GOD SAVE THE KING ! ! !

AT a meeting of the Executive Council, held in the Executive Council Chamber, Perth, this 23rd day of December, 1948, the following Orders in Council were authorised to be issued:—

The Forests Act, 1918.

ORDER IN COUNCIL.

Forests File 1376/35, Lands File 722/29.

WHEREAS by the Forests Act, 1918, it is provided that the Governor may, by an Order in Council, declare any Crown lands as "State Forests" within the meaning and for the purpose of that Act: Now therefore, His Excellency the Governor, with the advice and consent of the Executive Council, doth hereby declare Nelson Locations 4201 and 4202 as an addition to State Forest No. 39 within the meaning and for the purpose of the Forests Act, 1918. (Plan 442B/40 F. 2.)

R. H. DOIG,  
 Clerk of the Council.

ORDER IN COUNCIL.

P.W. 1337/37.

WHEREAS section 74 of the Constitution Act, 1889, provides that the Governor in Council may vest in heads of departments, or other officers or persons within the State power to make minor appointments; and whereas it is desirable that power of appointment of foremen and other persons employed at a daily rate of wage on works under the control of the Departments of Public Works and of Water Supply, Sewerage and Drainage (exclusive of the Metropolitan Water Supply, Sewerage and Drainage Department) should be vested in Frank William Edward Tydeman, and that the power vested in John Stevenson Young should be revoked: Now, therefore, His Excellency the Governor, by and with the advice of the Executive Council, hereby vests in Frank William Edward Tydeman and any persons appointed to act temporarily in their place, the appointment of foremen and all other persons employed on such works at a daily rate of wages; and doth hereby revoke the power vested in John Stevenson Young.

R. H. DOIG,  
 Clerk of the Council.

Bulk Handling Act, 1935-1946.

ORDER IN COUNCIL.

WHEREAS it is provided by section 12 of the Bulk Handling Act, 1935-1946, that no alteration shall be made to the Articles of Association of Co-operative Bulk Handling, Limited, a company incorporated under the provisions of the Companies Act, 1893, as amended by the Companies Act Amendment Act, 1929, and having its registered office at Wellington Street, Perth, except with the express approval of the Governor; and whereas Co-operative Bulk Handling Limited has requested the Governor to approve of the alterations to the Articles of Association set out in the Schedule hereto; and whereas the Governor is pleased to approve of such alterations: Now, therefore, His Excellency the Governor, with the advice and consent of the Executive Council, doth hereby approve of the alterations set out in the Schedule hereto being made to the Articles of Association of Co-operative Bulk Handling, Limited.

Schedule.

- 1. In Article 89—
  - (a) insert at the beginning of the second sentence the words—  
 "Subject as hereinafter provided"; and
  - (b) add to the Article the following words:—  
 "Provided that where a Director is elected to fill up a casual vacancy caused by the retirement of a Director appointed under Article 86 to fill up a prior casual vacancy (or is so elected to fill up a casual vacancy which has not been filled up under the said Article) and unless the Director who vacated office and caused such prior casual vacancy (or unfilled casual vacancy, as the case may be) would have been due to retire under this Article at the close of the next succeeding

Ordinary General Meeting then the Director so elected shall not retire under this Article until the Director vacating office as aforesaid would have been due to retire had he not so vacated office:

Provided further that as to State Directors only where on account of one or more casual vacancies two or more Directors are elected the Director or Directors to be deemed under this Article to have been elected to fill up such vacancy or vacancies shall be determined by lot, unless one of the elected Directors is a retiring Director when he shall be deemed to fill the vacancy caused by his own retirement.

2. Delete Article 90 (g) and substitute:—

Where two or more persons are shareholders in respect of a share or shares issued in their joint names and one or more of such persons is or are a shareholder or shareholders in his or their own right, then only the firstnamed person (in the scrip for such share or shares) who is not a shareholder in his own right shall be entitled to vote in respect of such share or shares.

R. H. DOIG,  
Clerk of the Council.

Road Districts Act, 1919-1947.

Mundaring and Swan Road Districts—Adjustment of Accounts.

ORDER IN COUNCIL.

P.W. 708/35.

WHEREAS by Order in Council made under section 8 of the Road Districts Act, 1919-1947, and published in the *Government Gazette* on the 23rd day of July, 1948, portion of the Mundaring Road District as described in the Schedule to the said Order in Council was severed from that District and annexed to the East Ward of the Swan Road District: Now therefore, for the purpose of adjusting accounts between the Road Boards concerned and in exercise of the powers under section 10 of the said Act, the Governor, acting with the advice and consent of the Executive Council doth hereby apportion and allocate the rates outstanding in respect of that former portion aforesaid of the Mundaring Road District by ordering and declaring that the Mundaring Road Board shall transfer to the Swan Road Board a proportion of outstanding rates as follows:

Road Rates—£140 6s. 8d.

Health Rates—£12 13s.

Vermin Rates—£6 9s.

Total: £159 8s. 8d.

(Sgd.) R. H. DOIG,  
Clerk of the Council.

Road Districts Act, 1919-1947.

Cunderdin Road Board.

ORDER IN COUNCIL.

WHEREAS by Order in Council made under the Road Districts Act, 1919-1947, and published in the *Government Gazette* on the 18th day of June, 1948, the Governor severed from the Cunderdin Road District a portion of the district which at the date of severance comprised the East Ward of that district; And whereas, consequent upon or arising out of such severance, it is expedient to determine certain matters as referred to in sections 14 and 20 of the said Act: Now, therefore, His Excellency the Governor, with the advice and consent of the Executive Council and acting under the provisions of the said Act doth hereby declare and determine as follows:—

1. The Cunderdin Road Board shall remain divided into the two wards already constituted, namely the Central Ward and the West Ward.

2. The number of members for each such Ward shall be three.

3. The present members for such Wards shall, subject to the said Act, remain in office as such for the unexpired portions of their respective terms.

4. The existing order of retirement of the said present members shall remain unaltered by the severance aforesaid.

(Sgd.) R. H. DOIG,  
Clerk of the Council.

Workers' Compensation Act, 1912-1944.

ORDER IN COUNCIL.

WHEREAS it is enacted by subsection (1) of section 10 of the Workers' Compensation Act, 1912-1944, that it shall be obligatory for every employer to obtain from an incorporated insurance office approved by the Minister a policy of insurance for the full amount of the liability to pay compensation under this Act to all workers employed by him but that if an employer or group of employers proves to the satisfaction of the Minister that such employer or group of employers has established a fund for insurance against such liability and has deposited at the Treasury securities charged with all payments to become due under such liability, the Governor may by Order in Council exempt such employer or group of employers from the operation of the said section 10; and whereas the Nyamup Sawmills Pty., Ltd., and the Donnelly Sawmills Pty., Ltd., both of 49-61 Charles Street, Perth, being a group of employers within the meaning of the said Act and as such subject to the provisions of the said section 10, and having made application in accordance with the said Act and the regulations made thereunder for exemption from the operation of the said section 10, has proved to the satisfaction of the Minister that it has established a fund for insurance against its said liability and has deposited at the Treasury securities to wit a bond by the English, Scottish and Australian Bank for £5,000 charged with all payments to become due by it under its said liability: Now therefore His Excellency the Governor acting with the advice and consent of the Executive Council and in exercise of the powers conferred by the said Act doth hereby exempt the said Nyamup Sawmills Pty., Ltd. and the Donnelly Sawmills Pty., Ltd. from the operation of section 10 of the Workers' Compensation Act, 1912-1944, until the 30th day of June, 1949.

(Sgd.) R. H. DOIG,  
Clerk of the Executive Council.

AT a meeting of the Executive Council, held in the Executive Council Chamber, Perth, this 5th day of January, 1949, the following Orders in Council were authorised to be issued:—

ORDER IN COUNCIL.

Corres. No. 1048/11.

WHEREAS the enactment contained in section 74 of the Constitution Act, 1889, whereby the appointment of all public officers under the Government of the State is vested in the Governor in Council, does not apply to minor appointments which, by Order in Council, are vested in Heads of Departments or other officers or persons within the State; and whereas it is desirable that the appointment of foremen and all other persons employed at a daily rate of wage on works under the Control of the Department of Agriculture should be vested in Cyril Corby Hillary: Now therefore His Excellency the Governor by and with the advice of the Executive Council hereby vests in Cyril Corby Hillary and any person temporarily appointed to act in the place of such officer, the appointment of foremen and all other persons employed on such works at a daily rate of wages.

R. GREEN,  
Acting Clerk of the Executive Council.

Perth, 15th December, 1948.

Corr. 3976/98, Vol. 2.

IT is notified, for general information, that Kalgoorlie Lots 3325 and 3326 are available for leasing under section 117 of the Land Act, 1933-1946.

Applications must be lodged at the Lands Office, Kalgoorlie, on or before the 12th January, 1949.

If more than one application be received by the closing date for these lots, the applications shall be deemed to be simultaneous and shall be referred to a Land Board.

The following conditions shall apply:—

(1) No lease will be granted unless the applicant shall have first produced a "provisional consent to commence building," issued by the State Housing Commission, or such other evidence to prove to the satisfaction of the Minister for Lands that the applicant already has or is in a position to obtain the necessary materials to build a residence on the lot applied for.

(2) The lessee will be required to erect a residence on his lot within six months from the date of the approval of his application or within such extended period as the Minister for Lands may approve. Failure to comply with this condition renders the lease liable to forfeiture.

(3) The term of the lease will be 99 years.

(4) The annual rental payable for the first 10 years of the term of lease will be £1 4s. and £1 8s. respectively. The rental shall be subject to re-appraisal by the Minister at intervals of 10 years.

(5) No transfer of the lease will be approved until the lessee has complied with the building conditions of his lease.

(6) The lessee shall not carry on, or suffer or permit to be carried on, on the demised land, any trade or business whatsoever, without the consent in writing of the Minister for Lands being first obtained; and further, the condition under which the said land is made available shall not entitle the lessee now, or at any future time, to the right to convert same to fee simple.

(Plan Kalgoorlie Sheet 2.)

H. E. SMITH,  
Under Secretary for Lands.

#### LAND OPEN FOR SELECTION

IT is hereby notified, for general information, that the areas scheduled hereunder are available for selection under Part V. of the Land Act, 1933-1946, and the regulations appertaining thereto, subject to the provisions of the said Act, and also to the provisions of the Land Alienation Restriction Act, 1944.

Applications must be lodged not later than the date specified, but may be lodged before such date, if so desired.

All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board. Should any lands remain unselected, such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board, and there shall be an interval of at least three days between the closing date and the sitting of the Board.

The selector of a Homestead Farm from any location must take the balance thereof, if any, under Conditional Purchase.

All marketable timber, including sandalwood and mallet, is reserved to the Crown, subject to the provisions of clause 18 of the regulations.

The term "Member of the Forces," where appearing in any notice published hereunder, shall be deemed to have the meaning as is specified in section 2 of the Land Alienation Restriction Act, 1944, that is to say, "Member of the Forces" means a person who is or has been, a member of the Naval, Military or Air Forces of His Majesty the King during any period in which His Majesty is or has been engaged in war.

## ROAD DISTRICTS ACT, 1919-1947.

Kellerberrin Road Board.

P.W. 175/32.

By-laws Governing Long Service Leave to be Granted to Employees of the Kellerberrin Road Board.

THE Kellerberrin Road Board under and by virtue of the powers conferred on it in that behalf by the Road Districts Act, 1919-1947, and all other powers enabling it doth hereby make and publish the following by-laws:—

1. In the interpretation of the by-laws the following words shall have the meanings assigned to them hereunder:—

(A) "Board" means the Kellerberrin Road Board.

(B) "Continuous Service" means service in the employment of this Board during which an employee has not been absent from the service of the Board for a continuous period of more than two days or an aggregate period of more than ten days without leave of absence being granted by the Board, provided that an employee who was employed by the Board on a permanent basis immediately prior to entering continuous full-time service with the Armed Forces of the Commonwealth of Australia, or who was directed by the Manpower Directorate to serve elsewhere, between the third day of September 1939, and the third day of March 1947, shall have such service counted as continuous service with this Board, provided the requisite proof is produced.

2. All employees of the Board shall after each period of ten years' continuous service as permanent full-time employees thereof commencing from 30th June, 1936, be entitled to three months' long service leave. Long service leave shall be taken at the convenience of the Board, who will, as far as possible, meet with the wishes of the employee, but the Board may require the employee to take leave by giving not less than three months' notice.

3. Absence on account of sickness shall not be deemed to be a break in continuity of service, providing the period of absence shall not exceed three months in any year, unless otherwise decided by the Board.

4. Employees due to take long service leave shall be paid (a) their salary or wage for the period thereof at the rate equivalent to the average daily rate of pay over the preceeding 12 months; (b) the Board may at its discretion either (1) pay to an employee his wages or salary periodically during long service leave, or (2) pay to the employee in advance a sum representing the amount of his wages or salary for the period of this long service leave.

5. Employees shall not be entitled to long service leave until the completion of 10 years' service. After the completion of the first ten years, employees will then be entitled to a *pro rata* payment if they leave the service of the Board before the next period is completed.

6. Long service leave shall be considered as a special period of recuperation after a lengthy term of service with a view to fitting the employee for a further term, and during such leave no employee shall undertake any form of employment for hire or reward, unless by special permission of the Board. Any contravention of this subclause shall entitle the Board to dismiss the employee from its service, and to cease paying or to recover any amounts paid in advance on account of long service leave.

Passed by the Kellerberrin Road Board at the ordinary meeting of the Board held on the 15th November, 1948.

H. A. NICHOLLS,  
Chairman.

W. B. CHESTER,  
Secretary.

## THE ROAD DISTRICTS ACT, 1919-1947.

## Geraldton Road Board—By-law No. 2.

## Areas, Open Spaces, etc., for Buildings.

P.W. 749/31.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1947, the Geraldton Road Board makes the following by-law relating to Areas and Open Spaces for Buildings, to be No. 2.

## Application.

1. This by-law shall apply to the whole of the district.

## Commencement.

2. This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

## Repeal.

3. From the date of coming into operation of this by-law all previous by-laws made by the Board dealing with the same subject-matter are repealed.

## Definitions.

4. In this by-law, subject to the context—

“apartment” means a room or rooms or part of a building intended or adapted for separate occupation as a dwelling;

“apartment building” means a building containing two or more apartments;

“Board” means the Geraldton Road Board;

“build” includes erect, build, or construct;

“building” includes erection, structure, detached room and outbuilding, whether roofed or not, designed to afford or capable of affording protection or shelter;

“main rooms” means all rooms used or intended to be used as bedrooms, dining rooms, ordinary living rooms or kitchens;

“road” has the same meaning as in the Road Districts Act, 1919-1947.

## Dwelling Houses.

## Distance from Road.

5. No building which is intended to be used as a dwelling house, and no addition to any such building, shall be built within a distance of 20 feet, measured horizontally from the road the building fronts, unless a building line at a different distance from such road has been fixed by a proper authority.

## Distance from Side Boundary.

6. No building which is intended to be used as a dwelling house, and no addition to any building which is intended to be used as a dwelling house, shall be built within a distance of 3 feet, if of brick, or 4 feet, if of wood, measured horizontally from the boundary of the allotment on which such building is erected.

## Minimum Area of Open Land.

7. At least one third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

## Computing Distances.

8. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

## Shops.

## Minimum Area of Land.

9. (1) Every shop shall have a frontage to a road at least 18 feet.

(2) No shop shall be of less width in any part thereof than 18 feet.

Permit for erection of Shop where Dwelling not attached.

10. Permission may be granted for the erection of a shop where a dwelling is not attached, and where no person resides at such shop, on land having a frontage of 18 feet to a road and a depth of not less than 35 feet and a superficial area of not less than 630 square feet; provided that no portion of such shop or building shall be erected within 15 feet of the rear boundary of such land, and only if the Board shall approve of the site of the proposed building.

## Access to Rear of Shop.

11. Every shop shall be so erected and built that, without passing through the building, there is a reasonable access to the back premises and offices of such shop for the removal of nightsoil and other refuse to a road or lane 10 feet wide at the least.

Separate Entrance for Shop and Dwelling in different Occupations.

12. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

## Apartment Buildings.

## Area of Land to be Occupied.

13. The total floor area of an apartment building, together with the floor area of any other buildings erected on the same allotment, shall not exceed half of the area of such allotment.

## Area of Each Apartment.

14. The total floor area of each apartment shall be at least 400 square feet.

In addition thereto every apartment shall have for the exclusive use of the occupants thereof at least 100 square feet of verandah space.

## Area of Main Rooms.

15. Every main room in an apartment shall have a floor area of at least 100 square feet.

The average floor area of all the main rooms in an apartment shall be at least 120 square feet.

## Apartment to be self contained.

16. Every apartment shall be self contained. It shall contain its own kitchen, bathroom, and lavatory. It shall have a separate entrance from the outside of the building, and such entrance shall be constructed of fire resisting material as defined in the Building By-law of the Board for the time being in force.

## Miscellaneous.

## No Alterations Infringing By-law.

17. No alteration shall be made in any building in such manner that, when so altered, it will by reason of such alteration not be in conformity with the provisions of this By-law relating to new buildings.

No User Infringing By-law.

18. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of this By-law: Provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of this By-law for any purpose for which it was then being used.

A resolution adopting the foregoing by-law was passed by the Board on the 26th November, 1948, and confirmed on the 26th November, 1948.

The Common Seal of the Geraldton Road Board was hereunto affixed on the 26th November, 1948, in the presence of—

[L.S.] A. E. GRANT,  
Chairman.  
D. C. FIELD,  
Secretary.

Recommended—

(Sgd.) A. F. WATTS,  
Minister for Local Government.

Approved by His Excellency the Governor in Executive Council this 23rd day of December, 1948.

(Sgd.) R. H. DOIG,  
Clerk of the Council.

THE ROAD DISTRICTS ACT, 1919-1947.

Geraldton Road District—By-law No. 1.  
Buildings.

P.W. 749/31.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1947, the Geraldton Road Board makes the following by-law relating to buildings, to be numbered No. 1.

Part 1.—Operation and Definitions.

Application.

1. This by-law shall apply to the whole of the district.

Commencement.

2. This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

Repeal.

3. From the date of coming into operation of this by-law, all previous by-laws made by the Board relating to buildings are repealed.

Definitions.

4. In this by-law, subject to the context—

“Act” means the Road Districts Act, 1919-1947.

“Alteration” means any work made or done for any purpose in, to, or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which any building or erection or any part thereof shall be used.

“Approved” means approved by the Board in writing or (in case where the surveyor is authorised by the Board so to do) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls, and such portions of the party walls as belong to the building.

“Board” means the Geraldton Road Board.

“Build” means and includes erect, build, or construct or cause to be erected, built, or constructed.

“Building” means and includes erection, structure, detached room, outbuilding, hoarding and every structure of whatever kind capable of affording protection or shelter, either roofed or intended or adapted to be roofed and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder, or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling-house” means a building used or adapted to be used wholly or principally for human habitation.

“District” means the Geraldton Road District.

“Fire-resisting” used with reference to any materials includes—(a) brickwork constructed of good bricks, well burnt, hard and sound, properly bonded and solidly put together with good lime or cement mortar; (b) any stone suitable for building purposes by reason of its solidity or durability; (c) sheet metals or other similar materials which are in the opinion of the Board fire-resisting; (d) iron and steel (when used for columns, girders, or wall framing), encased in cement concrete or other incombustible or non-conducting external coating; (e) slate, tiles, brick, and terra cotta, when used for covering or corbels; (f) concrete composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

“External wall” means an outer wall of a building, not being a party wall even although it adjoins a wall of another building.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means any building used for the housing of a motor or motor vehicle (not being a garage carried on as a business undertaking).

“Height” in relation to any building, means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or when there is no such footway, from the level of the ground before excavation, to the level of the ceiling or tie of the topmost storey.

“Height” in relation to storeys means:—(a) In the case of the topmost storey the measurement between the floor and the ceiling thereof or between the floor and the under-surface of the tie of the roof, or, if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof; (b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

“Hoarding” includes any erection or structure erected, built, constructed, or used or that may be used for the purpose of writing, painting, pasting or posting thereon notices, advertisements, placards, or other printed, painted or written matter, or any erection or structure being of a height greater than six feet from the level of the adjoining street upon which such notices, advertisements, placards, or other printed, painted or written matter are printed, written, painted, pasted or posted, but shall not apply to a hoarding erected in a street for the purpose of carrying on building operations only, or to any dwelling-house or shop or any fence seven feet or under in height, or “To Let” or “For Sale” boards not exceeding 20 square feet in area.

“Main rooms” mean and include all rooms used or intended to be used as bedrooms, dining-rooms, ordinary living rooms, or kitchens.

“New building” includes—(a) any building erected or commenced to be erected after the date of this by-law coming into operation; (b) any building which for more than half its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected or commenced to be re-erected wholly or partially on the same site after the date of this by-law coming into operation; (c) any space between walls and or building which is roofed or commenced to be roofed after the date of this by-law coming into operation; (d) any building removed or transported wholly or in sections into the district or from one part of the district to another part after the date of this by-law coming into operation.

“Outbuilding” means any building on the curtilage or any dwelling, shop, or combined shop and dwelling used as a workshop or storeroom, not being a building for the storage of inflammable materials, nor for the housing of any animal or animals, including birds, and not exceeding 329 feet in area or 15 feet in height.

“Party wall” means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

“Person” includes corporation.

“Prescribed” means prescribed by this by-law.

“Public place” has the same meaning as in the Act.

"Reinforced concrete" means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

"Right-of-way" means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

"Road" has the same meaning as in the Act.

"Surveyor" means the building surveyor or acting building surveyor for the time being of the Board, or other officer having for the time being administration of this by-law.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes the saloons or shops of barbers and hairdressers and offices of agents and auctioneers and other businesses or trades. A *bona fide* private boarding-house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

"Square" applied to the measurements of any area means the space of 100 square feet.

"Surface" or "ground level" means the mean level of the ground as determined by the surveyor.

"Wood or wooden buildings" mean buildings of wood or having wooden frames.

#### Classes of Building.

5. For the purpose of this by-law buildings shall be divided into three classes:—Class A—"Domestic class," which includes all buildings subject to small vibration and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, clubhouses, and studios. Class B—"Public building class," which includes all buildings designed to accommodate an assemblage of people such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In case of doubt the surveyor shall finally determine to which class any particular building belongs.

#### Part 2—Notice of Intention to Build or Demolish and Lodging of Plans.

##### Notice to be Given.

6. No builder shall commence any building or any addition or alteration to any building without first delivering at the office of the Board a written application in the form of the First Schedule hereto, before so commencing, and delivering to the surveyor.

##### Plans and Specifications.

(a) Properly prepared plans and specifications of such building, addition or alteration, together with a tracing or copy of the plans of such building, addition or alteration, and also details and dimensions, sizes and qualities of all materials and enumerating any old materials proposed to be used in the construction of same.

##### Block Plan.

(b) A block plan showing the relation of the building to adjoining buildings and boundaries.

##### Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

##### Drainage.

(d) Particulars of the proposed method of drainage.

##### Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of this by-law applicable thereto are being complied with.

##### Tracing Retained.

7. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications, when approved, shall be returned to the owner or his agent. Such approval shall be evidenced by writing endorsed on the plans and specifications and signed by the surveyor.

Plans, etc., to be Kept at Building.

8. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or the accredited officer of the Board at all reasonable times on demand during the construction or erection or alteration or addition as the case may be, and for 14 days after the completion thereof.

##### Permits and Fees.

9. No person shall commence any building, or any addition, alteration to any building, or demolish any building without having first obtained from the surveyor a written permit for the commencement of same and without having first paid to the Board fees in accordance with the scale set out in the Second Schedule hereto, having regard to the class of building.

##### Area of New Building.

10. The decision of the surveyor as to the area of a new building or value of an addition shall be final and conclusive.

##### Permits Shall Lapse After Six Months.

11. A permit obtained pursuant to this by-law shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within twelve months from the date of such permit.

##### Surveyor May Enter and Inspect.

12. The surveyor at all reasonable times during the progress and after the completion of any building, or addition or alteration to any building affected by this by-law may enter and inspect such building or addition or alteration.

##### Surveyor May Stop Work if Contrary to By-law.

13. The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Board under this by-law in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who continues or builds or erects or works on the site after the notice from the surveyor to desist shall be guilty of an offence against this by-law.

##### Demolition or Removal of Building.

14. When a building is to be demolished or removed, the owner or contractor shall give seven days' notice to the surveyor of such intended demolition or removal.

15. Provision shall be made so as to avoid all nuisance from dust or falling refuse by playing water on same by means of a hose or other approved method.

#### Part 3.—Outbuildings and Garages.

##### Materials.

16. Outbuildings may, subject to the limitations herein, be built and constructed of brick or other materials approved by the Board.

##### No Wooden Building to be Extended Within Eight Feet of Outbuildings.

17. No wooden building may be extended in such a manner that an outbuilding and dwelling shall thereafter be within eight feet of each other, but this provision shall not prevent the owner of a building on land adjoining that on which such outbuilding has previously been erected in different occupation from extending such building, subject to the provisions of this by-law.

##### Outbuildings on Corner Blocks.

18. No outbuilding shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or, if there is no adjoining building, at a less distance than 20 feet from such road.

##### Stables Erected with Walls of Bricks, etc.

19. Stables may be erected with walls of brick, stone or concrete, provided that in stables of more than two squares in area the distance of any wall of such stable from land not in the same occupation or possession shall not be less than

the vertical height of such wall, including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

#### Distance of Stables from Boundaries.

20. No stable may be erected nearer than 30 feet to any dwelling nor ten feet to the boundary of land not in the same occupation.

#### Fowl Houses.

21. Fowl-houses of not more than two squares in area, and not more than six feet in height, may be erected at rear of any dwelling and not less than four feet from the boundary of land not in the same occupation provided that the nearest portion of such fowl-house is at least 80 feet from any road and 30 feet from any dwelling-house, church, schoolroom, hall, or factory. The walls and roof covering of such fowl-houses must be of iron or other fire-resisting materials approved by the surveyor. Fowl-houses of more than two squares in area must comply with the regulations from buildings generally, and not be nearer to the boundary of land not in the same occupation than five feet, and not exceed seven feet in height.

#### Position of Garage.

22. No garage shall be erected nearer than the dwelling-house to which it is appurtenant to any road fronted by such dwelling-house. Provided that if there is no means of access for motor vehicles to the rear portion of the allotment on which such dwelling-house is erected, a garage may be erected on the front boundary of such allotment subject to a plan showing the exact position in which such garage is proposed to be erected, and the approximate position of any buildings in the allotments adjoining, together with the design of the garage proposed to be erected, and the front elevation thereof being submitted to and approved of by the Board, but so that no part of such garage shall be between the dwelling-house and the road.

23. In special cases where the physical configuration or dimensions of the ground preclude the observance of the distances prescribed in clause 22, the Board may permit the erection of a garage in another position.

#### Doors of Garages.

24. The doors of a garage when opened shall not encroach on any road.

#### Materials for Garages.

25. Every garage shall be constructed of fire-resisting material. Where fire-resisting sheets are used for walls, framing and dado of approved hard wood may be used.

#### Garage Incorporated with Dwelling.

26. Where a garage is incorporated as part of the main building, it shall in all respects conform thereto, but must have a ceiling of fireproof material approved by the surveyor.

#### Garages on Corner Blocks.

27. No garage shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or, if there is no adjoining building at a less distance than 20 feet from such road.

#### Part 4.—Materials.

##### Quality of Materials.

28. All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn and to order the removal of, or to remove at the expense of the owner, any material which, in his opinion, is not suitable for use for the purpose for which he considers it is intended to use same, and no person shall use any material so condemned for any building alteration or addition.

##### Secondhand Material.

29. No old or secondhand material may be used unless approved in writing by the surveyor.

#### Bricks.

30. Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used and shall be whole and good, hard, well-burnt bricks.

#### Sand.

31. Sand used for mortar and concrete in any building shall be clean and sharp, free from loam, dirt, salt, and organic matter.

#### Lime and Mortar.

32. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime, and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt of good quality, and be properly slaked before being mixed with sand. Cement mortar consisting of one part cement to five parts of sand may be substituted for lime mortar.

#### Cement.

33. Cement mortar shall be composed of good Portland Cement or other cement of equal quality approved of by the surveyor mixed with clean sharp sand in the proportion of at least one part by measure of cement and not more than four parts by measure of sand, and shall be used before initial settling has commenced.

#### Concrete.

34. Concrete for foundations shall be composed of clean, broken stone or other hard material approved by the surveyor, broken to a gauge not exceeding two inches and sand well mixed on a wooden floor or in an approved concrete mixer, with cement in the proportions of one part by measure of cement to not more than six parts of the other materials. Concrete for purposes other than foundations shall be as specified above except that for walls less than six inches in thickness and for reinforced work the stone used shall be broken to a gauge not exceeding three-quarters of an inch.

#### Timber.

35. All timbers and wooden beams used in any building shall be good sound material free from rot, large or loose knots, shakes or any other imperfections whereby the strength may be impaired, and shall be of such sizes, dimensions and spaces as set forth in clause 61 of this by-law, subject, however, to clause 37 hereof.

#### Lintels.

36. All lintels cast in concrete shall have the brand of the manufacturer stamped thereon, such manufacturer to be approved of by the surveyor. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcements and specifications of materials to be used, such design to be approved at the same time as the plan. Lintels up to six feet span shall be three courses in depth. Lintels from six to eight feet span shall be four courses in depth. All such lintels shall be reinforced with at least three half-inch bars and shall have a proper bearing at each end.

#### Dimensions of Timber.

37. The timber used in brick dwelling-houses shall conform to not less than the following minimum sizes:—

Bottom wall plates, 3in. x 1½in.; floor joists, 4in. x 2in. at 1ft. 9in. centres; bearers, 4in. x 3in. not exceeding 6ft. centres, and shall be at least 6ins. clear of ground; top plates, 4in. x 1½in.; rafters, 4in. x 2in. at 2ft. centres, for other than iron roof, or 3ft. centres for iron roof, except where building surveyor agrees otherwise; purlins, 4in. x 3in., for tile roof well strutted; ceiling joists, 3in. x 2in., at 2ft. centres; ceiling hangers, 7in. x 1½in.; collar ties, 3in. x 1½in.; ridge, 7in. x 1in.; hips and valleys, 7in. x 1in.

#### Part 5.—Construction.

##### Excavations and Inspection of Trenches.

38. All excavations for footings shall be taken down to a solid foundation, to be approved of by the surveyor, but not less than 12 inches below the natural

surface of the ground except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours' notice shall have been given to the surveyor that the trenches are ready for inspection.

**Drainage Under Floors.**

39. The surface of the ground between all walls of buildings shall be levelled up higher than the finished surface outside and evenly graded to prevent any accumulation of water or drainings beneath the floors, and such surface shall if required by the surveyor, be covered with properly mixed tar composition laid to a uniform thickness of not less than two inches in every part, rolled, rammed and finished so as to be impervious to water and other inhalations. In all wet or bad ground subsoil drainage shall be provided and laid as directed in writing by the surveyor.

**Walls to have Footings.**

40. Unless with the consent of the surveyor every external wall and every party wall not carried on a "bressummer" and every pier and storey post shall have footings.

**Dimensions of Footings.**

41. The width of the bottom of the footing of every such wall shall be at least one half greater than the thickness of the wall at the ground floor level, but in no case less than 16 inches wide unless approved by the surveyor and the height of such footing shall be at least equal to the thickness of the wall at its ground floor level, but in no case less than nine inches.

42. In the case of wooden buildings, the foundations thereof for all walls shall be in accordance with clause 61 of this by-law.

**External Walls.**

43. All external walls shall consist of brick, stone, concrete, reinforced concrete or other hard fire-resisting materials approved by the Board, provided that any building used or intended to be used solely as a dwelling-house may have walls constructed of wood and/or asbestos subject to the conditions set out in this by-law for buildings wholly or partly in wood.

**Construction of External Walls.**

44. Every wall constructed of brick, stone or other similar materials shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it except to the extent of nine inches and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

**Damp Course.**

45. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand, or other approved impervious material at least six inches above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-proof course must be laid in horizontal layers connected at the end by a vertical course of the same materials, and shall not be less than half-inch thick.

**Hollow Walls.**

46. External walls may be constructed as hollow walls, if constructed in accordance with the following rules:—(a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch. (b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised iron, glazed stoneware, or other approved material. Such ties shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically. (c) The thickness of each part of the wall shall throughout be not less than four and a half inches. (d) The aggregate thickness of the two parts, excluding the width of the cavity shall be throughout not less than the minimum thickness prescribed for solid walls of

the same height and length. (e) No hollow wall of not more than 11 inches in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace or projecting pier to the satisfaction of the surveyor.

47. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate, and shall be kept damp for a period of not less than four days, and shall not be used green. Unless with the approval of the surveyor, no block shall be used within 14 days of the date of construction. The blocks shall be bedded and jointed in cement mortar.

**Thickness of Walls, Domestic Class.**

48. No external wall in brick, stone or concrete, or cement block shall have less than the thickness prescribed in the following Table A:—

**Table A.**

**Buildings of Domestic Class.**

**Walls Built with Lime Mortar.**

Length of Wall.	No. of Storeys.	Thickness of Walls in inches.
Not exceeding 30 feet ..	1	9
	2	9 9
Exceeding 30 feet ..	1	13½
	2	13½ 13½

**Walls built with Cement Mortar.**

Not exceeding 30 feet ..	1	9
	2	9 9
Exceeding 30 feet ..	1	9
	2	13½ 9

49. If any storey exceeds in height 18 times the thickness prescribed for the walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers, properly distributed, of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

50. The height of any storey may be 20 times the thickness of the walls prescribed for such storey if built with cement mortar.

**Thickness of Walls under Certain Conditions.**

51. Walls under 75 feet in length may be constructed 9 inches thick, provided they are strengthened with 4½ inch piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12 feet when built with lime mortar, or 13 feet 6 inches when built with cement mortar.

52. The thickness of walls under 20 feet in length may be two-thirds the thickness required for external or party walls as stated in Table A, but in no case less than 9 inches.

**Lengths, How Measured.**

53. Walls are deemed to be divided into distinct lengths by return walls, and the length of every wall is measured from the face of one return wall to the face of another, provided that such return walls are external, party or cross walls of the thickness required by this part of this by-law, and bonded into the walls so deemed to be divided.

**Cross Walls.**

54. The thickness of a cross wall shall not be less than two-thirds of the thickness herein before required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than nine inches and no wall subdividing shall be deemed to be a cross wall unless it is carried up to the plate level or the topmost storey, and unless in each storey the aggregate extent of the vertical faces or elevations of all the recesses, and that of all the openings therein taken together, does not exceed one-half of

the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation. But in one-storey buildings of the domestic class, four and one-half inch cross walls will be permitted, provided the unsupported length of any wall does not exceed 25ft.

#### Cross Wall Becoming External Wall.

55. Wherever a cross wall becomes in any part an external wall, the external portion of such cross wall shall be of the thickness required for an external wall of the same height and length and belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

#### External and Partition Walls.

56. (1) All external bearing walls and partition walls shall be constructed in such manner as may be approved by the surveyor and shall be of brick, stone, concrete or cement block. All such walls shall be not less than four and one-half inches thick, provided that where such walls form a division between flats then such walls shall be not less than nine inches thick. (2) Unless with the consent of the surveyor every such wall, unless carried on a bressummer, shall have footings, and such footing shall be of at least twice the thickness of the wall resting upon it.

#### Isolated Piers.

57. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and twelve times if built of cement mortar.

#### Parapet to Walls on Boundary.

58. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutter of any building would be within two feet of such boundary, then the external wall of such building shall be carried up to form a parapet of 15in. at least in height above the roof or above the highest part of any flat or gutter, as the case may be.

#### Parapet, Warehouse Class.

In buildings of the warehouse class the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of nine inches at least.

#### Party Walls.

59. Every party wall shall be carried up for a height of 15in. above the roof, measured at right angles to the slope thereof, or 15in. above the highest part of any flat or gutter, as the case may be and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey and in any other building of a thickness of eight and one-half inches at least.

Provided, however, that in the case of domestic buildings where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least eight and one-half inches in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

60. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within four feet from such party wall, and shall extend at the least 15in. higher and wider on each side than such erection; and every party wall shall be carried up above any part of any roof opposite thereto, and within four feet therefrom.

#### Buildings Wholly or Partly in Wood.

61. The external walls of all wooden buildings shall not exceed 15ft. in height, measured from the floor level to the top of the wall plates. Every such building shall be wholly in one occupation or be constructed or adapted to be.

The following conditions shall apply as to scantlings and spacings of timber:—

Stumps: Jarrah, 4in. x 4in. or jam round 4in. diameter spaced not more than 4ft. apart, sunk not less than 18in. below natural surface of ground; bottom plate 3in. x 2in. hardwood and bearers 4in. x 3in. hardwood; floor joists: 4in. x 2in. hardwood, centres not more than 21in.; studs: 3in. x 2in., 2ft. centres; angle studs: 3in. x 3in.; top plates: wooden buildings, 3in. x 2in.; rafters: 4in. x 2in., 2ft. centres, for tiles, or for iron roof, 3ft. centres except where building surveyor agrees otherwise; under purlins: 4in. x 3in. for tile roof; purlins: 3in. x 1½in. for iron roof; ceiling joists: 3in. x 2in., 2ft. centres; ceiling hangers: 7in. x 1½in., not more than 7ft. apart; collar ties: 3in. x 1½in.; ridge: 7in. x 1in.; hips: 7in. x 1in.; fascia: 7in. x 1in.; flooring boards: 1in. thick by varying widths; weatherboards: 1½in. lap; wash-houses, w.c.'s. and woodsheds not under main roof to be of not less than 3in. x 2in. framing; w.c.: shall be constructed not less than 5ft. x 3ft. internal dimensions.

#### Vermin Plates.

62. Vermin plates must be used in the construction of all wooden buildings except sheds.

#### Roughcast.

63. Stucco or roughcast work shall be applied only to brickwork.

#### Interiors of Walls.

64. The interior of all walls and ceilings of every wooden building which is intended to be used or shall or may be used as a dwelling-house shall be constructed of plaster sheets or of approved wood, or fire-resisting materials.

#### Roofs.

65. The roof of every buildings shall be constructed of tiles, slates, metal or other material approved by the surveyor.

#### Reinforced Concrete Buildings.

66. In all cases where reinforced concrete is employed, whether in buildings as a whole or in portions of buildings before the actual carrying out of work or any portion thereof, complete drawings of such work or portion shall be delivered to the surveyor, showing all details of the construction and the size, spacing and arrangements of all the reinforcing members.

#### Public Buildings.

67. In any case in which the plans of any proposed building are required by law to be approved by the Public Works Department such approval shall be obtained before such plans are submitted for the Board's approval.

#### United Buildings.

68. Buildings shall not be united except where they are wholly in one occupation, but doorways may be allowed in party structures opening on to staircases, landings or passages provided they are protected with iron-cased or tin-clad doors. Such doors shall be hung so as not to block the staircases, landings or passages.

69. Buildings shall not be united, if, when so united and considered as one building only, they would not be in conformity with the provisions of this by-law.

#### Buildings Ceasing to be in one Occupation.

70. Whenever any buildings which have been united cease to be in one occupation, all openings made for the purpose of uniting the same in any party wall between the buildings or in any external wall where such wall is over eight and one-half inches in thickness shall be stopped with material similar to that of which the wall is constructed, or material approved by the surveyor and not less than nine inches thick. Openings in all other walls shall be stopped as above to the full thickness of the wall. Any timber placed in the wall shall be removed if it would no longer comply with the provisions of this by-law.

#### Notice to Surveyor.

71. Whenever any buildings which have been united cease to be in one occupation the owner thereof, or if the buildings are the property of different owners, then each of such owners shall forthwith give notice to the surveyor, and shall cause any openings made in the party or external walls to be stopped as provided in the last preceding clause.

#### Buildings Deemed to be United.

72. Buildings shall be deemed to be united when any opening is made in the party wall or the external walls dividing such buildings, or when such buildings are so connected that there is access from one building to the other without passing into the open air, provided that building shall not be deemed to be united when they are connected only by an open gangway.

#### Alterations, Additions, etc.

##### Alterations.

73. Except with the consent of the surveyor, no alteration shall be made in any building in such manner than when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

#### Rebuilding Party or External Wall.

74. Unless in any case the surveyor otherwise allows where a party or external wall not in conformity with this by-law has been taken down, burnt, or destroyed to the extent of one-half thereof (measured in superficial feet) every remaining portion of the old wall not in conformity with this by-law shall either be made to conform therewith or be taken down before the rebuilding thereof.

#### Additions or Alterations.

75. Every addition to or alteration of a building and any other work made or done for any purpose in or upon a building (except that of necessary repairs not affecting the construction of any external, cross or party wall) shall, so far as regards such addition or alteration or other work, be subject to the provisions of this by-law relating to new buildings.

### PART 6.

#### Ventilation, Lighting, and Drainage.

##### Height of Rooms.

76. The main rooms in all buildings shall be in every part not less than 9ft. 6in. from floor to ceiling, and the minimum height for verandahs, wash houses and bathrooms shall be eight feet.

##### Attic Rooms.

Provided that in the case of buildings of more than one storey, living rooms wholly or partially in the roof may be not less than eight feet six inches in height from floor to ceiling over two-thirds of the floor area.

##### Minimum Area of Rooms.

77. No main room shall have less floor area than 120 square feet.

##### Windows and Ventilators.

78. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into the external air, the area of such windows to be equivalent to at least one-tenth of the floor area, and shall be ventilated by ventilators communicating directly with the outside air placed near the ceiling of each room, and of an area satisfactory to the surveyor.

##### Application to Shops.

79. The provisions of this part of this by-law relating to the height lighting and ventilation of main rooms in dwellings, shall, as far as applicable, apply to all shops, save that the windows need not be constructed so as to open if other approved provision for ventilation be made and that the minimum height of walls in shops shall be 12ft.

##### Floors.

80. Floors shall be fixed level, and in all buildings the floor immediately above the ground, if of wood, shall have a space of not less than six inches between the ground and the under side of the bearers.

#### Space Under Floors.

81. The space under the ground floor of every building shall have a sufficiency of openings through all walls under the floor thoroughly to ventilate the same.

#### Water Not to be Allowed to Drip on Any Public Place.

82. Roofs, gutters and flashings of any building, and of any projection therefrom, and also balconies, verandahs and shop fronts, shall be so arranged and constructed and supplied with gutters and pipes as to prevent the water therefrom dropping or running over any public way. All such pipes, gutters and flashings shall be made of metal and shall be maintained in good condition.

#### Permit May Be Refused if Drainage not Satisfactory.

83. The Board may refuse to approve the plan of any building or of any addition or alteration to any building until it is satisfied that the proposed building, or addition, or alteration, and the site and curtilage thereof will be properly drained.

#### Septic Tanks.

84. The plans for a new building where a public sewer is not available shall include provision for the proper disposal of sewerage by means of the septic tank system, except in such cases as the surveyor may determine otherwise.

#### Drainage, Waste Water.

85. Every person who shall erect a building shall provide proper drains sufficient for carrying away all waste waters to the satisfaction of the surveyor.

#### Drains, Baths, Sinks, etc.

86. Waste water pipes from baths, sinks and wash troughs shall be of wrought iron with trap fittings at all right angles, and shall discharge over a proper earthenware "P" trap with four-inch glazed earthenware drain pipes properly cemented at joints and shall be disposed of to the satisfaction of the surveyor.

#### Roof Water Disposal.

87. All buildings shall be provided with pipes for carrying off rain water from the roof thereof to at least two clear feet clear of the foundations to the satisfaction of the building surveyor.

### PART 7.

#### Removal of Buildings.

88. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of this by-law to be a new building erected for the first time on the site whither it is removed.

### PART 8.

#### Verandahs, Projections, Signs, Hoardings and Fences. Verandahs.

89. (a) No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the cantilever type and be of the shape, figure, dimensions and materials as set forth on the plan and specifications, for the time being, adopted by resolution of the Board, but the lowest part of the frieze for rails of such portico or verandah shall in no case be of less height than nine feet above the level of the outer edge of the footway.

#### Opening in Roof of Verandah.

(b) No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass, protected underneath with a fine mesh wire netting or armoured glass to the satisfaction of the surveyor.

#### Porch, Landing, etc.

90. Every porch, gangway, outside landing and outside step shall be of fire-resisting material, and shall not project beyond the boundary of any road or public place.

## Shop Windows.

91. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass jointed and fixed in metal or approved timber frames, the level of the sill of such frames to be not higher than 30in. nor within 12in. of the level of the footpath immediately adjoining the same.

## Woodwork Abutting on Roads.

92. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

## Signboard, Hanging Lamp, etc.

93. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over any road unless permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction and design approved by the surveyor, and shall be in no part less than eight feet six inches above the level of the footpath or road. No signboard shall exceed in depth three feet nor, unless attached to a verandah, project over the footpath or road.

## Unightly or Dangerous Fence.

94. When any fence abutting on or within ten feet of any road or public place within the district is in a dangerous or unsightly state, the Board may, by notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down, or repair, such fence as the case may require, and such owner shall comply with such notice.

## PART 9.

Chimneys, Flues, Fireplaces, and Heating Apparatus.  
Foundations, Footings, etc.

95. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on iron girders with direct bearings upon party, external or cross-walls, to the satisfaction of the surveyor, or on corbels of brick, stone or other incombustible material, and the work so corbelled out does not project from the wall more than the thickness of the wall, measured immediately below the corbel. (2) Chimneys may be corbelled out 14in. from walls nine inches in thickness on corbels of stone or other incombustible material not less than 10in. in depth and of the full width of the jambs.

## Chimneys; etc., with Soot Doors.

96. (1) Chimneys and flues having proper soot doors of not less than 40 square inches may be constructed at such angle as is approved by the surveyor, but in no other case shall any flue be inclined at a less angle other than 45 degrees to the horizon, and every angle shall be properly rounded.

## Position of Soot Doors.

(2) All soot doors shall be distant at least 15in. from any woodwork.

## Arches.

97. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars of sufficient strength turned up or down at the ends and built into the jamb for at least four and a half inches on each side.

## Flues.

98. A flue shall not be adapted to or used for any new oven, furnace, steam boiler or other fire used for any purpose of trade or business of to or for the range of cooking apparatus of any hotel, tavern or eating-house, unless the flue is surrounded with brickwork at least nine inches thick, or reinforced concrete six inches thick, from the floor of the storey on which such oven, furnace, steam boiler or other fire is situate to 12in. above the roof.

## Flues in Connection with Engines.

99. A flue shall not be used in connection with a steam boiler or hot-air engine, unless the flue is at least 20ft. in height measured from the level of the floor on which such engine is placed.

## Lining, etc., of Flues.

100. The inside of every flue, and also the outside where passing through any floor or roof or space enclosed by the roof or behind or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

## Jambs.

101. The jambs of every fireplace opening shall extend at least nine inches on each side of the opening thereof.

## Incombustible Material in Certain Cases.

102. The breast of every chimney shall be of incombustible material, at least four inches in thickness, and the brickwork surrounding every smoke flue shall be at least four and a half inches in thickness; provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wythe of cast iron not less than one inch in thickness.

## Backs of Fireplaces.

103. The back of every fireplace opening in party or internal walls from the hearth up to a height of 12 inches above the lintel or arch shall be brickwork at least nine inches thick, or shall be reinforced concrete six inches thick. No flue shall be within two inches of the centre line of any party wall.

## Thickness of Flues.

104. The thickness of the upper side of every flue when its course makes the horizon an angle of less than 45 degrees, shall be at least nine inches.

## Height.

105. Every chimney, flue or chimney shaft shall be carried up in brick or stonework at least four inches thick throughout to a height of not less than three feet above the roof, flat, or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat, or gutter.

## Top Courses.

106. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

## Chimney Shafts.

107. The brickwork or stonework of any chimney shaft, except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof, flat, or gutter adjoining thereto, than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft is built with and bonded to another chimney shaft not in the same line with the first or otherwise rendered secure to the approval of the surveyor.

## Slabs.

108. There shall be laid level with the floor of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible substance, at the least six inches longer on each side than the width of such opening, and at least 14 inches wide in front of the breast thereof.

## How to be Laid.

On every floor, except the lowest floor, such slab shall be laid wholly on stone or iron bearers or upon brick trimmers, or other incombustible material, but on the lowest floor it may be bedded on concrete, covering the site or on solid materials placed on such concrete.

## Hearths, etc.

109. The hearth, or slab, of every chimney shall be bedded wholly on brick, stone or other incombustible substance, and shall, together with such substance be solid for a thickness of six inches at least beneath the upper surface of such hearth or slab.

Flues in Party Walls.

110. A flue shall not be built in, or against, any party structure or existing wall, unless it is surrounded with good, sound brickwork or other approved material, at least four and a half inches in thickness properly bonded to the satisfaction of the surveyor.

Cutting Away Chimney Breast.

111. A chimney breast or shaft, built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

Cutting into Chimney Shaft.

112. A chimney shaft, jamb, breast or flue shall not be cut into, except for the purpose of repair or doing one or more of the following things:—(a) Letting in or removing or altering flues, pipes, or funnels for the conveyance of smoke, hot air or steam; (b) forming openings for soot doors, each opening to be fitted with a close iron door and frames; (c) making openings for the insertion of ventilating valves; provided that an opening shall not be made nearer than 12 inches to any timber or combustible substance.

Position of Timber Work.

113. Timber or woodwork shall not be placed:—(a) Under any chimney opening within six inches from the upper surface of the hearth of such chimney opening; (b) within two inches from the face of the brickwork or stonework about any chimney, or flue, unless the face of such brickwork or stonework is rendered.

Position of Wooden Plugs.

114. Wooden plugs shall not be driven nearer than three inches to the inside of any flue or chimney opening, nor any iron holdfast or other iron fastening nearer than two inches thereto.

Ironwork.

115. No iron or steel joists or other ironwork shall be placed in any flue, except in so far as the same may be required for insuring stability.

Floors above Furnace or Ovens.

116. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18 inches from the crown of an oven shall be constructed of fire-resisting materials.

Part 10.

Exempted Buildings. Ferneries, Aviaries, Etc.

117. This by-law shall not apply to any greenhouse, fernery, aviary, or to an outbuilding, if such outbuilding is on an area of not less than five acres used for agricultural or similar purposes only, or to temporary and removable offices and sheds used by builders during the construction of any building at or about the site of such building for a period not exceeding 12 months.

PART 11.

Enforcement of By-laws and Penalties.

No Building may be Erected Except in Compliance with this By-law.

118. No person shall erect, build, or construct, remove or make any alteration or addition to, or cause to be erected, built, or constructed, removed, or make any alteration or addition to any building contrary to the provisions of this by-law.

Penalty for Breach.

119. Any person who shall be guilty of any breach of any of the provisions of this by-law, or shall fail duly to comply with any notice thereunder, shall be liable for every such offence, to a penalty of not less than one pound and not exceeding twenty pounds, and a continuing penalty, if thought fit, of not less than £1 per day during the continuance of the breach.

Certificate of Surveyor.

120. If the surveyor shall certify in writing to the Board that any building has been removed into or erected or re-erected within the district, or occupied contrary to any of the provisions of this by-law or that any building is in such a dilapidated, ruinous, or unsafe condition as to be dangerous to the public safety the Board or any officer thereof or other authorised agent,

may give to the owner, occupier, or builder or leave upon the site of such building a notice in writing requiring such owner to alter, or repair, or to remove or pull down, such building within such time as is limited by such notice, and such owner, occupier or builder shall comply with such notice within the time therein limited.

Notice to Make Building Conform to By-law.

121. If any building shall be wholly or partly built, or erected, added to or altered, contrary to, or not in conformity with the provisions of this by-law the Board, or any officer thereof may give to the owner, occupier, or builder, or leave upon the site of such building, notice in writing to bring such building into conformity with the said provisions or requiring the pulling down or removal of such building, within such time as is limited in such notice, and such owner, occupier or builder shall comply with such notice within the time therein limited.

Power of Board where Building or Erection is Contrary to By-law.

122. If default shall be made in complying with any notice mentioned in the last two preceding clauses, then, notwithstanding the imposition or recovery of any penalty, it shall be lawful for the said Board, by its surveyor, officer or other authorised agent, or agents, to enter upon any building, and on the site, thereof, with a sufficient number of workmen, and for that purpose to break down any fence surrounding the land on which the building is situate, and to demolish and pull down the said building or any part or parts thereof, and to do any other act that may be necessary for the purpose, and to remove the materials thereof to some convenient place, and if the Board, in its discretion thinks fit to sell the same in such manner as it think fit and all expenses incurred by the Board, its surveyor, officer, or other authorised agent or agents in demolishing and pulling down the said building, or any part thereof and selling the same, and in doing other acts as aforesaid and all fees and penalties due by the owner, occupier, or builder thereof may be deducted and retained by the Board out of the proceeds of such sale and the Board shall restore the surplus (if any) arising from such sale to such owner, occupier or builder, or other person legally entitled thereto on demand, and any deficiency shall be made good and paid by the owner, occupier, or builder to the Board on demand.

STATE TRANSPORT CO-ORDINATION ACT, 1933-1946.

Amendment to Transport Regulations, 1934.

The Western Australian Transport Board pursuant to section 58 of the State Transport Co-ordination Act, 1933-1946, hereby amends the Transport Regulations, 1934, as published in the *Government Gazette* on the 16th day of March, 1934, and amended from time to time thereafter, in the manner mentioned in the Schedule hereunder.

The Schedule.

- (1) By inserting in Part I. thereof a new regulation as follows:—  
15A. The amount of any fee payable in respect of any public vehicle licence or any instalment or part thereof not duly paid may be recovered by the Board as a debt by action in its own name or in the name of any person authorised by it in any court of competent jurisdiction.
- (2) By inserting in Part III. thereof a new regulation as follows:—  
24A. The Board may at any time vary the percentage fee fixed by it upon the granting of a licence.
- (3) By inserting in Part V. thereof a new regulation as follows:—  
39A. Regulation 24A under Part III. hereof shall apply mutatis mutandis to aircraft.

Made and adopted at a meeting of the Western Australian Transport Board held on the 10th day of December, 1948.

The Common Seal of the Western Australian Transport Board was hereunto affixed by order of the Board in the presence of:—

W. H. HOWARD, Chairman.

[L.S.]

H. M. MACNEE, Member.

W. D. WRIGHT, Member.

G. SLATER, Secretary.

Approved by His Excellency the Governor in Executive Council this 15th day of December, 1948.

R. H. DOIG,  
Clerk of the Council.

## PLANT DISEASES ACT, 1914-1947.

Department of Agriculture,  
Perth, 23rd December, 1948.

HIS Excellency the Governor in Executive Council acting pursuant to the provisions of the Plant Diseases Act, 1914-1947, has been pleased to amend the regulations relating to the bringing of bananas into the State of Western Australia made under and for the purposes of the said Act and published in the *Government Gazette* on the 5th September, 1947, in the manner mentioned in the Schedule hereunder.

A. L. McK. CLARK,  
Acting Director of Agriculture.

## Schedule.

The abovementioned regulations are amended by deleting paragraphs (a) and (b) of regulation 1 and in lieu thereof inserting the following as paragraphs (a) and (b) respectively:—

- (a) Such bananas shall have been treated with or dipped in a fungicide containing Salicylanilide on the plantation in which they were grown, in accordance with the standard recommendations to control *Nigrospora Sphaerica* "Squirter" adopted in the State where such bananas were grown.
- (b) All cases packed with bananas so treated or dipped shall have stencilled on one end thereof the name of the fungicide followed by the word "treated" or "dipped" as the case may be.

Approved by His Excellency the Governor in Executive Council, this 23rd day of December, 1948.

(Sgd.) R. H. DOIG,  
Clerk of the Council.

## FRUIT CASES ACT, 1919-1933.
