PRICES CONTROL ACT, 1948.

Prices Control Order No. 47.

Secondhand Goods.

IN pursuance of the powers conferred upon me by the Prices Control Act, 1948, and the Regulations for the time being in force thereunder, I, Constantin Paul Mathea, Prices Control Commissioner under the said Act, hereby make the following Order:—

Citation.

1. This Order may be cited as Prices Control Order No. 47.

Revocation.

2. Commonwealth Prices Regulation Order No. 1092, published in the *Commonwealth Gazette* on the 2nd day of July, 1943, as amended by Commonwealth Prices Regulation Order No. 1386, published in the *Commonwealth Gazette* on the 13th day of January, 1944; as further amended by Commonwealth Prices Regulation Order No. 1494, published in the *Commonwealth Gazette* on the 3rd day of May, 1944; and as further amended by Commonwealth Prices Regulation Order No. 2306, published in the *Commonwealth Gazette* on 25th day of October, 1945, is hereby revoked.

Definitions.

3. "Ceiling price of new goods" means, in relation to the sale of any used goods—

- (a) the maximum price fixed and specified for the sale of new goods otherwise substantially identical to those used goods, in any Prices Regulation Order of the Commonwealth which continues in force under the Regulations, or in any Prices Control Order of the State made prior or subsequent to this Order;
- (b) if no such maximum price is fixed, the maximum price fixed and specified for the sale of comparable new goods, in any Prices Regulation Order of the Commonwealth which continues in force under the Regulations, or in any Prices Control Order of the State made prior or subsequent to this Order;
- (c) if no such maximum price is so fixed—the price at which comparable new goods were sold by any of the three nearest retail sellers of goods of the same class on the 17th day of September, 1948, or if no such sale was made on that date by any of such retail sellers, then on the last preceding date upon which such a sale was made by any one of such retail sellers; or
- (d) if no such sale was made on the 17th day of September, 1948, or on such preceding date—the last offering price for comparable new goods by any of the aforesaid three nearest retail sellers of goods of the same class on or prior to 17th day of September, 1948;

"comparable new goods" means goods having the same use, affording fairly equivalent serviceability, and belonging to a type which would ordinarily be sold when new at the same price or in the same price range as such used goods when new. In determining comparability differences merely in style or design which do not substantially affect use, or serviceability, or the price range in which such goods would ordinarily have been sold, shall not be taken into account;

"nearest retail seller of goods of the same class" means the seller of goods of the same class whose shop or other premises is nearest to the place—

- (i) in cases of sales by auction—where the auction takes place;
- (ii) in any other case—where the sale takes place;

"offering price" in respect of comparable new goods means any price quoted in any manner in which the seller regularly quoted prices, or if no such price was quoted the price at which such goods would have been quoted by the seller.

Sales by Auction.

4. I fix and declare the maximum price at which used goods may be sold by auction to be 75 per centum of the ceiling price of new goods.

Sales other than by Auction.

5. I fix and declare the maximum price at which used goods may be sold other than by auction to be 75 per centum of the ceiling price for new goods.

6. (a) Every person who sells or has for sale other than by auction any used goods shall exhibit in a prominent position in his place of business, or if he has more than one place of business, in each of his places of business, a notice or notices setting forth the retail selling prices of all such used goods which are from time to time displayed or offered for sale at any such place or places of business.

(b) I hereby approve of the following form for the notice or notices referred to in the last preceding subparagraph, that is to say:—A separate price card, cards, marking or markings specifying the price of each such used goods so as to properly associate the price with each of those used goods.

Application.

7. (a) This Order shall not apply to the sale of used goods the maximum price of which has been fixed by the provisions of any Prices Regulation Order of the Commonwealth or Prices Control Order of the State or any notice in pursuance thereof which was in force at the commencement of this Order, and shall not, unless expressly stated in any Order issued subsequent to the commencement of this Order, apply to the sale of used goods the maximum price of which is fixed by the provisions of that subsequent order.

(b) This Order shall not apply to the sale of objects of fine art or antiques.

Variation of Maximum Prices by Notice.

8. Notwithstanding the foregoing provisions of this Order, I declare the maximum price at which any used goods specified in a notice given in pursuance of this paragraph may be sold by any person to whom such notice is given to be such price as is fixed by the Commissioner by notice in writing to that person.

Dated this 28th day of January, 1949.

The employer shall keep a record showing:—

- (b) The occupation of each worker.
- (c) The time worked by each worker.
- (d) The wages and overtime paid to each worker.

Such records shall be open for inspection by the secretary of the union, or such other person authorised in writing by the president of the union, during working hours in any day.

18.—Managers.

This Award shall not apply to managers.

For the purpose of this clause a manager shall mean:—

- i. A person who attends to managerial duties, who is in charge of the establishment, and/or who directs and supervises operations in connection with that shop, and who may do butchering work; and
- ii. who works under a written contract of service with his employer under which, in addition to any other provisions he is entitled to a margin of Two Pounds Ten Shillings (£2 10s. 0d.) over the basic wage per week and is also entitled to receive a month's notice before his services may be dispensed with, except in the case of misconduct. A copy of the agreement of service shall be lodged with the Registrar.

19.—Definitions.

(a) "Smallgoodsman" shall mean one who actually performs the work of preparing, manufacturing, or making up from meat smallgoods, except sausages known as butcher's sausages, but shall not mean or

GENERAL CLAUSES.

The following shall apply to both sections of the industry:—

20.—Contract of Service.

(a) The contract of service shall be by the week and shall be terminable by one week's notice on either side, except in the case of a casual worker.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of the next following clause, or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

20A.—Breakdowns, Etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

21.—Absence Through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act. In the event of sickness the worker shall produce a medical certificate, if it be deemed necessary by the employer.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

22.—Casual Hands.

A casual hand is a worker employed for less than one week.

23.—Under-Rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wages as may from time to time be agreed upon in writing between the union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

24.—Carter.

Carters of all classes and tradesmen doing carting may be required to feed and water the horses used at the shop or slaughterhouses, or in connection therewith, where no groom is kept: Provided that each such carter shall perform the work in rotation, and where only one carter is employed he shall be entitled to each alternate holiday and Sunday off this duty.

25.—Posting of Award.

A copy of this Award may be posted by the union in some position in each shop, factory, and slaughterhouse accessible to all workers.

26.—Apprentices.

(a) The provisions of the Schedule annexed hereto, and entitled "Apprenticeship Regulations," shall extend and apply to apprentices coming within the scope of this Award.

(b) The maximum number of apprentices allowed to any employer shall be in the proportion of one to every three or fraction of three fully paid workers in the slaughtering and/or shop sections, in accordance with whether the employer carries on either or both of these branches of the butchering trade: Provided that the fraction of three shall not be less than one.

(c) Apprentices may be taken to learn:—(1) Slaughtering; (2) retail butchering; (3) smallgoods making; (4) retail butchering and smallgoods making.

(d) A master butcher or his registered manager shall count as a worker for the purpose of this clause.

(e) The period of apprenticeship shall be five years: Provided, however, that in the case of youths who have already had experience in the industry, this period may be reduced with the consent of the Court, or by agreement with the union as to the allowance to be made out of the said period of five years for the experience previously gained in the industry.

27.—Board of Reference.

The Court appoints, for the purpose of the Award, a Board or Boards of Reference. Each Board shall consist of a chairman, and two other representatives, one to be nominated by each of the parties, as prescribed by the regulations. There are assigned to each such Board, in the event of no agreement being arrived at between the parties to the Award, the functions of:—

- i. adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award or any of them;
- ii. deciding any other matter that the Court may refer to such Board from time to time.

An appeal shall lie from any decision of such Board, in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1941, which for this purpose are embodied in this Award.

28.—Board and Lodging.

No employer shall board or lodge any of his workers, excepting members of his family on his business premises.

29.—Mixed Functions.

Any worker called upon to do or performing any work that carries a higher rate of wage shall be paid such higher rate for that day.

I certify pursuant to section 65 of the Industrial Arbitration Act, 1912-1941, that the foregoing is a copy of the agreement arrived at between the parties mentioned above.

Dated at Perth this 7th day of October, 1948.

3. (1) Every apprentice shall be employed on probation for a period of three months to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as may be prescribed by the Award. In the event of his becoming an apprentice such probationary period shall be counted as part of the term of apprenticeship.

(2) The Court may in any case where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.

4. (a) Any employer taking an apprentice on probation shall within 14 days thereafter register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

(b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.

5. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. The employer and the apprentice respectively shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

Apprenticeship Board.

7. (i) The Court may on its own motion or on the application of any of the parties, or on the recommendation of an Industrial Board, appoint a Board for the purpose of dealing with all matters affecting apprentices assigned to the determination of the Board by the Court, and in particular to perform and discharge all powers and duties in these regulations and

therein to be performed and discharged by the Court, except such powers and duties as are specially assigned to the Court by the Act.

(ii) The Board shall consist of the following:—

- (a) A chairman, to be appointed by the Court, and
- (b) Representatives of the employers and workers respectively, one or two on each side, as may be decided by the Court.

(iii) The Board shall be invested with the following powers and functions in addition and without prejudice to those mentioned in (i):—

- (a) to endeavour to promote apprenticeships under this Award;
 - (b) to draw up syllabi of training and to arrange for the periodical examination of apprentices;
 - (c) to permit in any special circumstances the taking or employment of an apprentice by an employer, notwithstanding that the quota fixed by the Award in any particular case may be exceeded;
 - (d) to enter any factory, workshop, or place where an apprentice is employed or appoint any other person for that purpose and inspect the conditions under which any apprentice is employed;
 - (e) to require any employer to furnish the Board with any specified information relating to any trade or industry subject to this Award, or any of the workers engaged therein, with a view to determining whether there is a sufficient number of apprentices being trained to meet future requirements and in the interests of the community;
 - (f) to advise the Court as to all matters appertaining to apprentices.
- (iv) A majority of the members of the Board, one of whom must be the chairman, shall constitute a quorum.
- (v) The decision of the Board shall be the decision of the majority of the members and shall be signed by the chairman and forwarded to the Registrar.
- (vi) Either party, with the consent of the Court, may at any time alter its representative.

8. (a) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice; by reason merely of the fact that the worker is a member of the Board, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(b) In any proceeding for any contravention of this subclause it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this subclause.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian, or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the Award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, or such other period as may be prescribed by the Award, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

- (a) The names and addresses of the parties to the agreement.

(b) The date of birth of the apprentice.

(c) A description of the industry, craft, occupation or calling or combination thereof to which the apprentice is to be bound.

(d) The date at which the apprenticeship is to commence and the period of apprenticeship.

(e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial Award so far as they concern the apprentice.

(f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.

(g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.

(h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from (a) one employer to another and/or (b) from one trade to another, either temporarily or permanently—

(i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or

(ii) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be made out in quadruplicate and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its Award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a statement in writing setting forth the time he has served, full particulars of the branches of the trade or industry in which he has received instruction and the proficiency attained (see Form B hereof); and he shall also notify the Registrar stating the cause of such transfer or termination. On any such transfer the original employer shall be relieved from all obligations under the contract.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

- (a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date.
- (b) Neither the apprentice, his parent or guardian, shall have any right of action against the employer unless the Court specifically authorises the same after consideration of the circumstances, and in any event, any proceedings for damages hereunder authorised by the Court must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.
- (c) If the contract of apprenticeship is transferred on the bankruptcy or insolvency of the employer, to another employer, the apprentice named in such contract shall not be counted in calculating the proportion of apprentices to other labour.

Extension of Term.

22. Subject to regulation 38, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass two successive periodical examinations, either by ordering a continuation of any particular year of the apprenticeship, in which case the next year of service shall not commence until after the expiration of the extended period, or by adding the period of extension to the last year of service. It shall be the duty of the examiners to make any recommendation they see fit to the Court for the purpose of such extension. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine. (See also regulations 34 and 35.)

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for

instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him. Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Any apprentice who:

(a) fails without reasonable cause, the proof whereof lies on him, to attend any technical school or class punctually when such is available for instruction, at the time appointed for the commencement of the school or class, or leaves school or class before the time appointed for leaving, without the permission of the teacher; or

(b) fails to be diligent or behaves in an indecorous manner while in such school or class; or

(c) destroys or fails to take care of any material or equipment in such school or class,

shall be deemed to commit a breach of the Award and shall be liable for each such breach to a penalty not exceeding two pounds.

26. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

27. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the technical school or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such technical school, or such other place, as it deems necessary.

28. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

29. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, if required by the examiners, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction, unless he is exempted from such attendance for good cause.

(c) The Registrar shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination and the attendances made by them at the technical school, should such information be in his possession.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

30. (a) The examiners shall be persons skilled in the industry and appointed by the Court. In the event of a disagreement between the examiners, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President, at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

31. The Registrar shall, after each examination, issue a certificate to each apprentice indicating the results and the term of apprenticeship served.

32. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Registrar and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Registrar thereof.

33. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be recommended by the Superintendent of Technical Education for the whole or any portion of the subjects of instruction.

34. On the failure of an apprentice to pass any of the examinations, the employer may, if the examiners so recommend withhold the increase in wages accruing to the apprentice in accordance with the scale set forth in the Award for such period as may be recommended by the examiners but not exceeding twelve months. (See also regulation 23.)

35. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court, with a recommendation as to the extension of the apprenticeship period, the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary. (See also regulation 23.)

36. Upon completion of the period of training prescribed or any authorised extension thereof, each apprentice shall, if he has passed the final examination to the satisfaction of the examiners, be provided with a certificate to that effect by the Registrar. This certificate shall also be signed by the examiners.

Lost Time.

37. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

- (a) payment for such sickness shall not exceed a total of two weeks in each year;
- (b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer.
- (c) An apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.
- (d) Liberty is reserved to the respondents to apply for the deletion of this regulation.

38. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training (but not exceeding two weeks in any year of service), the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the appren-

tice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

39. When an apprentice is absent from work or any cause other than sickness or in pursuance of the provisions of these regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission—

- (a) to employ the apprentice for such lesser time per week or per month and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial Award or Agreement for the trade, calling, or industry; or
- (b) to suspend the contract for such period and on such terms as the Court thinks fit.

If the Court grants the application, holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the union of workers interested upon request.

42. (1) (a) For the purpose of ascertaining the number of apprentices allowed at any time the average number of journeymen employed on all working days of the 12 months immediately preceding such time shall be deemed to be the number of journeymen employed.

(b) Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. In the case of a partnership each partner shall be deemed a journeyman for the purpose of this subclause.

(c) Where a business is in operation for less than 12 months the method of ascertaining the number shall be as agreed by the union and the employer, or if no agreement is arrived at, as determined by the Court.

(2) Notwithstanding the provisions of subclause (1) hereof the Court may in any particular case—

- (a) in special circumstances permit the taking or employment of an apprentice by an employer notwithstanding that the quota fixed by the Award may be exceeded;
- (b) refuse the registration of an agreement of apprenticeship or the taking of an apprentice in any case when in the opinion of the Court the circumstances are such that the apprentice is not likely to receive the instruction and training necessary to qualify him as a tradesman.

43. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1941, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the abovementioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any

employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

45. In every application under classes 15, 18, 19, 20, and 40 hereof, the union of workers registered may intervene and make such representations at the hearing as it may deem necessary. Similarly, in the case of an application under clause 22, the employer may intervene and, in an application under clause 23, both the employer and the union may intervene. Where such intervention is made, a representative or agent shall be appointed in the manner laid down by section 65 of the Act.
