(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

11.—Casual Worker.

"A casual worker" shall mean and include a worker competent to do the work he is engaged to do, who is, without any fault of his own, dismissed or refused work (as it is hereby agreed he may be) before the expiration of six (6) days from and including the date he starts work.

Casual workers shall be paid ten per cent. (10%) in addition to the rates set out above.

12.—Mixed Functions.

Where a worker is engaged on higher grade work in any day, he shall be paid for the whole day at the higher rate: Provided he works in such higher grade for a period of four (4) hours at the least, and, in cases where he is employed on higher grade work for more than twenty-two (22) hours in any one week, he shall be paid for the full week at the higher rate.

A worker required to work as steam crosscut driver and winch driver as one job shall be entitled to receive the higher margin.

13.—Time Book.

Each employer shall keep a time book, or sheets, or cards, showing the names of the workers, the number of hours worked, the rates of pay and the wages paid to each worker from week to week, and the Secretary of the Association or any official thereunto authorised by the Association shall be allowed at all reasonable times to inspect such records so far as it relates to any member or members of his organisation. Such time book shall be kept available for the last preceding twelve (12) months.

14.—Contract of Service.

All workers, except those engaged on piecework or on casual work, shall be employed on a weekly engagement, subject to the following terms:—

(a) A worker shall perform such work as the employer shall from time to time require on the usual days and within the prescribed hours.

(b) Employment during the first week of such engagement shall be from day to day, at the weekly rate prescribed, except in the case of re-engagement within one month after the termination of a previous service of the worker under the employer.

(c) A worker, to become entitled to payment of the weekly wage, must be ready and willing to work on the days and during the hours usually worked by the class of worker affected. A worker shall not be entitled to payment for any time during which he is absent from his employment, except as provided for in clause 10.

(d) Subject to the provisions of the two next succeeding paragraphs, a week's notice of the termination of such engagement shall be given on either side. Such notice may be given on any day during the week to terminate such engagement on the corresponding day of the following week, or on any later day thereof: Provided that, in the case of work in the bush and at bush mills, such notice may be dispensed with by the consent in writing of the employer and worker.

(e) The employer may dismiss any worker peremptorily without notice for malingering, inefficiency (otherwise than through temporary illness), neglect of duty, or misconduct, and pay the worker's wages up to the time of such dismissal only.

(f) The employer may deduct payment for any day or portion of a day the worker cannot be usefully employed because of any strike by or participation in any strike by the Union, by any branch of the Union, or by any members or member of the Union employed by the employer, or because of any strike by or participation in any strike by any other Union, branch of any other Union, or members or member of any other Union employed by the employer, or because of any breakdown of machinery, or because of any other stoppage of work for any other cause for which the employer cannot be held responsible: Provided that no deduction shall be made unless such stoppage exceeds two (2) hours.

15.—Definitions.

For the purpose of this Award:—

(a) "Engine driver" shall mean and include any person who operates or drives any engine or engines the motive power of which is either steam, gas, oil, water, compressed air, or electricity.

(b) "Engine driver in charge."—When a driver, being the only person of his class employed on the plant, does the general repair work of the plant in addition to the work of engine driving, but not when he merely assists the fitter or engineer to do such work.

(c) "Leading fireman."—Where two (2) or more firemen are employed on the same shift, one shall be classed as a leading fireman.

16.—Rents of Houses and Huts.

(a) The employer may charge such rents for the use and occupation of the huts or houses owned or controlled by him as may be agreed upon by the employer and worker and the Union, and, in default of agreement, such rent (not exceeding the amount ascertained by the application of the Commonwealth Statistician's figures as the average rental for four and five-roomed houses in the four-country-town statistics for the State) as the Board of Reference may think fair and reasonable.

(b) In determining what is a reasonable and fair rental, the Board of Reference shall—

(i) first ascertain the capital value of the building. Such capital value shall be the actual cost to the employer of the building: Provided that, where the building has been erected prior to the 30th day of June, 1921, there shall be added twenty per cent. (20%) to the cost of the building.

(ii) From the capital value so assessed there shall be deducted such amount as shall be estimated to equal the depreciation in actual value of the building, in so far as such depreciation diminishes the letting value: Provided that the depreciation shall not be assessed as an amount exceeding three per centum (3%) per annum.

(c) The reasonable and fair rental shall be deemed to be not more than the total for the following items:—

(i) The percentage on the capital value at the rate of nine per cent. (9%) per annum.

(ii) The amount of the rates and taxes.

(iii) The amount estimated to be required annually for repairs, including painting, maintenance and renewal (not exceeding the average amount expended for repairs during the last succeeding five (5) years).

(iv) The cost of insurance.

(v) Any other cost, charge, or outgoing considered by the Board of Reference to be fair and/or reasonable.

(d) The amounts ascertained above shall be reduced to a weekly basis.

17.—Sleeping Accommodation.

Where the employer provides houses or huts for the use and occupation of his workers at a bush mill or camp, or in the bush, the following provisions shall apply:—

(a) No room shall have a floor space less than ten (10) feet by twelve (12) feet. This requirement shall not apply to existing buildings having a floor space of not less than ten (10) feet by eight (8) feet, which have been approved by the Union, or which, in cases where there has been no approval by the Union, have been or are approved by the Board of Reference.

(b) No room shall have a height of less than eight (8) feet, but this shall not apply to existing buildings the rooms of which have a height of not less than seven (7) feet.

18.—Payment of Wages.

(a) All wages due and payable to workers in the bush and at bush saw mills shall be paid in such manner as may be agreed upon between the employer, the worker, and the Union, or, in default of such agreement—

(i) where a bank exists within five (5) miles of the mill or place where the work is performed weekly, in cash, at the mill or such place;

(ii) where no bank exists within five (5) miles of such mill or place, fortnightly or bi-monthly, in cash, at such mill or place.

Over and above that becoming due on each such period, as the case may be, not more than six (6) days' pay shall be kept in hand by the employer.

(b) If any worker be kept waiting for payment of his wages after working hours for more than fifteen (15) minutes, he shall be paid at ordinary rates for all time he is kept waiting from the termination of his working hours until he is paid.

(c) Should any worker, wherever employed, be dismissed during the course of a week, he shall be paid at the usual place of payment on demand there by him any wages which are legally due to him within fifteen (15) minutes of dismissal: Provided that, if the usual place of payment be on the work in the bush, then such place of payment shall be deemed to be the nearest office of such employer thereto.

19.—Aged and Infirm Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the General Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

20.—Transport of Workers.

Where means of transport to the bush or bush saw mills is provided by the employer, on the termination of service of a worker, that worker, his family, and his goods and chattels shall be transported free of charge within forty-eight (48) hours of receipt by the employer of notice that such transport is required. But a worker shall not be entitled to free transport on a route along which the public is regularly transported for payment. On the other hand, he shall not be charged a rate on such route in excess of that regularly charged to the public.

21.—Board of Reference.

The Court appoints for the purpose of the Award:—

(a) A Board of Reference to consider and deal with matters mentioned in clause 16 (Rents of Houses).

(b) A Board or Boards of Reference for the purpose of—

(i) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award or any of them;

(ii) deciding any other matters that the Court hereby refers or may from time to time refer for decision to the Board.

(c) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1949, which for this purpose are embodied in this Award.

(d) Each Board shall consist of a chairman and two (2) representatives, one representative to be nominated by each party.

(e) Separate Boards may be appointed where deemed necessary or advisable for different branches of the industry and/or for different localities.

22.—Camping Allowance.

A worker who is required by his employer to camp in the bush away from a town or away from the mill site and where accommodation is not provided in accordance with the standards provided in clause 17 of this Award, shall be paid a camping allowance at the rate of five shillings (5s.) per week.

I certify, pursuant to section 65 of the Industrial Arbitration Act, 1912-1949, that the foregoing is a copy of the agreement arrived at between the parties mentioned above.

14.—Time and Wages Record.

Each employer shall keep or cause to be kept at his usual place of business, or at each of them, if more than one, a book containing a record of the names of all workers employed by him at the particular factory, the class of work performed by each worker, the wages paid to each such worker, the starting and finishing time on each day, and the amount of overtime, if any. Such book shall be open to inspection by the Secretary, or such person as may be appointed by the Union, on any day during working hours.

15.—Junior Worker's Certificate.

(a) Junior workers, upon being engaged, shall furnish the employer with a certificate showing the following particulars—

(i) Name in full.

(ii) Age and date of birth.

(b) The certificate shall be signed by the worker.

(c) No worker shall have any claim upon the employer for additional wages, in the event of his age being wrongly stated on his certificate, nor shall the employer in such case be deemed guilty of a breach of any of the provisions of the Agreement founded upon an age limitation, except in the case of collusion.

(d) If any worker shall wilfully mis-state his age in the above certificate, he shall be guilty of a breach of this Agreement.

16.—Holidays.

(a) The following days, or the days observed in lieu shall, subject to subclause (c) hereof, be allowed as holidays without deduction of pay, namely:—New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) On any public holiday not prescribed as a holiday under this Agreement, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

(c) All work done on any of the holidays specified in subclause (a) hereof (except Christmas Day, Good Friday or Labour Day) shall be paid for at the rate of double time. All work done on Christmas Day, Good Friday or Labour Day shall be paid for at the rate of treble time.

(d) All work done on Sundays (except by shiftmen and watchmen) shall be paid for at the rate of double time. All work done on Sundays by shiftmen shall be paid for at the rate of time and a half. All work done on Sundays by watchmen shall be paid for at the rate of ordinary time.

(e) Except as hereinafter provided, a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve months' continuous service with such employer.

(f) In addition to the leave prescribed in subclause (e) hereof, seven-day shift workers, that is shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed one week's leave. Where a worker with twelve months' continuous service is engaged for part of the qualifying twelve-monthly period as a seven-day shift worker, he shall be entitled to have the period of two consecutive weeks' annual leave prescribed in subclause (e) hereof increased by one-twelfth of a week for each month he is continuously engaged as aforesaid.

(g) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(h) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service, or in the case of a worker referred to in subclause (f) hereof, such payment shall be one-quarter of a week's pay at his ordinary rate of wage.

(i) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay or time spent on holidays or annual leave, as prescribed by this Agreement, shall not count for the purpose of determining his right to annual leave.

(j) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (h) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(k) A worker who is dismissed for misconduct or who illegally severs his contract of service, shall not be entitled to the benefit of the provisions of this clause.

(l) The provisions of this clause shall not apply to casual workers.

17.—Sick Pay.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health at the rate of one-twelfth (1/12th) of a week's pay for each completed month of service: Provided that, subject to subclause (g) hereof, payment for absence through such ill-health shall be limited to one (1) week's pay in each calendar year.

(b) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(c) This clause shall not apply when the worker is entitled to compensation under the Workers' Compensation Act.

(d) A worker shall not be entitled to receive any wages from his employer for any time lost through any accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

(e) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(f) Notwithstanding the provisions of subclause (e) hereof, a worker who has already been allowed paid sick leave on one occasion, shall not be entitled to payment for any further absence unless he produces to the employer a medical certificate stating that he was unable to attend for duty on account of personal ill-health.

(g) Sick leave shall accumulate from year to year, so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of one (1) year but no longer from the end of the year in which it accrues.

(h) For the purpose of assessing a worker's entitlement to accumulated sick pay, subclause (g) hereof shall be deemed to have become operative as from the 1st day of January, 1950.

18.—Board of Reference.

The Court may order, for the purposes of the said Agreement, the appointment of a Board or Boards of Reference and assign to such Board or Boards the following functions and powers arising under or out of the said Agreement, namely:—

(i) To adjust any matters of difference which may arise between the parties from time to time.

(ii) To classify and fix wages of workers employed under any designation not specifically provided for in the Agreement, or of workers employed in any occupation which, though provided for in the Agreement, is shown to have been materially altered since the issue thereof.

(iii) To decide or report to the Court upon any other matter which the Court may from time to time refer to any such Board.

Separate Boards of Reference may be appointed, where deemed necessary or advisable, for different localities.

Each Board shall consist of a chairman and two (2) representatives, one representative to be nominated by each party.

Save as herein provided, the provisions of regulation 92 shall apply.

I certify, pursuant to section 65 of the Industrial Arbitration Act, 1912-1949, that the foregoing is a copy of the Agreement arrived at between the parties mentioned above.

Dated at Perth this 6th day of June, 1950.
