R. H. DOIG,

Under Secretary, Premier's Department.

Conditions of Awarding Hackett Studentships and Scholarships.

(Excerpt from Statute No. 18.—Conditions of Awarding Hackett Bursaries, Hackett Studentships and Scholarships.) Sections 3 and 4.

3. Hackett Studentships shall be awarded under the following conditions:—

(1) Post-graduate studentships hereinafter described as studentships of the value of two hundred pounds per annum are open to graduates of The University of Western Australia.

(2) During such part of the period for which a studentship is awarded as is spent at a University outside Australia the student shall receive an additional allowance at the rate of one hundred pounds per annum.

(3) A student may in each year of his studentship be granted a special allowance not exceeding three hundred pounds in the case of students who study outside Australia, provided that if the studentship is renewed for a second year this sum shall be reduced in the second year to one hundred

pounds, and one hundred pounds in the case of students who study within Australia which may be used under the direction of his tutor or supervisor to defray the cost of books, apparatus and other material which shall become and remain the property of the University and other expenses incidental to the student's work. The Vice-Chancellor may authorise any part of this special allowance to be used to pay the student's travelling expenses and the cost of remitting the student's allowances as defined in subsections (1) and (2) to the country where he is doing his work or course of study.

(4) A studentship shall in the first instance be awarded for one year only, but may thereafter be renewed by the Professorial Board for one year if it is satisfied that the student is making good progress in the work or course of study for which the studentship was awarded. Applications for renewal must be accompanied by a recommendation from the student's tutor or supervisor and should reach the Vice-Chancellor not later than the first day of May in the year in which the studentship would otherwise come to an end.

(5) (a) A student shall not without written permission engage in any work or course of study in addition to that for which the studentship was granted.

(b) Written permission to undertake additional work or an additional course of study must first be obtained from the tutor or supervisor if the work or course of study will continue for less than four weeks and from the Vice-Chancellor if the work or course of study will continue for more than four weeks.

(c) A student who undertakes additional work or an additional course of study without permission is liable to forfeit his studentship.

(6) Applications for studentships must reach the Vice-Chancellor on or before a date to be fixed by him and advertised.

(7) Every applicant must send to the Chancellor satisfactory evidence that his means are such as to make it difficult for him to work as a full-time student without the assistance of a studentship.

(8) Every applicant must submit a scheme of work or course of study on which the Faculty concerned shall submit a report to the Professorial Board and which shall require the approval of the Board and must attach to his application a written estimate of the amount required by him for books, apparatus and other materials, travelling expenses and other authorised expenditure.

(9) Awards of studentships will be made by the Professorial Board after reports on each application have been received from the Faculty or Faculties concerned, but the Board has a discretionary power to make no awards or to make less awards than the available number of studentships if it is of opinion that some or all of the applicants are not of sufficient merit to justify awards being made.

(10) (a) A tutor or supervisor of such part of each student's work or course of study as is intended to be done at The University of Western Australia shall be appointed by the Dean of the Faculty and the Head of the Department concerned as soon as possible after each award is made.

(b) A student who intends to do all or part of his work or course of study at an institution other than The University of Western Australia shall within three months of his enrolment at such institution submit to the Vice-Chancellor of The University of Western Australia the name of the tutor or other person under whose supervision he proposes to do his work or course of study.

(11) Payment of the allowances defined in subsections (1) and (2) shall be made by instalments of such amounts as the Vice-Chancellor shall determine, the first of such instalments being payable at the commencement of the studentship and the remaining instalments at such times as may be decided by the Vice-Chancellor, but only after he has received sufficient evidence that the student is satisfactorily doing the work or course of study for which his studentship was awarded.

(12) At the end of the studentship the student shall be required to supply to the University a full report on the work or course of study undertaken by him and such number of copies as the Vice-Chancellor shall require of any thesis or publications connected with his work or course of study.

(13) Whenever any written work is carried out under a studentship acknowledgement thereof shall be made in the publication of such work.

(14) If the Professorial Board considers a thesis submitted by a student to be of sufficient merit it may recommend the Senate to grant out of the funds available for Hackett Studentships not more than seventy-five pounds towards the cost of publishing the thesis on condition that the student shall supply to the University free of all charges as many copies of the published thesis as the Vice-Chancellor shall require and that the University shall have the right to use and dispose of such copies in whatever manner the Vice-Chancellor shall decide.

(15) A student who is allowed to hold his studentship wholly or partly outside Australia shall before leaving the State enter into an agreement with the University whereby he shall promise that if within three years of the termination of his studentship he fails either to return to Australia and become and remain resident therein, or to satisfy the Senate that he has made a genuine but unsuccessful attempt to obtain suitable employment in Australia, he shall owe to the University a sum not exceeding one-half of the total amount (exclusive of the cost of books, apparatus and other material which have been surrendered to the University) paid by the University in connection with such part of his studentship as has been spent outside Australia, the amount of the debt hereunder to be decided in each instance by the Senate after consideration of all relevant facts.

(16) The amount, which in accordance with the preceding subsection is declared by the Senate to be owed to the University shall be repaid to the University in the following manner:—

(a) On the termination of the period of three years, mentioned in the preceding subsection the student shall commence to repay to the University the amount of his debt by half-yearly instalments or by such other instalments as may be arranged by agreement between the student and the Vice-Chancellor, but so that payment of the whole debt shall be made within a period not exceeding ten years after the termination of the period of three years abovementioned and that no interest shall be payable on any part of the said debt.

(b) For the purposes of this and the preceding subsections a studentship shall be deemed to have been terminated on the thirty-first day of December in the year in which the student received the last payment under his studentship.

4. Hackett Scholarships shall be awarded under the following conditions:—

(1) Post Graduate Scholarships hereinafter described as the Scholarships shall be open to graduates of The University of Western Australia and shall normally be tenable at the University but in exceptional circumstances and with the approval of the Professorial Board may be held at any other University or recognised institution within Australia. The scholarships shall be of a value not exceeding £125 per annum if held at the University of Western Australia and of a value not exceeding £175 per annum if held at any other University or recognised institution within Australia.

(2) Scholarships shall normally be awarded for one year only but may be renewed by the Professorial Board for a second year.

(3) A scholar may in each year of his scholarship be granted a special allowance not exceeding sixty-five pounds which may be used under the direction of his tutor or supervisor to defray the cost of necessary books, apparatus and other material, which shall become and remain the property of the University, and other expenses incidental to his work or course of study under the scholarship.

(4) Subsections (5), (6), (7), (8), (9), (10), (12), (13) and (14) of section 3 shall apply to the award and tenure of scholarships with the words scholarship and scholar substituted for studentship and student respectively.

(5) Payment of the allowance granted under subsection (1) of this section shall be made by instalments of such amounts as the Vice-Chancellor shall determine, the first of such instalments being payable at the commencement of the scholarship and the remaining instalments at such times as may be decided by the Vice-Chancellor, but only after he has received sufficient evidence that the scholar is satisfactorily doing the work or course of study for which his scholarship was awarded.

The Common Seal of the University of Western Australia has been affixed in pursuance of an order of the Senate by the undersigned being legally entitled to the custody thereof as the Chancellor of the said body Corporate.

E. W. GILLETT,
Chancellor.
