NOTICE TO MARINERS.

No. 4 of 1949.

Australia—West Coast.

Fremantle Outer Harbour.

Abolition of Compulsory Sea Pilotage at the Port of Fremantle between the Pilot Boarding Ground (as at present charted) and Gage Roads.

THE Fremantle Harbour Trust Commissioners give notice that:—

1. As from 1st November, 1949, the sea pilotage service from the Pilot Boarding Ground to Gage Roads will no longer be compulsory, and all vessels will come to an anchorage in Gage Roads, except as otherwise provided hereunder, South of latitude 32° 01' S., taking care to avoid an area bounded by lines drawn from the light-tower on the North Mole on a bearing of 284° for a distance of 1.63 miles, thence on a bearing of 180° for a distance of 7.7 cables, and thence on a bearing of 83° for a distance of 2 miles to the light-tower on the South Mole, this area being reserved for the manoeuvring of vessels into and out of the Inner Harbour.

2. Vessels arriving at the port with explosives on board, or desiring to load explosives whilst in port, shall anchor in Gage Roads not less than half a mile from any other vessel, and to the Westward of longitude 115° 41' 24" E. unless otherwise directed by the Harbour Master, the appropriate signals denoting explosives on board to be exhibited.

(N.B.—Masters are informed that smoother water for the handling of explosives into and out of lighters may be obtained by approaching as closely as possible—consistent with safety—to the light buoy positioned at latitude 32° 04' 12" S., longitude 115° 41' 03" E., and marking the Northern end of Success Bank Channel.)

3. In those cases where arrangements have been made for vessels to proceed straight to their wharf berth instead of anchoring in Gage Roads they will, for the purpose of the compulsory pilotage service into the Inner Harbour, be boarded by pilots after they have passed the Fairway Buoy and before they have reached the locality of the Hall Bank Buoy. Masters of vessels shall, in such circumstances, have the pilot ladder ready at the time of passing the Fairway Buoy.

4. (a) Sea to Gage Roads pilotage will still be available to any Masters requiring such services, and the said Masters shall cause their vessels to wait on the charted position of the Pilot Boarding Ground until the arrival of the sea Pilot from the shore-based pilot station,

(b) Where pilots may have proceeded to the Pilot Boarding Ground to undertake such service and vessels fail to reach the position at the time stated in accordance with the further notice given hereunder, detention of pilots and pilot vessel shall be charged for in excess of the first hour while awaiting the arrival of vessels at the Pilot Boarding Ground.

Publications affected—Australia Pilot Vol. V (1948), pages 327, 330-1, 337.

NOTIFICATION OF ARRIVAL.

General Requirements for all Vessels.

1. In view of the intended abolition of Rottnest Signal Station concurrently with the abolition of sea pilotage as referred to above, it will be necessary for all vessels to give 24 hours notice by wireless telegraphy of the expected time of arrival in the vicinity of the Fairway Buoy marking the approach to Gage Roads, followed by a second notice confirming or amending the previous notice two hours ahead of expected arrival time in that locality.

2. All vessels with explosives, inflammable liquid, and other dangerous cargoes on board shall communicate this fact by wireless telegraphy with the notice of expected time of arrival to be given 24 hours ahead.

3. All such communications shall be addressed to the Harbour Master, Fremantle.

Date: 1st July, 1949.
