GOD SAVE THE KING ! ! !

AT a meeting of the Executive Council, held in the Executive Council Chamber, at Perth, the 18th day of April, 1951, the following Orders in Council were authorised to be issued:—

The Child Welfare Act, 1947-1950.

ORDER IN COUNCIL.

C.W.D. 395/38, Ex. Co. 686.

WHEREAS by section 19 (2) (a) of the Child Welfare Act, 1947-1950, it is provided that the Governor may appoint such persons, male or female,

as he may think fit, to be members of any particular Children's Court and may determine the respective seniorities of such members: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council doth hereby appoint the persons named in the schedule hereto to be members of the Children's Court at the place mentioned:—

Schedule.

Boyup Brook—Eric Alexander Miller, Harry Newton Farrall, and Edward Lawrence Cummings.

R. C. GREEN,
Acting Clerk of the Council.

The Land Act, 1933-1950.

ORDER IN COUNCIL.

Corr. No. 1405/51.

WHEREAS by section 33 of the Land Act, 1933-1950, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order in trust for the like or other public purposes to be specified in such order; and whereas it is deemed expedient that reserve No. 23236 should vest in and be held by the Minister for Works in trust for the purpose of Government Requirements (Main Roads Department): Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Minister for Works in trust for the purpose aforesaid, subject nevertheless to the powers reserved to him by section 37 of the said Act.

(Sgd.) R. GREEN,
Acting Clerk of the Council.

The Land Act, 1933-1950.

ORDER IN COUNCIL.

Corr. No. 24/95.

WHEREAS by section 33 of the Land Act, 1933-1950, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order, in trust for any of the purposes set forth in section 29 of the said Act, or for the like or other public purposes to be specified in such order, and with power of sub-leasing; and whereas it is deemed expedient that reserve 7281 at Bridgetown should vest in and be held by the Bridgetown Road Board in trust for Recreation and Public Gardens: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Bridgetown Road Board in trust for Recreation and Public Gardens with power to the said Bridgetown Road Board, subject to the approval in writing of the Minister for Lands being first obtained to lease the whole or any portion of the said reserve for any term not exceeding 21 years from the date of the lease.

(Sgd.) R. GREEN,
Acting Clerk of the Council.

The previous Order in Council dated 2nd June, 1909, is hereby superseded.

Forests Act, 1918.

ORDER IN COUNCIL.

Forests Corr. 1274/43, Lands Corr. 721/29.

WHEREAS by the Forests Act, 1918, it is provided that the Governor may, by an Order in Council, declare any Crown lands as State Forest, within the meaning and for the purposes of that Act: Now, therefore, His Excellency the Governor, with the advice and consent of the Executive Council doth hereby declare Nelson Location 4197 as an addition to State Forest No. 38 within the meaning and for the purposes of the Forest Act, 1918. (Plan 442B/40, F4.)

(Sgd.) R. GREEN,
Acting Clerk of the Council.

ORDER IN COUNCIL.

M.W.S. 869/25.

WHEREAS the enactment contained in section 74 of the Constitution Act, 1889, whereby the appointment of all public officers under the Government of the State is vested in the Governor in Council does not apply to minor appointments which by Order in Council are vested in the Heads of Departments or other officers or persons within the State; and whereas it is desirable that the appointment of foremen and all other persons employed at a daily wage on water supply, sewerage and drainage works under the control of the Metropolitan Water Supply, Sewerage and Drainage Department should be vested in various officers: Now, therefore, His Excellency the Governor, by and with the advice of the Executive Council, hereby further amends schedule appended to the Order in Council gazetted on the 6th April, 1939, by the addition of the name of J. A. Lampe and of any person or persons appointed temporarily to act in the place of such officer.

(Sgd.) R. GREEN,
Acting Clerk of the Executive Council.

Municipal Corporations Act, 1906-1947.

Municipality of Bunbury.

ORDER IN COUNCIL.

P.W. 123/47.

WHEREAS it is provided by subsection 1 (b) (iii) of section 480 of the Municipal Corporations Act, 1906-1947, that a Council may with the approval of the Governor expend out of the ordinary revenue of the municipality any sum or sums not exceeding the aggregate ten per cent. of such ordinary revenue for providing all forms of tourist propaganda both within the district and elsewhere in connection with or in relation to any tourist resort within the district of the Council; and whereas the Municipality of Bunbury are desirous of expending the sum of £250 from its ordinary revenue for tourist propaganda purposes: Now, therefore, His Excellency the Governor, acting by and with the advice and consent of the Executive Council and in exercise of the powers vested in him the said section of the said Act, doth hereby authorise the Municipality of Bunbury to expend from its ordinary revenue the sum of £250 for tourist propaganda purposes.

(Sgd.) R. GREEN,
Acting Clerk of the Council.

ALBANY HARBOUR BOARD ACT, 1926.

Chief Secretary's Department,
Perth, 18th April, 1951.

C.S.D. 81/50.

HIS Excellency the Governor in Executive Council has been pleased to approve the resolution of the Albany Harbour Board as set out in the Schedule attached hereto and passed by the said Board on the 23rd day of November, 1950, pursuant to the powers conferred by section 61 of the Albany Harbour Board Act, 1926, making regulations for the management and control of the slipway at Albany, vested in the said Board such regulations to operate and have effect as from the date of the publication of this notice in the *Government Gazette*.

H. T. STITFOLD,
Under Secretary,
Chief Secretary's Department.

Schedule.

Albany Harbour Act, 1926.

Albany Harbour Board—Resolution.
Slipway.

1. The Albany Harbour Board shall have the management and control of the slipway.

2. Application to be made:—

(a) All applications for the use of the slipway shall be made by the owner or master of the vessel, in writing, in the form set out in Schedule "C," of these regulations and he shall be bound by the conditions and schedule of charges.

(b) The dues charged shall cover the use of the slip, the haulage of the vessel on to the slip and the supply of electric power and water. The owner or master of the vessel must arrange for the proper wedging, blocking, etc., to the satisfaction of the Board's duly authorised officer. Any damage done to the structure and/or cradle shall be repaired at the expense of the owner or master of the vessel causing the damage.

(c) The owner or master of any vessel using the slip shall be responsible for the payment of all charges.

(d) All charges for a minimum of three days shall be payable at the time of application for use of slipway and any additional charges shall be paid at the office of the Board within 24 hours of launching.

(e) Charges quoted are for slipping and launching of boats during ordinary hours, viz., Monday to Friday, 8 a.m. to noon and 1 p.m. to 5 p.m.

Should an owner or master require to slip or launch a boat outside of these hours the matter will be one for special arrangement and payment of any additional cost of wages or other expenses incurred.

3. Government vessels, or vessels in distress, may take precedence.—Government vessels, or vessels in distress, shall, when considered necessary, take precedence over all other craft, notwithstanding any previous application by private owners for the use of the slip.

4. Vessels may forfeit their turn.—Vessels registered for and not arriving at the slip at the appointed time will be liable to the forfeiture of their turn and shall pay waiting time at the rate of 12s. 6d. per hour of part thereof.

5. Board will not undertake repairs, etc.—The Board will not undertake the repairs of vessels; all parties availing themselves of the use of the slip will be required to make their own arrangements for these and provide all necessary material.

6. Responsibility of the Board.—The Board will not be responsible for and shall incur no liability in respect of any damage to any vessel while being hauled up, remaining on, or being lowered from the slip, or in any way in connection with the use of the slip.

7. Slip to be left clear.—The removal of all waste material, chips, shavings, mud, barnacles and other rubbish resulting from work performed in connection with the vessel shall be cleared away by the owner or master after the vessel is slipped.

8. Slipping of more than one vessel at a time.—The Board may allow more than one vessel to be taken on the slipway at the one time, but charges will be as if each boat had been slipped separately.

9. The Owner or Master shall observe all regulations relating to Albany, under the Board's control, in force for the time being as if they were expressed herein.

Slipping Fees.

1. Vessels 40ft. and over, 1s. 6d. per foot, run of overall length, per day or part thereof, for the first three days, and 1s. per foot run, for each subsequent day.

2. Under 40ft., 1s. 3d. per foot run, for the first three days, and 1s. per foot run, for each subsequent day.

Haulage Charges.

FISHERIES ACT, 1905-1949.

Fisheries Department,
Perth, 18th April, 1951.

File 97/48, Ex. Co. No. 681.

HIS Excellency the Governor in Executive Council, acting pursuant to the provisions of the Fisheries Act, 1905-1949, has been pleased to amend in the manner set out in the Schedule hereunder, the regulations made under and for the purposes of the said Act and published in the *Government Gazette* on the 6th day of May, 1938, and amended from time to time thereafter by notices published in the *Government Gazette*.

A. J. FRASER,
Chief Inspector of Fisheries.

Schedule.

The above regulations are amended as follows:—

By revoking regulation 14B and substituting in lieu thereof the following regulation:—

14B. No person shall convey live crayfish in any bag which measures when empty more than thirty-nine inches in depth and twenty-three and one-half inches in width.

THE FISHERIES ACT, 1905-1949.

Registration of Harvey Fish, Game and Trout
Acclimatisation Society.
Certificate of Registration.

File 652/38, Ex. Co. No. 655.

WHEREAS the Harvey Fish, Game and Trout Acclimatisation Society has made application in accordance with the provisions of section 31 of the Fisheries Act, 1905-1949, for registration as a Trout Acclimatisation Society in respect of the following area, that is to say:—

The whole of the land situate within the boundaries of the Harvey Road Board District, and I am satisfied that the rules of the said Society, as deposited with the Chief Inspector of Fisheries in accordance with the said section 31, are not repugnant to the said Act or to any regulation made thereunder, and that the said society is qualified to apply for registration under the said section: Now, therefore I, Sir James Mitchell, K.C.M.G., Governor, acting with the advice and consent of the Executive Council and in exercise of the powers conferred upon me by section 31 of the Fisheries Act, 1905-1949, do hereby grant the application for registration aforesaid of the Society, and direct that, subject to the said Act, the Harvey Fish, Game and Trout Acclimatisation Society shall be registered as a Trout Acclimatisation Society under and for all the purposes of the Fisheries Act, 1905-1949, in respect of the following area, that is to say:—

The whole of the land situate within the boundaries of the Harvey Road Board District.

Given under my hand this 18th day of April, 1951.

JAMES MITCHELL,
Governor.

Department of Lands and Surveys,
Perth, 10th April, 1951.

Corres. No. 1020/51.

IT is notified for general information that Kalgoorlie Lot 2151 is available for leasing under section 117 of the Land Act, 1933-1950, at the rental and subject to the conditions set out hereunder:—

- (1) Applications must be lodged at the Lands Office, Kalgoorlie, on or before Thursday, 10th May, 1951.

(2) No approval of a lease will issue until the successful applicant shall have first produced a "Building Permit" issued by the local authority or such other evidence indicating that the local authority is willing to issue a building permit to the applicant, or, that the applicant already has or is in a position to obtain the necessary materials to build a residence on the lot applied for.

(3) The lessee will be required to erect a residence on his lot within six months from the date of approval of his application or within such extended period as the Minister for Lands may approve. Failure to comply with this condition renders the lease liable to forfeiture.

(4) The term of the lease will be 99 years.

(5) The annual rental payable for the first 10 years of the lease will be ten shillings (10s.). The rental shall be subject to re-appraisal by the Minister for Lands at intervals of 10 years.

(6) No transfer of the lease will be approved until the lessee has complied with the building conditions of the lease.

(7) The lessee shall not carry on, or permit or suffer to be carried on on the demised land any trade or business whatsoever, without the consent in writing of the Minister for Lands being first obtained; and further, the conditions under which the said land is made available shall not entitle the lessee now or at any future time to the right to convert same to fee simple.

(8) If more applications than one have been received by the closing date, the application to be granted will be decided by the Land Board.

1. (a) In the construction and for the purposes of these by-laws, unless the context otherwise requires, the terms, "cesspool," "drain," "house," "land," "owner," "public house," and "piggery," shall have the meanings severally attached to them in section 3 of the Health Act, 1911-1948.

(b) The words "authorised," "by-laws," "district," "fittings," "local authority," "occupier," "owner," "pipe," "prescribed," "ratepayer," "rateable land," "road," "reservoir," "stream," "water area," "waterworks," "watercourse" and "works" shall have meanings severally attached to them in the Water Boards Act, 1904-1949, hereinafter referred to as the principal Act, or any amending Act, and the by-laws made thereunder.

(c) "Feeder" shall mean any watercourse, creek, stream or other channel with either permanent or intermittent flow whereby water can be conveyed to any reservoir.

(d) "High water mark" shall mean the level of full supply of any reservoir or feeder thereto.

(e) "Catchment area" shall mean all land over, through or under which any water flows, runs or percolates directly or indirectly into any reservoir erected or used by the Minister in connection with any water supply, prescribed in or proclaimed under any Act.

(f) "Minister" shall mean the Minister for Water Supply, Sewerage and Drainage, acting in pursuance of the Water Boards Act, 1904-1949, and the Water Supply, Sewerage and Drainage Act, 1912.

(g) "Inspector" and "Local officer" respectively shall mean a person appointed by the Minister for the purpose of these by-laws or to administer the said by-laws.

(h) "Domestic Supply." A supply of water for domestic purposes means a supply for the ordinary household purposes for which water is required in or about a dwelling-house and includes the use of water for watering lawns and gardens appurtenant to a dwelling-house and for watering lawns and gardens growing in a street or road adjoining private land upon which a dwelling-house is erected, when such lawns and gardens are grown by or cared for by the owner or occupier of such private land and such lawns and gardens are watered with water which has first passed into such private land through the meter installed thereon by the Minister in connection with the water service on such private land.

The term "Domestic Supply" does not include the use of water for cattle or horses or for any steam engine, or for washing carriages, where

such horses or carriages are kept for hire or are the property of any dealer, or for any hotel, inn, trade, manufacturer or any business whatever, or for Public Gardens, or for fountains, or any other ornamental purpose.

(i) "Private service." For the purpose of these by-laws "private service" includes all the pipes and fittings, and all connections and apparatus of whatsoever nature or kind, and whether used temporarily or otherwise on any part of the premises of the owner or occupier of any premises supplied with water, whether by meter or otherwise, and includes any pipes or fittings the property of the consumer which are used for conveying water from the mains of the Minister whether situated on the premises of the consumer or otherwise.

(j) "Farm supply" shall include domestic supply, but not industrial or manufacturing supply.

(k) "Reservoir" shall mean any reservoir, dam, tank, cistern or well.

Division II.

By-laws for the Preventing of Pollution of the Catchment Area.

2. The by-laws in this part apply to all water reserves and catchment areas constituted for the purpose of the principal or any amending Act.

Cleaning and Filling up of Cesspools.

3. All existing cesspools within the catchment area shall be cleansed and filled up to the satisfaction of the Inspector, within one calendar month after notice, in writing, to that effect has been given to the occupier or owner of the premises concerned.

Situation of Closets.

4. Closets shall not be constructed within 50 yards of high-water mark and any closet situated within 50 yards of high-water mark shall, within one calendar month of notice to that effect being given to the owner or occupier by the Minister or by the Inspector, be taken down and the cesspit, if such exists, cleansed and a fire made therein, after which the cesspit shall be filled up to the satisfaction of the Inspector by the owner or occupier of the house to which such closet or cesspit is appurtenant.

Provision for Sufficient Number of Pans Shall be Made.

5. The owner or occupier of every house within the catchment area shall provide, for the use of the occupants of such house, an earth closet, with a sufficient number of pans approved by the Inspector.

Construction of Closets.

6. (a) Every closet within the catchment area shall be of stone, iron, wood, brick, concrete, or combination of two or more of such materials. Each closet shall be supplied with a sufficient number of receptacles which shall be interchangeable with others in the same district and which shall be of approved size, shape, and style and every pan shall be emptied and cleansed once every week or as often as may be required by the Inspector.

(b) Each dwelling on the catchment area shall be provided with a closet and urinal erected in such position as directed by the Inspector.

(c) The floor and seat of every closet shall be so constructed that the top of the receptacle shall not be more than one inch below the underside of the seat.

Removal and Re-erection of Closet.

7. Closets or urinals already in existence shall, wherever considered necessary by the Inspector be removed where directed by the Inspector, and such removal or re-erection shall be at the cost of the owner, who shall have the work completed within one calendar month from delivery by the Inspector of written notice to the owner requiring this to be done.

Nuisance shall not be Caused.

8. The owner or occupier of any house within the catchment area shall not permit the contents of any pan used in any closet or urinal to overflow from any cause whatever.

The owner or occupier of any house within the catchment area shall not permit any closet or urinal, or pan appertaining thereto, or used by the occupants of such house to become offensive or a nuisance, and every such owner or occupier, whenever directed, either verbally or in writing by the Inspector, shall properly and effectively empty and cleanse such closet, urinal, or pan to the satisfaction of the Inspector.

Disposal of Nightsoil, etc.

9. Nightsoil, refuse, and garbage shall be disposed of from time to time as the Minister or Inspector may direct.

Nightsoil, faecal matter, or refuse shall not be buried within the catchment area.

Nightsoil or human urine, whether mixed with any other substance or not, or any solution of nightsoil, unless the same has been thoroughly deodorised and disinfected to the satisfaction of the Inspector, shall not be placed, deposited, spread or permitted to be placed, deposited, or spread in or upon any land or garden within the catchment area, unless written consent thereto has been obtained from the Minister.

Disposal of Manure, etc.

10. Refuse, dung, manure or other offensive matter shall not be deposited or be permitted to be deposited within three hundred yards of high-water mark, or in any place where in the opinion of the Inspector, such matter may be washed into any reservoir or any feeder.

Situation, etc. of Outbuildings.

11. Buildings of any description shall not be used as or constructed for a stable, cow-shed, goat-shed, sheep-pen or fowl-house, and any animal or bird shall not be housed or yarded within three hundred yards of high-water mark, or in such position that storm-waters may wash any manure or refuse therefrom into any reservoir or feeder. Every such structure within the catchment area shall have attached thereto for containing all liquid and solid manure a water-tight receptacle approved by the Inspector. Land sloping to a feeder on which any such structure stands shall be excavated to a depth of at least twelve inches, and the soil so obtained shall be used as an embankment around the area so excavated. Such work shall be done by and at the expense of the owner or occupier of such premises.

Cleaning of Outbuildings.

12. The owner or occupier of any stable, cow-shed, goat-shed, sheep-pen, or fowl-house, situated within the catchment area shall not allow any dung, manure, or other refuse to accumulate in or near such premises, but shall immediately remove or dispose of same in such manner that it cannot pollute any water flowing or which may flow into any reservoir or any feeder and the Inspector may by written notice to the owner or occupier order the immediate removal and disposal of any dung, manure, or other refuse from such premises, and any person omitting to comply with such notice to the satisfaction of the Inspector shall be guilty of an offence against these by-laws and liable to penalties for breach thereof.

Deodorant Shall Be Used.

13. The occupier of every house or premises, whether public or private, shall cause to be kept in every closet or privy belonging thereto a box containing either ashes, dry earth, lime, sawdust, carbolic powder, or other disinfectant approved by the Minister or Inspector, and shall cause all nightsoil or other matter deposited in such pan

or receptacle in such closet or privy to be immediately deodorised or disinfected with a sufficient quantity of the disinfectant kept in such box.

Treatment of Nightsoil.

14. Every nightman or contractor shall cause the nightsoil removed from any premises to be either rendered inoffensive or treated in a destructor, desiccator or incinerator, or buried in trenches outside the catchment area, or disposed of in a manner approved by the Inspector.

Mode of Removal of Receptacles.

15. The mode of removal of each receptacle in each closet shall be as follows:—

The nightman shall remove each receptacle and at once cover the same with a suitable tight-fitting lid, and upon every such removal shall carefully place a cleansed pan, of the pattern approved by the Minister or the Inspector, in lieu of every pan so removed, and each pan shall be dealt with as prescribed in the next following clause hereof, that is to say:—

Each receptacle which shall have been removed from a closet and sealed with a lid as prescribed in the foregoing clause, shall be removed by the nightman in a cart or vehicle of a pattern to be approved by the Inspector, and the contents of all such receptacles shall be deposited in such place or places as shall from time to time be fixed by the Minister or the Inspector. The said receptacles shall be emptied and perfectly cleansed once a week at the least or so much more frequently as the Minister or the Inspector may from time to time direct.

Charges for Removal.

16. Every nightman shall be entitled to charge, unless other arrangements be made, and to receive from the occupier of any premises from which any nightsoil, trade or house refuse shall have been removed, such sum or sums of money as are specified in the contract or approved by the Minister, and shall not ask, demand, or receive more than the sums approved.

Licensing of Nightmen.

17. Nightsoil shall not be removed from any closet, house, or premises within the area under the jurisdiction of the Minister except by nightmen duly licensed by the Minister.

Private Contracts for Removal of Nightsoil.

18. Individual householders shall not contract for the removal of nightsoil or any other refuse or offensive matter whatever except with the person licensed by the Minister, and in accordance with these by-laws.

Keeping of Pigs.

19. Pigs shall not be kept or be allowed to stray on any portion of the catchment area.

Straying of Animals.

20. Horses, cattle, sheep, goats, ducks, geese, fowls, or other species of livestock shall not be allowed to stray or depasture over any portion of the catchment area, except with the permission of the Minister.

Keeping of Poultry.

21. Poultry yards or premises for housing of poultry shall be kept at least 25 feet from any dwelling and shall be kept in clean condition and disinfected at least once a week with lime, ashes, or other suitable disinfectant.

Abattoirs and Slaughterhouses.

22. Abattoirs or slaughterhouses shall not be established or conducted in any part of the catchment area.

Removal and Destruction of Carcasses.

23. In the event of the death or of an accident necessitating the slaughter of any horse, cattle, or sheep, or other animal, the carcass of such animal shall be removed by the owner thereof to a safe distance from highwater mark, or any feeder, or to such place as the Inspector may direct, and the owner shall immediately thereafter dispose of same by burning to the satisfaction of the Inspector, or, if the owner cannot be found, the Inspector shall destroy it.

Receptacles for Refuse.

24. (a) The occupier of every house or premises shall provide and keep in a position approved by the Inspector, such and so many receptacles or boxes of the material and of the dimensions as may be required by the Minister or the Inspector for the temporary deposit of solid house refuse.

(b) The owner or occupier of such house shall regularly collect all refuse or rubbish from such premises, and place the same in receptacles and he shall not permit or suffer such receptacles to overflow or become offensive, and shall, when necessary, or directed by the Inspector, thoroughly disinfect the same forthwith.

(c) The owner or occupier of every house or premises in which a receptacle as aforesaid is attached or used, shall cause same to be emptied at least once a week, or as often as the Inspector may direct. The owner or occupier of such premises shall keep such receptacle in good repair, and upon notice from the Inspector immediately replace by a new and improved receptacle any receptacle that the Inspector may deem worn out or unfit for use.

Disposal of, and Receptacles for Noisome Things.

25. Rubbish, filth, blood, offal or manure or any slops, soapsuds, urine, water containing urine or other refuse, noisome thing, or matter shall not be deposited or be permitted to be deposited in any part of the catchment area, where it may, in the opinion of the Inspector, be carried by stormwater, into any feeder, but every occupier or owner shall provide and maintain proper watertight vehicles or receptacles fitted with close-fitting covers or lids for the purpose of carting or receiving same.

Location of Vehicles or Receptacles.

26. All such vehicles or receptacles shall be kept in such convenient place to allow of ready removal as may be directed by the Inspector, so as not to be a nuisance to any person, and shall be kept in a thoroughly sanitary condition, and removed at least once every week and cleansed and disinfected both inside and out.

Reserve for Rubbish, etc.

27. Foul or offensive water or other offensive liquid, or refuse, garbage, sweepings, or other offensive matter or thing, shall not be pumped, emptied or swept, thrown, or otherwise discharged or deposited into or upon any street, lane, yard, vacant land, or other place, whether public or private, within the district other than the place set apart by the Minister or the Inspector for that purpose.

Pollution of Streams, etc.

28. Bathing or washing of clothes or other articles in any stream, reservoir, aqueduct, or other waterworks within the catchment area shall not be permitted, nor shall any person wash, throw, or cause to enter therein any dog or other animal, or throw or convey, or permit to be conveyed or thrown therein any rubbish, dirt, filth, dead animal, or other noisome thing.

Entry Private Premises by Officers of Minister.

29. It shall be lawful for the Inspector or any assistants acting under the directions of the Inspector or other authorised officer, at his discretion, at any reasonable hour, with or without notice, to enter any land, house, or premises for

the purpose of ascertaining whether any act or thing is being done or permitted within such land, house, or premises in breach of these by-laws, and to remove or cause to be removed anything thereon in breach of these by-laws, or to take such steps as he may deem necessary for carrying out these provisions. The cost of such removal or such other necessary act shall be borne by the owner or occupier of the premises upon which such breach shall occur.

Period for Compliance with Notices.

30. Unless otherwise provided for, the time which may elapse between the giving of a notice and the doing of a thing required to be done by any Inspector or other authorised officer shall be determined by the Minister according to the nature of each case.

Cutting of Timber.

31. No person, whether in possession of a timber cutter's license or not, shall cut or hew timber on any catchment area unless authorised so to do by the Minister.

Shooting, Hunting and Fishing Prohibited.

32. Shooting or hunting any game or angling for or catching of fish shall not be permitted within the catchment area.

Division III.

By-laws for Protecting the Water, Grounds, Works, etc., from Trespass and Injury.

Trespassing Prohibited.

33. Trespassing within the fenced-off ground adjacent to or reserved for Water Supply Works, or the entering without proper authority of any waterwork not open to the public, shall not be permitted.

34. No person shall in any way foul or contaminate any water belonging to the Minister, and prove that—

(a) any person has washed his body or any part thereof or any clothes or utensils or any other thing whatsoever in such water, or

(b) any person has entered or caused or permitted any animal to enter such water,

shall be sufficient proof of such fouling or contamination.

Camping and Lighting of Fires.

35. Camping or lighting of fires within the vicinity of any reservoir, except on land set apart for such purposes shall not be permitted. The lighting of fires on any other reserves or fenced-off land is absolutely prohibited.

Protection of Flora, Shrubs, etc.

36. The removal, plucking, or damaging of any wild flower, shrub, bush, tree, or other plant, growing on any land or reserve vested in the Minister, within half a mile of any reservoir, shall not be permitted.

Dogs Prohibited.

37. Dogs shall not be permitted on any portion of the grounds in the vicinity of any waterworks.

Disposal of Refuse, etc.

38. Loose paper or other refuse shall not be left on any portion of the grounds in the vicinity of any reservoir or works, except in the receptacles provided therefor.

Posting or Distribution of Bills, etc.

39. Bills, advertisements, or other notices shall not be posted or distributed on any portion of any reservoir or works, or on any portion of the works or grounds in the vicinity thereof.

Nuisances.

40. Nuisances shall not be committed on any portion of the grounds in the vicinity of any reservoir or works.

Protection of Pipes.

41. Vehicles, conveyances, or animals shall not be driven, taken, or ridden in such a manner as to endanger the main conduit or any branch thereof, or be permitted to cross the same except where crossing places have been provided as indicated by sign-boards.

Protection of Works from Injury.

42. No person shall in the vicinity of any works carry on or cause to be carried on any mining or quarrying operation, or make any excavation of any sort, or cause any explosion so as to injure any waterworks, sewerage works, sewers, drains, pipes, or fittings whatsoever.

Division IV.

Licensing of Plumbers.

Plumbing Work shall be done by Licensed Plumbers.

43. No person shall do, or cause to be done, any work within the Water Area in connection with the water supply of any premises, or in connection with any fitting or apparatus connected therewith, unless he shall have first been duly admitted by the Minister as a "licensed Water Supply Plumber."

Description and Scope of Licenses.

44. The conditions upon which licenses will be issued by the Minister are:—

(a) The Minister will grant water supply plumbers' licenses, operative only in the area to which these by-laws apply to water supply plumbers upon the applicants satisfying the Minister that they are competent water supply plumbers and that they are fit and proper persons to hold such licenses, and the applicants may be required to submit to an examination in the theory and practice of plumbing work.

(b) On condition that the certificate of the Department's Board of Examiners has been obtained, the prescribed payments made, and provided the Minister is satisfied that the applicant is a fit and proper person to hold such license, the Minister will grant water supply plumbers' licenses, operative in all areas administered by the Minister, excepting the metropolitan area and excepting areas open for sewerage connections; and will also grant water supply and sanitary plumbers' licenses, operative in all areas administered by the Minister.

Annual Fee for License.

45. A fee of ten shillings shall be payable for every license except when a license is granted after the first day of July in any year, in which case the fee shall be five shillings.

Renewal of License.

46. Licenses issued by the Minister under the by-laws and regulations shall be current only from the 1st January to the 31st December of the year of issue, and water supply plumbers shall apply for a renewal, and pay the necessary fee before the expiry of the year for which their existing license is current.

List of Licensed Plumbers shall be Published.

47. A list of licensed water supply plumbers shall, from time to time, be published at the office of the Minister.

Breaches of By-laws by Plumbers.

48. Any licensed water supply plumber offending against any by-law or regulation of the Minister, or who shall refuse to give any needful or proper information required by an officer of the Minister, either by himself or those employed by him, or who fails to complete any contract with the Minister or with a private owner within the time specified, shall be liable to a fine not exceeding twenty pounds, and he shall also show cause why his license shall not be suspended or

cancelled. Any person who has been removed from the list shall not be re-admitted as a licensed water supply plumber until he shall have served the suspension order or paid such fine, not exceeding twenty pounds, as the Minister may determine.

Delay in Work.

49. Plumbers shall execute any work they undertake with reasonable despatch; and any inconvenience to the public caused by licensed water supply plumbers by unnecessary delay in carrying out work will be rigorously dealt with by the Minister.

Damage to Pipes shall be Reported.

50. Damage caused by licensed water supply plumbers to water, gas, or other pipes shall be at once reported, and immediate steps taken to have repairs effected, and the cost of same shall be defrayed by such plumber.

Deposit and Declaration.

51. Prior to issue of the license, the person to whom the same is to be issued shall deposit with the Minister a sum of five pounds, which shall be retained during the currency of the license as a security for the proper performance of all work done by him and shall sign a declaration that he accepts such license subject to and in conformity with the conditions thereof and with the regulations of the Minister, and that he will conform and comply therewith.

Deductions from Deposit.

52. The Minister may deduct from such deposit any fine inflicted or the expense of making good any bad work of the licensed water supply plumber or his workmen, and as often as any amount is so deducted the licensed water supply plumber shall make good the deposit to the sum of five pounds, and in default his license will be cancelled.

Change of Address to be Notified.

53. Every licensed water supply plumber shall within forty-eight hours of any change of his address give notice in writing to the Minister.

Division V.

Water Supply Plumbing.

Specifications of Pipes, Fittings, and Apparatus for Private Services.

54. In connection with the laying down, maintenance alteration or repair of every private service, the following conditions shall be observed by the owner or occupier of the premises:

(1) Except with the written consent of the Minister only piping, fittings, and apparatus of approved quality or that conforming to the Australian Standard Specification and tested and stamped by the Minister, shall be used for services whether outside or inside the building line.

(2) All pipes and fittings shall be of lead, wrought or malleable iron, copper, brass, cast iron, cement asbestos, or other approved material provided that in any special case the Minister may give approval for the use of wooden pipes subject to such conditions as he may think fit. Where galvanised wrought iron pipes and fittings are used they shall be true in section, of uniform thickness, perfectly smooth on the inside and properly galvanised internally and externally.

(3) A charge shall be made by the Minister for testing and branding all pipes, fittings and apparatus to be used in connection with water supply plumbing work.

(4) Where lead pipes are used they shall be of drawn lead of equal thickness throughout, and of at least the respective weights following, viz:—

Diam. in inches.	lb. per yard.
$\frac{3}{8}$ inch	5
$\frac{1}{2}$ inch	6
$\frac{3}{4}$ inch	9
1 inch	12
1 $\frac{1}{4}$ inches	16
1 $\frac{1}{2}$ inches	20

(5) Where wrought iron tubes are used they shall be butt welded or solid drawn of regular section with British standard thread and of the following weights:—

Diam. in inches.	lb. per foot.
$\frac{1}{2}$ inch	.891
$\frac{3}{4}$ inch	1.262
1 inch	1.825
$1\frac{1}{4}$ inches	2.581
$1\frac{1}{2}$ inches	3.215

Diam. in inches.	lb. per foot.
2 inches	4.093
$2\frac{1}{2}$ inches	5.705
3 inches	6.741
4 inches	8.820

(6) Cast iron pipes shall conform to the Minister's standard specification for cast iron pipes for water supply.

(7) Cement asbestos pipes shall conform to the Minister's specifications for asbestos cement pipes.

Australian Standard to apply where Applicable.

(10) Tees, thimbles, bends, reducing couplings, plugs, etc., shall be of the best material and manufacture, true in section, regular, and of equal thickness, properly and truly cut with the British standard thread, perfectly sound and new, and free from all defects.

The tees, bends, tubes, etc., shall be capable of withstanding hydrostatic pressure of 300lb. per square inch, shall be tested to this pressure by the duly authorised officer, and shall conform otherwise to the British standard specification existing at the time.

(11) All joints between pipes, tees, bends, thimbles, couplings, elbows and cocks, etc., shall be made with flax or other approved jointing material. All joints on lead pipes shall be of the kind known as "wiped joints," and all connections between lead and iron water pipes shall be made with brass couplings and wiped joints.

(12) No pipe or other apparatus shall be laid through any sewer, drain, ashpit, cistern or manure bin, or through, in, or into any place where, in the event of the pipe becoming unsound, the water conveyed through such pipe would be liable to be polluted or to escape without observation, unless such pipe or apparatus be laid through an exterior approved iron pipe or box of sufficient length and strength to afford due protection to the same and to bring any leakage or waste within easy detection.

(13) All taps, stop-cocks, ball-cocks, valves, other fittings or apparatus used in connection with the supply of water shall be of approved types and capable of withstanding a pressure of 300 lb. per square inch, and shall be tested and stamped by the duly authorised office of the Minister before being fixed.

(14) No valve or cock or apparatus of any description shall be permitted unless the construction of the same is such that a rise in pres-

sure of not more than 10 lb. per square inch shall occur when the valve, cock, or apparatus is closing.

(15) Every cistern and tank shall be provided with an equilibrium ball valve and stop-cock, and the over-flow pipe shall be laid and fixed in a suitable manner, so as to discharge in some conspicuous place open to inspection.

(16) No service pipe on private property below the ground surface shall be laid at a less depth than 18 inches, unless otherwise approved by the Minister.

(17) No part of any service shall communicate directly with any vessel (other than approved apparatus for heating water for domestic purposes), except with the written permission of the Minister.

(18) No part of any service shall communicate directly with any steam boiler or other vessel used for generating steam, or with any other vessel, in such manner that noxious liquids or gases can return into the main or service pipes.

(19) Every water closet, urinal, slop hopper or other fixtures as directed by the Minister shall be supplied from the service pertaining to the building through an approved waste-preventing apparatus. No service pipe shall communicate directly with the fixture, or otherwise than with the cistern.

(20) Unless otherwise approved by the Minister, the outlet of every fixture, such as baths, lavatory basins, kitchen sinks, etc., shall be distinct from and unconnected with the inlet, and the inlet shall be placed at least one inch above the highest water level of such fixtures. The outlet of every fixture shall be provided with a perfectly water-tight plug, and shall be constructed so as to prevent a waste of water.

(21) Projection pieces between a bib tap and fitting on the end of a horizontal water service pipe shall not be permitted unless so supported as to prevent the pipe and tap swinging downwards.

(22) All taps over fixtures shall be so arranged that any drips from same will fall within the fixture.

(23) Stand pipes not secured to buildings shall be securely fixed to an approved support fixed in the ground.

(24) Pipes shall be secured to woodwork by means of approved galvanised clips and screws and to concrete, stone or brickwork with approved galvanised hooks or bolted clips,

(25) Pipes shall be laid in a straight line and where change of direction occurs under ground bends shall be used.

(26) In all cases where a water service pipe is attached to a cistern, lavatory basin, or any other plumbing fixture when directed by the responsible officer, the connection shall be made by means of an approved lead or annealed copper connection between the fixture and supply pipe, the length of which shall not be less than 15 inches over all.

(27) Automatic siphons, etc.—No person shall fix any water ejector, automatic siphon, or other water power pumping appliance to the Minister's supply without the permission in writing of the Minister being first obtained. If approved, such apparatus shall be fixed only under such conditions as the Minister shall notify in writing.

Maintenance of Private Services.

55. (a) The owner or occupier for the time being of any property supplied with water shall at his own risk and expense lay down his private service and keep it in good order and repair, in such a manner as to conform with the provisions of these by-laws.

(b) The service pipe or apparatus within the boundary of the property being the property of the owner or occupier of the property supplied by such service pipes or apparatus the occupier (if any) and if none, the owner shall, upon receiving notice that his service pipe or apparatus requires repairing, or is blocked up or broken, immediately proceed to repair the same by employing a licensed plumber, subject to the provisions of these by-laws, and he shall be responsible for any loss of water or other damage which shall be caused by reason of such service pipe or apparatus being leaky or otherwise out of repair or broken, and, in default, be liable on conviction to a penalty not exceeding ten pounds, and, in the event of continuing the offence, to a further penalty of two pounds for each day after receipt of such notice, and the Minister may stop the water from flowing into such premises, either by cutting off the service pipe, or otherwise, as the Minister may see fit, until the necessary repairs shall have been effected.

(c) Without prejudice to the right of the Minister to proceed for any penalty for the breach or non-observance of any of the provisions of this by-law, the Minister may cut off the supply of water to any premises whereon the private service or any part thereof is not at all times laid, fixed, used or maintained in all respects in accordance with the provisions of the said by-law, and may keep the same cut off until such provisions have been fully observed.

Interference within Three Feet of Stop-cock.

56. Licensed plumbers or other persons shall not, under any circumstances, disconnect the joints from the meter. No branch shall be taken off the service pipe within a distance of three feet on the consumer's side of the stop-cock or meter of the Minister.

Division VI.

By-laws for General Purposes.

Applications for Service.

57. Applications for water services shall be made on the printed form procurable at the Head or Branch Offices, and shall be lodged not less than seven days before the service is required.

Full information, as indicated on the prescribed form, shall be supplied, and the full amount of rates and/or other charges due on the premises, to which a service is required, shall be paid on or before application and before the work is commenced.

Supply to Non-rated Premises.

58. Any person or persons requiring a water service to any non-rated property may be supplied on payment of a minimum charge which shall be fixed by the Minister in each case. The minimum

charge shall then take the place of a water rate, and the general provisions of these by-laws, as applying to ratepaying consumers, shall apply to minimum charge paying consumers.

Supply of Water Not Compulsory.

59. It shall be at the discretion of the Minister to supply water to any individual consumer or to any land whether rated or not.

Separate Services Required.

60. Except with the written permission of the Minister, not more than one house or tenement shall be supplied from a single water service. The Minister may in special cases, consent to two or more tenements being supplied from one water service, but in such cases the sub-services shall be so arranged that the supply to each house shall be independent of the supply to the remaining houses and controlled by a stop-cock on such sub-service.

Size of Service Pipes.

61. The size of the service pipe shall in each case be fixed at the discretion of the Minister.

Notice of Intention to Build.

62. The owner or occupier of any land supplied with water within a Water Area who shall erect or make, or cause to be erected or made, any building or addition to any existing building on such land shall, before the commencement of same, give notice in writing thereof to the Minister.

Obstruction of Pipes, Sewers, Drains or Fittings.

63. (1) Any person who, without the written consent of the Minister, erects or maintains any building or structure or causes any building or structure to be erected or maintained, or places or keeps any material or thing or causes any material or thing to be placed or kept over any pipe, sewer, drain or fitting which is the property of the Minister, and thereby—

- (a) trespasses on or causes injuries to such pipe, sewer, drain, or fitting; or
- (b) prevents or in any way impedes or obstructs the inspection, maintenance, cleansing, repair, management or use, of such pipe, sewer, drain or fitting,

shall be guilty of an offence and be punishable on summary conviction by a penalty not exceeding twenty pounds, and in the case of a continuing breach of this by-law the offender shall be liable to a further penalty not exceeding five pounds for each day the offence continues after notice thereof has been given by or on behalf of the Minister to the offender.

(2) The Minister may cause any building, structure, material, or thing erected, placed, maintained, or kept over any such pipe, sewer, drain or fitting in contravention of this by-law to be altered, pulled down, removed, or otherwise dealt with as he shall think fit.

(3) Any person committing any breach of this by-law shall, in addition to any penalty imposed on him, pay any expense incurred by the Minister in consequence of such breach.

Locking of Taps, etc.

64. The occupier of any premises to which the water has been laid on, or in the event of there being no occupier, the owner shall cause proper means to be taken by locks or otherwise, subject to the approval of the Minister, to prevent the use of the water from the main by persons not connected with the said premises.

65. No service pipe shall communicate directly with any cistern, tank, or vessel intended or used for the reception of water other than water obtained from the Minister's mains.

Misuse of Water.

66. No person entitled to a supply of water for domestic purposes only or entitled only to a supply of water for any other specified purpose, shall use such water for any other purpose except that specified.

Illegal Taking or Selling of Water.

67. No person, whether entitled to receive water from the Minister or not, shall, without the written permission of the Minister, take, carry away, or allow to be taken or carried away, such water from his premises, or sell the same to any other person.

68. No person shall use or consume or permit to be used or consumed any water belonging to the Minister without first obtaining the consent of the Minister.

Turning Off When Repairing and Tapping.

69. The Minister may, from time to time, when necessary for the purpose of tapping or repairing the main, or otherwise, cut off the supply of water from any part or parts of a water area.

Reward—Reporting Leakage.

70. The Minister may in his discretion adequately reward any person (not being the person in fault) who shall communicate timely information to the Minister of any leakage or waste of water, whether the same be accidental, negligently or wilfully occasioned or suffered, or who shall give such information as shall lead to the conviction of any person or persons who shall steal or cause to be stolen or improperly appropriated the water of the Minister.

Waste of Water.

71. No person supplied with water by the Minister, whether by meter or otherwise shall allow the same to run to waste.

Limiting Supply.

72. The Minister may at such times and for such purposes as he may deem necessary and expedient, prohibit the use of water for garden purposes and all purposes other than domestic and industrial, except with his permission in writing.

The Minister may also at and for such times and for such purposes as he may deem necessary and expedient, by notice in any newspaper circulating in the district, limit the use of water for any purpose and may prohibit the use of any hose or fixed or other mechanical devices, and/or sprinklers at such times and during such hours as he may deem fit.

Any person contravening this by-law shall be liable to a penalty not exceeding £20, and in the event of a continuing breach to a further penalty not exceeding £5 for each day such breach shall continue.

Fixing of Meters.

73. Any officer appointed by the Minister for the purpose may fix a meter on any service, and shall determine the size and class of meter in each case. Meters will be supplied by the Minister, and may be opened or encased, at the discretion of the Minister.

Repairs and Maintenance of Meters.

74. (a) Any person supplied with water through a meter belonging to the Minister shall pay the cost of making good all damage to such meter whilst on his land and in his charge. Any repairs required shall be done by the officers of the Minister, and the expense incurred by the Minister in so doing shall, on demand, be paid by the owner or occupier of the land, and if not paid on demand shall be recoverable in the same manner as water rates.

(b) Any person supplied with water through a meter not owned by the Minister shall pay the cost of keeping such meter in repair, and shall pay in advance an annual maintenance fee equivalent to 75 per cent. of annual rental charge as prescribed in by-law No. 92.

Notice of Damage or Non-Registration of Meter Shall be Given.

75. Any person supplied by the Minister with water through a meter shall, on finding that meter is damaged, or not registering, immediately give notice of the fact to the Local Water Supply Office.

Interference with Meters.

76. No person shall break or in any way interfere with the seal fixed on the meter through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to such meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into such meter, or in any way interfere with any portion of such meter or any pipes or fittings attached thereto.

It shall be at the discretion of the Minister as to whether or not a meter shall be fixed in each case.

This by-law shall not apply to water for railway purposes.

Period for Reading.

77. The quantity registered by a meter at any time between ten days before and ten days after any stated date may be taken as the reading of the meter at such stated date.

Averaging of Consumption.

78. During the time any meter is undergoing repairs, or should it cease to properly register, the consumption of water, the Minister or any officer appointed by the Minister may, at his option, estimate the quantity of water consumed by taking an average of the quantity used during any previous period or by adopting any other basis of adjustment as the Minister may determine, and the quantity so ascertained shall be paid for by the consumer.

Testing of Meters.

79. If any consumer shall at any time be dissatisfied with any particular reading of a meter, and be desirous of having the meter tested, he shall give written notice thereof to the Minister or his officer within seven days of such reading, and thereupon the said meter shall be tested by passing through it a predetermined quantity of water, and if upon such testing it shall appear to the satisfaction of the Minister or his officer that the meter registered more than five per cent. in excess of the quantity that shall actually pass through it at such testing, then the Minister shall bear the expense of and incidental to such testing, and shall also adjust the charge to the said consumer, but if the meter upon such testing shall not register more than five per cent. in excess of the quantity that shall actually pass through it, then the consumer shall pay to the Minister all the expenses of and incidental to such testing, provided that the expense of every test shall be fixed by the Minister, subject to a minimum charge of ten shillings for each test; provided also, that the consumer shall not be at liberty to avail himself of the right to test the registration of the meter for any period other than the period of registration next preceding the date of reading in respect of which he shall have given notice as aforesaid.

Authority to Enter Premises.

80. Any officer acting under the Minister's authority may, at all reasonable times, enter any house or premises connected or intended to be connected with the water mains, in order to examine whether the water pipes and fittings in such house or premises are in proper order. Any person refusing such admission or in any way hindering such officer in the execution of his duty shall be liable to a penalty as hereinafter prescribed.

Gratuities Prohibited.

81. Officers, workmen, or agents of the Minister shall not solicit or receive any fee or gratuity whatever.

Standard Drawings and Fittings.

82. Approved standard fittings and type drawings will be exhibited at the Minister's office. Due consideration will be given by the Minister to the claims of any other fittings which may be presented for approval, and, if considered satisfactory, the same may be placed among and become

one of the approved standard fittings. The Minister may, from time to time, amend, alter, or cancel any or all of the standard fittings or type drawings, and replace them by such other fittings or drawings as he may approve of.

Junction or Interference with Pipes and Fittings.

83. No person shall make any connection or interference with any pipe or fitting of the Minister or with any water pipe or fitting communicating therewith, at any other place than shall be approved of by the Minister, and the mains shall only be tapped by the workmen of the Minister.

Inspection of Works.

84. Work shall not be undertaken in connection with water supply, or in the extension or alteration thereof, until such time as the necessary printed permit is obtained. Two days' notice shall in all cases be given by the licensed plumber before work is intended to be commenced, unless the officer of the Minister duly appointed to issue permits expressly accepts shorter notice. In no case shall any water pipes or apparatus in connection with water supply be used until the said work shall have been inspected, and, if necessary, tested by the said officer, and certified by him on the prescribed form. No underground or enclosed work shall be covered up or concealed from view until the same shall have been duly inspected and passed by the Inspector, and for this purpose the person to whom the permit has been issued shall immediately report any work which is ready for inspection or test, and every facility shall be afforded to such officer for making such inspection or tests.

Division VII.

Rates and Charges.

Rating.

85. (a) Within the Margaret River Water Area the water rate shall be, within townsites, at a rate not exceeding three shillings in the pound per annum upon the net annual value of all rateable land: Provided that a minimum rate of not exceeding one pound per annum shall be payable on each separately assessed piece of land.

(b) In making rates a distinction may be made between occupied and vacant land, and in the event of a dispute as to whether or not land shall be regarded as vacant, the decision of the Minister shall be final in every case.

Rates—How Payable.

86. Water rates shall be payable within one month after notice of assessment has been issued to the ratepayer.

Allowance for Rate.

87. Subject to the provisions of these by-laws, every ratepayer will be entitled to consume on each separately assessed piece of land of which he is the owner or occupier that quantity of water which, if calculated at the price specified in the Schedule I hereto as being that at which water is supplied in return for the rate in the area in which such property is situated would amount to the equivalent of the water rate paid on each property, provided that such water is taken during the period for which the rate is struck.

88. When, during the currency of the year in respect of which a water rate has been levied, a meter is attached to a pipe on any land supplied with water, the consumer shall pay for the quantity of water taken, as registered by the meter, from the time when the meter was attached, at the prescribed price per 1,000 gallons, so far as the water supplied is in excess of the quantity to which the consumer is entitled in respect of the proportionate part of the rate paid by him, apportioned to the period from the date when the meter was attached to the end of the then current year in respect of which the rate was paid.

Payment for Excess Water.

89. Every consumer taking water in excess of the quantity to which he is entitled in respect of the rate or other charge in lieu of the rate shall pay for the excess in accordance with prices set forth in the Schedule I hereto.

Fees—State or Commonwealth Government Departments.

90. For each water service for purposes of any State or Commonwealth Department there shall be payable, as a minimum annual fee in lieu of water rate, the sum of not less than one pound (£1) when the service is metered, and of not less than one pound ten shillings (£1 10s.) when the service is non-metered.

Fees for Additional Services.

91. In any case where the owner or occupier of any separately rated piece of land requires more than one service to be installed for supplying water to such land, such additional service or services shall, at the discretion of the Minister, be installed on such occupier or owner paying in advance the cost of installation and a fee of not less than one pound per annum in addition to meter rent, for each additional service. In return for such fee an equivalent quantity of water will be given in each year, in the same way as water is given in return for water rates.

Meter Rents.

92. Every person supplied with water by measure shall pay meter rent in advance according to the following scale unless the Minister shall otherwise determine:—

Size of Meter.	Annual Rent.			
	Inferential.		Positive.	
	Open.	Encased.	Open.	Encased.
1/2 inch	s. 10	s. 20	s. 10	s. 20
3/4 inch	10	20	10	20
1 inch	10	20	10	20
1 1/4 inches	10	20	10	20
1 1/2 inches	15	30	25	50
1 3/4 inches	15	30	25	50
2 inches	20	40	40	80
2 1/2 inches	25	50	60	120
3 inches	30	60	100	200
4 inches	40	80	130	260

Reconnection Fee.

93. In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges, or by reason of a defective service, or by request of the occupier or owner, or when, in the opinion of the Minister or local officer, necessary to prevent waste of water, or for other reasons, a minimum fee of five shillings shall be charged before the service is reconnected, provided that where the cost of disconnection and reconnection exceeds the minimum fee the actual cost of the disconnection and reconnection, as determined by the Minister, shall be charged, and shall be payable by the owner or occupier for the time being, on demand. The service shall not be restored until such fee has been paid.

Private Fire Services.

94. Private fire services will be allowed, but every such service shall be sealed, except in cases where the Minister may decide that sealing is unnecessary. For each such service the owner or occupier shall pay in advance the actual cost of installation and a minimum annual fee and meter rent as determined by the Minister in each case, and such owner or occupier shall also bear the cost of maintaining the boundary service and of having it disconnected when it is no longer required. The owner or occupier for the time being shall in addition at his own risk and expense, and subject to the provisions of these By-laws, keep the internal fire service in good order and repair, so that the same shall at all times be in

accordance with the By-laws. No water shall be taken from any sealed portion except for extinction of fire. In the event of the seal having been broken in case of fire or by accident or otherwise, the owner or occupier shall give notice forthwith to the Department and pay the cost of re-sealing.

Building Fees.

95. Where water is required for building purposes the Minister may permit the supply thereof at prices as set forth in Schedule I. hereto and on the following terms:—

(a) All fees shall be paid in advance. If any work is done other than that mentioned at the time of applying to the Minister, the same shall be paid for in advance, or the whole supply will forthwith be cut off.

(b) It shall be at the discretion of the Minister as to whether or not in any case a supply of water shall be classed as a supply for building purposes, and as to whether or not the supply shall be measured by meter.

(c) Applications for water under this by-law shall be in writing, stating the nature of the work to be done and the purpose for which water is required.

When Accounts Due and Payable.

96. Where water is supplied by measure to the owner or occupier of land, whether rated under the Act or otherwise, payment for same shall become due and payable within 14 days after due service of the account, unless otherwise agreed upon.

ROAD DISTRICTS ACT, 1919-1948.

Gnowangerup Road District.

Building By-laws.

P.W. 785/51.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1948, the Gnowangerup Road Board makes the following by-laws relating to buildings:—

Part 1.—Operation and Definition.

Application.

1. These by-laws shall apply to all lands and buildings within the Townsites of Gnowangerup, Borden and Ongerup.

Commencement.

2. These by-laws shall come into operation immediately upon their confirmation and approval by the Governor and publication in the *Government Gazette*.

Repeal.

3. From the date of coming into operation of these by-laws all building by-laws previously in force for the Gnowangerup Road Board are hereby repealed.

Definitions.

4. In these by-laws, subject to the context:—

“Act” means the Road Districts Act, 1919-1948, and amendments.

“Alteration” means any work made or done for any purpose in, or on a building (except that of necessary repairs not affecting the construction of any external, cross or party wall), or any change in the purpose for which the building or erection, or any part thereof shall be used.

“Apartment” means a room or rooms or part of a building intended or adapted for a separate occupation as a dwelling and includes a flat.

“Apartment Building” means a building containing two or more apartments.

“Approved” means approved by the Board in writing or (in the case where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls and such portions of the party walls as belong to the building.

“Board” means the Gnowangerup Road Board.

“Build” means and includes erect, build, or construct, or cause to be erected, built or constructed.

“Building” means and includes erection, structure, detached room, out-building, hoarding, and every structure of what ever kind capable of affording protection or shelter, either roofed, or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling House” means a building used or adapted to be used wholly or principally for human habitation.

“District” means Gnowangerup Road District.

“External Wall” means the outer wall of a building, not being a party wall, even though it adjoins a wall of another building.

“Fire resisting” used with reference to any materials includes—

- brickwork constructed of good bricks well burnt hard and sound, properly bonded and solidly put together with good lime or cement mortar;
- any stone suitable for building purposes by reason of its solidity or durability;
- sheet metals or other similar materials which are in the opinion of the Board, fire-resisting;

(d) iron and steel (when used for columns, girders, or wall framing) encased in cement, concrete, or other incombustible or non-conducting external coating;

(e) slate, tiles, brick, and terra-cotta, when used for covering or corbels;

(f) concrete when composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

“Height” in relation to any building means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or when there is no such footway from the level of the ground before excavation to the level of the ceiling or tie of the topmost storey.

“Height” in relation to storey means—

(a) in the case of the topmost storey, the measurement between the floor and the ceiling thereof, or between the floor and the undersurface of the tie, of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof;

(b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

“Hoardings” included any erection or structure erected, built, constructed, or used or that may be used for the purpose of writing, painting, pasting, or posting thereon notices, advertisements, placards, or other printed, painted, or written matter, or any erection or structure, being of a greater height than six feet from the level of the adjoining street.

“Main rooms” means and includes all rooms used or intended to be used as bedrooms, dining rooms, lounges, ordinary living rooms, or kitchens.

“New buildings” includes—

(a) any building erected or commenced to be erected after the date of these by-laws coming into operation;

(b) any building of which more than half of its cubical contents has been taken down or destroyed by fire, tempest or otherwise, and is re-erected, or commenced to be re-erected wholly or partially on the same site after the date of these by-laws coming into operation;

(c) any buildings removed or transported wholly or in sections into the district, or to another part of the district after the date of these by-laws coming into operation.

“Outbuildings” means any building or the curtilage of any dwelling, shop, or combined shop and dwelling used as a workshop or storeroom not being a building for the storage of inflammable materials, nor for the housing of animals, including birds.

“Party wall” means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

“Person” includes corporation.

“Prescribed” means prescribed by these by-laws.

“Public place” has the same meaning as in the Act.

“Reinforced concrete” means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

“Right-of-way” means any land or right-of-way, not a road over which any person other than the owner thereof has a right of carriage way.

“Road” has the same meaning as in the Act.

Surveyor" means the building surveyor or acting building surveyor appointed by the Gnowangerup Road Board having for the time being the administration of these by-laws.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes saloons of barbers and hairdressers, and offices of agents, auctioneers, and all other businesses and trades. A bona fide boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

"Square" applied to the measurement of any area means the space of one hundred square feet.

"Surface or ground level" means the level of the ground as determined by the surveyor or engineer.

"Wooden building" means buildings constructed of wood, or buildings having wooden frames.

Part 2.—Classes of Buildings.

5. For the purpose of these by-laws, buildings shall be divided into three classes:—

Class A.—"Domestic Class" which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses, and studios.

Class B.—"Warehouse Class" which includes all buildings subject to vibrations and heavy loading of floors, such as warehouses, factories, mills and places for storage and manufacturing of goods.

Class C.—"Public Building Class" which includes all buildings designed to accommodate an assemblage of people such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In case of doubt the surveyor shall finally determine to which class any particular building belongs.

Part 3.—Notice of Intention to Build or Demolish and Lodging of Plans.

Notice to be Given.

6. No builder shall commence any building, or any addition or alteration to any building without first delivering at the office of the Board a written application in the form of the First Schedule hereto before so commencing and delivering to the surveyor:—

Plans and Specifications.

(a) Properly prepared plans and specifications of such building, addition or alteration, together with a tracing or copy of the plans of such building, addition, or alteration, and also details and dimensions, sizes, and qualities of all materials and enumerating any old materials proposed to be used in the construction of the same. Plans shall be drawn in ink and specifications typed or legibly written. Plans to be of good quality parchment 22 inches by 15 inches. Scale $\frac{1}{8}$ inch to one foot.

Block Plan.

(b) A block plan showing relation of the building to adjoining buildings and boundaries.

Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

Drainage.

(d) Particulars of the proposed method of drainage.

Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of these by-laws applicable thereto are being complied with.

Tracing Retained.

7. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications when approved shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

Plans etc. to be kept at Building.

8. Such plans and specifications shall be kept at the building therein, referred to, and shall be available for inspection by the surveyor or accredited officer of the Board at all reasonable times on demand, during the construction, or erection, or alteration, as the case may be, and for 14 days after the completion thereof.

Permits and Fees.

9. No person shall commence a building of any kind or addition or alteration to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of the same and without having first paid to the Board fees in accordance with the scale set out in the Second Schedule hereto, having regard to the class of building.

Area of New Building.

10. The decision of the surveyor as to the area of a new building, or value of an addition shall be final and conclusive.

Permit Shall Lapse After Six Months.

11. A permit obtained pursuant to these by-laws shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within twelve months from the date of such permit.

Surveyor May Enter and Inspect.

12. The surveyor at all reasonable times during the progress and after the completion of any building, or addition, or alteration to any building affected by these by-laws may enter and inspect such building, or addition, or alteration. Any person obstructing or hindering the surveyor shall be liable to a penalty of not more than ten pounds (£10).

Surveyor May Stop Work if Contrary to By-laws.

13. The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Board under these by-laws in the event of his not being satisfied that all the provisions of these by-laws are being complied with, and any person who continues to build, or erect, or works on the site after notice from the surveyor to desist, shall be guilty of an offence against these by-laws.

Demolition or Removal of Buildings.

14. When a building is to be demolished or removed the owner or contractor shall give 24 hours' notice to the surveyor of such intended demolition or removal.

14a. Provision shall be made so as to avoid all nuisance from dust or falling refuse by playing water on same by means of a hose or other approved method.

Sanitary Conveniences for Workmen.

15. Before commencing any building operations upon any building site, the contractor, or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all working upon the site, such sanitary conveniences shall be in accord with the requirements of the Health Act.

Low-Lying Land.

16. Where land upon which a building is to be erected is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that, having regard to the water level during winter months, filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take the level for any building, the surveyor shall determine the level at which any building shall be commenced and if he considers it to be necessary shall require the owner or contractor to fill in to a given level.

Dwelling Houses—Distance from Road.

17. No building which is intended to be used as a dwelling house, and no addition to any such building, shall be built within a distance of 25 feet measured horizontally from the road to the building fronts, unless a building line at a different distance has been fixed by a proper authority.

Distance from Side Boundary.

18. No building which is intended to be used as a dwelling house, and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of three feet if of brick, or six feet if of wood or wood frame, measured horizontally from the boundary of the allotment on which such building is erected.

Minimum Area of Open Land.

19. At least one-third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

Minimum Area of Dwelling House.

20. Every dwelling house shall consist of a total area of at least 500 square feet, excluding verandahs.

Provisions of Bathroom, Wash-troughs, Copper, etc.

21. Provision shall be made in all new, or re-erected dwellings for a bathroom fitted with bath and wash-basins, also laundry facilities consisting of wash-troughs and copper properly fitted and housed in accordance with any provisions of the Health Act and any regulations or by-laws made thereunder which may from time to time be applicable.

Computing Distances.

22. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

Occupation of Dwelling.

23. No person or persons shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any new or re-erected dwelling until a certificate has been issued by the surveyor in writing stating that the dwelling has been completed in accordance with the plans approved by the Board, building by-laws and Health Act.

Stables.

24. Stables may be erected with walls of brick, stone, or concrete, provided that in stables of more than two squares in area, the distance of any wall of such stable from land not in the same occupation or possession shall not be less than the vertical height of such wall, including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

Distance of Boundaries from Stables.

25. No stable may be erected nearer than 30 feet to any dwelling, nor more than 10 feet to the boundary of land not in the same occupation.

Fowl-houses.

25a. Fowl-houses of not more than 200 hundred square feet in area and not above six feet in height may be erected at rear of dwelling, provided that the nearest portion of such fowl-house is at least 30 feet from any building used as or intended for a dwelling, and at least four feet from the boundary of land not in the same occupation.

Fowl-houses of larger area may be erected if at a distance of at least 50 feet from any street and 40 feet from any dwelling-house and at least four feet from the boundary of land not in the same occupation; of fire-resisting material, approved by the surveyor and that the building shall not be more than seven feet high.

Materials for Garages.

26. Every garage shall be constructed of fire-resisting material unless otherwise approved by the Board.

Position of Garage.

26a. No garage shall be erected nearer than the dwelling-house to which it is appurtenant to any road fronted by such dwelling-house. Provided that if there is no means of access for motor vehicles to the rear portion of the allotment on which such dwelling-house is erected, a garage may be erected on the front boundary of such allotment subject to a plan showing the exact position in which such garage is proposed to be erected, and the approximate position of any buildings in the allotments adjoining, together with the design of the garage proposed to be erected, and the front elevation thereof being submitted to and approved of by the Board but so that no part of such garage shall be between the dwelling-house and the road. In special cases where the physical configuration or dimensions of the ground preclude the observance of the distances prescribed in by-law 17, the Board may permit the erection of a garage in another position.

Doors of Garages.

The doors of a garage when opened shall not encroach on any road.

Materials for Garages.

Every garage shall be constructed of fire-resisting material but corrugated iron shall not be used for walls. Where fire-resisting sheets are used for walls, framing and dado of approved hardwood may be used.

Garage Incorporated with Dwelling.

Where a garage is incorporated as part of the main building it shall in all respects conform thereto, but must have a ceiling of fire-proof material approved by the surveyor.

Garages on Corner Blocks.

No garage shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or if there is no adjoining building, at a less distance than 20 feet from such road.

Apartment Buildings.**Area of Land to be Occupied.**

27. The total floor area of an apartment building together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

Area of Each Apartment.

28. The total floor area of each apartment shall be at least 400 square feet. In addition thereto every apartment shall have for the exclusive use of the occupants thereof, at least 100 square feet of verandah space.

Area of Main Rooms.

29. Every main room in an apartment shall have a floor area of at least 100 square feet and no wall of such room shall be less than nine feet in length.

Apartment to be Self-contained.

30. Every apartment shall be self-contained, it shall have separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the building by-laws of the board for the time being in force.

Part 4.—Building Materials.

31. All workmanship and materials used in the construction or alteration of any building shall be the best of their respective kinds and in accordance with recognised building practice; all materials used in any building must be of good quality

and shall be subject to the approval of the surveyor, and the surveyor shall have the power to condemn any material which in his opinion is not suitable for use in such building, or addition.

Second-hand Material.

32. No old or second-hand material may be used in any building unless approved in writing by the surveyor.

Bricks.

33. Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used.

Sand.

34. Sand used for mortar or concrete in any building shall be clean and sharp and free from loam, dirt, salt or organic matter.

Lime Mortar.

35. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime, and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

Cement Mortar.

36. Cement mortar shall be composed of good Portland cement or other cement of equal quality, mixed with clean sharp sand, in proportion of at least one part by measure of cement, and not more than four parts by measure of sand.

Timber.

37. All timbers and wooden beams used in any building shall be of good sound material, free from rot, large loose knots, shakes, or other imperfections whereby the strength may be impaired, and, in the case of dwellings, shall be of such sizes, dimensions and spaces as set forth in by-laws 37a and 63. In other buildings all timbers shall be of such as will afford safe loadings, and shall be to the satisfaction of the surveyor.

Dimensions of Timber.

37a. The timber used in brick dwelling-houses shall conform to not less than the following minimum sizes:—

Bottom wall plates, 3 in. x 2 in.

Floor joists, 4 in. x 2 in. at 1 ft. 6 in. centres.

Bearers, 4 in. x 3 in., not exceeding 5 ft. 6 in. centres and shall be at least 6 in. clear of the ground.

Top plates, 4 in. x 1½ in.

Rafters, 4 in. x 2 in. at 2 ft. centres for other than iron roofs, or 3 ft. centres for iron roof.

Purlins, 4 in. x 3 in. for tile roof and 4 in. x 2 in. for iron or asbestos roof in such positions that no rafter has an unsupported span of more than 7 ft.

Struts to under purlins, 4 in. x 2 in., when not exceeding 4 ft. in length and 4 in. x 3 in. for lengths exceeding 4 ft. to support under purlins at least every 7 ft.

Battens for tiles, 2 in. x 1 in.

Battens for iron, etc., 3 in. x 1½ in. not more than 3 ft. 6 in. apart.

Ceiling joists, 4 in. x 2 in. at 2 ft. centres or 3 in. x 2 in. at 18 in. centres.

Ceiling hangers, 8 in. x 1½ in. hung to roof timbers at least every 6 ft. and in positions so that no ceiling joist has an unsupported span of more than 7 ft.

Collar ties, 4 in. x 1½ in.

Ridge, 7 in. x 1 in.

Hips and valleys, 8 in. x 1 in.

Lintels.

38. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specifications of materials to be used, such designs to be approved at the same time as the plan of the building. Lintels up to six feet span shall be three courses in depth, lintels from six to eight feet span shall be four courses in depth. All such

lintels shall be reinforced with at least half-inch steel rods, not less than three rods per lintel and proper bearing, to the satisfaction of the surveyor, shall be given at each end of the lintel.

Part 5.—Construction.

Excavation and Inspection of Trenches.

39. All excavation for footings shall be not less than 12 inches below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours' notice has been given to the surveyor that the trenches are ready for inspection.

Walls to have Footings.

40. Unless with the consent of the surveyor, every external wall, and every party wall not carried on a bressumer, and every pier and storey post shall have footings.

Dimensions of Footings.

41. The width of the bottom of the footing of every wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16 inches wide, unless approved by the surveyor, and the height of such footing shall be at least equal to the thickness of the wall at its ground level, but in no case less than nine inches.

Materials External Walls.

42. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting material approved by the Board, provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos cement sheets, subject to the conditions set out in these by-laws for buildings wholly or partly of wood.

Construction of External Walls.

43. Every wall constructed of brick, stone, or other similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall over-hang any part underneath it to a greater extent than nine inches and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

Damp Course.

44. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand or other approved material at least six inches above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall not be less than half an inch in thickness.

Hollow Walls.

45. External walls may be constructed as hollow walls if constructed in accordance with the following rules:—

- (a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch;
- (b) the inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength, formed of galvanised iron, glazed stoneware, or other material approved. Such ties shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically;
- (c) the thickness of each part of the wall shall throughout be not less than four and one-half inches;

- (d) the aggregate thickness of the two parts, excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length;
- (e) no hollow wall of not more than 11 inches in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace or projecting pier, to the satisfaction of the surveyor.

Concrete Blocks.

46. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate, and shall be kept damp for a period of not less than four days, and shall not be used green. The blocks shall be bedded and jointed in cement mortar.

Thickness of Walls, Domestic Class.

47. No external walls in brick, stone, concrete or cement block shall have less than the thickness prescribed in the following Table A.

Table A.—Buildings of Domestic Class.			
Length of Wall.	No. of storeys.	Thickness of walls in inches.	
		Ground floor.	First floor.
Walls built with Lime Mortar—			
Not exceeding 30ft.	1	9	—
	2	9	9
Exceeding 30ft.	1	13½	—
	2	13½	13½
Walls built with Cement Mortar—			
Not exceeding 30ft.	1	9	—
	2	9	9
Exceeding 30ft.	1	9	—
	2	13½	9

48. If any storey exceeds in height 18 times the thickness prescribed for walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

49. The height of any storey may be 20 times the thickness of walls prescribed for such storey, if built with cement mortar.

Thickness of Walls, Warehouse Class.

50. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table B.

Table B.—Buildings of the Warehouse Class.				
Length of Wall.	No. of storeys.	Thickness of walls in inches.		
		Ground floor.	First floor.	Second floor.
Walls built in Lime Mortar—				
Not exceeding 75ft.	1	13½	—	—
	2	18	13½	—
	3	18	18	13½
Exceeding 75ft.	1	18	—	—
	2	18	18	—
	3	22½	18	18
Walls built in Cement Mortar—				
Not exceeding 75ft.	1	13½	—	—
	2	18	13½	—
	3	18	13½	13½
Exceeding 75ft.	1	13½	—	—
	2	18	13½	—
	3	18	18	13½

Thickness of Walls Under Certain Conditions.

51. Walls under 75 feet in length may be constructed 9 inches thick, provided they are strengthened with four and a half inch piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12 ft. when built of lime mortar of 13 feet 6 inches when built of cement mortar.

52. The thickness of walls under 20ft. in length may be two-thirds the thickness required for external or party walls, as stated in Tables A and B but in no case less than nine inches.

53. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of these by-laws is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fifth part of the length of the wall. No increase in the thickness of brick walls shall be less than four and a half inches. The height of any storey built in cement mortar may be 18 times the thickness of such storey.

Lengths—How Measured.

54. Walls are deemed to be divided into distinct lengths by return wall, and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party or cross walls of the thickness required by this part of these by-laws and bonded into the wall so deemed to be divided.

Cross Walls.

55. The thickness of a cross wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than nine inches, and no wall sub-dividing shall be deemed to be a cross wall unless it is carried up to the plate level of the topmost storey, and unless in each storey the aggregate extent of the vertical faces or elevation of all recesses, and that of all the openings therein taken together does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation; but in one storey buildings of the domestic class, four and a half inch cross walls will be permitted, provided the unsupported length of any wall does not exceed 25 feet.

Cross Wall Becomes External Wall.

56. Whenever a cross wall becomes any part of an external wall, the external part of such cross wall shall be of the thickness required for an external wall of the same height and length belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

Internal and Partition Walls.

57. (1) All internal bearing walls and partition walls shall be constructed in such a manner as may be approved by the surveyor and shall be of cement blocks, brick, stone or concrete. All such walls shall be not less than four and one half inches thick; provided that, where such walls form a division between flats, then such walls shall not be less than nine inches thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressumer, shall have footings, and such footings shall be at least twice the thickness of the wall resting upon it.

Isolated Piers.

58. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and 12 times if built of cement mortar.

Parapet to Walls on Boundary.

59. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within two feet of such boundary then the external wall of such building shall be carried up to form a parapet of 15 inches at least in height above the roof, or above the highest part of any flat or gutter, as the case may be.

Parapet, Warehouse Class.

60. In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of nine inches at least.

Party Walls.

61. Every party wall shall be carried up for a height of 15 inches above the roof, measured at right angles to the slope thereof, or 15 inches above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey, and in any other building, of a thickness of eight and one half inches at least. Provided, however, that in the case of domestic buildings, where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least eight and one-half inches in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

62. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within four feet of such party wall, and shall extend at least 15 inches higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto, and within four feet therefrom.

Buildings Wholly or Partly in Wood.

63. The external walls of any wooden building shall not exceed 15 ft. in height, measured from the floor level to the top of the wallplates. Every such building shall be wholly in one occupation or adapted so to be. The following shall be the minimum sizes and spacings of timbers. All timbers shall be jarrah or other hardwood approved by the Board. Where larger timbers than those specified are used the spacings may be extended beyond the figures given, provided the approval of the surveyor is first obtained.

Stumps, not less than 4 in. x 4 in. spaced not more than 5 ft. centres. They shall be sunk 18 in. into the ground and tarred to 6 in. above ground surface. Ant stops of galvanised iron projecting 1 in. all round shall be provided. Paper bark stumps not less than 6 in. in diameter measured at the small end may be used if approved by the Board.

Sole plates, 18 in. x 6 in. x 1½ in.

Where the nature of the ground precludes the use of jarrah or paper bark stumps, 9 in. x 9 in. brick piers shall be provided.

Bearers, 4 in. x 3 in. at not more than 5 ft. 6 in. centres and kept at least 6 in. clear of ground. Double joists shall be provided under walls where bearers do not occur.

Floor joists, 4 in. x 2 in. at not more than 18 in. centres.

Vermin plates, 4 in. x 2 in.

Studs, 4 in. x 2 in. at not more than 24 in. centres.

Angle and corner studs, not less than 4 in. x 4 in. Top and bottom plates 4 in. x 2 in.

Where the height of a building does not exceed 10 ft. measured from the floor level to the top of the wall plate, 3 in. x 2 in. studs and plates may be used with angle and corner studs not less than 3 in. x 3 in., except where the roof covering is of tiles or slates, in which case 4 in. x 2 in. studs and plates are to be provided in all external walls.

Rafters, 4 in. x 2 in. at 2 ft. centres for tile roofs and 3 ft. centres for iron or asbestos roofs.

Under purlins 4 in. x 3 in. for tiled roofs, in positions so that no rafter has an unsupported span of more than 7 ft. Struts to under purlins 4 in. x 2 in. for lengths not exceeding 4 ft. and 4 in. x 3 in. for lengths exceeding 4 ft. to support under purlins at not more than 6 ft. intervals.

Battens for tiles, 2 in. x 1 in.

Battens for iron or asbestos 3 in. x 1½ in. not more than 3 ft. 6 in. apart.

Ceiling joists, 4 in. x 2 in. at not more than 2 ft. centres, or 3 in. x 2 in. at not more than 18 in. centres.

Ceiling hangers, 8 in. x 1½ in. in positions so that no ceiling joist has unsupported span of more than 7 ft.

Collar ties, 4 in. x 1½ in.

Ridge, 7 in. x 1 in.

Hips, 8 in. x 1 in.

Valleys, 8 in. x 1 in.

Fascias and barges, 9 in. x 1 in.

Floor boards, 1 in. thick before dressing.

Weatherboards, 1½ in. lap.

No framing timber in any building shall be notched or checked out so as to decrease the above sizes by more than one quarter.

Vermin plates shall be used in all wooden buildings except sheds.

W.C.'s shall be constructed not less than 5 ft. x 3 ft. internal dimensions and in accordance with any provisions of the Health Act and any regulations or by-laws made thereunder which may from time to time be applicable.

Roughcast and Stucco.

64. Roughcast and stucco work shall be applied only to brickwork, provided that in certain cases, such as gables of dwellings, or other ornamental sections of dwellings, roughcast may be applied to expanded metal fixed in an approved manner.

Interior Walls of Dwellings.

65. The interior of all walls and ceilings of every wooden or wooden framed building, and the ceiling of every other class of building, which is intended to be used, or which may be used as a dwelling house, shall be constructed of plaster sheets, or other fire-resisting materials.

Roofs.

66. The roof of every building shall be constructed of metal, tiles, slates, glass, artificial stone, cement or shingles, or other materials approved by the Board.

Reinforced Concrete Buildings.

67. In all cases where reinforced concrete is employed, whether in buildings as a whole or in portions of buildings, before the actual carrying out of the work or any portion thereof, complete drawings of such work or portion shall be delivered to the surveyor, showing all details of the construction, and the size, spacing, and arrangement of all reinforcing members.

Public Buildings.

68. In any case in which the plans of any public building (proposed) are required by law to be approved by the Public Health Department, or any other department, such approval shall be obtained before such plans are submitted for the Board's approval.

Shops.

Minimum Area of Land.

69. (1) Every shop shall have a frontage to a road of at least 18 feet. (2) No shop shall be of less width in any part thereof than 18 feet.

Access to Rear of Shop.

70. Every shop shall be so erected and built that, without passing through the building there is a reasonable access to the back premises and

offices of such shop for the removal of nightsoil and other refuse to a road or lane 10 ft. wide at least.

Separate Entrance for Shop and Dwelling in Different Occupations.

71. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

Alterations and Additions.

Alterations.

72. Except with the consent of the Board, or the surveyor, no alteration shall be made to any building in such manner that when so altered it will, by reason of such alteration, not be in conformity with the provisions of these by-laws relating to new buildings.

Additions and Alterations.

73. Every addition to, or alteration of a building, and any other work made or done for any purpose in or on a building (except necessary repairs which do not affect the construction of a building) shall so far as regards such addition, or alteration or other work, be subject to the provisions of these by-laws relating to new buildings.

Ventilation, Lighting, and Drainage.

Height of Rooms.

74. The main rooms in all buildings shall be in every part not less than 9ft. 6in., from floor to ceiling, and the minimum height for wash-houses and external bathrooms shall be 7ft. 4in. The minimum height of verandahs shall be 7ft. 4in. from floor level to top of the plate.

Attic Roofs.

75. Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof may be not less than 9ft. in height from floor to ceiling over two-thirds of the floor area.

Minimum Area of Rooms.

76. No main room in any building shall have a less floor area than 100 square feet, and no wall of such room shall be less than 9ft. in length. The minimum floor area of bathrooms, laundries and sleepouts shall be 42 square feet, 56 square feet, and 80 square feet, respectively.

Windows (Natural Lighting).

77. All rooms in a building intended to be used as a dwelling shall have at least one or more windows opening directly into external air, the area of such windows shall be not less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

Ventilation (Other than Dwellings).

78. The ventilation of all buildings, parts of buildings, type of ventilators to be used, arrangement and situation of ventilation openings, shall be subject to any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Ventilation (Dwellings).

79. Every part, and every room of any dwelling house or building intended to be used for habitation, shall be ventilated as required under any provisions of the Health Act or regulations or by-laws made thereunder which may be applicable from time to time.

Ventilation (Sub-floor).

80. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floors to allow a current of air to flow freely under all parts of the building. Type of ventilator used and spacing of same shall be the subject of approval by the surveyor and in accordance with any provisions of the Health Act or any regulations or by-laws made thereunder which may from time to time be applicable.

Lighting and Ventilation (Shops).

81. The provisions of this part of these by-laws relating to height of rooms, lighting and ventilating of main rooms in dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provisions for ventilation is made, and the minimum height of ceilings in shops shall be 11 feet.

Enclosing of Verandahs.

82. No verandah of any dwelling, or shop, or other building shall be enclosed, or built in in such manner as to exclude natural light, or reduce the proper ventilation of any building or any part thereof. The use of hessian or jute bags, or similar materials for enclosing or screening verandahs is prohibited.

82a. Any verandah shall not be totally enclosed for habitation or sleeping, but may be partially enclosed if of a minimum height of 8 feet as hereunder:—

(1) A brick, concrete, jarrah, or asbestos dado shall be constructed for a maximum height of 4 ft. from the floor level of such verandah or sleep-out in accordance with the existing by-laws.

(2) The space above the dado shall be constructed as follows:—

(a) of fly wire totally; or

(b) of fixed clear or white obscure glass louvres, minimum height 4 ft.; or

(c) of mechanically adjustable (to open and partially close) clear or white obscure glass louvres, minimum height 3 ft. 6 in. sash:—

(d) Louvres described in (b) and (c) shall be approved by the Board or building surveyor;

(e) of sliding windows containing clear or white obscure glass, minimum height 3 ft. 6 in. sash (casement windows not permitted):—

(f) the total length of the louvres or windows described in (b) (c) (e) shall not be less than 70 per cent. of the total length of the sleep-out or verandah measured along the side and one end, but the end exposed to weather (paragraph (g)) shall not be included in this measurement:—

(g) subject to the approval of the Board or the building surveyor, the end of the verandah or sleep-out most exposed to the wet weather may be totally closed up in brick, concrete, jarrah, or asbestos, but on window, minimum size 3 ft. x 2 ft. shall be provided in such enclosed end if any existing window is in close proximity or may have its lighting reduced unduly by such total end enclosing.

(3) Any sleep-out or partially enclosed verandah shall provide that any existing windows shall not be obscured by any opaque substance which will reduce the existing lighting to existing rooms.

(4) New sleep-outs of minimum height of 7 ft. (not being partially enclosed verandahs) shall comply fully with this by-law, and existing by-laws.

(5) The rules of this by-law shall not apply to a sleep-out where its height from the floor to ceiling is 10 ft. or more, providing the floor area is 80 square feet or more and providing its total air space is not less than 720 cubic feet, but shall comply with the existing by-laws for habitable rooms.

Floors.

83. Floors, other than verandah floors, shall be fixed level, and in all buildings the ground floor, if of wood, shall have a space of not less than 6 in. between the ground and the underside of the floor bearers.

Permit May be Refused if Drainage is Not Satisfactory.

84. The Board may refuse to approve the plan of any building or any addition, or alteration to any building, until it is satisfied that the proposed building, or addition or alteration and the site and

curtilage thereof will be properly drained in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Drainage of Waste Water.

85. Every person who shall erect a building shall provide proper drainage for the disposal of all waste water in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Waste Pipes.

86. Waste pipes from baths, sinks, wash troughs and similar sanitary fittings shall be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under fittings, metal cleaning eyes shall be fitted at all changes of direction and angles of waste pipes in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

Roof Water Disposal.

87. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least 2 ft. clear of the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary all stormwater from the roof of such buildings shall be carried by pipes direct to the street drains, or gutters in such manner as directed by the surveyor.

Water Supply.

88. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity, or as may be prescribed in any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable. Such tank shall be completely covered at its top and provided with a manhole fitted with a tight-fitting lid.

Provision of Manhole in Ceiling.

89. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

Removal of Buildings.

90. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of these by-laws to be a new building erected for the first time on the site whither it is removed.

Verandahs over Footpaths, Projections, Signs, Hoardings and Fences.

91. No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure, dimensions and materials as set forth on the plan and specifications, for the time being adopted by resolution of the Board, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than nine feet above the level of the outer edge of the footway. All such verandahs and projections shall be of the cantilever type.

Openings in Roof of Verandahs.

92. No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire-netting or armoured glass to the satisfaction of the surveyor.

Porch Landing, etc.

93. Every porch, gangway, outside landing, and outside step shall be of fire-resisting material and shall not project beyond the boundary of any road or public place.

Shop Windows.

94. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30in. nor within 12in. of the level of the footpath immediately adjoining the same.

Woodwork Abutting on Roads.

95. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

Signboards, Hanging Lamp, etc.

96. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over the roadway unless permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction and design approved by the surveyor and shall be in no part less than 8ft. 6in. above the level of the footpath or road. No signboard shall exceed in depth 3ft. nor shall any signboard project over a road or footpath except with the approval of the Board.

Unsightly or Dangerous Fence.

97. When any fence abutting on any road or public place within the district is in a dangerous or unsightly state, the Board may, by notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down or repair such fence as the case may require, and such owner shall comply with such notice.

Fences and Walls.

98. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least 9in. high unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone or concrete, or other similar substance shall be constructed with a base to be approved by the surveyor.

Brick Chimneys, Flues, Fireplaces, and Heating Apparatus, Foundations, Footings, etc.

99. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings upon party, external or cross-walls, to the satisfaction of the surveyor, or on corbels of brick, stone, or other incombustible material, and the work so corbelled does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out not more than 14in. from walls 9in. in thickness on corbels of stone or incombustible materials not less than 10in. in depth and of the full width of the jambs.

Chimneys, etc., with Soot-doors.

100. (1) Chimneys and flues having proper soot-doors of not less than 40 square inches may be constructed at such angles as is approved by the surveyor, but in no other case shall any flue be inclined at less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

(2) Position of soot-doors. All soot-doors shall be distant at least 15in. from any woodwork.

Arches.

101. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars of sufficient strength turned up or down at the ends and built into the jamb for at least 4½in. on each side.

Flues.

102. A flue shall not be adapted to or used for any new oven, furnace, steam boiler or other fire used for any purpose of trade or business, or to or for the range or cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least 9in. thick, or reinforced concrete 6in. from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situate to 12in. above the roof.

Flues in Connection with Engines.

103. A flue shall not be used in connection with a steam boiler or hot-air engine unless the flue is at least 20ft. in height measured from the level of the floor on which such engine is placed.

Linings, etc., of Flues.

104. The inside of every flue, and also the outside where passing through any floor, or roof, or space enclosed by the roof or behind or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

Jambs.

105. The jambs of every fireplace opening shall extend at least 9in. on each side of the opening thereof.

Incombustible Material in Certain Cases.

106. The breast of every chimney shall be of incombustible material, at least 4in. in thickness and the brickwork surrounding every smoke-flue shall be at least 4½in. in thickness, provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wyth of cast iron not less than 1in. in thickness.

Backs of Fireplaces.

107. The back of every fireplace opening in party or external walls from the hearth up to a height of 12in. above the lintel or arch shall be brickwork at least 9in. thick, or shall be reinforced concrete 6in. thick. No flue shall be within 2in. of the centre line of any party wall.

Thickness of Flues.

108. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees shall be at least 9in.

Height.

109. Every chimney flue or chimney shaft shall be carried up in brick or stonework at least 4in. thick throughout to a height of not less than 3ft. above the roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat, or gutter.

Top Courses.

110. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

Chimney Shafts.

111. The brickwork or stonework of any chimney shaft except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof-flat or gutter adjoining thereto than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft is built with, and bonded to another chimney shaft, not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

Slabs.

112. There shall be laid level with the floor of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible material, at least 6in. longer on each side than the width of such opening, and at least 14in. wide in front of the breast thereof.

How to be Laid.

113. On every floor except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers, or other incombustible materials, but on the lowest floor it may be bedded on concrete, covering the site, or on solid materials placed on such concrete.

Hearths, etc.

114. The hearth or slab of every chimney shall be bedded wholly on brick, stone or other incombustible materials, and shall together with such material be solid for a thickness of 6in. at least beneath the upper surface of such hearth or slab.

Flues in Party Walls.

115. A flue shall not be built, in, or against, any party structure or existing wall, unless it is surrounded with good sound brickwork, or other approved material, at least 4½in. in thickness, properly bonded to the satisfaction of the surveyor.

Cutting Away Chimney Breast.

116. A chimney breast or shaft built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

Cutting Into Chimney Shaft.

117. A chimney shaft, jamb, breast, or flue shall not be cut into except for the purpose of repair or doing one or more of the following things:—

- (1) Letting in or removing or altering flues, pipes, or funnels for the conveyance of smoke, hot air or steam.
- (2) Forming openings for soot-doors, each opening to be fitted with a close iron door and frames.
- (3) Making openings for the insertion of ventilating valves. Provided that an opening shall not be made nearer than 12in. to any timber or combustible material.

Position of Timberwork.

118. Timber or woodwork shall not be placed—

- (1) under any chimney opening within 6in. from the upper surface of the hearth of such chimney opening;
- (2) within 2in. from the face of the brickwork or stonework above the chimney or flue, unless the face of such brickwork or stonework is rendered.

Position of Wooden Plugs.

119. Wooden plugs shall not be driven nearer than 3in. to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than 2in. thereto.

Ironwork.

120. No iron or steel joists, or other iron-work shall be placed in any flue except insofar as the same may be required for insuring stability.

Floors Above Furnace or Ovens.

121. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18in. from the crown of an oven shall be constructed from fire-resisting material.

Exempted Buildings.

122. This by-law shall not apply to any temporary or removable offices and sheds used by builders during the construction of any building at or about the site of such building for a period not exceeding 12 months.

Enforcement of By-laws and Penalties.

123. No building may be erected except in compliance with these by-laws. No person shall erect, build, or construct, remove, or make any alteration or addition to, or cause to be erected, built, or constructed, removed, or make any alteration or addition to any buildings, contrary to the provisions of these by-laws.

Penalty for Breach.

124. Any person who shall be guilty of any breach of any of the provisions of these by-laws, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than one pound and not exceeding twenty pounds.

Notice to make Building Conform to By-laws

126. If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of these by-laws, the Board or any officer thereof, may give to the owner, occupier or builder, or leave upon the site of such building notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building within the time as limited in such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

No Alterations Infringing By-laws.

127. No alteration shall be made in any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of these by-laws relating to new buildings.

No User Infringing By-laws.

128. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of these by-laws; provided that this clause, shall not prevent the continued use of any building in existence at the time of coming into operation of these by-laws for any purpose for which it was then being used.

Licenses for Hoardings.

129a. The Board may grant licenses in accordance with the provisions of Regulation (3) of the Second Schedule to the Road Districts Act for the erection of a hoarding or fence to the satisfaction of the surveyor. Such license shall be in the form A of the Third Schedule hereto.

License for Deposit of Materials on Roads, Etc.

129b. The Board may grant licenses in accordance with the provisions of Regulation (4) of the Second Schedule to the Road Districts Act for the deposit of materials on any road or way or the making of any excavation on any land abutting on or adjoining or contiguous to any road or way. Such deposit or excavation shall be to the approval of the surveyor. The license shall be in the form B in the Third Schedule hereto. Before granting a license to deposit the materials or make an excavation, the Board may require from the applicant a sum determined by the surveyor to be held as a deposit to cover the cost of carrying out repairs to the Road, footpath, kerb, etc, made necessary by the deposit or excavation concerned.

Perth, 19th April, 1951.

P.W. 653/28.

IT is hereby notified for general information that His Excellency the Governor has been pleased to approve, under the provisions of section 44 of the Health Act, 1911-1948, of the Northampton Road Board borrowing, under the provisions of the Road Districts Act, 1919-1948, the sum of £500 for the purchase of a second-hand motor vehicle for sanitation purposes and also for the provision of a water supply at the sanitary depot, being a work and undertaking for which money may be borrowed under Part VII of the Road Districts Act, 1919-1948.

GEO. S. LINDSAY,
Secretary for Local Government.

ROAD DISTRICTS ACT, 1919-1948.

Cunderdin Road Board.

By-laws governing Long Service Leave to be granted to Employees of the Cunderdin Road Board.

P.W. 584/43.

THE Cunderdin Road Board, under and by virtue of the powers conferred on it in that behalf by the Road Districts Act, 1919-1948, and all other powers enabling it, doth hereby make and publish the following by-laws:—

1. In the interpretation of these by-laws the following words shall have the meanings assigned to them hereunder:—

"Board" means the Cunderdin Road Board.

"Continuous service" means service in the employment of this Board during which an employee has not been absent from the service of the Board for a continuous period of more than two days

or an aggregate period of more than 10 days' leave without leave of absence being granted by the Board, provided that an employee who was employed by the Board on a permanent basis immediately prior to entering continuous full-time service with the Armed Forces of the Commonwealth of Australia, or who was directed by the Manpower Directorate to serve elsewhere, between the 3rd day of September, 1939, and 3rd day of March, 1947, shall have such service counted as continuous service with this Board, provided the requisite proof is produced.

2. All employees of the Board shall after each period of 10 years' continuous service as permanent full-time employees thereof commencing from the 30th day of June, 1938, be entitled to three months' long service leave. Long service leave is to be taken at the convenience of the Board, who will, as far as possible, meet with the wishes of the employee, but the Board may require the employee to take his leave by giving not less than three months' notice.

3. Absence on account of sickness shall not be deemed to be a break in the continuity of service, providing the period of absence shall not be longer than three months in any year, unless otherwise decided by the Board.

4. Employees shall not be entitled to long service leave until the completion of 10 years' service. After the completion of the first 10 years' employees will then be entitled to a *pro rata* payment if they leave the services of the Board before the next period is completed.

5. In the event of the resignation, retirement or death of an employee, the Board may pay to such employee (or in the case of death), a sum of money equal to his wages or salary for the period of long service leave which the Board was empowered under these by-laws to grant to such employee at the date of his resignation, retirement, or death, or if the Board, after consideration of all the circumstances, direct that the death of an employee be presumed, the Board may authorise payment to dependants of the employee a sum equivalent to the amount of wages or salary which would under this by-law have been granted to the employee immediately prior to the date of his death, such date to be determined by the Board.

6. An employee dismissed by the Board, except in the matter of retrenchment shall not be paid any sum in pursuance of the preceding by-law.

7. Employees due to take long service leave shall be paid—

- (a) their salary or wage for the period thereof at the rate equivalent to the salary paid in the week immediately preceding the taking of long service leave.
- (b) the Board, may, at its discretion, either—
 - (i) pay to an employee his wages or salary periodically during long service leave, or
 - (ii) pay to the employee in advance a sum representing the amount of his wages or salary for the period of his long service leave.

8. All annual leave to which an employee is entitled or will become entitled before the expiration of his long service leave shall be taken by the employee in conjunction with his long service leave, but any public holidays which may occur during the taking of his long service leave are not to be paid for over and above the long service leave, but are to form part of such long service leave.

9. Long service leave shall be considered as a special period of recuperation after a lengthy term of service with a view to fitting the employee for a further term, and during such leave no employee shall undertake any form of employment for hire or reward, unless by special permission of the Board. Any contravention of this subclause shall entitle the Board to dismiss the employee from its service, and to cease paying or to recover any amounts paid in advance on account of long service leave.

Passed by resolution of the Cunderdin Road Board, at a meeting held on the 16th day of March, 1951.

No. 4 of 1951.

Registered 5/4/51.

THIS Agreement made in pursuance of the Industrial Arbitration Act, 1912-1949, this 5th day of April, 1951 between the Metropolitan & South-Western Federated Engine Drivers' & Firemen's Union of Workers of Western Australia (hereinafter called the "Union") of the one part, and the Broome Freezing & Chilling Works (hereinafter called "The Management") of the other part, witnesseth that, for the consideration hereinafter appearing, the parties hereto mutually covenant and agree the one with the other as follows:—

1. This Agreement shall apply in respect of the rates of wages and conditions of labour in connection with the tasks hereinafter mentioned at the Broome Meatworks for the 1951 season and shall operate for twelve (12) months from the abovementioned date.

2.—Definitions.

In this Agreement, unless the context otherwise indicates, the following terms have the meanings respectively set out against them, that is to say:—

(a) "Week Days"—Mondays, Tuesdays, Wednesdays, Thursdays and Fridays.

(b) "A Week" shall mean Monday to Friday inclusive.

(c) "A day's work" shall mean eight (8) hours on week days, Monday to Friday.

(d) "Shift Work" shall mean work done in time preceding, during and following ordinary working hours by separate relays of employees.

(e) "Mutually agreed" or "Mutual Arrangement" implies agreed between the Management of the Works and the Union or its representatives, in writing.

3.—General Conditions.

Clauses under this heading are to be operative except where otherwise provided herein.

4. Any worker carrying out work classified at a higher rate than the rate pertaining to his recognised task shall be paid for that day at the highest rate of such tasks.

5. Wages shall be paid weekly in cash on Wednesday afternoon, at "smoko."

6. The Management shall give the delegate reasonable notice of workers required to work overtime. The delegate shall be then responsible, on behalf of the Union, for supplying such workers.

Overtime shall be distributed on a Roster system, but any employee shall have the right to forgo his place on the roster except for work in his own department, if required by the Management for work in that department. In all cases of overtime, sufficient men for the job required must be supplied.

7. The employment and rates of pay of boys shall be a matter of mutual arrangement.

8. Employees shall be provided without charge with accommodation in the quarters erected for that purpose, including stretcher, mattress and pillow.

9. Each employee who boards at the Works Canteen shall have an amount equal to twenty-seven per cent (27%) of the district Basic Wage per week deducted from his wages weekly.

10. All delegates shall be officially recognised by the Management.

11. Shifts of eight (8) hours may be worked in Departments where operations are continuous or where they require attention for more than twelve hours in twenty-four.

12. Except as provided in this clause shift workers (other than engine room employees) shall be entitled to the prescribed overtime rates for the work done during Sundays and holidays, anything to the contrary notwithstanding shift workers shall only be entitled to rate and a half for any time worked in excess of eight hours per shift, but in any case where such excess is caused through sickness, non-arrival, or late arrival of relieving shiftmen or in connection with the change-over or rotation of shifts, ordinary rates shall apply.

13. Notwithstanding that the rates of pay are set forth on a weekly basis, there shall be no obligation on the part of the Management or the employees to give a week's or any other notice to determine the employment, the position being in this respect the same as if the employee was employed at a daily wage.

14.—Preference.

Preference of employment in respect of tasks for which rates of wages are specified in this Agreement shall be given to members of the Union who are parties to this Agreement provided they are competent workmen for the task for which they are selected and do their work to the satisfaction of the Management.

15. Subject to preference to members of the Union who are parties to this Agreement, the Management shall have the right—

- (a) to select employees with due regard to their qualifications for their respective tasks;
- (b) to allot to employees their respective tasks, to dispense with the services of any employee for incompetence, drunkenness, misconduct;
- (c) in the event of the work of an employee being unsatisfactory at the task to which he has been transferred, the Management shall have the right to place such employee on waiting time in accordance with clause 34.

Employees engaged in Perth shall be selected from the lists supplied by the Union.

16.—Transfer.

The Management may transfer employees from one department to another. In this case the rates payable shall be those specified for the task performed, subject to clause 4 of the General Conditions. In the case of alleged unreasonableness, the local joint Delegates can discuss with the Management.

17.—Hours of Labour.

Unless otherwise specifically mentioned, forty (40) hours shall constitute a week's work, divided into five (5) working days as follows:—

Five week-days each eight (8) hours—40 hours.

18. Except in the case of shift workers or slaughter floor employees or otherwise mutually agreed upon, ordinary starting time shall be 7.30 a.m. and ordinary ceasing time, 4.30 p.m.

19. Except where otherwise provided herein, "ordinary working hours" shall comprise the hours between the ordinary starting time on any day and the ordinary ceasing time, excepting meal times and smokos, except in any case of alteration by mutual agreement.

20. Except in the case of shift workers and slaughter floor employees "outside ordinary working hours" on any day means between midnight and ordinary starting time, and/or between ordinary ceasing time and midnight, also meal hours and smokos.

21.—Meal Times.

(a) Except in the case of shift workers and slaughter floor employees, or otherwise mutually agreed meal time shall be—

6.30 a.m. to 7.30 a.m.
11.30 a.m. to 12.30 p.m.
4.30 p.m. to 5.30 p.m.
11.0 p.m. to 12.0 midnight.

(b) When loading out meal times shall be in accordance with the schedule of the vessel's meal times, but may be given within one hour either before or after such meal times.

(c) This clause shall not apply to Engine and Boiler Room shift workers.

22.—Smokos.

Except as provided in clause 23, or otherwise mutually agreed, smokos of fifteen minutes each shall be allowed and paid for as working time, as follows:—

9.30 a.m. to 9.45 a.m.
2.30 p.m. to 2.45 p.m.

and one smoko after every two hours' continuous work done outside ordinary working hours. This clause shall not apply to Engine and Boiler Room shift workers.

23. For employees when loading out the smokos shall, unless otherwise mutually agreed, be—

9 a.m. to 9.15 a.m.
2 p.m. to 2.15 p.m.
7 p.m. to 7.15 p.m.
9 p.m. to 9.20 p.m.
2 a.m. to 2.15 a.m.
4 a.m. to 4.20 a.m.

24. When reasonably required by the Management, owing to exigencies of work, employees shall forgo their smoko until a convenient time.

25.—Cribs.

Employees engaged unloading and discharging steamers will be supplied with cribs, as follows:—

One crib at second smoko after commencing work after tea.
One crib at second smoko after commencing work at 12 midnight.

26.—Overtime Rates.

Overtime rates shall be paid in respect of all work done:—

(a) After ordinary ceasing time (clause 18) and up to ordinary starting time (clause 18), rate and a half: Provided that in case of "shift work" outside of ordinary working hours, ordinary rates and conditions shall apply.

(b) During meal hours and smokos, except as provided in clauses 24 and 27, double ordinary rates.

When an employee has worked 16 hours continuously, double the rate applicable shall be paid until stood down for at least four hours, and the Management shall have the right to stand any worker down accordingly.

(c) Similar provision shall apply to shift workers outside their ordinary rostered periods of work.

Provided that ordinary rates and conditions shall apply during ordinary working hours, and rate and a half for one hour or portion thereof before ordinary starting time or for one hour or portion thereof after ordinary ceasing time, to men doing preparatory or finishing work in preserving, cook room, cellar men handling meats for canning purposes, open air boners, retort and traymen, chill-room men, and other work of a like nature. Em-

ployees doing preparatory and/or finishing work shall be provided with a minimum period of one half hour's work or shall be entitled to payment for such.

28.—Minimum of Overtime.

Subject to any mutual arrangement, employees called back to work after the meal time following ordinary ceasing time shall be provided with a minimum period of two hours' work, or shall be entitled to payment for such. Employees called out on Sundays or holidays shall be provided with a minimum period of two hours' work or shall be entitled to payment for such, payment for such minimum periods to be at overtime rates as appearing in clauses 26 and 29.

29.—Holidays and Holiday Rates.

(a) Except as hereinafter provided, each of the following days or the days observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely, New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Broome Cup Day, King's Birthday, Christmas Day and Boxing Day.

(b) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(c) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. Work performed on these days and on Sundays shall be paid for at double ordinary rates.

(d) Payment for holidays shall be at the rate pertaining to each employee's task.

(e) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the working day immediately preceding a holiday, or resumes duty, or is available on the working day immediately following a holiday, or as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

(f) A casual worker shall not be entitled to payment for any holiday referred to in this clause.

30.—Annual Leave.

(a) Except as hereinafter provided a period of two consecutive week's leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer, after a period of twelve (12) months' continuous service with such employer.

(b) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such day observed as aforesaid.

(c) (i) Subject to paragraph (ii) when computing the annual leave due under this clause no deduction shall be made from such leave in respect of the period that the worker is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accidents sustained in the course of employment shall not be considered breaks in continuity of service, but the first six months only of such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed by an employer for portion only of a year he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(c) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(f) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them. Provided that nothing herein contained shall deprive the employer of his right to retain such workers at work during the close-down period as may be essential.

(g) Workers regularly working for the Works North of South Latitude 26, shall be allowed to accumulate annual leave for two years, subject to the convenience of the Employer. Such workers who proceed to Fremantle and Geraldton during the period such leave shall be allowed once in each two years reasonable travelling time on the forward and return journeys between the place of their employment and either of the said ports.

(h) "Ordinary wages" for the purpose of sub-clause (a) hereof shall mean the average rate of wage the worker has received over the period of his employment in respect of his ordinary hours of work.

(i) The provisions of this clause shall not apply to casual workers.

(j) Annual leave rights under this clause shall commence to accrue as from 1st February, 1946.

(k) Seven-day shift workers, i.e., shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed in addition to clause (a) hereof, seven consecutive days' leave including non-working days.

When an employee with twelve months' continuous service is engaged for part of the twelve-monthly period as a seven-day shift worker he shall be entitled to have the part of two weeks' annual leave prescribed in clause (a) hereof, increased by half a day for each month he is continuously engaged as aforesaid.

31. Each employee (excepting those engaged at Broome) shall be entitled to—

(a) passage from place of engagement to Broome and travelling time allowance;

(b) passage (and travelling time allowance) by first available steamer or plane at discretion of Management from Broome to place of engagement after termination of work in his department, or when his services are not further required by the Management; provided that his duties have been performed to the satisfaction of the Management.

32. Travelling time allowance referred to in clause 31 shall be 12s. per day.

33.—Waiting Time Allowances.

When no employment is available for an employee at his usual task such employee shall if so required by the Management do any other work available and be paid whichever rate shall be the highest, for the task performed or the workers recognised usual task.

34. If for any reason no employment is available to an employee, waiting time allowance of half his recognised task rate shall be paid for such waiting time, in which case the minimum rate shall not apply to the period of such waiting time.

35.—Basic Wage Adjustment.

All wages in this Agreement are calculated on the Goldfields Basic Wage.

36. Should any man decide to leave before the completion of the season's operations in his department as determined by the Management, the obligation of the Management to provide him with his passage back to Perth ceases, subject to clause 37.

37. Whilst the Management agrees to provide transport to and from Broome for employees engaged in Perth, it is agreed that any man who leaves or is dismissed under clause 15 (b) before the end of a twelve weeks' period from arrival at Broome shall not be entitled to the payment of his fare to Broome and any wages due to him shall be retained as part payment and the balance will be legally recoverable.

38.—First Aid.

It shall be obligatory upon the employer to keep at the Works a First-aid kit fully stocked in accordance with the provisions of Schedule 2 attached hereto, for the use of the workers.

39.—Guarantee.

Subject to clause 15 (b) a guarantee of 16 weeks' work from date of commencement of slaughtering is given to each employee brought from Perth or Fremantle. The rate applicable under this guarantee shall be the rates for the respective tasks allotted.

(b) Every employee shall be engaged on the express condition that he will perform at least 16 weeks' work from such date of commencement and at the rate for the respective tasks allotted to him, and will continue to work for such additional period

as in the opinion of the Management is necessary to fulfil the season's operations. This subclause shall be deemed to have been complied with after four (4) weeks, from the last day of killing, has elapsed.

40. The date of commencement of slaughtering shall be determined by the Management, but one clear day (not including the day of arrival) shall elapse between the date of arrival of seasonal operatives and the date of commencement of slaughtering operations.

Waiting time allowance defined in clause 33 shall, if so required by the Management, do any work other than slaughtering available between the date of arrival of seasonal operatives and the date fixed for the commencement of slaughtering under this clause. Work performed shall be paid for at the rate pertaining to the task performed.

41.—Wages Rates.

The following rates shall apply to shift workers in engine room and boilerhouse.

42.—Absence Through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12) of a week for each completed month or service: Provided that payment for absence through such ill-health shall be limited to one week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness but the employer shall not be entitled to a medical certificate unless the absence is for three days or more.

(d) Any sick leave not taken out in one (1) year shall be carried forward to a subsequent year with a maximum of two (2) years.
