No. 9.]

PERTH : FRIDAY, FEBRUARY 11.

[1949.

AT a meeting of the Executive Council, held in the Executive Council Chambers, Perth, this 9th day of February, 1949, the following Orders in Council were authorised to be issued:—

Public Works Act, 1902-1945.

Moore River Improvements Between Moora and Gillingarra.

### ORDER IN COUNCIL.

P.W.W.S. 69/49, Ex. Co. No. 340.

IN pursuance of the powers conferred by section 11 of the Public Works Act, 1902-1945, His Excellency the Governor, acting by and with the advice and consent of the Executive Council doth hereby authorise the Honourable Minister for Works to undertake, construct or provide Moore River Improvements between Moora and Gillingarra on the land shown coloured green on Plan P.W.D., W.A. 31594 which may be inspected at the office of the Minister for Works, Perth.

R. H. DOIG,  
Clerk of the Council.

Public Works Act, 1902-1945.

State Public Offices, Perth.

### ORDER IN COUNCIL.

P.W. 1547/45, Ex. Co. No. 293.

IN pursuance of the powers conferred by section 11 of the Public Works Act, 1902-1945, His Excellency the Governor, acting by and with the advice and consent of the Executive Council doth hereby authorise the Honourable Minister for Works to undertake construct or provide State Public Offices, Perth, on the land shown coloured green on Plan P.W.D., W.A. 31619 which may be inspected at the office of the Minister for Works, Perth.

R. H. DOIG,  
Clerk of the Council.

The Health Act, 1911-1948.

### ORDER IN COUNCIL.

WHEREAS it is enacted by section 19 of the Health Act, 1911-1948, that the Governor may constitute any portion of the State, not being a municipal district, to be a health district, alter the boundaries of any such district and abolish any such district; And whereas by

Order in Council published in the *Government Gazette* of the 20th February, 1914, the whole of the Wickiepin Road District was declared a health district and by Order in Council published in the *Government Gazette* of the 23rd September, 1921, the Yealering Health District was constituted comprising that area of land (within the area of the Wickiepin Road District) described in the said Order in Council published in the *Government Gazette* of the 23rd September, 1921, which area of land, by Order in Council published in the *Government Gazette* of the 9th November, 1945, was excluded from the Wickiepin Health District and whereas it is now desired to abolish the Yealering Health District and to alter the boundaries of the Wickiepin Health District by restoring thereto the area of land comprised in the Yealering Health District: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council doth hereby abolish the Yealering Health District as constituted by Order in Council published in the *Government Gazette* on the 23rd September, 1921, and doth hereby declare that the Wickiepin Health District shall comprise the whole of the area of land comprised within the Wickiepin Road District.

This Order in Council shall have effect from the 31st day of January, 1949, or from the date of publication in the *Government Gazette*, whichever is the later.

(Sgd.) R. H. DOIG,  
Clerk of the Council.

GNOWANGERUP LOTS 50, 227 AND 228.

OPEN FOR SALE.

Applications close 23rd February, 1949.

Department of Lands and Surveys,  
Perth, 26th January, 1949.

Corres. 106/43.

HIS Excellency the Governor in Executive Council has been pleased to approve, under section 45A of the Land Act, 1933-1948, of Gnowangerup Lots 50, 227 and 228 being made available for sale in fee simple at the price of £10 each, subject to the following conditions:—

1. Each application to purchase shall be accompanied by a deposit of ten per cent. of the purchase money.

2. The successful applicant shall pay the balance of the purchase money within 12 months of approval of his application in four quarterly instalments on the first days of January, April, July and October.

3. Applications, accompanied by a deposit, must be lodged at the Lands Office, Perth, on or before Wednesday the 23rd February, 1949.

4. All applications lodged on or before such date will be treated as having been received on the closing date and if there are more applicants than one for this lot the application to be granted will be determined by the Land Board.

H. E. SMITH,  
Under Secretary for Lands.

## LAND OPEN FOR SELECTION

IT is hereby notified, for general information, that the areas scheduled hereunder are available for selection under Part V. of the Land Act, 1933-1948, and the regulations appertaining thereto, subject to the provisions of the said Act, and also to the provisions of the Land Alienation Restriction Act, 1944.

Applications must be lodged not later than the date specified, but may be lodged before such date, if so desired.

All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board. Should any lands remain unselected, such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board, and there shall be an interval of at least three days between the closing date and the sitting of the Board.

The selector of a Homestead Farm from any location must take the balance thereof, if any, under Conditional Purchase.

All marketable timber, including sandalwood and mallet, is reserved to the Crown, subject to the provisions of clause 18 of the regulations.

The term "Member of the Forces," where appearing in any notice published hereunder, shall be deemed to have the meaning as is specified in section 2 of the Land Alienation Restriction Act, 1944, that is to say, "Member of the Forces" means a person who is or has been, a member of the Naval, Military or Air Forces of His Majesty the King during any period in which His Majesty is or has been engaged in war.

## THE ROAD DISTRICTS ACT, 1919-1947.

Darling Range Road Board.  
Notice of Intention to Borrow.  
Proposed Loan of £3,000.

NOTICE is hereby given that the Darling Range Road Board proposes to borrow the sum of £3,000 to be expended on works and undertakings in the Darling Range Road District, the said works and undertakings being:—  
(1) The purchase of Canning Locations 101 and 205 for the purpose of a public park and recreation ground; (2) the provision of sporting facilities and the development of the land as a public park.

Details of the proposed works and undertakings and statement showing the proposed expenditure of the money to be borrowed, including the cost of supervision and initial expenditure in connection with the raising of the loan, are available for inspection at the office of the Darling Range Road Board, situated at Kalamunda, for one month from the publication hereof, between the hours of 9 a.m. to 4.30 p.m. on week days other than Saturdays.

The amount of £3,000 is proposed to be raised by the sale of debentures repayable by 30 equal half-yearly instalments of £128 5s. 3d. (inclusive of interest) over a period of 15 years after the date of issue thereof, in lieu of the formation of a sinking fund. The debentures shall bear interest at the rate of £3 7s. 6d. per cent. per annum payable half-yearly.

The amount of the said debentures and interest thereon is to be paid at the office of the English, Scottish and Australian Bank Limited, Railway Road, Kalamunda.

In the opinion of the Board, the abovementioned works and undertakings will benefit only the Kalamunda Ward of the Darling Range Road District and the necessary loan rate will therefore be levied on the rateable value of rateable land within the aforesaid Kalamunda Ward only.

W. C. TEMBY,  
Chairman.  
C. E. PAINE,  
Secretary.

## ROAD DISTRICTS ACT, 1919-1947.

## Moora Road Board.

Notice of Intention to Borrow—Proposed Loan (No. 17) of £1,000.

NOTICE is hereby given that the Moora Road Board proposes to borrow the sum of £1,000 to be expended on works and undertakings in the Moora Road Board District, the said works and undertakings being the forming and gravelling and drainage of the Marah Road

The plans, specifications and the estimates of the costs of the said works and undertakings and statement showing the proposed expenditure of the money to be borrowed, including the cost of supervision and initial expenditure in connection with the raising of the Loan, are open for inspection at the office of the Moora Road Board, situated at Moora, for one month from publication hereof, between the hours of 9 a.m. and 4.30 p.m. on Monday, Tuesday, Wednesday, Thursday and Friday, and 9 a.m. to 12 noon on Saturday.

The amount of £1,000 is proposed to be raised by the sale of debentures, repayable with interest by 10 equal half-yearly instalments over a period of five years after the date of issue thereof, in lieu of the formation of a sinking fund. The debentures shall bear interest at the rate of £3 7s. 6d. per centum per annum, payable half-yearly. The amount of the said debentures and interest thereon is to be paid at the State Treasury, Perth.

The works and undertakings for which the Loan is proposed to be raised will, in the opinion of the Board, be of special benefit to a portion of the Moora Road Board, namely, the North Ward, as defined in the *Government Gazette* of the 30th day of May, 1919, and any loan rate applicable to such Loan will be levied on the rateable land within such North Ward of the said District.

Dated this 1st day of February, 1949.

JOS. CARRICK,  
Chairman.

E. A. P. TIMMS,  
Secretary.

## ROAD DISTRICTS ACT, 1919-1947.

## Wanneroo Road Board Building By-laws.

P.W. 1557/30.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1947, the Wanneroo Road Board makes the following by-law relating to buildings:—

## Part 1.—Operation and Definition Application.

1. This by-law shall apply to all lands and building within the area of the Wanneroo Road District as described in the Third Schedule hereto.

## Commencement.

2. This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

## Repeal.

3. From the date of coming into operation of this by-law all previous by-laws made by the Board relating to building are repealed.

## Definitions.

4. In this by-law, subject to the context:—

“Act” means the Road Districts Act, 1919-1947, and amendments.

“Alteration” means any work made or done for any purpose in, or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which the building or erection, or any part thereof shall be used.

“Apartment” means a room or rooms or part of a building intended or adapted for separate occupation as a dwelling.

“Apartment building” means a building containing two or more apartments.

“Approved” means approved by the Board in writing or (in case where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls, and such portions of the party walls as belong to the building.

“Board” means the Wanneroo Road Board.

“Build” means and includes erect, build, or construct, or cause to be erected, built or constructed.

“Building” means and includes erection, structure, detached room, outbuilding, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed, or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling house” means a building used or adapted to be used wholly or principally for human habitation.

“District” means Wanneroo Road District.

“External wall” means an outer wall of a building not being a party wall, even though it adjoins a wall of another building.

“Fire-resisting” used with reference to any materials includes:—(a) Brickwork constructed of good bricks well burnt hard and sound, properly bonded and solidly put together with good lime or cement mortar; (b) any stone suitable for building purposes by reason of its solidity or durability; (c) sheet metals or other similar materials which are in the opinion of the Board fire-resisting; (d) iron and steel (when used for columns, girders, or wall framing) encased in cement, concrete, or other incombustible or non-conducting external coating; (e) slate, tiles, brick, and terra-cotta, when used for covering or corbels; (f) concrete when composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

“Height” in relation to any building means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or when there is no such footway, from the level of the ground before excavation, to the level of the ceiling or tie of the topmost storey.

“Height” in relation to storeys means:—(a) In the case of the topmost storey, the measurement between the floor and the ceiling thereof, or between the floor and the undersurface of the tie of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof; (b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

“Hoardings” includes any erection or structure erected, built, constructed, or used, or that may be used for the purpose of writing, painting, pasting or posting thereon notices, advertisements, placards, or

other printed, painted, or written matter, or any erection or structure being of a height greater than six feet from the level of the adjoining street.

“Main rooms” means and includes all rooms used or intended to be used as bedrooms, dining rooms, lounges, ordinary living rooms, or kitchens.

“New buildings” includes:—(a) Any building erected or commenced to be erected after the date of this by-law coming into operation; (b) any building of which more than half its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected or commenced to be re-erected wholly or partially on the same site after the date of this by-law coming into operation; (c) any buildings removed or transported wholly or in sections into the district, or to another part of the district after the date of this by-law coming into operation.

“Outbuildings” means any building or the curtilage of any dwelling, shop, or combined shop and dwelling used as a workshop or store-room, not being a building for the storage of inflammable materials, nor for the housing of animals, including birds.

“Party wall” means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building plant built upon the dividing line adjoining premises for the common use.

“Person” includes corporation.

“Prescribed” means prescribed by this by-law.

“Public place” has the same meaning as in the Act.

“Reinforced concrete” means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

“Right-of-way” means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

“Road” has the same meaning as in the Act.

“Surveyor” means the building surveyor or acting building surveyor appointed by the Wanneroo Road Board, having for the time being the administration of this by-law.

“Shop” means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes saloons of barbers, and hair-dressers, and offices of agents, auctioneers, and all other business and trades. A bona fide boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

“Square” applied to the measurement of any area means the space of one hundred square feet.

“Surface of ground level” means the level of the ground as determined by the surveyor.

“Wooden building” means building constructed of wood or building having wooden frames.

## Part 2.—Classes of Buildings.

5. For the purpose of this by-law buildings shall be divided into three classes:—

Class A.—“Domestic class” which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses, and studios.

Class B.—“Warehouse class” which includes all buildings subject to vibrations and heavy loading of floors, such as warehouses, factories, mills, and places for storage and manufacturing of goods.

Class C.—“Public building class” which includes all buildings designed to accommodate an assemblage of people, such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In case of doubt the surveyor shall finally determine to which class any particular building belongs.

Part 3.—Notice of Intention to Build or Demolish and Lodging of Plans.

Notice to be Given.

6. No builder shall commence any building, or any addition, or alteration to any building without first delivering at the office of the Board a written application in the form of the First Schedule hereto before so commencing and delivering to the surveyor:—

Plans and Specifications.

(a) Properly prepared plan and specifications of such building, addition or alteration, together with a tracing or copy of the plans of such building, addition, or alteration, and also details and dimensions, sizes and qualities of all materials, and enumerating any old materials proposed to be used is the construction of the same Plans shall be drawn in ink and specifications typed or legibly written.

Block Plan.

(b) A block plan showing relation of the building to adjoining buildings and boundaries.

Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

Drainage.

(d) Particulars of the proposed method of drainage.

Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of this by-law applicable thereto are being complied with.

Tracing Retained.

7. The tracing copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications when approved shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

Plans, etc., to be kept at Building.

8. Such plan and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or accredited officer of the Board at all reasonable times, on demand, during the construction, or erection, or alteration, or addition, as the case may be, and for 14 days after the completion thereof.

Permits and Fees.

9. No person shall commence a building of any kind, or addition, or alterations to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of the same and without first having paid to the Board fees in accordance with the scale set out in the Second Schedule hereto having regard to the class of building.

Area of New Building.

10. The decision of the surveyor as to the area of a new building or value of an addition shall be final and conclusive.

Permit Shall Lapse after Six Months.

11. A permit obtained pursuant to this by-law shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within 12 months from the date of such permit.

Surveyor may Enter and Inspect.

12. The surveyor at all reasonable times during the progress, and after the completion of any building, or addition, or alteration to any building affected by this by-law, may enter and inspect such building, or addition, or alteration.

Surveyor may Stop Work if Contrary to By-law.

13. The surveyor at any time may stop the progress of any building and withdraw or suspend permission given by the Board under this by-law, in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who

continues to build, erect, or works on the site after notice from the surveyor to desist, shall be guilty of an offence against this by-law.

Demolition or Removal of Buildings.

14. When a building is to be demolished or removed, the owner or contractor shall give 24 hours' notice to the surveyor of such intended demolition or removal.

Sanitary Convenience for Workmen.

15. Before commencing any building operations upon any building site, the contractor, or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all men working upon the site, such sanitary conveniences shall be in accordance with the requirements of the Health Act.

Low-lying Land.

16. Where land upon which a building is to be erected, is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that having regard to the water level during winter months, filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take a level for any building, the surveyor shall determine the level at which any building shall be commenced and if he considers it to be necessary shall require the owner or contractor to fill in to give a level.

Dwelling Houses—Distance from Road.

17. No building which is intended to be used as a dwelling house, and no addition to any such building shall be built within a distance of 20 feet measured horizontally from the road to the building fronts, unless a building line at a different distance has been fixed by a proper authority.

Distance from Side Boundary.

18. No building which is intended to be used as a dwelling house and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of three feet if of brick, or four feet if of wood or wood frame, measured horizontally from the boundary of the allotment on which such building is erected.

Minimum Area of Open Land.

19. At least one-third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt for the exclusive use of the occupiers of the buildings erected upon such allotment.

Minimum Area of Dwelling House.

20. Every dwelling house shall consist of a total area of at least 500 square feet, excluding verandahs, and shall contain not less than three main rooms.

Provision of Bathrooms, Washtroughs, Copper, etc.

21. Provision shall be made in all new, or re-erected dwellings for a bathroom fitted with bath and washbasin, also laundry facilities consisting of washtroughs and copper, properly fitted and housed in accordance with the provisions of Health By-law 4a and amendments thereto.

Computing Distances.

22. For the purpose of computing distances from any building the outer face of the wall shall be taken as the point from which measurements are to be taken.

Occupation of Dwelling.

23. No person or persons shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any new or re-erected dwelling until a certificate has been issued by the surveyor or in writing stating that the dwelling has been completed in accordance with the plans approved by the Board, Building By-laws and the Health Act.

**Stables, Outbuildings and Garages.**

24. Stables may be erected with walls of brick, stone or concrete, provided that in stables of more than two squares in area, the distance of any wall of such stable shall not be less than the vertical height of such wall including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

**Distances of Stables from Boundaries.**

25. No stable may be erected nearer than 30 feet to any dwelling, nor than 10 feet to the boundary of land not in the same occupation.

**Material for Garages.**

26. Every garage shall be constructed of fire-resisting materials unless otherwise approved by the Board.

**Apartment Buildings.****Area of Land to be Occupied.**

27. The total floor area of an apartment building together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

**Area of Each Apartment.**

28. The total floor area of each apartment shall be at least 400 square feet. In addition thereto every apartment shall have for the exclusive use of the occupants thereof, at least 100 square feet of verandah.

**Area of Main Room.**

29. Every main room in an apartment shall have a floor area of at least 100 square feet and no walls of such room shall be less than nine feet in length.

**Apartments to be Self-contained.**

30. Every apartment shall be self-contained; it shall contain its own kitchen, bathroom and lavatory. It shall have a separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the Building By-laws of the Board for the time being in force.

**Part 4.****Building Materials.**

31. All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn any material which in his opinion is not suitable for use in such building, alteration or addition.

**Second-hand Material.**

32. No old or second-material may be used in any building unless approved in writing by the surveyor.

**Bricks.**

33. Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used.

**Sand.**

34. Sand used for mortar or concrete in any building shall be clean and sharp and free from loam, dirt, salt and organic matter.

**Lime Mortar.**

35. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime, and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

**Cement Mortar.**

36. Cement mortar shall be composed of good Portland cement or other cement of equal quality, mixed with clean, sharp sand, in proportion of at least one part by measure of cement, and not more than four parts by measure of sand.

**Timber.**

37. All timbers and wooden beams used in any building shall be of good sound material, free from rot, large knots, shakes, or other imperfections whereby the

strength may be impaired, and shall be of such sizes, dimensions and spaces as set forth in clause 63 of this by-law.

**Lintels.**

38. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specification of materials to be used, such designs to be approved at the same time as the plan of the building. Lintels up to six feet span shall be three courses in depth, lintels from six feet to eight feet span shall be four courses in depth. All such lintels shall be reinforced with at least half inch steel rods, not less than three rods per lintel and a proper bearing shall be given at each end of lintel.

**Part 5.—Construction.****Excavation and Inspection of Trenches.**

39. All excavation for footings shall be not less than 12 inches below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footings shall be placed in position until 24 hours' notice has been given to the surveyor that the trenches are ready for inspection.

**Walls to have Footings.**

40. Unless with the consent of the surveyor, every external wall, and every party wall not carried on a bressummer, and every pier and storey post shall have footings.

**Dimensions of Footings.**

41. The width of the bottom of the footing of every such wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16 inches wide, unless approved by the surveyor, and the height of such footings shall be at least equal to the thickness of the wall at its ground floor level, but in no case less than 9 inches.

**External Walls.**

42. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting material approved by the Board; provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos-cement sheets, subject to the conditions set out in this by-law for buildings wholly or partly of wood.

**Construction of External Wall.**

43. Every wall constructed of brick, stone, or other similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it except to the extent of nine inches and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

**Damp Course.**

44. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand, or other approved material at least six inches above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall be not less than half an inch in thickness.

**Hollow Walls.**

45. External walls may be constructed as hollow-walls if constructed in accordance with the following rules:— (a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch; (b) the inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength, formed of galvanised iron, glazed stoneware, or other material approved. Such ties shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically; (c) the thickness of each part of the wall shall throughout be not less than four and one-half inches; (d) the aggregate thickness of

the two parts, excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length; (e) no hollow wall of not more than 11 inches in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace or projecting pier, to the satisfaction of the surveyor.

#### Concrete Blocks.

46. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate, and shall be kept damp for a period of not less than four days, and shall not be used green. The blocks shall be bedded and jointed in cement mortar.

#### Thickness of Walls, Domestic Class.

47. No external wall in brick, stone, concrete, or cement block shall have less than the thickness prescribed in the following Table A.

Table A.  
Buildings of Domestic Class.  
Walls Built with Lime Mortar.

Length of Wall.	No. of Storeys.	Thickness of Walls in inches.	
Not exceeding 30 feet ..	1	9

48. If any storey exceeds in height 18 times the thickness prescribed for walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

49. The height of any storey may be 20 times the thickness of walls prescribed for such storey, if built with cement mortar.

#### Thickness of Walls—Warehouse Class.

50. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table B.

Table B.  
Buildings of the Warehouse Class.  
Walls Built in Lime Mortar.

Length of Wall.	No. of Storeys.	Thickness of Walls in inches.	
Not exceeding 75 feet ..	1	13½

#### Thickness of Walls Under Certain Conditions.

51. Walls under 75 feet in length may be constructed nine inches thick provided they are strengthened with four and a half inch piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12 feet when built of lime mortar, or 13 feet 6 inches when built of cement mortar.

52. The thickness of walls under 20 feet in length may be two-thirds the thickness required for external or party walls, as stated in Tables A and B, but in no case less than nine inches.

53. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of this by-law is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective width amount to one-fifth part of the length of the wall. No increase in the thickness of brick walls shall be less than four and a half inches. The height of any storey built in cement mortar may be 18 times the thickness prescribed for such storey.

#### Lengths—How Measured.

54. Walls are deemed to be divided into distinct lengths by return wall, and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party, or cross walls of the thickness required by this part of this by-law and bonded into the wall so deemed to be divided.

#### Cross Walls.

55. The thickness of a cross wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than nine inches, and no wall subdividing shall be deemed to be a cross wall unless it is carried up to the plate level of the topmost storey, and unless in each storey the aggregate extent of the vertical faces or elevation of all recesses, and that of all the openings therein taken together does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation; but in one storey buildings of the domestic class, four and a half inch cross walls will be permitted, provided the unsupported length of any wall does not exceed 25 feet.

#### Cross Wall Becomes External Wall.

56. Whenever a cross wall becomes any part of an external wall, the external part of such cross wall shall be of the thickness required for an external wall of the same height and length and belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

#### Internal and Partition Walls.

57. (1) All internal bearing walls and partition walls shall be constructed in such manner as may be approved by the surveyor, and shall be of cement blocks, brick, stone or concrete. All such walls shall be not less than four and one half inches thick; provided that, where such walls form a division between flats, then such walls shall not be less than nine inches thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressumer, shall have footings, and such footings shall be at least twice the thickness of the wall resting upon it.

#### Isolated Piers.

58. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and 12 times if built of cement mortar.

#### Parapet to Walls on Boundary.

59. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within two feet of such boundary, then the external wall of such building shall be carried up to form a parapet of 15 inches at least in height above the roof, or above the highest part of any flat or gutter, as the case may be.

## Parapet, Warehouse Class.

60. In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of nine inches at least.

## Party Walls.

61. Every party wall shall be carried up for a height of 15 inches above the roof, measured at right angles to the slope thereof, or 15 inches above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey, and in any other building, of a thickness of eight and one-half inches at least. Provided, however, that in the case of domestic buildings, where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least eight and one-half inches in thickness to the underside of the roof covering, and such roof covering of iron slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

62. Every party wall shall be carried up the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within four feet of such party wall, and shall extend at the least 15 inches higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof, opposite thereto, and within four feet therefrom.

## Buildings Wholly or Partly in Wood.

63. The external walls of any wooden building shall not exceed 15 feet in height, measured from the floor level to the top of the wall plates. Every such building shall be wholly in one occupation or adapted so to be.

The following shall be the minimum sizes and spacing of timbers. All timbers shall be jarrah or other hardwood approved by the Board.

Stumps, not less than 4in. x 4in., spaced not more than 5ft. centres. They shall be sunk 18in. into ground and tarred to 6in. above ground surface. Ant stops of galvanised iron projecting 1in. all round shall be provided. Paper bark stumps not less than 6in. in diameter measured at the small end and may be used if approved by the Board.

Sole plates, 18in. x 6in. x 1½in.

Where the nature of the ground precludes the use of jarrah or paper bark stumps, 9in. x 9in. brick piers shall be provided.

Bearers, 4in. x 3in., at not more than 5ft. 6in. centres and kept at least 6in. clear of ground. Double joists shall be provided under walls where bearers do not occur.

Floor joists 4in. x 2in., at not more than 18in. centres.

Vermin plates, 4in. x 2in.

Studs, 4in. x 2in., at not more than 24in. centres.

64. Angle and corner studs, not less than 4in. x 4in. Top and bottom plates, 4in. x 2in.

Where the height of a building does not exceed 10ft., measure from the floor level to the top of the wall plates, 3in. x 2in. studs and plates may be used with angle and corner studs not less than 3in. x 3in. except where the roof covering is of tiles or slates, in which case 4in. x 2in. studs and plates are to be provided in all external walls.

Rafters, 4in. x 2in., at 2ft. centres for tile roofs and 3ft. centres for iron or asbestos roofs.

Under purlins, 4in. x 3in., for tile roofs, in positions so that no rafter has an unsupported span of more than 7ft.

Struts to under purlins, 4in. x 2in., for lengths not exceeding 4ft. or 4in. x 3in. for lengths exceeding 4ft. to support under purlins at not more than 6ft. intervals.

Battens for iron or asbestos, 3in. x 1½in., not more than 3ft. 6in. apart.

Ceiling joists, 4in. x 2in., at not more than 2ft. centres, or 3in. x 2in. at not more than 18in. centres.

Ceiling hangers, 8in. x 1¼in., in positions so that no ceiling joist has unsupported span of more than 7ft.

Collar ties, 4in. x 1½in.

Ridge, 7in. x 1in.

Hips, 8in. x 1in.

Valleys, 8in. x 1in.

Fascias and barges, 9ft. x 1in.

Floor boards, 1in. thick before dressing.

Weatherboards, 1¼in. lap.

No framing timber in any building shall be notched or checked out so as to decrease the above sizes by more than one-sixth.

Vermin plates shall be used in all wooden buildings except sheds.

W.C.'s. shall be constructed not less than 5ft. x 3ft. internal dimensions.

## Roughcast and Stucco.

64a. Roughcast and stucco work shall be applied only to brickwork, provided that in certain cases, such as gables of dwellings, or other ornamental sections of dwellings, roughcast may be applied to expanded metal fixed in an approved manner.

## Interior Walls of Dwellings.

65. The interior of all walls and ceilings of every wooden or wooden framed building which is intended to be used, or which may be used as a dwelling house, shall be constructed of plaster sheets, or other fire-resisting materials.

## Roofs.

66. The roof of every building shall be constructed of metal, tiles, slates, or other approved materials.

## Reinforced Concrete Buildings.

67. In all cases where reinforced concrete is employed, whether in buildings as a whole or in portions of buildings, before the actual carrying out of the work, or any portion thereof, complete drawings of such work shall be delivered to the surveyor showing details of the construction, and the size, spacing, and arrangement of all reinforcing members.

## Public Buildings.

68. In any case in which the plans of any public building (proposed) are required by law to be approved by the Public Works Department, such approval shall be obtained before such plans are submitted for the Board's approval.

## Shops.

## Access to Rear of Shop.

69. Every shop shall be so erected and built that without passing through the building there is a reasonable access to the back premises and offices of such shop for the removal of nightsoil and other refuse to a road or land 10 feet wide at least.

## Separate Entrance for Shop and Dwelling in Different Occupations.

70. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

## Alterations and Additions.

## Alterations.

71. Except with the consent of the Board, or the surveyor, no alteration shall be made to any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

## Additions and Alterations.

72. Every addition to, or alteration of a building, and any other work made or done for any purpose in or on a building (except necessary repairs) shall so far as regards such addition, or alteration, or other work, be subject to the provisions of this by-law relating to new buildings.

Ventilation, Lighting and Drainage.  
Height of Rooms.

73. The main rooms in all buildings shall be in every part not less than 9ft. 6in. from floor to ceiling and the minimum height for washhouses and external bathrooms shall be 7ft. 4in. The minimum height of verandah shall be 7ft. 4in. from floor level to top of the plate.

Attic Rooms.

74. Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof may be not less than nine feet in height from floor to ceiling over two-thirds of the floor area.

Minimum Area of Rooms.

75. No main room in any building shall have a less floor area than 100 square feet, and no wall of such room shall be less than nine feet in length. The minimum floor area of bathrooms, laundries and sleepouts shall be 42 square feet, 56 square feet, and 80 square feet, respectively.

Windows (Natural Lighting).

76. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into the external air, the area of such windows shall be not less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

Ventilation (Other than Dwelling).

77. The ventilation of all buildings, parts of buildings, type of ventilators to be used, arrangement and situation of ventilation openings shall be subject to approval as required under Part 1 of Health By-laws.

Ventilation (Dwellings).

78. Every part, and every room of any dwelling house or building intended to be used for habitation shall be ventilated as required under Part 1 of Health By-laws, viz., in the rate of 24 square inches of outlet of uncontrolled ventilating area to each 100 square feet of floor area.

Ventilation (Sub-Floor).

79. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floor to allow of current of air to flow freely under all parts of the building. Type of ventilator used and spacing of same shall be the subject of approval by the surveyor.

Lighting and Ventilation (Shops).

80. The provisions of this part of this by-law relating to height of rooms, lighting and ventilating of main rooms in dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provision for ventilation is made and the minimum height of walls in shops shall be 12 feet.

Enclosing of Verandahs.

81. No verandah of any dwelling or shop, or other building shall be enclosed, or built in, in such manner as to exclude natural light or reduce the proper ventilation of any building, or any part thereof. The use of hessian or jute bags or similar materials for enclosing or screening verandahs is prohibited.

Floors.

82. Floors shall be fixed level, and in all buildings the ground floor, if of wood, shall have a space of not less than six inches between the ground and the underside of the floor bearers.

Permit May be Refused if Drainage is Not Satisfactory.

83. The Board may refuse to approve the plan of any building or any addition, or alteration to any building, until it is satisfied that the proposed building or addition, or alteration and the site and curtilage thereof will be properly drained.

Drainage of Waste Water.

84. Every person who shall erect a building shall provide proper drainage for the disposal of all waste water in conformity with health by-laws.

Waste Pipes.

85. Waste pipes from baths, sinks, wash troughs and similar sanitary fittings shall be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under sittings, metal cleaning eyes shall be fitted at all changes of direction and angles of waste pipes.

Roof-water Disposal.

86. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least two feet clear of the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary all stormwater from the roof of such building shall be carried by pipes direct to the street drain, or gutter, in such manner as directed by the surveyor.

Water Supply.

87. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity. Such tank shall be completely covered at its top and provided with a manhole fitted with a tight fitting lid.

Provisions of Manhole in Ceiling.

88. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

Removal of Buildings.

89. If any building is removed from outside the district to within the district, or from a site within the district, to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of this by-law to be a new building erected for the first time on the site whither it is removed.

Verandahs, Projections, Signs, Hoardings and Fences.  
Verandahs.

90. (a) No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district, without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure, dimensions and materials as set forth on the plan and specifications, for the time being adopted by resolution of the Board, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than nine feet above the level of the outer edge of the footway. All such verandahs and projections shall be of the cantilever type.

Openings in Roof of Verandahs.

91. (b) No openings shall be made in the roof of such verandahs for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire-netting or armoured glass to the satisfaction of the surveyor.

Porch Landing, etc.

92. Every porch gangway, outside landing, and outside step shall be of fire-resisting material and shall not project beyond the boundary of any road or public place.

Shop Windows.

93. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30in., nor within 12in. of the level of the footpath immediately adjoining the same.

## Woodwork Abutting on Roads.

94. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

## Signboard, Hanging Lamp, etc.

95. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over any roadway unless the permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of materials, construction and design approved by the surveyor and shall be in no part less than eight feet six inches above the level of the footpath or road. No signboard shall exceed in depth three feet nor shall any signboard project over a road or footpath unless attached to a verandah.

## Unightly or Dangerous Fence.

96. When any fence abutting on or within 10 feet of any road or public place within the district is in a dangerous or unsightly state, the Board may, by notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down or repair such fence as the case may require, and such owner shall comply with such notice.

## Fences and Walls.

97. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least nine inches high unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone or concrete, or other similar substance shall be constructed with a base to be approved by the surveyor.

## Brick Chimneys, Flues, Fireplaces and Heating Apparatus.

## Foundations, Footings, etc.

98. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings upon party external or cross-walls, to the satisfaction of the surveyor, or on corbels of brick, stone, or other incombustible material, and the work so corbelled out does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out 14 inches from walls nine inches in thickness on corbels of stone or incombustible material not less than 10 inches in depth and of the full width of the jambs.

## Chimneys, etc., with Soot-Doors.

99. (1) Chimneys and flues having proper soot-doors of not less than 40 square inches may be constructed at such angles as is approved by the surveyor, but in no other case shall any flue be inclined at less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

(2) Position of soot-doors.—All soot-doors shall be distant at least 15 inches from any woodwork.

## Arches.

100. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars of sufficient strength turned up or down at the ends and built into the jamb for at least  $4\frac{1}{2}$  inches on each side.

## Flues.

101. A flue shall be adapted to or used for any new oven, furnace, steam boiler or other fire used for any purpose of trade or business, or to or for the range or cooking apparatus of any hotel, tavern, or eating house unless the flue is surrounded with brickwork at least nine inches thick, or reinforced concrete six inches from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situated to 12 inches above the floor.

## Flues in Connection with Engines.

102. A flue shall not be used in connection with a steam boiler or hot-air engine unless the flue is at least 20 feet in height measured from the level of the floor on which such engine is placed.

## Linings, etc., of Flues.

103. The inside of every flue, and also the outside where passing through any floor, or roof, or space enclosed by the roof, or behind or against any woodwork shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

## Jambs.

104. The jambs of every fireplace opening shall extend at least nine inches on each side of the opening thereof.

## Incombustible Material in Certain Cases.

105. The breast of every chimney shall be of incombustible material at least four inches in thickness and the brickwork surrounding every smoke flue shall be at least  $4\frac{1}{2}$  inches in thickness, provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wyth of cast iron not less than one inch in thickness.

## Back of Fireplaces.

106. The back of every fireplace opening in party or internal walls from the hearth up to a height of 12 inches above the lintel or arch shall be brickwork at least nine inches thick or shall be reinforced concrete six inches thick. No flue shall be within two inches of the centre line of any party wall.

## Thickness of Flues.

107. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees shall be at least nine inches.

## Height.

108. Every chimney flue or chimney shaft shall be carried up in brick or stonework at least four inches thick throughout to a height of not less than three feet above the roof, flat or gutter or adjoining thereto, measured at the highest point in the line of junction with such roof, flat or gutter.

## Top Courses.

109. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

## Chimney Shafts.

110. The brickwork, or stonework of any chimney shaft, except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof-flat, or gutter adjoining thereto, than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft, is built with, and bonded to another chimney shaft, not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

## Slabs.

111. There shall be laid level with the floor, of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible material, at least six inches longer on each side than the width of such opening and at least 14 inches wide in front of the breast thereof.

## How to be Laid.

112. On every floor except the lowest floor, such slabs shall be laid wholly on stone or iron bearers, or upon brick trimmers, or other incombustible materials, but on the lowest floor it may be bedded on concrete, covering the site, or on solid materials placed on such concrete.

## Hearths, etc.

113. The hearth or slab of every chimney shall be bedded wholly on brick, stone or other incombustible materials, and shall together with such materials be solid for a thickness of six inches at least beneath the upper surface of such hearth or slab.

Flues in Party Walls.

114. A flue shall not be built in, or against, any party structure or existing wall, unless it is surrounded with good sound brickwork, or other approved material, at least 4½ inches in thickness, properly bonded to the satisfaction of the surveyor.

Cutting Away Chimney Breast.

115. A chimney breast or shaft built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

Cutting into Chimney Shaft.

116. A chimney shaft, jamb, breast, or flue shall not be cut into except for the purpose of repair or doing one or more of the following things: (1) Letting in or removing or altering flues, pipes, or funnels for the conveyance of smoke, hot air, or steam. (2) Forming openings for soot-doors, each opening to be fitted with a close iron door and frames. (3) Making openings for the insertion of ventilating valves. Provided that an opening shall not be made nearer than 12 inches to any timber or combustible substance.

Position of Timberwork.

117. Timber or woodwork shall not be placed: (1) Under any chimney opening within six inches from the upper surface of the hearth of such chimney opening. (2) Within two inches from the face of the brickwork or stonework about any chimney of flue, unless the face of such brickwork or stonework is rendered.

Position of Wooden Plugs.

118. Wooden plugs shall not be driven nearer than three inches to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than two inches thereto.

Ironwork.

119. No iron or steel joists or other ironwork shall be placed in any flue except in so far as the same may be required for insuring stability.

Floors above Furnace or Ovens.

120. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18 inches from the crown of an oven shall be constructed of fire-resisting material.

Exempted Buildings.

121. This by-law shall not apply to any temporary or removable offices and sheds used by builders during the construction of any building at or about the site of such building for a period not exceeding 12 months.

Enforcement of By-laws and Penalties.

122. No building may be erected except in compliance with this by-law. No person shall erect, build, or construct, remove, or make any alteration or addition to, or cause to be erected, built or constructed, removed, or make any alteration or addition to any building contrary to the provisions of this by-law.

Penalty for Breach.

123. Any person who shall be guilty of any breach of any of the provisions of this by-law, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than one pound, and not exceeding twenty pounds.

Certificate of Surveyor.

124. If the surveyor shall certify in writing to the Board that any building has been removed into, or erected, or re-erected within the district, or occupied contrary to any of the provisions of this by-law, or that any building is in such a dilapidated, ruinous, or unsafe condition as to become dangerous to public safety, the Board or any officer thereof, or other authorised agent, may give to the owner, occupier, or builder, or leave upon the site of such building a notice in writing requiring such owner to alter or repair, or to remove, or pull down, such building within such time as is limited by such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

Notice to Make Building Conform to By-laws.

125. If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of this by-law, the Board or any officer thereof may give to the owner, occupier or builder, or leave upon the site of such building notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down, or removal of such building within such time as is limited in such notice, and such owner, occupier, or builder shall comply with such notice in time therein limited.

No Alterations Infringing By-laws.

126. No alteration shall be made in any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

No User Infringing By-law.

127. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of this by-law; provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of this by-law for any purpose for which it was then being used.

Power of Board where Building or Erection is Contrary To By-law.

128. If default shall be made in complying with any notice mentioned in the last two preceding clauses then, notwithstanding the imposition or recovery of any penalty, it shall be lawful for the said Board by its surveyor, officer or other authorised agent, or agents, to enter upon any building and the site thereof with a sufficient number of workmen, and for that purpose break down any fence surrounding the land on which the building is situated, and to demolish and pull down the said building or any parts thereof, and to do any other act that may be necessary for the purpose, and to remove the materials thereof to some convenient place, and if the Board in its discretion think fit to sell the same in such manner as it thinks fit, and all expenses incurred by the Board, its surveyor, officer, or authorised agent or agents, in demolishing and pulling down the said building or any part thereof and selling same, and in doing other acts as aforesaid, and all fees and penalties due by the owner, occupier, or builder thereof, may be deducted and retained by the Board out of the proceeds from such sale and the Board shall restore the surplus (if any) arising from such sale to such owner, occupier, or builder, or other person legally entitled thereto on demand, and any deficiency shall be made good and paid by the owner, occupier, or builder to the Board on demand.

A resolution adopting the foregoing by-law was passed by the Board on the 10th day of December, 1948.

W. C. PEARSALL,  
Chairman.

S. W. REES,  
Secretary.

## STOCK DISEASES ACT, 1895.

Department of Agriculture,  
Perth, 26th January, 1949.

HIS Excellency the Governor in Executive Council acting pursuant to section 6 of the Stock Diseases Act, 1895, has been pleased to amend the Stock Diseases Act Regulations, 1939, made under and for the purposes of the said Act and published in the *Government Gazette* on the 17th day of March, 1939, and subsequently amended by notices published in the *Government Gazette* from time to time thereafter, in the manner mentioned in the schedule hereunder.

A. L. McK. CLARK,  
Acting Director of Agriculture.

## Schedule.

The abovementioned regulations are amended as follows:—

1. In regulation 75, line 5, after the word "shall" insert the words "if the inspector so directs."

2. In regulation 76 line 3 after the word "inspector" insert the words "or that any swine have had access to kitchen refuse of the kind described in regulation 77A of these regulations, which has not been treated in the manner prescribed therein."

3. In regulation 77, line 5, after the word "use" insert the words "but no such certificate shall be given in respect of the carcase of any swine which has been in contact with swine affected by swine fever."

4. Regulation 77A is repealed and the following regulation inserted in lieu thereof:—

Reg. 77A. (1) No owner of swine shall in any part of Western Australia, collect or utilise, any kitchen or other refuse or pig wash from any hotel, slaughterhouse, boarding house, military or other camp or premises, or any premises whatsoever unless it is transferred to an establishment authorised by the Chief Inspector of Stock, and sterilised by treatment in a steam pressure vessel of approved design, and of sufficient capacity to operate under a constant steam pressure of not less than 40 lbs. per square inch for a minimum period of two hours per charge. The capacity of such steam pressure vessel shall not be less than 200 gallons.

(2) No owner of swine in any part of Western Australia shall collect or utilise any refuse or pig wash of the kind described in subregulation (1) of this regulation except under the authority of a license issued by the Chief Inspector of Stock. Such license shall be known as a treatment license and shall be to the effect of Form No. 16 in the Third Schedule hereto.

(3) Every person who desires to obtain a treatment license under this regulation shall make application in writing to the effect of Form No. 15 of the Third Schedule, to the Chief Inspector of Stock. Licenses shall be in force till the 31st day of December next following the date of issue.

(4) A treatment license shall entitle the licensee to collect, treat and utilise refuse or pig wash of the kind described and in the manner prescribed in subregulation (1) of this regulation, in a specified premises within a specified district, for the feeding of swine.

(5) Every license granted under this regulation shall be non-transferable except with the written approval of the Chief Inspector of Stock.

(6) No licensee under this regulation shall store or place, or have in his possession, or under his control, any refuse or pig wash of the kind specified in subregulation (1) of this regulation, in any place accessible to any swine, dog, or other animal or in any premises, district, place, locality or store which has not been specified in a treatment license issued to such licensee under this regulation.

(7) The Chief Inspector of Stock may issue a treatment license provided that on inspection he is satisfied that—

- (a) the plant is of sufficient capacity and type to effectively sterilise food refuse within the specified time;
- (b) the plant is entirely enclosed within a swine proof fence no portion of which shall be within a distance of 10 feet of any part of the plant;
- (c) the plant is situated 50 feet clear from any pig pen, race, sty or yard;
- (d) the floor of such plant is constructed of sound impervious material extending to a distance of at least 10 feet from the extremities of the plant and on all sides of it;
- (e) drains are provided to carry any wash-water or fluid to a dry well situated in a position entirely protected from swine.

(8) (a) Upon conviction of a person holding a treatment license under this regulation for any offence against this regulation, the Chief Inspector of Stock may revoke the license held by such person.

(b) A treatment license may be revoked under this regulation by notice in writing signed by the Chief Inspector of Stock and served upon the person so convicted.

(9) Notwithstanding anything contained in this regulation the Minister may, if he deems it necessary for the prevention of the spread of disease, by a notice in the *Government Gazette*, prohibit the use of food refuse or pig wash of the kind specified in subregulation (1) of this regulation for the feeding of swine in any portion of the State.

(10) Any contravention of this regulation shall be an offence punishable on summary conviction by a fine not exceeding £100 and not less than £10 and in addition a daily penalty of £2 for every day or part of a day during which the offence is continued.

5. In regulation 79, line 3, delete the words "an inspector of stock" and in lieu thereof insert the words "of the Chief Inspector of Stock or an inspector acting under his authority."

6. Regulation 80 is repealed and the following regulation is inserted in lieu thereof:—

Reg. 80 (1) Subject to the written permission of the Chief Inspector of Stock or an inspector acting under his authority and to any conditions relating to the transport and quarantine of the animals an inspector may deem it necessary to impose, swine from an infected holding may be removed to a specified market or saleyard for the purpose of sale for immediate slaughter. Such permit shall be to the effect of form No. 17 in the Third Schedule hereto.

(2) Any vehicle which has been used for the conveyance of any swine affected by or suspected to be suffering from disease and any yard, pen or other enclosure in which such swine have been placed or offered for sale shall, if so required by an inspector be cleansed and disinfected to his satisfaction."

R. J. LITTLE,  
Registrar General.

THIS Agreement made pursuant to the provisions of Part X. of the Industrial Arbitration Act, 1912-1941, of Western Australia, this 10th day of November, 1948, between The Civil Service Association of Western Australia (incorporated) (hereinafter called the "Association") of the one part, and The Milk Board of Western Australia (hereinafter called the "Board") of the other part, witnesseth as follows:

#### 1.—Area and Scope.

This Agreement shall apply to all officers employed on the staff of the Board as Inspectors whether in a permanent or a temporary capacity.

#### 2.—Interpretation.

**Basic Rate:** In this Agreement the term "Basic Rate" shall mean the nearest one pound (£) to the result obtained by multiplying the male basic wage as declared from time to time in respect of the metropolitan area by the Industrial Court of Arbitration of Western Australia by fifty-two and one-sixth (52 1/6).

#### 3.—Classes and Grades.

	Margins per Annum over the Basic Rate.			
Grade 1 Inspectors	£181	£195	£209	£223
Grade 2 Inspectors	£125	£139	£153	£167

Provided that any inspector classified in Grade 2 who holds a Health Inspector's Certificate or subsequently obtains such certificate, shall be paid in addition to the appropriate margin, an additional amount of fourteen pounds (£14) per annum.

(b) The various salary rates expressed herein shall be automatically varied to conform to variations which are made from time to time in the equivalent salary rates applying to officers under the Public Service Act, 1904-1947. Such variations shall apply from the date that the variations have effect in respect to officers employed under the Public Service Act, 1904-1947.

(c) This clause shall be retrospective to the 26th of March, 1948.

#### 4.—Maintenance of Salaries.

Nothing in this Agreement shall lower the rate of salary any inspector was in receipt of at the coming into force of this Agreement.

#### 5.—Annual Increments.

Subject to good conduct, efficiency and diligence, inspectors shall proceed from the minimum to the maximum of their respective classes by annual increments as set out in Clause 3 herein.

#### 6.—Board of Reference.

In the event of dispute between the parties hereto on any question of interpretation of this Agreement, on the request in writing of either party, the matter shall be dealt with by a Board of Reference set up for the purpose. The Board shall consist of a chairman mutually agreed upon between the parties and two (2) other representatives, one to be nominated by each of the parties.

#### 7.—Hours of Duty.

(a) The ordinary hours of duty shall be thirty-eight per week to be worked between 9 a.m. and 5 p.m. on Monday to Friday (both inclusive)—with a break of one hour for lunch between noon and 2 p.m.—and on Saturday from 9 a.m. to noon.

(b) When it is necessary in the discharge of his duties for an employee to work outside such hours on week days (whether at night or early morning) time off duty during the hours prescribed equivalent to the time worked outside such hours shall be allowed to such officer. In the case of all time worked in excess of the prescribed hours for which equivalent time off is not allowed, payment for such excess time worked shall be made at the rate of time and a half. Provided that this shall only apply where an inspector has applied to the Secretary for time off and such application has not been granted. When it is necessary in the discharge of his duties for an employee to work on Sundays he shall be paid double time for all time worked.

(c) No overtime or Sunday or holiday work shall be performed without the approval of the Secretary except in cases of emergency in which that approval is not readily available.

#### 8.—Holidays.

New Year's Day, Anniversary Day, Good Friday, Easter Monday, Anzac Day, Labour Day, Foundation Day (June 1st), King's Birthday, Christmas Day, Boxing Day and any other day or days which may be proclaimed a public holiday by the Government of Western Australia shall be paid holidays under this Agreement. An inspector required to work on a holiday shall be paid for the time worked as if it were an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date, if the inspector so agrees.

#### 9.—Annual Leave.

Inspectors shall be granted leave of absence on full pay for recreation for two weeks in each calendar year exclusive of public holidays and such leave shall be taken in one period unless otherwise specially approved by the Board.

#### 10.—Expenses.

(a) All out-of-pocket expenses, other than travelling expenses, reasonably incurred by an inspector in connection with his duties shall be paid by the Board. Such expenses shall be paid monthly or at more frequent intervals where practicable.

(b) (i) An allowance of fourteen shillings (14s.) per day shall be paid to an inspector sent on duty to such a distance from his headquarters that he cannot return to his home each night. Any payment in excess of this amount may be refunded by the Board on production of receipts or other evidence of such additional expenditure.

(ii) Inspectors stationed in the metropolitan area, travelling outside a radius of fifteen miles from the General Post Office, Perth, on journeys necessitating purchase of one or more meals, are entitled to be paid three shillings and sixpence (3s. 6d.) for each meal required to be purchased.

(c) Inspectors who are required to maintain a motor car for travelling on official business shall, for journeys approved by the Board, be paid a mileage allowance to cover all expenses in connection with the car in accordance with rates payable to officers under the Public Service Act, 1904-1947.

The Board may in connection with any of the above clauses (a), (b) and (c) require that any claim shall be supported by a Statutory Declaration.

#### 11.—Sick Leave.

Sick leave shall be granted upon the terms applicable to public servants under Regulation 57 of the Public Service Regulations with the following necessary variations:—

(a) All references to the Public Service Act or any section or subsection thereof shall be deleted.

(b) For the words "Commissioner," "Head of Department," "Head of Sub-Department," or "Permanent Head" read "Secretary of Board."

(c) For the words "Government Medical Officer" read "Medical Officer nominated by the Board."

(d) For the words "Minister," "Governor" or "Government" read "the Board."

#### 12.—Long Service Leave.

All full time inspectors shall be granted long service leave in accordance with the terms and conditions granted by the Government of Western Australia to persons temporarily employed under Section 36 of the Public Service Act, 1904-1947.

#### 13.—Termination of Service.

Except in the case of summary dismissal for misconduct one month's written notice shall be given by the Board to any inspector whose services are no longer required and no inspector shall leave the service of the Board without giving one month's previous notice in writing of his intention so to do without the approval of the Board.

#### 14.—Term of Agreement.

Subject to Clause 3, this Agreement shall be for a term of five years commencing from the date hereof: Provided that either party to this Agreement, after the expiration of twelve calendar months from the date hereof, may negotiate with the other party to amend or add to this Agreement, and if both parties agree, such Agreement may be amended by a supplementary Agreement which shall be concurrent with this Agreement.

In witness whereof the parties hereto have hereunto set their hands and seals the day and year first before written.

The Milk Board of Western Australia.

#### IN THE COURT OR ARBITRATION OF WESTERN AUSTRALIA.

In the matter of the Industrial Arbitration Act, 1912-1948, and in the matter of Part VII. of the said Act.

##### Basic Wage.

The 9th day of February, 1949—Basic Wage.

IN pursuance of the provisions of the above Act and subject to the conditions therein prescribed, the Court of Arbitration hereby adjusts and amends the basic wage declaration made on the 11th day of June, 1948, so as to read and have effect as follows:—

##### Adults.

- (1) Metropolitan Area, which for this purpose shall be taken to be that portion of the State comprised within a radius of fifteen (15) miles from the General Post Office, Perth—

Per Week.

	£	s.	d.
Males .. .. .	6	4	9
Females .. .. .	3	7	4

- (2) Agricultural Areas, being the South-West Land Division of the State, except such portion thereof as is comprised within the Metropolitan Area, as defined herein—

Males .. .. .	6	4	4
Females .. .. .	3	7	2

- (3) Goldfields Areas and all other portions of the State, exclusive of the South-West Land Division—

Males .. .. .	6	12	9
Females .. .. .	3	11	8

##### Apprentices and Junior Workers.

(4) The wages being paid to these workers will be altered proportionately, if and when necessary, to the alterations in the basic wages above declared by the application of the percentage where percentages are fixed in the award or industrial agreement, and by direct proportion where the amount and not percentage is prescribed.

##### Contract of Employment.

(5) Payment shall be pro rata where the term of employment is for less than one (1) week.

This Order shall take effect from and inclusive of the date hereof, provided that payment of the increases contained may at the employer's option be delayed until the end of the first pay period which commences after this date.

By the Court,
