List of Officers Employed under the Provisions of the Public Service Act on 1st July, 1945.

EXPLANATORY.

The work attached to the position is classified, not the official. Salaries are based on an adult male basic wage of £3 10s. 6d. per week (taken as equivalent to £185 per annum) in the Metropolitan Area. These rates are subject to adjustment in the following manner:—

- (a) Adult Male Officers.—The nearest multiple of five pounds (£5) to the result obtained by multiplying the State weekly basic wage by fifty-two and one-sixth (52 $\frac{1}{6}$).
- (b) Adult Female Officers.—Seventy-five per centum of the adult male rate calculated to the nearest £1.
- (c) Officers under 21 years of age.—*Pro rata*, with the adult male minimum of £185 per annum.
- (d) Officers located in an area for which an independent basic wage has been declared higher than the Metropolitan basic wage shall be paid the difference between such basic wage rates as an allowance.

Officers classified with a maximum salary of over £699 are subject to adjustments only when the basic wage fluctuation represents in the aggregate either up or down an amount of 7s. 8d. per week, when an adjustment of £20 is made. On the 1st July, 1945, all such officers were receiving £60 per annum above the classified salary.

On 1st July, 1945, the male basic wage in the Metropolitan Area was £5 0s. 1d.; in the South-West Division, £4 19s. 7d.; and in the Goldfields and other than the South-West Division, £5 7s. 5d. Thus all male adults classified with a maximum under £699 in the Metropolitan Area receive £75 per annum, South-West Division receive £75 per annum, and in the Goldfields £95 per annum, above the salaries shown in the List.

The column headed "Basic Wage Allowance" represents the actual position on 1st July, 1945, and is paid in addition to the salary noted in previous column.

In the Allowances column of the List, the letters shown indicate the nature of the allowance—
