#### BUILDING OPERATIONS AND BUILDING MATERIALS CONTROL ACT, 1945-1950.

State Housing Commission,  
Perth, 17th January, 1951.

HIS Excellency the Governor in Executive Council has been pleased to make the following regulations pursuant to the provisions of the Building Operations and Building Materials Control Act, 1945-1950.

R. J. BOND,  
Secretary.

#### BUILDING OPERATIONS AND BUILDING MATERIALS CONTROL ACT, 1945-1950.

##### Regulations.

##### Citation.

1. These regulations may be cited as the Building Operations and Building Materials Control Act Regulations.

##### Interpretation.

2. In these regulations unless the context requires otherwise—

"Act" means the Building Operations and Building Materials Control Act, 1945-1950;

"approval of a local authority" means an approval of a council of the municipality of a municipal district given pursuant to the provisions of section two hundred and ninety-eight of the Municipal Corporations Act, 1906-1947, and the approval of a road board given pursuant to regulation 2 of the Building Regulations in the Second Schedule to the Road Districts Act, 1919-1948, as the case may be;

"appurtenances" used in relation to a residential building intended for permanent use as a dwelling house means verandahs, porches and out-buildings for use in connection with the residential building;

"area of a residential building intended for permanent use as a dwelling house"—

(a) means—

(i) in the case of a single storey building a total of the floor areas of the residential building and of its appurtenances;

(ii) in the case of a multi storied building the total of the floor areas of each storey and of its appurtenances;

(b) does not include in any case the floor area of a garage if constructed under the ground floor of the residential building where the ground levels of the site are such that the floor level of the garage will be no more than three feet below the natural surface;

"floor area" means the area at floor level measured to the outside of the external walls;

expressions used have the same respective meaning as in the Act.

#### Exemption of Certain Building Operations.

3. Pursuant to the provisions of paragraph (i) of subsection (2) of section nine of the Act, it is hereby declared that the provisions of subsection (1) of that section which preclude the commencement of a building operation without the consent of the Commission shall not apply to the construction of a residential building intended for permanent use as a dwelling house if the floor area of the building does not exceed fifteen hundred square feet.

#### Release of Building Material from Control.

4. The provisions of the last preceding regulation do not prejudice the provisions of the Act which impose certain restrictions on transactions in building materials but where a building operation is the subject of an approval of a local authority, that approval shall accompany the application referred to in section twenty-one of the Act, for a license to acquire controlled building material, which is required for the building operation.

By-laws Governing Long Service Leave to be  
Granted to Employees of the Northampton  
Road Board.

L.G. 1325/35.

THE Northampton Road Board, under and by virtue of the powers conferred on it in that behalf by the Road Districts Act, 1919-1948, and all other powers enabling it, doth hereby make and publish the following by-laws:—

1. In the interpretation of these by-laws the following words shall have the meanings assigned to them hereunder:—

(a) "Board" means the Northampton Road Board.

(b) "Continuous service" means service in the employment of this Board during which an employee has not been absent from the service of the Board for a continuous period of more than two days or an aggregate period of more than 10 days without leave of absence being granted by the Board, provided that an employee who was employed by the Board on a permanent basis immediately prior to entering continuous full-time service with the Armed Forces of the Commonwealth of Australia, or who was directed by the manpower

directorates to serve elsewhere, between the 3rd day of September, 1939, and the 3rd day of March, 1947, shall have such service counted as continuous service with this Board, provided the requisite proof is produced.

2. All employees of the Board shall, after each period of 10 years' continuous service as permanent full-time employees thereof, commencing from 30th of June, 1941, be entitled to three months' long service leave. Long service leave to be taken at the convenience of the Board, who will, as far as possible, meet with the wishes of the employee, but the Board may require the employee to take leave by giving not less than three months' notice.

3. Absence on account of sickness shall not be deemed to be a break in continuity of service, providing the period of absence shall not exceed three months in a year, unless otherwise decided by the Board.

4. Employees due to take long service leave shall be paid—

- (a) their salary or wage of the period thereof at the rate equivalent to the salary paid in the week immediately preceding the taking of long service leave;
- (b) the Board may, at its discretion, either—
  - (i) pay to an employee his wages or salary periodically during long service leave, or
  - (ii) pay to an employee in advance a sum representing the amount of his wages or salary for the period of his long service leave.

5. (a) Employees shall not be entitled to long service leave until the completion of 10 years' service. After the completion of the first 10 years, employees will then be entitled to a *pro rata* payment if they leave the service of the Board before the next period is completed.

(b) The long service leave granted under this by-law shall be for a period not exceeding one and three-tenths weeks for every completed year of service since the conclusion of the period of service which qualified the employee for his previous long service leave, and shall be on full pay.

6. All annual leave to which an employee is entitled or will become entitled before the expiration of his long service leave shall be taken by the employee in conjunction with his long service leave, but any public holidays which occur during the taking of his long service leave are not to be paid for over and above the long service leave, but are to form a part of such long service leave.

7. An employee dismissed by the Board, except in the matter of retrenchment, shall not be paid any sum in pursuance of the preceding by-law.

8. Long service leave shall be considered as a special period of recuperation after a lengthy term of service, with a view to fitting the employee for a further term, and during such leave no employee shall undertake any form of employment for hire or reward, unless by special permission of the Board. Any contravention of this subclause shall entitle the Board to dismiss the employee from its service and to cease paying or to recover any amounts paid in advance of long service leave.
