THE RAILWAYS CLASSIFICATION BOARD ACT,
1920-1945.

Between the West Australian Railway Officers' Union (Applicant) and the Commissioner of Railways (Respondent).

APPLICATION having been made to the Railways Classification Board by the West Australian Railway Officers' Union under the provisions of regulation 18 (3) of the National Security (Economic Organisation) Regulations for variation of clause 26 (Rates of Pay) of Railways Classification Board Award No. 1 of 1939, and the Board having heard the parties and taken cognizance of the evidence submitted, the majority of the members of the Board formed the opinion that the grounds upon which alterations to rates of remuneration were sought provided *prima facie* evidence that alterations were necessary to remove anomalies and to compensate for changes in circumstances. In pursuance, therefore, of the regulations hereinbefore referred to, the Board reported on the matter to his Honour the Chief Judge, Commonwealth Court of Arbitration and Conciliation.

An order issued by His Honour the Chief Judge, dated the 17th April, 1946 (Reference—Commonwealth Court of Conciliation and Arbitration No. 105 of 1946) authorising the Board to proceed and determine the matter has been received and the Board having further deliberated accordingly delivers its decision in the following terms.

2.—Determination.

(1) The Board has followed the decision of the Conciliation Commissioner* as closely as possible by continuing the increases of £30 and £20 per annum to foremen and sub-foremen respectively, and by awarding similar increases to all other railway officers on comparable margins. It is necessary to remove particular anomalies by awarding greater increases to certain officers (see under heading "Anomaly," paragraphs 1, 2 and 3 and "Exceptions" hereunder).

(2) Higher salaried foremen receive margins of £217-£277 per annum; higher salaried sub-foremen receive margins of £147-£167 per annum. The Board has chosen the margin of £212 per annum as the dividing point and, subject to certain exceptions, awards an increase of £30 per annum to all officers receiving margins of £212 per annum or greater, and an increase of £20 per annum to all officers receiving margins of less than £212 per annum.

(3) Exceptions—

(i) Margin £212 per annum or greater.

Special Class—

	1st Year.	2nd Year.	3rd Year.
Old margins ..	£310	£325	£345
Amended margins	£340	£365	£390

Note.—The proposed increase will place special class officers on the same maximum as 5th class sub-heads, that is, £650 per annum, thus removing the anomaly created by the recent increases awarded to the latter.

(ii) Margin below £212 per annum.

6th Class—

	1st Year.	2nd Year.
	(or 21 years of age).	
Old margins ..	Nil.	£15
Amended margins	£10	£30

Adult Females—

£10 per annum all round increase in margins.

Note.—The Board considers that officers of 21 and 22 years of age and females are not entitled to participate to the extent of older adult male officers.

(4) The Board considers that the extent to which junior officers are affected by the anomaly and change of circumstances affecting adult officers is negligible. Consequently, their claims are refused.

A Schedule of the amended salaries is annexed hereto.

This Award to take effect and operate from the 3rd day of May, 1946.

In witness whereof this Award has been signed by the Chairman this third day of May, one thousand nine hundred and forty-six.

W. J. WALLWORK,
Chairman.

* Given by H. J. Craig, Esq., Commonwealth Conciliation Commissioner for Western Australia on 26/2/1946. The Commissioner awarded increases to foremen and sub-foremen of £30 and £20 per annum, respectively.

(ii) If such officer is subsequently promoted to class five clerical and station-masters or class three assistant and night station-masters, he will be entitled to advancement to the maximum of that class twelve months from the date he received the allowance.

(h) Officers occupying the positions set forth in the attached Schedule shall be paid a salary not less than the minimum provided for the class in which such position has been classified: provided that, where an officer has been on the minimum, intermediate or maximum of his class he shall be advanced to the equivalent range under this Schedule. Officers who are classified on range of salary outside the Schedule of salaries shall be advanced similarly to those coming under the general schedule.

(i) Officers (other than juniors) occupying all other positions will be paid the salary set forth in sixth class subclause (b).

(j) Any officer over 21 years of age who has passed the pay officer's examination and is engaged in paying salaries or wages half or more of his time, shall be classified in the fifth class.

(k) Advancement from minimum to maximum of any class shall be by yearly increment: provided such advancement shall be approved by the Commissioner, upon satisfactory report from the Head of the Branch in which the officer is employed, of his conduct, diligence, and efficiency, and provided also that the advancement in salary shall not be granted to an officer if the Commissioner determines that such officer has not performed his duties satisfactorily for the preceding twelve months, or that such officer has been guilty of misconduct which, in the opinion of the Commissioner, justifies the postponement or refusal of the advancement.

(l) An officer who is unable from any cause to perform the duties of his position and is in consequence provided with employment in another position in a lower class shall, unless the Commissioner directs otherwise, be paid the maximum rate for the class in which he has been provided.

(m) Nothing in this Award shall be deemed to limit the power of the Commissioner to pay any officer at a higher rate than that prescribed in any case, where he may consider the same to be merited or warranted by the officer occupying such position.

(n) The rates of pay for all officers shall be subject to adjustment in accordance with basic wage declaration of the State Court of Arbitration: provided that the basic wage payable shall be the nearest multiple of £5 to the result obtained by multiplying the State weekly basic wage by fifty-two and one-sixth (52 1/6th).
