall becomes in any part an external wall, the external part of such cross-wall shall be of the thickness required for an external wall of the same height and length and belonging to the same class of building, but no portion of such cross-wall shall be of less thickness than is required for the external portion thereof.

Internal and Partition Walls.

46. (1) All internal bearing walls and partition walls shall be constructed in such a manner as may be approved by the surveyor, and shall be of cement blocks, brick,

stone or concrete. All such walls shall be not less than four and one-half inches thick, provided that, where such walls form a division between flats, then such walls shall not be less than nine inches thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressummer, shall have footings, and such footings shall be at least twice the thickness of the wall resting upon it.

Isolated Piers.

47. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and twelve times if built of cement mortar.

Parapet to Walls on Boundary.

48. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within two feet of such boundary, then the external wall of such building shall be carried up to form a parapet 15 inches at least in height above the roof, or above the highest part of any flat or gutter as the case may be.

Parapet, Warehouse Class.

In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of nine inches at least.

Party Walls.

49. Every party wall shall be carried up for a height of 15 inches above the roof, measured at right angles to the slope thereof, or 15 inches above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey, and in any other building, of a thickness of eight and one-half inches at least. Provided, however, that in the case of domestic buildings, where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least eight and one-half inches in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

50. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within four feet of such party wall, and shall extend at the least 15 inches high and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto, and within four feet therefrom.

Buildings Wholly or Partly of Wood.

51. The following conditions shall apply as to scantlings and spacings of timber.

Stumps shall be not less than 4in. x 4in. jarrah spaced not more than 4ft. apart under bearers under walls, and not more than 5ft. apart under bearers under floors. All stumps shall be sunk not less than 18in. in the ground and shall be coated with coal tar to at least six inches above ground level. Galvanised iron ant-stops projecting at least 2in. over head of stump on all sides to be provided on all stumps.

Sole-plates—not less than 12in. x 6in. x 1½in. to be placed under all stumps of whatever size.

Floor-bearers—4in. x 3in. jarrah spaced 5ft. centre to centre. Floor-bearers required directly under every wall or partition.

Floor-joists—4in. x 2in. jarrah spaced 18in. centre to centre.

Top and bottom plates—not less than 3in. x 2in. jarrah.

Flooring—not less than 1in. in thickness.

Studs—not less than 3in. x 2in. jarrah spaced not more than 2ft. centre to centre.

Ceiling joists—not less than 3in. x 2in. jarrah spaced not more than 2ft. centre to centre.

Ceiling hangers—7in. x 1¼in. spaced not more than 7ft. apart.

Purlins—3in. x 1½in. jarrah (iron roof), 4in. x 3in. jarrah (tile roof).

Under purlins—3in. x 2in. jarrah (iron roof), 4in. x 3in. jarrah (tile roof).

Collar ties—3in. x 2in. jarrah.

Rafters—(iron roof) 3in. x 2in. jarrah, spacing 3ft. centre to centre; (tile roof) 4in. x 2in. jarrah, spacing purlins and collar ties.

Ridge—(iron roof) 6in. x 1in., (tile roof) 8in. x 1in. jarrah.

Facia—8in. x 1in. jarrah.

Hips—(iron roof) 6in. x 1in., (tile roof) 8in. x 1in. jarrah.

Weatherboards—not less than 1½in. lap.

Stays—2in. x ¾in. (3in. x 2in. studs), 3in. x ¾in. (4in. x 2in. studs) jarrah.

Vermin plates must be used in the construction of all wooden buildings except sheds.

No framing timber shall be notched or checked out to receive bracing or otherwise so as to reduce its cross-sectional area more than one-sixth.

Rougheast and Stucco.

52. Rougheast and stucco work shall be applied only to brickwork, provided that in certain cases such as gables of dwellings, or other ornamental sections of dwellings, rougheast may be applied to expanded metal fixed in an approved manner.

Interior Walls of Dwellings.

53. The interior of all walls and ceilings of every wooden, or wooden framed building which is intended to be used, or which may be used as a dwelling house shall be constructed of plaster sheets, or other fire-resisting materials.

Roofs.

54. The roof of every building shall be constructed of metal, tiles, slates, or other approved materials.

Reinforced Concrete Buildings.

55. In all cases where reinforced concrete is employed, whether in buildings as a whole or in portions of buildings, before the actual carrying out of the work, or any portion thereof, complete drawings of such work, or portion shall be delivered to the surveyor, showing all details of the construction, and the size, spacing, and arrangement of all reinforcing members.

Public Buildings.

56. In any case in which the plans of any public building (proposed) are required by law to be approved by the Public Works Department, such approval shall be obtained before such plans are submitted for the Board's approval.

Alterations and Additions.

Alterations.

57. Except with the consent of the Board, or the surveyor, no alteration shall be made to any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

Additions and Alterations.

58. Every addition to, or alteration of a building, and any other work made or done for any purpose in or on a building (except necessary repairs which do not affect the construction of a building) shall so far as regards such addition, or alteration, or other work, be subject to the provisions of this by-law relating to new buildings.

Part 6.—Ventilation, Lighting and Drainage.

Height of Rooms.

59. The main rooms in all buildings shall be in every part not less than 10ft. from floor to ceiling, and the minimum height for washhouses and bath-rooms shall be 8ft.

Provided that the height of main rooms in dwellings may be 9ft. 6in. in height in the following cases:—(a) Where a hip roof is constructed with louvres of approved size at each end of the ridge, and the underside of the eaves are left open to provide a free passage for air; (b) Where a tile roof is provided and the underside of the eaves are left open to provide a free passage for air.

Attic Rooms.

Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof may be not less than 9ft. in height from floor to ceiling over two-thirds of the floor area.

Minimum Area of Rooms.

60. No main room in any building shall have a less floor area than 120 square feet.

Windows (Natural Lighting).

61. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into the external air, the area of such windows shall be not less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

Ventilation (Dwellings).

62. Every part, and every room of any dwelling house or building intended to be used for habitation shall be ventilated as required under Part One of Health By-laws, viz:—In the ratio of 24 square inches of inlet, and 24 square inches of outlet of uncontrolled ventilating area to each hundred square feet of floor area.

Ventilation (other than Dwellings).

63. The ventilation of all buildings, parts of buildings, type of ventilators to be used, arrangement and situation of ventilation openings shall be subject to approval as required under Part One of Health By-laws.

Ventilation (Sub-floor).

64. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floor, to allow a current of air to flow freely under all parts of the building. Type of ventilator used and spacing of same shall be the subject of approval by the surveyor.

Lighting and Ventilation (Shops).

65. The provisions of this part of this by-law relating to height of rooms, lighting and ventilating of main rooms in dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provision for ventilation is made, and that the minimum height of walls in shops shall be 12 feet.

Enclosing of Verandahs.

66. No verandah of any dwelling, or shop, or other building shall be enclosed, or built in, in such a manner as to exclude natural light, or reduce the proper ventilation of any building, or any part thereof. The use of hessian, or jute bags, or similar materials for enclosing or screening verandahs is prohibited.

Floors.

67. Floors shall be fixed level, and in all buildings the ground floor, if of wood, shall have a space of not less than six inches between the ground and the underside of the floor bearers.

Permit may be Refused if Drainage not Satisfactory.

68. The Board may refuse to approve the plan of any building, or any addition, or alteration to any building, until it is satisfied that the proposed building, or addition, or alteration and the site and curtilage thereof will be properly drained.

Drainage of Waste Water.

69. Every person who shall erect a building shall provide proper drainage for the disposal of all waste water in conformity with Health By-laws.

Waste Pipes.

70. Waste pipes from baths, sinks, wash troughs and similar sanitary fittings shall be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under fittings, metal cleaning eyes shall be fitted at all changes of direction and angles of waste pipes.

Roof-water Disposal.

71. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient

manner, such water shall be carried at least two feet clear of the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary, all stormwater from the roof of such building shall be carried by pipes direct to the street drains, or gutters, in such a manner as directed by the surveyor.

Water Supply.

72. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity. Such tank shall be completely covered at its top and provided with a manhole fitted with a tight-fitting lid.

Provision of Manhole in Ceiling.

73. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

Part 7.—Removal of Buildings.

74. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of this by-law to be a new building erected for the first time on the site whither it is removed.

Part 8.—Verandahs, Projections, Signs, Hoardings and Fences.

Verandahs.

75. (a) No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure, dimensions and materials as set forth on the plan and specifications, for the time being adopted by resolution of the Board, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than 9ft. above the level of the outer edge of the footway.

Opening in Roof of Verandah.

76. (b) No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire-netting or armoured glass to the satisfaction of the surveyor.

Porch Landing, etc.

77. Every porch, gangway, outside landing, and outside step shall be of fire-resisting material, and shall not project beyond the boundary of any road or public place.

Shop Windows.

78. Shop windows intended to be used for the display of goods or business advertisements, shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30 inches, nor within 12 inches of the level of the footpath immediately adjoining the same.

Woodwork abutting on Roads.

79. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

Signboard, Hanging Lamp, etc.

80. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over any roadway unless the permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction and design approved by the surveyor and shall be in no part less than 8 feet 6 inches above the level of the footpath or road. No signboard shall exceed in depth 3ft. nor shall any signboard project over a road or footpath unless attached to a verandah.

Unightly or Dangerous Fence.

81. When any fence abutting on or within 10ft. of any road or public place within the district is in a dangerous or unsightly state, the Board may, by notice in writing to be served on the owner of such fence, require

such owner within 14 days from the receipt of such notice to take down, or repair such fence as the case may require, and such owner shall comply with such notice.

Fences and Walls.

82. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least 9 inches high unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone or concrete, or other similar substance shall be constructed with a base to be approved by the surveyor.

Part 9.—Chimneys, Flues, Fireplaces and Heating Apparatus.

Foundations, Footings, etc.

83. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings upon party, external, or cross-walls, to the satisfaction of the surveyor, or on corbels of brick, stone, or other incombustible material, and the work so corbelled out does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out 14 inches from walls 9 inches in thickness on corbels of stone or incombustible material not less than 10 inches in depth and of the full width of the jambs.

Chimneys, etc., with Soot-doors.

84. (1) Chimneys and flues having proper soot-doors of not less than 40 square inches may be constructed at such angle as is approved by the surveyor, but in no other case shall any flue be inclined at less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

Position of Soot-doors.

(2) All soot-doors shall be distant at least 15 inches from any woodwork.

Arches.

85. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars of sufficient strength turned up or down at the ends and built into the jamb for at least 4½ inches on each side.

Flues.

86. A flue shall not be adapted to or used for any new oven, furnace, steam boiler or other fire used for any purpose of trade or business, or to or for the range or cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least 9 inches thick, or reinforced concrete 6 inches thick, from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situate to 12 inches above the roof.

Flues in connection with Engines.

87. A flue shall not be used in connection with a steam boiler, or hot-air engine, unless the flue is at least 20 feet in height measured from the level of the floor on which such engine is placed.

Lining, etc., of Flues.

88. The inside of every flue, and also the outside where passing through any floor, or roof, or space enclosed by the roof, or behind or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

Jambs.

89. The jambs of every fireplace opening shall extend at least 9 inches on each side of the opening thereof.

Incombustible Material in Certain Cases.

90. The breast of every chimney shall be of incombustible material, at least 4 inches in thickness and the brickwork surrounding every smoke-flue shall be at least 4½ inches in thickness, provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wythe of cast iron not less than 1 inch in thickness.

Backs of Fireplaces.

91. The back of every fireplace opening in party or internal walls from the hearth up to a height of 12 inches above the lintel or arch shall be brickwork at least 9 inches thick, or shall be reinforced concrete 6 inches thick. No flue shall be within 2 inches of the centre line of any party wall.

Thickness of Flues.

92. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees, shall be at least 9 inches.

Height.

93. Every chimney flue or chimney shaft shall be carried up in brick or stonework at least 4 inches thick throughout to a height of not less than 3 feet above the roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat, or gutter.

Top Courses.

94. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

Chimney Shafts.

95. The brickwork, or stonework of any chimney shaft except that of the furnace of any steam engine, brewery, distillery, or manufactory shall not be built higher above the roof-flat, or gutter adjoining thereto, than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft is built with, and bonded to another chimney shaft, not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

Slabs.

96. There shall be laid level with the floor of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible material, at the least 6 inches longer on each side than the width of such opening, and at the least 14 inches wide in front of the breast thereof.

How to be Laid.

97. On every floor except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers, or other incombustible materials, but on the lowest floor it may be bedded on concrete, covering the site, or on solid materials placed on such concrete.

Hearths, etc.

98. The hearth or slab of every chimney shall be bedded wholly on brick, stone or other incombustible materials, and shall together with such materials be solid for a thickness of 6 inches at least beneath the upper surface of such hearth or slab.

Flues in Party Walls.

99. A flue shall not be built in, or against, any party structure or existing wall, unless it is surrounded with good sound brickwork, or other approved material, at least 4½ inches in thickness, properly bonded to the satisfaction of the surveyor.

Cutting away Chimney Breast.

100. A chimney breast or shaft built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

Cutting into Chimney Shaft.

101. A chimney shaft, jamb, breast, or flue shall not be cut into except for the purpose of repair or doing one or more of the following things:—(a) Letting in or removing or altering flues, pipes, or funnels for the conveyance of smoke, hot air, or steam; (b) Forming openings for soot doors, each opening to be fitted with a close iron door and frames; (c) Making openings for the insertion of ventilating valves. Provided that an opening shall not be made nearer than 12 inches to any timber or combustible substance.

Position of Timberwork.

102. Timber or woodwork shall not be placed:—(a) Under any chimney opening within 6 inches from the upper surface of the hearth of such chimney opening; (b) Within 2 inches from the face of the brickwork or stonework about any chimney or flue, unless the face of such brickwork or stonework is rendered.

Position of Wooden Plugs.

103. Wooden plugs shall not be driven nearer than 3 inches to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than 2 inches thereto.

Ironwork.

104. No iron or steel joists, or other ironwork shall be placed in any flue except in so far as the same may be required for insuring stability.

Floors above Furnace or Ovens.

105. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18 inches from the crown of an oven shall be constructed of fire-resisting materials.

Part 10.—Exempted Buildings.

Ferneries, Aviaries, etc.

106. This by-law shall not apply to any greenhouse, fernery, aviary or to an outbuilding if such outbuilding is on an area of not less than 5 acres used for agricultural or similar purposes only, or to temporary or removable offices and sheds used by builders during the construction of any building at or about the site of such building for a period not exceeding 12 months.

Enforcement of By-laws and Penalties.

No building may be erected except in compliance with this by-law.

107. No person shall erect, build, or construct, remove, or make any alteration or addition to, or cause to be erected, built, or constructed, removed, or make any alteration or addition to any building contrary to the provisions of this by-law.

Penalty for Breach.

108. Any person who shall be guilty of any breach of any of the provisions of this by-law, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than One Pound, and not exceeding Twenty Pounds.

Certificate of Surveyor.

109. If the surveyor shall certify in writing to the Board that any building has been removed into, or erected, or re-erected within the district, or occupied contrary to any of the provisions of this by-law, or that any building is in such a dilapidated, ruinous, or unsafe condition as to be dangerous to public safety, the Board or any officer thereof, or other authorised agent, may give to the owner, occupier, or builder, or leave upon the site of such building a notice in writing requiring such owner to alter or repair, or to remove, or pull down, such building within such time as is limited by such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

Notice to make Building conform to By-laws.

110. If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of this by-law, the Board, or any officer thereof, may give to the owner, occupier or builder, or leave upon the site of such building, notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building, within such time as is limited in such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

Power of Board where Building or Erection is contrary to By-law.

110. If default shall be made in complying with any notice mentioned in the last two preceding clauses, then, notwithstanding the imposition or recovery of any penalty, it shall be lawful for the said Board by its surveyor, officer, or other authorised agent, or agents, to enter upon any building, and the site thereof, with a

sufficient number of workmen, and for that purpose, to break down any fence surrounding the land on which the building is situate, and to demolish and pull down the said building or any part or parts thereof, and to do any other act that may be necessary for the purpose, and to remove the materials thereof to some convenient place, and if the Board in its discretion thinks fit to sell the same in such manner as it thinks fit, and all expenses incurred by the Board, its surveyor, officer, or other authorised agent or agents, in demolishing and pulling down the said building or any part thereof and selling the same, and in doing other acts as aforesaid, and all fees and penalties due by the owner, occupier, or builder thereof, may be deducted and retained by the Board out of the proceeds of such sale, and the Board shall restore the surplus (if any) arising from such sale to such owner, occupier, or builder, or other person legally entitled thereto on demand, and any deficiency shall be made good and paid by the owner, occupier, or builder to the Board on demand.

THE ROADS DISTRICTS ACT, 1919-1942.

Sussex Road District—By-law No. 2.

Areas, Open Spaces, etc., for Buildings.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-42, the Sussex Road Board makes the following by-law relating to areas and open spaces for buildings to be No. 2.

Application.

1. This by-law shall apply to the Townsite of West Busselton.

Commencement.

2. This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

3. From the date of coming into operation of this by-law all previous by-laws made by the Board dealing with the same subject are repealed.

Definitions.

4. In this by-law subject to the context:—
“Apartment” means a room or rooms or part of a building intended or adapted for separate occupation as a dwelling; “Apartment Building” means a building containing two or more apartments; “Board” means the Sussex Road Board; “Build” includes erect, build, or construct; “Building” includes erection, structure, detached room and out-building whether roofed or not, designed to afford or capable of affording shelter; “Main Rooms” mean all rooms used or intended to be used as bedrooms, dining rooms, ordinary living rooms, or kitchens; “Road” has the same meaning as in the Road Districts Act, 1919-42.

Dwelling Houses.

Distance from Road.

5. No building which is intended to be used as a dwelling house, and no addition to any such building, shall be built within a distance of 20 feet measured horizontally from the road the building fronts, unless a building line at a different distance has been fixed by a proper authority.

Distance from Side Boundary.

6. No building which is intended to be used as a dwelling house and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of 3 feet if of brick, or 4 feet if of wood or wood frame, measured horizontally from the boundary of the allotment on which such building is erected.

Minimum Area of Land.

7. No person shall build or cause to be built any building which is intended to be used as a dwelling house unless the site or curtilage of such building has a superficial area equal to one-fourth of an acre and has a clear frontage to a road of not less than 50 feet (lineal) and has a depth of not less than 120 feet. Provided that when an allotment of land smaller in area than that herein before prescribed was owned by any person prior to the coming into operation of this by-law, and not part of an allotment of which a portion has been alienated or excised since the coming into operation of this by-law, or such allotment is shown on any plan or subdivision heretofore approved by the Board, or by the Town Planning Board, the Board may at its discretion permit a dwelling house which shall in all other respects comply with this by-law, to be erected upon such land. Before permission be so granted for the erection of any building, the land must be subdivided so that each building is located on a separate and distinct allotment. A plan of such subdivision shall be lodged with the application, and there shall be shown on such plan all buildings located or to be located thereon, and no building shall be proceeded with unless and until the subdivisional scheme of such land be approved by the Board.

Minimum Area of Open Land.

8. At least one-third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

Minimum Area of Dwelling House.

9. Every dwelling house shall consist of a total area of at least 800 square feet, and shall contain not less than three main rooms.

Computing Distances.

10. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

Shops.

Minimum Area of Land.

11. (1) Every shop shall have a frontage to a road of at least 18ft.

(2) No shop shall be of less width in any part thereof than 18ft.

Permit for Erection of Shop where Dwelling not Attached.

12. Permission may be granted for the erection of a shop where a dwelling is not attached, and where no person resides at such shop, on land having a frontage of 18 feet to a road and a depth of not less than 35 feet and a superficial area of not less than 630 square feet; provided that no portion of such shop or building shall be erected within 15 feet of the rear boundary of such land, and only if the Board shall approve of the site of the proposed building and the type of business to be conducted at such shop.

Access to Rear of Shop.

13. Every shop shall be so erected and built that, without passing through the building there is a reasonable access to the back premises and offices of such shop for the removal of nightsoil and other refuse to a road or lane 10 feet wide at least.

Separate Entrance for Shop and Dwelling in different Occupations.

14. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

Apartment Buildings.

Area of Land to be Occupied.

15. The total floor area of an apartment building, together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

Area of each Apartment.

16. The total floor area of each apartment shall be at least 400 square feet. In addition thereto every apartment shall have for the exclusive use of the occupants thereof at least 100 square feet of verandah space.

Area of Main Rooms.

17. Every main room in an apartment shall have a floor area of at least 120 square feet.

Apartment to be self-contained.

18. Every apartment shall be self-contained, it shall contain its own kitchen, bathroom and lavatory. It shall have a separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the Building By-laws of the Board for the time being in force.

Miscellaneous.

No Alterations infringing By-law.

19. No alteration shall be made in any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

No User infringing By-law.

20. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of this by-law: Provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of this by-law, for any purpose for which it was then being used.

A resolution adopting the foregoing by-law was passed by the Board on the 10th day of February, 1945.
