## PUBLIC SERVICE ACT, 1904-1948.

Office of the Public Service Commissioner,  
Perth 12th June, 1951.

HIS Excellency the Governor in Executive Council, acting under the provisions of section 77 of the Public Service Act, 1904-1948 (reprinted with amendments up to and including No. 52 of 1947), has been pleased to amend as from the 1st day of July, 1951, the regulations made under and for the purposes of the said Act as reprinted with amendments up to the 1st day of March, 1934, and amended by notices published in the *Government Gazette* from time to time thereafter in the manner mentioned in the Schedule hereunder.

S. A. TAYLOR,  
Public Service Commissioner.

## Schedule.

The abovementioned regulations are amended as follows:—

1. By deleting regulation 57 and inserting in lieu thereof the following regulation 57:—

57. (1) Indisposition not necessitating confinement to the house will not be regarded as illness in respect of which leave of absence may be granted under section 54 of the Act, except under special circumstances to be approved by the Commissioner or on the advice of a Departmental Medical Board.

(2) Applications for leave of absence on the grounds of illness shall be made on the prescribed form and supported by the certificate of a registered medical practitioner, also on the prescribed form. A further certificate from a Government Medical Officer may be required and if this certificate does not, in the opinion of the Commissioner, endorse the certificate of the medical practitioner, the officer shall pay the fee due to the Government Medical Officer.

(3) No sick leave with pay shall be granted without an adequate medical certificate, provided, that if for any cause it is inconvenient for an officer to obtain a medical certificate which would allow him to be granted short sick leave on pay, such officer may have short leave granted to him by the Permanent Head, such period to be deducted from the three days per annum which may be granted under regulation 49 or from his annual leave.

(4) The discretion conferred on the Minister by subsection (1) of section 54 of the Act to grant extended leave for illness or other pressing necessity for not exceeding two months will not be exercised until the application has been submitted to the Commissioner who will, if the leave applied for exceeds a continuous period of two months, submit a recommendation through the Minister to the Governor; provided that applications for two weeks or less need not be referred to the Commissioner.

(5) The basis for determining the leave which may be granted shall be ascertained by crediting the officer with the following periods, such leave to be cumulative:—

	Leave on full pay. Working Days.	Leave on half pay. Working Days.
On date of permanent appointment .....	5	2
On completion of six months' service on the permanent staff .....	5	3
On completion of 12 months' service on the permanent staff .....	10	5
On completion of each additional 12 months' service on the permanent staff .....	10	5

(6) To determine the leave for which an officer is eligible, the leave that has been granted during his permanent service at rates of full pay and half pay respectively shall be deducted from the periods ascertained under the provisions of sub-regulation (5) of this regulation. In the case of an officer who was appointed to the permanent staff before the date of commencement of this regulation, any leave granted prior to that date shall be totalled in days inclusive of Saturdays, Sundays and Public Holidays under the headings of full pay, half pay and third pay; days granted on third pay shall be multiplied by two-thirds and the resultant round figure added to the total number of days on half pay; the then number of days under the separate headings of full pay and half pay shall be multiplied by 5/7ths and the result shall be taken as the period of leave on full pay and half pay, respectively, granted during his service prior to the date of commencement of this regulation.

(7) After deduction has been made as provided in sub-regulation (6) of this regulation, the period remaining at each rate of pay shall be the leave of absence for which the officer is eligible at the date of application, provided:—

- that if after such deduction an officer with less than six months' service on the date of commencement of this regulation would at that date have less than five working days on full pay and two working days on half pay to his credit then his credit at that date shall be increased to those amounts;
- that if after such deduction an officer with not less than six months' service on the date of commencement of this regulation would at that date have less than ten working days on full pay and five working days on half pay to his credit then his credit at that date shall be increased to those amounts, but any credit in excess of the required

minimum under the heading of either full pay or half pay shall be applied in reduction of any debit under the other heading or used to establish the required minimum credit under that heading;

- (c) that the maximum period allowable with pay in respect of any continuance absence shall not exceed nine months on full pay and five months on half pay.

(8) Where an officer has been granted fourteen months continuous leave with pay he shall not be entitled to receive further leave with pay until he has completed a period of duty of not less than four weeks.

(9) Debits for leave granted subsequent to the date of commencement of this regulation shall be on the basis of working days and shall include any public holidays occurring during the period of leave, provided that where an officer resumes duty on a day immediately succeeding a public holiday then the leave shall be regarded as expiring on the working day preceding such holiday.

(10) If an officer falls sick while on annual leave and produces at the time satisfactory medical evidence that he is unable to leave the house he may, with the approval of the Commissioner, be granted at a time convenient to the Department additional leave equivalent to the period of sickness falling within the scheduled period of annual leave, provided that the period of sickness is at least one week.

(11) An officer absent on approved long service leave or leave without pay shall not be eligible for leave under this regulation during the currency of such approved leave.

(12) Where an officer in the discharge of his duties sustains injuries which would be compensative in accordance with the provisions of the Workers' Compensation Act and which necessitate the grant of leave under this regulation, half the period only of such leave on full pay and/or half pay respectively shall be charged against his sick leave credits.

(13) No leave on account of illness or injury shall be granted with pay if the illness or injury has been caused by the misconduct of the officer or by circumstances within his control. The Permanent Head in order to satisfy himself in any case may send a registered medical practitioner to attend on and examine the officer at his residence and if the report of the practitioner is, in the opinion of the Permanent Head, not favourable to the application of the officer concerned, the fee payable to the practitioner shall be deducted from any money which is or becomes payable to the said officer by the Government.

(14) If an officer, after being retired on medical grounds, resumes duty then his sick leave credit at the date of his retirement shall be reinstated. An officer, who after resigning from the Public Service is subsequently re-appointed shall be treated as a new entrant to the Service as from the date of his re-appointment.

(15) Where after the date of commencement of this regulation a person who has been temporarily employed for a continuous period of not less than three years, is appointed to the permanent staff, any sick leave to his credit under regulation 167 shall remain to his credit on appointment to the permanent staff.

(16) No officer appointed, subject to medical examination, and whose appointment is deferred on the recommendation of the Government Medical Officer for a stated period, shall be granted sick leave with pay during such period.

2. By deleting regulation 167 and inserting in lieu thereof the following regulation 167:—

167. (1) Indisposition not necessitating confinement to the house will not be regarded as illness in respect of which leave of absence may be granted under this regulation, except under special circumstances to be approved by the Commissioner or on the advice of a Departmental Medical Board.

(2) Applications for leave of absence on the grounds of illness shall be made on the prescribed form and supported by the certificate of a registered medical practitioner, also on the prescribed form. A further certificate from a Government Medical Officer may be required and if this certificate does not, in the opinion of the Commissioner, endorse the certificate of the medical practitioner, the person concerned shall pay the fee due to the Government Medical Officer.

(3) No sick leave with pay shall be granted without an adequate medical certificate, provided that if for any cause it is inconvenient for a person temporarily employed for a continuous period of at least twelve months, to obtain a medical certificate which would allow him to be granted short sick leave on pay, such person may have short leave granted to him by the Permanent Head, such period to be deducted from the three days per annum which may be granted under regulation 49 or from his annual leave.

(4) Persons temporarily employed for a continuous period of less than three years may be granted sick leave by the Permanent Head as follows:—

- (a) where continuous service does not exceed six months; three working days on full pay;
- (b) where continuous service exceeds six months but does not exceed eighteen months; ten working days on full pay less any leave granted under paragraph (a);
- (c) where continuous service exceeds eighteen months but is less than three years; ten working days on full pay and ten working days on half pay less any leave granted under paragraphs (a) and (b).

(5) Persons temporarily employed for a continuous period of not less than three years may on the recommendation of the Commissioner be granted sick leave on full pay by the Minister on the basis of a cumulative credit of fifteen working days for the first three years of service and seven working days for each year of service after the expiration of the first three years, provided:—

- (a) that the maximum credit allowable at the date of commencement of this regulation and for the first year thereafter shall be fifteen working days;
- (b) that applications for sick leave of two weeks or less need not be referred to the Commissioner;
- (c) that the maximum period of sick leave allowable with pay in respect of any continuous absence shall not exceed four months.

(6) Where a person temporarily employed has been granted four months continuous sick leave with pay he shall not be entitled to receive further sick leave with pay until he has completed a period of duty of not less than four weeks.

(7) Debits for sick leave granted to a person temporarily employed shall include any public holidays occurring during the period of leave, provided that where duty is resumed on a day immediately succeeding a public holiday the leave shall be regarded as expiring on the working day preceding such holiday.

(8) Any period during which a person temporarily employed is absent on leave without pay shall not be included as part of such person's period of service for the purposes of sub-regulations (4) and (5) of this regulation.

(9) A person temporarily employed who is absent on approved annual leave, long service leave or leave without pay shall not be eligible for leave under this regulation during the currency of such approved leave.

(10) Where in the discharge of his duties a person temporarily employed sustains injuries which would be compensative in accordance with the provisions of the Workers' Compensation Act and which necessitates the grant of leave under this regulation, half the period only of such leave on full pay and/or half pay respectively shall be charged against his sick leave entitlements or sick leave credits as the case may be.

(11) No leave on account of illness or injury shall be granted with pay if the illness or injury has been caused by the misconduct of the person temporarily employed or by circumstances within his control. The Permanent Head in order to satisfy himself in any case may send a registered medical practitioner to attend on and examine such person at his residence and if the report of the practitioner is, in the opinion of the Permanent Head, not favourable to the person concerned, the fee payable to the practitioner shall be deducted from any money which is or becomes payable to the said person by the Government.

## BUNBURY HARBOUR BOARD ACT, 1909-1928.

## Amendment of Regulations.

## Resolution.

C.S.D. 337/49.

THE Bunbury Harbour Board, acting pursuant to section 61 of the Bunbury Harbour Board Act, 1909-1928, hereby amends, in the manner mentioned in the Schedule hereunder, the regulations made by the said Board under and for the purposes of the said Act, as published in the *Government Gazette* of the 26th day of November, 1909, and amended from time to time thereafter by notices published in the *Government Gazette*.

## Schedule.

The abovementioned regulations are amended as follows:—Regulations numbered 82, 83, 84, 85, 86, 87, 88, 89, 90, 91 and 92 are repealed and the following inserted in lieu thereof as regulations 82, 83, 84, 85, 86, 87, 88, 89, 90, 91 and 92.

## Port Dues.

Regulations Nos. 82, 83, 84, 85, 86, 87, 88, 89, 90, 91 and 92.

## No. 82.

Payment of Port Dues.—All vessels entering the Port shall, unless hereinafter exempted, pay the Port Dues prescribed by these regulations.

## No. 83.

When Payable.—The Port Dues provided for hereunder shall be paid to the Board prior to the clearing of the vessel to which they apply.

## No. 84.

Computing Time in Berth.—For the purpose of assessing the Port Dues payable, a vessel shall be deemed to occupy a berth as follows:—

- (a) Where such vessel uses a berth at a wharf or jetty or at a mooring buoy, from the time when the first line is made fast until the last line is let go.
- (b) Where such vessel anchors in the harbour, for the actual time occupied in shipping and/or discharging cargo, and/or embarking or disembarking passengers.
- (c) A vessel which remains at anchor in the harbour, having arrived solely for orders or supplies (including bunkers) for her own use, or to be refitted or repaired, or being in distress or under duress, shall be deemed to occupy a berth for a period of three hours, irrespective of the actual time the vessel is so occupied.

## No. 85.

General Rate Payable.—The Port Dues payable shall be assessed at one sixtieth of a penny for each ton of the gross registered tonnage of a vessel for each complete hour during which the vessel occupies a berth. The minimum charge for each entry into the Port shall be as for twelve hours, but in the case of a vessel occupying a berth in the harbour only, other than at a jetty or as provided in regulation No. 84 (c), the minimum charge shall be as for three hours.

## No. 86.

Should a vessel occupy more than one berth, the Port Dues shall be assessed on the aggregate of the periods during which berths have been occupied, and where such aggregate is less than twelve hours, a minimum charge as for twelve hours shall be payable.

## No. 87.

Whale-chasers.—Whale-chasing vessels of less than 500 tons gross shall each pay as Port Dues per entry into the Port a fixed sum of £2 10s. 0d. for any period or periods not exceeding four complete days, and 15s. per day or portion thereof for any subsequent period, during which a berth has been occupied; provided that, where such vessel does not occupy a jetty or wharf berth, the amount payable as Port Dues shall be a fixed sum of 10s. irrespective of the period involved.

## No. 88.

Rebates of Port Dues.—Subject to the conditions and exceptions specified in this regulation, and provided that a minimum charge as for twelve hours at the maximum rate applicable to the vessel shall in all cases be payable, rebates of the Port Dues assessed under regulation No. 85 may be granted in accordance with the following provisions, namely:—

- (a) Where the vessel berths within the harbour under any of the following circumstances:—
  - (1) in distress or under duress;
  - (2) for fitting, refitting or repairs, in either of which circumstances the rebate allowable shall be 75 per cent. or,
  - (3) for orders or supplies, including bunkers for own use and is berthed for that purpose for a period not exceeding seventy-two hours, in which case the rebate allowable shall be 50 per cent.
- (b) Should such distress, duress, fitting, refitting or repairs necessitate the replenishment of supplies which otherwise would not have been required, or the discharging temporarily or otherwise of any cargo not originally intended to be discharged at the Port, the rebate of 75 per cent., as aforesaid, shall apply throughout the period of such operations.

- (c) Should the loading of supplies referred to in subparagraph (3) of paragraph (a) hereof necessitate the discharging and reshipping of cargo in order to comply with any regulation of the Board, the rebate of 50 per cent., as aforesaid, shall apply throughout the period of such operations.
- (d) Where a vessel, occupying a wharf berth, requires, prior to the commencement or subsequent to the completion of the ordinary work for which the vessel entered the Port, to effect repairs or replenish supplies, then the rebate shall be at the same rate as for similar circumstances prescribed in Clause (a) hereof, but only for the actual period so involved.
- (e) Where a vessel occupies a berth within the harbour for a period in excess of that taken for the handling of cargo and/or the replenishing of supplies, and such excess period is solely for the purpose of extending the tourist facilities for transit passengers, then the rebate allowable in respect of such excess period shall be 75 per cent.
- (f) Where a vessel ready to proceed to sea, is detained within the harbour through the operation of any precaution taken by the military or naval authorities, such vessel may be granted a rebate of the whole of the port dues for such period of detention.
- (g) The master or agent of any vessel which may, under the preceding clauses of this regulation, be qualified for a rebate of port dues during the whole or any portion of the time in port shall, prior to or within one hour of the vessel's arrival in port, in the case of Clauses (a), (b) and (c), or within one hour of the commencement of the operations or delay referred to in Clauses (d), (e) and (f), make a declaration in writing to the secretary setting forth the circumstances applicable, provided that where the circumstances arise during other than ordinary working hours the declaration shall be made within one hour of the commencement of business on the next working day. In the absence of such declaration full port dues shall be payable.

## No. 89.

## Vessels Free of Port Dues in Certain Cases.

(a) When exceptional weather conditions render it unsafe for any vessel (being ready for sea) to leave the harbour, the members may allow such vessel to be free of port dues during the period of delay, provided that written application is made forthwith by the master or agent of the vessel and such application is certified by the Harbour Master as to the adverse weather conditions.

(b) Where any vessel enters the port solely for the purpose of landing a sick or injured person and remains for such time only as may be necessary for that purpose, and provided that the master or agent of such vessel submits a written declaration as to the circumstances, the members may, in their discretion, allow such vessel to be free of port dues.

## No. 90.

Coasting Vessels.—Coasting vessels in commission, not exceeding 750 tons gross register, shall pay half the amount of port dues prescribed for other vessels in like circumstances or like positions. Vessels shall be deemed to be in commission until such time as the owners thereof notify the Board in writing that they intend to lay their vessels up. Vessels so laid up shall pay to the Board a special lay-up fee of 10s. per week.

## No. 91.

Hulks, Tugs, etc.—Hulks, tugs, passenger steamers, lighters and barges using the wharves or waters of the port shall pay, as port dues, an annual fee as follows:—

Tugs, lighters and barges (50 tons gross measurement and under) each £2 10s. per annum.

Tugs, passenger steamers, lighters, barges, coal and other hulks, and licensed launches (over 50 tons gross measurement) each £10 per annum.

The above fees are payable half-yearly in advance, to be calculated from the 1st day of January and July of each year.

## No. 92.

In any of the foregoing circumstances in which a wharf or jetty berth is occupied, berthing dues, as provided in Regulation No. 93, shall be paid.

Adopted and passed by a resolution of the Bunbury Harbour Board members at a meeting of the said members held on the twelfth day of April, 1951.

The common seal of the Bunbury Harbour Board was at the same time affixed and impressed by order and in the presence of—

#### MUNICIPAL CORPORATIONS ACT, 1906-1947.

Municipality of Northam.

By-law No. 57—Standing Orders.

P.W. 1184/45.

A BY-LAW of the Municipality of Northam made under section 180 of the Municipal Corporations Act, 1906-1947, and numbered 57 for regulating the proceedings of the Council of the Municipality of Northam.

In pursuance of the powers conferred by the said Act, the Mayor and Councillors of the Municipality of Northam order as follows:—

By-law No. 57—Standing Orders.

##### Commencement.

This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

##### Repeal.

From the date of coming into operation of this by-law, by-law No. 2 regulating the proceedings of the Council of the Municipality of Northam heretofore made by the Municipality of Northam and published in the *Government Gazette* of the 20th August, 1909, is repealed.

##### Standing Orders.

1. The proceedings and business of the Council shall be conducted according to the following regulations which shall be called the Standing Orders.

##### Chairman.

2. In the construction of this by-law, unless the context otherwise requires, the word "Mayor" shall include the Councillor chosen to preside at any meeting of the Council.

3. The Mayor, if present, shall preside at all meetings of the Council, and, in his absence, or if, after being present, he retires, one of the Councillors chosen by the Councillors present shall preside.

##### Quorum.

4. At any meeting of the Council a quorum shall consist of not less than four Councillors in addition to the Mayor. Every meeting shall proceed to business so soon after the time stated in the summons as there shall be a sufficient number of Councillors in attendance to constitute a quorum.

##### Adjournment in Absence of Quorum.

5. If at any meeting a quorum be not present within a quarter of an hour after the time appointed for such meeting the majority of the Councillors present, or any one Councillor, if only one be present, or the Town Clerk, if no Councillor be present, may adjourn such meeting to any date not later than seven (7) days from the date of such adjournment.

##### Count Out.

6. If at any time during any meeting of the Council a Councillor shall call the attention of the Mayor to the fact that a quorum is not present the Mayor shall thereupon suspend the proceedings of the meeting for a period of two minutes, and if a quorum be not present at the expiration of such period, the meeting shall be deemed to have been counted out, and the Mayor shall adjourn it to some future date.

##### Record of Councillors Present.

7. At all meetings at which there are not present four Councillors at which the Council is counted out for want of a quorum, the names of the Councillors then present shall be recorded in the Minute Book.

##### Open Doors.

8. The business of the Council shall be conducted with open doors, except upon such occasions as the Council shall, by resolution otherwise decide, which resolution may be moved without notice.

## Reporters.

9. At all meetings accredited newspaper reporters shall be permitted to attend in such part of the Council Chamber as may be appropriated for their accommodation, but they shall withdraw upon a vote of the Council so requiring during any portion of the whole of the meeting.

## Disturbance by Visitors.

10. The admission of citizens, reporters and visitors to the Council Chamber shall be under and subject to the regulations that no expression of dissent or approval, conversation or interruption to the proceedings of the Council shall take place, and in the event of any breach of this regulation, the Mayor may at his discretion, and without a vote of the Council, require the person or persons so offending to withdraw, and thereupon such person or persons shall immediately withdraw from the Council Chamber.

## Removal of Disturbers.

11. Any person, not being a member of the Council, who interrupts the orderly conduct of the business of the Council, who does not immediately upon being called upon by the Mayor so to do, withdraw from the Council Chamber, may by order of the Mayor be removed from the Council Chamber forthwith.

## Business at Council Meetings.

## Order of Business.

12. The order of business of an ordinary meeting shall be as follows, or as near thereto as shall be practicable, but for the greater convenience of the Council at any particular meeting thereof, it may be altered by resolution to that effect.

- (i) Confirmation of minutes.
- (ii) Announcements by the Mayor without discussion.
- (iii) Questions of which due notice has been given without discussion.
- (iv) Correspondence.
- (v) Petitions and memorials.
- (vi) Notice of intention to move the suspension of Standing Orders at the close of the meeting.
- (vii) Reports of Committees.
- (viii) Orders of the day, including considering and ordering upon any business left over from the previous meeting and any business the Mayor may think desirable to bring under the notice of the Council and may have directed to be entered as an order of the day.
- (ix) Motions of which previous notices have been given.
- (x) Notices of motions for consideration at the following meeting, if given during the meeting.

## Order at Special Meetings.

13. The order of business at any special meeting of the Council shall be the order in which such business stands in the notice thereof.

## Minutes.

14. The minutes of any preceding meeting, whether ordinary or special, not previously confirmed, shall be submitted as the first business at all meetings of the Council in order to their confirmation; and no discussion shall be permitted thereon, except as to their accuracy as a record of the proceedings, and the said minutes shall then be signed by the Mayor as by section 176 of the Act required.

## Questions.

15. Any Councillor desiring to ask a question at any meeting of the Council shall give notice thereof in writing to the Town Clerk at least four hours before the hour fixed for the meeting.

16. All questions and answers shall be submitted as briefly and concisely as possible, and no discussion shall be allowed thereon.

## Correspondence.

17. No discussion shall be permitted on any motion that any correspondence be received or not received or that any correspondence or any part thereof be referred to any special committee of the Council.

## Notices of Motions.

18. (1) Any Councillor may bring forward such business as he may consider advisable in the form of a motion, of which notice shall be given in writing to the Town Clerk, either at the meeting previous to the meeting at which it is intended to move the same, or at any time thereafter, being not less than three clear days before such last-mentioned meeting.

(2) Every notice of motion shall relate to some question affecting the constitution, administration, or condition of the Municipality.

(3) The Mayor shall rule out of order any motion which does not comply with the last preceding subclause.

## Motion to Lapse.

19. Every such motion shall lapse, unless the Councillor who gave the notice thereof, or some other Councillor authorised by him in writing, be present to move the same when such motion shall be called on.

## Deputations.

## Reception of Deputations.

20. Deputations wishing to be received by the Council shall be requested, in the first instance, to send in a memorial in writing, and the Town Clerk shall bring the memorial before the Committee concerned which shall be authorised, if it see fit, to receive the deputation and to report to the Council. If the Committee is of the opinion that the memorial is one which should be brought before the Council the Committee shall so report; and, if the Council shall so order, the deputation shall be invited to attend.

## Number of Deputation.

21. A deputation shall not exceed 10 in number, and only two members thereof shall be at liberty to address the Council or a Committee of the Council, except in reply to questions from members of the Council or Committee, and the matter shall not be further considered by the Council or the Committee until the deputation shall have withdrawn.

## Conduct of Debate.

Councillors to Address the Chair—Point of Order.

22. (1) Any Councillor moving a motion or amendment, or taking part in the discussion thereon, shall rise and address the Mayor and shall not be interrupted unless upon a point of order, when he shall resume his seat until the Councillor raising the point of order has been heard thereon, and the question of order has been disposed of, when the Councillor in possession of the chair may proceed.

(2) Rising to express a difference of opinion with or to contradict a speaker shall not be recognised as raising a point of order.

(3) The following action shall be deemed breaches of order, namely:—

- (a) Discussion of a question not before the Council.
- (b) The use of offensive or insulting language.
- (c) The violation of any by-law or standing order of the Council.

## Nature of Motion to be Stated.

23. Any Councillor desirous of proposing an original motion or amendment, shall state the nature of the same before he addresses the Council thereon, and, if so required by the Mayor, shall put the same in writing.

## Motions to be Seconded—Enforcement of Standing Orders.

24. No motion or amendment shall be discussed or put to the vote of the Council unless it be seconded, but a Councillor may require the enforcement of any standing order of the Council by directing the Mayor's attention to the infraction thereof.

## Use of Titles.

25. At meetings of the Council, speakers in referring to others present thereat, shall designate them by their respective titles of Mayor or Councillor as the case may be.

## Priority of Speakers.

26. If two or more Councillors rise to speak at the same time the Mayor shall decide which is entitled to priority.

## Mayor to Speak.

27. Whenever the Mayor rises during a debate any Councillor then speaking or offering to speak is to sit down, and the Council is to be silent so that the Mayor may be heard without interruption.

## Councillor Not to Speak Twice.

## Personal Explanation.

28. No Councillor shall speak twice on the same question except by way of explanation or in reply upon any original motion of which he may be the mover or as the mover, of an amendment last carried. And no Councillor shall speak to any question after the mover shall have been permitted to reply. No Councillor shall speak otherwise than upon the question before the Council except to make a personal explanation. Any Councillor making a personal explanation must confine himself to a succinct explanation of a material part of his former speech which may have been misunderstood, and to explanation itself, and he must not advert to matters not strictly necessary for that purpose, nor to endeavour to strengthen his former argument by introducing new argument or matter or by replying to other Councillors.

## Calling to Order for Speaking Twice.

29. The Mayor shall, without waiting for the interposition of the Council, call to order any Councillor proceeding to speak a second time on the same question.

## Mover or Seconder to be Held to Have Spoken.

30. A Councillor moving or seconding a motion or amendment shall be held to have spoken thereon.

## No Speaking After Notice Put.

31. No Councillor may speak to any question after the same has been put from the Chair.

## Time Limit.

32. No Councillor shall speak or address the Council upon any motion or amendment before the Council, or in reply, for a longer period than 10 minutes without the consent of the Council, which shall be signified without debate.

## Speaking in Reply.

33. It shall not be competent for any new matter to be introduced by the mover when speaking in reply, but he shall strictly confine himself to answering previous speakers.

## Division of Complicated Resolutions.

34. The Mayor, at his discretion, may, or the Council may by motion without debate, order a complicated motion to be divided and put in the form of several resolutions.

## Withdrawal of Motion.

35. A motion or amendment, may be withdrawn by the mover with the consent of the Council, which shall be signified without debate, and it shall not be competent for any Councillor to speak upon it after the mover has asked permission for its withdrawal, unless such permission shall have been refused.

## Production of Documents.

36. Any Councillor may of right require the production of any of the documents of the Council relating to the question or matter under discussion.

## Reflection Upon Vote of Council.

37. No Councillor shall reflect upon any vote of the Council except for the purpose of moving that such vote be rescinded.

## All Councillors to Vote—Casting Vote.

38. At all meetings of the Council, save where the Act otherwise provides, all the Councillors present shall vote, and if any Councillor fails to vote the Mayor shall call upon him to vote or to leave the Council Chamber. If there be an equal division of votes upon any question, the Mayor shall, in addition to his own vote, have a second or casting vote.

## Digression from Subject—Personal Reflections.

39. No Councillor shall digress from the subject matter of the question under discussion nor impute improper motives to any other Councillor, and all personal reflections upon any Councillor shall be considered highly disorderly.

## Record of Words Used by a Councillor.

40. Any Councillor may require the Town Clerk to take down any particular words used by a Councillor immediately upon the same being used.

## Mayor's Ruling.

41. The Mayor when called upon to decide a point of order or practice shall give his decision and no argument or comment shall be permitted thereon, and his decision shall be final in that particular case, unless a majority of the members of the Council then present shall, upon motion made forthwith, without discussion by the mover or seconder or other person, dissent therefrom.

## Withdrawal of Offensive Expression.

42. Any Councillor who shall use any expression which in the opinion of the Mayor reflects offensively on any member of the Council, shall, when required by the Mayor, unreservedly withdraw such expression, and make a satisfactory apology to the Chair, and if he decline, or neglect to do so, the Mayor may refuse to hear such Councillor further upon the matter then under discussion and call upon the next speaker, or may suspend or adjourn the sitting of the Council, or may direct the offending Councillor to withdraw from the Council Chamber for the remainder of the then sitting of the Council.

## Disturbance—Conversing Aloud.

43. No Councillor shall make any noise or disturbance, or, except to raise a point of order, converse aloud whilst any other Councillor is speaking, or whilst any matter is being read or opened.

## Continued Irrelevance.

44. The Mayor may call the attention of the Council to continued irrelevance, tedious repetition, unbecoming language, or any breach of order or decorum on the part of a Councillor, and may direct such Councillor, if speaking, to discontinue his speech, and thereupon such Councillor shall cease speaking and resume his seat.

## Crossing Council Chamber.

45. When the Mayor is putting any question, no Councillor shall walk out of or across the Chamber, nor shall any Councillor, whilst any other Councillor is speaking, pass between the speaker and the chair.

## Mayor May Call to Order.

46. The Mayor shall preserve order, and may, on his own motion call any Councillor to order whenever, in his opinion, there shall be cause for so doing.

## Infraction of Standing Orders.

47. Every Councillor shall be entitled to direct the attention of the Mayor to any infraction of the standing orders by any other Councillor.

#### Decision of Mayor on Point of Order—Councillor to Apologise When Called Upon.

48. Whenever it shall have been decided by the Mayor that any motion, amendment or other matter before the Council, is out of order, the same shall be rejected, and whenever anything said or done in the Council by any Councillor shall be similarly decided to be out of order, such Councillor shall be called upon by the Mayor to make such explanation, retraction, or apology as the case may require.

#### Councillor to Withdraw From Council Chamber.

49. Any Councillor who shall persist in any line of conduct which the Mayor shall have decided, or which by any clause of this by-law is declared to be out of order, or who shall refuse to make any explanation, retraction or apology required by the Mayor as aforesaid, shall, upon the request of the Mayor, withdraw from the Council Chamber for the remainder of the then sitting of the Council.

#### Removal of Councillor from Council.

50. In the event of any Councillor refusing or neglecting to withdraw from the Council Chamber when requested or directed by the Mayor so to do, the Mayor may order such Councillor to be removed from the said Chamber and to be excluded therefrom during the remainder of the then sitting of the Council.

#### Disorder.

51. If disorder should arise at any meeting of the Council, the Mayor, acting in his discretion, may as a matter of right, quit the chair, and announce the adjournment of the meeting for a period of 15 minutes, when the Council shall re-assemble and decide the question whether the business shall be proceeded with or otherwise, which question shall be put from the Chair and decided without debate by a majority of the members present.

#### Order in Debate.

##### Motions and Amendments.

52. When a motion is under debate at any meeting of the Council, no further motion shall be received, except the following:—

- (1) That the motion be amended.
- (2) That the Council do now adjourn.
- (3) That the debate be adjourned.
- (4) That the question be now put.
- (5) That the Council do proceed with the next business.
- (6) That the Council do resolve into committee of the whole.

- (1) That the Motion be Amended.

##### Relevance of Amendment.

53. Every amendment shall be relevant to the motion on which it is moved.

##### To be Read.

54. Every amendment shall be read before being moved.

##### One Amendment at a Time.

55. Only one amendment at a time shall be discussed, but as often as an amendment is lost another amendment may be moved before the original question is put to the vote: Provided that, when an amendment is carried, one amendment thereto and no more may be moved.

##### Substantive Motion.

56. Upon the adoption of any amendment, such amendment shall be held to have quashed the original motion, and for all purposes of subsequent discussion the amendment so carried shall, subject to the last preceding clause, be treated as an original motion.

- (2) That the Council do Now Adjourn.

##### Time to Move.

57. A Councillor may at the conclusion of the speech of any other Councillor, or on the conclusion of any business, move without notice that the Council do now adjourn provided that the mover may speak for not more than five minutes, the seconder shall not speak beyond formally

seconding, and the mover of the question (if any) under debate, on the motion for the adjournment being made, may be heard in reply for five minutes but no further debate shall be allowed. No Councillor who has spoken on the question then before the Council shall be permitted to move the adjournment of the Council.

#### No Discussion—Procedure Before Further Motion.

58. No discussion shall be allowed on any motion for adjournment of the Council, but if on the question being put the motion be negatived, the subject then under consideration, or the next on the notice paper, or any other that may be allowed precedence, shall be discussed before any subsequent motion for adjournment shall be entertained.

#### Question Adjourned to Next Meeting.

59. On a resolution for adjournment the question (if any) under debate when motion for adjournment was made shall stand adjourned to the next meeting.

#### One Motion Only.

60. At the same sitting no Councillor may move or second more than one motion for the adjournment of the Council.

#### Speaking at Resumption of Council.

61. On a motion for the adjournment of the Council being carried, a record shall be taken of all those who have spoken on the subject under consideration at the time of the adjournment and they shall not be permitted to speak on any subsequent consideration of the same subject. Provided that this clause shall not deprive a mover of the right of reply.

- (3) That the Debate be Adjourned.

##### Time to Move.

62. Any Councillor may, at the conclusion of the speech of any other member, move without previous notice that the debate be adjourned to a later hour of the same meeting or to any other meeting.

#### No Discussion—Definition of Adjournment.

63. On a motion for the adjournment of a debate, the Councillor moving the motion may speak for not more than five minutes in explanation of his reason for so moving; but the seconder shall not be permitted to speak beyond formally seconding it, and no argument or discussion shall be permitted thereon: Provided that, if the original motion has been submitted by a committee, the chairman of such committee, or, in his absence, a member thereof, may speak for not exceeding five minutes in explanation of any objection he may have to the adjournment.

Any motion having for its object the deferring of a final decision on any subject to a later meeting of the Council shall be deemed to be a motion for the adjournment of the debate.

#### Mover to Speak First.

64. On resuming an adjourned debate, the Councillor who moved its adjournment shall be entitled to speak first.

#### One Motion Only.

65. At the same sitting no member shall move or second more than one motion for adjournment of the same debate.

#### Resumption of Debate After Count Out.

66. If the debate on any motion, moved and seconded, be interrupted by the Council being counted out, such debate may be resumed at the next meeting at the point where it was so interrupted, on motion with notice.

#### Speaking at Subsequent Debate.

67. On a motion for the adjournment of a debate being carried, a record shall be taken of all those who have spoken on the subject under debate, and they shall not be permitted to speak on any subsequent debate on the same subject: Provided that this clause shall not deprive a mover of the right of reply.

## (4) That the Question be Now Put.

## Time to Move—Put Without Debate.

68. A Councillor may, at the conclusion of the speech of another Councillor, move without notice and without comment that the question under consideration be now put, and upon such motion being formally seconded the same shall be immediately put without debate.

## Two-thirds Majority.

69. A motion that the question under consideration be now put shall not be moved by a Councillor who has already spoken on the question, and such a motion shall not be carried without the consent of a two-thirds majority of the Councillors present.

## Speaking in Reply.

70. Whenever it is decided by the Council that the question under consideration shall be put, the mover of the question under consideration shall if the debate has ensued, and if otherwise entitled to do so, be permitted to speak in reply for not more than five minutes before the question is put.

## Motion to be Put at Once.

71. Should the motion be carried, the motion or amendment under debate shall be at once put.

## Question Includes Amendment.

72. Whenever it is decided by the Council that the question under consideration shall be put, the question to be so put from the Chair shall be construed and taken to mean and include the main question as well as any amendment thereto.

## (5) That the Council do Proceed to the Next Business.

## Time to Move.

73. It shall be competent for any Councillor at the close of the speech of any other Councillor to move, without notice, that the Council do proceed to the next business, and if the motion be seconded, it shall be put forthwith.

## Question to be Dropped.

74. When a motion be carried that the Council do proceed to the next business, the question under discussion shall be considered as dropped.

## Further Motion.

75. During the same debate a second motion that the Council do proceed with the next business shall not be made within one hour.

## (6) That the Council Resolve Into Committee.

## Decision of Council.

76. The Council may determine that any question shall be considered in Committee of the whole, and a motion to that effect may be moved without previous notice.

## Matters to be Considered by Committee.

77. Such Committee shall consider such matters only as shall have been referred to it by the Council.

## Conduct of Committees.

78. In Committee of the whole the Standing Orders of the Council shall apply except that Councillors may speak more than once to the same question.

## Adoption of Committee's Resolutions.

79. The Mayor shall report the resolutions arrived at in Committee of the whole to the Council, at its next ordinary meeting, or upon the resumption of the Council, as the case may require, and such resolutions shall be dealt with as the Council may think fit.

## Confidential Business.

80. All matters dealt with or brought before the Council in Committee or before any Committee of the Council shall be treated as strictly confidential, and unless and until the Council or a Committee appointed by the Council otherwise determine, no information whatever in relation to

the proceedings thereat shall be disclosed to any person outside the Council prior to the issue of the business paper containing the items to be submitted to Council for confirmation.

## Motion to Increase Expenditure.

81. No motion or amendment shall be moved at any meeting of the Council otherwise than in the form of a reference to the Finance Committee for consideration and report, if it would have the effect of incurring expenditure not provided for in the estimates.

## Rescission of Resolutions.

## Rescission.

82. No resolution of any meeting of the Council shall be revoked, rescinded, or altered at any subsequent meeting held during the Municipal year, except in the manner provided in Section 165 of the Act.

## Repetition of Negatived Motion.

83. No motion to the same effect as any motion which has been negatived by the Council shall again be entertained within a period of three months, unless with the consent of at least 7 members of the Council.

## Suspension of Standing Orders.

## How moved:

84. In cases of urgent necessity any standing order or standing orders of the Council may be suspended on motion duly made and seconded, provided that—

- (a) no such motion shall be made until all business appearing in the Notice Paper has been disposed of;
- (b) no such motion shall be carried unless the number of Councillors voting in the affirmative shall exceed those voting in the negative by at least four;
- (c) no such motion shall be permitted unless notice thereof in writing shall have been given at the time prescribed by Clause 12 of these Standing Orders, unless the Mayor shall be satisfied that this requirement could not reasonably have been complied with.

## Objects of Suspension to be Stated.

85. Any Councillor moving the suspension of any Standing Order shall state the object of such motion, but no discussion shall take place thereon.

## Voting.

## Method of Taking Votes.

86. The Mayor shall, in taking the vote on any motion or an amendment, put the question first in the affirmative, and then in the negative, and he may do so as often as is necessary to enable him to form and declare his opinion as to which party has the majority, on the voices or by a show of hands.

## Voting—Division.

87. (1) The Council shall vote on the voices, or by a show of hands as may in each case be directed by the Mayor, but any Councillor may call for a division on any question.

(2) Upon a division being called for the division bell shall be rung, and after the lapse of one-half of a minute from the bell ceasing to ring no Councillor shall be permitted to enter or leave the Chamber until after the division has been taken.

(3) When a division is being taken and until the vote is recorded, all Councillors voting in the affirmative shall stand up and all those voting in the negative shall remain seated.

## Committees.

## Standing Committees.

88. In addition to such special committees as may from time to time be appointed, there shall be four standing committees appointed from among the Councillors, namely:—

- (1) Finance and trading concerns committee.
- (2) A works committee.
- (3) A general purposes committee.
- (4) A health committee.

Each of the committees shall consist of not less than four members. Each of the said committees shall be appointed each year at the first meeting of the Council which shall be held after the annual election, and shall hold office until the 30th day of November following its appointment.

#### Election of Committees.

89. The members of the said committees shall, in default of agreement, be elected by ballot, and in the event of an equality of votes for two or more Councillors the Mayor shall have a casting vote.

89 (a) Whenever it becomes necessary to appoint a Councillor to represent the Council on the Board of Management of a public body or State instrumentality, notice shall be given to the Councillors of the necessity to make such appointment, at the meeting of the Council immediately preceding the meeting at which such appointment is to be made.

#### Powers and Duties of Committees.

90. The standing committees of the Council shall have the oversight of the following matters:—

##### Finance and Trading Concerns Committee.

- (a) The finances of the Council.
- (b) Items of expenditure recommended by the spending committees.
- (c) Estimates of receipts and expenditure for each financial year.
- (d) Loans.
- (e) The Council's official staff.

##### Works Committee.

- (a) Construction and maintenance of streets, ways, drains, bridges and other public places.
- (b) Sweeping and watering of streets.
- (c) Resumption of land for new streets, and widening existing streets.
- (d) Fencing vacant lands.
- (e) Construction of crossings over footpaths, and any constructional matters in connection with the streets.

##### Health Committee.

- (a) Matters affecting or relating to the health of the citizens.
- (b) House to house inspections.
- (c) Noxious trades, private hospitals, lodging houses, morgues, etc.
- (d) Places of public amusement.
- (e) Sale of food and drugs.
- (f) The nightsoil and rubbish services of the municipality and such area as is controlled by the Health Board.
- (g) Hawkers, dogs and goats.

##### General Purposes Committee.

- (a) Parks, reserves, enclosed ovals and children's playgrounds.
- (b) Resumption of land for open spaces.
- (c) Street trees.
- (d) Baths, town halls and office buildings.
- (e) Civic functions (with power to act).
- (f) Lighting of streets, ways, public reserves and public places and matters relating thereto.
- (g) Stands for licensed vehicles, and matters relating to control of traffic.

#### Special Committees.

91. Special committees may consist of any number of members and may be appointed for the performance of any duty which may be lawfully entrusted to a Committee, and for the performance of which, in the opinion of the Council, a special committee ought to be appointed. No standing committee shall interfere with any matter which may for the time being have been entrusted to any special committee. The appointment of a special committee shall be made by resolution of the Council which shall state the duties proposed to be entrusted to such special committee, and may either state the number of Councillors to be elected by ballot or shall name the Councillors who it is proposed shall constitute such committee.

In the event of a ballot being taken and an equality of votes being recorded in favour of any two or more Councillors, the Mayor shall have the casting

#### Convening Committee Meetings.

92. The Town Clerk shall call a meeting of any committee when requested to do so by the Mayor, the chairman, or any two members of such committee.

#### Standing Orders.

93. The standing orders of the Council shall be observed and apply in committees, except the order, limiting the number of times of speaking, and except as to committees being conducted with open doors.

#### Quorum.

94. At a meeting of a committee a quorum shall consist of not less than three members. Every meeting shall proceed to business so soon after the time stated as there shall be a sufficient number of Councillors in attendance to constitute a quorum.

#### Minutes.

95. Each standing committee shall keep a book, to be called the minute-book, in which shall be entered minutes of all its proceedings and transactions. The minutes of each meeting shall be confirmed at the following meeting and signed by the chairman thereof.

#### Penalty.

96. Any Councillor who shall be guilty of an offence against this by-law, shall be liable, on conviction before a Court of Summary Jurisdiction, to a penalty not exceeding £20.

Passed by the Council of the Municipality of Northam on the 11th day of January, 1951.

W. B. JAMES,

Mayor.

GEO. CHRISTMASS,

Town Clerk.

#### Recommended—

(Sgd.) C. H. SIMPSON,  
Acting Minister for Local Government.

Approved by His Excellency the Governor in Executive Council this 1st day of June, 1951.

(Sgd.) R. GREEN,  
Acting Clerk of the Council.

#### MOUNT MARSHALL ROAD BOARD.

##### Notice of Intention to Borrow.

(Loan No. 10.)

NOTICE is hereby given that the Mount Marshall Road Board at a Meeting held on the 26th day of April, 1951, resolved to borrow the sum of one thousand five hundred pounds (£1,500) to be expended on works and undertakings in the said district, the said works and undertakings being the purchase of one five (5) ton International Motor Wagon.

All particulars showing the proposed expenditure of the money to be borrowed are open for inspection at the office of the Board, for one calendar month after the last publication of this notice.

The amount of one thousand five hundred pounds (£1,500) is proposed to be raised by the sale of debentures, repayable with interest in ten (10) half-yearly instalments of a period of five years from the date of issue thereof. Such debentures to bear interest at the rate of 3½ per centum per annum, payable half-yearly. The amount of the said debentures and interest thereon, is to be paid to the State Treasury Department, Perth.

Dated this 6th day of June, 1951.

L. K. HAMMOND,  
Chairman.

D. RIGOLL,  
Secretary.

## ROAD DISTRICTS ACT, 1919-1948.

Dardanup Road District.

Building By-laws.

P.W. 762/28.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1948, the Dardanup Road Board makes the following by-laws relating to buildings:—

## Part 1.—Operation and Definition.

## Application.

1. These by-laws shall apply to all lands and buildings within the area of the Dardanup Road District.

## Commencement.

2. These by-laws shall come into operation immediately upon their confirmation and approval by the Governor and publication in the Government Gazette.

## Repeal.

3. From the date of coming into operation of these by-laws all building by-laws previously in force for the Dardanup Road Board are hereby repealed.

## Definitions.

4. In these by-laws, subject to the context:—  
“Act” means the Road Districts Act, 1919-1948, and amendments.

“Alteration” means any work made or done for any purpose in, or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which the building or erection, or any part thereof shall be used.

“Apartment” means a room or rooms or part of a building intended or adapted for a separate occupation as a dwelling, and includes a flat.

“Apartment building” means a building containing two or more apartments.

“Approved” means approved by the Board in writing or (in case where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls and such portions of the party walls as belong to the building.

“Board” means the Dardanup Road Board.

“Build” means and includes erect, build, or construct, or cause to be erected, built or constructed.

“Building” means and includes erection, structure, detached room, out-building, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed, or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling house” means a building used or adapted to be used wholly or principally for human habitation.

“District” means Dardanup Road District.

“External wall” means the outer wall of a building, not being a party wall, even though it adjoins a wall of another building.

“Fire-resisting” used with reference to any materials includes (a) brickwork constructed of good bricks well burnt, hard and sound, properly bonded and solidly put together with good lime or cement mortar; (b) any stone suitable for building purposes by reason of its solidity or durability; (c) sheet metals or other similar materials which are, in the opinion of the Board, fire-resisting; (d) iron and steel (when used for columns, girders, or wall framing) encased in cement, concrete, or other incombustible or non-conducting external coating; (e) slate, tiles, brick, and terra-cotta, when used

for covering or corbels; (f) concrete when composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

“Height” in relation to any building means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or when there is no such footway from the level of the ground before excavation to the level of the ceiling or tie of the topmost storey.

“Height” in relation to storey means:—(a) In the case of the topmost storey, the measurement between the floor and the ceiling thereof, or between the floor and the undersurface of the tie of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof; (b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

“Hoardings” included any erection or structure erected, built, constructed, or used, or that may be used for the purpose of writing, painting, pasting, or posting thereon notices, advertisements, placards, or other printed, painted, or written matter or any erection or structure, being of a greater height than six feet from the level of the adjoining street.

“Main rooms” means and includes all rooms used or intended to be used as bedrooms, dining rooms, lounges, ordinary living rooms or kitchens.

“New Buildings” includes:—(a) Any building erected or commenced to be erected after the date of these by-laws coming into operation; (b) any building of which more than half of its cubical contents has been taken down or destroyed by fire, tempest or otherwise, and is re-erected, or commenced to be re-erected wholly or partially on the same site after the date of these by-laws coming into operation; (c) any buildings removed or transported wholly or in sections into the district or to another part of the district after the date of these by-laws coming into operation.

“Outbuildings” means any building on the curtilage of any dwelling, shop or combined shop and dwelling used as a work shop or storeroom not being a building for the storage of inflammable materials, nor for the housing of animals, including birds.

“Party wall” means a wall built to be used as a separation of two or more buildings or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

“Person” includes corporation.

“Prescribed” means prescribed by these by-laws.

“Public place” has the same meaning as in the Act.

“Reinforced concrete” means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

“Right-of-way” means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

“Road” has the same meaning as in the Act.

“Surveyor” means the building surveyor or acting building surveyor appointed by the Dardanup Road Board, having for the time being the administration of these by-laws.

“Shop” means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes saloons of barbers and hairdressers, and offices of agents, auctioneers, and all other businesses and trades. A bona fide boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

"Square" applied to the measurement of any area means the space of one hundred square feet.

"Surface or Ground Level" means the level of the ground as determined by the surveyor or engineer.

"Wooden building" means buildings constructed of wood, or buildings having wooden frames.

#### Part 2.—Classes of Buildings.

5. For the purpose of these by-laws, buildings shall be divided into three classes:—

Class A.—"Domestic class" which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses and studios.

Class B.—"Warehouse class" which includes all buildings subject to vibrations and heavy loading of floors such as warehouses, factories, mills and places for storage and manufacturing of goods.

Class C.—"Public building class" which includes all buildings designed to accommodate an assemblage of people, such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In case of doubt the surveyor shall finally determine to which class any particular building belongs.

#### Part 3.—Notice of Intention to Build or Demolish and Lodging of Plans.

##### Notice to be Given.

6. No builder shall commence any building, or any addition, or alteration to any building without first delivering at the office of the Board a written application in the form of the First Schedule hereto before so commencing and delivering to the surveyor:—

##### Plans and Specifications.

(a) Properly prepared plans and specifications of such building addition or alteration together with a tracing or copy of the plans of such building, addition, or alteration and also details and dimensions, sizes and qualities of all materials and enumerating any old materials proposed to be used in the construction of the same. Plans shall be drawn in ink and specifications typed or legibly written. Plans to be of good quality parchment 22 inches by 15 inches. Scale  $\frac{1}{8}$  inch to 1 foot.

##### Block Plan.

(b) A block plan showing relation of the building to adjoining buildings and boundaries.

##### Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

##### Drainage.

(d) Particulars of the proposed method of drainage.

##### Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of these by-laws applicable thereto are being complied with.

##### Tracing Retained.

7. The tracing or copy of the plans and details of materials shall be retained by the surveyor and the original plans and specifications when approved shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

##### Plans etc. to be Kept at Building.

8. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or accredited officer of the Board at all reasonable times on demand, during the construction or erection, or alteration, or addition, as the case may be, and for 14 days after the completion thereof.

#### Permits and Fees.

9. No person shall commence a building of any kind or addition or alteration to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of the same and without having first paid to the Board fees in accordance with the scale set out in the Second Schedule hereto, having regard to the class of building.

#### Area of New Building.

10. The decision of the surveyor as to the area of a new building, or value of an addition shall be final and conclusive.

#### Permit shall Lapse after Six Months.

11. A permit obtained pursuant to these by-laws shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within 12 months from the date of such permit.

#### Surveyor may Enter and Inspect.

12. The surveyor at all reasonable times during the progress and after the completion of any building, or addition, or alteration to any building affected by these by-laws, may enter and inspect such building, or addition, or alteration. Any person obstructing or hindering the surveyor shall be liable to a penalty of not more than ten pounds (£10).

#### Surveyor may Stop Work if Contrary to By-laws.

13. The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Board under these by-laws, in the event of his not being satisfied that all the provisions of these by-laws are being complied with, and any person who continues to build, or erect, or works on the site after notice from the surveyor to desist, shall be guilty of an offence against these by-laws.

#### Demolition or Removal of Buildings.

14. When a building is to be demolished or removed the owner or contractor shall give 24 hours' notice to the surveyor of such intended demolition or removal.

15. Provision shall be made so as to avoid all nuisance from dust or falling refuse by spraying water on same by means of a hose or other approved method.

#### Sanitary Conveniences for Workmen.

16. Before commencing any building operations upon any building site, the contractor, or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all working upon the site, such sanitary conveniences shall be in accordance with the requirements of the Health Act.

#### Low-lying Land.

17. Where land upon which a building is to be erected is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that, having regard to the water level, during winter months, filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take the level for any building, the surveyor shall determine the level at which any building shall be commenced and if he considers it to be necessary shall require the owner or contractor to fill in to a given level.

#### Dwelling Houses.

##### Distance from Road.

18. No building which is intended to be used as a dwelling house, and no addition to any such building, shall be built within a distance of 25 feet measured horizontally from the road to the

building fronts, unless a building line at a different distance has been fixed by a proper authority.

#### Distance from Side Boundary.

19. No building which is intended to be used as a dwelling house and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of three feet if of brick, or six feet if of wood or wood frame measured horizontally from the boundary of the allotment on which such building is erected.

#### Minimum Area of Open Land.

20. At least one-third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

#### Minimum Area of Dwelling House.

21. Every dwelling house shall consist of a total area of at least 500 square feet, excluding verandahs.

#### Provision of Bathroom, Wash-troughs, Copper, etc.

22. Provision shall be made in all new or re-erected dwellings for a bathroom fitted with bath and wash-basins, also laundry facilities consisting of wash-troughs and copper, properly fitted and housed in accordance with any provisions of the Health Act and any regulations or by-laws made thereunder which may from time to time be applicable.

#### Computing Distances.

23. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

#### Occupation of Dwelling.

24. No person or persons shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any new or re-erected dwelling until a certificate has been issued by the surveyor in writing, stating that the dwelling has been completed in accordance with the plans approved by the Board, the building by-laws, and the Health Act.

#### Stables.

25. Stables may be erected with walls of brick, stone or concrete, or other material approved by the Board provided that in stables of more than two squares in area, the distance of any wall of such stable from land not in the same occupation or possession shall not be less than the vertical height of such wall including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

#### Distance of Stables from Boundaries.

26. No stable may be erected nearer than 30 feet to any dwelling, nor nearer than 10 feet to the boundary of land not in the same occupation.

#### Fowl-houses.

27. Fowl-houses of not more than two hundred square feet in area and not above six feet in height may be erected at rear of dwelling, provided that the nearest portion of such fowl-house is at least 30 feet from any building used as or intended for a dwelling, and at least four feet from the boundary of land not in the same occupation.

Fowl-houses of larger area may be erected if at a distance of at least 50 feet from any street and 40 feet from any dwelling house and at least four feet from the boundary of land not in the same occupation. They must be of fire-resisting materials approved by the surveyor, and the building shall not be more than seven feet high.

#### Materials for Garages.

28. Every garage shall be constructed of fire-resisting material unless otherwise approved by the Board. Where fire-resisting sheets are used for walls, framing and dado of approved hardwood may be used.

#### Position of Garage.

29. No garage shall be erected nearer than the dwelling house to which it is appurtenant to any road fronted by such dwelling-house. Provided that if there is no means of access for motor vehicles to the rear portion of the allotment on which such dwelling-house is erected, a garage may be erected on the front boundary of such allotment subject to a plan showing the exact position in which such garage is proposed to be erected, and the approximate position of any buildings in the allotments adjoining, together with the design of the garage proposed to be erected, and the front elevation thereof being submitted to and approved of by the Board but so that no part of such garage shall be between the dwelling-house and the road.

In special cases where the physical configuration or dimensions of the ground preclude the observance of the distances prescribed the Board may permit the erection of a garage in another position.

#### Doors of Garage.

The doors of a garage when opened shall not encroach on any road.

#### Garage Incorporated with Dwelling.

Where a garage is incorporated as part of the main building it shall in all respects conform thereto, but must have a ceiling of fire-proof material approved by the surveyor.

#### Garages on Corner Blocks.

No garage shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or if there is no adjoining building, at a less distance than 20 feet from such road.

#### Apartment Buildings.

##### Area of Land to be Occupied.

30. The total floor area of an apartment building together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

##### Area of Each Apartment.

31. The total floor area of each apartment shall be at least 400 square feet. In addition thereto, every apartment shall have for the exclusive use of the occupants thereof, at least 100 square feet of verandah space.

##### Area of Main Rooms.

32. Every main room in an apartment shall have a floor area of at least 100 square feet and no wall of such room shall be less than nine feet in length.

##### Apartment to be Self-contained.

33. Every apartment shall be self-contained; it shall contain its own kitchen, bathroom and lavatory. It shall have separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the Building By-laws of the Board for the time being in force.

#### Part 4.—Building Materials.

34. All workmanship and materials used in the construction or alteration of any building shall be the best of their respective kinds and in accordance with recognised building practice; all materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have the power to condemn any material which in his opinion is not suitable for use in such building or addition.

## Second-hand Material.

35. No old or second-hand material may be used in any building unless approved in writing by the surveyor.

## Bricks.

36. Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used.

## Sand.

37. Sand used for mortar or concrete in any building shall be clean and sharp and free from loam, dirt, salt or organic matter.

## Lime Mortar.

38. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime, and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

## Cement Mortar.

39. Cement mortar shall be composed of good Portland cement or other cement of equal quality, mixed with clean sharp sand, in proportion of at least one part by measure of cement and not more than four parts by measure of sand.

## Timber.

40. All timbers and wooden beams used in any building shall be of good sound material, free from rot, large loose knots, shakes, or other imperfections whereby the strength may be impaired, and in the case of dwellings, shall be of such sizes, dimensions and spaces as set forth in by-laws 41 and 68. In other buildings all timbers shall be of such as will afford safe loadings, and shall be to the satisfaction of the surveyor.

## Dimensions of Timber.

41. The timber used in brick dwelling-houses shall conform to not less than the following minimum sizes.

Bottom wall plates, 3in. x 2in.

Floor joists, 4in. x 2in. at 1ft. 6in. centres.

Bearers, 4in. x 3in., not exceeding 5ft. 6in. centres, and shall be at least 6in. clear of the ground.

Top plates, 4in. x 1½in.

Rafters, 4in. x 2in. at 2ft. centres for other than iron roofs, or 3ft. centres for iron roof.

Purlins, 4in. x 3in. for tile roof and 4in. x 2in. for iron or asbestos roof in such positions that no rafter has an unsupported span of more than 7ft.

Struts to under purlins, 4in. x 2in. when not exceeding 4ft. in length and 4in. x 3in. for lengths exceeding 4ft. to support under purlins at least every 7ft.

Batten for tiles, 2in. x 1in.

Battens for iron, etc., 3in. x 1½in. not more than 3ft. 6in. apart.

Ceiling joists, 4in. x 2in. at 2ft. centres or 3in. x 2in. at 18in. centres.

Ceiling hangers, 8in. x 1½in. hung to roof timbers at least every 6ft. and in positions so that no ceiling joist has an unsupported span of more than 7ft.

Collar ties, 4in. x 1½in.

Ridge, 7in. x 1in.

Hips and valleys, 8in. x 1in.

## Lintels.

42. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specifications of materials to be used, such designs to be approved at the same time as the plan of the building. Lintels up to six feet span shall be three courses in depth, lintels from six to eight feet span shall be four courses in depth. All such lintels shall be reinforced with at least half-inch steel rods,

not less than three rods per lintel and proper bearing, to the satisfaction of the surveyor, shall be given at each end of lintel.

## Part 5—Construction.

## Excavation and Inspection of Trenches.

43. All excavation for footings shall be not less than 12 inches below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours' notice has been given to the surveyor that the trenches are ready for inspection.

## Walls to have Footings.

44. Unless with the consent of the surveyor, every external wall and every party wall not carried on a bressummer, and every pier and storey post shall have footings.

## Dimensions of Footings.

45. The width of the bottom of the footing of every wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16 inches wide, unless approved by the surveyor and the height of such footing shall be at least equal to the thickness of the wall at its ground level, but in no case less than nine inches.

## External Walls.

46. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting material approved by the Board: Provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos cement sheets, subject to the conditions set out in these by-laws for buildings wholly or partly of wood.

## Construction of External Walls.

47. Every wall constructed of brick, stone, or other similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall over-hang any part underneath it to a greater extent than nine inches and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbeling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

## Damp Course.

48. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand or other approved material at least six inches above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall not be less than half an inch in thickness.

## Hollow Walls.

49. External walls may be constructed as hollow walls if constructed in accordance with the following rules:—

- (a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch.
- (b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised iron, glazed stoneware, or other material approved. Such tie shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically.
- (c) The thickness of each part of the wall shall throughout be not less than four and one-half inches.
- (d) The aggregate thickness of the two parts excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length.

- (e) No hollow wall of not more than 11 inches in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace or projecting pier, to the satisfaction of the surveyor.

#### Concrete Blocks.

50. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate, and shall be kept damp for a period of not less than four days, and shall not be used green. The blocks shall be bedded and jointed in cement mortar.

#### Thickness of Walls, Domestic Class.

51. No external walls in brick, stone, concrete, or cement block shall have less than the thickness prescribed in the following Table "A".

Table "A"—Buildings of Domestic Class.

Length of Wall.	No. of storeys.	Thickness of Walls in inches.	
		Ground floor.	First floor.
Walls built with lime mortar—			
Not exceeding 30ft. ....	1	9	—
	2	9	9
Exceeding 30ft.	1	13½	—
	2	13½	13½
Walls built with cement mortar—			
Not exceeding 30ft. ....	1	9	—
	2	9	9
Exceeding 30ft.	1	9	—
	2	13½	9

52. If any storey exceeds in height 18 times the thickness prescribed for walls of such storey, the thickness of each external and party wall through such storey shall be increased to one-eighth part of the height of the storey and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

53. The height of any storey may be 20 times the thickness of walls prescribed for such storey, if built with cement mortar.

#### Thickness of Walls, Warehouse Class.

54. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table "B".

Table "B"—Buildings of the Warehouse Class.

Length of Wall.	No. of Storeys.	Thickness of Walls in inches.		
		Ground floor.	First floor.	Second floor.
Walls built with lime mortar—				
Not exceeding				
75ft. ....	1	13½	—	—

Exceeding				
75ft. ...	1	13½	—	—
	2	18	13½	—
	3	18	18	13½

#### Thickness of Walls Under Certain Conditions.

55. Walls under 75ft. in length may be constructed 9in. thick, provided they are strengthened with four and one-half inch piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12ft. when built of lime mortar, or 13ft. 6in. when built of cement mortar.

56. The thickness of walls under 20ft. in length may be two-thirds the thickness required for external or party walls, as stated in Tables "A" and "B," but in no case less than nine inches.

57. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of these by-laws is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fifth part of the length of the wall. No increase in the thickness of brick walls shall be less than four and one-half inches. The height of any storey built on cement mortar may be 18 times the thickness of such storey.

#### Special Construction.

58. Notwithstanding the foregoing provisions, the Board may approve the construction of walls of special design, such as monocrete, denaro brick or reinforced concrete, of dimensions other than as specified above, but subject to limitations and conditions imposed by the Board as a condition of such approval.

#### Lengths—How Measured.

59. Walls are deemed to be divided into distinct lengths by return wall, and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party or cross walls of the thickness required by this part of these by-laws and bonded into the wall so deemed to be divided.

#### Cross Walls.

60. The thickness of a cross wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than nine inches, and no wall subdividing shall be deemed to be a cross wall unless it is carried up to the plate level of the topmost storey, and unless in each storey the aggregate extent of the vertical faces or elevation of all recesses, and that of all the openings therein taken together does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation; but in one storey buildings of the domestic class, four and one-half inch cross walls will be permitted, provided the unsupported length of any wall does not exceed 25ft.

#### Cross Wall Becomes External Wall.

61. Whenever a cross wall becomes any part of an external wall, the external part of such cross wall shall be of the thickness required for an external wall of the same height and length belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

#### Internal and Partition Walls.

62. (1) All internal bearing walls and partition walls shall be constructed in such a manner as may be approved by the surveyor and except in the case of wooden buildings, all such walls shall be not less than 4½ in. thick: Provided that, where such walls form a division between flats, then such walls shall not be less than 9 in. thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressummer, shall have footings, and such footings shall be at least twice the thickness of the wall resting upon it.

#### Isolated Piers.

63. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and 12 times if built of cement mortar.

#### Parapet to Walls on Boundary.

64. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within two feet of such boundary then the external wall of such building shall be carried up to form a parapet of 15 in. at least in height above the roof, or above the highest part of any flat or gutter, as the case may be.

#### Parapet, Warehouse Class.

65. In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of 9 in. at least.

#### Party Walls.

66. Every party wall shall be carried up for a height of 15 in. above the roof, measured at right angles to the slope thereof, or 15 in. above the highest part of any flat or gutter, as the case may be, and of a thickness, in buildings of the warehouse class, equal to the thickness of such wall in the topmost storey and, in any other building, of a thickness of 9 in. at least: Provided however, that in the case of domestic buildings, where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least 9 in. in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

67. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within 4 ft. of such party wall, and shall extend at the least 15 in. higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto and within four feet therefrom.

#### Buildings Wholly or Partly in Wood.

68. The external walls of any wooden building shall not exceed 15 ft. in height, measured from the floor level to the top of the wall plates. Every such building shall be wholly in one occupation or adapted so to be.

The following shall be the minimum sizes and spacings of timbers:—

All timbers shall be jarrah or other hardwood approved by the Board. Where timbers larger than those specified are used the spacings may be extended beyond the figures given, provided the approval of the surveyor is first obtained.

Stumps, not less than 4 in. x 4 in. spaced not more than 5 ft. centres. They shall be sunk 18 in. into the ground and tarred to 6 in. above ground surface. Ant stops of galvanised iron projecting 1 in. all round shall be provided. Paper bark stumps not less than 6 in. in diameter measured at the small end may be used if approved by the Board.

Sole Plates, 18 in. x 6 in. x 1½ in.

Where the nature of the ground precludes the use of jarrah or paper bark stumps, 9 in. x 9 in. brick piers shall be provided.

Bearers, 4 in. x 3 in. at not more than 5 ft. 6 in. centres and kept at least 6 in. clear of ground. Double joists shall be provided under walls where bearers do not occur.

Floor joists, 4 in. x 2 in. at not more than 18 in. centres.

Vermin plates, 4 in. x 2 in.

Studs, 4 in. x 2 in. at not more than 24 in. centres.

Angle and corner studs, not less than 4 in. x 4 in., but may be comprised of three 4 in. x 2 in. studs fabricated together. Top and bottom plates, 4 in. x 2 in. where the height of a building does not exceed 10 ft. measured from the floor level to the top of the wall plate, 3 in. x 2 in. studs and plates may be used with angle and corner studs not less than 3 in. x 3 in. or three 3 in. x 2 in. studs fabricated together, except where the roof covering is of tiles or slates, in which case 4 in. x 2 in. studs and plates are to be provided in all external walls.

Rafters, 4 in. x 2 in. at 2 ft. centres for tile roofs and 3 ft. centres for iron or asbestos roofs.

Under purlins, 4 in. x 3 in. for tile roofs, in positions so that no rafter has an unsupported span of more than 7 ft.

Struts to under purlins, 4 in. x 2 in. for lengths not exceeding 4 ft. and 4 in. x 3 in. for lengths exceeding 4 ft. to support under purlins at not more than 6 ft. intervals.

Battens for tiles, 2 in. x 1 in.

Battens for iron or asbestos, 3 in. x 1½ in. not more than 3 ft. 6 in. apart.

Ceiling joists, 4 in. x 2 in. at not more than 2 ft. centres, or 3 in. x 2 in. at not more than 18 in. centres.

Ceiling hangers, 8 in. x 1½ in., in positions so that no ceiling joist has unsupported span of more than 7 ft.

Collar ties, 4 in. x 1½ in.

Ridge, 7 in. x 1 in.

Hips, 8 in. x 1 in.

Valleys, 8 in. x 1 in.

Fascias and barges, 9 in. x 1 in.

Floor boards, 1 in. thick before dressing.

Weatherboards, 1½ in. lap.

No framing timber in any building shall be notched or checked out so as to decrease the above sizes by more than one-quarter.

Vermin plates shall be used in all wooden buildings except sheds.

W.Cs. and privies shall be constructed not less than 5 ft. x 3 ft. internal dimensions and in accordance with any provisions of the Health Act and any regulations or by-laws made thereunder which may from time to time be applicable.

#### Roughcast and Stucco.

69. Roughcast and stucco work shall be applied only to brickwork, provided that in certain cases, such as gables of dwellings, or other ornamental sections of dwellings, roughcast may be applied to expanded metal fixed in an approved manner.

#### Interior Walls or Dwellings.

70. The interior of all walls and ceilings of every wooden or wooden-framed building, and the ceiling of every other class of building, which is intended to be used, or which may be used as a dwelling-house, shall be constructed of plaster sheets, or other fire-resisting materials.

#### Roofs.

71. The roof of every building shall be constructed of metal, tiles, slates, glass, artificial stone, cement or shingles, or other material approved by the Board.

#### Reinforced Concrete Buildings.

72. In all cases where reinforced concrete is employed, whether in buildings as a whole or in portions of buildings, before the actual carrying out of the work or any portion thereof, complete drawings of such work or portion shall be delivered to the surveyor, showing all details of the construction and the size, spacing, and arrangement of all reinforcing members.

## Public Buildings.

73. In any case in which the plans of any proposed public building are required by law to be approved by the Public Health Department, or any other department, such approval shall be obtained before such plans are submitted for the Board's approval.

## Shops.

## Minimum Area of Land.

74. (1) Every shop shall have a frontage of at least 18ft., to a road;

(2) No shop shall be of less width in any part thereof than 18ft.

## Access to Rear of Shop.

75. Every shop shall be so erected and built that without passing through the building there is a reasonable access to the back premises and offices of such shop for the removal of nightsoil and other refuse to a road or land 10ft. wide at least.

## Separate Entrance for Shop and Dwelling in different occupations.

76. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

## Alterations and Additions.

## Alterations.

77. Except with the consent of the Board, or the surveyor, no alteration shall be made to any building in such manner that when so altered it will by reason of such alteration, not be in conformity with the provisions of these by-laws relating to new buildings.

## Additions and Alterations.

78. Every addition to, or alteration of a building, and any other work made or done for any purpose in or on a building (except necessary repairs which do not affect the construction of a building) shall so far as regards each addition, or alteration or other work, be subject to the provisions of these by-laws relating to new buildings.

## Ventilation, Lighting and Drainage.

## Height of Rooms.

79. The main rooms in all buildings shall be in every part not less than 9ft. 6in. from floor to ceiling and the minimum height for wash-houses and external bathrooms shall be 7ft. 4in. The minimum height of verandahs shall be 7ft. 4in. from floor level to top of the plate.

## Attic Roofs.

80. Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof may be not less than 9 ft. in height from floor to ceiling over two-thirds of the floor area, if the height over the remaining one-third of the floor area is at least 9 ft. 6 in.

## Minimum Area of Rooms.

81. No main room in any building shall have a less floor area than 100 square feet, and no wall of such room shall be less than 9 ft. in length. The minimum floor area of bath-rooms, laundries and sleepouts shall be 36 square feet, 50 square feet, and 80 square feet, respectively.

## Windows (Natural Lighting).

82. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into external air; the area of such windows shall be not less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

## Ventilation (Other than Dwellings).

83. The ventilation of all buildings, parts of buildings, type of ventilators to be used arrangement and situation of ventilation openings, shall be subject to any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

## Ventilation (Dwellings).

84. Every part, and every room of any dwelling house or building intended to be used for habitation, shall be ventilated as required under any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

## Ventilation (Sub-floor).

85. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floors to allow a current of air to flow freely under all parts of the building. Type of ventilator used and spacing of same shall be the subject of approval by the surveyor and in accordance with any provisions of the Health Act or any regulations or by-laws made thereunder which may from time to time be applicable.

## Lighting and Ventilation (Shops).

86. The provisions of this part of these by-laws relating to height of rooms, lighting and ventilating of main rooms to dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provisions for ventilation is made, and the minimum height of ceiling in shops shall be 11 feet.

## Enclosing of Verandahs.

87. No verandah of any dwelling, or shop, or other building shall be enclosed, or built in such manner as to exclude natural light, or reduce the proper ventilation of any building or any part thereof. The use of hessian or jute bags, or similar materials for enclosing or screening verandahs is prohibited.

88. No verandah shall be totally enclosed for habitation or sleeping, but may be partially enclosed if a minimum height of 7 ft. 4 in. as hereunder:—

(1) A brick, concrete, jarrah, or asbestos dado shall be constructed for a maximum height of 4 ft. from the floor level of such verandah or sleepout in accordance with the existing by-laws.

(2) The space above the dado shall be constructed as follows:—

- (a) of fly wire totally; or
- (b) of fixed clear or white obscure glass louvres minimum height of 4 ft.; or
- (c) of mechanically adjustable (to open and partially close) clear or white obscure glass louvres, minimum height 3 ft. 6 in. sash;
- (d) louvres described in (b) and (c) shall be approved by the Board or building surveyor;
- (e) of sliding windows containing clear or white obscure glass, minimum height 3 ft. 6 in. sash (casement windows not permitted);
- (f) the total length of the louvres or windows described in (b) (c) (e) shall not be less than 70 per cent. of the total length of the sleep-out or verandah measured along the side and one end, but the end exposed to weather (paragraph (g)) shall not be included in this measurement;
- (g) subject to the approval of the Board or the building surveyor, the end of the verandah or sleep-out most exposed to the wet weather may be totally closed up in brick, concrete, jarrah, or asbestos, but one window, minimum size 3 ft. x 2 ft. shall be provided in such enclosed end if any existing window is in close proximity or may have its lighting reduced unduly by such total end enclosing.

(3) Any sleep-out or partially enclosed verandah shall provide that any existing windows shall not be obscured by any opaque substance which will reduce the existing lighting to existing rooms.

(4) New sleep-outs of minimum height of 7 ft. 4 in. (not being partially enclosed verandahs) shall comply fully with this by-law and existing by-laws.

(5) The rules of this by-law shall not apply to a sleep-out where its height from the floor to ceiling is 9 ft. 6 in. or more, providing the floor area is 80 square feet or more and providing its total air space is not less than 720 cubic feet, but shall comply with the existing by-laws for habitable rooms.

#### Floors.

89. Floors, other than verandah floors, shall be fixed level, and in all buildings the ground floor, if of wood, shall have a space of not less than 6 in. between the ground and the underside of the floor bearers.

Permit may be Refunded if Drainage is not Satisfactory.

90. The Board may refuse to approve the plan of any building or any addition, or alteration to any building, until it is satisfied that the proposed building, or addition, or alteration and the site and curtilage thereof will be properly drained in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

#### Drainage of Waste Water.

91. Every person who shall erect a building shall provide proper drainage for the disposal of all waste water in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

#### Waste Pipes.

92. Waste pipes from baths, sinks, wash troughs and similar sanitary fittings shall be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under fittings, metal cleaning eyes shall be fitted at all changes of direction and angles of waste pipes in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

#### Roof-Water Disposal.

93. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least 2 ft. clear of the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary, all storm-water from the roof of such buildings shall be carried by pipes direct to the street drains, or gutters in such a manner as directed by the surveyor.

#### Water Supply.

94. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity or as may be prescribed in any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable. Such tank shall be completely covered at its top and provided with a manhole fitted with a tight-fitting lid.

#### Provision of Manhole in Ceiling.

95. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

#### Removal of Buildings.

96. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of these by-laws to be a new building erected for the first time on the site whither it is removed.

Verandahs over Footpaths, Projections, Signs, Hoardings and Fences.

#### Verandahs.

97. No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure, dimensions and materials as set forth on the plan and specifications, for the time being adopted by resolution of the Board, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than 9 ft. above the level of the outer edge of the footway. All such verandahs and projections shall be of the cantilever type.

#### Openings in Roof of Verandah.

98. No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire-netting or armoured glass to the satisfaction of the surveyor.

#### Porch Landing, etc.

99. Every porch, gangway, outside landing, and outside step shall be of fire-resisting material and shall not project beyond the boundary of any road or public place.

#### Shop Windows.

100. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30 ins., nor within 12 ins. of the level of the footpath immediately adjoining the same.

#### Woodwork abutting on Roads.

101. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

#### Signboards, Hanging Lamp, etc.

102. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over the roadway unless permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction and design approved by the surveyor and shall be in no part less than 8 ft. 6 in. above the level of the footpath or road. No signboard shall exceed in depth 3 ft. nor shall any signboard project over a road or footpath except with the approval of the Board.

#### Unightly or Dangerous Fence.

103. When any fence abutting on any road or public place within the district is in a dangerous or unsightly state, the Board may, by notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down or repair such fence as the case may require, and such owner shall comply with such notice.

#### Fences and Walls.

104. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least 9 in. high unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone or concrete, or other similar substance shall be constructed with a base to be approved by the surveyor.

#### Brick Chimneys, Flues, Fireplaces and Heating Apparatus, Foundations, Footings, etc.

105. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings

upon party, external or cross-walls, to the satisfaction of the surveyor, or on corbels of brick, stone or other incombustible material, and the work so corbelled does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out not more than 14in. from walls 9in. in thickness on corbels of stone or incombustible materials not less than 10in. in depth and of the full width of the jambs.

#### Chimneys, etc., with Soot-doors.

106. (1) Chimneys and flues having proper soot-doors of not less than 40 square inches may be constructed at such angle as is approved by the surveyor, but in no other case shall any flue be inclined at less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

(2) Position of soot-doors.—All soot-doors shall be distant at least 15in. from any woodwork.

#### Arches.

107. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied by an iron bar, or bars of sufficient strength turned up or down at the ends and built into the jamb for at least 4½in. on each side.

#### Flues.

108. A flue shall not be adapted to or used for any new oven, furnace, steam boiler, or other fire used for any purpose of trade or business, or to or for the range or cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least 9in. thick, or reinforced concrete 6in. from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situated to 12in. above the roof.

#### Flues in Connection with Engines.

109. A flue shall not be used in connection with a steam boiler or hot-air engine unless the flue is at least 20ft. in height measured from the level of the floor on which such engine is placed.

#### Linings, etc., of Flues.

110. The inside of every flue, and also the outside where passing through any floor, or roof, or space enclosed by the roof or behind or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

#### Jambs.

111. The jambs of every fireplace opening shall extend at least 9in. on each side of the opening thereof.

#### Incombustible Material in Certain Cases.

112. The breast of every chimney shall be of incombustible material, at least 4in. in thickness and the brickwork surrounding every smoke flue shall be at least 4½in. in thickness, provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wyth of cast iron not less than 1in. in thickness.

#### Backs of Fireplaces.

113. The back of every fireplace opening in party or external walls from the hearth up to a height of 12in. above the lintel or arch shall be brickwork at least 9in. thick, or shall be reinforced concrete 6in. thick. No flue shall be within 2in. of the centre line of any party wall.

#### Thickness of Flues.

114. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees shall be at least 9in.

#### Height.

115. Every chimney flue or chimney shaft shall be carried up in brick or stone work at least 4in. thick throughout to a height of not less than 3ft. above the roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat or gutter.

#### Top Courses.

116. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

#### Chimney Shafts.

117. The brickwork or stonework of any chimney shaft except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof-flat or gutter adjoining thereto than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft, is built with, and bonded to another chimney shaft, not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

#### Slabs.

118. There shall be laid level with the floor of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible material, at least 6in. longer on each side than the width of such opening, and at least 14in. wide, in front of the breast thereof.

#### How to be Laid.

119. On every floor except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers, or other incombustible materials, but on the lowest floor it may be bedded on concrete, covering the site or on solid materials placed on such concrete.

#### Hearths, etc.

120. The hearth or slab of every chimney shall be bedded wholly on brick, stone or other incombustible materials, and shall together with such material be solid for a thickness of 6in. at least beneath the upper surface of such hearth or slab.

#### Flues in Party Walls.

121. A flue shall not be built in, or against, any party structure or existing wall, unless it is surrounded with good sound brickwork, or other approved material, at least 4½in. in thickness, properly bonded to the satisfaction of the surveyor.

#### Cutting Away Chimney Breast.

122. A chimney breast or shaft built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

#### Cutting Into Chimney Shaft.

123. A chimney shaft, jamb, breast, or flue shall not be cut into except for the purpose of repair or doing one or more of the following things:—

- (1) Letting in or removing or altering flues, pipes or funnels for the conveyance of smoke, hot air, or steam.
- (2) Forming openings for soot-doors, each opening to be fitted with a close iron door and frames.
- (3) Making openings for the insertion of ventilating valves.

Provided that an opening shall not be made nearer than 12in. to any timber, or combustible material.

#### Position of Timberwork.

124. Timber or woodwork shall not be placed—
- (1) under any chimney opening within 6in. from the upper surface of the hearth of such chimney opening;
  - (2) within 2in. from the face of the brickwork or stonework above the chimney or flue, unless the face of such brickwork or stonework is rendered.

#### Position of Wooden Plugs.

125. Wooden plugs shall not be driven nearer than 3in. to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than 2in. thereto.

#### Ironwork.

126. No iron or steel joists, or other ironwork shall be placed in any flue except insofar as the same may be required for insuring stability.

## Floors Above Furnace or Ovens.

127. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18in. from the crown of an oven shall be constructed from fire-resisting material.

## Exempted Buildings.

128. This by-law shall not apply to any temporary or removable offices and sheds used by builders during the construction of any building at or about the site of such building for a period not exceeding 12 months.

## Enforcement of By-laws and Penalties.

129. No building may be erected except in compliance with these by-laws. No person shall erect, build, or construct, remove, or make any alteration or addition to, or cause to be erected, built or constructed, removed, or make any alteration or addition to any building, contrary to the provisions of these by-laws.

## Penalty for Breach.

130. Any person who shall be guilty of any breach of any of the provisions of these by-laws, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than one pound and not exceeding twenty pounds.

## Notice to Make Building Conform to By-laws.

131. If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of these by-laws, the Board or any officer thereof may give to the owner, occupier or builder, or leave upon the site of such building notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building within the time as limited in such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

## No Alterations Infringing By-laws.

132. No alteration shall be made in any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of these by-laws relating to new buildings.

## No User Infringing By-laws.

133. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of these by-laws: Provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of these by-laws for any purpose for which it was then being used.

## Licenses for Hoardings.

134. The Board may grant licenses in accordance with the provisions of regulation (3) of the Second Schedule to the Road Districts Act for the erection of a hoarding or fence to the satisfaction of the surveyor. Such license shall be in the Form A of the Third Schedule hereto.

## License for Deposit of Materials on Roads etc.

135. The Board may grant licenses in accordance with the provisions of regulation (4) of the Second Schedule to the Road Districts Act for the deposit of materials on any road or way or the making of any excavation on any land abutting on or adjoining or contiguous to any road or way. Such deposit or excavation shall be to the approval of the surveyor. The license shall be in the Form B in the Third Schedule hereto.

Before granting a license to deposit the materials or make an excavation, the Board may require from the applicant a sum determined by the surveyor to be held as a deposit to cover the cost of carrying out repairs to the road, footpath, kerb, etc., made necessary by the deposit or excavation concerned.

## ROAD DISTRICTS ACT, 1919-1948.

### Murray Road Board By-law No. 1. Buildings.

P.W. 917/39.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1948, the Murray Road Board makes the following by-law relating to buildings to be numbered No. 1.

#### Part 1.—Operations and Definitions. Application.

1. This by-law shall apply to the Murray Road District.
2. All building by-laws previously made by the Murray Road Board are hereby repealed.

#### Definitions.

3. In this by-law, subject to the context.

“Act” means the Road Districts Act, 1919-1948.

“Alteration” means any work made or done for any purpose in, to, or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which any building or erection or any part thereof shall be used.

“Approved” means approved by the Board in writing or (in case where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls, and such portions of the party walls as belong to the building.

“Board” means the Murray Road Board.

“Building” means and includes erection, structure, detached room, outbuilding, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Build” means and includes erect, build or construct, or to cause to be erected, built or constructed.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed then the owner of the building or other person for whom or by whose orders such work is to be done.

“Cement Blocks” means a rectangular substance of material being a mixture of sand or approved quarry grit or other approved materials and cement in the proportion of not less than one part cement to five parts of sand or approved quarry grit or other approved materials, dry mixed, wet mixed and properly rammed to shape in approved moulds.

“Dwelling House” means a building used or adapted to be used wholly or principally for human habitation.

“District” means the Murray Road District.

“Fire-resisting” used with reference to any materials includes—

- (a) Brickwork constructed of good bricks well burnt, hard and sound properly bonded and solidly put together with good lime or cement mortar;

- (b) any stone suitable for building purposes by reason of its solidity or durability;
- (c) sheet metals or other similar materials which are, in the opinion of the Board, fire-resisting;
- (d) iron and steel (when used for columns, girders, or well framing) encased in cement concrete or other incombustible or non-conducting external coating;
- (e) slate, tiles, brick, and terra cotta, when used for covering or corbels;
- (f) concrete composed of broken bricks, stone shippings, or ballast and lime cement or calcined gypsum.

“External Wall” means an outer wall of a building, not being a party wall even though it adjoin a wall of another building.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means any building used for the housing of a motor or motor vehicle (not being a garage carried on as a business undertaking).

“Height” in relation to any building, means measurement taken from the level of the footway (if any) immediately in front of the centre of the building or, when there is no such footway, from the level of the ground before excavation, to the level of the ceiling, or to the tie of the topmost storey.

“Height” in relation to storeys, means—

- (a) In the case of the topmost storey, the measurement between the floor and the ceiling thereof or between the floor and the undersurface of the tie of the roof, or, if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof;
- (b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

“Hoarding” includes any erection or structure erected, built, constructed, or used or that may be used for the purpose of writing, painting, pasting or posting thereon, notices, advertisements, placards, or other printed, painted or written matter, or any erection or structure being of a height greater than six feet from the level of the adjoining street upon which such notices, advertisements, placards, or other printed, painted or written matter are printed, pasted, or posted but shall not apply to a hoarding erected in the street for the purpose of carrying on building operations only, or to a dwelling house or shop or any fence seven feet or under in height, or to “To Let” or “For Sale” boards not exceeding 20 square feet in area.

“Main Rooms” means and include all rooms used or intended to be used as bedrooms, dining-rooms, ordinary living rooms, or kitchens.

“New Building” includes—

- (a) Any building erected or commenced to be erected after the date of this by-law coming into operation;
- (b) any building which for more than half its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected or commenced to be re-erected wholly or partially on the same site after the date of this by-law coming into operation;
- (c) any space between walls and/or building which is roofed or commenced to be roofed after the date of this by-law coming into operation;
- (d) any building removed or transported wholly or in sections into the district or from one part of the district to another part after the date of this by-law coming into operation.

“Outbuilding” means any building on the curtilage of any dwelling, shop, or combined shop and dwelling used as a workshop or storeroom, not being a building used for the storage of inflammable materials, nor for the housing of animals or animal, including birds, and not exceeding 329 feet in area or 15 feet in height.

"Party Wall" means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

"Person" includes corporation.

"Prescribed" means prescribed by this by-law.

"Public Place" has the same meaning as in the Act.

"Reinforced Concrete" means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

"Right-of-Way" means any land or right-of-way, not a road, over which any person other than the owner thereof has a right to carriage way.

"Road" has the same meaning as in the Act.

"Surveyor" means the building surveyor or acting building surveyor for the time being of the board or other officer having for the time being the administration of this by-law.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment and also includes saloons or shops or barbers or hairdressers, and offices of agents and auctioneers and other business or trades. A bona fide private boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

"Square" applied to the measurement of any area means the space of 100 square feet.

"Surface or ground level" means level of the ground as determined by the surveyor.

"Wood or Wooden Buildings" means of wood or having wooden frames.

#### Classes of Buildings.

4. For the purpose of this by-law buildings shall be divided into three classes:—

Class A.—"Domestic class" which includes all buildings subject to small vibration and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses and studios.

Class B.—"Warehouse class" which includes all buildings subject to vibration and heavy loading of floors, such as warehouses, factories, mills, and places for storage and manufacture of goods.

Class C.—"Public building class" which includes all buildings designed to accommodate an assemblage of people, such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms and other like buildings.

In case of doubt the surveyor shall finally determine to which class any particular building belongs.

#### Part 2.—Notice of Intention to Build or Demolish and Lodging of Plans.

##### Notice to be Given.

5. No builder shall commence any building, or any addition or alteration to any building, without first delivering at the office of the Board a written application in the form of the First Schedule hereto before so commencing, and delivering to the surveyor:—

##### Plans and Specifications.

(a) Properly prepared plans and specifications of such building, addition, or alteration, together with a tracing or copy of the plans of such building, addition or alteration, and also details and dimensions, sizes, and qualities of all materials proposed to be used in the construction of same.

##### Block Plan.

(b) A block plan showing relation of the building to adjoining buildings and boundaries.

##### Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

##### Drainage.

(d) Particulars of the proposed method of drainage.

##### Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of this by-law applicable thereto are being complied with.

##### Tracing Retained.

6. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications, when approved, shall be returned to the owner or his agent. Such approval shall be evidenced by writing endorsed on the plans and specifications and signed by the surveyor.

##### Plants etc., to be Kept at Building.

7. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or the accredited officer of the Board at all reasonable times, on demand, during the construction or erection or alteration or addition, as the case may be, and for 14 days after the completion thereof.

##### Permits and Fees.

8. No person shall commence any building, or any addition, alteration or demolition to any building without first having obtained from the surveyor a written permit for the commencement of same, and without having first paid to the Board fees in accordance with the scale set out in the Second Schedule hereto, having regard to the class of building.

##### Area of New Building.

9. The decision of the surveyor as to the area of a new building or value of an addition shall be final and conclusive.

##### Permits shall Lapse after Six Months.

10. A permit obtained pursuant to this by-law shall lapse and be of no effect, unless the building for which such permit was granted shall be commenced within six months and completed within 12 months from the date of such permit.

##### Surveyor may Enter and Inspect.

11. The surveyor, at all reasonable times during the progress, and after the completion of any building, or addition or alteration to any building affected by this by-law, may enter and inspect such building or addition or alteration. Penalty for obstructing the surveyor, £10.

##### Surveyor may Stop Work if Contrary to By-law.

12. The surveyor may at any time stop the progress of any building, and withdraw or suspend any permission given by the Board under this by-law, in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who continues or builds or erects or works on the site after notice from the surveyor to desist, shall be guilty of an offence against this by-law.

##### Demolition or Removal of Building.

13. When a building is to be demolished or removed, the owner or contractor shall give 24 hours notice to the surveyor of such intended demolition or removal.

##### Nuisance to be Avoided.

14. Provision shall be made so as to avoid all nuisance from dust or falling refuse, by playing water on same by means of a hose or other approved method.

### Sanitary Conveniences for Workmen.

15. Before commencing any building operation on any building site, the contractor or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all men working upon the site, such sanitary conveniences shall be in accordance with any requirements of the Health Act or regulations or by-laws which may from time to time be applicable.

### Low-lying Land.

16. Where land upon which a building is to be erected is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the Board. When it is considered by the Board, that having regard to the water level during the winter months, filling is required, such filling shall be carried out by the owner or contractor before commencement of building operations. In the event of there being no made roads from which to take a level for any building, the Board shall determine the level at which any building shall be commenced, and, if it considers it necessary, shall require the owner or contractor to fill in to a given level.

### Part 3.—Outbuildings and Garages Materials.

17. Outbuildings may, subject to the limitations herein, be built and constructed of brick or other materials approved by the Board.

### No Wooden Building to be Extended within Eight Feet of Outbuildings.

18. No wooden building may be extended in such a manner that an outbuilding and dwelling shall thereafter be within eight feet of each other; but this provision shall not prevent the owner of a building on land adjoining that on which such outbuilding has been previously erected in different occupation from extending such building, subject to the provisions of this by-law.

### Stables.

19. The occupier of any premises whereon a horse is kept shall provide a stable which shall comply with the following conditions:—

- (a) It shall not be at any less distance than 20 feet from any dwelling house, nor less than 50 feet from the milk shed or milking room of any dairy.
- (b) The walls shall be constructed of brick, stone, wood or galvanised iron.
- (c) The roof shall be constructed of some impervious material.
- (d) There shall be on all sides of the building between the wall and the roof a continuous clear space of at least six inches in height.
- (e) The upper surface of the floor shall be raised at least three inches above the surface of the surrounding ground, and shall be constructed of granolithic cement or some other impervious material; it shall have a fall of at least one in 100 to a drain.
- (f) There shall be provided outside each such stable a receptacle for manure, such receptacle shall be constructed of brick faced with cement or other approved impervious material.

### Fowl Houses.

20. Fowl houses of not more than 200 square feet in area and not more than six feet in height may be erected at rear of dwellings, provided that the nearest portion of such fowl house is at least 20 feet from any building used for or intended to be used for a dwelling, and at least four feet from the boundary of land not in the same occupation. Fowl houses of larger area may be erected if at a distance of at least 100 feet from any street and 100 feet from any dwelling and at least 40 feet from the boundary of land not in the same occupation; these must be of fire resisting materials approved by the Board and the building shall not be more than seven feet high.

### Position of Garage.

21. No garage shall be erected nearer than the dwelling house to which it is appurtenant to any road fronted by such dwelling house: Provided that if there is no means of access for motor vehicles to the rear portion of the allotment on which such dwelling house is erected, a garage may be erected on the front boundary of such allotment, subject to a plan showing the exact position in which such garage is proposed to be erected, and the front elevation, being submitted to, and approved by the Board, but so that no part of such garage shall be between the dwelling house and the road.

22. In special cases where the physical configuration or dimensions of the ground preclude the observance of the distances prescribed in clause 21, the Board may permit the erection of a garage in another position.

### Doors of Garages.

23. The doors of a garage, when open, shall not encroach on any road.

### Materials for Garages.

24. Every garage shall be constructed of fire resisting material. Where fire resisting sheets are used for walls, framing and dado of approved hardwood may be used.

### Garage Incorporated with Dwelling.

25. Where a garage is incorporated as part of the main building it shall in all respects conform thereto, but must have a ceiling of fireproof material approved by the surveyor.

### Part 4.—Materials.

#### Quality of Materials.

26. All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn and to order the removal of, or to remove at the expense of the owner, any material which in his opinion is not suitable for use for the purpose for which he considers it is intended to use same, and no person shall use any material so condemned for any building, alteration or addition without the express permission of the surveyor.

#### Secondhand Material.

27. No old or secondhand material may be used, unless approved in writing by the surveyor.

#### Bricks.

28. Bricks used in any building must be good, hard, and well burnt. When old bricks are used in any wall they shall be thoroughly cleansed before being used, and shall be whole and good, hard, well burnt bricks.

#### Sand.

29. Sand used for mortar and concrete in any building shall be clean and sharp, free from loam, dirt, salt, and organic matter.

#### Lime and Mortar.

30. Lime and mortar shall be composed of freshly burnt lime and sand, in the proportion of at least one part, by measure of lime, and not more than three parts, by measure, of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be property slaked before being mixed with sand. Cement mortar, consisting of one part cement to four parts of sand, may be substituted for lime mortar.

#### Cement.

31. Cement mortar shall be composed of good Portland cement or other cement of equal quality approved of by the surveyor, mixed with clean sharp sand in the proportion of at least one part, by measure, of cement and not more than four parts, by measure, of sand, and shall be used before initial setting has commenced.

**Concrete.**

32. Concrete for foundation shall be composed of clean, broken stone, or other hard material, approved by the surveyor, broken to a gauge not exceeding two inches and sand well mixed on a wooden floor or in an approved concrete-mixer, with cement in the proportions of one part, by measure, of cement to not more than six parts of other materials. Concrete for purposes other than foundations shall be as specified above, except that for walls of less than six inches in thickness and reinforced work, the stone used shall be broken to a gauge not exceeding three-quarters of an inch.

**Timber.**

33. All timbers and wooden beams used in any building shall be good, sound material, free from rot, large or loose knots, shakes or other imperfections whereby the strength may be impaired, and, in the case of dwellings, shall be of such sizes, dimensions, and spaces as set forth in clause 63 of this by-law, subject however, to clause 35 hereof. In other buildings all timber shall be such as will afford safe loadings and shall be to the satisfaction of the surveyor.

**Lintels.**

34. All lintels cast in concrete shall have the brand of the manufacturer stamped thereon, such manufacturer to be approved of by the surveyor. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specifications of materials to be used, such designs to be approved at the same time as the plan. Lintels up to six feet span shall be three courses in depth. Lintels from six up to eight feet span shall be four courses in depth. All such lintels shall be reinforced with at least three  $\frac{1}{2}$ in. bars and shall have proper bearing at each end to the satisfaction of the surveyor.

**Dimensions of Timber.**

35. The timber used in brick dwelling houses shall conform to not less than the following minimum sizes:—

Bottom wall plates, 3in. x 2in.

Floor joists, 4in. x 2in. at 1ft. 8in. centres.

Floor bearers, 4in. x 3in., not exceeding 5ft. centres and shall be at least 6in. clear of the ground.

Top plates, 4in x 1 $\frac{1}{2}$ in.

Rafters, 4in. x 2in. at 2ft. centres for other than iron roofs or 3ft. centres for iron roofs.

Under purlins, 4in. x 3in. for tile roof well strutted.

Ceiling joists, not less than 3in. x 2in. up to spans of 12ft. above this 4in. x 2in. shall be used.

Ceiling hangers, 8in. x 1 $\frac{1}{2}$ in. to be supported by blocks secured to wall plates, hangers shall not exceed 7ft. centres, ceiling joists to be tied on alternate sides to hangers with hoop iron.

Collar ties, 4in. x 1 $\frac{1}{2}$ in. to be provided on every second set of rafters.

Ridge 7in. x 1in.

Hips and valleys, 8in. x 1 $\frac{1}{2}$ in.

**Part 5.—Construction.****Excavations and Inspection of Trenches.**

36. All excavations for footings shall be taken down to a solid foundation to be approved of by the surveyor, but not less than 6in. below the natural surface of the ground, except in cases of special construction of foundation approved by the surveyor. No footing shall be placed in position until at least 24 hours notice shall have been given to the surveyor that the trenches are ready for inspection.

**Drainage under Floors.**

37. The surface of the ground between all walls of buildings shall be levelled up 3in. higher than the finished surface outside and evenly graded to prevent any accumulation of water or drainage beneath the floors, and such surface shall, if required by the surveyor, be covered with properly mixed tar composition laid to a uniform thick-

ness of not less than 2in. in every part, rolled rammed, and finished so as to be impervious to water and other inhalations. In all wet or bad ground sub-soil drainage shall be provided and laid as directed in writing by the surveyor.

**Walls to have Footings.**

38. Unless with the consent of the surveyor, every external wall and every party wall not carried on a bressummer and every pier and storey post shall have footings.

**Dimensions of Footings.**

39. The width of the bottom of the footing of every such wall shall be at least one half greater than the thickness of the wall at the ground floor level, but in no case less than 16in. wide, unless approved by the surveyor, and the height of such footing shall be at least equal to the thickness of wall at its ground floor level, but in no case less than 9in.

**External Walls.**

41. All external walls shall consist of brick, stone, concrete, re-inforced concrete, or other hard fire resisting material approved by the Board; provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos, subject to the conditions set out in this by-law for buildings wholly or partially wood.

**Construction of External Walls.**

42. Every wall constructed of brick, stone, or similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it to a greater extent than 9in., and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

**Damp-course.**

43. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand, or other approved impervious material at least 6in above the surface of the ground below the lowest floor, and, in cases where it is not possible to place the same throughout the building at one uniform level, then the said damp-proof course must be laid in horizontal layers connected at the end by a vertical course of the same materials, and shall be not less than half an inch thick.

**Hollow Walls.**

44. External walls may be constructed as hollow walls, if constructed in accordance with the following rules:—

(a) The inner and outer parts of the wall shall be separated by a cavity, which shall throughout be a width not exceeding two inches or less than one inch.

(b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised iron, glazed stoneware, or other approved material. Such ties shall be placed at distances apart not exceeding 3ft. horizontally and at least every fifth course vertically.

(c) The thickness of each part of the wall throughout shall be not less than four and one half inches.

(d) The aggregate thickness of the two parts excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length.

(e) No hollow wall of not more than 11in. in thickness shall be greater in superficial extent than three squares in any one storey, unless strengthened by a partition wall, fire-place or projecting pier to the satisfaction of the surveyor.

45. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate, and shall be kept damp for a period of not less than four days, and shall not be used green. Unless with the approval of the surveyor, no block shall be used within 14 days of the date of construction. The block shall be bedded and jointed in cement mortar. Provided that where such external walls are protected by a verandah not less than 7ft. wide, they may be built solid without cavity.

#### Thickness of Walls—Domestic Class.

46. No external wall in brick, stone or concrete, or cement block shall have less than the thickness prescribed in the following table:—

Table A.—Buildings of Domestic Class.

Length of Wall.	No. storeys.	Thickness of walls in inches.	
		Ground floor.	First floor.
Walls built with lime Mortar—			
Not exceeding 30ft. ....	1	9	—
	2	9	9
Exceeding 30ft. ....	1	13½	—

Walls built with Cement Mortar—			
Not exceeding 30ft. ....	1	9	—
	2	9	9
Exceeding 30ft. ....	1	9	—
	2	13½	9

47. If any storey exceeds in height 18 times the thickness prescribed for the walls of such storey, the thickness of such external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey, and the thickness of each external wall and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers, properly distributed of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

48. The height of any storey may be 20 times the thickness of the walls prescribed for such storey, if built with cement mortar.

#### Thickness of Walls—Warehouse Class.

49. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following table:—

Table B.

Length of Walls.	Thickness of Walls in inches.			
	No. of storeys.	Ground floor.	First floor.	Second floor.
Walls built with Lime Mortar—				
Not exceeding 75 ft.	1	13½	—	—

Exceeding 75ft. ....	1	13½	—	—
	2	18	13½	—
	3	18	18	13½

#### Thickness of Walls under Certain Conditions.

50. Walls under 75 feet in length may be constructed nine inches thick: Provided they are strengthened with four-and-a-half inch piers equally spaced, of which the collective widths amount to one fifth of the length of the wall. The height shall not exceed 12 feet, when built with lime mortar, or 13 feet 6 inches, when built with cement mortar.

51. The thickness of walls under 20 feet in length may be two-thirds the thickness required for external walls, as stated in tables A and B but in no case less than nine inches.

52. If in any storey of a building of the warehouse class the thickness of the wall as determined by the provisions of this part of this by-law is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of such external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fifth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches. The height of any storey built in cement mortar may be 18 times the thickness prescribed for such storey.

#### Length—How Measured.

53. Walls are deemed to be divided into distinct lengths by return walls, and the length of every wall is measured from the face of one return wall to the face of another: Provided that such return walls are external party or cross walls of the thickness required by this Part of this by-law and bonded into the walls so deemed to be divided.

54. The thickness of a cross wall shall be not less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than nine inches, and no wall sub-dividing shall be deemed to be a cross wall unless it is carried up to the plate level of the top-most storey, and unless in each storey the aggregate extent of the vertical faces or elevations of all the recesses, and that of all the openings therein taken together, does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation. But in one storey buildings of domestic class, four and one-half inch cross walls will be permitted, provided the unsupported length of any wall does not exceed twenty-five feet.

#### Cross Wall becoming External Wall.

55. Wherever a cross wall becomes in any part an external wall the external portion of any such cross wall shall be of the thickness required for an external wall of the same height and length and belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

#### Internal and Partition Walls.

56. (1) All external bearing walls and partition walls shall be constructed in such manner as may be approved by the surveyor and shall be of brick, stone, concrete, or cement blocks. All such walls shall be not less than four and one-half inches thick, provided that, where such walls form a division between flats, then such walls shall be not less than nine inches thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressummer, shall have footings, and such footings shall be of at least twice the thickness of the wall resting upon it.

#### Isolated Piers.

57. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and twelve times if built of cement mortar.

#### Parapet Walls on Boundary.

58. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutter of any building would be within two feet of such boundary, then the external wall of such building shall be carried up to form a parapet 15 inches at the least in height above the roof or above the highest part of any flat or gutter, as the case may be,

## Parapet Warehouse Class.

59. In buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building, of a thickness of at least nine inches.

## Party Walls.

60. Every party wall shall be carried up to a height of 15 inches above the roof, measured at right angles to the slope thereof, or 15 inches above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey, and in any other building, of a thickness of at least eight and one-half inches. Provided, however, in the case of domestic building where not more than two buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least eight and one-half inches in thickness to the underside of the roof covering, and such roof covering of iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

61. Every party wall shall be carried up of a thickness aforementioned above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within four feet from such party wall, and shall extend at the least 15 inches higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto and within four feet therefrom.

## Buildings Wholly or Partly in Wood.

62. The external walls of all wooden buildings shall not exceed in height 15 feet measured from the floor level to the top of the wall plates.

63. The following conditions shall apply as to scantlings and spacings of timber:—

(a) Stumps shall be not less than 4in. x 4in. jarrah or other approved timber, spaced not more than 5ft. centres and fixed on 6in. x 6in. x 1½in. sole plates. Stumps shall be tarred and sunk at least 18in. below the natural surface of the ground with tarring to extend 6in. above the ground level. Ant stops to be provided and shall project at least 2in. over stumps, and be of galvanised iron.

(b) Bearers 4in. x 3in. hardwood or jarrah at 5ft. centres.

(c) Floor joists 4in. x 2in. hardwood or jarrah at 20in. centres supported at least every 5ft.

(d) Vermin plates 4in. x 2in. or 3in. x 2in. according to dimensions of studs.

(e) Studs not less than 3in. x 2in. spaced not more than 2ft. centres properly braced and secured. Where studs of 3in. and 2in. are used the angle or corner studs shall consist of three of equal dimensions fabricated together. Where structures are roofed with tiles or like material 3in. x 2in. studs shall not be used other than divisional walls, where studs of 4in. x 2in. are used the centres shall be not more than 2ft. and corners shall be made of three studs of equal dimensions fabricated together.

(f) Ceiling joists of not less than 3in. x 2in. up to spans of 12ft. above this 4in. x 2in. shall be used, ceiling joists to be tied on alternate sides to hangers with hoop iron.

(g) Rafters of not less than 3in. x 2in. spaced not more than 2ft. 6in. centres in case of iron roofs, where rafters of 4in. x 2in. are used they shall be spaced at not more than 3ft. centres in case of iron roofs and 2ft. centres in case of slate, tile or other like coverings, 3in. x 2in. rafters shall not be used other than support for iron and asbestos coverings to roofs.

(h) Top plates not less than 3in. x 2in.

(i) Under purlins 4in. x 3in. for tile roofs.

(j) Under purlins 3in. x 1½in. for iron roof.

(k) Over purlins for iron roofs 3in. x 1½in. at 3ft. centres.

(l) Over purlins for tile roofs 2in. x 1in. at requisite centres.

(m) Ceiling hangers 8in. x 1½in. at not more than 7ft. centres.

(n) Collar ties 4in. x 1½in. secured every second set of rafters.

(o) Ridge 7in. x 1in.

(p) Hips 8in. x 1½in.

(q) Fascia 7in. x 1in.

(r) Flooring boards out of 1in. thick by varying lengths, and widths.

(s) Weatherboards to have 1½in. lap.

(t) W.C. or E.C. shall be constructed in accordance with the Health Act or any provisions of the Health Act, or regulations or by-laws thereunder which may from time to time be applicable.

(u) Vermin plates must be used in construction of all wooden buildings except sheds.

(v) No framing in any wooden building shall be notched or checked out to receive bracing or otherwise reduce its cross-sectional area more than one quarter.

(w) Washhouse, W.C., E.C., and shed not under main roof to be not less than 3in. x 2in. framing.

64. All partition walls shall be lined on both sides of studs to ceiling height.

## Rough Cast.

65. Stucco or rough-cast work shall be applied only to brickwork.

## Interior of Walls.

66. The interior of all walls and ceilings of every wooden building and the ceilings of every other class of building which is intended to be used or shall or may be used as a dwelling house shall be constructed of plaster sheets, or of approved wood, or fire-resisting materials.

## Roofs.

67. The roof of every building shall be constructed of metal, slates, glass, artificial stone, cement or shingles, or other materials approved by the Board.

## Reinforced Concrete Buildings.

68. In all cases where reinforced concrete is employed whether in buildings as a whole or in portions of buildings before the actual carrying out of the work or any portion thereof, complete drawings of such work or portion shall be delivered to the surveyor, showing all details of the construction, and the size, spacing and arrangement of all the reinforcing members.

## Public Buildings.

69. In any case in which the plans of any proposed building are required by law to be approved by the Public Health Department or any other Department such approval shall be obtained before such plans are submitted for the Board's approval.

## United Buildings.

70. Buildings shall not be united, except where they are wholly in one occupation, but doorways may be allowed in party structures opening on the staircases, landings or passages: Provided they are protected with iron-cased or tin-clad doors, such doors shall be hung so as not to block the staircases, landings, or passages.

71. Buildings shall not be united if, when so united and considered as one building only, they would not be in conformity with the provisions of this by-law.

## Buildings deemed to be United.

72. Buildings shall be deemed to be united when any opening is made in the party wall or the external wall dividing such buildings, or when such buildings are so connected that there is access from one to the other without passing into the open air: Provided that buildings shall not be deemed to be united when they are connected only by an open gangway.

## Alterations, Additions, etc.

## Alterations.

73. Except with the consent of the surveyor, no alteration shall be made in any building in such manner that when so altered it will by reason of such alteration, not be in conformity with the provisions of this by-law relating to new buildings.

#### Re-building Party or External Walls.

74. Unless in any case the surveyor allows, where a party or external wall not in conformity with this by-law has been taken down, burnt or destroyed to the extent of one-half thereof (measured in superficial feet), every remaining portion of the old wall not in conformity with this by-law, shall either be made to conform therewith or be taken down before the rebuilding thereof.

#### Additions or Alterations.

75. Every addition to or alteration of a building and any other work made or done for any purpose in or upon a building (except necessary repairs not affecting the construction of any external, cross or party wall) shall, so far as regards such addition or alteration or other work, be subject to the provisions of this by-law relating to new buildings.

#### Part 6.—Ventilation, Lighting, and Drainage.

##### Height of Rooms.

76. The main rooms in all buildings shall be in every part not less than nine feet six inches, and the minimum height for wash-houses, verandah, and bathrooms shall be eight feet.

##### Attic Rooms.

77. Provided that, in the case of buildings of more than one storey, living rooms wholly or partially in the roof may be not less than eight feet six inches in height from the floor to ceiling over two-thirds of the floor area.

##### Minimum Area of Rooms.

78. No main room shall have less floor area than 80 square feet.

##### Windows and Ventilators.

79. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into the external air, the area of such windows to be equivalent to at least one-tenth of the floor area, and shall be ventilated by ventilators communicating directly with the outside air, placed near or in the ceiling of such room and of an area satisfactory to the surveyor.

##### Enclosing of Verandahs as Flats.

80. All verandahs enclosed for the purpose of flats or sleepouts shall conform with the following:—

- (a) Have dado of maximum height above floor level of four feet of asbestos, weather-board, or other approved material.
- (b) Space above dado to be enclosed with 75 per cent. glass, 50 per cent. of which shall be made to open in the form of louvres or windows.

##### Applicable to Shops.

81. The provisions of this part of this by-law relating to the height, lighting, and ventilation of main rooms in dwellings shall, as far as applicable, apply to all shops, save that the windows need not be constructed so as to open, if other approved provisions for ventilation be made and that the minimum height of ceilings in shops shall be 12 feet.

##### Floors.

82. Floors shall be fixed level, and in all buildings the floor immediately above the ground, if of wood, shall have a space of not less than six inches between the ground, and the underside of the bearers.

##### Space under Floors.

83. The space under the ground floor of every buildings shall have a sufficiency of openings through all walls under the floor thoroughly to ventilate the same.

Water not allowed to drip on any Public Place.

84. Roofs, gutters, and flashings of any building, and of any projection therefrom, and also balconies, verandahs, and shop fronts, shall be so arranged and constructed and supplied with

gutters and pipes as to prevent the water therefrom dropping or running over any public street. All such pipes, gutters, and flashings shall be made of metal and shall be maintained in good condition.

Permit may be Refused if Drainage not Satisfactory.

85. The Board may refuse to approve the plan of any building until it is satisfied that the proposed building or addition or alteration, and the site and curtilage thereof will be properly drained, in accordance with the Health Act, regulations, or by-laws from time to time applicable.

##### Bathrooms.

86. Every dwelling house shall be provided with a completely enclosed bathroom, or combined bathroom and laundry and with wash-tubs and copper or other means of washing clothes, and with water laid on thereto. The floor surfaces of the bathrooms on any floor, and of laundries shall be of impervious material, properly graded and drained. The wash tubs, copper and bath shall not be placed in any kitchen. One bathroom in each dwelling house shall have at least 36 square feet of floor area, and a combined bathroom and laundry shall have at least 50 square feet of floor space. Provided that the Board may in any case, where it considers that a bathroom and laundry could be dispensed with, exempt any building from the above provision, but such exemption shall be given by resolution of the Board. If the provisions of this clause shall conflict with the Health Act, regulations or by-laws, the latter to prevail.

86A. Each flat or house to have separate W.C. or E.C., kitchen, bathroom and wash-house.

##### Drainage—Waste Water.

87. Every person who shall erect a building shall provide proper drains for carrying away all waste water. Every dwelling shall have a kitchen sink. The drainage from such building shall be in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may, from time to time be applicable.

##### Drains, Baths, Sinks, etc.

88. Waste water pipes from baths, sinks, and wash-troughs shall be of wrought-iron, with trap fittings at all right angles, and shall discharge over a proper earthenware "P" trap, with four-inch glazed earthenware drain pipes properly cemented at joints and communicating with a properly constructed soak well at least 20 feet from any building. Such drainage, pipes and fittings shall be in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

##### Roof Water Disposal.

89. All buildings shall be provided with pipes for carrying of rain water from the roof thereof to at least two feet clear of the foundations, to the satisfaction of the building surveyor.

#### Part 7.—Removal of Buildings.

90. If any building is removed from outside the district to within the district, or from a site within the district, to another site within the district, whether on the same or another block of land, such building shall be deemed, for the purpose of this by-law, to be a new building erected for the first time on the site whither it is removed.

#### Part 8.—Verandahs, over Footpaths, Projections, Signs, Hoardings and Fences.

##### Verandahs.

91. (a) No person shall erect or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure dimensions, and materials as set forth on the plan and specifications for the time being adopted by the Board by resolution, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than nine feet above the level of the outer edge of the footway.

#### Opening in Roof of Verandah.

(b) No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass, protected underneath with a fine mesh wire netting or armoured glass to the satisfaction of the surveyor.

#### Porch Landing, etc.

92. Every porch, gangway, outside landing, and outside step shall be of fire resisting materials, and shall not project beyond the boundary of any road or public place.

#### Shop Windows.

93. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass, jointed and fixed in metal or approved timber frames, the level of the sill of such frames to be not higher than 30 inches nor within 12 inches of the level of the footpath immediately adjoining the same.

#### Woodwork abutting on Roads.

94. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is cast with metal of not less than 22 gauge.

#### Signboard, Hanging Lamp, etc.

95. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building, verandah, projecting over any road unless the written consent of the Board is first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction, and design approved by the surveyor, and shall be in no part less than eight feet six inches above the level of the footpath or road. No signboard shall exceed in depth three feet, nor, unless attached to a verandah, project over the footpath or road.

#### Unightly or Dangerous Fences.

96. When a fence abutting on any road or public place within the district is in a dangerous or unsightly state the Board may, by notice in writing served on the owner of such fence, require such owner within 14 days from the receipt of such notice, to take down or repair such fence, as the case may require, and such owner shall comply with such notice.

#### Fences and Walls.

97. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least nine inches high, unless the surveyor shall consent in writing to such a plinth being of less height, and every wall of brick, stone, concrete, or other similar material shall be constructed with a base to be approved by the surveyor.

#### Divisional Fences between Dwelling Houses.

97A. Divisional fences shall not be more than three feet in height from the front of the dwelling's building line to the front of the location or allotment.

#### Part 9.—Chimneys, Flues, Fireplaces, and Hearth Apparatus.

##### Foundations, Footings, etc.

98. (1) Chimneys shall be built on solid foundations and with footings, similar to the footings of the wall against which they are built, unless they are carried on iron girders with direct bearings on party external, or cross-walls to the satisfaction of the surveyor or on corbels of brick, stone, or other incombustible material and the work so corbelled out does not project from the wall more than the thickness of the wall, measured immediately below the corbel.

(2) Chimneys may be corbelled out not more than 14 inches from walls not more than nine inches in thickness on corbels of stone, or other incombustible material not less than 10 inches in depth and of the full width of the jambs.

##### Chimneys, etc., with Soot Doors.

99. (1) Chimneys and flues having proper soot doors of not less than 40 square inches may be constructed at such angle as is approved by the surveyor, but in no other case shall any flue be inclined at a less angle than forty-five degrees to the horizontal, and every angle shall be properly rounded.

##### Position of Soot Doors.

(2) All soot doors shall be distant at least 15 inches from any woodwork.

##### Arches.

100. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar or bars of sufficient strength, turned up or down at the ends and built into the jamb for at least four and half inches on each side.

##### Flues.

101. A flue shall not be adapted to or used for any new oven, furnace, steam boiler, or other fire used for any purpose of trade or business or to or for the range or cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least nine inches thick or reinforced concrete six inches thick, from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situate to 12 inches above the roof.

##### Flues in Connection with Engines.

102. A flue shall not be used in connection with a steam boiler or hot air engine unless the flue is at least 20 feet in height, measured from the level of the floor on which such engine is placed.

##### Lining, etc., of Flues.

103. The inside of every flue, and also the outside, where passing through any floor or roof or space enclosed by the roof or behind or against any woodwork, shall be rendered or pargetted or lined with fire-resisting piping or stoneware.

##### Jambs.

104. The jambs of every fireplace opening shall extend at least nine inches on each side of the opening thereof.

##### Incombustible Material in Certain Cases.

105. The breast of every chimney shall be of combustible material, at least four inches in thickness, and the brickwork surrounding every smoke flue shall be at least four and a half inches in thickness: Provided that, where a ventilating flue is carried up with a smoke flue they may be separated by a properly constructed iron wyth of cast iron not less than one inch in thickness.

##### Backs of Fire Places.

106. The back of every fireplace opening in party or internal walls from the hearth up to a height of 12 inches above the lintel or arch shall be brickwork at least nine inches thick, or shall be reinforced concrete six inches thick. No flue shall be within two inches of the centre line of any party wall.

##### Thickness of Flues.

107. The thickness of the upper side of every flue, when its course makes with the horizontal an angle of less than 45 degrees, shall be at least nine inches.

##### Height.

108. Every chimney, flue or chimney shaft shall be carried up in brick or stonework at least four inches thick throughout to a height of not less than three feet above the roof flat, or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat, or gutter.

## Top Courses.

109. The highest six course of every chimney stack or shaft shall be built in cement mortar.

## Chimney Shafts.

110. The brickwork or stonework of any chimney shaft, except that of the furnace of any steam engine, brewery, distillery, or manufactory, shall not be built higher above the roof, flat, or gutter adjoining thereto than the height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of a junction, unless such chimney shaft is built with and bounded to another chimney shaft not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

## Slabs.

111. There shall be laid level with the floor of every storey before the opening of every chimney, a slab of stone, slate, or other incombustible substance, at least six inches longer on each side than the width of such opening, and at the least fourteen inches wide in front of the breast thereof,

How to be laid.—On every floor, except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers or other incombustible material, but on the lowest floor it may be bedded on concrete, covering the site, or on solid materials placed on such concrete.

## Hearth, etc.

112. The hearth or slab of every chimney shall be bedded wholly on brick, stone, or other incombustible substance, and shall, together with such substance, be solid for a thickness of six inches at least beneath the upper surface of such hearth or slab.

## Flues in Party Walls.

113. A flue shall not be built in or against any party structure or existing wall unless it is surrounded with good, sound brickwork or other approved material at least four and a half inches in thickness, properly bonded to the satisfaction of the surveyor.

## Cutting away Chimney Breasts.

114. A chimney breast or shaft built with or in any party wall shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

## Cutting into Chimney Shaft.

115. A chimney shaft, jamb, breast, or flue shall not be cut into, except for the purpose of repair or doing one or more of the following things:—

- (a) Letting in or removing or altering flues, pipes or funnels for the conveyance of smoke, hot air, or steam.
- (b) Forming openings for soot doors, each opening to be fitted with a close iron door and frames.
- (c) Making openings for the insertion of ventilating valves; provided that the opening shall not be made nearer than twelve inches to any timber or combustible substance.

## Position of Timber Work.

116. Timber or woodwork shall not be placed—

- (a) Under any chimney opening within six inches from the upper surface of the hearth of such chimney opening.
- (b) Within two inches from the face of the brickwork or stonework about any chimney or flue, unless the face of such brickwork, or stonework is rendered.

## Position of Wooden Plugs.

117. Wooden plugs shall not be driven nearer than three inches to the inside of any flue or chimney opening, nor any iron holdfast or other fastening nearer than two inches thereto.

## Ironwork.

118. No iron or steel joists or other ironwork shall be placed in any flue, except insofar as the same may be required for ensuring stability.

## Floors above Furnace or Ovens.

119. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within eighteen inches from the crown of an oven, shall be constructed of fire-resisting materials.

## Part 10.—Exempted Buildings.

## ROAD DISTRICTS ACT, 1919-1948.

## Murray Road Board—By-law No. 2.

## Areas, Open Spaces, etc., for Buildings.

P.W. 917/39.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1948, the Murray Road Board makes the following by-law relating to areas and open spaces for buildings, to be No. 2.

## 1.—Application.

This by-law shall apply to the Murray Road District.

## 2.—Commencement.

This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the *Government Gazette*.

## 3.—Repeal.

All building by-laws previously made by the Murray Road Board are hereby repealed.

## 4.—Definitions.

In this by-law, subject to the context:—

"Apartment" means a room or rooms or part of a building intended or adapted for separate occupation as a dwelling and also includes flats.

"Apartment building" means a building containing two or more apartments or flats.

"Board" means the Murray Road Board.

"Build" includes erect, build, or construct.

"Building" includes erection, structure, detached room, and outbuilding, whether roofed or not, designed to afford or capable of affording protection or shelter.

"Main Rooms" means all rooms used or intended to be used as bedrooms, dining rooms, ordinary living rooms, or kitchen.

"Road" has the same meaning as the Road Districts Act, 1919-1948.

## 5.—Dwelling Houses.

## Distance from Road.

No building and no addition to any such building, shall be built within a distance of twenty-five feet measured horizontally from the road to the building fronts, unless a building line at a different distance from such road has been fixed by a proper authority.

## 6.—Distance from Side Boundary.

No building and no addition to any building shall, if in brick, be built within a distance of three feet measured horizontally from the boundary of the allotment on which such building is erected unless it has a parapet wall extending fifteen inches above the roof of such building. Where buildings are constructed wholly or partly in wood or additions are added wholly or partly in wood, they shall not be built within a distance of four feet six inches measured horizontally from the boundary of the allotment on which such building is erected.

## 7.—Minimum Area of Land.

No person shall build or cause to be built any building which is intended to be used as a dwelling house unless the site or curtilage of such building has a superficial area of at least 7,920 square feet and has a clear frontage to a road of not less than sixty lineal feet and has a depth of 132 feet.

Provided that, when any allotment of land smaller is on an area of not less than five acres used by any person prior to the coming into operation of this by-law, and not part of an allotment of which a portion has been alienated or excised since the coming into operation of this by-law, or such allotment is shown on any plan of subdivision heretofore approved by the Board, or by the Town Planning Board, the Board may permit a dwelling house, which shall in all other respects comply with this by-law, to be erected upon such land.

Before permission be so granted for the erection of any building, the land must be subdivided so that each building is located on a separate and distinct allotment. A plan of such subdivision shall be lodged with the application, and there shall be shown on such plan all buildings located or to be located thereon, and no permit shall be proceeded with unless and until the subdivisional scheme of such land be approved by the Board.

## 8.—Minimum Area of Open Land.

At least one-third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

8A. Not more than one house shall be built on a quarter acre of land regardless of position of block in street or streets.

8B. No building designed for occupation as a dwelling shall consist of less than two main rooms and shall be provided with a potable water supply, bathroom, laundry and cooking facilities in accordance with the Health Act, Regulations or by-laws from time to time applicable.

## 9.—Computing Distances.

For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

## 10.—Shops.

## Minimum Area of Land.

(1) Every shop shall have a frontage of at least eighteen feet to a road.

(2) No shop shall be less width in any part thereof than eighteen feet.

11. Permission may be granted for the erection of a shop where a dwelling house is not attached, and where no person resides at such shop, on land having a frontage of eighteen feet to a road and a depth of not less than thirty-five feet and a superficial area of not less than six hundred and thirty square feet; provided that no portion of such shop or building shall be erected within fifteen feet of the rear boundary of such land, and only if the Board shall approve of the site of the proposed building.

## 12.—Access to Rear of Shop.

Every shop shall be so erected and built that, without passing through the building there is reasonable access to the back premises and offices of such shop for the removal of night-soil and other refuse to a road or lane ten feet wide at least.

### 13.—Separate Entrance for Shop and Dwelling in Different Occupations.

If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

### 14.—Apartment Buildings.

#### Area of Land to be Occupied.

The total floor area of an apartment building, together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

### 15.—Area of Each Apartment or Flat.

The floor area of each apartment shall be at least 400 square feet and, shall have, for the exclusive use of the occupants thereof, at least 100 square feet of verandah space.

### 16.—Area of Main Rooms.

Every main room in an apartment or flat shall have a floor area of at least 80 square feet.

The average floor area of all the main rooms in an apartment shall be at least 100 square feet.

### 17.—Apartment or Flat to be Self-Contained.

Every apartment shall be self-contained. It shall contain its own kitchen, bathroom, E.C. or W.C. It shall have a separate entrance from the outside of the building, and such entrance shall be constructed of fire-resisting material as defined in the building by-laws of the Board for the time being in force.

### 18.—Miscellaneous.

#### No Alterations Infringing By-law.

No alteration shall be made in any building in such a manner that, when so altered, it will, by reason of such alteration not be in conformity with the provisions of this by-law relating to a new building.

### 19.—No User Infringing By-law.

No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of this by-law: Provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of this by-law for any purpose for which it was then being used.

Passed at a meeting of the Murray Road Board held on 15th day of February, 1951.

A. F. BROWN.  
Chairman.

H. A. SEAR.  
Secretary.

#### ROAD DISTRICTS ACT, 1919-1948.

Upper Blackwood Road Board, Boyup Brook.  
Notice of Intention to Borrow.  
Proposed Loan (No. 7)—£1,750.

NOTICE is hereby given that the Upper Blackwood Road Board proposes to borrow the sum of £1,750 (one thousand seven hundred and fifty pounds) to be expended on works and undertakings in the Upper Blackwood Road District, the said works and undertakings being the levelling, and construction of improvements on Reserve A1454 for purposes of recreation.

Plans and specifications and an estimate of the cost of the said works and undertakings, and the statement showing the cost of supervision and initial expenditure in connection with the raising of the loan are open for inspection at the office of the Board during office hours for one month from the date of publication of this notice.

The amount of £1,750 is to be raised by the sale of debentures, repayable with interest by 40 equal half-yearly instalments over a period of 20 years after the date of issue thereof in lieu of the formation of a sinking fund. The debentures will bear interest at the rate of £3 7s. 6d. per cent. per annum, payable half-yearly. The amount of the debentures and interest to be payable at the Commonwealth Bank of Australia, Perth.

The works and undertakings for which the loan is proposed to be raised will, in the opinion of the Board, benefit the Boyup Brook Ward to an extent equal to that of all other wards combined, and any loan rate applicable to such loan shall be levied on the rateable land within the respective wards accordingly.

Dated this 7th day of June, 1951.

J. R. PURSE,  
Chairman.

H. R. CONNOLLY,  
Secretary.

##### Wanneroo Road Board.

##### Notice of Intention to Borrow.

##### Proposed Loan of £1,700.

NOTICE is hereby given that at a meeting held on the 8th June, 1951, the Wanneroo Road Board resolved to borrow the sum of £1,700, to be expended on works and undertakings in the Wanneroo Road District, the said works and undertakings being the purchase of truck, viz., One Ford Thames Motor Wagon equipped with Perkins P6 Diesel Motor.

All particulars of the proposed expenditure of money to be borrowed are open for inspection of ratepayers at the office of the Board for one month after publication of this Notice, during office hours.

The amount of £1,700 is proposed to be raised by the sale of debentures, repayable with interest by 20 equal half-yearly instalments over a period of 10 years after the date of issue thereof, in lieu of the formation of a sinking fund. Such debentures shall bear interest at a rate not exceeding three pounds ten shillings per centum per annum (£3 10s. 0d. per cent.) payable half-yearly. The amount of the said debentures and interest thereon to be paid at the office of the Board, Wanneroo.

The works and undertakings for which the loan is proposed to be raised, will, in the opinion of the Board, be of special benefit to the whole of the district, and any loan rate applicable may be levied on all rateable land in the district.

Dated the 11th day of June, 1951.

## INDUSTRIAL AGREEMENT.

No. 7 of 1951.

Registered 24th May, 1951.

THIS Agreement made in pursuance of the Industrial Arbitration Act, 1912-1950, this 13th day of April, 1951, between the Metropolitan and South-Western Federated Engine Drivers' and Firemen's Union of Workers of Western Australia (hereinafter called "the union") of the one part, and J. Kitchen & Sons Pty. Ltd. (hereinafter called "the employer"), of the other part, witnesseth that for the considerations hereinafter appearing, the parties hereto mutually covenant and agree the one with the other as follows:—

## 1.—Title.

This Agreement shall be known as the Firemen (J. Kitchen & Sons Pty. Ltd.) Agreement, 1951, and replaces No. 16 of 1941 as amended.

## 2.—Arrangement.

1. Title.
2. Arrangement.
3. Area and Scope.
4. Term.
5. Wages.
6. Holidays—Public.
7. Hours.
8. Overtime.

12. Change and Mess Room.
13. Contract of Service.
14. Time Book.
15. Cleaning of Boilers.
16. No Reduction.
17. Board of Reference.
18. Annual Leave.

## 3.—Area and Scope.

This Agreement shall apply over the area comprised within a radius of fifteen (15) miles from the General Post Office, Perth, to firemen employed by J. Kitchen & Sons, Pty. Ltd.

## 4.—Term.

This Agreement shall continue in force for a period of three (3) years from its date.

## 5.—Wages.

## 6.—Holidays—Public.

(a) The following days or the days observed in lieu, shall, subject to clause 11 be allowed as holidays without deduction of pay, namely:—New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

## 7.—Hours.

(a) Forty (40) hours shall constitute a week's work to be worked in five (5) shifts of eight (8) hours, Monday to Friday, inclusive.

(b) Any shift whether day, afternoon or night shall be worked in a continuous period, meal intervals shall not be deemed to break a shift.

## 8.—Overtime.

(a) All time worked in excess of eight (8) hours in any one day shall be deemed as overtime and shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter.

(b) All time worked on Saturdays shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter.

(c) All time worked on Sundays and public holidays shall be paid for at the rate of double time.

## 9.—Shift Work.

(a) Employees working afternoon or night shift in rotation shall be paid five per cent. in addition to the rates set out in clause (5) when working on any such afternoon or night shift.

(b) Where an employee works afternoon or night shift only, or afternoon and night shift in rotation, but who does not work day shift at least one (1) week out of three (3), he shall receive one shilling (1s.) per shift in addition to the rates set out in subclause (a) hereof.

## 10.—Absence through Sickness.

(a) A worker shall be entitled to payment for non-attendance, on the grounds of personal ill-health, for one-twelfth (1/12th) of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to five (5) days in any calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of a worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(b) This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Notwithstanding the provisions of subclause (c) hereof, a worker who has already been allowed paid sick leave on one occasion, shall not be entitled to payment for any further absence unless he produces to the employer a medical certificate stating that he was unable to attend for duty on account of personal ill-health.

(e) Sick leave shall accumulate from year to year so that any balance of the period prescribed in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

(f) For the purpose of assessing a worker's entitlement to accumulated sick pay, subclause (e) hereof shall be deemed to have become operative as from the 1st day of March, 1951.

## 11.—Casual Worker.

"Casual worker" shall mean a worker who is employed for a period of less than five (5) days. Casual workers shall be paid ten per cent. (10%) in addition to the ordinary rate.

## 12.—Change and Mess Room.

A suitable change and mess room shall be provided for in all establishments.

## 13.—Contract of Service.

Except as provided by clause 11 herewith, the contract of service shall be a weekly one terminable by one week's notice on either side, but this clause shall not apply where a worker is summarily dismissed for misconduct or dereliction of duty.

## 14.—Time Book.

The employer shall keep and enter up, or cause to be kept and entered up a book or record containing the name of each of his workers to whom this Agreement applies, the class of work performed by and the wages paid to each worker and the time during which each such worker has been employed. Such book or record shall be open for inspection by a representative of the union during all working hours.

## 15.—Cleaning of Boilers.

Any worker engaged inside the gas or water space of a boiler, flue, or economiser in cleaning or scraping work shall be paid ninepence (9d.) per hour in addition to his ordinary or overtime rate of pay, as the case may be, whilst so employed.

## 16.—No Reduction.

Nothing herein contained shall entitle an employer to reduce the wage of any worker who at the date of this Agreement was being paid a higher rate of wage than the minimum rate prescribed in this Agreement.

## 17.—Board of Reference.

The Court appoints, for the purpose of the Agreement, a Board or Boards of Reference. Each Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. There are assigned to each such Board, in the event of no Agreement being arrived at between the parties to the Agreement, the functions of:—

- (i) Adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Agreement or any of them.
- (ii) Classifying and fixing wages, rates, and conditions for any occupation not specifically mentioned in the Agreement.
- (iii) Deciding any other matter that the Court may refer to such Board from time to time.

An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Industrial Arbitration Act, 1912-1950, which for this purpose are embodied in this Agreement.

## 18.—Annual Leave.

(a) Except as hereinafter provided, a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of 12 months' continuous service with such employer.

(b) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wages in respect of each completed month of continuous service.

(d) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Agreement, shall not count for the purpose of determining his right to annual leave.

(e) On any public holiday not prescribed as a holiday under this Agreement, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

(f) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (c) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(g) A worker who is dismissed for misconduct, or who illegally severs his contract of service, shall not be entitled to the benefits of the provisions of this clause.

(h) The provisions of this clause shall not apply to casual workers.

In witness whereof the parties hereto have hereunto set their hands and seals the day and year first hereinbefore mentioned.

The Common Seal of the Metropolitan and South-Western Federated Engine Drivers' and Firemen's Union of Workers of Western Australia was hereunto affixed in the presence of—

P. M. Crole.

H. ILES,  
President.

G. A. BRADSHAW,  
Secretary.

## INDUSTRIAL AGREEMENT.

No. 8 of 1951.

Registered 25th May, 1951.

THIS Agreement made in pursuance of the Industrial Arbitration Act, 1912-1950, this 7th day of May, 1951, between the Coastal Dock, Rivers and Harbour Works Union of Workers (hereinafter called "the union") of the one part, and the Nor'-West Whaling Company Pty. Ltd. (hereinafter called "the employer"), of the other part, witnesseth that for the considerations hereinafter appearing, the parties hereto mutually covenant and agree the one with the other as follows:—

### 1.—Title.

This Agreement shall be known as the Dock, River and Harbour Workers (Nor'-West Whaling Company Pty. Ltd.) Agreement.

### 2.—Arrangement.

1. Title.
2. Arrangement.
3. Scope.
4. Area.
5. Term.
6. Hours.
7. Overtime.
8. Wages.
9. Special Rates.
10. Contract of Service.
11. Absence through Sickness.
12. Holidays and Annual Leave.
13. Accommodation.
14. Employment of Labour.
15. Lighting and Ventilation.
16. Ships' Crews.
17. General.
18. Board of Reference.

### 3.—Scope.

This Agreement shall apply to the employment of workers engaged for one (1) week or more on maintenance work on the vessels of the Nor'-West Whaling Company Pty. Ltd.

### 4.—Area.

This Agreement shall operate within a radius of fifteen (15) miles from the G.P.O., Perth.

### 5.—Term.

The term of this Agreement shall be for a period of three (3) years from the beginning of the first pay period commencing after the date hereof.

### 6.—Hours.

(a) Forty (40) hours shall constitute a week's work to be worked between the hours of 7.30 a.m. and 5 p.m. Monday to Friday inclusive, provided that no day's work shall exceed eight (8) hours.

(b) Meal interval shall not exceed one (1) hour.

### 7.—Overtime.

(a) Subject to subclause (b) hereof, all time worked before the usual starting time or after the usual finishing time and all time worked on Saturday shall be deemed to be overtime and shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter.

(b) All work commenced at or after midnight and before the usual starting time, or on Saturdays before 7.30 a.m., shall stand alone and be paid for at the rate of double time.

(c) All time worked on Sunday shall be paid for at the rate of double time.

(d) In the computation of overtime each day shall stand alone.

(e) When a worker is required for duty during any meal time, he shall be paid at the rate of double time until he gets his meal.

(f) Notwithstanding anything contained in this Agreement—

(i) An employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation party to this Agreement or worker or workers covered by this Agreement shall in any way, whether directly or indirectly be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

(iii) This subclause shall remain in operation only until otherwise determined by the Court.

### 8.—Wages.

The minimum rate of wages payable to workers covered by this Agreement shall be as follows:—

	Per Week.
(a) Basic Wage	£ s. d. 9 4 3
	Margin
(b) Adults:	per Week.
Maintenance men	£ s. d. 1 13 0

### 9.—Special Rates.

(a) Employees shall be paid the following special rates for time actually worked:—

Working in fuel oil tanks—6d. per hour additional.

Working in bilges, sanitary tanks and peaks—3d. per hour additional.

Working with automatic scaling and chipping machines—3d. per hour additional.

(b) Work which is unusually obnoxious or of an objectionable nature and for which no other special rates are prescribed shall be paid an extra amount, as agreed upon between the representative of the employer and of the union. If no agreement can be reached, the matter to be referred to the Board of Reference for decision. No stoppage of work shall take place pending such decision. If in any case for which special rates are prescribed the Board of Reference decides that there exists any obnoxious, nauseating or objectionable feature to a degree

which is exceptionally and unreasonably abnormal or unusual for such type of work, the Board may award such extra rate as it thinks fit for such work in addition to those set out in subclause (a) hereof.

(c) Where more than one of the disabilities entitling a workman to extra rates exist on the same job the employer shall be bound to pay only one rate, namely, the highest for the disabilities so prevailing.

#### 10.—Contract of Service.

The contract of service shall be a weekly one terminable by one (1) week's notice on either side.

#### 11.—Absence through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth of a week for each completed month of service: Provided that, subject to subclause (e) hereof, payment for absence through such ill-health shall be limited to one (1) week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Notwithstanding the provisions of subclause (c) hereof, a worker, who in any calendar year, has already been allowed paid sick leave on one occasion for one day only, or less, shall not be entitled to payment for any further absence of one day only or less, unless he produces to the employer a medical certificate stating that he was unable to attend for duty on account of personal ill-health.

(e) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

(f) For the purpose of assessing a worker's entitlement to accumulated sick pay, subclause (e) hereof shall be deemed to have become operative as from the 1st day of March, 1951.

#### 12.—Holidays and Annual Leave.

(a) Subject to subclause (b) hereof the following days or the days observed in lieu thereof shall be allowed as holidays without deduction of pay, namely:—New Year's Day, Australia Day, Good Friday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) All work performed on any of the foregoing days shall be paid for at the rate of double time.

(c) On any public holiday not prescribed as a holiday under this Agreement the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done ordinary rates of pay shall apply.

(d) Except as hereinafter provided a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of 12 months' continuous service with such employer.

(e) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(f) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(g) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Agreement, shall not count for the purpose of determining his right to annual leave.

(h) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (f) of this clause to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(i) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

#### 13.—Accommodation.

(a) When practicable, accommodation shall be provided for men to change their clothing, five minutes shall be allowed the men to clean their hands at each break, and suitable material provided for the purpose. Hot water shall be provided at all meal times when practicable.

(b) Men engaged in cleaning out fuel oil tanks or bilges, when the work is of an exceptionally dirty nature, shall be allowed a reasonable time to cleanse themselves, and shall be provided with hot water for that purpose.

#### 14.—Employment of Labour.

The employer shall give the union one day's notice of any intention to engage new labour.

#### 15.—Lighting and Ventilation.

The employer shall provide an efficient system of lighting and ventilation on all jobs, where necessary.

All manhole doors to be removed from tanks and boilers while men are working in them.

#### 16.—Ships' Crews.

*Bona fide* members of the ship's crew whether on articles or not, shall not be debarred from carrying out any duties in connection with cleaning, chipping, painting, or scraping of any vessel above light float line that they have hitherto been accustomed to perform.

#### 17.—General.

Notwithstanding anything elsewhere contained the employer shall under no circumstances be required to replace the men employed under the terms of this Agreement or members of the ships' crews by any other person no matter where a vessel may be situated.

#### 18.—Board of Reference.

The Court may appoint for the purposes of the Agreement, a Board or Boards of Reference. Each Board shall consist of a chairman and two other representatives, one to be nominated by each of the parties.

There are assigned to each such Board, in the event of no agreement being arrived at between the parties to the Agreement, the functions of—

- (i) adjusting any matters of difference which may arise between the parties from time to time except such as involve interpretations of the provisions of the Agreement or any of them;
- (ii) deciding any other matter that the Court may refer to such Board from time to time.

An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1950, which for this purpose are embodied in this Agreement.

In witness whereof the parties hereto have hereunto set their hands and seals the day and year first hereinbefore mentioned.
