INDUSTRIAL ARBITRATION ACT, 1912-1941.

Notice before Cancellation of Registration.

NOTICE is hereby given that it is the intention of the undersigned to proceed on the 9th day of February, 1948, to cancel the registration of The Fremantle Tally Clerks' Union of Workers, under the abovenamed Act, unless cause be shown to the contrary in the meantime.

The ground of such proposed cancellation is as follows:—That members of this Industrial Union have applied to become members of the Federated Clerks' Union of Australia, W.A. Branch, and desire to cancel registration of The Fremantle Tally Clerks' Union, and so remove all constitutional difficulties to the Federated Clerks' Union of Australia, W.A. Branch, effecting amendments to its constitution to validate acceptance of tally clerks as members. Membership in the Federated Clerks' Union of Australia of tally clerks engaged in stevedoring work on wharves, jetties, lighters or ships removes any necessity for the continued registration of The Fremantle Tally Clerks' Union.

Dated the 8th day of December, 1947.

Registrar of Industrial Unions.

#### 4.—No Reduction.

Nothing herein contained shall entitle an employer to reduce the wage of any worker who at the date of this agreement was being paid a higher rate of wage than the minimum prescribed for his class of work.

#### 5.—Limitation of Juniors.

Juniors shall not be employed on any of the work classified in subclause (b) (i) (ii) and (iii) of clause 3 hereof except by agreement between the union and the employer.

#### 6.—Hours.

(a) Forty-four (44) hours shall constitute a week's work. With the written permission of the union an eighty-eight (88) hour fortnight (namely, one week of forty (40) and one week of forty-eight (48) hours) may be worked.

In the event of the Court delivering a decision reducing the standard hours to be worked in industry in Western Australia, liberty is reserved to the union to apply for an amendment of this clause.

(b) Each worker shall be rostered off duty on one day in each week. Such roster shall be posted before the commencement of each working week and may only be altered for reasons beyond the employer's control: Provided that any work performed by a worker on his rostered day off, shall be paid for at the penalty rates prescribed in subclause (a) of Clause 7, Overtime.

#### 7.—Overtime.

(a) Except as hereinafter provided a period of three and two-thirds (3-2/3rds) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer. Such leave shall be given to and taken by the worker within three (3) months of becoming due.

Provided that where the engagement of any worker is terminated after four (4) weeks' continuous service, or after any period of continuous service from the date of which the previous annual holidays became due, he shall receive a monetary payment in lieu of holidays in proportion to the length of his service.

(b) Any time in respect of which a worker is absent from work except time for which he is entitled to claim sick pay or time spent on annual leave as prescribed by this Agreement shall not count for the purpose of determining his right to annual leave.

(c) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

#### 9.—Meal Money.

Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act. A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident, not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default. No worker shall be entitled to the benefits of this clause unless he produces satisfactory proof to his employer of sickness, but the employer shall not be entitled to a medical certificate, unless the absence is for three (3) days or more.

15.—Board of Reference.

The Court appoints, for the purpose of this Agreement, a Board or Boards of Reference. Each Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. There are assigned to each such Board, in the event of no agreement being arrived at between the parties to the Agreement, the functions of:—

- (ii) classifying and fixing wages, rates, and conditions for any occupation or calling not specifically mentioned in the Agreement;
- (iii) deciding any other matter that the Court may refer to such Board from time to time.

4.—Workers Performing Higher Duties.

(a) A worker engaged for more than one-half of one day or shift on duties carrying a higher rate than his ordinary classification shall be paid the higher rate for such day or shift; if employed for one-half or less than half of one day or shift he shall be paid the higher rate for the time actually worked; Provided however that acting time of less than twenty (20) minutes in any one day or shift shall not be counted; Provided further that the conditions applicable to such higher duties shall apply.

(b) Should any worker be required to perform work in a lower grade, his wage shall not be reduced whilst employed in such capacity.

5.—Promotion.

(a) A worker promoted to a higher position, the minimum pay for which is less than he received in the position vacated, shall be paid his former rate.

(b) A junior worker on attaining the age of twenty-one (21) years provided he has passed the prescribed examinations, if any, shall be entitled to preference of employment as a senior in the branch in which he has been working, should a vacancy exist in such branch.

(c) Before any promotion to a vacancy shall be made otherwise than by seniority, such vacancy shall be advertised in the “Weekly Notice,” and in addition thereto vacancies in the Workshops or the Stores Branch shall be advertised on the recognised notice boards; Provided however that this sub-clause shall not apply in any case where it is necessary to fill a position without the delay involved by the calling of applications, in which case a temporary appointment may be made, pending the making of the permanent appointment.

(d) In the case of promotion, the selection of a worker for the higher position shall be governed by the relative ability, suitability, record and experience. All other qualifications being equal, the senior man shall be selected.

(e) In the case of a married worker refusing promotion owing to lack of accommodation at the place where the vacancy exists he shall not be penalised because of his refusal to accept such promotion. For the purpose of this clause “accommodation” shall be deemed to include the provision of a house which may be rented by such worker.

(f) After six (6) months’ continuous service in a higher grade, a vacancy shall be deemed to exist in such grade, and it shall be filled subject to sub-clause (c), (d) and (e); Provided however that this sub-clause shall not apply where the position filled was caused by sickness, accident, long service leave, or leave without pay or holidays of any worker.

6.—Retirement.

(a) No worker after six (6) months’ continuous service shall leave the Department until the expiration of fourteen (14) days’ written notice of his intention so to do without the approval of the Commissioner.

(b) Except in the case of summary dismissal for misconduct, fourteen (14) days’ written notice shall be given by the Commissioner to any such worker whose services are no longer required, and the reason for dismissal shall be stated in such notice.

7.—Transfers and Transfer Allowances.

(a) When any transfer is ordered by the Department the worker transferred shall not lose his right of appeal against the transfer, and, if on inquiry it is found that such a transfer can be arranged with another worker to suit the convenience of the Department, then he shall be retransferred. A worker transferred from one station to another over one mile distant, involving a change of residence shall—

- (i) be paid not less than Four Pounds (£4) for a married man and fifteen shillings (15s.) for a single man; a married man who does not transfer his family shall be paid as a single man until he does transfer his family,

- (ii) be paid such further out-of-pocket expenses (if any) as the Commissioner in his discretion shall decide to have been reasonably incurred;
- (iii) be granted free passes for himself and family (including those dependants mentioned in the interpretation of "married man" and also the mother of a married man permanently residing with and wholly dependent upon him) and free railway transport of his furniture and effects, including one cow and not more than two (2) goats; where the train is provided with appropriate sleepers and the worker's journey extends through the night he and his family shall be supplied with sleeping berths;
- (iv) be paid actual travelling and waiting time up to a maximum of eight (8) hours per day; no overtime or Sunday time rates shall apply;
- (v) if a married man is obliged to pack and unpack he shall be allowed one day for packing and one day for unpacking.

(b) The granting of an allowance in excess of that provided above to meet special cases shall be at the discretion of the Commissioner.

(c) Any worker who is transferred from one place to another to suit himself, or who is transferred by way of punishment, shall be entitled to the provisions of sub-clause (a) (iii) only; Provided however that in the case of a worker who has applied for a transfer for his own convenience, such application shall be deemed to have lapsed after the expiration of three (3) months from the date thereof, and if such application is not renewed, and the worker is subsequently transferred, the provisions of this clause shall not apply.

(d) At least ten (10) days' notice shall be given to a worker required to transfer permanently from one station to another.

(e) A worker shall not be transferred for a less period than three (3) months. If required to work temporarily at any depot for relief or other purposes for a lesser period, he shall be paid away-from-home or lodging allowance provided for in his section of this award.

(f) Any worker who has been stationed in the Goldfields Areas for a period exceeding three (3) years shall be entitled to a transfer with expenses as hereinbefore mentioned to a station not more than thirty (30) miles from the coast, and such transfer shall upon request be arranged if the exigencies of the service will permit.

8.—District Allowances.

(a) District allowances, as specified below, shall be paid to workers stationed at—

	Per Week. s. d.
(i) Carrabin and Bullfinch to Southern Cross .....	5 3
(ii) Southern Cross and eastward thereof to Kanowna .....	5 3
Except the towns of Southern Cross, Coolgardie, Kalgoorlie and Boulder, and within five (5) miles thereof, where the allowance will be .....	2 4
(iii) Coolgardie to Salmon Gums .....	5 3
(iv) Southward of Salmon Gums to Esperance .....	2 4
(v) Northward of the Kalgoorlie radius .....	7 0

(b) District allowance shall not apply where the worker is absent without pay, unless such absence is due to sickness of worker and does not exceed three (3) months.

(c) Workers leaving the service for any cause and due for payment in lieu of holidays shall only be paid district allowance for any accumulated leave up to the date when such worker's previous annual leave became due.

9.—Water Allowance.

Water shall be delivered alongside the line gratis to any worker in the following scale:—

To a married man—30 gallons per day.

To a single man—10 gallons per day.

This shall not apply to stations where a public water scheme is available.

10.—Payment for Travelling Time.

(a) A worker travelling as a passenger going to work away from or returning to his home station shall be paid at ordinary rates for the actual travelling or waiting time for the first eight (8) hours, and thereafter at half the ordinary rates in any one period of twenty-four (24) hours.

(b) Where the waiting time exceeds four (4) hours (and suitable accommodation is available) the worker shall be deemed to be booked off duty and shall not be entitled to payment for the time he is booked off.

(c) Sunday travelling time shall be paid at the same rates and on the same conditions as on week days.

(d) The hours in the case of a member of a felling gang shall commence and end each day at the tool shed, excepting when the place of work is closer to the employee's place of residence and he is not required to attend at the tool shed, in which case the commencing or finishing time shall be at the place of work. Provided that when in the opinion of the ganger the efficient maintenance of track necessitates an employee finishing work elsewhere than herein stated he shall be allowed reasonable travelling time at ordinary rate to the tool shed or to a point on the track nearer his home (if he be not required to go to the tool shed) whichever is the closer.

(e) In respect of a worker who is provided with a sleeping berth in a passenger train, travelling time shall not count between 10 p.m. and 7 a.m. Provided this shall not operate to reduce the travelling time to be paid for below four (4) hours in any one day; Provided further that where by virtue of the length or nature of the journey the sleeping berth is available for six (6) hours or less travelling time shall be paid for such period with a minimum of four (4) hours.

(f) A worker residing within the suburban area, who is required to start work at some place other than his home station within the suburban area, shall—

(i) if notified on the previous evening travel one way, from work or to work, in his own time Provided there is a train by which he can conveniently travel;

(ii) if not so notified the worker shall travel both ways in the employer's time.

The Department shall provide free railway travelling from the home station; PROVIDED HOWEVER that no traffic or other worker sent on relief duty within the suburban area shall claim or be allowed extra travelling time, if the station at which he is to work is nearer his residence than his home station.

11.—Travelling by Sea.

A worker when travelling by coastal boat shall be entitled to first-class accommodation on the boat, and to one-fourth only of the usual away-from-home allowance, and travelling time shall be paid at ordinary rates; Provided that not more than eight (8) hours shall be paid for as travelling time in any one period of twenty-four (24) hours.

12.—Absence from Duty.

(a) Any member of the running staff, being unable to attend to his duty through sickness, shall notify his foreman or other officer-in-charge at least three (3) hours before the time he is booked for duty, and he shall also satisfy such foreman or officer that he is unfit to attend to his duties.

(b) Any worker so absent shall not again be booked up for duty unless he notifies such foreman or officer, not later than noon on any day, that he is fit to resume.

(c) Any other worker losing time through sickness or injury shall, as soon as possible, notify his foreman or other officer-in-charge, when possible, in sufficient time to permit of arrangements being made for the performance of his duties. Any such worker who fails to do so shall be treated as absent without leave.

(d) Subject to the provisions of Clause 13 (payment for sickness) any worker losing time through sickness or special leave shall be reduced in wages only to the extent of the time actually lost through sickness or actually granted as special leave.

### 13.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-half ( $\frac{1}{2}$ ) day for each completed month of service; Provided that payment for such absence through such ill-health shall be limited to six (6) days in each calendar year but the sick leave herein provided shall be allowed to accumulate and any portion unused in any year may be availed of in the next or any succeeding year. Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) No worker shall be entitled to the benefits of this clause unless he produces proof to the satisfaction of the Commissioner or his representative of sickness, but the Commissioner shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(c) No payment will be made for any absence due to a worker's own fault, neglect, or misconduct.

### 14.—Free Passes, Privilege Tickets and Season Tickets.

(a) After twelve (12) months' continuous service a worker shall be allowed three (3) passes per annum as under:—

One (1) second-class station-to-station pass on the occasion of the annual or long service leave, to cover the full term of leave due;

Two (2) first-class privilege passes from one given station to another and return, except during the Christmas, New Year and Easter holidays, when at the option of the Commissioner, the passes may be issued as second-class; Provided however that in the event of the worker, owing to domestic arrangements desiring to return to his home leaving his family at the holiday destination, the pass issued will be considered as available for the return of the family, or a separate pass issued therefor.

In addition to the worker the passes shall be available for his wife and unmarried members of his family under eighteen (18) years of age, unmarried daughters over eighteen (18) years of age, and his parents; Provided they are resident with and dependent upon him for support. The station-to-station passes may be changed to first-class on payment by the worker of half the additional fare at ordinary rates.

For the purpose of this clause a member of the family shall be deemed to be dependent Provided such member's income does not exceed twenty shillings (20s.) per week, exclusive of old-age or invalid pension, but a member of the family temporarily out of employment shall not be deemed to be dependent.

A widower with his child or children resident with him and who regularly employs a housekeeper may, at the discretion of the Commissioner, be granted passes for such housekeeper; in like manner, an unmarried worker supporting younger brothers and/or sisters may be granted passes for such housekeeper.

(b) Upon request a worker may be granted a separate station-to-station pass for his wife and dependents, as mentioned in sub-clause (a) hereof, where it is inconvenient for both to travel together.

(c) Should any worker through illness be unable to use his station-to-station pass on the occasion of his annual leave, he shall be entitled to the use of such pass on the occasion of taking leave without pay during the year in which same is due.

(d) After six (6) months' continuous service a worker shall be entitled to the passes mentioned in sub-clause (a) in proportion to length of service.

(f) A worker who resigns or is retired from the service and has leave due shall be granted a free pass, station-to-station, for the term of such holidays; Provided that, should a worker not have given the requisite notice, or obtained the consent of the Commissioner to leave the service as provided for in Clause 6, he shall forfeit all claim to any passes he would otherwise have been entitled to under the provisions of this clause.

(g) On production of a certificate from the General Secretary of the Railway Institute, passes shall be issued to a worker for the sole purpose of attending approved classes at the Railway Institute.

(h) Workers in isolated parts may be issued free passes at the discretion of the Head of the Branch for the purpose of obtaining medical attention.

(i) Market Passes: Workers stationed outside suburban areas shall be issued market passes once per month to the market town most convenient to the Commissioner and the worker. The passes may be issued in favour of the worker, his wife, or his housekeeper, and children between the ages of five (5) and fourteen (14) years. A worker's wife or housekeeper may be granted a market pass once per fortnight, if required; Provided that the maximum number of passes granted under this sub-clause shall be two (2) per month. A market pass may include a perambulator or go-cart if required.

(j) Free Freight: Domestic supplies up to a maximum weight fortnightly of two hundred-weight (2 cwt.) for married men and one hundred-weight (1 cwt.) for single men shall be carried free by rail to home station from the market town most convenient to the Commissioner and the worker, and, in addition, meat, bread, vegetables and dairy produce, when not obtainable locally shall be carried free from the market town most convenient to the Commissioner and the worker where same are procurable. All such supplies shall be for the sole use of the worker and his family. This sub-clause shall not apply to the suburban areas; Provided that this concession shall not apply when any member of the worker's family conducts a boarding-house or store at the home station.

(k) Free passes shall not apply to race or hired special, guaranteed special, or special excursion trains within a fifty-mile radius, or when in the opinion of the Stationmaster at the station where the worker desires to commence his journey there is not ample room in the train.

(l) Workers working away from home station shall be entitled to a free pass to enable them to visit their home station at intervals of not less than once per fortnight; Provided that the work upon which they are engaged will permit of their doing so. No travelling time shall be paid. Provided also that this clause shall not operate to increase or decrease the rate of expenses the worker would otherwise be entitled to.

(m) Privilege Tickets: After six (6) months' continuous service, a worker shall be allowed privilege return tickets (first or second class) for himself, wife and unmarried members of his family under eighteen (18) years of age, also unmarried daughters over eighteen (18) years of age, provided they are resident with and dependent upon the worker's earnings; the charge for privilege tickets to be half the single fare for the return journey, with a minimum of one shilling (1s.) for adults and sixpence (6d.) for children.

(n) Season Tickets: Second-class season tickets at half the ordinary season ticket rates, available between the station nearest his residence and his place of work, shall, on application, be issued to

any worker. To any worker in receipt of forty-five per cent. (45%) of the basic wage or under per week, one-quarter of the ordinary season ticket rates shall be charged.

#### 15—Annual Leave and Holidays.

(1) Annual Leave: (a) Every worker shall, after twelve (12) months' continuous service, be entitled to two (2) weeks' leave on full pay each year, the whole of which shall, except by agreement between the Commissioner and the union to the contrary, be taken at one time in each year; Provided always that with the consent of the Commissioner holidays may be allowed to accumulate for two (2) years.

Two (2) days' extra annual leave shall be granted to workers stationed at Yalgoo and Goongarrie and North and East thereof, and to those workers stationed on the Hopetoun-Ravensthorpe Railway, and at Norseman and southward thereof.

Two (2) weeks' extra leave shall be granted to workers stationed on the Port Hedland-Marble Bar Railway when clearing annual leave, such leave to be counted from the time of booking off duty at home station.

(b) Guards, signalmen and shunters, after twelve (12) months' service, shall be allowed an additional week's holiday in each year on full pay.

(c) Workers shall be paid for annual leave at their graded rates of pay when such annual leave is taken; Provided that if within two (2) weeks before such annual leave is taken the worker is acting in a higher capacity, and has been so acting for a period of not less than two (2) months continuously, the annual leave shall be paid for at the rate applicable to such higher capacity position.

(d) Every worker, after one month's continuous service shall be entitled to annual leave in proportion as the length of service is to the period of two (2) weeks referred to in paragraph (a) and the additional period of one week referred to in paragraph (b) hereof, as the case may be.

(e) No deduction shall be made from annual leave for the period any worker is off duty through sickness unless the absence exceeds three (3) calendar months.

(f) In respect of employees of Traffic Branch covered by Part II of this award, every year prior to the 31st August a statement shall be posted in each depot or station showing the date on which each worker will go on his annual leave and resume duty. The annual leave for such worker shall be calculated up to the 30th June each year, and only leave up to that date shall be granted each year, except in cases where leave has been allowed to accumulate.

Holiday lists are not to be departed from without the consent of the employee, except for reasons of sickness, accident or traffic requirements not foreseeable at the date of preparing lists.

Where an employee's holidays have been cancelled he shall be notified within one month after such cancellation of the date on which he is to be again booked off and this date shall not be departed from.

With the approval of the head of the branch any worker may exchange dates with another.

(g) Any worker who may resign or be dismissed from the service for any cause, other than for pecculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service; Provided always that if the worker has been dismissed for pecculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(h) Unless at his own request, no worker shall be booked off for annual leave at a foreign or at his temporary home station.

(i) If a worker is booked off for annual leave when away from his permanent home station, he shall be allowed travelling time to and from the place he is working at and such home stations; the leave to count as starting and finishing at his permanent home station.

(j) When work is closed down over Christmas and New Year for the purpose of annual leave, workers with less than a full year's annual leave due will only be entitled to payment during such period for the number of days annual leave due to them.

(k) Workers in the Midland Junction Workshops required for duty during Christmas holidays shall be given at least one month's notice in writing of their services being required, unless such notice is waived by the worker.

(2) Holidays: (a) In addition to their annual leave, the following days shall be observed as holidays:—New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, King's Birthday, Christmas Day, Boxing Day, and any other day proclaimed as a general public holiday.

(b) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid for the time worked as if it were an ordinary working day and shall in addition be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date where the worker so agrees.

(c) In the case of workers working a five-day week no payment or day in lieu shall be granted for any holiday falling on a Saturday.

(d) When any holiday falls on a Sunday, workers shall not be granted a paid holiday except where that holiday is observed on the following Monday.

(e) A holiday which falls on a day on which a worker is on paid annual leave shall be treated as if it fell on the worker's ordinary working day.

(f) A worker who returns to his home station, or finishes a shift at his home station, not later than 4 a.m. on any holiday and is not again booked on duty for that day shall be treated as having had a paid holiday.

(g) (i) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker, however, is on or is available for duty on the working day immediately preceding a paid holiday or resumes or is available for duty on the working day immediately following a holiday the worker shall be entitled to a paid holiday on such holiday.

In this sub-clause the word "emergency" shall not be construed to cover a mere increase of traffic which could have been foreseen, and might reasonably have been provided for without encroaching on the twelve (12)-hour rule.

(e) Except in cases of emergency, or unless in special cases by agreement between the union and the Commissioner, the minimum time a ticket examiner on trains shall be off duty at home station or temporary home station shall be twelve (12) hours, and at foreign stations eight (8) hours for the first time he is booked off after leaving the home station or temporary home station and ten (10) hours for every subsequent time that he is booked off before returning to the home station or temporary home station.

In cases where a ticket examiner is required to take up duty with less than the prescribed period of rest, he shall be allowed time equivalent to that by which the period of rest has been shortened.

Except in cases of emergency or unless in special cases by agreement between the union and the Commissioner and subject to Clause 31, other workers excepting conductors under this section shall not be called on duty except they have had at least eight (8) hours off after the completion of a shift. #### 29.—Guaranteed Week.

(a) The Commissioner shall guarantee to each worker other than a casual a full week's work exclusive of Sunday work, except during such period as by reason of any action on the part of any section of his employees, or for any other cause beyond his control he is unable wholly or partially to carry on the running of the trains or workshops. Each week shall stand by itself.

(b) The guaranteed period may be reduced as follows:—

(i) In respect of any worker under suspension; Provided that any worker suspended on a charge which is not sustained shall be entitled to the benefit of the guarantee during the period of his suspension;

(iii) in respect of office cleaners (female) the guaranteed period may be reduced by such time as is necessary to maintain the hours of work as at present.

(iv) This sub-clause shall not apply to conductors whose overtime shall remain as at present.

(c) Subject to sub-clause (b) (iii), the time worked on Sundays shall be paid for at the rate of double time, and all time worked on Saturdays by shift workers shall be paid for at time and a half. For the purpose of this sub-clause "shift workers" means workers other than workers who always commence and complete the ordinary hours of work during the period 7 a.m. to 5.30 p.m.

(d) The provisions of this clause shall not apply to office cleaners (female) whose hours of duty and conditions shall remain as they are at present.

(e) Any worker brought on to work outside his ordinary hours shall, except when such work exclusive of meal times, is continuous with his ordinary shift, be paid a minimum of two (2) hours; and provided that the worker shall not be obliged to work for the two (2) hours if the job for which he has been brought on has been completed in less time.

(f) Any worker brought on duty on Sunday shall be paid a minimum of four (4) hours' pay at the rate applicable to that day.

(g) The provisions of sub-clauses (b) to (f), both inclusive, shall not apply to watchmen or waiting room attendants, who shall be paid at the rate of time and a quarter for all time worked in excess of ten (10) hours in any one shift and time and a half for all time worked on Sundays.

#### 31.—Allowances and Arrangements for Guards.

All guards shall be allowed fifteen (15) minutes at the close of each shift.

In cases where guards take over trains en route fifteen (15) minutes' allowance only will be made.

The time under this sub-clause may be increased where the work to be performed warrants such increase.

Save as herein provided nothing in this sub-clause shall operate to reduce the time at present allowed to any guard so long as present conditions remain unaltered.

(g) Any guard booked off shall come on duty at such time as he may be directed before leaving the station by the responsible person in charge or by the roster posted at the station. Except in cases of emergency, or unless in special cases by agreement between the union and the Commissioner, the minimum time a guard shall be off duty at home or temporary home station, shall be twelve (12) hours, and at foreign stations eight (8) hours for the first time he is booked off after leaving the home or temporary home station and ten (10) hours for every subsequent time that he is booked off before returning to the home or temporary home station. In cases of emergency, unless for good reason to the contrary, the guard who has been off duty the longest shall be the first to be called on. In this sub-clause, the word "emergency" shall not be construed to cover a mere increase of traffic which could have been foreseen, and might reasonably have been provided for without encroaching on the 12-hour rule.

(h) When a guard is brought on duty without the prescribed period of rest, he shall be paid continuous duty as from the time he booked on on the previous shift till booking off on the shift for which he has less than the stipulated rest period, excepting where the time by which the rest period falls short of the prescribed time does not exceed sixty (60) minutes, in which case he shall be paid at the rate of double time for the time between the actual rest period and the minimum period of rest prescribed in this award; Provided that in either case he shall be deemed to have been booked off duty in so far as the computation of lodging allowance is concerned.

(i) The present practice in regard to the calling of guards shall be continued.

(j) At home stations, should a guard not be able to ascertain when booking off from the responsible person in charge, or from the roster, when he will be required for further work, he shall be free to assume that he will not be required for twelve (12) hours, but, at the expiration of that time, shall make personal inquiries at the depot as to when he will be required. If not then informed when he will be required, written notice shall be left at his place of residence at least two (2) hours before he is required to go on duty; Provided that, if the twelve (12) hours expire after 5 p.m. and before 7 a.m. he shall not be required to make such inquiry until 8 a.m. following.

(n) If less than forty-four (44) hours have been worked in the six (6) shifts, the time for the six (6) shifts will be made up to forty-four (44) hours, and the seventh shift will be paid for at—

- (i) ordinary rates for time equivalent to time made up;
- (ii) overtime rate for balance.

### 32.—Time-table Conferences.

An employee of the Commissioner (such worker to be a member of and to be nominated by the union) shall be permitted to attend the Departmental half-yearly time-table conferences as representative of the union, and may take part in any discussion as to whether any particular piece of night work involved in the proposed time-table could be avoided. The worker so acting shall be paid by the Commissioner his ordinary wages, travelling time, and expenses as provided in this award.

(a) The following allowances shall be granted to workers specified in this section of the award, who are booked off or temporarily lodging away from their home station:—

Provided that a deduction of one shilling (1s.) per day or night, with a maximum of five shillings (5s.) per week, shall be made where attended barracks are provided, and a deduction of sixpence (6d.) per day or night, with a maximum of two shillings and sixpence (2s. 6d.) per week shall be made where unattended barracks are provided. (i) Where workers are employed on a series of works up and down the line, and are provided with sleeping accommodation in tents or vans, the removal of tents or vans from one place to another will not, for the purpose of sub-clause (h) be deemed to have altered their headquarters.

(d) A probationer shall work for such hours per day and for such remuneration as is prescribed by the award applicable to the trade or calling to which he is to be apprenticed.

3. Every agreement of apprenticeship shall be subject to the provisions of the award in force for the time being applicable to apprenticeship in the industry.

4. (a) :—

(i) Every apprentice shall attend regularly and punctually a Government or other approved technical school, vocational classes, or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided however that attendance shall not be compulsory when the apprentice is stationed outside a radius of twelve (12) miles from the place where the instruction is given, or, in the case of illness of the apprentice, the proof whereof lies on him.

(ii) The fees for the classes attended by the apprentice, or the cost of providing same, shall be paid by the Commissioner.

(iii) The period during which apprentices are to attend such technical school or classes shall be one (1) day per fortnight.

(h) The Commissioner shall request the Director of Education at the beginning of each year to draw up a syllabus showing the course for the various classes for the year. Such syllabus shall, where possible, include theory as applied to the trade, craft, occupation or calling to which the apprentices are indentured. A copy of such syllabus shall be furnished to each union concerned, and shall be subject to review by the Court of Arbitration.

(c) Once in each year a report shall be furnished by the foreman and the teacher of the apprentice at the Technical School to the Head of the Branch in which the apprentice is employed on the attendance, conduct, attention, aptitude and progress of each apprentice, and upon any other matter calling for attention

(d) An apprentice joining after the third term has commenced shall not sit for that year's annual examination, but shall commence his technical education when the school re-opens after the Christmas vacation.

(e) Every apprentice shall be bound to submit himself to examination at the place and time fixed by the Director of Technical Education.

(f) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least seventy per centum (70%) of attendances at the Technical School or other place of instruction unless he is exempted from such attendance under the provisions hereof, or for other good cause.

(g) If the Commissioner or the industrial union concerned make representations to the Court that the facilities provided by the technical school, or other place of vocational training for the teaching of apprentices are inadequate, the Court may make such investigations and such report to the Minister controlling such technical school, or such other place, as it deems necessary.

(h) The Commissioner shall, when necessary, notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(i) The Commissioner shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

(j) For the purpose of the examination in the practical work of the trade, the examiners shall be persons skilled in the trade. There shall be two examiners for each trade, one to be appointed by the Commissioner and the other by the union or unions concerned. Failing provision for appointment as aforesaid, the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners, the matters in dispute shall be referred to a third person, agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(k) It shall be the duty of the examiners to examine the work, require the production of the Certificate of Attendance, inquire into the diligence of each apprentice, and submit a report to the Commissioner in writ-

ing as to the result of the examination within one (1) month from the date of the holding of the examination, but this period may be extended by the Court.

(l) Such examination shall, where necessary, include theory and practice as applied to the trade, industry, craft, occupation or calling to which the apprentice is indentured: Provided, however, that separate examinations conducted by different examiners may be held in—(i) practical work; and (ii) theory.

(m) The Commissioner shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. When the final examination has been passed, the certificate shall also be signed by the examiners, and the apprenticeship agreement duly endorsed.

(n) Whenever it is possible so to do, the examiners shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court, and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Clerk of the Court thereof.

(o) Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work, or other good cause, cannot conveniently attend a technical school, or other prescribed classes, such of these provisions as relate to attendance at a technical school, or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

(p) The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiner or examiners to make any necessary recommendation to the Court and the Commissioner. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

(q) Upon the failure of an apprentice to pass two (2) consecutive examinations, it shall be the duty of the examiner or examiners to report same to the Court and the Commissioner with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (e.g., increased time for technical instruction) as he may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement, or make such other order as it may deem necessary.

(r) A certificate shall be issued to each apprentice showing the percentage of marks obtained in each subject for which he sat at the annual technical examination, with remarks from the Head of the Branch as to the manner in which he has carried out his practical work during the preceding year.

(s) The Commissioner shall submit a report to the Court in writing accompanied by the examiners' reports as to the result of the annual examination or examinations within three (3) months of the date thereof.

(t) Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and, upon passing this test, shall be provided with a certificate to that effect.

5. The apprentice shall be placed under the supervision of some tradesman, or leading hand, who will teach and instruct, or cause the apprentice to be taught and instructed, in his trade or craft.

6. Time lost in any one (1) year, except as hereinafter provided, shall be without pay, and shall be made up at the conclusion of each separate period of twelve (12) months at the rate fixed for the period during which such time was lost, and the increased rate of wages shall not apply until such lost time (if any) has been fully made up: Provided that this clause shall not apply to—

(i) time absent attending compulsory naval or military training, other than time imposed through failure to become efficient, or while undergoing confinement for an offence under the Defence Act;

(ii) time lost due to accidents on duty up to a maximum of four (4) weeks in any one year;

(iii) time lost through holidays prescribed by this Award;

(iv) time lost by duly certified sickness not due to the apprentice's own misconduct, or wilful default, up to a maximum of four (4) weeks in any one year;

(v) time occupied attending technical classes as prescribed during ordinary working hours.

(vi) An apprentice entitled by National Security Regulations to be paid the full tradesman's rate shall, when absent from the workshop during working hours for the purpose of attending technical school classes, only be paid for such portion of the time he is so absent as is represented by the proportion that the fifth-year apprenticeship rate as prescribed by this Award bears to his full tradesman's rate.

(vii) An apprentice entitled by National Security Regulations to be paid the full tradesman's rate shall, when entitled to sick pay in accordance with this clause, only be paid for such portion of each day as is represented by the proportion that the rate of wage prescribed in this Award for the year of apprenticeship in which the apprentice is serving when the sickness occurred bears to his full tradesman's rate for that day.

7. When work is closed down over Christmas and New Year for the purpose of annual holidays, apprentices in their first year, with less than a full year's holidays due, will only be entitled to payment during such period of absence for the number of days holidays due to them, calculated under the provisions of the industrial award applicable.

8. The Commissioner shall pay the apprentice in respect of time lost through compulsory naval or military training (other than the additional training mentioned in clause 6, subclause (i) above) the amount by which the wages prescribed by this Award exceeds the amount received by the apprentice from the Department of Defence.

9. Where time lost through sickness exceeds four (4) consecutive working days, the Commissioner may demand from the apprentice the production of a medical certificate, and a further such certificate or certificates may be required if any time is lost through sickness within seven (7) days from the date of resumption of duty, the cost, if any, of such certificate or certificates, not exceeding five shillings (5s.) to be borne by the Commissioner.

10. No minor shall (except as a junior worker under the provisions of this Award) be employed or engaged in the industry, except subject to the conditions of apprenticeship or probationership herein contained.

11. The Commissioner shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under this Award.

12. (a) The apprenticeship agreement shall be completed within one (1) month of the end of the probationary period.

(b) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the Head of the Branch, on behalf of the Commissioner, the legal guardian of the apprentice, the apprentice and the Registrar. The Commissioner, guardian or apprentice shall not enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(c) There shall be three (3) copies of each agreement, of which one (1) shall be held by the Commissioner, the legal guardian of the apprentice, and the Registrar.

13. Every agreement of apprenticeship entered into shall contain:—

(i) the names and addresses of the parties to the agreement;

(ii) the date of birth of the apprentice;

(iii) a description of the trade, industry, craft, occupation or calling, or combination thereof, to which the apprentice is to be bound;

(iv) the date at which the apprenticeship is to commence, and the period thereof;

(v) a condition requiring the apprentice to obey all reasonable directions of the employer, and requiring the employer and apprentice to comply with the terms of the relative industrial Award or Agreement, so far as they concern the apprentice;

(vi) a condition that technical instruction of the apprentice when available shall be at the employer's expense, and in the employer's time, except in places where such instruction is given after the ordinary working hours;

(vii) a condition that in the event of the apprentice in the opinion of the examiners not progressing satisfactorily increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard;

(viii) the general conditions of apprenticeship;

(ix) a provision that it may be cancelled by mutual consent by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

14. (a) The Court shall have power to transfer an apprentice from one employer to another either temporarily or permanently.

(b) For the purpose of giving to an apprentice opportunities to gain wider experience the Commissioner may authorise the apprentice to be employed on premises or upon work of other Government Departments not under the control of the Commissioner.

15. (a) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate, and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two (2) months of the date on which the transfer is effected.

(b) One (1) copy each of the form of transfer shall be held by the late employer, the new employer, the legal guardian of the apprentice, and the Registrar.

16. Should the Commissioner at any time before the determination of the period of apprenticeship wish to dispense with the services of the apprentice, he may, with the consent of the apprentice and guardian, transfer him to another employer carrying on business within a reasonable distance of the home station of the apprentice, who is willing to continue to teach the apprentice, and pay the rate of wages prescribed by the Court in its Award, or otherwise according to the total length of time served, and generally to perform the obligations of the Commissioner.

17. In the event of the Commissioner being unable to provide work for the apprentice, or to agree with the legal guardian of the apprentice to cancel the agreement, or to arrange a transfer, application may be made to the Court to arrange for such transfer, or to have such agreement cancelled.

18. The Commissioner shall be relieved of his obligations under the apprenticeship agreement during such period as by reason of any action on the part of any section of his workers, or for any other cause beyond his control, he is unable wholly or partially to carry on the running of the trains or workshops.

19. The Commissioner shall keep every apprentice constantly at work, and teach or cause him to be taught the industries, crafts, occupations or callings in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give him a reasonable opportunity to learn the same, and receive during the period of his apprenticeship such technical, trade and general instruction and training as may be necessary and every apprentice shall, during the period of his apprenticeship, faithfully serve the Commissioner for the purpose of being taught the industry, craft, occupation or calling in relation to which he is bound, and shall also conscientiously and regularly

accept such technical, trade and general instruction and training as aforesaid, in addition to teaching that may be provided by the Commissioner.

20. (a) The number of apprentices shall not exceed the proportion of one (1) to every two (2) or fraction of the first two (2) journeymen employed; provided however that this provision shall not be applied so as to permit of such proportion being exceeded in any particular place.

(b) Provided that the Commissioner may, with the consent of a Committee of three consisting of a representative of the Commissioner, a representative of the union concerned, and the Industrial Registrar as chairman take on new apprentices up to the proportion of one to each journeyman employed.

(c) Notwithstanding anything contained in this Award to the contrary, if through lack of work the Commissioner is unable at any time to find employment and training for an apprentice, and if a transfer to another employer cannot be arranged, the obligations and duties imposed by the indenture may, with the concurrence of the apprentice and his guardian and the union, be suspended for a period agreed upon, or if no such agreement is arrived at, may be cancelled by a Committee consisting of the Industrial Registrar (as chairman), and one representative of the Commissioner, and one representative of the union. The onus of proof of circumstances justifying such cancellation shall be on the Commissioner.

This provision shall be deemed to be included in all contracts of apprenticeship now existing and also in all future contracts entered into.

21. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve (12) months immediately preceding such time shall be deemed to be the number of journeymen employed.

22. On the transfer or termination of any apprenticeship agreement from whatever cause, the Commissioner shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Clerk of the Court and the cause thereof.

23. No apprentice employed under a registered agreement shall be discharged by the Commissioner for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the Commissioner; provided, however, that an apprentice may be suspended for misconduct by the Commissioner with loss of pay during such suspension. If, however, the Commissioner is of the opinion that the misconduct is such as to warrant dismissal, he shall forthwith make an application for cancellation of the agreement of apprenticeship, and, in the event of the Court refusing same, the wages of the apprentice, or such portion thereof as the Court may order, shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

24. The word "apprentice" wherever used herein means any male of any age who is apprenticed to learn, or to be taught, any industry, craft, trade or calling to which this Award applies and includes an apprentice on probation.

25. (a) The Commissioner shall not refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment, or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee or Board, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(b) In any proceeding for any contravention of this regulation, it shall lie upon the Commissioner to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment, or prejudiced whilst acting as such member, was refused employment or dismissed, or injured in his employment, or prejudiced for some reason other than that mentioned in this regulation.
