1. No person, company or corporation shall within the limits of the Bassendean Road District directly or indirectly—Quarry or permit quarries or excavations for stone, gravel, sand, or other materials, or do any act or thing, for the purpose of recovering any stone, gravel, sand or other material whereby an excavation is created or enlarged, without a license from the Board in writing first had and obtained: Provided that any person may excavate for foundations, wells, post-holes, septic tanks, reservoirs, air-raid shelters, according to the plans and specifications submitted to the Board upon the granting of a building permit. The owner (as shown by the rate book), the registered proprietor, the purchaser under contract of sale, the occupier and/or any person removing or assisting in removing any such material without a license having been granted in respect thereof, shall be liable as if such person were actually quarrying.

2. The application for a license shall be in writing, with a deposit of £1, and accompanied by a plan showing the site, with contours and levels and size of the proposed quarrying or excavation and its distance from the nearest buildings, roads, and footpaths.

3. The fee for such license shall be £1 per annum and, if cancelled by the Board during its currency, a proportionate part will be refunded.

4. The Board may refuse to grant or renew a license without assigning any reason to the applicant.

5. The licensee shall, before commencing any blasting or quarrying, erect and keep exhibited such notices of warning as may be directed by the Board.

6. The licensee shall obey the directions of the Board as to the limit in size, weight, or amount of any explosive that may be used in any charge.

7. Every quarry shall be enclosed by a sufficient fence to keep out persons, stock, and cattle and shall have gates, which shall be kept locked during the hours when quarrying operations are not being carried on.

8. No excavation shall be made below the level of the nearest road, except with the written consent of the Board, which may require a deposit from the licensee to cover the cost of levelling such excavation.

9. Before the grant of a license the applicant shall notify every owner of land situated within 300 yards of the proposed excavation and such notification shall inform such owner that he may within seven days object in writing to the granting of a license.

10. No license will be granted for any excavation, and no excavation shall be made or maintained within 20 yards of any road, or of land owned by the Bassendean Road Board, or any person which would be likely (after allowing for a normal angle of slope of the materials excavated) to cause a subsidence of such road or land.

12. The licensee shall drain and keep drained the excavations, and the responsibility for the discharge and disposal of the water drained shall be upon the licensee.

13. The Board may, before or pending the grant of a license, enter into agreements with the licensee as to compliance with the above by-laws, the observance of regulations relating to heavy traffic, the constructions and maintenance of a private road to the quarry or excavation of the licensee bearing a proportionate part of the maintenance of the public road in the said district used by him, and such agreement shall be conditions of the grant and holding of the license.

14. If the Board shall cancel the license for any reason other than the infringement of any of the conditions of the license or agreement (if any), the licensee shall be entitled to a refund of a proportionate part of the fee paid.

15. Between five and ten minutes before blasting a charge, the licensee shall, by bell, whistle, or other means, give sufficient warning of danger.

16. The holding of a license shall not exempt the licensee from damage or liability to the public or entitle or permit him to commit any nuisance.

17. Any contravention of an agreement, if any, or the conditions imposed upon the granting of a license, shall incur cancellation of the license.

18. If there is any breach of any of the above by-laws the penalty shall be up to £20.

19. These by-laws shall apply to existing as well as future quarries.

20. Nothing herein contained shall be construed to limit, diminish, or restrict any general by-law made or to be made under the Town Planning and Development Act, and in case of any inconsistency, such general by-law shall prevail.

MUNICIPAL CORPORATIONS ACT, 1906-1945.

Municipality of Northam.

By-law No. 28, Clause 20 (a)—Verandahs
(Erection thereof).

P.W. 1184/45.

A By-law of the Municipality of Northam made under section 180 of the Municipal Corporations Act, 1906-1945, and numbered By-law 28, Clause 20 (a), prescribing for the Erection of Verandahs over any public footpath within the limits of the district of the Municipality of Northam.

IN pursuance of the powers conferred by the said Act, the Mayor and Councillors of the Municipality of Northam order as follows:—

1. No person shall erect any verandah over any public footpath within the limits of the district of the Municipality of Northam without having first obtained the consent of the Council of the Municipality of Northam, such consent to be signified by the issue of a license in the form of the Schedule hereto.

2. Any person desiring to obtain the consent of the Council to the erection of such a verandah shall deposit with the Town Clerk of the Council a plan, elevation, section and specification showing in detail the proposed construction of such verandah and the manner in which it is proposed to secure it to the building to which it is proposed to be attached.

3. No such verandah shall hereafter be erected unless it is of the cantilever type and conforms, save as hereinafter provided, to the standard design which has been settled and approved by the Council and deposited in the office of the Town Clerk. Provided that the strength of the materials used in the construction of any such verandah and the design thereof may, subject to the approval of the Council, be varied according to circumstances.

4. The minimum height of any verandah hereafter erected shall be 11 feet from the top of the kerb to the underside of the signboard. In the case of sloping ground the height shall be measured at the centre of the frontage. Provided that if the frontage shall exceed 20 feet a break shall be made if so directed by the Council.

5. All verandahs in a street shall be erected of a uniform height and width. Subject to the last preceding section the standard height and width of verandahs in each street shall be fixed by the Council.

6. In the construction of every such verandah the following conditions shall be complied with:—

(a) The roof shall be covered with 24-gauge galvanised corrugated iron. The gutters shall be lined with galvanised plain iron not lighter than 24-gauge and shall be of a capacity sufficient to carry off all rain or stormwater. Such capacity shall in no case be less than 27 square inches.

(b) Down pipes shall be of 24-gauge galvanised iron with a minimum area of nine square inches. The inlets from the gutters to the down-pipes shall be at least twice the area of the down-pipes and shall be funnel shaped. Special provisions shall be made for the head of the down-pipes; the lower length of such down-pipes shall be 18-gauge at least and to a height of six feet above the footpath shall be of cast-iron or concrete and the portion thereof carrying water under the footpath shall be of wrought iron or concrete.

(c) The ceiling shall be of ceelite, plain galvanised iron or other approved non-inflammable materials, securely fixed to the wood joists which shall be of 4in. x 2in. spaced not more than two feet centres running parallel with the footpath and secured to the steel framing. All ceilings to be flat and level.

(d) The hanging bolts are to be 1½in. in diameter, attached to the framing as shown, and securely bolted to the building and provided with a union screw all quite plain.

7. The fascia or signboard of every such verandah is to be framed as shown and covered with 24-gauge galvanised iron neatly fitted over the framing and a flashing of 5 lbs. lead must be fixed over the top as shown.

8. Whenever a proposed verandah will abut on to an existing verandah it shall be so finished as to prevent rain from falling between such verandahs. Provided that when the existing verandah is shorter than the frontage of the building to which it is attached the person erecting the new verandah shall make the necessary extension to the existing one.

9. Whenever the end of a verandah abuts on to the end of a right-of-way, street or public place, the signboard shall be returned along such end to the satisfaction of the Council.

10. No writing, printing or trade notice of any description shall be exhibited on any portion of the verandah except on the outer face of the signboard and/or upon signboards under the ceiling of the verandah, securely and rigidly fixed to the ceiling at right angles to the building line and having a maximum depth of 12 inches and at a distance of 12 feet between one another.

11. No verandah nor any part thereof shall be painted or repainted unless the colours in which it is proposed to paint or repaint the same shall have been first submitted to the Council and its approval thereof obtained in writing.

12. No paper bill or calico sign shall be placed or exhibited on any verandah unless the consent in writing of the Council shall have been first obtained.

13. The owner or occupier for the time being of any building against or in front of which there is any verandah whether constructed before or after the passing of this by-law shall keep the verandah clean painted and in good repair and it shall be lawful for the Council to give notice to the owner or occupier of the

said building to clean, paint or repair such verandah whenever in its opinion such cleaning, painting or repairing is required.

14. Where anything by this by-law is directed to be done or forbidden to be done or where authority is given to the Council to direct anything to be done or to forbid anything to be done and such act so directed to be done remains undone or such act forbidden to be done is done in every such case the person making such default as to such direction and prohibition respectively shall be deemed guilty of a breach of this by-law. And every person guilty of a breach of this by-law shall be liable for every such offence besides any costs which may be incurred in the taking of proceedings against such person guilty of such offence as well as any costs or expenses which may be incurred in the execution of the work directed to be so executed and not so executed, to a penalty not exceeding 20 pounds for every breach of any such by-law or to a penalty not exceeding two pounds for each day during which such breach shall be committed or continued.

5.—Average Occupied Beds.

(i) For the purpose of ascertaining the daily average of occupied beds the average shall be taken for the six (6) months ending 30th June and 31st December in each and every year, and such average shall relate to the salary for the succeeding half-year. In the event of a hospital not having been open for the required period, the salary to be paid shall be such as may be agreed upon by the employer and the union, and if no agreement is arrived at, determined by the Board of Reference appointed hereunder.

(ii) Babies receiving attention shall be included in calculating the daily average; provided, however, that no new-born baby shall be included in making the calculation for the first seven (7) days in the hospital.

(iii) Out-patients shall be included in calculating the average, three hundred and fifty (350) out-patients in each six (6) months' period counting as one (1) occupied bed.

Liberty is reserved to the Union to apply to the Court at any time to amend this proviso.

(b) At hospitals, except Wooroloo and Kalgoorlie, outside a radius of twenty-five (25) miles from the General Post Office, Perth, eight-eight (88) hours per fortnight, exclusive of meal times.

(c) At Wooroloo Hospital, one hundred and seventy-six (176) hours per four (4) weeks, exclusive of meal times; provided that the hours for trainees at this institution shall be worked in straight shifts of eight (8) hours each.

(d) Trainees at registered part-time training schools under the Nurses' Registration Act shall work in shifts of eight (8) hours; provided such shifts of eight (8) hours shall not exceed a spread of twelve (12) hours.

(e) At hospitals which come under the provisions of paragraph (a) of this clause, those on day duty shall be allowed one and a half (1½) days' continuous time off duty per week, and those on night duty shall be allowed one and a half (1½) days' continuous time off duty per week or three (3) days' continuous time off duty per fortnight.

Similar provisions shall apply in hospitals which come under the provisions of subclause (b) hereof, where reasonably practicable, and where it is not practicable and the days off duty as specified are missed and not taken within four (4) weeks, equivalent time shall be added to the annual leave of the employee, or, in the case of a casual employee, it shall be paid for when the employment terminates. The provisions of this clause shall not apply in the case of trainees working straight shifts of eight (8) hours.

(f) At Wooroloo Hospital, six (6) days' continuous time off duty in every four (4) weeks shall be allowed, which provision shall also apply to trainees.

(g) The foregoing provisions of this clause shall not apply to a matron or assistant matron.

(h) Notwithstanding anything to the contrary in this section, the ordinary working hours of the sisters in charge of the diabetic clinic at the Perth Hospital, and the sister on duty in the Medical Superintendent's Office at Perth Hospital, sisters on duty in X-ray and radium clinics and social service sisters, shall not exceed thirty-eight (38) hours per week, to be worked between 9 a.m. and 5 p.m. on week days with a break of an hour for lunch, which time shall not be included in the said thirty-eight (38) hours, and from 9 a.m. to 12 noon on Saturdays.

(i) In addition to the time off duty hereinbefore provided, nurses and sisters engaged in X-ray work or radium work, shall be allowed such other time off duty as in the opinion of the medical officer in charge of such work may be necessarily consequent upon such work for the purpose of maintaining or restoring them to normal health, and all such time shall be computed as part of the ordinary working time, and there shall be no reduction in salary in respect thereof.

(j) Morning and afternoon tea shall be provided by the employer to be taken as convenient without deduction of time involved.

(k) Where an employee is required to travel as part of her duty, such travelling time shall be considered as part of her working time, and there shall be no reduction in respect thereof.

(l) Where any employee is required to perform duty in connection with not more than two (2) infectious cases, the limitation of hours as specified herein shall not apply, and such employee shall be paid under this and the next following clause for twelve (12) hours' duty in each day, i.e., eight (8) hours at ordinary rates and four (4) hours at overtime rates.

This shall not apply to hospitals within a radius of twenty-five (25) miles from the General Post Office, Perth, or the Wooroloo or Kalgoorlie Hospitals.

(m) Night duty in North-West hospitals and Goldfields hospitals (except training schools) where the staff including the matron is three (3) or more shall not exceed seven (7) consecutive nights when a majority of the employees who are required to do night duty so decide, in which case night duty shall rotate after seven (7) nights.

(n) The provisions of this clause (except subclauses (j), (k) and (l)) shall not apply to hospitals where the daily average of occupied beds does not exceed six (6), in which case there shall be no fixed hours of duty.

8.—Overtime.

(i) All time worked in excess of the ordinary working time shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter, or, if the employer and employee so agree, time off in lieu thereof shall be granted at the convenience of the hospital; provided, however, that such time off shall be in unbroken periods according to each period of overtime worked; and also provided that the overtime is made up within twenty-eight (28) days from the time when it becomes due, except where it applies to the change-over from night duty to day duty or day duty to night duty.

(ii) Less than thirty (30) minutes' overtime for a week or a fortnight, as the case may be, shall not be paid for.

(iii) For the purpose of calculating the overtime rate, board and lodging assessed in accordance with clause 24 shall be added to the prescribed cash wage.

9.—Holidays.

(a) Every employee covered by this Award where not otherwise provided for, shall be entitled to four (4) weeks' leave on full pay for each twelve (12) months' service.

(b) An employee with more than one (1) month's service, and, in the case of a trainee three (3) months' service, who may resign or be dismissed, except the dismissal is due to misconduct, shall be entitled to pay for holidays pro rata up to the time of her leaving the service in such proportion as her period of employment bears to the number of days in the year.

(c) In addition to her salary, the employee on leave shall, where board and lodging allowance as prescribed by clause 24 is not included in the salary, be entitled to receive such allowance for the period of her leave.

(d) Every employee shall receive at least seven (7) days' previous notice of the commencement of her leave. For the purpose of ascertaining the approximate time of the annual leave a roster shall be kept in all hospitals of Class "A" and Class "B" giving the necessary information. This roster shall be placed on a notice board in some convenient place for inspection by employees.

(e) (i) Leave shall be paid for in advance at the rate of salary the employee is receiving at the time of taking such leave; provided that any leave accrued for the final year of training shall be paid for at the rate payable for such year of service.

(ii) Leave shall be given as soon as practicable after falling due. The leave of a trainee shall not accumulate, but shall be given each year. The leave of a nurse shall not accumulate except with the consent of the nurse, and in no case shall it accumulate for more than two years.

(f) Notwithstanding anything to the contrary herebefore contained, the nurse whose hours are fixed at thirty-eight (38) per week under clause 7 (h) shall be entitled to all Public Service holidays, and if any such holiday is not taken a day off shall be given in lieu thereof, and in addition thereto one (1) fortnight's leave per annum; provided that in the cases of sisters in charge of X-ray and radium clinics their holidays shall be four (4) weeks per annum in addition to the said Public Service holidays.

10.—Long Service Leave.

(i) An employee who has completed ten (10) years' continuous service, reckoned from the first day of November, 1935, in one hospital or under one employer shall

be entitled to long service leave for three (3) months on full pay, including board and lodging allowance as above, or six (6) months on half pay, plus half the said allowance. Time spent in long service leave or in absence for more than two (2) weeks without pay shall not be considered as part of such qualifying service.

(ii) Any employee who resigns or is retired or dismissed (except for misconduct) and has long service leave due to her, shall receive three (3) months' full pay, plus board and lodging allowance as aforesaid.

(iii) After the completion of the next term of ten (10) years' service, the employee shall be entitled to another long service leave of three (3) months and, similarly, after the next term of seven (7) years, on the same conditions as apply to the first term of long service leave. (iv) This clause shall not apply when there is in existence a special agreement for long service leave.

If an employee has been employed continuously by several employers, whether the Minister for Public Health, or a Hospital Board or Boards established under the Hospitals Act, 1927, or as a District Sister under clause 31 of this Award, her service shall be counted as continuous for the purpose of qualifying for long service leave; provided she has been employed for a minimum period of two (2) years by each employer, unless the employee submits a reason which in the opinion of such employer is a good and sufficient reason for entering into employment with another employer before the expiration of two (2) years' service.

The employee must furnish written proof of such continuous service.

The employer at the time of the application for long service leave shall be the person responsible to the employee for long service leave and payment therefor.

11.—Sick Leave.

(a) Sick leave with pay will be granted on the following scale on production of an adequate medical certificate or, in regard to leave not exceeding two (2) days, other evidence of ill-health satisfactory to the employer:—

(ii) Over three (3) years' service—two (2) months on full pay. The employee must furnish proof of continuous service.

(iii) Provided that all sick leave granted to trainees shall be on the following scale:—

(1) Under three (3) years' service—two (2) months on full pay;

(2) over three (3) years' service—the total amount of sick leave not to exceed two (2) months on full pay, and one and a quarter ($1\frac{1}{4}$) days for each completed month of service after the first three (3) years.

(b) Sick leave may be granted in one or more periods, but the aggregate amount of leave on pay shall not in any one (1) triennial period exceed the time provided for in the foregoing scale.

(c) A "triennial period" shall be three (3) years preceeding the date of the commencement of absence through illness in respect of which leave is claimed.

(d) If sickness is due to the wilful neglect or default of the applicant, the proof whereof lies upon the employer, it shall, if granted, be without pay.

12.—Dismissals.

(a) No employee shall be dismissed (except for misconduct) unless she has received fourteen (14) days' previous notice of her dismissal or pay for such period in lieu thereof.

(b) No employee shall, without the consent of her employer, resign without first having given fourteen (14) days' previous notice of her intention so to do; and in the absence of such notice the employer may withhold holiday or other pay up to the amount of fourteen

(14) days' wages; provided that this shall not apply in the case of a nurse who has received a summons for duty with any of the armed forces of Australia.

(c) An employee dismissed for misconduct shall have the right of appeal against such dismissal to an Industrial Magistrate or Police or Resident Magistrate, or such other person as may be agreed upon by her with her employer, and such employee shall be entitled to a written statement as to reason for her dismissal from her employer within fourteen (14) days of the said employer's having received a written request for such statement.

(d) This clause shall not apply to casual employees.

13.—Transfer.

(a) An employee who is transferred from one place to another shall be entitled to first-class travelling accommodation between the places of transfer and to full payment of salary during the time of leaving duty and taking up her new duties.

(b) (i) In addition she shall be allowed travelling allowance of two shillings and sixpence (2s. 6d.) for any meal purchased, or the actual cost of any meal purchased if such cost exceeds two shillings and sixpence (2s. 6d.). Meal times shall be 8 a.m., 1 p.m., and 6 p.m. Sixpence (6d.) for each morning and afternoon tea shall be allowed when travelling, at 11 a.m. and 4 p.m. Reasonable portorage shall also be allowed. Claims for taxi fares must be supported by receipts for the fares claimed.

(ii) No such meal allowance as mentioned shall be made for journeys completed between the ordinary meal times. Where practicable, at least fourteen (14) days' previous written notice shall be given to an employee required to transfer from one hospital or place to another.

14.—Engagement.

(a) When a nurse or a trainee is engaged for service in a hospital or place outside a radius of twenty-five (25) miles of the General Post Office, Perth, she shall be entitled to first-class fare and travelling allowance as above from the place of engagement to the place of employment, and her term of employment shall be deemed to commence as soon as she leaves her place of engagement.

(b) If an employee is dismissed before the period for which she was engaged has expired, or if none is stipulated, then before the period of six (6) months from the date of her appointment, except in case of dismissal for misconduct, she shall be entitled to first-class accommodation and travelling allowance as above to her place of engagement should she desire to return there.

Provided that if she was originally engaged in Perth and has been employed continuously at more than one public hospital without returning to Perth, then she shall be entitled to first-class accommodation and travelling allowance to Perth, should she desire to return there.

And also provided that should an employee elect to return to her place of engagement or to Perth by any other conveyance than by train, she shall be entitled, upon production of receipts to actual transport expenses incurred; but such transport expenses shall not exceed the amount of a first-class rail, boat and/or coach fare from the place of her last employment to the place of her engagement or to Perth, as the case may be.

(c) Any employee whose duties require her to travel shall be entitled to first-class travelling accommodation at the expense of her employer.

(d) If an employee who is engaged for duty in a hospital or place outside a radius of twenty-five (25) miles of the General Post Office, Perth, remains for six (6) months or more in the service of the employer who engages her, she shall be entitled to return fare and travelling allowance as mentioned in subclause (a) when she leaves her employment.

(e) Upon the termination of her employment, an employee shall receive payment before she leaves the hospital of all money due to her up to the termination of her employment.

(f) Except in the case of dismissal for misconduct, a casual employee shall receive return fare and travelling allowance irrespective of her period of engagement.

15.—Trainees.

(a) Every trainee shall be given the opportunity of securing by experience a knowledge of all hospital duties essential to her calling performed in the hospital or hospitals where she is in training.

(b) A trainee shall not be required to undertake ward duty, except under the immediate supervision of a nurse during the first six (6) weeks' service.

(c) Where trainees are given preliminary training before taking up ward duty, the time spent in such preliminary training shall be counted as part of the period of training.

(d) The period of training shall be such as is prescribed in the regulations issued by the Nurses' Registration Board.

There shall be three (3) executed copies of such agreement, of which one copy shall be held by the employer, one by the trainee or her parent or guardian, and one shall be lodged with the Registrar.

(g) Trainees shall be employed for a period of six (6) months on probation; such period shall count as part of the term of service.

(h) A trainee may be transferred from one employer to another, but notification thereof must be sent to the Registrar within fourteen (14) days from the date thereof.

(i) The agreement may be cancelled by mutual consent of the parties, but notification of such cancellation must be forwarded to the Registrar within fourteen (14) days from the date thereof.

(j) The employer, with the consent of the Court, may discharge a trainee from service and cancel the agreement for misconduct or wilful disobedience or any other cause which the Court may deem sufficient; provided, however, the employer shall be entitled to impose any other disciplinary measures as are provided in the indentures.

(k) Lecture Times: Any lectures or examinations which occur normally during duty hours shall be computed as part of the working time of the trainees whose duty it is to attend such lectures or examinations, and there shall be no reduction in salary in respect thereto.

(l) Trainees who do not pass their final examinations may be retained until such examinations are passed, and during such period they shall be paid at the rate provided for trainees in their final year. But such extended period shall in no case exceed twelve (12) months.

(m) Trainees at the Kalgoorlie Hospital shall not be required to be on night duty for more than six (6) continuous weeks in any one period.

(n) The employer shall report to the Court in writing the result of all examinations immediately the result is available, showing—

(b) The employer shall provide all uniforms which shall at all times remain the property of the employer; provided that—

(i) trainees shall pay an amount of three guineas (£3 3s.) towards the cost of initial uniforms on commencement of their training, but on completion of the first twelve (12) months of training the amount of three guineas (£3 3s.) shall be refunded to the trainee;

An employee shall not be deprived of any privileges relating to her employment, enjoyed by her at the date hereof, except such as are dealt with in the Award, in which case the Award provisions shall apply.
